Africans Fear New Disorders

JOHANNESBURG, South Africa (AP)—A threat of renewed racial unrest broke out in South Africa Thursday. Pamphlets distributed in African settlements about Johannesburg called on all Negroes to stage a one-week work boycott beginning Monday.

The mimeographed pamphlets were signed by the emergency committee of the African National Congress.

The African National Congress is a militant Pan Africanist Congress, under the state of emergency regulations.

In Cape Town, the government information office announced that 80 Africans—83 Africans and three Negro policemen were killed in the racial riots between March 21 and April 4.

As white persons were killed, though it was reported, according to the office's summary, that included 28 policemen, 1000 persons were reported to be injured.

The period covered was from the March 21 Sharpeville shooting in which police fire killed 10 Africans and wounded 180, to last Saturday, when a white assassin wounded Prime Minister Hendrik Verwoerd.

These figures are not necessarily the total casualties, as some may not have been reported to the authorities, the office said.

It estimated damage by fire in the Cape Peninsula alone during the riot disturbances at 100,000 pounds (\$200,000).

Most of the fires occurred in African settlements, chiefly Tanga and Nyanga near Cape Town.

Full Quota Of Summer Classes Set

School will be in full swing this summer with courses from every college being offered for the first ten week sessions.

According to Dr. Clair Taylor, director of summer school and evening college, another big attraction will be courses in practical application being taught at locations other than the East Lansing campus.

One such session is the Forestry Summer Camp being held at the Cape Peninsula near Sault Ste. Marie in the upper peninsula. The course will run from June 13 to Aug. 27.

Also being held at the same location is the Civil Engineering Summer camp from June 20 to Aug. 12, and the Park Management Summer Camp from June 20 to Sept. 2.

The W. K. Kellogg Gull Lake Biological Station will be holding courses in biological studies from June 20 to Aug. 12. Given to the university, the Gull Lake estate is located near Kalamazoo and Battle Creek and has been holding summer sessions since 1934.

On the MSU campus, 5,000 students are expected to register for one of the three sessions being offered. For the second year, a full ten-week term will run from June 23 to Sept. 2. This term is comparable to one of the three terms during the regular school year.

The five-week sessions will be held in which the same amount of work is covered in half the time.

The first session will run from June 23 to July 23. The second session will run from July 23 to Aug. 23. The third session will run from Aug. 23 to Sept. 2.

Bill for Hatchery Sites Approved

By THE ASSOCIATED PRESS
A bill for the establishment of a site in the Pigeon River State Forest, Antrim county, for a federal fish hatchery and a controversial land swap in Emmet county were approved Thursday by the State Conservation Commission.

Both passed by 4-2 votes.

The 110 acres on the Jordan River will be used by the U.S. Fish and Wildlife Service as a hatchery for lake trout. It is located near the Grand Lake.

The tract, which is now owned by the State, is being brought under control.

A CHARITY Easter party was given for children at Sparrow Hospital Thursday.

The women of Pi Beta Phi sorority and the men of Sigma Alpha Mu fraternity worked together Wednesday night at the

SAM home preparing the party. Eggs were colored, baskets decorated, and presents were wrapped for the children.

The party was financed by the "Sammy Scrub," an annual charity fund raising car wash

put on by SAM.

The Pi Beta Phi and SAM's hope to establish the Easter party as an annual event, announced Sharon Jones and Mel Clayton, co-chairmen of the party.

Celebrate in Holy Land

Easter Pilgrims Honor Jesus

JERUSALEM, Jordan Section (AP)—Christian pilgrims from east and west gathered under olive trees in the garden of Gethsemane Thursday to commemorate Christ's agony on the night of his betrayal.

But the full re-enactment of that evening was difficult. Gethsemane and the Upper Room where Christ had his last supper now are in two different countries that are technically at war. Gethsemane is in the Arab kingdom of Jordan; the Upper Room site is across no-man's-land in Israel.

Until 1948 Franciscan friars led a pilgrimage through the old city to the Upper Room each Maundy Thursday. Thursday the

pilgrimage moved through the old city but had to stop at the edge of no-man's-land.

Every hotel, inn, convent, monastery and more private homes in the Jerusalem area are solidly booked.

This year eastern and western

Christians are observing Easter on the same date. This means a double influx of pilgrims.

Thursday was devoted to services related to the agony on the night of betrayal—washing of feet and an hour of silence in Gethsemane.

Today the Crucifixion and Burial will be recalled when pilgrims carry crosses on the way of the cross.

On Saturday the Resurrection will be celebrated with a service of holy fire at the Holy Sepulchre.

