Democrats Demand Inquiry

Claim Confidence in Dulles Lacking

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) said Sunday Secretary of State Dulles' usefulness may be nearing an end because of what Humphrey called Congress' "growing lack of confidence" in the cabinet member.

Sens. Sparkman (D-Ala.) and K. Sawyer (D-Tenn.) joined Humphrey in calling for an investigation of Dulles' conduct of foreign affairs, a project Sen. Fulbright (D-Ark.) has predicted the State Foreign Relations and Armed Services Committees will undertake.

Fulbright said today he will ask the committees to make an inquiry before they act on the administration's Middle East policy resolution.

The Arkansas Democrat commented in a television interview (CBS Face the Nation) that a review likely would be delayed until the committees complete their study of the resolution.

In that case, he said, he will vote against the resolution because he is "unwilling to express any confidence" at this time in Dulles' conduct of foreign affairs. He said a vote for the resolution would imply such confidence.

Humphrey said Democrats have "no choice" but to support some sort of a resolution giving President Eisenhower military and economic authority to counter any Communist expansion into the Middle East.

But he insisted the administration's resolution, drafted by Dulles, did not represent any constructive step toward meeting Middle Eastern problems.

"The resolution is not directed at the real danger of Communist infiltration of the Middle East," Humphrey declared in an interview. "We are being prescribed the wrong medicine and I'm afraid we need to change doctors."

The administration plan calls for countering Red infiltration with economic aid. Eisenhower would have authority to use U.S. Armed Forces only against open Communist aggression.

"Dr. Dulles has not diagnosed the situation or prescribed correctly for it," Humphrey said. There is growing lack of confidence in Dulles and the policies he is pursuing. There is a growing feeling that Mr. Dulles may well be a casualty of the cold war, just as Mr. Eden was."

Anthony Eden resigned earlier this month as British Prime Minister, pleading ill health. He stepped down in the face of strong criticism of British intervention in last fall's Middle East fighting.

Sen. Saltonstall of Massachusetts, head of the conference of all GOP senators, said in a separate interview he does not believe Congress is losing confidence in Dulles.

Student Aid Needed During Farm Week

A limited number of students needed to assist in parking cars during the day, throughout Farmer's Week, according to campus police.

Interested students should contact the campus police and schedules will be arranged accordingly.

Farmers' Week Schedule

TODAY

10:00—Joint dairyman's meeting—109 Anthony Hall
12:00—Dairy breeders association luncheon—Kellogg Center

1:30—Horse day program—Livestock Pavilion
1:30—Champion six-horse team of Clydesdales
1:45—Lightweight Horse Pulling Contest with four state championship teams

2:30—Champion showmen and their livestock from the Little International held Saturday
2:45—Heavyweight Horse Pulling Contest with four state championship teams

4:30—Annual meeting of the Michigan Dynamometer Association—109 Anthony Hall

6:00—Livestock banquet—Union building
Agricultural Engineering banquet—Union building
All-breeds dairy banquet—Kellogg Center

Exhibits open noon to 6 p.m. in the Auditorium, Agricultural Engineering building and Macklin Stadium

Music department soloists Lois Laverty, Pauline Greenwell, Mary Jones, Edward Richmond and Glean Greenwell join voices in Sunday's program in tribute to Mozart.

Birthday Tribute

Mozart Highlights Voice Staff Concert

By LYNN SHEPARD

With a program highpointed by a Mozart birthday tribute, the MSU Voice Faculty Sunday afternoon concert was a well-received and successful performance.

The program, presented in five sections, featured alto Ethel Armelung, mezzo soprano Pauline Greenwell, soprano Mary Jones, soprano Lois Laverty, tenor Edward Richmond and bass Glean Greenwell.

Due to a rather vague opening selection, the concert cannot be termed a classic, but in fairness to the performers, the four sections following were distinctly superior.

The less successful introductory portion, three Spanish song arrangements by Nin-Foss, resulted from an abstraction of interpretation. Blas de Laserna's "Llamei with the Golden Beak" was the main culprit here, but Jose Marin's "The Captive Heart" and "Ill-requited Love" also left much to be desired.

The second section, however, was the concert phoenix and did much to make one forget the opening. The first number, "Hui, hui, hui," a humorous delightful excerpt from Mozart's "Mozart Flute," involved a naturally blending movement in quartet form.

Following this, a trio composed of Miss Laverty, Richmond and Greenwell offered a highly descriptive portrait of Mozart's "Grazie agl'inganni tuoi," or "Thanks to your deceitfulness, at last I am free." Greenwell's command of the guttural German marked the climatic "Das Bandel."

The third section, starting in quartet, brought out many individual talents. The Greenwells, especially, shown in the slow strains of Verdi's requiem, "Domine Jesu." The duet that concluded this section, Bellini's "Mira, O Norma," featured Miss Laverty's mastery of some difficult Italian lyrics.

Perhaps the finest single work in the entire program, filled the fourth section. Here, Miss Armelung and Richmond skillfully expressed Benjamin Britten's often deranging arrangement of "Abraham and Isaac" from "Canticle II."

Joint Atom Plant Pact Agreed on

BRUSSELS, BELGIUM, (AP)—Diplomats of six West European nations Sunday agreed in principle to build a joint atomic plant to produce nuclear material for military as well as peaceful purposes.

The cost of the installation, labeled the "European Plant for the Extraction of Uranium Isotopes," was estimated at 240 million dollars.

A French-German dispute had been stalling the agreement on a treaty setting up Euratom, a plan for uniting the nuclear programs of France, West Germany, Italy, Belgium, the Netherlands and Luxembourg.

West German Foreign Minister Heinrich von Brentano argued that the proposed plant was too expensive and the scientific progress could make it unnecessary when completed three or four years hence. He said it would be cheaper to buy isotopes and enriched uranium from the United States.

But France's Deputy Foreign Minister Maurice Faure countered that the cost was worthwhile, especially since the United States permitted export of uranium and isotopes only for peaceful industrial and scientific use. With its own plant, Faure said, Europe could use the products also for atomic warheads, submarine engines or whatever it liked without restriction.

This argument carried the day. Today's agreement, informants said, merely calls for creation of a committee to report on the construction. But they said the call for the report means the plant will be built somewhere. The French want it built in France.

Belgian Foreign Minister Paul-Henri Spaak told newsmen he expected the Euratom pact to be completed tomorrow.

Loans Available For Wolverines

Wolverine Business Manager Jerry Youngs announced today that loans will be available to students not having the six dollars in order to purchase a Wolverine by January 31.

The six dollar loans are available in the student government office in the Union basement. Hours for the loans are 2:30 to 4 p.m.

Students will have until Feb. 15 to pay back the loans.

