THIS IS A closeup study of Dr. Manuel Urrutia, president of the provincial government of Cuba. Urrutia arrived in Havana late Jan. 5 and immediately went to the presidential palace to take over the reins of government. He had been sworn in previously.

## Financial Blues Hit State Schools

### MSU Hopes to Meet Debts With Private Loan Financing

There will be no tuition increases, missed payrolls or cut-downs in faculty staff as a result of the university's present financial quandary, Vice President Phillip May said in an interview Wednesday.

May made this statement with confidence despite the fact that the university is now \$8,300,000 behind in payments due it by the state. The state has missed three payments of \$2,100,000 each, need the university on Nov. 1, Dec. 1 and Jan. 1.

It has been indicated that there is a possibility that the state may also fail to make its February and March payments to MSU, the U of M and Wayne universities.

MSU obtained a \$1,000,000 loan in early December from the Michigan National Bank and associated banks. The loan was made against unpaid student fees and is due June 30.

Highlight of the program will be the selection of the queen and her court. Queen preliminaries will be held two weeks before the dance according to Mahamed Hanafi, Afghanistan junior, chairman.

The queen will reign over the dance.

Music will be furnished by the Rhythm Makers with Jack Bonne, New York City, junior, acting as master of ceremonies.

Other students on the dance committee include Wayne Kuhn, Columbia senior, co-chairman; Nobelza Asuncion, Manila grad student, judging; Reinaldo Decerega, Panama junior, tickets; Marlene Kurtuch, Grosse Pointe sophomore, social; Barbara Taylor, East Lansing junior, posters; George Chalk, East Lansing senior, decorations; and Ghulam Khan, East Lansing grad student, business manager.

## Tryouts Begin For Players' Julius Caesar

Casting for the third major MSU Players production this year, Julius Caesar, will begin this afternoon. Tryouts are scheduled in Studio Theater, 49 And, from 4-6 p.m. and 7-10 p.m. today and Friday.

This famous Elizabethan classic is being directed by Harry Mahnken, a doctoral candidate in theater. Mahnken said those trying out should pre-read the play.

The cast includes roles for about thirty men including leading roles as the strong and proud Julius Caesar; the youthful, asting Mark Anthony; the idealistic, comprising Marcus Brutus and the shrewd Cassius. Good supporting for women may be found in the characters of Calpurnia, Caesar's wife, and Portia, his wife of Brutus.

Due to the scope of MSU productions this term many people are needed to fill positions in technical departments. Anyone interested in gaining valuable experience may sign up at tryouts for work on various plays.

## Spartan Cagers To Face Alums

A dream team of former MSU cagers will challenge the varsity in the first annual Old Timers' cage classic in Jenison Fieldhouse Jan. 17, at 8 p.m.

All tickets will be general admission at \$1 for adults and 50 cents for students. Students are urged to get their tickets early. The Jenison tickets office is open from 6 a.m.-5 p.m.

### Bowling Tourney Starts

Registration for the Union Board bowling tournament, Friday through Jan. 18 is being held this week in the Union bowling alleys.

MISS "SOUTH PACIFIC" Mary Martin To Perform Friday Night

### Few Tickets Left At Union Office

Mary Martin, assisted by a 20-piece orchestra under the direction of John Lesko, Brazilian guitarist Luiz Bonfa and the young French dancer and choreographer Dirk Sanders, will present a Lecture-Concert "special" Friday at 8:15 p.m. in the Auditorium.

On Dec. 30 the attorney general ruled the universities could borrow money on unpaid student fees (a fact of which the schools were already aware) and has indicated he will give an opinion on the question of using unpaid state appropriations as collateral in the near future.

May dismissed the possibility of increased tuition, missed payrolls or staff payrolls and staff cutdowns for two main reasons.

There is little chance that the university will not be able to raise the funds necessary to pay its debts.

In addition, the money which might be obtained by these austerity measures would hardly be sufficient to make up the deficit presently existing as a result of the missed payments to the university by the state.

**One Touch of Venus**

A New York smash and record-breaker on the road, and "Love Song," remembered as one of Broadway's most beautiful productions, are two of her Broadway hits.

She proved her unique versatility with her portrayal of that famous lady sharp-shooter from the West, Annie Oakley, in "Annie Get Your Gun." In this production she broke box-office records during a national tour under the banner of Rodgers and Hammerstein.

She then was starred in

"South Pacific" which not only captivated New York audiences but later won her international acclaim.

According to the Union Ticket Office there are a few tickets left. Prices are \$3.50, \$3 and \$2.50 with a 50 cent reduction for students.

**Management Shift**

There has been a change in the State News management for this term. Bill Colahan and Shirley Cleary will respectively take over for Dale Frazee and John Morris as editor-in-chief and managing editor, respectively, while the Publications Board needs to make new appointments.