U. S., Britain Fight French On Issues

WASHINGTON (AP)—The United States and Britain Thursday sided with French pleas that they join Russia in stepping up economic aid and cutting back weapons shipments to underdeveloped countries.

Foreign ministers of the Big Three western allies disagreed on the issues as they wound up a pre-Summit harmony conference.

The dispute somewhat dulled their success in forging an otherwise solid front on the Berlin-German and disarmament problems their chiefs will discuss with Soviet Premier Nikita Khrushchev at next month's Summit conference in Paris.

The Allied foreign ministers, including West Germany's Heinrich von Brentano, pronounced themselves well satisfied with the result of their three days of strategy talks.

"Preparations are well advanced for the effective presentation of the western position at the Summit," a final statement said.

Secretary of State Christian Herter teamed with British Foreign Secretary Selwyn Lloyd to block approval of the French proposal advanced at the last session by French Foreign Minister Maurice Couve de Murville.

Soviets Stall Western Try For Action

GENEVA (AP)—The Soviet Union slammed the door Thursday on a fresh Western bid to get the 10-nation disarmament conference down to brass tacks.

Soviet Deputy Foreign Minister Valerian Zorin rejected offhand a U.S. offer to negotiate a quick ban on production of fissionable materials for military purposes.

Under the Western plan the ban was to be followed by gradual dismantling of existing nuclear warheads and conversion of their atomic charges to exclusively peaceful uses.

U.S. Ambassador Frederick Eaton introduced the proposal in a final western attempt to break the disarmament deadlock before the conference adjourns for Easter. He coupled it with an offer to let Soviet inspectors roam freely in U.S. nuclear materials plants in return for western inspection of similar Soviet plants.

Zorin brushed it all off by saying: "Mr. Eaton's proposal today implies more control than disarmament."

Students to Present French Play Thursday

"La Rente Viagere," a play given by French students in French, will be presented Thursday, April 21 at 8 p.m. in the Music Aud.

Students from French conversation classes 209 and 108 will give the play in connection with seven music students.

The play by Gabriel D'Annunzio stars Linda Hoover, Clinton soph.; William McMahon, Milford soph.; Anson Lovellette, St. Joseph soph.; all second year French students, and Robert Kobel, Detroit jr., first year French student.

Mrs. Margaret Miller, assistant instructor of French, directs the play. She joined the foreign language staff in 1943 and has directed nine other plays in French since then.

The play centers around the efforts of an old French woman

Ashley Ruled Ineligible For AUSG President

Tie to NSA Is Refused By AUSG

Congress Defeats
Affiliation, 19 to 10

AUSG Wednesday defeated a bill to affiliate with the National Student Association, and passed a \$6,000 budget in a record length meeting.

Congress refused, 19-10, to join forces with the NSA.

Jim Kwoeder, national program vice-president of the NSA, detailed advantages offered by the organization.

He said that Cornell University considered its membership invaluable, "above and beyond" the money involved for dues and other fees.

Cost of MSU joining NSA would be approximately \$1,200 per year.

Dick Holmes, AUSG executive vice-president, said in asking that MSU go with NSA, "We can't hide our heads in the sand for the rest of our lives."

Dismissing President Bill Livingston said "My personal attitude is that, at this time, MSU is not ready for NSA."

The question was brought forth whether NSA, as primarily an "institution for small schools," was ready for MSU. One congressman said "They're not developed enough to help us."

The decisive vote was taken after nearly three hours of discussion.

Congress passed, after discussion, a \$6,140 budget for spring and summer terms.

An amendment was offered to give the academic benefits committee \$1,000, but was voted down. Opponents claimed that the committee has not come up with a concrete plan and that the committee had no need for the money until it did.

A motion to give financial support to Block S was referred to the committee on student rights and welfare for further study.

Draft Winds Swirl Around Stevenson

NEW YORK (AP)—Draft winds were swirling around Adlai E. Stevenson Thursday.

A newly-formed Stevenson For President committee said it is seeking a million or more signatures in the metropolitan area on petitions urging that he be drafted for the Democratic presidential nomination.

David Garth, a television producer who heads the committee, said similar organizations are operating in 24 states.

MSU Briefs

Last Day to Order

Today is the last day Seniors may order graduation announcements. They are available in the Union Bookstore.

Caps and gowns may be ordered throughout spring term.

Petitions Available

Today will end petitioning for '60 Club membership. Petitions are available in the Union course. All students graduating in 1960 may apply for membership.

Attends Conference

Dr. M. Ray Denny, MSU, is one of 12 noted psychologists invited to take part in a national conference concerned with research on learning in the mentally deficient.

