PRICE 5 CENTS

Interference Charged By Jordan

Foreign Meddling
In Internal Affairs

AMMAN, Jordan (AP) — Foreign Minister Nuaimi charged Sunday that certain foreign diplomatic missions have interfered in Jordan's internal affairs.

Nuaimi made the comment to newsmen who asked if he feared the establishment of a Soviet diplomatic mission might be a threat to Jordan.

"Why should we fear Soviet diplomats more than others?" Nuaimi replied. "I might state here that I have noted other diplomatic missions already interfering in our internal affairs."

Nuaimi would not identify the other missions. A leftist group Friday attempted to circulate a petition demanding expulsion of U.S. Ambassador Lester D. Malley but it was confiscated by police before it reached the government.

The foreign minister told newsmen the Jordan government would welcome a visit by President Eisenhower's special envoy James P. Richards and on Feb. 4 had sent the U.S. Embassy in Amman a memorandum to that effect.

"The next move is up to the U.S. Ambassador in Jordan," Nuaimi said. "We don't consider an additional invitation necessary."

Earlier, Premier Hussein Khairi also said Richards had been invited by the preceding government and he did not consider a further invitation needed.

U.S. officials have taken the line, however, that a definite invitation has not been extended and Richards is still awaiting a proper invitation before coming to Amman to explain the aims of Eisenhower's Middle East program.

Nuaimi said Jordanians are not pro-Communist but "Arab nationalists — and proud of it."

As to Eisenhower's suggestion that Arabs join in the anti-Communist fight, Nuaimi declared:

"We are against Communism because it is against Arab nationalism. If I fight Communism, I do for the sake of Arabs, not for the sake of the United States or any other country."

He said Jordan would reject any conditions attached to any aid, whether under the Eisenhower Doctrine or otherwise.

**Israel Rejects
UN Fence Plan
On Gaza Strip**

JERUSALEM, Israeli Sector, (AP) — A government spokesman said Sunday Maj. Gen. E. L. M. Burns had proposed only a partial fence along the Gaza-Israel border, and this has been rejected by Israel as "quite useless."

Joseph Tekoah, head of the armistice and Gaza affairs division of the Israeli foreign ministry, said Burns, commander of the UN emergency force, had proposed building the fence only along certain sections of the frontier.

Tekoah said the UN contemplated fencing only about 17 miles of the 26 by 6 mile strip.

Israel wants a double barbed wire fence straddling the entire border of the Gaza strip. The barbed wire strips would be 30 feet apart with the area in between mined and lighted.

**MAC Student
Pays for Apples—
16 Years Late**

Conscience won out finally for a former Michigan State student, who sent the university a check to cover the cost of apples he stole while a student at MAC in 1911.

Bob Eberhart, whose band will play for Water Carnival, and Starr Keeler, director of alumni relations, watch as Ray Guidos, Water Carnival band chairman, signs the formal contract.

Pope Advises Caution

Prayerful Crowds Celebrate Easter

By THE ASSOCIATED PRESS

Christendom celebrated the joyous festival of Christ's resurrection Sunday with hopeful prayer.

After cautioning that the nuclear age is fraught with peril, Pope Pius XII in his Easter message said a new resurrection of Christ will eliminate hatreds and misunderstandings and "there will be peace."

More than 300,000 pilgrims crammed shoulder to shoulder in St. Peter's square and spilled over in the side streets to hear the 81-year-old head of the Roman Catholic church say that despite nuclear advancement the world "could also, even unexpectedly, become engulfed in storm."

President Eisenhower attended the 100th anniversary of the church services in August, 1954. The pastor offered a prayer for the President, "make us steadfast and strengthen the hands of those in authority in our nation." He called on all to pray "for the light that makes us a nation of God."

Hundreds of thousands joined in the Easter Parade on New York's Fifth Ave. Sunny skies and warm breezes brought out the most pleasant, colorful parade in many years. All the churches on the avenue had capacity crowds.

The scientists have proven that heredity influences tooth decay in rats and succeeded in developing two strains of rats, one susceptible and the other resistant to tooth decay.

Physiologists are now studying the physiological differences in the two strains of rats and how genes act on dental caries.

Other grants included \$22,187 from the United States Air Force to be used under the direction of Dr. Paul L. Dressel, head of evaluation services, in a study of a number of aptitudes for certain jobs.

A \$1,000 check was accepted from Chet Huntley, NBC television newscaster, to be used in the College of Communication Arts for assistance and encouragement of outstanding students.

Huntley received the check as the Dupont award for having the nation's outstanding TV news show.

**Women's Dorms
Plan Sing**

Choruses from nine women's dorms are polishing up their harmony and rhythm for the WIC inter-dorm sing to be held at 7:30 Thursday in the Music Aud.

Mary Beth Boggs, Flint junior, general chairman, reports that East and West Mayo, Gilchrist, West Yakely, East and West Landon, North Campbell, South Campbell, Phillips and Mason have submitted the names of their selections.

Directors of the nine choruses will meet Tuesday evening to discuss final plans.

'Romantic Escapades, Athletic Crises'

WASHINGTON, (AP)—The Educational Policies Commission (EPC) Sunday condemned "the excesses of athletic competition and the... irresponsible recreational atmosphere" which it said exists in many colleges.

In a 152-page booklet called "Higher Education in a Decade of Decision," the EPC said:

"The concept of college, popularized by Hollywood, as a series of romantic escapades punctuated by athletic crises is not a worthy concept."

"Yet in some cases it is what a college itself actually teaches students by the kind of informal out-of-class activities it allows to become characteristic of college life."

The EPC added, however:

"Perhaps the worst excesses came during the 1920s. Since the Depression and World War

Atterberry Sets World Dash Mark

Establishes Record
In 600-Yard Run

By HAL BATEMAN
(Special to the State News)

COLUMBUS, Ohio—Michigan State freshman Willie Atterberry emerged into international prominence Saturday by smashing the world outdoor 600-yard record at the Ohio Relays.

Atterberry, alternate on the 1956 U.S. Olympic team, raced for a 1:08.5, clocking, easily cracking the old world mark of 1:09.2 set by Stanford's Ben Eastman in 1933.