### Coeds Meet at Music And Tonight for Rush Convocation

Winter Rush convocation will be held in the Music Auditorium for all coeds signed up for sorority rush. In order to be eligible a girl must have established a two point all-education average, and a two point fall average.

Coeds in group A-L according to last names, will meet at 7 p.m. and group M-Z at 8. Rush rules, party schedules and what to wear at each party will be explained by Nancy Yarnall, Pan-Hellenic first vice-president, and Jan Pickard, second vice-president. Rushes will later meet with their counselors.

Rushes are asked to pick up their invitations Friday from 2-6 p.m. at the Pan-Hellenic pool office in the Union Tower room. At this time they will select seven houses to visit for the first stage of parties.

Leaders of the antifilibuster bloc contend this is little better than the present rule. Some of them want an arrangement under which a majority of the entire Senate—50 members—could invoke a debate limit.

This new technique makes possible a direct attack on cancer without surgery and might reduce the need for major amputations.

Through perfusion, medical men now can use drugs at two or three times the strength otherwise possible. If injected directly into the regular blood stream in such amounts, they would destroy vital tissue and would be fatal.

This enables doctors to add above-normal doses of powerful

### State Dept. Expresses Good Will

#### Batista's Flight Just 6 Days Ago

WASHINGTON (AP)—The United States formally extended diplomatic recognition to the new revolutionary government of Cuba Wednesday.

The action came six days after former President Fulgencio Batista fled Cuba admitting defeat at the hands of rebels led by Fidel Castro.

The State Department in announcing the recognition expressed the sincere good will of the government and the people of the United States toward the new government and the people of Cuba.

A note to the new Cuban foreign minister Robert Daniel Aguirre, delivered in Havana Wednesday, by ambassador Earl Smith said:

"I have been instructed by my government to inform your excellency that having noted with satisfaction the assurances given by the new government of Cuba of its intention to comply with the international obligation and agreements of Cuba, the government of the United States is pleased to recognize the government under the presidency of Manuel Urrutia Lleó, as the provisional government of the Republic of Cuba."

"At the same time the government of the United States expresses the sincere good will of the government and people of the United States toward the new government and the people of Cuba."

**J-Hop Headlines Two Big Bands**

"Tambika," J-Hop 1959, will headline the bands of Tommy Dorsey and Sauter-Finnegan with entertainment by Ella Fitzgerald.

Dorsey's band will play Friday, Feb. 6 and Sauter-Finnegan will play Saturday, Feb. 7. Miss Fitzgerald will sing several times each evening.

J-Hop will be semi-formal both nights. Tickets, \$6 per couple, go on sale Jan. 19.

Duke Ellington, who was originally scheduled to play, cancelled his contract due to a radio engagement. Winners of the "Name the Band" contest will still receive their free tickets.

## Dog Aids Cancer

### Big Ben Receives Hero Award

The National Society for Medical Research recently conferred the title of Research Dog Hero of the Year on a mixed-breed, three-year-old dog from the Deep South.

The dog is Big Ben, a large, solid German shepherd animal. He was selected for the honor his part in Tulane University research which has placed medical scientists on the threshold of starting new techniques for attacking brain cancers.

In effect, this provides the patient with two circulatory systems, operating independently. The normal system has the heart pumping the regular blood supply through most of the body, while the secondary system has the heart-lung-machine pumping a treated blood supply through the isolated limb or organ.

This new technique makes possible a direct attack on cancer without surgery and might reduce the need for major amputations.

Through perfusion, medical men now can use drugs at two or three times the strength otherwise possible. If injected directly into the regular blood stream in such amounts, they would destroy vital tissue and would be fatal.

This enables doctors to add above-normal doses of powerful

cancer-fighting drugs directly to the special isolated blood stream.

— to perfuse that part of the overall system with drugs. Circulating in this way, the drugs directly attack and kill the cancer, then flow out of the system again through the machine.

When this process is completed, the treated limb or organ is returned to the normal circulatory system.

According to the Union Ticket Office there are a few tickets left. Prices are \$3.50, \$3 and \$2.50 with a 50 cent reduction for students.

**Management Shift**

There has been a change in the State News management for this term.

Bill Colahan and Shirley Cleary

will respectively take over for Dale Frazee and John Morris as editor-in-chief and managing editor, respectively, while the Publications Board needs to make new appointments.

**BULLETIN**

LONDON (AP)—The Soviet space rocket went into orbit around the sun Wednesday and became the first artificial planet of the solar system, Moscow radio said Wednesday night.

"Trade can strengthen peace; peace can make a proper atmosphere for trade," the 63-year-old No. 3 man of the

Tulane as a major weapon in

the fight against cancer.

The technique has two major elements.

First, a limb or organ of the body is blocked off from the normal circulatory system by a tourniquet.

Immediately after this isolation, a heart-lung machine is attached to the blocked-off limb or organ to provide it with a separate supply of life-sustaining blood.