Farm Week Begins Today

Attempt to Blow Up Negro Home Fails

2 Buildings Damaged As Second Bomb Explodes

MONTGOMERY, Ala. (AP)—A second attempt to blow up the home of the Rev. Martin Luther King Jr. misfired Sunday, but another Negro's home was bombed in a new outbreak of racial violence.

Twelve sticks of dynamite wrapped around a metal tube were tossed on the porch at the home of King, a leader in the long and bitter fight against segregation. But the bomb failed to explode.

Another bomb tossed between a Negro house and a filling station a short distance away did go off, however, and damaged both buildings. Two Negro taxi-cab drivers and a third employee of the cab company headquartered at the service station suffered cuts and scratches but no one was seriously injured.

King, a Baptist minister, and members of his family were away from home at the time. The pro-integration leaders said he hasn't occupied the white frame house "for some time."

The bombing was another in a series of outbreaks of violence which began shortly after segregation was ended on Montgomery city buses Dec. 21 under a federal court order. The Supreme Court ruled city and state bus segregation laws unconstitutional.

Buses have been ambushed with gunfire six times and a young Negro woman passenger was shot in both legs. Four Negro churches and the homes of two pro-segregation ministers were heavily damaged by dynamite explosions Jan. 10.

Mayor W. A. Gayle said the city commission decided today to offer a \$2,000 reward for any "information leading to the arrest and conviction of anyone who has thrown any bombs." After the Jan. 10 bombings, Gov. James E. Folsom posted a similar \$2,000 reward.

A crowd of several hundred Negroes quickly gathered at the scene of today's bombing and King told them:

"We've got to let it be known all over Montgomery that to stop our quest for equality, it is going to be necessary to blow up 50,000 homes."

Air Honorary Elects Officers

Arnold Air Society, campus air force honorary, has selected its officers for next year.

They are Commander Len Gamber, Wayne junior; Ex-officer Al Zoss, Lansing junior; Operation, Chris Coniglio, Oak Lawn, Ill. junior; Comptroller Bob Marsh, East Lansing junior; Adjutant Recorder Bill Boutell, Bay City junior.

The above officers will assume office spring term.

Poll of Newsmen Reveals

Journalism Jobs Offer Variety

He may gripe about his work, but the average newspaperman in Michigan prefers his job to any other because of its "variety, excitement, challenge and freedom."

MSU's School of Journalism in cooperation with the Michigan Press Association discovered this viewpoint from the nation's first statewide study of editorial and advertising people on daily newspapers.

Dr. Paul J. Deutschmann, director of the MSU school, reported the preliminary results of the intensive research Saturday at the MPA conference at Kellogg Center.

Excluding Detroit, Dr. Deutschmann and his fellow researchers questioned 461 persons on 41 daily papers in Michigan.

They found that: "In general, newspaper employees are devoted to their field and 60 per

\$10 Million In Grants Accepted

Gifts and grants of \$10,129,180.62 were accepted for MSU Friday by the State Board of Agriculture.

Formally accepted by the board was the gift, announced Jan. 3, by Mr. and Mrs. Alfred G. Wilson of their 1,400-acre estate near Rochester and a cash amount of \$2,000,000. The value of the total gift has been estimated conservatively at \$10,100,000.

Also accepted by the State Board were 12 grants for scholarships and loan fund purposes amounting to \$13,728.97.

The second largest single grant was \$24,906 from the National Science Foundation, Washington, D.C. to be used under the direction of three members of the chemistry department for a study designed to lead to a better appreciation and understanding of chemical reactions which take place in water. Drs. James L. Dye, Carl H. Brubaker, Jr. and Ralph K. Birdwhistell of the chemistry department will conduct the study.

Another grant from the National Science Foundation accepted by the board was \$10,000 to be used by Dr. Harold Hart in the chemistry department. His study involves the use of tracers, stable isotopes of hydrogen, in following the course of organic reactions.

A \$13,200 grant was accepted from the Office of Ordnance Research of Durham, N.C. for a three-part study. Dr. R. D. Spence, professor of physics, magnetic behavior of substances at low temperatures; Dr. Harold Forstall, assistant professor of physics and astronomy, properties of liquid helium; and Dr. D. J. Montgomery, professor of physics and astronomy, conductivity of lithium isotopes.

Jr. Panel to Hold First Convo Tuesday

Junior Panhellenic Council will hold an organizational meeting Tuesday at 7 p.m. in Old College Hall.

Attending this first meeting will be two representatives from each sorority pledge class. The Council is the governing body for sorority pledge classes.

Secretary of State John Foster Dulles sits on edge of table in hearing room as he listens Jan. 24 to Sen. Wayne Morse (D-Ore.), a member of the Senate Foreign Relations Committee, after being recalled for further questioning regarding President's Middle East proposals. Meeting in joint session to continue consideration of the program were Senate Foreign Relations Committee and Armed Services Committee.

400 to Attend

State Coeds Plan IAWS Convention

By LOIS ANDERSON

Students from six Michigan colleges met at MSU Saturday to discuss plans for the biennial national convention of the Inter Collegiate Association of Women Students, which will be held here during spring vacation.

Ticket Sales For J-Hop Close Today

J-Hop tickets will be offered for sale at the Union ticket office for the last time today.

According to Tom Kinen, ticket sales chairman, tickets for Saturday evening, Feb. 9, have been sold out. Some tickets are still available however for Friday, the formal night.

Les Brown and his "Band of Renown" will be featured at the J-Hop. Intermission entertainment will be provided by the dixieland band of Turk Murphy and will include Noel Stookey, Birmingham sophomore, as master of ceremonies.

On Friday evening intermission will include the crowning of Miss MSU, Blue Key, national honor fraternity, will present the queen and her court.

Juniors interested in helping with decorations for the J-Hop are needed. They are asked to come to room 29, Auditorium, any day this week from 3 to 5.

Representatives from Western Michigan College, Hope College, Central Michigan College, Wayne University, Calvin College, and Alma College attended the state-steering committee meeting held in the Union.

These schools, along with Albion College, Ferris Institute, Kalamazoo College, Northern Michigan College, Olivet College, University of Michigan, and Michigan State Normal College are co-operating with MSU in hostessing the convention.

It was announced at Saturday's meeting that Miss Pauline Frederick, National Broadcasting representative at the United Nations, would be featured as key speaker at the convention. Miss Frederick was recently named woman of the year in the radio-television industry.

Miss Ola Hiller, public relations director of the Flint Public Schools and coordinator of the convention, spoke at Saturday's meeting giving tips on how to make the convention better.

She suggested a "town crier" as a way of communicating with the delegates, and that workshops be called "curbstone clinics."