The record, which is classified as an American record because the event is only run in the United States, will be forwarded by the relays officials to the National AAU for approval. The wind will not be a factor because the race was around two curves.

Atterberry's time was the fastest ever recorded for the distance, either indoors or outdoors. The world indoor record of 1:09.5 was established by Mal Whitfield in 1953.

Eastman's record was the oldest in the books.

Atterberry took the lead at the start and won going away. An hour later, he came back to win the 300-yard dash, thus becoming the second double winner of the meet. Oddly enough, the former Detroit Eastern runner, was wearing sun glasses in both races.

His feat is only the second world track record that Michigan State has held outright. In 1950, the two mile relay team of Dave Peppard, Don Makielski, Warren Druetzler and Bill Mack established a world mark of 7:31.8 at the Los Angeles Coliseum Relays. The record was broken a year later and was never officially approved by the International Amateur Athletic Federation, the world's track governing body.

Not to be overlooked was Atterberry's performance in the 300. Like the 600, he took the lead at the start and won easily. Both of his times will be listed as freshman outdoor records because it is the first time a Michigan State freshman has won at these distances in an outdoor meet.

Following his 300 race, Atterberry drew a great cheer from the crowd and acknowledged it by taking off his sun glasses and waving.

Atterberry's performances almost completely overshadowed the fine races turned in by Dave Lean and freshman Brian Castle.

See ATTERBERRY, Page 4

Commission Blasts 'College Life'

WASHINGTON, (AP)—The Educational Policies Commission (EPC) Sunday condemned "the excesses of athletic competition and the... irresponsible recreational atmosphere" which it said exists in many colleges.

In a 152-page booklet called "Higher Education in a Decade of Decision," the EPC said:

"The concept of college, popularized by Hollywood, as a series of romantic escapades punctuated by athletic crises is not a worthy concept."

"Yet in some cases it is what a college itself actually teaches students by the kind of informal out-of-class activities it allows to become characteristic of college life."

The EPC added, however:

"Perhaps the worst excesses came during the 1920s. Since the Depression and World War

10 years.

"All other expenditures are in vain," the EPC said, "if the quality of the faculties is allowed to deteriorate."

It said instruction now claims only about one third of the higher education budget, compared to 43.6 per cent in 1929-30.

The EPC was inclined to stiffen the idea of federal scholarships but said they may become necessary "when other student-aid sources are exhausted."

As for federal aid to institutions rather than individuals, the Commission said it "seems essential" that this be increased but on a "base which safeguards the integrity of higher education."

The EPC's denunciation of over-emphasis on athletics and

Frances Salemi, Judy Hostetter, Sue Reese (seated), Sally Bird and Sandra Colby (standing) look over the music to be presented by Delta Omicron in its performance Tuesday evening at 8.

Voting Starts Tuesday

UMOC Candidates Listed

A total of thirty candidates will appear on the UMOC ballots to be printed in the State News Tuesday-Thursday in the campus-wide contest sponsored by APO, national service honorary.

The participating women's living units have announced the following men as their candidates:

Alpha Xi Delta—Noel Stoeckley, Delta Gamma—Bob Bonal, West Mayo—Roger Forbush, Phi Beta Phi—Pat Wilson, Sigma Kappa—Pat Burke, Alpha Gamma Delta—Jim Leigh, E. Yakeley—Joe Carruthers, Kappa Alpha Theta—Bill Bopf, Chi Omega—Bill Walling, Mason—Barry Grant.

This is the seventh year APO has run the UMOC contest on Michigan State's campus. It is a nationally copyrighted contest held by many of APO's more than 300 chapters on campuses all over the nation.

In the six preceding contests the winner has been sponsored by Zeta Tau Alpha twice (in 1950 and 1952); by W. Landon, 1951; Chi Omega, 1953, Abbott, 1954 and Kappa Alpha Theta, 1955.

Original characteristics of all this year's contestants will go on display today at Campus Book Store and will be exhibited there until the end of the balloting.

This week's voting will narrow the competition to 10 finalists which will in turn be voted by the couples attending the UMOC dance to be held at Kellogg Center Saturday, 9-12 p.m.

During the intermission at 10:30 p.m., which will be emceed by Bob O'Hara, Dean of Students, Tom King, an honorary APO member, will introduce the ten finalists along with Miss Kathy Arnold, Miss MSU, who will crown the winner. She will also award a plaque to the women's living unit sponsoring the winner.

The Cappel Orchestra, directed by Dick Shook will provide music for the evening and the Turbins, a calypso recording quartet will be featured at intermission.

Tickets for the dance are now on sale at the Union ticket office or from any APO member for \$2.50 a couple.

**Teamsters
Will Clean Up
Or Get Out**

WASHINGTON (AP)—Walter Reuther Sunday advocated "aggressive action" to create a truckdrivers union "that can be clean" if the Teamsters union is expelled from the AFL-CIO.

Reuther, president of the United Auto Workers, said he hopes expulsion of the Teamsters won't be necessary. But he drew questions in a TV interview (Face The Nation) that unless that union can "clean up from within," the AFL-CIO will have "no choice."

In that case, he said, the labor federation should "take aggressive action to create a union that can be clean and attract the rank and file."

The AFL-CIO Executive Committee is scheduled to meet here May 6 to consider charges that the Teamsters Union, which has 1 1/2 million members, is dominated by corrupt influences.

Reuther said there is a "general belief" that the Teamsters will boycott the session.

"I hope they will come," he added. "I think they're entitled to their day in court... but whether they come or whether they don't come, I'm convinced the AFL-CIO Executive Council won't compromise with corruption."

Dave Beck, Teamsters president, has been suspended as a member of the AFL-CIO Executive Council. The Council has scheduled a separate hearing for him on May 20, which Beck has indicated he may ignore.

Questioned about the hearings of the rackets committee, set up to investigate both labor and management, Reuther said they have been "up to now a one-sided proposition."

**Protests
Evaluation
Technique -**

MSU 'Penalized
For Economy'

By LYNN SHEPARD

The State Board of Agriculture took steps Friday to bring reconsideration of the MSU appropriation for 1957-58. An official resolution protesting the technique used to arrive at appropriations figures passed the Board unanimously.