In effect, this provides the patient with two circulatory systems, operating independently. The normal system has the heart pumping the regular blood supply through most of the body, while the secondary system has the heart-lung-machine pumping a treated blood supply through the isolated limb or organ.

This new technique makes possible a direct attack on cancer without surgery and might reduce the need for major amputations.

It is not affiliated with any other school or college, nor does it represent the views of anyone within the university or from outside sources or the Associated Press, Indiana Daily Free and Associated Press Services.

Vol. 50, No. 107 Thursday, January 8, 1959 Three Dollars

## Space for Classrooms Should Receive Priority

AB 20,000 STUDENTS returned to campus Monday and went through the periodical dredging of registration that came out of the auditorium facing a familiar problem: lack of classroom space.

To those who now face daily trials through squat and lean to attend classes in "temporary" spindly lots or other "temporary" buildings far across the Red Cedar, the announcement of plans to build a \$15 million building to house dorm exhibits must be not only disheartening but downright silly.

In the last few school months alone we watched the construction of the new Education Building with ten classrooms and said nothing; the construction of a new Interim Building with ten classrooms and said nothing; and the construction of a new Art Center which also will be of little value in reflecting the space situation and still said nothing.

We feel the time has come to speak.

**TECHNARAMA AS THE** new structure is to be named is a good addition to the university, the first facility of its type in the country. The Education Building and the Art Center are also worthy additions to the campus and were much needed.

With the state in serious financial straits and behind \$11,000,000 in appropriations to three state universities this certainly seems to be a time for austerity and economy. The university has already borrowed \$1 million to meet its December payroll, and may have to borrow up to \$9,000,000 by the end of January to meet expenses.

**SO US THE SITUATION** seems to place such projects as Technorama in the realm of much-needed, but temporally impractical additions to the university.

Technorama is to be a self liquidating facility. The university will construct the building and will lease exhibit space. This is as it should be, and we doubt the building will in time pay for itself and bring in additional revenue that could be used for other projects. We feel that final problems should be treated first and from where we sit the biggest space problem in East Lansing is not reaching the moon, but reaching a better distribution of dorm rooms among students.

## Mikoyan Welcome Censured

**THE DEMONSTRATIONS** against Soviet Deputy Premier Anastas Mikoyan are at the least, reverberative.

Mikoyan is visiting the United States in an attempt to promote understanding between the U.S.S.R. and our country, yet he was welcomed in Cleveland Wednesday by a barrage of snowballs, spit and even an occasional rock. We wonder what he must think of our talk of freedom and justice when foreign diplomats, here by official invitation, are welcomed in this manner.

The feelings of former Hungarian Freedom Fighters now in this country are understandable, but before we simply join them in protest against Mikoyan perhaps we should pause to remember that it was they that failed them in their valiant campaign for independence two short years ago.

In the meantime, we should also remember that greater exchange and freedom of travel in the United States as well as in Russia is now one of the best hopes for understanding between the two big world powers. Letting deputys premiers with snowballs and rocks so hardly condone to understanding.

## Faculty Assignments Approved by Ag Board

Seven appointments, two foreign project assignments, promotions and new designations, nine leaves of absence. Ten resignations and terminations were approved in number by the State Board of Agriculture. Appointments were approved follows:

John Hargreen, Instructor in soil products; Norman Mar, professor of personnel and industrial administration; John Trich, professor and head of such department; Martha Casper, Tedesco, distinguished linguist, professor of modern languages; Stapleton, assistant professor of statistics; Eldon Nau, maker, assistant director of a division of student affairs; Harold Hale, assistant research of dairy, animal project assignments; Taylor, associate professor of economics, assigned to the dairy Project; Donald Aspin, Instructor in the Highway Traffic Safety Center, assigned to Vietnam Project.

Terminations and new designations are approved:

Gordon Aldridge, professor of social work, designated professor and director of the School of Social Work; Herbert Shulenberg, assistant to the Registrar, designated Registrar of Michigan State University — Oakland.

Sabbatical leaves of absence approved:

William Lloyd, associate professor of forest products, for study and writing of text; Harry Berg, professor, evaluation services for study and travel in Europe; Leland Praywick, assistant dean, business and public service, travel in Europe; Richard Fennell, professor of zoology.

Richard Chapin, associate historian, was designated university librarian; Richard Pitts, promoted from historic

to assistant professor of mechanical engineering; William Gallagher, assistant professor, designated acting head of the department of philosophy; Jackson Towne, librarian, designated professor of bibliography.

Gordon Aldridge, professor of social work, designated professor and director of the School of Social Work; Herbert Shulenberg, assistant to the Registrar, designated Registrar of Michigan State University — Oakland.

Sabbatical leaves of absence approved:

William Lloyd, associate professor of forest products, for study and writing of text; Harry Berg, professor, evaluation services for study and travel in Europe; Leland Praywick, assistant dean, business and public service, travel in Europe; Richard Fennell, professor of zoology.