Miss Hiller also suggested that a "grassroots conclave" be used in the leadership training workshop. With the use of such a conclave, microphones would be passed around the floor to various discussion groups who would relay important information to the entire group.

Convention committees reported on their activities so far in planning the convention.

Approximately 400 to 450 delegates from more than 140 women's governing units are expected to attend the convention. The convention's theme is "As We See It, the Role of the Educated Woman as Student and Citizen."

Peg Foster, Lansing senior, is general chairman of the convention.

Rush Smoker Planned For Water Carnival

A Water Carnival rush smoker will be held tomorrow night from 7-9 in room 31 of the Union. Students interested in working on the various committees or sub-committees, even those who have petitioned before, are invited to attend.

Wallace To Speak In Kellogg

Coeds to Model Newest Fashions

By RAY PIERCE

Farmers' Week opens today with the first part of an estimated 40,000 visitors on the campus to see and hear a program based on the theme, "Blueprint for Tomorrow's Agriculture."

Henry Wallace, former vice president will speak at the farm management banquet Thursday in Kellogg Center.

WKAR and WKAR-TV will broadcast several programs including the Agriculture Economics Session from Fairchild Theater on Tuesday at 1:40.

The program will be a question and answer session with officials from the Michigan State Grange, the Michigan Farmers Union and the Michigan Farm Bureau answering questions fired by a group of farmers and their wives.

Another TV program will be in the Auditorium at 1:30 Thursday. Coeds will model fashions which they designed and made. Children of faculty and students will model junior fashions.

The Livestock Pavilion will be a busy place. The International Grand Champion Steer will be on exhibition all week. Today a six-horse hitch of giant Clydesdales will put on a show at 1:30. Each horse weighs over a ton.

There will also be horse-pulling contests and the winners of the Little International Livestock Fitting and Showing Contest will bring out the animals with which they won last Saturday.

The Forest Products Department is sponsoring an archery demonstration at Jensen Fieldhouse Tuesday, Wednesday, Thursday and Friday from 1:30-2.

Experts will demonstrate precision shooting and snap shooting.

The Home Economics department in conjunction with the Agricultural Engineering department will have a program in room 116 Agricultural Engineering Building which will have a modern kitchen in which all parts can be moved around to find the best arrangement.

The latest electronic range which cooks on the serving dishes and does it in a matter of a few minutes, new washers and dryers will be shown along with a new sit-down sink.

A display will show the advantages of soft water. A solar power system giving tips on how to make the convention better.

The Dairy department will have open house at its Main Dairy Barn, Dairy Nutrition Experimental Barns and Loose-Housing Barns from 1:00 to 3:00 Tuesday, Wednesday and Thursday.

Animals with windows in their stomachs can be seen in the Dairy Nutritional Experimental Barns.

Convo to Feature Mexico Relations

Mexican-United States relations will highlight the Seminar on Foreign Affairs scheduled Feb. 2-3 at the Kellogg Center.

Michigan investments in Mexico and migratory laborers working in Michigan agriculture will be the main areas discussed.

Roy Rubottom, assistant secretary of state, U.S. Department of State; Governor G. Mennen Williams, Michigan; and Manuel Tello, Mexican ambassador to the United States, will speak during the weekend seminar.

Approximately 300 businessmen from across the nation and others interested in foreign affairs are expected at the seminar, which is sponsored by the Great Decisions Program of Lansing, and the MSU department of political science.

Members of the state-wide steering committee for the Inter-Collegiate AWS convention meet Saturday to formulate plans.

'Can't be Pared'—Williams

State Legislature to Review 'Largest and Tightest' Budget

LANSING (AP)—Gov. Williams said Sunday the budget he will present to the State Legislature on Tuesday is going to be "the largest state budget we have ever had and the tightest."

Williams, at a meeting of the Democratic State Central Committee, promised to stand behind his spending recommendations which reportedly will top 400 million dollars, some 70 millions over current spending.

"It can't be pared in any substantial amount anywhere without making the blood run," he told the party gathering.

Williams said he was confronted with a "tremendous" problem in trying to balance necessary recommended expenditures and recommended revenues.

He is expected, either in his budget message Tuesday or later on, to call a tax on corporation profits to raise some of the money he deems it necessary to spend in the fiscal year beginning July 1.

The Governor gave a pep talk on the forthcoming spring election campaign, with particular emphasis on Democratic opportunities to gain control of the positions of state highway commissioner and state superintendent of public instruction.

The committee rejected the technical resignation of Margaret Price, national party committee woman, who is living in Brazil with her husband, a construction man expected to be on the job at least a year.

The committee was advised that Mrs. Price would make flying visits back to this country to attend at least some national committee meetings.

Chosen to back stop her when she is unable to return was Mrs. Mildred M. Jeffrey of Detroit, a state committee member for six years and director of community services for the United Auto Workers.

Miss Carol Ludington of Ann

Arbor was chosen to manage the spring campaign. A paid field worker for the party, she managed the 1955 spring campaign, one of the most successful in state Democratic party history.

Plans for the Feb. 22-23 state convention in Grand Rapids were discussed.

Instead of the traditional keynote dinner Friday evening, it

It's Even Snowing In Shivering LA

LOS ANGELES (AP)—Snow, a commodity almost as rare here as Florida oranges, fell in many suburban Los Angeles communities last night and today.

The weatherman thumbed through his books and reported the last appreciable snowfall in the area occurred in January, 1949.

He said the snow probably would turn to showers later in the day, but that the white cover would continue to thicken in Southern California mountain areas.

Communities hit by the snowfall included Van Nuys, Woodland Hills, Burbank and Sherman Oaks, all in the San Fernando Valley. Snow also was reported in Montrose, a foothill community about 17 miles north of downtown Los Angeles and in the Hollywood Hills.

The low temperature in downtown Los Angeles during the night was 40.

Police Query Father of U of M Coed

ANN ARBOR, (AP)—Police said they would question today the father of a pretty, blond University of Michigan coed in hopes of turning up clues to her nine-day-old disappearance.

Still missing is Barbara Agler, a "popular" 20-year-old junior who university officials said "was unusual in that she was deeply interested in nuclear physics."

Police Sgt. Claude Damon said Herman Agler of Susquehanna, Pa., the girl's father arrived today. It was hoped that questioning might offer a lead in the mystery.

University officials said they notified the family last Monday by letter that the girl had been missing from her private rooming house since Jan. 18.

Dean of Women Deborah Bacon said that the university officials notified the family again by telephone Friday when no word was received from them. The family reported it had not received the letter until Saturday.

Miss Bacon said Barbara was "an exceptionally good student when she wanted to be."