MSU believes it received a "penalty for economy" in the recent appropriations granted to the University for 1957-58 according to a report of D. B. Varner, vice-president of off-campus education, at Friday's meeting.

The Varner report expressed general disappointment in the actions of the Senate Appropriations and House Ways and Means Committees. The disappointment was echoed by President John A. Hannah and other members of the Board.

Dr. Varner, in pointing out the effects to agriculture, noted that the appropriation dip would eliminate 25 positions from the Agricultural Extension Service in 25 counties.

In as much as the field extension agents which would be affected are largely 4-H Club members, this turn of events was described as "a body blow to the Michigan 4-H movement."

The Varner report pointed to the fact that farm leaders had been insisting on a larger agricultural research program, which would necessitate \$10,000,000 more than the amount allotted last year. None of the request was considered in the legislature's proposed allocations.

After making this observation, Dr. Varner explained the "penalty for economy" charge. In last year's appropriations, working on a per student basis, the University was granted an amount equaling \$1,008 per student. The figure was based on the MSU fall term enrollment estimate of 18,500.

When fall term registration was completed, the estimate was found to be low 825 students. Consideration was given to asking for deficiency appropriations, but instead MSU economized. The University hired part-time teachers and generally "scratched and scraped."

When this year's appropriation figure was analyzed, it was found that the legislative finance committees had based its new figures on last year's "scratch and scrape" version. As a result, the per student allotment has shrunk to \$979.

The Board passed a resolution protesting the technique used to arrive at appropriations figures, stating that an "error" must have occurred and expressing confidence that it will be corrected by the Appropriations Committee.

**Tickets on Sale
This Week for
'The Big Sing'**

Tickets will be on sale all week at the Union Ticket Office for Friday night's "The Big Sing" in the Aud. Price is \$1. Tickets may also be purchased from any member of the glee club.

The Michigan State glee club will be joined by the glee clubs from Lafayette College and Wayne University and by the 35-voice United States Army Chorus in the largest concert program ever to be presented on the campus, according to John McGoff, co-ordinator of the Cap and Gown Series.

Ag Board Had Busy Day With Staff, Faculty Changes

Thirty-one appointments, five transfers and new designations, fifteen leaves of absence and seven resignations and terminations were approved Friday by the State Board of Agriculture.

Appointments are as follows, effective Sept. 1 except where specified:

William A. Cromarty, assistant professor (research) of agricultural economics, July 1; Glen A. Lundgren, assistant professor (research) of horticulture, May 1; Boyd G. Ellis, instructor in soil science, Sept. 16; David I. Kuldstein, instructor in horticulture; David D. Anderson, instructor in communication skills; Martin I. Kornbluth, instructor in communication skills; Charles A. McKee, instructor in communication skills; Charles I. Switzer, instructor in communication skills; George J. Gore, instructor in general business, Feb. 1, 1958.

Sinar Hardin, assistant professor of economics and labor and industrial relations center, April 1; Nordberg, assistant professor of economics; Frederick W. Morrissey, assistant professor of economics. Mary Jane Watkins, instructor in speech; Maria Spencer, instructor in health, physical education and recreation; Hatten A. Elbery, instructor in civil and sanitary engineering; William R. Lloyd, instructor in mechanical engineering; Barbara Schreyer, assistant professor in nursing education, June 24; Barbara Wilcox, associate professor in nursing education, Sept. 16; Charles McElmer, instructor in music and continuing education; James E. Fisher, assistant professor of geology; George B. Pedrick, assistant professor of mathematics; Dieter Brunschweiler, assistant professor of geography; Charles F. Wright, associate professor of psychology; Robert K. Wolter, assistant professor of anatomy, July 1; Robert T. Anderson, assistant professor of religion, and Continuing

Education, July 1; William L. Pinn, assistant registrar and continuing education, April 16; Harold W. Taylor, assistant registrar, April 1; Homer D. Higbee, assistant director of the Institute of Research on Overseas Programs, July 1; Fide M. Cunningham, administrative assistant, Vietnam Project, March 26; George C. Kimball, specialist, Vietnam Project, April 1; Stanley P. Wronski, assistant professor, foundations of education and division of social science.

The following transfers and new designations were approved: Transferred to the Institute of Research on Overseas Programs are John A. Garraty, associate professor of history, and Walter Adams, professor of economics, both from Sept. 1, 1957 to Aug. 31, 1958. Earl A. Bordecker, professor of general business, was designated assistant director of the Institute of Research on Overseas Programs, July 1 to Aug. 31, 1957, to Sept. 21, 1958, for study and travel in Europe; Kenneth C. Randall, associate professor of English, Jan. 1 to March 15, 1958, for work on novel, William M. Seaman, associate professor of foreign languages, Sept. 1, 1957 to Aug. 31, 1958, study and travel in Europe. Other leaves, for period Sept. 1, 1957 to Aug. 31, 1958:

Joseph G. LaPalombara, associate professor of political science, research with Rand Corp. form; Norton F. Long, professor of political science, visiting professor at Harvard University; Bert C. Cross, assistant professor of communication arts, work on Ph.D. degree. Albert W. Blum, instructor in speech, study in California; B. H. Duckwell, instructor in speech, study for Ph.D. degree at University of Michigan; Adrian Jaffe, assistant professor of English, visiting professor in Sweden; Ralph C. Belding, assistant professor of microbiology and public health, study for Ph.D. degree requirements at Ohio State.

Resignations and terminations: C. Ingersoll Arnold, director of home, assistant professor of landscape architecture, Aug. 31; William G. Roberts, instructor in communication skills, Aug. 31; Stephen J. Worland, instructor in economics, Aug. 31; Dr. E. R. Bluman, instructor in mechanical engineering, Aug. 31.

Mary Rose Brady, instructor in home management and child development, Aug. 31; Jack I. Krall, associate professor (research) of entomology, July 1; Don W. Hayne, associate professor of zoology, July 1; Grace A. Siebers, instructor in nursing education, July 1; Nancy McMurray, assistant professor in nursing education, Aug. 16; Janice R. Miller, instructor in mathematics, Aug. 16. John C. McKinney, associate professor of sociology and anthropology, Aug. 16; Jean W. Hustfield, secretary, University Services, April 1; Ann C. Isard, secretary, Vietnam Project, April 1; Hyde S. Jacobs, instructor in soil science, Aug. 16; David J. Willett, instructor in speech, Aug. 16; Richard W. Rogers, assistant professor, Vietnam Project, May 1.