Richard Chapin, associate historian, was designated university librarian; Richard Pitts, promoted from historic

TWO STUDENTS TEST the ice on the Red Cedar as East Lansing is hit by a cold wave during vacation. As a result of the cold, freezing water pipes caused considerable damage to buildings on campus.

### Cold Wave Hits MSU

## Campus Buildings Flooded When Water Pipes Freeze

Two campus buildings and a nearby house were flooded by frozen pipes as a cold wave hit East Lansing.

The Journalism Building was hit the worst of the three. On about 6:55 p.m. a woman in the Business Administration Building heard a noise in the nearby Journalism Building and called police.

When police arrived water was flooding the floors from a

broken pipe located in the attic. Police said they believed the pipe froze because of an open window and a missing window that created a cross ventilation of cold air.

The basement of Kedzie Chemical Laboratories was flooded with 30 inches of water during the night Sunday.

The incident was blamed on a freeze up in the water meter caused when some louvers were left open.

## State Board Approves Resignations

Retirement of 26 staff members was approved by the State Board of Agriculture.

Included are Jackson Towne, librarian, and Ernest Harper, head of the School of Social Work, both of whom will begin one year retirement furloughs July 1, 1959.

Four other faculty officials will begin one-year furloughs July 1 with retirement to become official at the end of that period. They are: Shao Chang Lee, head of foreign studies; Robert Linzon, secretary of the faculty; Leonard Price, head of mechanical engineering; and Ralph Tonny, head of short courses.

Four members of the MSU Extension staff are retiring. They are: Margaret Harris, associate professor in Cooperative Extension Administration; Mrs. Leone Macmillan, state home demonstration leader; H. D. Huntman, associate professor (Extension) of horticulture.

Mrs. Carrie Deitzen, dormitories and food services, will retire Jan. 1.

Other retirees include:

Ernest Bussey, associate professor of social science; Ralph Bremer, buildings and utilities; Ada May Every, telephone of Ben; Charles Fulkerson, associate professor of communications skills; John Heppell, trainer in intercollegiate athletics; LaDore Irland, assistant professor of history; Rudolph Jensen grounds.

Paul Lucas, associate professor of dairy; Ruth Mack, instructor in music; Nina May, secretary in home economics; Albert Osborne, buildings and utilities; Daniel Sheehan, assistant professor of communication skills; Henrik Stafseth, professor of microbiology and public health; Edmund Testevan and Floyd Trumper, buildings and utilities; O. W. Wilson, assistant professor of foreign languages.

"That's what hurt," Martin told a reporter Wednesday. "None of my friends deserted me when I needed them."

JOE MARTIN

## Martin Out, Halleck In

WASHINGTON (AP) — Joe Martin turned in his Cadillac for a taxicab Wednesday and came to work through the employees entrance.

He was no longer the leader of House Republicans, using the boss' door. He was just one of the crowd.

The 74-year-old bachelor from North Attleboro, Mass., stands as a living monument to the courtesies and courtesies of big-time politics.

Almost 20 years ago in the day, Martin's colleagues elevated him to the highest post with in their power—the GPO leadership of the House. They made him speaker during the four years they were in control.

Yesterday the roof fell in.

Unconventionally, unmercifully and unexpectedly, Martin was toppled from his throne by a vote of 74-70 at a party caucus.

In his place was installed Charles Halleck of Indiana, who had risen to a position of power in the House with the early assistance of Martin.

"That's what hurt," Martin told a reporter Wednesday. "None of my friends deserted me when I needed them."

**PATIENCE, PATIENCE**

CALEXICO, Calif. (UPI) — Sign outside a shop advertising 24-hour service on issuing fishing licenses: "Ring bell and keep your shirt on 'till I get my pants on."

Humor, however, dominates and sex, as interpreted by the Spanish painter Goya, will be the subject of an illustrated lecture by Dr. Martin Neira, MUU art historian, at the Layton School of Art in Milwaukee Friday.

## New Fifth Republic Commences Today

### De Gaulle Very Powerful Under Tailor-Made Terms

PARIS (UPI) — Charles de Gaulle takes over the Presidency of France today from grandfather Rene Coty, the man who summoned him last May to save the nation from civil war.

The 68-year-old general-statesman is stepping from the Premiership to the French White House, the urbane Elvane Palesse, under tailor-made terms that make him France's most powerful executive since Emperor Napoleon III gave way to the Third Republic in 1870.

Government stability is his aim for the new Fifth Republic. Coty, 75, ordinarily would have served two more years. He seemed relieved, though, as the change over approached.

He was no longer the leader of House Republicans, using the boss' door. He was just one of the crowd.

The 74-year-old bachelor from North Attleboro, Mass., stands as a living monument to the courtesies and courtesies of big-time politics.