New Flag Raised At Hockey Game

A new flag adorns the ice arena in Den Hall following an impressive ceremony prior to Saturday night's hockey game between State and Michigan Tech.

In the pre-game ceremonies, Pete Susman, of the MSU Veterans Association, presented the flag to Norris Wold, manager of the ice arena.

An honor guard of the Pershing Rifles, military honorary, raised the flag while the Michigan Tech band played the National Anthem.

Old-Time Mack Trucks

Draft Horse Exhibition Planned in Pavilion

Among the many outstanding features of Farmers' Week will be a six-horse team of Clydesdale draft horses owned by the Wilson meat packing company of Chicago.

The team has won the six-horse hitch international championship at the International Livestock Exposition in Chicago the last three years.

Clydesdales are descendants of the giant warhorses that used to carry Scotsmen off to man's favorite pastime in the good old days.

Mack trucks and 40-ton tanks have replaced the Clydesdales in economic and military matters but a few stay on as show pieces.

They are all bay (reddish-brown) in color with white legs and a white blaze on the face. Each animal runs over 2,000 pounds.

The team can be seen in action at 1:30 today in the Livestock Pavilion.

At 1:45 a lightweight horse pulling contest among the state champions of four states; Missouri, Indiana, Kentucky and Michigan.

Following will be the students who won the showmens competition at the Little International held Saturday. They will appear

with the animals they fitted and showed.

Then the heavyweight horse pulling contest will be held with Kentucky, Ohio and Michigan at the state champions of Indiana, 2:45.

There will also be three horse competition. A western quarter shown which have won in 4-H horse, a parade pone and an American saddle 3-gaited horse which will be carrying a \$2,500 silver mounted saddle.

JUNE GRADUATES

A General Motors Representative will be on hand to answer your questions about job opportunities with GM

JAN. 29, 30, 31 and FEB. 1

Our College Representatives speak for all of our many decentralized divisions throughout the country.

They are familiar with career opportunities throughout the entire organization, including staff and divisional operations, and can answer your questions fully.

We cordially invite June graduates, and those graduating this summer, to arrange an appointment through your College Placement Office on one of the above listed dates.

GM Positions Now Available In:

ELECTRICAL ENGINEERING • MECHANICAL ENGINEERING
METALLURGICAL ENGINEERING • CHEMICAL ENGINEERING
AERONAUTICAL ENGINEERING • INDUSTRIAL ENGINEERING
CHEMISTRY • PHYSICS • CERAMICS
MATHEMATICS AND ACCOUNTING

Undergraduates:

The General Motors Representative will be back in the Spring to interview Sophomores, Juniors and Seniors, who plan to take graduate work, for summer positions with GM. Watch for his arrival at your campus, and make arrangements to see him through your Placement Office.

Turncoat Leaves Red China

HONG KONG (AP)—Samuel David Hawkins, former Oklahoma City soldier who chose to live in Communist China after the Korean war, has signified his intention to return to the United States.

The U.S. consulate here said Sunday it had received information Hawkins, a former private, is on his way out of China and probably will cross into Hong Kong this week, perhaps Tuesday.

Hawkins is reported to have married a White Russian girl during his three years in China. The consulate said it had no word on whether she was with him.

His departure will leave in China 13 of the original 21 soldiers who were captured by the Communists and refused repatriation after the war. Six have already returned, and one died of a heart attack in China.

Hawkins attended Peiping University for two years and last year went to work in an automobile repair plant in the Chinese capital.

Alleged Spies May Get Chair

NEW YORK, (AP)—U.S. Attorney Paul Williams said today he will decide after a Washington conference whether to seek the death penalty for three alleged Soviet spies.

The three, Jack Soble, 53, his wife, Mary, 52, and Jacob Albani, 64, were arrested by FBI agents Friday. They are charged with conspiring to collect and transmit secret defense information to Russia or Soviet agents.

All are held in \$100,000 bail.

Williams said in a television program (CBS) "Union Searchlight, WRC-A-7" that he would meet with Justice Department officials in Washington tomorrow.

A federal grand jury also will be empaneled, starting tomorrow, to consider the case.

So far, the Sobles and Albani are charged with the conspiracy to collect and transmit the information, and also acting as Soviet agents without registering with the Secretary of State. Neither charge carries a death penalty.

It is up to the grand jury to determine whether further charges are in order.

The death penalty could be

exact if it were proved that the three did their alleged spying during World War II, or after Sept. 8, 1954.

The latter date is when the so-called Rosenberg Law went into effect, which provides a possible death penalty for espionage even in peace time.

The arrests signaled the first espionage case in this country since the one ending with the 1953 execution of Julius and Ethel Rosenberg. They were convicted of spying in wartime by turning over atom bomb secrets to Russia.

Alam was reported by New York newspapers as willing to "talk" about the activities of the alleged ring.

From Hungarian Jails

U. S. Woman Photographer Released

VIENNA (AP)—Mrs. George Meyer (Dickey) Chapelle came out of Hungarian Sunday — after more than seven weeks in Communist jails — and said "Thank God I am an American!"

"Prison life was rough," reported the 36-year-old freelance photographer, ordered out of Hungary by a Budapest court which convicted her Saturday of entering the country illegally.

No heating, a bed with a hard mattress, no sheets and no lying down between 5 a.m. wakeup and 8 or 9 p.m.

Mrs. Chapelle, a stocky, bespectacled brunette who is a native of Milwaukee and a resident of New York City, said she had lost weight was not mistreated.

She described the food in Budapest's Foe Utea (main street) Prison as plain and skimpy.

Breakfast was coffee and a chunk of bread. Lunch was cabbage or potatoes, served in an aluminum bowl. Sundays brought some extras, such as a slice of bacon and some jam.

On the other hand, Mrs. Chapelle said, vintage English and German poetry was available to while away the time between cell cleaning, meals and interrogation.

"One of the five books I got was a collection of 18th century poetry and I memorized lots of it," she told a news conference in Vienna's Bristol Hotel. "There's lots of fine cursing stuff in it. One of my favorites is Gray's 'Ode to Adversity'."

Mrs. Chapelle said an irritating feature of the prison was that there was no way of telling about the passage of time, but she believed she was once questioned for about eight hours.

"It spanned two mealtimes," she said.

U.S. Consul Richard Selby escorted Mrs. Chapelle from Budapest in a light car. She was wearing a long brown overcoat which she had repaired in prison, mannish herringbone slacks and high-laced brown shoes.

That was what she wore when she was arrested by four frontier police — she did not know whether they were Hungarian or Russian — the night of Dec. 5 on a charge of entering the country illegally from Austria.

Municipal Judge Loran Timar sentenced her to 50 days in jail—cancelled out by time already served — and directed her to get out by Sunday midnight and stay out.