Prof to Demonstrate

Dr. Lettner of the Physics department will travel to Eastern Michigan College April 30.

Good Friday Show Presented By Chorus and Orchestra

The MSU chorus and orchestra will present "The Dream of Gerontius" as its Good Friday program tonight at 8:15 in the Aud.

Dr. Homer L. Jones of the music department will direct the presentation.

"The Dream of Gerontius" by Edward Elgar, is based on the 19th century poem by Cardinal Newman. The work is well-known in England, but has rarely been presented in this country.

It deals with the "redemptive drama of every Christian soul: Death, judgment and the life of the world to come." Elgar's

setting is a musical representation of that drama, utilizing the resources of solo voices, chorus and full orchestra.

Soloists for the Good Friday concert are members of the voice faculty of the music department. Edward Richmond, tenor, will sing the role of Gerontius. Ethel Armping, contralto, and Glyn Greenwell, bass, will carry the supporting roles.

The 120-voice MSU chorus is composed of students, faculty members, their wives and husbands and residents of this area. It is the only organization on campus which regularly gives performances of major musical works with orchestra.

Question Petition's Validity

The Elections Board of AUSG ruled Thursday night that Herb Ashley is ineligible to run for AUSG president in next Thursday's election.

The board ruled that his petition did not contain the necessary 100 signatures.

Ashley had been informed during the afternoon by Harold Hedges, elections commissioner, that the validity of his petition was in question.

Ashley appeared before congress Wednesday night to ask for permission to petition for the office. He did not meet the requirement of serving for one continuous year previous to petitioning.

Congress voted 14-10 in a secret ballot to allow him to petition.

Bryce Plapp, speaker of congress, vacated his chair during discussion prior to voting on Ashley's running because of a possible conflict of interests. Plapp has announced his intention to run for the presidency.

Congress also approved the qualifications of Dan Reidel, another candidate for president, by a 25-6 vote after moving to discontinue the interrogation as to qualifications and knowledge of AUSG.

Reidel did not meet the AUSG requirement of one full year previous to petitioning due to a two-week lapse between his resignation from one committee and his appointment to another.

Ashley turned in his petition to the election board Thursday afternoon. The board called him at 5:30 p.m. and informed him that he did not have the necessary signatures on the petition.

Ashley appealed this, asking that his name on the front of the petition be counted to give him the required hundred.

Money Bill Passes House Committee

WASHINGTON (AP)—An \$8.146,167,400 money bill carrying funds for new federal buildings in 13 cities, among other things, cleared the House appropriations committee Thursday.

It will be considered next week by the House.

Despite a \$270,729,000 cut from appropriations requested by President Eisenhower, the measure provides \$1,109,360,200 more than was provided this year for more than a score of government agencies.

The new funds are for use during the fiscal year starting July 1. The largest allotment was \$5,332,567,000 for the Veterans Administration, which had requested \$5,397,976,000.

Funds approved included \$39,100,000 for construction of hospital and domiciliary facilities and \$3,800,000,000 for pension and compensation payments.

The National Aeronautics and Space Administration was given \$876,015,000 of the \$915,000,000 it wanted. This included more than 900 new jobs and authority to transfer to its own payrolls an estimated 5,400 employees now financed in the Army's budget.

Dillon Designated DeGaulle's Escort

WASHINGTON (AP)—Under Secretary of State Douglas Dillon Thursday was designated as official escort for French President Charles De Gaulle on his tour of the United States.

Dillon formerly served as U.S. Ambassador to France.

De Gaulle will visit Washington April 22-26. He will then go to New York City, San Francisco and New Orleans. Dillon will accompany him.

Education Must Aid Civil Rights: Hannah

By LINDA HOOVER

Full civil rights will be attained by education, not just law and court orders, Pres. John Hannah told a meeting of the local chapter of the NAACP in the Union Wednesday night.

"We must seek a natural climate of intolerance toward intolerance that will make court injunctions unnecessary. This is the problem of education."

Dr. Hannah, chairman of the U.S. Civil Rights Commission, addressed more than 200 students and faculty members.

In a general restatement of the philosophy of civil rights, Dr. Hannah pointed out that the founding documents of this country set standards so lofty that they were "almost" beyond attainment.

But, he added, the founding fathers installed the basic elements of a political system in which these ideals might be put to use.

The problems of today are tied to the past, he noted.

"We're not dealing with a new problem."

The Civil Rights Commission early decided to concentrate on housing and education, he explained, but has now added justice and employment practices to its investigations.

Noting that there is no domestic problem more important to United States—for problems at home, and for stature in the world, Dr. Hannah declared that the "acid test" of American democracy is discrimination. He expressed his belief that "American ideals of what is good and decent" eventually will cause the problem to disappear.