Budget Cut Needed To Lower Taxes

WASHINGTON (AP) — Sen. Byrd (D-Va.) said Sunday that unless President Eisenhower cuts government spending sharply an unbalanced budget may rule out any 1958 tax cuts.

Economy Opens Way To Peiping

U.S. Reverses
Red China Stand

TOKYO (AP)—Strong economic pressure lies behind Japan's drive to ease restrictions on trade with Red China imposed by agreement between Japan, the United States and other Western powers.

This drive achieved an initial and partial success Saturday. The United States, bowing to Japanese and British pressure, announced it was proposing to other countries which restrict export of strategic goods to Communist countries a limited relaxation of the limitations on trade with Peiping, combined with a certain lightening of restrictions on trade with the Soviet bloc in Europe.

There have been two main motivating forces behind Japanese desires for relaxation of the restrictions on trade with Communist China:

1. The prospect of gradually losing at least part of approximately 500 million dollars in annual income from U.S. troops.

2. A steel shortage exerting heavy inflationary influence throughout Japan's always precarious economy.

Since 1947 Japan, with all its outward appearance of prosperity, has been kept solvent by U.S. forces offshore contracts and yen purchases.

In 1956, for instance, its 294 million dollar favorable balance of foreign trade — excess of income over spending — would have been a 301 million dollar deficit but for 595 million dollars income from American troops.

In 1955 the deficit would have been 62 million, 496 million in 1954, in 1953 a staggering billion dollars.

Japan knows this American income is not an ever-flowing spring. Announcement of the impending transfer or dissolving this summer of main U.S. forces headquarters in Japan has been dramatized the fact that the big pullback, long underway, has reached the serious stage. Remaining ground forces are expected to be out by 1960. With them the dollars are certain to go.

Communist China is the most logical place for Japan to begin filling this impending gap in trade receipts. China has coking coal, rice, salt, soy beans and animal fibers, all being sent to Japan in limited quantities. It has refused to send iron ore until Japan will send in turn embargoed heavy machinery and ships needed by China in its industrialization program.

Byrd, chairman of the Senate finance committee, said in an interview that if the rate of spending Eisenhower has proposed for the year beginning July 1 isn't lowered "it is probable the budget won't be balanced."

The \$71,800,000,000 budget the President has submitted is geared to continuing prosperity at a rate of 6 per cent higher in this calendar year than in 1956.

Byrd said "This budget also takes into account a proposed 600 million dollar increase in revenues through a boost in postal rates, which Congress might not approve."

"While prosperity is continuing, many corporations are finding that they are doing more business but making less profit this year. That could cut deeply into government tax receipts and bring deficit spending before July 1, 1958."

"Deficit spending, of course, would make it impossible for Congress to cut taxes."

Eisenhower said in a letter to House Speaker Sam Rayburn (D-Tex.) last week that government spending "should be held below income in order to lead the way to further reduction in taxes and the public debt."

The President estimated a surplus of \$1,600,000,000 in revenues in the current fiscal year and about \$1,600,000,000 in the year beginning July 1, when Byrd said their might be a deficit instead.

Byrd noted that the government now is spending about 3½ billion dollars a month. If this were continued in April, May and June, it would wipe out the current fiscal year's anticipated surplus.

Byrd dismissed as "totally inadequate" Eisenhower's offer last week to trim his new money requests by \$1,342,000,000. The Virginia senator said as nearly as he could calculate, this would result in less than a 500 million reduction in actual expenditures for the new fiscal year.

Board Also Approved 97 Faculty Promotions

Promotions in academic rank for 97 faculty members were approved Friday by the State Board of Agriculture. All become effective July 1.

In addition, promotions for seven others were recommended, contingent upon completion of advanced degrees.

Promoted to Professor were: John C. Boneth and Merle L. Egan, agricultural economics; Elmer C. Royman, farm crops; Frank W. Suggitt, resource development; Robert E. Lucas, soil science; Frank D. Berg, evaluation services; Edward R. Blackman, humanities; Milton R. Fisher and Alan P. Grimes, political science; Gordon J. Aldridge, social work; Paul J. Druschmann, communication arts; Pearl J. Achen, institutional administration; Elwood P. Lawrence, C. David Mead and Bradford P. Miller, English; Richard U. Byrum and Harold Hart, chemistry; Richard Schlegel, physics and astronomy; John A. Garraty, history; Maurice R. Denny and Milton Rokeach, psychology; and Donald L. Grammon, counseling.

Promoted to Associate Professor were: Vernon I. Sorenson, agricultural economics; Herman W. Newland, animal husbandry; Laurence G. Harmon, dairy; Milton H. Erdmann, farm crops; Theo H. Coleman, poultry husbandry; Russell L. Jenkins and Robert W. Wright, communication skills; Willard Warrington, evaluation services; Francis M. Donahue and Peter B. Fischer, humanities; J. Oliver Hall and Sigmund Nowos, social science; Charles Lawrence, accounting; Benjamin L. Carmichael and Helen Green, business education and secretarial studies; Charles P. Lawrence, economics; Paul E. Smith, Arthur E. Warner and Hendrik Zwarschewy, general business; Lucille K. Barber, social work; Frank B. Senner, journalism.

David C. Ralph and John A. Walker, speech; Byron W. Mansford, Karl T. Herford, Buford Steffire and Fred J. Verculani, administrative and educational services; Z. George Barnett and Louise M. Sasse, foundations of education; Dorothy M. Cleveland, health, physical education and recreation; William K. Durr and Ruby M. Junge, teacher education; George L. Brandon and Beatrice D. Glanville, vocational education and educational services.

Tien Hsing Wu, civil engineering; Fay Kinder, foods and nutrition; Marion Niederprum, textiles, clothing and related arts; Alice C. Thorpe, home management and child development; Richard J. Harding and Forrest C. Strong, botany and plant pathology; Allen Leepe and James H. McConnell, art; Adrian Jaffe, Virgil Scott and Arthur Sherbo, English; George J. Jovan, foreign languages.