Almost 20 years ago in the day, Martin's colleagues elevated him to the highest post with in their power—the GPO leadership of the House. They made him speaker during the four years they were in control.

Yesterday the roof fell in.

Unconventionally, unmercifully and unexpectedly, Martin was toppled from his throne by a vote of 74-70 at a party caucus.

In his place was installed Charles Halleck of Indiana, who had risen to a position of power in the House with the early assistance of Martin.

"That's what hurt," Martin told a reporter Wednesday. "None of my friends deserted me when I needed them."

**Pajama Game**

A production of the musical "Pajama Game," will highlight the winter term series of concerts and recitals sponsored by the Michigan State University music department.

"Pajama Game," to be presented at Fairchild Theater four days, Feb. 18-21, will be a joint production of the speech, drama and music departments. Tickets will be on sale at the Union ticket office and at the door.

Except for special events designated below, the concerts and recitals will be free of charge and open to the public. Unless specified, the events will be held in the music building auditorium at 8:15 p.m. weekdays and 4 p.m. on Sunday.

The complete schedule:

Jan. 11 — Faculty recital of Joseph Evans, pianist, assisted by violinist James Nitlock.

Jan. 18 — Faculty recital of Ethel Arnould, contralto.

Jan. 25 — Pianist Ernest Victor Wolf and faculty chamber music group.

Feb. 1 — Annual Phi Mu Alpha concert.

Feb. 4 — Music Department Concert Series presents Ana Taquet Saito, South American soprano. Tickets available at door.

Feb. 8 — Winter term College Musician, Dr. J. Murray Harberg commentator.

Feb. 18 — Pajama Game, musical comedy. Tickets available at door and Union Ticket Office.

Feb. 22 — Winter term concert of Activity Band, directed by Oscar Slover of Fairchild Theater.

Feb. 24 — Faculty chamber music concert.

Feb. 27 — Graduate recital of Leon Plantinga, pianist.

March 1 — Winter term concert of the Concert Band, directed by Prof. Leonard Falcone at the University Auditorium. A guest conductor, yet to be named, will participate.

March 3 — University Chamber Orchestra, conducted by Walter Hodgson, music department head.

March 6 — Music Department Concert Series will offer a recital by Jean Langlais, concert organist. Tickets available at door.

March 8 — Honors Concert by MUU Symphony, Louis Peter director, featuring student soloists and composers in Fairchild Theater.

March 10 — Faculty String Quartet and others in chamber music concert.

March 15 — Men's Glee Club, Edward Richmond director, and the University Orchestra in concert at the University Auditorium.

March 17 — Senior recital of Jane Toney, pianist.

**Giant Oscar to Mark Mike Todd's Grave**

CHICAGO (UPI) — Mike Todd's brother said Wednesday he is planning to mark the flamboyant showman's grave with a giant-size reproduction of dildom's Oscar.

The Vermont marble statue would stand nine feet in height, weigh two tons and cost \$8,000, David Goldbogen, 48, the brother, said.

The grave marker will bear epitaph: "We would want to keep the memorial simple," Goldbogen said.

**HAVE YOU MADE YOUR Honeymoon Plans?**

If you are making product purchases in natural beauty stores when you wish you may have special arrangements made for you to go to the boy in your honeymoon destination a friendly agent house that is recommended to you. All agents live in comfortable cottages (automatically heated, with bath) and the better ones cost \$12.00. Open all year to everybody except Monday, Tuesday and Wednesday.

## Employees Tested in Bogus Robbery

### Trustee's False Holdup Causes Confusion in Bank

**NEW YORK (UPI)**—"Everybody lie down on the floor!" The command was shouted Wednesday by a man bursting into the Marlboro branch of the Lincoln Savings Bank of Brooklyn. He was nattily dressed and wore dark blue glasses.

### Union Seeks To Fortify Faculty Hand

The Executive Board of the AFL-CIO Teachers Union, Local 10, AFSCME Monday took preliminary steps toward drawing up a proposal for strengthening the hand of the faculty in matters of educational policy and practice.

The board decided to bring to its next membership meeting proposals for revising the Faculty Organization, the body which now spells out the relationships between administration and faculty.

Board members unanimously agreed to present in the membership the following statement about faculty administration relationships as a basis for special revisions of the Faculty Organization:

"The faculty of the university at large or its authorized representatives, and the faculty of each college in the university, should have ultimate legislative power over educational policies within the purview of that faculty, and should control its own organization and its committees."

This statement was published by Committee T of the American Association of University Professors in its winter 1958 Bulletin.

Gen. Pershing suggested in 1915 that the U. S. Army Infantry be motorized and airborne. It wasn't until 1940 that these ideas were carried out.

Recalling that four gunmen had robbed the bank of more than \$12,000 twenty-two weeks ago, the branch's eight employees promptly hit the deck.