The first civil rights bill in 87 years was passed in 1957, and the second has just been passed, he pointed out, noting that "this is real progress."

He reminded, however, that progress may be "uneven" because problems vary in different areas.

All the problems of civil rights intersect, Dr. Hannah pointed out, and there is danger in the possibility that in the North, where there is no discrimination in voting and education, the problem of housing and justice may be ignored.

Pinpointing the factor of education, Dr. Hannah offered that

New Cuban Rebel Gets Faint Hope

LAS MERCEDES, Cuba (AP)—Villagers here in the Oriente Province foothills see "little chance that an army captain rebelling against Fidel Castro can hold out for long against the bearded Prime Minister."

All sources agree they have seen large movements of regular army troops in the foothills of the towering Sierra Maestra during the past few days. Castro himself is in personal command of the search for Capt. Manuel Beston.

"If the Campesinos (peasants) don't get him," said one storekeeper, "Hunger will. There's nothing to eat up there for another month."

WKAR Due For Holiday

WKAR-AM and WKAR-FM will be off the air Easter Sunday to allow employees to attend church services and celebrate the holy holiday with their families.

WKAR-FM will also be off the air Monday and Tuesday to make needed technical adjustments at their transmitter.

The operations of WKAR-AM will continue uninterrupted on the two days.

The FM station expects to resume normal broadcasting beginning Wednesday.

Parents' Weekend Plans Set

Parents' Council has selected the weekend of May 14-15 as Parents' Weekend. The purpose of this weekend is to acquaint the parents of students with the facilities, opportunities, and faculty of Michigan State.

Many special events have been scheduled for the weekend. On Saturday parents may see a wide variety of sporting events, including golf, baseball, track, and football. There will be no lack of entertainment, since the Spartan Circus and International Festival are featured on Saturday also.

One of the highlights of the weekend will be a coffee hour for all parents. This will be held Saturday from 1 to 3 p.m. in the Union. President Hannah and representatives from the various colleges will be present to talk with the parents.

Open houses in all living units will be held on both Saturday and Sunday. This will give parents an opportunity to become familiar with the environment and atmosphere of their children's "home away from home."

Educators Plan Meeting For Midwest Teachers

Midwest classroom teachers will have an opportunity to study the latest advances from the nation's educational research laboratories as the result of an April planning session at MSU. About 25 top educators and researchers from Michigan and six other midwest states will meet at Kellogg Center April 19-20 to plan a fall experimental conference on new media in education.

The fall conference is tentatively set for Sept. 13-16, and will draw an estimated 350 participants. Attending this conference will be persons in state education departments, curriculum supervisors in elementary and secondary

schools, and deans of instruction in colleges and universities. Also invited will be college and university researchers on media use, researchers attached to some of the larger school systems and selected researchers from commercial and industrial firms.

Meeting to plan this fall conference will be representatives from seven states. Representing Michigan will be Dr. G. Robert Koopman, director of curriculum research, State Department of Public Instruction; Dr. Charles Reid, assistant superintendent of Waterford Township schools; and Dr. Donald Lloyd, of the Department of English, Wayne State University.

WKAR Honored at MEA Banquet

The 1964 School Bell Award has been awarded to Michigan State University radio stations, WKAR and WKAR-FM, by the Michigan Education Association. The award for distinguished interpretation and continuous coverage of education by the stations was accepted by station manager Lawrence Prymire at

an MEA banquet in the Lansing Civic Center. This year marks the first annual presentation of the School Bell Awards to members of mass communications media for excellence in reporting, interpreting and constructively criticizing the problems and progress of public education in Michigan.

WKAR was the first and only radio station to receive the MEA award. Four daily newspapers, one television station and the Outdoor Advertising Association of Michigan and its affiliated agencies were also honored at the MEA banquet.

O'Brien's Record Toss Approved

LONDON (AP)—Percy O'Brien's 63-foot 4-inch toss of the 16-pound shot on Aug. 1, 1959 in New Mexico was ratified as a world record by the International Amateur Athletic Federation Thursday.

It was one of 37 world records put into the books by the IAAF, whose headquarters are here. Twenty-three records were set by male athletes and 14 by women. Geographically, Russian athletes took 19 of the marks, those from the United States 7 and 4 were established by Australians. Dallas Long's of 63-2, made on March 25, 1958, also was approved and remained on the record books for only a few minutes until O'Brien's superior throw could be approved.

Bill Woodhouse of Abilene Christian College and Rosevear Cook of Oregon University, were officially recognized as having run the 100-yard dash in 9.3 seconds. They joined seven other sprinters as world record holders for the distance.