One of her two guides escaped

when she was challenged. The other, Ferenc Welsch, a Hungarian, was sentenced to eight months imprisonment as a co-defendant in the one-day trial.

Mrs. Chapelle said the police party had fired in their direction, apparently in the air, and she made no attempt to escape.

Sandys Arrives For 4-Day Talk

WASHINGTON, (AP)—British Defense Minister Duncan Sandys arrived Sunday for four days of talks which could change the nature of U.S.-British military cooperation.

The talks are expected to center about the guided missile supply and development, and could result in U.S. production of such weapons for Britain, which is now planning a reduction in defense expenditures.

The talks are scheduled to begin at 10 a.m. (EST) and continue through Tuesday. Sandys then will fly to Ottawa, Canada, and return to Washington for two more days of conversations beginning Thursday.

"I have been on maneuvers and I know how it feels to have someone shooting at you," she said. "With automatic weapons it is hard to miss at 20 yards. I just went along."

Mrs. Chapelle told the Budapest court that her purpose in slipping into Hungary by night was to take "a token of medicines to the Hungarian people."

But she would not talk about that here today. The Red Cross Societies of the world had been moving tons of medicines, food and clothing into the revolt-stricken land for weeks before Mrs. Chapelle crossed the border.

Though Maj. Gen. Pal Maleter, the anti-Russian revolt leader, is reported held in the Foe Utea Prison, Mrs. Chapelle said she had not seen him. She did not want to identify any persons there, but said she did not encounter any Americans or Britons.

Hungary's Interior Minister has disclosed it is holding four young Britons on a charge of spying. Still unheard from are Richard Roraback, 26, of Dobbs Ferry, N.Y., and Einar Roos, a Norwegian, arrested by Hungarian frontier guards Jan. 12 while trying to help exhausted refugees cross into Austria.

Peace Negotiations Offered by Israel

Egypt Formerly Spurned Similar Settlement Offers

UNITED NATIONS, N.Y. (AP)—Israel offered Sunday night to negotiate with Egypt for a peaceful settlement in the Middle East.

The Israeli delegation to the UN made the offer in a public statement criticizing Secretary General Dag Hammarskjöld's plan for keeping the peace after Israeli troops quit occupied territory.

An Egyptian spokesman declined to comment on the Israeli offer but Egypt has spurned similar suggestions in the past.

The General Assembly will debate Hammarskjöld's report today. Egyptian Foreign Minister Mahmoud Fawzi and Israeli Ambassador Abba S. Eban are expected to give formal replies.

The Israeli delegation said that to reaffirm the Egypt-Israeli Armistice Agreement of 1949, as Hammarskjöld suggested, would be "to revive an agreement which has collapsed beyond repair owing to Egypt's policy of belligerence against Israel."

"All efforts should be directed now toward the promotion of agreements for the establishment of a peaceful relationship between Israel and Egypt," the statement declared.

"For this reason, the parties should now enter into discussions on all matters and aspects pertaining to the recent hostilities."

There have been no direct negotiations between Egypt and Israel since those that produced the 1949 armistice agreement.

An Israeli foreign ministry spokesman in Jerusalem also attacked the Hammarskjöld plan. Hammarskjöld's report, published Friday, said Israel still had not fully complied with five Assembly resolutions asking for withdrawal of Israeli troops from Egypt and from the Gaza Strip, formerly under Egyptian administration.

Israel has said it cannot give up the strip and the west coast of the Gulf of Aqaba, in Egypt proper, without guarantees that Arab commandos will not again raid Israeli territory from around Gaza and that Egyptian guns will not again blockade Israeli shipping from the gulf.

The Egyptian spokesman insisted full Israeli withdrawal was the necessary first step and added: "The Israelis are trying to force a solution, by their arms, on Egypt."

The Israeli spokesman in Jerusalem called the Hammarskjöld report "negative and unconstructive."

Speaking after a cabinet meeting, the spokesman noted Hammarskjöld's suggestion that Egypt and Israel reaffirm their 1949 armistice agreement. He said this would mean a "return to that very state of affairs which brought about the present crisis."

Exhibition Features Italian Photographs

An exhibit of photographs, done by art major Italo Scanga, is currently being shown in the Art Building, A-7, South Campus.

The exhibition is entitled "Photographs from Italy" and shows professional interpretation of character as well as quality in lighting and abstract relationships.

Suspected Slayer Charged

CHICAGO (AP)—Edward "Bennie" Bedwell, an illiterate skid row dishwasher, was charged Sunday night with murdering two teenage sisters, after he retraced for police the events of the last day of what Bedwell said was a week of sordid sex and drinking.

Bedwell was booked in Bedford Park Sheriff's Police Court on a charge of murdering Barbara Grimes, 15, and her 13-year-old sister, Patricia.

The 21-year-old drifter had signed a statement early Sunday, Sheriff Joseph Lohman said, that he and a male companion he knew only as "Frank" beat the girls into unconsciousness and dumped them naked along a lonely road in sub-zero weather.

Sheriff Lohman said Bedwell made the statement after four days of what authorities described as inconsistent accounts and vague answers to questions.

The signed statement, Lohman said, related that Bedwell and the other, whose name was not given, kept the girls for seven days in cheap hotels and rooming houses in the squalid West Madison street district. The statement said Bennie and Frank knocked the girls out when they finally rebelled against more sex relations in Frank's auto.

The girls disappeared Dec. 28 after leaving home to see an Elvis Presley movie. Bedwell affects the sideburns and duck-tail haircut of the rock 'n' roll singer.

The Grimes' sisters' nude bodies were found Jan. 22, after a thaw and a rain, lying off a road in suburban Willow Springs southwest of Chicago and about 19 miles from the Loop.

Workers Begin Strike in Algeria

ALGIERS. (AP)—Algerian communications workers left their jobs Sunday night, apparently starting a general strike against French rule ahead of schedule.

A week-long strike throughout Algeria has been called by the National Liberation Front to begin today.

Strengthened security forces retorted the capital as French officials braced for the general walk-out.

Communications in the city were hampered as an announced number of employees quit work. Authorities called for European volunteers to replace them.

Board Approves Staff Changes

Six appointments, six sabbatical leaves of absence, five resignations, eight transfers and two retirements at MSU were approved Friday by the State Board of Agriculture.

Appointments and effective dates included:

Frank C. Elliott, associate professor of farm crops, research, May 1. Albert C. Schuler, associate professor in police administration and public safety, Feb. 1. Donald Hasworth, professor in general communication arts, Jan. 1. Douglas K. Beed, police specialist assigned to the Vietnam Project, Jan. 15. Ronald G. Dillingham, superintendent, Kellogg Station, Jan. 20. Martin Hoffmeyer, senior professor of economics, Sept. 1.