The command had been shouted by Augustus Frost, 75, of Washington, D. C., slightly senior trustee of the bank. He said later he wanted to test the alertness of employees in sounding an alarm.

But before he could explain, things began to happen.

One of the employees, Charles Rappo, 40, chief clerk, sounded a burglar alarm. Another, Frank Fried, a guard, whipped his revolver from its holster.

Then Paul Mazzoni, the branch manager, recognized Frost and shouted to Fried: "It's all right, Mr. Frost, the trustee. He's okay."

Three detectives stationed in the bank vicinity heard the Dec. 7 holdup, but not aware of Frost's last alert, heard the ensuing commotion and dashed in.

Thirty other detectives and policemen swarmed into the branch in response to the burglar alarm.

"You're lucky you didn't get hurt," detective Sam Botwinick told Frost.

"I didn't think it would take such a serious turn," said Frost.

The police were unable to arrest the whole gang, but no charges were brought.

### Photo Men to Meet

A meeting of all publications' darkroom members has been scheduled Monday at 7:30 p.m. by Manager Norm Hines.

### MSU Psychologist Says:

### Neurons Stop Controlled Learning

How do men learn? The process is best described as a random one, according to one group of psychologists.

An MSU professor acted as a sort of spokesman for this group last month as he presented its theory and some findings today in the American Assoc. for the Advancement of Science.

"We believe," Dr. Franz Beilke said, "that the billions of interactions that take place among the neurons (nerve cells) in the brain make it almost impossible for learning to be completely controlled or even determined in all its details."

By using the same type of mathematics involved in pre-

dicting the outcome of a game of chance, Beilke has been able to predict the outcome of experiments in which persons were required to learn.

One of these predictions was made at long range. The experts, all students, were divided into eight groups, each representing about the same range of intelligence.

Each subject was seated before two signal lights while various designs were flashed on a screen in front of him. If a red design was projected on the screen, the left light flashed. When it was a green light, the right light flashed.

But the subject did not know

color was the key. All he knew was that a certain type of design was associated with each light. For all he knew the left light flashed only for squares or for big objects instead of for small ones. He had to learn the pattern.

It was easy for the students who saw only red and green triangles. Adding red and green squares to the projections made it more difficult for the less gifted of subjects.

Before the experiments started, Beilke correctly predicted that the average time taken to learn the pattern would bear a direct proportion to the difficulty of each group's task.

## MSU Cagers Amass 6-1 Record During Pre-Season Competition

By LARRY WHOLEWERK

A strong improbable defense combined with a potent balanced scoring attack enabled Michigan State's basketball team to join the select circle of the nation's top 10.

The Spartans started their quest of the Big 10 title after amassing an impressive 8-1 record in pre-season competition.

In MSU's two games prior to first exams, the Spartans crushed Detroit, 88-51, and Butler, 72-46.

After a nine-day layoff, State resumed court action by whipping Notre Dame, 74-56, in the Irish home court.

Bolstering the back court reserves of State was 5' 9" Dave Fiske. The speedy guard missed the first two games until a conference ruling cleared his playing in a summer baseball tournament.

Then State engaged Nebraska,

and buried the Cornhuskers, 80-55.

The MSU total was the highest in the series with Nebraska, dating back to 1928. The previous high was a 79-55 decision for MSU in 1956.

MSU has a pair of high scorers in Bob Anderson and Horace Walker. Anderson topped both teams with his 30 points, eight from the free throw line. Walker collected 16.

After Christmas Coach Fredry Anderson's cagers were one of eight clubs which played in the Dixie Classic at Raleigh, N.C.

This three-day journey featured the most difficult of holiday tournaments. This year's

and buried the Cornhuskers, 80-55.

The MSU total was the highest in the series with Nebraska, dating back to 1928. The previous high was a 79-55 decision for MSU in 1956.

Dixie failed to score even a free throw until seven minutes had been played, and it registered its first field goal at the 9:30 marker.

Lance Olson pound the Spartan attack with 17 points, his personal highest total. Center John Green and Anderson drew in 14 points apiece.

Green sparked the Spartans to gain the finals by defeating North Carolina, 75-58. Two years ago, North Carolina defeated State, 74-70, in the NCAS finals, but three overtime sessions were needed to decide the eventual winner.

Green pumped in 26 points and grabbed 20 rebounds as the Spartans outrebounded their bigger rivals, 57-38. Anderson chipped in 16 points and Walker added 14.

North Carolina State topped Cincinnati from the midwest ranks and the nation's No. 1 team, perch, 69-60, to oppose State in the title game.

The Spartans showed their treadiness as North Carolina State grabbed a 43-32 half-time margin. The Wolfpack was never in trouble after the first 14 minutes of the game.

North Carolina State won its seventh Dixie Classic title by downing State, 70-61.

High point man for State was Olson, who collected 17 points. Anderson had 14 and Walker 12. Green, however, was double-teamed and managed only two rebounds and four points. Best output in his three year college career.

