Spartans Play Kansas State

Seniors Take Final Bow In Last Game of Season

By HARDY CHRIST

Fourteen seniors will make their final appearance Satur-v when the Spartan gridders meet Kansas State College in the season finale. Game time is 1:30 p.m. at Spartan

starters Capt. Sam Williams, Fran O'Brien, Ellison Kelly

ddleton, Archie Matsos, Jim Wulff, Art Johnson, Don Arend, Ron Rickens, Bob Handloser and Jerry McFarland, Coach Duffy Daugherty has devised separate units for the Kansas State battle, one to conclude a three-year ca-

the Kansas State Dattie, one to conclude a inreceived carreer for the seniors, and the other to start a new one.

Daugherty plans to start an allosenior eleven—injuries permitting—and then come on with a "probable starting

This lineup will probably have Williams and Barker at the ends; O'Brien and LaRose at the tackies, Middleton

and Kelly at the guards and Matsos at center.

In the backfield, the first unit should consist of Panitch at quarterback, Wulff and Johnson at the halves and Arend

"But we'll also pay a lot of attention to the sophomore and junior group which will form the nucleus of next year's team," continued Daugherty.

This alternate eleven probably will consist of Dan Follis and Dave Northcross at the ends: Paul Rochester and Palmer Pyle at the tackles; Mickey Walker and Fred Hoy-

len at the guards and Don Wright at center. mmy Wilson will be at quarterback, with Dean Look and Herb Adderley at the halfbacks and Bob Bercich at

Neither team will enter the game with a distinct statislosses and one tie, and Kansas State has three wins and

And while the Spartans have lost their last five in a row—the most successive losses since the 1917 team went nine games without a win-the Wildcats have lost four of their last five.

If there's any statistical advantage at all, it should go to Michigan State. The only two victories gathered this year by the Spartans have come at the expense of non-

The Spartans, although having an 0-5-1 Big 10 record, have beaten California and Pittsburgh. And in the past 15 non-conference tilts since Daugherty has been coach, the rtans have won 14.

The Wildcats beat Wyoming and Nebraska early in the season, and defeated Iowa State last Saturday, 14-6. They have suffered losses to Colorado, Utah State, Missouri, Oalahoma, Kansas and Oklahoma State.

Economic Writing On America's Wall

THE AMERICAN PUBLIC has long been used to the "boasts' 'of Soviet Russia. They have occurred so often and frequently have been so slanted that people in our sphere of the world have accepted them as so much propaganda, In so doing, however, we have developed the habit of thinking that nothing Russian officials say could be cor-

Then one day the Kremlin announced that the USSR had the atom bomb.

So much nonsense, we thought. But shortly thereafter radioactivity was noticed in Japan and we knew from selentific data that the Russians were telling the truth. A few years later the Russians announced that they

would beat the West into outer space.
Ridiculous, we thought. The Russians' industrial capacity was at least 30 years behind ours, the experts said.

THAT WE WERE CAUGHT with our Sputniks down became an embarrassing, international fact.

Were these lessons enough? Apparently not. For Premier Nikita Khrushchev announced some time ago that

Russia would soon out-produce the United States. Russia is a growing power, we conceded But we persisted in the belief that she is more a military than an economic

Apparently Americans are beginning to realize that the Russians are giving us a run for our money again, however.

The Soviet economic challenge was one of the main topics under consideration at a recent National Foreign Trade

Convention in New York City. Addressing the group, John McCloy, chairman of the Chase National Bank, spoke of the "tremendous strides Russia has made in industrial development."

HE FURTHER WARNED that if we are to maintain industrial leadership we must make "better products and we have to work longer and harder to make them." In a nation that is just beginning to recover from a bad

recession and strikes which columnarily idle out productive resources, this statement should be food for thought.

Robert Murphy, deputy under secretary of state, addressing the same group, discussed the future of the underdeveloped countries of the world.

"We face the question of what economic system the

people of these less developed countries will choose in their revolt against misery and poverty," he said, "Will they go in the direction of communism or . . . our Western system of individual liberty?

Just as significant, however, were some comments by Eddy Gilmore, former head of the AP Moscow Bureau, made in Thursday's Detroit Free Press.

"THE PLAIN TRUTH is that the U. S. is getting to be less and less of a great power. The day of American su-premacy has just about passed," Gilmore said.

Gilmore claimed that our "automobile legs" and "tele-vision eyes" are making us soft, "We are no longer mymer—

ble. We can either live with this knowledge or work like a nation of beavers to change it," he concluded.

It was an ironical coincidence that the same day Russia announced Sputnik-was up, the U.S. revealed that more people would vacation in Florida the following winter than ever before.

It's time we took a realistic look at that bandwriting