Sabbatical leaves in 1957 were approved as follows:

Frank P. Roberts, instructor in horticulture, April 1 to June 30. Robert F. Dennis, instructor in short courses, July 1, 1957 to March 31, 1958. David J. Luck, director of the Bureau of Business Research, June 16 to Sept. 15. William J. Calahan, instructor in philosophy, April 1 to June 30. Donald K. Marshall, associate professor of philosophy, Oct. 1, 1957 to March 31, 1958. William A. Kelly, professor of geology, April 1 to June 30.

Resignations and terminations were approved as follows:

Charles E. Irvin, assistant professor of communication skills, Jan. 31. Elizabeth Wiegand, assistant professor in home management and child development, Feb. 1. Richard J. Brody, manager of Brody dormitory group, March 31. James H. McKay, assistant professor of mathematics, Aug. 31. Thomas D. Majewicz, instructor of anatomy, Feb. 25.

The following transfers were approved:

Six staff members from the department of resource development were transferred as of July 1, 1956.

As follows: Gilbert W. Mosser to Fisheries and Wildlife. Clare A. Gunn, Gladys Knight and Robert W. McIntosh to School of Hotel, Restaurant and Institutional Management. Leonard J. Brame to soil science and Karl Dresel to forestry.

Also transferred: Norman H. Potter, assistant manager of the United States Forest Service, to Michigan State Forest. Short Course and snack bar, Feb. 1. Elmer R. Munkachy, Shaw Hall and Short Course manager, to Brody dormitory group manager, March 1. Retirements effective July 1 were approved for Charles D. Ball, professor of chemistry and staff member since 1915, and Arthur Howland, associate professor. Extension of agricultural economics, a staff member since 1927.

Resignations and terminations were approved as follows:

Charles E. Irvin, assistant professor of communication skills, Jan. 31. Elizabeth Wiegand, assistant professor in home management and child development, Feb. 1. Richard J. Brody, manager of Brody dormitory group, March 31. James H. McKay, assistant professor of mathematics, Aug. 31. Thomas D. Majewicz, instructor of anatomy, Feb. 25.

Gymnasts Win 3rd in Row; Topple Minnesota, 78-33

The Michigan State gymnastics team turned in another superb performance Saturday to capture its third straight meet of the season as it defeated Minnesota, 78-33, at Minneapolis.

Cal Girard and Capt. Roland Brown, both of State, turned in the top performances with scores of 15 and 12 points respectively.

In the trampoline event, the Spartans captured the first three

Relay Tickets Go On Sale Today

Student and employee tickets for the Michigan State Relays on Feb. 2 will be available at the Jensen Gymnasium ticket office today. The office will be open from 8-11:45 a.m. and 1-5 p.m. daily.

Coupons from the winter term student activity book and employee season book must be exchanged for a seat reservation. In addition, the student activity ID card will be required for admission at the gate.

All seats will be reserved for the finals in the evening, but the preliminaries in the afternoon will be free.

Regular admission price will be \$1.50.

places to win, 13-2. Leas placed first with Don Marehini and Jim Breza following in that order.

State also captured the free exercise event, 10-6. Brown and Hopely won the first two places.

Minnesota won the side horse event, 9-7, for their only victory of the afternoon.

On the horizontal bars, State again took the first three places to win, 13-3. Girard, Russ Paul and Hopely were the three State men in that order.

Brown captured first place in tumbling and Hopely and Breza took fourth and fifth respectively as the Spartans won this event, 9-7.

On the parallel bars, the Spartans again won the first three places as O'Brien and Girard tied for first and Tom Werthmann finished third.

Paul, Leas and Jim Cook placed one-two-three on the flying rings to make it four events in which the Spartans captured the first three places.

Forresters to Sponsor Archery Exhibition

The department of Forestry will hold an exhibition of archery products in Macklin Fieldhouse during Farmer's Week, which is being held today through Friday.

An archery shoot will be held at Jensen Fieldhouse at 1:20 p.m. on Tuesday through Friday, sponsored by the Physical Education department. It will feature snap and precision shooting.

A 15 minute film on how to hunt with bow and arrow will be shown after each shooting match.

Sherard Haynes pushes Norman Spring into the ropes in their bout during the boxing team's intrasquad meet on Saturday night. Referee is Bud Loft.

No Decisions Given

Boxers Open Season With Intrasquad Meet

Michigan State's boxing team opened its season with an intrasquad meet Saturday at Jensen Fieldhouse. Although no decisions were announced, one bout was stopped because of a leg injury and one knockdown occurred.

Johnny Butler, former national Golden Gloves champion from Grand Rapids, came the closest to scoring the only true knock-out in his 139-pound bout with Don Straser.

Although obviously holding back against his outclassed opponent, Butler landed a vicious punch to the midsection near the end of round one.

Straser staggered back against the ropes then lurched into a corner as referee Bud Loft intervened. Since this was a squad meet he called for the bell four seconds early instead of stopping the bout.

In the second and third rounds

Staser got out of trouble and at times was the aggressor against an opponent who is considered one of the top fighters in college competition.

The only knockdown of the meet was scored by Sherard Haynes in his 147-pound match with Norman Spring. Haynes, a shift boxer landed a left followed by a beautiful right which sent Spring back on his haunches at 1:28 of the first round for an automatic eight count.

Although Spring fought back throughout the rest of the fight, he injured his ankle and the bout was stopped.

In the 125-pound bout, Harv Lancour earned the fight to Herb Weissblum, and Bob Jenilo scored well with flurries as he pinned Tom Canard against the ropes in the 132 pound clash.

The 156 pound bout between Jim Buck and George Cole featured few punches, but Bob Epperson and Fred Pettyjohn battled hard in a close match at 165.

In the final 178-pound fight, Harlan Landerth gave Wolf Mattes a severe bloody nose and outboxed him for three rounds.

Joe Picks 'em

By JOE HOFFMAN

Purdue at Northwestern: The Boilermakers have been a good consistent ballclub, having lost only one in the conference. The Wildcats have been just the opposite, warm one day, frigid the next. Reports all favor Purdue.

I pick an upset **NORTHWESTERN**.

Season Record: 11 right, 2 wrong.

OSU Swims Past Tankers

Post 13th Straight Win And 16th Over Spartans

Ohio State's tankers continued to dominate the Big 10 swimming circle Saturday by dumping Michigan State from the unbeaten ranks, 59-42.

The victory was the 13th straight for the Buckeyes and their 16th over the Spartans in 17 tries.

Michigan State jumped to an early lead by taking the opening 400-yard medley relay by a good 60 yards. The combination of Don Nichols, Paul Rinker, Rog Harmon and Don Patterson was clocked at 4:04.2.