Hans A. Lillesh, chemistry; James P. Hannan, statistics; and Frank R. Peabody, microbiology and health.

Theodore I. Rebstock, agricultural chemistry; Martin Rukovics, horticulture; Maurice A. Crane, Fred R. Dowling, Radford B. Kuykendall, and William Schwab, communication skills; Alexander R. Butler and David K. Heenan, humanities; Claude A. Reich, natural science; Robert C. Hanson, H. Murray Herlihy and John C. Messenger, Jr., social science; Kenneth O. Alexander and W. Paul Strassman, economics; Hubert W. Ellingsworth, speech.

Charles A. Blum, teacher education; Boyd C. Rinco, civil engineering; George W. Werler, art; Sam S. Mackett, English; Reinrich Laubach, mathematics; Charles W. Buss, geography; Frank Reade, psychology and David E. Clark, microbiology and public health.

The following were recommended for promotions pending completion of advanced degrees:

To Associate Professor — Stuart Cheucheth, speech.

To Assistant Professor — James W. Goff, forest products; Harold Davidson, horticulture; Richard F. Gonzales, general business; David A. Smith, speech; Roy E. Niemeyer, health, physical education and recreation; and Virginia C. Reiner, nursing education.

New Pain Killer Described

The preparation of a new class of potential pain killers was described recently by an MSU scientist.

Speaking to members of the American Chemical Society, Dr. Robert D. Schuetz explained how he prepared a new series of compounds designed primarily to eliminate some of the less desirable features of local anesthetics now in use.

"Previous research and studies of substances used as local anesthetics suggested that improved performance could be obtained if one portion of the drug molecule were enlarged," Dr. Schuetz explained.

He outlined methods for enlarging a portion of the drug molecule, using a material

known as thianaphthene, a compound similar to moth balls but containing a sulfur atom in its structure.

By reacting thianaphthene with nitrogen-containing substances, the chemist obtained the new pain killers.

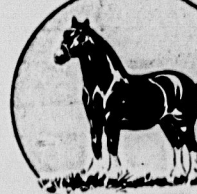

Dr. Schuetz is interested in changing the drug molecules to obtain a minimum of undesirable effects and a maximum of pain-killing qualities with the smallest possible dosage.

The new materials must now be screened and clinically tested before they may become available to the medical profession.

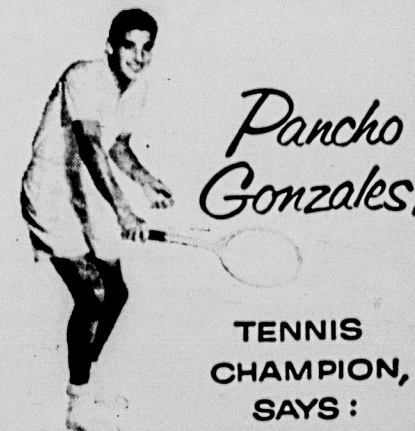

The U.S. aircraft carrier Saratoga is too large to pass through the Panama Canal.

Two MSU Coeds Win Title

Lansing's talented synchronized swimming pair, Sandy Giller and Judy Haga, swam off with the National senior women's AAU indoor swimming title Saturday night at the meet held in Sexton High's pool. Both are MSU coeds. They also hold the AAU outdoor title. They swam for the Sea Sprites coached by Mrs. Francis Jones.

They finished with a total of 82.33, ahead of Mary Gury and Roslyn Calcester of Shaw Park Mo. who scored 76.65 points.

The two coeds began swimming together in 1952 at the YWCA. By 1953 they had picked up their first championship in the Canadian American Duets.

Atterberry Sets Record

(Continued from Page 1)

Running in the same heat as Atterberry, Castle placed third in the 400 with an excellent 1:11.6 clocking. Castle failed to place in the 300.

Lean, British Empire 440-yard hurdles champion, ran a spectacular 1:50.6 half-mile anchor leg in the sprint medley relay to carry Michigan State to a 3:26.6 victory.

The Olympic silver-medal winner grabbed the baton with a 30-yard deficit and closed it easily to win. Indiana, the leader throughout most of the race, was second, about 10 yards behind.

Besides Lean, the sprint medley quartet was composed of Ken Dufoe, Bob Elliott and Glenn Burgett.

Lean also anchored the mile

relay team, but was far behind when he took the baton and could make up little ground. The quartet of Dufoe, Bob Hughes, Ted Teislauff and Lean posted a good 3:16.9 time, but was far behind Notre Dame's winning 3:14.5. The top time in the quartet was turned in by Teislauff, who ran :48.7.

The thinclads three victories tied them with Big 10 champion Indiana and Eastern Michigan as the top team in the relays. However, Coach Karl Schladerman used the meet mainly for conditioning. It was the first time the team has run in warm weather this spring.

Gay Denslow placed fourth in the mile with a good 4:20 clocking, his personal best. Ted Wheeler, Olympian from the

Chicago Track Club, won the event in 4:16.9.

The distance medley team of Teislauff, Bob Brown, Fordy and Henry Kennedy placed fourth with a 10:25.4 time, exactly 10 seconds behind Miami of Ohio's winning clocking.

Sam Eliowitz went unplaced in the shot put and discus, although he got off a good throw in the latter event. He tossed the discus more than 150 feet, but the officials ruled the platter didn't fall within the specified area.

Ohio State freshman Jim Marshall won the event with a toss of 150' 3 1/2". Eliowitz's other throws weren't good enough to get a place. He also threw 48' 1" in the shot put.

Also going unplaced were pole vaulters George Best, freshman Mike Kleinham and Bill Oswalt. Best cleared 13 feet, Kleinham, 12' 6", and Oswalt 12 feet. Ohio State's Stan Lyons won the event with a vault of 14 feet.

The two-mile relay team of Jerry Mirkil, Henry Kennedy, Hughes and Fordy Kennedy failed to place as did the 440- and 880-yard relay teams of Elliott, Burgett, Bruce Lillyblad and Don Marsh.

The team will train this week for the Drake Relays Saturday at Des Moines, Iowa.

Kobsmen Cop Twinbill

Roll Pasi
Albion,
8-3, 7-0

Mills and Creamer
Credited with Wins

By LARRY WRONIEWSKI

The Kobsmen await the Big 10 opener against Indiana Friday, after sweeping both ends of a twinbill from Albion Saturday, 8-3 and 7-0, for their third and fourth straight home triumphs.