Although the Spartans fell short of a tournament victory, State proved its worth by playing with the nation's top teams.

Three teams — MSU, Cincinnati and North Carolina — came

in the classic undefeated and left with at least one loss.

In the tourney's opening day, State swamped cold-shooting Duke, 82-57.

Dixie failed to score even a free throw until seven minutes had been played, and it registered its first field goal at the 9:30 marker.

Lance Olson pound the Spartan attack with 17 points, his personal highest total. Center John Green and Anderson drew in 14 points apiece.

Although the Spartans fell short of a tournament victory, State proved its worth by playing with the nation's top teams.

With one championship already under their belt, the Spartans traveled to Troy.

SELECTED TO THE RPI All-Tournament team are Bob Olson (O), R.P.I., Ray Belinsky (C), R.P.I., Ed Pollesel (D), MSU, Dick Hamilton (F), MSU, John McBride (F), Princeton, and Bob Norman (D), MSU.

## Win 6 Games in East Iceers Capture 2 Championships

By DAVE BARRELL

Michigan State's high flying hockey team swept through all opposition in Eastern tournament play and established itself as a national collegiate power during the Christmas holidays.

The Spartans dazed North Eastern 7-1 and highly rated Boston College 6-0 in the first two games of the Boston Christmas Tournament. The well-balanced team edged Boston University in the final game to capture the championship.

Dick Hamilton deflected a pass from Terry Maroney at 15:06 of the final period for the margin of victory. BU wingman Bobby Marquis scored twice in the final period for the only score.

With one championship already under their belt, the Spartans traveled to Troy.

For the annual RPI Invitational Tournament where they set a tournament record with 28 goals.

On the opening night against Brown University, State started slow, but rallied with a six-goal final period to soundly beat visiting Brown team, 11-5. Five MSU skaters scored two goals in the contest, again demonstrating the depth and balanced scoring of the Spartan squad.

The Tigers of Princeton fell over in the Spartan attack the following night, but kept pressure on the stronger Michigan State team throughout the game.

The Spartans held even as two goals during the first period broke open the game with a three goal second period and three goal third period to end the Tigers for a 7-4 victory.

The Spartans then waited past host Rensselaer Polytechnic Institute (RPI) for the championship. The Engineers had swept past both Brown and Princeton in the first two nights of the tournament, but the three powerful front lines and sturdy defense of Michigan State was too much for the smaller RPI team.

Five Spartans landed down the Boston All-Tournament team. Boston University wing Bob Marquis, received the sole other position. Leading the list of Spartans was veteran goal Joe Selinger who stopped all but three shots in one of the best performances of his career.

Capt. Joe Polanski and Ed DeVuono joined Marquis on the front line, while Bob Norman and Ed Pollesel were selected for defense.

Selected from Michigan State to the RPI All-Tournament team were Dick Hamilton, forward, and Ed Pollesel, defense. Princeton center John McBride and RPI forward Ray Belinsky rounded out the offense. RPI goalie, Bob Olson was selected as the outstanding goaltender.

Russia 7, MSU-U of M 3

DETROIT — A combination of University of Michigan and Michigan State iceers was enough Tuesday night as the touring Russian National hockey team defeated the collegians, 7-3, at Olympia Stadium.

Six Spartans teamed up with the Wolverine iceers in the exhibition. They included goal Joe Selinger, defensemen Ed Pollesel and Butch Miller, and forwards Dickie Hamilton, Fred DuVoune and Bill MacKenzie.

Spartan冰ers connected for two of the three goals against the Russians. Hamilton, center, scored the initial marker at the 15:50 mark of the first period. He was assisted by teammate Peter Hayton.

University of Michigan's Dale MacDonald tallied the college All-Stars' second goal at 7:07 in the third period.

One minute later Polanski scored the collegians' final goal of the evening, assisted by Barry Dillon and Michigan's Barry Hayton.

The Russians connected for four of their seven goals while the collegians had men in the penalty box. The Michigan iceers were hampered by an international hockey rule for men in the penalty box.

This rule states that a team cannot "ice" the puck. In N.H.A. rules, a team may "ice" the puck without stopping play.

# Tankers Open Season Tonight

Iowa State Is Foe At Jenison

## Maidlow Bows Out With Win

By Jim Wallington

Iowa State coach Charles Maidlow's squad is ready for competition. "They have been practicing hard for some time now," he said.

The team does not elect a captain until the close of practice each year. Next elected captain is Don Patterson, ex-pat.

Tankers and their coach are optimistic about the coming season. Even though they lack depth, they are confident of ending a fairly good record this year. Student support of the team is a significant factor.

Although Iowa State is rated as second best team in the Big Eight conference, they are not among as Big 10 squads.

Jerry Patten of Iowa State was given Patterson trouble in his 100 yard freestyle; he swam fast against State last year.