Following the initial race the Spartans had difficulty collecting valuable points as the Bucks won seven of the remaining 10 events.

Harmon, Patterson and Reinke were the only Spartans to place first in the individual races.

Harmon registered his first win of the season in dual meet competition by taking the 200-yard butterfly in 2:19.6.

SWIMMING SUMMARY

400-yard medley relay — Won by OSU (Don Nichols, Paul Rinker, Rog Harmon, Don Patterson). Time: 4:04.2.

200-yard freestyle — Won by Gerry Mesmer (OSU). 2nd, Jim Clements (OSU). 3rd, Joe Reinko (OSU). Time: 2:22.3.

50-yard freestyle — Won by Bob Correll (OSU). 2nd, Larry Ellis (OSU). 3rd, Dick Dewey (OSU). Time: 1:13.1.

200-yard individual medley — Won by Al Wiggins (OSU). 2nd, Wally Dobler (OSU). 3rd, Les Loblauch (OSU). Time: 2:44.2.

100-yard — Won by Frank Fraumiller (OSU). 2nd, Glen Whitten (OSU). 3rd, Don Morry (OSU). Time: 1:29.7.

200-yard butterfly — Won by Harmon (OSU). 2nd, Tom Kwasey (OSU). 3rd, Bill Gieseke (OSU). Time: 2:19.6.

100-yard freestyle — Won by Patterson (OSU). 2nd, Dewey (OSU). 3rd, Ellis (OSU). Time: 1:30.9.

200-yard backstroke — Won by Wiggins (OSU). 2nd, Nicholas (OSU). 3rd, Bill Radack (OSU). Time: 2:11.3.

400-yard freestyle — Won by Mesmer (OSU). 2nd, Henry (OSU). 3rd, Clements (OSU). Time: 4:13.2.

200-yard backstroke — Won by Reinko (OSU). 2nd, Bob Gair (OSU). 3rd, Van Leer Hoffman (OSU). Time: 2:27.6.

200-yard freestyle relay — Won by OSU (Don Nichols, Paul Rinker, Rog Harmon, Don Patterson). Time: 4:04.2.

OSU's Talaber and Gene Weiss suffered their first losses of the season as Maidlow dethroned Talaber and Jim Ferguson of the Spartans took a close decision from Weiss, 6-5.

Jerry Hoke of Michigan State dethroned Don Wilson, 7-2 to win the 130 pound class. Walt Jones and LeRoy Fladseth also provided wins for the Spartans as they defeated Mark Roberts and Hugh Crouse respectively.

The Buckeyes registered their only win when Bill Floyd dethroned Michigan State's Eugene Wiley, 5-2.

Ohio's Bucks Lose, 24-5, To Wrestlers

The Spartan Wrestling team chalked up an easy win over Ohio State's Buckeyes Saturday at Columbus, 24-5, in a Big 10 dual meet.

The Spartan grapplers completely stymied their comparatively weak opponents as they capped their fourth win in five starts.

Although competing in the meet without the services of two regulars, Michigan State came up with two pins, four decisions, one draw and one loss as they romped to victory.

Ken Maidlow and Don Stroud scored decisive wins to lead the Spartans. Stroud, Big 10 champion, put the Spartans off to a fast start when he pinned Ohio's Charles Branz, and Maidlow, NCAA heavyweight king, dethroned to Bucks' Ted Talaber, 5-0.

OSU's Talaber and Gene Weiss suffered their first losses of the season as Maidlow dethroned Talaber and Jim Ferguson of the Spartans took a close decision from Weiss, 6-5.

Jerry Hoke of Michigan State dethroned Don Wilson, 7-2 to win the 130 pound class. Walt Jones and LeRoy Fladseth also provided wins for the Spartans as they defeated Mark Roberts and Hugh Crouse respectively.

The Buckeyes registered their only win when Bill Floyd dethroned Michigan State's Eugene Wiley, 5-2.

Cagers Rout Gophers; Face Bucks Tonight

Michigan Tech forward Ken Stenlund scores his team's second goal as he pushes the puck past Spartan goalie Joe Selinger in Saturday night's hockey game.

Icers Beaten, 4-2, As Huskies Rally

2-2 Deadlock Prevails
Until Final Two Minutes

By JUNE TURNER
Michigan State's explosive hockey squad caught fire in the third period Saturday night to wipe out a 2-0 lead gained by Michigan Tech in the first two periods only to go under when Tech rallied to put in the winning goal in the last two minutes of play.

The Huskies put the frosting on the cake by rolling the puck into State's open net with but one second remaining in the game, and it ended at 4-2.

Tech took the first heart breaker from the Spartans Friday night, 3-1. The teams were tied at one-all going into the final stanza when Huskie Pete Aubrey took a pass from Pete Bachmann at 2:27 and slapped the puck past goalie Joe Selinger.

The Huskies scored the insurance tally at the 18 minute mark after Coach Arno Bessone called Selinger in an attempt to get Tech and send the game into overtime.

The Huskies went ahead Friday night at 10:08 of the first period when Tony Cuculic put tally in the far corner of the Spartan net.

Boss Parke applied the tying goal early in the second period, both assists going to Capt. Bob Jasson and Gene Grazia.

In a rough third period which saw three Spartans sweating out penalty time in the sin bin, Tech scored the winning goal.

The first period of Saturday night's action remained scoreless as the offensive lines of both teams were stopped by Selinger and McManus. Both goalies turned away six shots.

Tech broke into the scoring column first on a goal by Dick Wilson, who skated through the Spartan defense to take a pass from Lorne Holden and put it into the net.

The second Huskie tally was scored during a scramble in front of the Spartan net. Ken Stenlund pushed it past Selinger after the netminder had turned away a close one and was fighting to get the goal mouth clear.

With almost 10 minutes of the final stanza gone, speedy Gene Grazia flew across the Tech blue line, took a perfect pass from Parke, and whipped the puck between McManus and the

Score 72-59 Win For First in Big 10

By JOE HOFFMAN
Fresh on the heels of its first Big 10 victory, Michigan State's basketball squad returns to home action tonight by entertaining front-running Ohio State at 8 in Jenison Fieldhouse.

The Spartans upset the apple cart Saturday night by demolishing Ozzie Cowles' Minnesota Gophers, 72-59. It was the first time in the 14-year history of the series that a State five has ever beaten Minnesota at Minneapolis.

The Spartans will be bolstered tonight by the return of Jack Quiggle. Quiggle was suspended from Saturday's game for disciplinary reasons but was reinstated by a team vote.