Clutch pitching, timely hitting and fine defensive play turned back a stubborn Briton team which came to Old College Field with a streak of four wins.

Gaining the verdicts were southpaw Bill Mills and right-hander Norm Creamer. Mills took the mound following start-up Joe Davis in the first game and pitched three hitless frames fanning two and issuing one walk. Dick Radatz hurled the final three innings allowing three hits while striking out seven batters.

Albion southpaw Dick Nash went the distance being tagged for eleven hits while fanning four and walking two.

In the nightcap, a seven-inning affair, Creamer and left-hander John Griffin fared only 21 batters while recording the first regular season shutout.

Creamer pitched four innings giving up two hits and fanning three. Griffin hurled the final three hitless frames chalked up six strikeout victims.

The Britons jumped off to an early lead in the initial frame when a Spartan error followed by third baseman Bob Waterman's blast over the left-field fence netted a pair of runs.

Albion tallied in the second on two singles and two walks.

State cut the margin to one run in the bottom of the second on a hit batsman, two infield safeties, a walk and a wild pitch.

In the third State tied the score on a single, a hit batsman and a wild throw.

Neither team really threatened until the home half of the sixth when Denny Mendyk led off with a triple to center. First sacker Roscoe Davis promptly broke the tie by grounding a single to left. Pinch-hitting for Mills, substitute outfielder Jerry Meredith scored Davis with a triple to center.

The Spartans added three more tallies in the eighth. Sophomore shortstop Jerry Korwek, who collected three hits in three trips, doubled to center. Meredith drove an outside pitch over the right-field fence for a two-run blow.

Veteran keystone Frank Palamara singled home Radatz with the final margin.

In the second tilt the Spartans produced one run in the first frame on three singles.

A hit batsman, a sacrifice and Ivan Moore's safety netted a run in the third. Another run was scored in the fourth on a hit batsman, a sacrifice, a throwing error and a wild pitch.

Ted Early's single, Palamara's triple, two free passes, Barry Bullerton's single and Waterman's miscue gained four more runs in the sixth.

Albion's right-hander Jerry Masteller suffered the setback.

Palamara's potent bat slammed out five hits in eight trips on the plate. Moore collected three singles in three trips.

Basketball Banquet Scheduled for Tonight

The basketball team, coaches, alumni and press will hold their annual banquet tonight at 6:30 at the Famous Grill in Lansing. Capt. George Ferguson will be presented with the Most Valuable Player Trophy and the Sportsmanship and Free Throw trophies will also be awarded.

Expansion of Michigan State's Blackston Field to seat 76,000 for the 1957 season will make the Spartans' home stadium the third largest in the Big 10.

Jerry Meredith, Spartan outfielder, touches homeplate after knocking a two-run homer over the right-field fence in the eighth inning of the first game of Saturday's doubleheader. State won both games, 8-3 and 7-0.

Relay Team Surprised

Texas Sprinters Top Own World Mark

LAWRENCE, Kan., (AP) — The anchorman of the University of Texas' brilliant relay team says the swift quartet was surprised Saturday to discover it had bettered its own world's record for the event.

The team was clocked in 39.9 seconds for the 400 in the 32nd annual Kansas Relays. Their recognized world mark is 40.2.

Bobbs Whilden, the Texas anchorman, said the Kansas Relays was the third meet in seven days for the longhorns. Only last Thursday, the 440 team had equalled its record at an invitation meet in Dallas.

"We were just so tired when we came up to the quarter-mile relay I didn't think we could do it," Whilden said.

The three teammates of Whilden were Wally Wilson, Eddie Southern and Hollis Ganey.

Texas sprinters also accounted for two others of the 13 new meet records. Wilson, Ganey and Whilden, with Laverne Voight substituting for Southern, set an 880-yard University class mark of 1:24.2.

And to show its depth, Texas called on another foursome — Brooks Patrick, George Forster, Walter McNew and Joe Villarreal — for a record 10:04.3 in the university distance medley.

Southern was withdrawn from competition after the 440-yard relay because of a slight leg injury.

Billy Tidwell, of Emporia (Kan.) State, who anchored his team to meet records in the college sprint medley and the college mile relay, was voted the outstanding performer of the 22nd annual relays. Primarily a middle distance star, Tidwell was clocked unofficially in a 1:49.5 for a half as Emporia won the medley in 3:22.6, and in 4:47.5 for the quarter as the Kansas won in 3:15.1.

Whilden was second to Tidwell in balloting of the press for the outstanding performer award.

IM Hi-Lights

Starting tonight, all Monday night softball games will be played at 5:20 and 6:05.

Horseshoe play starts today at the horseshoe pits on Old College Field. Winners should contact the IM office for their next opponents.

Persons interested in entering the rifle shoot should contact the IM office for further information. Competition will begin Saturday at the ROTC range in Dem Hall.

The KEELER BRASS COMPANY of Grand Rapids, Michigan has an attractive proposition for prospective mechanical and chemical engineering graduates interested in supervision, production, and inspection work in the manufacture of furniture, automobile, and stove hardware.

Our representative will be on the Michigan State campus, Tuesday, April 30, and will be happy to meet you and explain our plan to you.

Please contact the Placement Bureau for further information and the scheduling of your interview.

Grand Rapids, Michigan.

Robinson Prepares For Fight

'Sugar Ray' Eyes
Fullmer's Crown

By WHITNEY MARTIN
GREENWOOD LAKE, N.Y., (AP) — Ray Robinson pulled on a white rubber girdle, tugging and squirming in the only way you can get into the contraptions. He flashed his personality-kid grin.

Makes you sweat around the hips," he explained. "That's where you can't carry weight. Shows you down. Don't want to lose my speed. That is, what speed I have left."

A trainer handed him an eye cup filled with fluid, and he gave each eye a good washing.

"Always take care of my eyes," he said. "That's where most of the trouble starts. In the gym, rosin dust and other particles floating around. They get in an eye and after awhile you have trouble. Always wash your eyes before and after workouts."