State looks for a good performance from sophomore Jim Engel in the 200 yard individual medley. Swimming in a 200 yard and 440 yard freestyle with Bill Stewart is Engels' specialty.

Another sophomore, Art Mansfield, is entered in the 200 yard medley. Veteran Al Conom will swim the 200 yard backstroke as well as the individual medley.

Frank Motte will compete for State in the breaststroke.

**Sponsor Sought By ABC-TV For NCAA Final**

THE NATIONAL COLLEGE SWIMMING CHAMPIONSHIP CONVENTION, which will be held in Los Angeles, California, on March 15, 1958, has been invited to appear on the television network.

According to WGN-TV, Chicago, WGN-TV, the NBC affiliate, has been invited to broadcast the convention.

It is up to the network to obtain a sponsor and make it possible for spectators to see the championship games on television Saturday night, March 15, at Indianapolis, Ind.

NCAA officials refused comment pertaining to arrangements for the television network.

A network spokesman would say only that ABC hoped to telecast the games, but that the deal had not been negotiated.

The booking price could not be determined, but a figure of about \$25,000, the fee paid for a major baseball game, could seem logical.

State News Editor - Jim Wallington

**PAUL DIETZEL**, head coach of Louisiana State University, was recently named "Coach of the Year" for 1958 by the Football Writers Association of America.

Host Northwestern took runner-up honors with 45 points. Minnesota had 44 and Purdue 43.

State started slow with Joe Marshall losing to Purdue's Stan Hertel for the 137 pound divisional championship. Then sophomore Norm Young started the Spartans on the winning trail with a decision over Jim Arendes of Minnesota in the 130 pound division.

Bill Gieraldo, M.R.C. sophomore, failed to reach the 137 pound final, but he won a consolation match by pinning Badger Scott Davis.

State then took three straight bouts. First Jerry Jardine took the 141 pound title with a decision over Minnesota's Chuck Kraft.

Art Kraft of Northwestern gave Spartan Bob Moyer a tough tussle in the 137 pound division before Moyer gained a decision. Kraft, however, nosed out Northwestern's Chuck Arendes for a State win.

## In Pan-American Gymnastics Trials

# Ex-Illini Star Turns Trick for Spartans

EDWARD Hartman, assistant Illinois gymnastics coach and 1958 NCAA tumbling champion, established himself as a top contender for a berth in the Pan American games by winning his section in the first of two trial events Dec. 16-17 at Orlando, Fla.

Hartman now also competes in a second preliminary round scheduled for Tampa City this summer, before qualifying for the Pan American games, to be

held in late August at Chicago.

The June Illinois graduate's NCAA tumbling win helped the Illini gain a tie with Michigan State for the national crown.

Both teams will compete in the Pan American trials.

In a "North-South" meet of their little members, Michigan Team, Detroit, lost 10-11 to the Illinois, 11-10. Alice Gammie of the Spartans placed second behind the top Illini, Barbara Jeanne

second in long horse and fifth all-around in the Pan American trials.

In a "North-South" meet of their little members, Michigan Team, Detroit, lost 10-11 to the Illinois, 11-10. Alice Gammie of the Spartans placed second behind the top Illini, Barbara Jeanne

## For Improper Inducements?

### S. Cal. Put on Probation

CINCINNATI (UPI) — The University of Southern California football night was placed on interim probation effective immediately by a Board of Appeals of the NCAA council. The council said the university's failure to adhere to amateur requirements by its student athletes

will be ineligible to enter athletes in tournaments in any NCAA championship meet for the rest of the 1958 season and like meets which compete with the NCAA.

At Southern Calif. would still be eligible to participate in other television programs under control of the NCAA.

Any violation of NCAA requirements during the period of probation will be considered by the council as cause for revocation of its membership.

During the first year of the new probation period, 1958,

## Spartans Gain Split In Big 10 Cage Tilts

Five games in eight days is certainly a tedious assignment for any basketball team. Coach Fordy Anderson's highly ranked cagers experienced such a task the past week.

After three rough games in the Dixie Classic, MSU defeated Indiana, 70-77, on State's home floor.

The Spartans proved they could win without the services of All-American candidate John Green. The 6-3 center left the premises with 12:35 to play in the second half and the Spartans leading 55-42.

Sophomore Art Gowens came off the bench to salvage the Spartan victory before 6,447 fans and countless millions on TV.

Horace Walker, 6-3 forward, tossed in the winning basket with eight seconds remaining to break a 75-77 tie.

After the Spartans took a three-point lead, Anderson matched wits with Indiana's Branch McCracken, a seasoned veteran of 18 coaching years.

Anderson ordered his squad to go into a stall at mid-court. This was Anderson's strategy to make Indiana come out of its zone defense. It worked.

In the second half the lead changed hands five times. In the closing seconds State jumped ahead 75-71.