Other U.S. claims for world records approved included the 282-21g javelin throw by Al Cantello at Compton, Calif., on June 5, 1959; the 1:22.6 clocking of the Abilene Christian College half-mile relay team and the 7:20.9 time of the University of California two-mile relay team.

At Old College Field

Kobsmen Play Alma In Saturday Twinbill

After compiling a five-win and four-loss record on its southern training trip, the Spartan baseball team will inaugurate its regular season play Saturday in a doubleheader with Alma College. The games are scheduled for Old College Field starting at 1 p.m.

The Kobsmen were unable to hold outdoor practice until this week due to the inclement weather that has plagued them since their return from the south. This has partially hobbled Coach Kobs' plans of sharpening the team's hitting, which was erratic during the training trip.

Four Spartans batted over 300 on the trip. Bob Monerka topped the team with a sparkling .429 average. John Hendee hit .371. Bill Schudlich .355, and Ron Marlett .312. The next highest average was posted by Pat Sartorius at .217.

Coach Kobs took advantage of the weather this week by holding intra-squad games.

Kobs plans to use as many of his players as possible in both Saturday's doubleheader and Monday's single game with Albion, with his pitchers working

three inning stints. These are the last games for State before it begins conference competition. The probable starting lineup for Saturday's tilt:

Pitcher: Golden, 1b: Bill Schudlich, 2b: Ron Marlett, 3b: John Hendee, cf: John Fleet, lf: Bob Monerka, c: Pat Sartorius, ss: Jerry Luminiski, 3b

Thinclads At Quantic

The MSU track team left yesterday morning for Quantic, Virginia to participate in their first competition of the season, the Quantic Marine Relays.

At the time the State News went to press the four Spartans who were selected to make the trip were unknown. Likely travelers are Willie Atterberry, Jim Carr, Brian Castle, Bob Lake, Billy Reynolds, Tony Smith, and Jerry Young.

IM Results

Bengals Finally End Loss Skirm: Top Senators, 8-3

LAKELAND, Fla. (AP)—Detroit broke a four-game losing streak with an 8-3 victory over Washington Thursday.

Scoring all their runs off Pedro Ramos, the Tigers rapped out 13 hits with Harvey Kuenn and Neil Chrissy getting three each. Frank Lary went 7 innings for the Tigers and gave up all 3 Senator runs and 5 hits. Hank Aguirre finished up and kept the Senators from scoring, giving up scratch single.

Camillo Pascual went the first 3 innings and then Ramos gave the Tigers two runs in the fourth on a single by Chrissy, a walk to Steve Bilko and Lou Berberet's double.

In the fifth, 10 men went to the plate and 6 scored as Charlie Maxwell, Bilko and Eddie Yost knocked in 2 runs each.

Pirates Whip Cincinnati, 13-0

PITTSBURGH (AP)—Vernon Law, backed by the lusty hitting of his Pittsburgh teammates, blanked Cincinnati 13-0 on 7 hits Thursday in the season's opener at Forbes Field.

The Pirates blasted five Cincinnati hurlers for 11 hits, seven of them extra base blows, including a two-run homer by Billy Mazeroski.

Roberto Clemente led the Pirates onslaught with a pair of doubles and a single to drive in five runs.

Mazeroski drove in four runs, accounting for two on his long homer over the left field score-

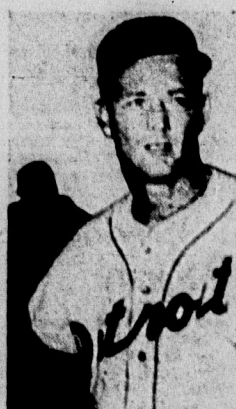

board in the second inning and two more with a double in the fifth.

Cal McLish, who had an 19-8 record with Cleveland last year, lasted only 2 1/2 innings in his first starting assignment for the Reds.

The 34-year-old righthander clipped for five runs and five hits—all extra base socks before turning over the chores to Brooks Lawrence.

The Pirates batted around in the fifth to chase Lawrence with a six-run onslaught. He was followed by Bob Purkey, Raul Sanchez, and Ted Wietand.

Law, the Pirates' top winner in 1959 with a 18-9 record, struck out two and didn't walk a man. The Pirates also backed him with three double plays.

Sawyer Quits As Phils' Boss

PHILADELPHIA (AP)—Eddie Sawyer, unruffled and smiling, resigned Thursday as manager of the National League's Philadelphia Phillies with the simple explanation he didn't want the job.

A "shocked" Bob Carpenter, Owner-President, and a "sorry" John Quinn, General Manager, promptly announced that Gene Mauch, now managing Minnesota in the American Association, would succeed Sawyer.