The grille and the eyewash gave an insight into the thinking of this remarkable first fighter. He never leaves anything to chance. Everything is planned to the finest detail. Let the other guys go into a ring when they aren't ready. Let them take chances of eye injury. Let them get fat around the hips. Not Sugar Ray. He takes care of Sugar Ray.

It was one of his final workouts before leaving for Chicago to finish preparation for his return bout there with Middleweight Champion Gene Fullmer May 1, and watching him work you began to hedge a little in your opinion that Fullmer is a cinch to beat him again.

To tell the truth, Robinson looked slightly wonderful, his reflexes sharp, his timing excellent, his blows coming in accurate volleys that for years were his trademark.

His sparring partners have been instructed to imitate the style of Fullmer as closely as possible, and they did pretty well at it, coming in, often lunging, with gloves high in a sort of shell protecting the face, looping a punch as they advanced, and then trying to get into a clinch with one arm free to belabor Robinson's ribs and neck and head.

But Robinson was having none of it. Thanks. He tied up both his sparring partner's arms, or sometimes covered up himself and let them fluster fruitlessly on his gloves and arms until they were spent. Then he would unleash a series of blows, fast and accurate, to the body. He seemed to be boxing more flat footed to add authority to his blows.

"Fullmer is a hard man to fight," he had said before going into the ring. "He's awkward, but he's hard to hit. I'm trying not to waste punches, and to pinpoint them."

This also was obvious as his jab threaded its way through the barricade of gloves in front of him, and he waited for an opening before crossing with a right or bringing up an uppercut to the midsection.

All in all, and impossible as it may seem at his increased age, Sugar Ray seemed to be a vastly better fighter than he was in their first meeting. A confident fighter, too, as he again emphasized that you can't go into a ring thinking you are going to lose.

Off in a corner a quiet, smiling little woman watched the vicious exchanges with keen interest. When it was over she said decisively: "He's going to win. A mother always knows when her son is right."

SPORTS IN BRIEF

Little Cops Tourney

LAS VEGAS, Nev., (AP) — California's Gene Littler won the \$40,000 Tournament of Champions for the third successive year Sunday, hauling in the \$10,000 winner's purse with a last round 70 for a 72 hole score of 285.

Spain, Austria Gain

MADRID, (AP) — Spain advanced into the final of the European Junior Soccer Championship with a thrilling 3-0 win over Italy before a capacity crowd of 75,000 at Metropolitano Stadium Sunday. Austria also advanced to the final by defeating France 3-2.

Pancho Wins Title

HAMILTON, Bermuda, (AP) — Pancho Gonzales, world professional tennis champion, defeated Pancho Segura 7-9, 6-4, 6-2 for the Bermuda Pro Title.

Danny Falls beat Ken Rosewall 8-3 (CQ) in a one set match in an all-Australian affair for third place.

Woods Wins Race

HONOLULU, (AP) — Pierre Woods of La Habra, Calif., held his D Jaguar in the lead for all but six of the 28 laps Sunday to win the Gold Cup Race in the Hawaiian Sports Car Fiesta Races at Dillingham AFB track.

What Now? Baserunner Fields Ball

MILWAUKEE, (AP) — A crowd of 20,298 at the Cincinnati — Milwaukee game Sunday was treated to the bizarre sight of a Redleg baserunner actually fielding a fairly batted ball and, in effect, retiring himself.

The stunt was pulled by Redleg third baseman Don Hook.

It also generated a lively discussion as to whether the batter should have been credited with a hit.

Here's what happened: With one out in the first inning, Hook beat out an infield hit and went to second on Gus Bell's single. Wally Post hit a hopper toward short, but Hook fielded the ball cleanly while running between second and third and flipped it back to Braves' shortstop Johnny Logan.

Post was credited with a single, Logan with the putout. Bell held second and Post first. The next batter, Johnny Temple, grounded out to end the inning.

Afterwards, Frank Dascoll, senior umpire, said Hook was declared out under the rule which deals with a fair ball touching a runner in fair territory before it has touched or passed an infielder.

Rule 7.08B says a runner is out when he intentionally hinders a fielder attempting to make a play on a batted ball.

If the first rule is invoked, the batter is credited with a hit under the rules of scoring; if the second is called, he does not get a hit.

Hook said he simply put up his hands to avoid being struck by the ball, a medium grounder.

Logan said it was a deliberate act by Hook to break up a double play for sure.

Singles Loss Mars Perfect Day

State Netters Topple OSU

By RUCK JERZY

Coach Frank Beeman's Michigan State netters got off to a flying start in the Big 10 tennis race with a smashing 8-1 victory over Ohio State Saturday at Columbus.

Winning all but two sets, the Spartans were very impressive in gaining their first conference win of the year. State's fine all-around play enabled them to down the young Buckeye squad.

Coach Beeman was very happy with the team's performance, but also stated that although they played well and adjusted quickly to the Ohio State courts, they will need a lot of practice as the season goes on.

Bill Biscard opened the scoring for Michigan State by winning in straight sets over the Buckeyes' Larry Biederman in No. 1 singles, 6-0 and 6-2.

Capt. George Stepanovic also had an easy time in downing Ohio State's No. 2 man, Bob Williams, 6-1 and 6-1.

In the No. 3 singles, Mike Zarembo defeated Bob Tschantz, 6-1 and 6-1 and Ron Mescall, 6-1 and 6-1.

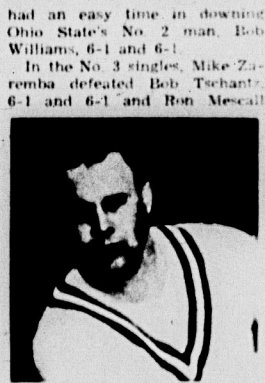

State's final win in singles came when Foster Hoffman beat Bill Wadsworth, 6-4 and 6-2, at the No. 6 position.

It was Michigan State all the way in the doubles as they tallied in all three positions. Biscard and Zarembo started things off with a 6-3, 6-2 win over the Buckeye duo of Biederman and Williams.

In the No. 2 doubles, Stepanovic and Vela took the first set from Ohio State's Tschantz and Polle, 6-4. However, the second set was much closer, but the Spartan duo came out on top of a 7-5 score.