Quiggle, in an open letter to the student body, apologized for his actions. Coach Fordy Anderson then commented: "What Jack did wasn't so bad, and we're glad to have him back. He's one of the best ball players to ever play at State, and he'll continue to be a great help to us the remainder of the season."

If State wins again tonight, it will be another upset, as Ohio State is leading the Big 10 with a perfect 6-0 mark and is the 10th ranked team in the nation. The Buckeyes had little difficulty in defeating the Spartans at Columbus nine days ago, 70-51.

Big gun for Ohio State is forward Frank Howard. The 6' 6" Howard has paced the Buckeyes in scoring all season and is second to Indiana's Archie Dees in the Big 10 race with a 21 plus average. Howard is also among the nation's top 10 rebounders.

Other Buckeye mainstays are rookies Ken Sidle and Larry Huston. Both have averaged 13 points a game. Gene Millard and Jim Lauglin round out the starting five.

Anderson isn't quite sure of his starting lineup. Larry Hedden and John Green, the two sparkplugs in the Minnesota vic-

tory, are sure starters. From there, it's anyone's guess.

Capt. George Ferguson suffered a head cold at Minneapolis and spent Sunday night at Olin Memorial Hospital. Dr. James Feuring, team physician, said he's not sure yet if Ferguson will be able to start, "but if nothing unforeseen happens he'll definitely see action."

Anderson has Pat Wilson, Dave Scott and Quiggle to choose from for the guard spots. Then, too, he said he may start an extra forward, either Chuck Benice or Bob Andereg, to give the Spartans additional height to cope with Ohio State's Howard, Sidle and Huston, all of whom tower at 6' 6".

The 72-59 score racked up against Minnesota is only a mild indication of the romp. State led by as many as 24 and most of the time by 20 or more in the second half. It was only after Anderson cleared the bench the Gophers cut down the lead.

Hedden played one of his greatest games, scoring 25 points and holding Gopher Jed Dommer to a measly six. Green threw in 15 and oddly enough scored all of State's first 10 points.

After tonight's game, the Spartans travel to Northwestern Saturday and return home Feb. 9 for an afternoon TV encounter against Illinois.

as a
B&W ENGINEER
you put

GROWTH IN YOUR CAREER

There's no question about the importance of engineering at The Babcock & Wilcox Company. In whatever activity you choose, you'll work with engineers at B&W. Engineering is emphasized throughout the company, from Management through the diversified activities of Sales, Manufacturing, Quality Control, Field Erection, Service, Research, Development, and Design.

Engineers at B&W are the key men—or those who will become key men. And your progress is not restricted to a special phase of engineering because of the very nature of the company and its integrated products, services, and activities. There is much to choose from—enough to give you every opportunity to make sure you're doing what you want to do, and to grow in your job.

Ask any member of your faculty about B&W's engineering, business, and financial reputation. And for details about what the future can hold for you at B&W, our booklet "Opportunities with Babcock & Wilcox," details our training plan. Your college placement officer will give you a copy when you talk to him about an interview with B&W representatives, who will be on your campus on:

Aim at MSU Relays

Track Squad Sets Fast Pace in Practice Meet

Michigan State's track team continued to post good performances at the time trials last weekend in preparation for the Michigan State Relays this Saturday at Jenison.

The Spartans' top middle distance ace, Dave Lean, again recorded excellent times while good clockings were also posted in the sprints and mile run.

Lean, Olympic silver-medal winner, ran 49 flat for the 440-yard dash and an extraordinary 1:51.8 for the half mile.

His quarter is the third fastest ever run in the field house and the second fastest in Michigan State history.

The half mile clocking is even more fantastic, easily shattering the fieldhouse and varsity records. The varsity mark of 1:53.4 was set by Don Makielski in 1950 while the fieldhouse record of 1:53.2 was established by Illinois' Gene Maynard in 1954.

However, Lean's time won't count because it was set in a practice race. What makes the time even more incredible was that Lean ran a solo race.

Fordy Kennedy staged a last lap sprint in the mile run Saturday morning to carry him to a 4:18.8 clocking. Gay Denslow was second in 4:22.2, Henry Kennedy third with 4:27.8 and Melwyn Jones fourth in 4:30.9.

Ron Wheeler was timed in 4:32 while Tony Smith paced the fresh milers with 4:35.8.

Sophomore Bruce Lillyblad and freshman Charlie Bond were both timed in 4:43 for the 60-yard dash with sophomore Bob Elliott running 4:06.4.

Freshman Brian Castle ran the fastest 300 yard dash of the year, clocking a 1:33 flat. Ken Dufoe was second in 1:33.3.

In other 440 yard times Fordy, Kennedy and Ted Tetzlaff were both clocked in 1:52 flat.

The varsity time trials will meet its first competition at the MSU Relays Saturday while the freshmen will get their first taste of competition at the Michigan AAU meet at Ann Arbor Feb. 8.

... 60 Minutes of 60,000 Hours ...

the picture is assigned

assignment is carried out

finished photo goes to editor

cropped, then to engraver

It's all in an hour's work — 60,000 man-hours of them needed to put out the 1957 Wolverine, offering a permanent record of university and class events to MSU students upon publication spring term.

From fall term registration, where seniors were asked to make appointments for their individual pictures, to the day the last paragraph of copy goes to the printer, it's a busy staff, and this is a sample hour.

The chain of events begins when Editor Pat Moynihan, East Lansing senior, looks through the model copy of the forthcoming yearbook or "dummy" to see what size and type picture is on schedule for photographing.

Scheduling is an important part of Wolverine production with many staff hours used up telephoning organizations for their group pictures during fall term, and working out possible conflicts ahead of time.

The photographer, El Malo, then takes over, setting up the picture at the appointed time and place and taking several poses from which Photo Editor Tom Andrews, Ferndale junior, will choose the one for publication. Andrews must check the size of picture needed and make sure this one fits the right spot where it is planned.

The picture then goes to organizations editor, Irene Schiele, Grosse Pointe junior, or features editor, Ann Lukes, East Lansing senior, who will add copy to fit the picture, after which it goes to press.

Perhaps the most important part of the process now takes place as Miss Moynihan now marks in the "X" on the deadline chart which has a square for each page of the Wolverine—another deadline met in good time.

Indexing is only one of the many behind the scenes jobs that go into Wolverine production—each student has a card in the annual office with the names of organizations in whose picture he is included. These pictures will then be correlated with page numbers for the final index at the conclusion of the yearbook.

The sales staff also handles a big job which includes publicity on a grand scale, well placed student salesmen, maintenance of the Union concourse booth and a perpetual campaign to attract student interest.

The big day for the closing of all-university participation is January 31, but the last day of sales will conclude only a part of Wolverine production—this group plans, writes, edits and publishes a multi-hundred page book every year!