Never before in Major League history has any manager either quit or been fired so early in the regular season. The Phils played once, and lost, at Cincinnati. They open the home stand tonight at Connie Mack stadium against Milwaukee.

Sawyer's resignation — It was the second time he's quit a regular season. The Phils played once, and lost, at Cincinnati. They open the home stand tonight at Connie Mack stadium against Milwaukee.

First Scrimmages Feature Grid Drills

Spartan gridlers "hit" for the first time this spring Thursday.

Head football coach Duffy Langley had three separate scrimmages going at the third day of spring football.

Play in the scrimmages was varied. But it was expected, according to Daugherty, because it was the first workout of its type this spring.

Saturday is another scrimmage day for the Spartans. One half of them will work in the morning with the rest going in the afternoon.

"I want to get a good look at all of you," Daugherty said to his gridlers explaining the split practice. "With the two practices we can get a better look."

Backfield speed was the most impressive factor in Wednesday's scrimmages. Several times backs ran by the defense. But the defenders had the upper hand.

One stand-out was junior fullback Mitch Newman, who weighs 161 pounds and stands at 5'7". Several times he butted through the tough defense without the benefit of downhill blocking.

Sideline observers rate Newman just as good or better than

IM Officials To Attend Clinic

A softball clinic, sponsored by the Lansing Softball Advisory Board, will be held Saturday at the Meit's IM building. Softball officials of the greater Lansing area will attend the meeting.

IM officials are expected to attend the meeting.

The afternoon session is being opened for Sponsors and Managers. The time of the meeting is from 1:30-3:30.

Park Baker, last year's player-sized plunger.

Jim Eaton, Ron Watkins and Bob Suel were halfbacks that broke clear for scoring tries.

Each of the top four quarterbacks took part in handling a unit in the practice. Tommy Wilson handled what apparently was the first string with Don Stewart running the second.

Army Shooters Place 2nd, 5th

MSU Army ROTC rifle teams placed second and fifth in the NBA Intercollegiate Shoulder to Shoulder Rifle Championship held on campus last weekend.

A total of 12 teams from six different schools competed in the championship meet.

An Ohio State team took top honors with a score of 1120 out of a possible 1200. Close behind, with a total of 1412, was one of the MSU teams.

In addition to the team competition, 57 individual shooters participated in the meet.

Stuart D. Hallock, Ithaca, N.Y. soph., won third place with a score of 285, out of 300.

Jerold Nye, St. Joseph, Mo., took fourth spot with 283 points.

Following the meet, Lt. Col. A. D. Goudreau, executive officer of the army ROTC detachment, presented the trophies and individual awards.

Tribe Cuts Locke

CLEVELAND (AP)—The Cleveland Indians optioned 26-year-old right-hander Bobby Locke to Indianapolis of the American Assn.

Locke had been counted on as a starter in the Indians' pitching rotation, but he was ineffective in spring training.

Mohr Still Critical

MADISON, Wis. (AP)—The conflict of Charles Mohr, university of Wisconsin boxer injured Saturday night while defending his 165-pound division title, continued unchanged again Thursday.

Shortly after his fight, in which he lost to Stu Baricelli, member of the San Jose (Calif.) team, Mohr underwent surgery for removal of a blood clot on the right side of his brain. He received last rites of the Roman Catholic church in the hospital.

Slugfests, One-Hitters Highlight IM Softball

Lee Mulnis singled with two men on in the last half of the fifth inning to lead the Delta Upsilon nine over Phi Kappa Sigma 3-2, in IM softball action Thursday evening. The Phi Sigs held a 2-1 lead going into the last of the fifth, but their pitcher Allan Siefert could not stop the DU's.

Phi Taus scored once in each inning to edge Delta Chi 4-3. Ross Rooder tossed a six-hitter for the victory, striking out three and walking five.

Farmhouse out-slugged Delta Sigma Phi in a wild contest, 16-13. Farmhouse held a comfortable 10-1 lead at the end of three innings, but gave up 12 runs in the last two.

Wayne Givordala of SAE allowed only one hit as his team topped Sigma Epsilon, 3-1. He struck out eight and walked

Four in the five inning game

Mike Diven doubled in the fifth inning to spoil Chuck Brummer's bid for a no-hitter as ATO triumphed Theta Chi, 13-1. Brummer struck out four and walked three in the game.

In another landslide victory, LCA scored 16 runs on only seven hits to trounce Phi Sigma Epsilon, 16-1. LCA took advantage of ten walks and an error to pile up the score. Gary Ruth, LCA's pitcher, struck out 11 and allowed only three hits for the victory.