Mescall and Hoffman completed the sweep in the doubles play as they dropped Cummings and Wadsworth, 6-4 and 6-2.

The next encounter for the Spartans will be against the University of Detroit Saturday in the Motor City. Their next Big 10 match will be May 2, against the Wildcats of Northwestern on Spartan courts.

BILL BISCARD

... wins No. 1 singles match ...

... took the No. 4 singles for State with a 6-2, 6-3 win over Hans Polle.

The only defeat of the afternoon came for State in the No. 3 singles as Ohio State's Bill Cummings outplayed Loris Vela, 6-4 and 6-2.

State's final win in singles came when Foster Hoffman beat Bill Wadsworth, 6-4 and 6-2, at the No. 6 position.

It was Michigan State all the way in the doubles as they tallied in all three positions.

Dulles Sets Major Talk On Policy

Expected to Deal With Foreign Aid

AUGUSTA, Ga. (AP)—President Eisenhower's headquarters announced Sunday that Secretary of State Dulles will make a major foreign policy speech in New York today on U.S. efforts to maintain justice and law in the world.

The cabinet office said he worked closely with Eisenhower in preparation of the address, which will be broadcast on radio and television.

The speech theme of Dulles' address was outlined by White House Press Secretary James H. Hagerty.

The fact the theme of the Dulles' speech was announced by the White House made it clear the administration attaches great importance to the address.

Hagerty said Dulles will outline the basic principles of American foreign policy and will deal with the country's efforts for peace in the fields of collective security and United Nations.

The address will be carried by NBC-TV.

Hagerty replied "of course" when a newsman asked whether the Dulles speech has the full approval of the President. The press secretary added that Eisenhower received a draft of the speech from Washington Friday night and that the President and Dulles have discussed it twice on the telephone since then.

Hagerty declined to comment on general outline of the Dulles speech. But the press secretary's reference to the draft of the speech indicated the cabinet office has approved in part with the administration's efforts to win passage of the \$4,400,000,000 foreign aid plan.

The program has been criticized as too large to carry by radio, and appears headed for rough going at the capital.

Tornadoes Sweep Texas. East Has Record Heat

DALLAS, Tex. (AP)—Tornadoes swept in the Texas south plains Sunday night, scoring a two-minute touchdown and the first considerable property damage since Littlefield and the Witham community. No one was reported injured.

One tornado struck in the area of Littlefield, then hit a farm near the Witham community, 20 miles to the north.

Another tornado struck near Littlefield, then moved on to the south of Littlefield, where it struck a house and knocked down several trees.

Five other tornadoes were sighted in the Lubbock area.

An eighth tornado struck south of Lubbock, where it struck a house and knocked down several trees.

Meanwhile, the Texas River of the Red River, which has been in a dry, hot, burning approach, the

first stage at Dallas. The Weather Bureau warned that the river would flood low lands south of Dallas in the next few days.

Rain accompanied the tornadoes in the Lubbock area. Heavy rains were also reported in south Texas Sunday night.

A small tornado also struck in Garney, New Mexico, with no injuries reported.

In the east, temperatures soared under sunny skies, and New York had its warmest Easter on record when the mercury climbed to 82.

Record highs were also listed at Richmond, Va., and Baltimore, with both cities posting temperatures of 92.

A breeze changes its color because of temperature variations in light and also how the bright feels when it wakes up in the morning.

WKAR Gives TV Courses In Workshop

Michigan State will offer its seventh annual Summer Television Workshop Aug. 5-23, as a foundation in TV production for school and community leaders, educators and members of the television industry.

The workshop, available on a four-credit as well as noncredit basis, consists of two general areas—directing and producing fundamentals.

Fundamentals of broadcasting is presented for those who have had little contact with the medium and would like to learn more about it. Studio and control room operations will be taught in the WKAR-TV studios, where equipment is available for laboratory and on-the-air production.

Directing theory and practice are for advanced students who have completed previous MSU workshops or have acquired an equivalent background in TV directing and control room operation.

The area of broadcasting fundamentals will be taught by Prof. Leo A. Martin, director of radio-television education at MSU. WKAR-TV producer-director William H. Tomlinson, co-director of the TV summer workshop, will instruct directing, while Leo C. Frinkner, writer-director, will handle studio operations.

French Satire Skated Tonight

"A Nous la Liberté," satirical French pole of modern industry, will be presented twice tonight in Fairchild Theatre at 7 and 9.

The feature of the foreign film series will also be presented Tuesday night at the same times.

The film has been considered a classic since its release in 1932, at the dawn of the "talkie" stage of movie production.

Classes in "Building Your Marriage" Every Thursday for five weeks Beginning April 25, 7:30 - 9:30 at the Lansing YMCA 301 W. Lenawee Fee: \$1.00 per person

DEAN WYNGARDEN

Wyngarden Appointed Dean Emeritus

Designation of Dean Emeritus of the College of Business and Public Service as Dean Emeritus effective July 1, was approved Friday by the State Board of Agriculture.

Dean Wyngarden, nationally known as an authority in economics and related fields, this year will complete his 40th year in the teaching profession. He has been a member of the MSU staff for 33 years and Dean of the College of Business and Public Service since 1949.

Effective July 1, he will be granted a year's leave of absence. Following the leave, he will teach or carry on other academic activities on an alternate year basis.

Mar-Kitt Studio

Ag Board OK's Building Plans For New Projects

The approval of several future building construction projects was reached in Friday's meeting of the State Board of Agriculture.

Included were resolutions passed authorizing the removal of 28 married housing barracks and the completion of the fourth floor of Berkey Hall for office space.

In addition, the Board passed resolutions asking permission of the legislature to construct a new 700-unit men's dormitory and additions to the Home Economics and Administration buildings.

The Board also recommended the apartment-type women's co-op hall be named Vandusen Hall in honor of Mrs. Sarah Van Housen Jones, a long-time member of the State Board of Agriculture.

Suds on Skates

HALIFAX (AP)—Walter Donald Duggan serves beer on roller skates to speed up service. Nothing illegal about it, but the chief tavern inspector for Nova Scotia has discretionary power.

Said Chief Inspector E. K. Ashton: "If any unlawful incident occurs, such as Duggan spilling a tray of beer over a patron's head, then we will quickly use that discretionary power."