Phi Epsilon scored all the runs in the first two innings to oulton Alpha Gamma, 13-0. Hutchinson and Nye smashed home runs for the Phi E's.

Phi Sigma Kappa won a forfeit victory over Delta Sigma Phi.

11 Spartan Wrestlers at Olympic Trials

Eleven Spartan wrestlers have been attracted to the Midwestern Olympic Wrestling tournaments at Toledo, Ohio, today and Saturday.

Bidding for Olympic team berths are OKIA Johnson (114½ pounds), John Kreeg (125½ pounds), Norm Young and Dave Chester (138½), Gary King, Dave James and Jerry Jachard (147½), Andy Fink (160½), Merle Prebel and Ken Majdlov (191) and John Bacon (heavyweight).

Johnson, King and Bacon all won Ontario championships last week in a warm-up for the Olympic tryout.

The top two wrestlers at each weight will advance to the Olympic finals at Iowa State College, April 28.

Wrestling coaches Feudley

Collins and Gale Mikles will accompany the Spartans. Collins is secretary to the U.S. Olympic Wrestling Committee.

PAT McCARTY LOOKS AT LIFE

Dooley handles people in a way that would make a campus politician blush. Because of him MEDICO has flourished, and because of MEDICO Dr. Dooley has become famous. But what prompted this handsome young doctor to become a do-gooder in the far-off jungles of Laos?

Philosophy students, here is an example of a modern-day man who may be using imperfect means to reach a high goal. Or is his goal a selfish one which he hopes to attain by posing as a good doctor? At any rate, Tom Dooley is a controversial figure who deserves serious consideration by anyone interested in understanding the great men of today.

LIFE

One of the nicest things about learning about life through Life is that we can actually see what is going on. Life readers are not only told about, but are shown the factors which make Twentieth Century living interesting.

So grab your scissors, friends, and start clipping the articles which will one day make history come alive for your grandchildren.

HISTORIANS OF OUR AGE
will undoubtedly study the sociological implications of the nationally publicized elopement of Remington heiress Gamble Benedict and her Romanian Prince Charming, Andrei Pomurbeanu. While Americans cheered last week, the lovebirds raced from New York to North Carolina for their second try at a runaway wedding.

This time they were so certain of success they even invited a Life photographer to go along with them. And, sure enough, the two were finally united in a civil ceremony in Hendersonville, N.C. The question of the week seems to be: Will the \$2 million heiress find happiness as the wife of a man 16 years her elder who is worth a cool \$10, before taxes?

As you sit at your typewriter slaving over term papers, be cheered with the knowledge that you are among the mass which lends financial support to such romantic cavorting.

ANOTHER WORLD-FAMOUS personality, who travels for a more philanthropic cause, is Dr. Tom Dooley, the Schweitzer of Laos.

Life this week takes a look into the motives of the man who has done so much to fight communism and to build America's prestige in the Far East. That he is doing a praise-worthy job no one can deny, but interviews with his associates have indicated that his character is far from Schweitzer-like.

Men who are looking forward to matrimony this spring may be interested in learning that a woman can spend over \$90 for beauty aids for her hair, face and hands. However—let's face it—as long as men continue to melt at the sight of big blue eyes, women will continue to plaster eye shadow on their faces clear up to their brows if necessary.

PICTURES WORTH clipping simply for the emotions they capture. Portrait of Laurian Cardinal Rugamwa, first Negro Roman Catholic cardinal. Simone Signoret before receiving her Academy Award; Pittsburgh steelworkers enacting a passion play; and patrons of Central Park as spring comes to the "greenhouse" surrounded by a high stone hedge of buildings.

April 15, 1966

MRS. ROBERT SCHULTZ reaches out to take her five-year-old son, Peter, one of five children rescued from their home in the Meadowbrook subdivision of Wheeling, Ill. Melting snow flooded the area which is about 30 miles northwest of Chicago. (AP Wirephoto)

Lumber Grading Rules Techniques Topic of Meetings

The techniques and regulations of lumber grading will be discussed at a meeting of the National Lumber Graders' Association, which will be held at the University of Michigan on April 16-17. The meeting will be held at the University of Michigan, which is sponsoring the event. The meeting will be held at the University of Michigan, which is sponsoring the event. The meeting will be held at the University of Michigan, which is sponsoring the event.

Students Fly to Day's Session in Pittsburgh

Sixty-nine MSU special and graduate students representing food chains, distributors and food processors visited the H. J. Heinz Company in Pittsburgh, Pa. this past week. The group boarded two planes at the Capital City airport about 7 a.m. Tuesday, flew to Pittsburgh, spent the day there, and returned to Lansing about midday. The Heinz company spoke up the tab.

The company flew the 69 students and 14 faculty members by chartered airlines for the all-day third annual session. Frank Armour Jr., president, greeted the group at Pittsburgh and outlined the day's program. Dr. Edward Ramey, director of the MSU Food and Distribution program, briefly discussed the group's mission. During the morning the group toured the production and distribution facilities of the Pittsburgh plant, and also saw a film on food processing at other Heinz plants throughout the country. Following a noon luncheon the group visited laboratories and kitchens of the Heinz Research Center. A marketing show, "A Modern Method of Presenting a Marketing Program" was put on for the group. The MSU group questioned a company panel of the management personnel after the show.

Mez, Photographer To Honeycomb in U.S.

America said Thursday President Johnson has invited the weekly newspaper to the White House in Washington. The British Embassy in Washington has received the President's invitation. Sources at the U.S. Embassy in London and at Chancery House, the Prime Minister's residence, said they knew nothing of the report. The Prime Minister's secretary said the Prime Minister would be married May 6.

Big Question Is What He's Planning

Rocky Goes Back on Road

ALBANY, N.Y. (AP)—Gov. Nelson Rockefeller, still being mentioned as a possible Republican presidential nominee, will again carry the famed Rockefeller personality before voters in various parts of the nation. He will embark next week on the first of a series of visits that will take him to Pennsylvania, Illinois and North Dakota. Other out-of-state visits will be scheduled soon. Rockefeller insistently insists he is not and will not be a candidate for Republican nomination. But he does not rule out a Rockefeller draft and he refuses to endorse his party's only candidate, Vice President Richard Nixon. With the national convention

a little more than three months off, Rockefeller's continuing refusal to support Nixon is feeding speculation the governor still has hopes of being nominated himself. It is against this background that Rockefeller will resume the out-of-state tours he ended last December, when he withdrew formally from the presidential battles. The forthcoming Rockefeller trips were not arranged officially to promote the governor's political fortunes. Rockefeller will visit North-Central Pennsylvania next Wednesday to campaign for a friend new running for Congress and meet with Republican leaders in the area. Two days later, he will speak at a meeting of a World Affairs Council in Philadelphia. On May 1, Rockefeller will address a convocation at the University of Chicago.

Early in June, he will fuge deeper into the Midwest — to North Dakota. He will campaign briefly there for Republican Gov. John Davis, a candidate for the U.S. Senate. Other out-of-state visits will be scheduled when the governor completes action on bills the 1960 legislature left him when it adjourned April 1. Rockefeller will be campaigning for others or be one of several other participants in ceremonies—for the record. But, because of his stand-off attitude toward the Nixon candidacy, the governor is bound to be a center of political speculation wherever he visits. There is a pattern to such visits. The governor is an enthusiastic guest with a broad grin, hearty handshake and an easy affable manner. In a change of pace, he becomes a serious speaker on major national and international issues.

'First' Craft Show Held in Kresge By Professionals

The Midwestern Craftsmen's Organization is conducting a display at the Kresge Art Center. In an effort to inform the public of the standards that should be maintained in the industrial fields of enamel, ceramics, weaving, glass and jewelry. The display, which represents professional work from 22 midwestern states, has been made possible by Irwin Whitaker of the art department, and will become an annual event on campus. National displays throughout the country have exhibited these examples of high standards which the artists hope will be maintained in fields of industry utilizing the various materials and styles in the production of automobiles, furniture, and household goods. The organization was formed by professional artists who represent themselves through public approval of the importance of their influence in the industrial world.

Math Prof to Attend Conference

Isabel Blith, assistant professor of mathematics, will attend the 38th annual conference of the National Council of Teachers of Mathematics, a department of the National Educational Association, in Buffalo Wednesday through Saturday. Miss Blith will represent the Michigan Council of Teachers of Mathematics. More than 2,500 mathematics teachers from the nation are expected to attend the annual conference, which will feature 42 section meetings on such topics as: evaluating the mathematics curriculum, math for gifted students, modern trends in math and math textbooks, equipment and materials.

Teaching Aid Plan Started

MSU educators will take part in a national program to improve biology teaching from the grade school to the university. Under this program new books and manuals will be written. They will be distributed through its centers to be established throughout the United States. One will be at Michigan State. The American Institute of Biological Sciences is sponsoring the venture with financial support from the National Science Foundation. Taking part in the planning this weekend at the University of Colorado will be Dr. Alfred Novak, professor of natural science at MSU, David Schuler, science supervisor of Lansing schools, and John Carroll, science teacher at Pottsville junior high school, Lansing.
