# Hoffa Gets 8-Year Prison Sentence

## Many Leaders Would Like To Seize Hoffa's Throne

By JANIE KNAUER  
State News Staff Writer

Can James Hoffa remain president of the International Teamsters' Union and conduct union business from a jail cell?

Hoffa was sentenced Thursday to eight years in prison and fined \$10,000 for jury-tampering.

"Unions have been run with the head officials in jail," Charles P. Larrowe, professor of economics, said Thursday.

"However, I believe if Hoffa serves a prison term, the union would hold a special convention to elect a stand-by president to

handle the job. Important matters may be referred to Hoffa, assuming that he would resume the presidency after his release," he said.

Larrowe said there are a number

Larrowe

of areas in the country whose leaders would like to succeed Hoffa, but that no one seems strong enough at the present time to claim control.

"Of course, there will be about a two to three year interim as the appeals pass through the various courts," Larrowe said. "Until the case is finally resolved, there is no reason why Hoffa will not continue as president," he said.

Other officials "contending for the throne" will not take any overt action until the case is settled, he said.

Robert Repas, assistant professor of labor and industrial relations, said that since 1957, when the teamsters union was thrown out of the AFL-CIO, information on union actions has been isolated.

"I think in the event Hoffa has to serve the prison sentence, there will be bloody warfare over who will be his successor," Repas said.

"I have grave doubts whether

Hoffa could run the union from a jail cell," he said.

Repas said the leading contenders for the position might be John O'Rourke, director of the Eastern States Teamster Conference, and Harold Gibbons, vice president of the union and recently resigned administrative assistant to Hoffa. He said neither had the following to succeed Hoffa at the present time.

Members of the union will suspect this conviction as an out-to-get-him attempt of Robert Kennedy and will stick with Hoffa, Larrowe said.

"Robert Kennedy, with access to government money and the help of the FBI, was finally able to get

Hoffa, will be the union members' contention," Larrowe said.

BAND LEADERS--Director Leonard Falcone, left, and William Moffitt will lead the Spartan Marching Band to the New York World's Fair in May for a Michigan Day performance.

## Teamsters' Head Fined \$10,000

Conviction For Jury Tampering May Mean Ouster Of Labor Boss

CHATTANOOGA, Tenn. (P)—James R. Hoffa, professing in one breath both his innocence and his pride in the teamsters' Union, was sentenced to eight years in prison and fined \$10,000 for jury-tampering.

U.S. Dist. Judge Frank Wilson imposed the sentence, declaring the stocky union president was convicted of "having tampered, really, with the very soul of the nation."

It was Hoffa's first prison sentence in five previous federal trials, and unless overturned on appeal, possibly will mean his ouster as head of the world's largest labor union with 1.7 million members. No union official has taken a hard stand on the matter, but one said "something will have to be done" if Hoffa goes to prison.

Under Thursday's sentence, he would be eligible for a parole hearing after about a 2 1/2 years. The Teamsters' leader faces federal trial in Chicago beginning April 27 on charges of misusing union pension funds.

Three other men convicted with Hoffa drew prison terms of three years each, and fiery defense lawyer Jacques Schiffer of New York city was sentenced to 60 days in jail and fined \$1,000 for criminal contempt of court.

All said they will appeal their sentences, which climaxed a seven-week trial on charges that Hoffa and the others convicted tried to fix a federal jury in Nashville.

Hoffa, subdued but natty in a brown business suit, drew the maximum fine under the law—\$5,000 on each of two counts—but he could have been sentenced to 10 years in prison. He and the others, who could have drawn 5 years and \$5,000 each, were allowed to remain free on bond pending appeal.

"I have been found guilty. I have been sentenced. I will appeal," the stocky Teamsters Union president told newsmen as he emerged from the 55-minute court session. The trial began Jan. 20 and Hoffa was convicted March 4.

## Defense Head Hails Strategy Of Vietnamese

SAIGON, Viet Nam (P)—Defense Secretary Robert S. McNamara told cheering Vietnamese Thursday night their new premier has a sound strategy for defeating the Red guerrillas and "we are confident these plans point the way to victory."

Put in an airport farewell just before his plane left for Washington, McNamara warned that he had found the situation in South Viet Nam "very serious." He promised the U.S. government will provide whatever additional aid is necessary to defeat the guerrillas.

McNamara stood on the speakers' platform beside Maj. Gen. Nguyen Khanh, the strongman-premier who seized power Jan. 30 in a coup that was followed by resurgent guerrilla activity.

Reiterating U.S. support for Khanh, McNamara said he was pleased to learn on his five-day visit that the general had worked out a plan for the pacification of South Viet Nam.

"I have found the plan sound," McNamara said, "because it provides for economic and social development along with military security."

## Speaker Post Goes To Cherry

James Cherry, Flint senior, was chosen student congress speaker in a special election Wednesday night.

He will replace Bob Hencken, Huntington Woods senior, who had earlier announced that he would resign as speaker of congress and vice-president of All-University Students Government at the close of Wednesday's meeting.

Cherry, formerly speaker pro tem, defeated Brian Walsworth, South Case representative, and Muskegon junior by a vote of 19 to 12, with one member abstaining.

Howard Wilkins, Paterson, N. J., sophomore, and Bailey representative, won the position vacated by Cherry over Mike Hannah, Grand Rapids freshman and North Wonders representative.

Congress passed a unanimous resolution thanking Hencken for his three and one-half years of service to student government and gave him a gavel as a token of its appreciation.

Even those who have differed with Hencken and his policies joined in the tribute.

West Shaw representative Christopher Thoms, Pleasantville, N.J., junior, who admitted he entered the congress with a negative attitude toward Hencken and student government, said he thought Hencken had done the best job possible with the present membership and student support congress has.

He added he thought that if the job could have been done better, Hencken would have done it.

## State Eyes Students For Auditing Practice

Accounting majors in Michigan's colleges may soon be involved in a "practice auditing" system similar to education's "practice teaching."

Auditor General Billy S. Farnum has initiated a program which enables an accounting major to work for his department and receive academic credit for his work.

"College graduates with at least 15 hours in accounting are not being attracted to government work," Farnum said. "We are trying to get the student interested."

Farnum said the training program will give students an opportunity to work in government while still in school.

Two students from Ferris In-

## Junior College Executive

# Says Teacher Training Needed

Universities must initiate programs for the acceleration and preparation of junior college teachers, Thomas B. Merson, assistant director for commissions American Association of Junior Colleges, said Thursday.

Merson has been meeting with MSU officials Thursday and today to ascertain the possibilities of developing a pilot program in junior college teacher preparation at Michigan State.

"There will be a demand for

over 100,000 junior college teachers in the next ten years. At present one in four students start in junior colleges and in time at least one in two will start in the community college. The Universities will concentrate on upper class and graduate work," Merson said.

"The action we plan to take is bold, but we are desperate for teachers," he said.

Michigan alone will need six hundred new community college teachers a year for the next ten years.

The proposed plan would draw people from all fields of interest and several levels of education. The American Association of Junior Colleges is working with a foundation to consider fellowships for students interested in becoming junior college professors.

"Since the junior colleges are trying to prepare for industry, technical work, business, health,

as well as the academic we will pull our teachers from any area," Merson said.

The Association plans to recruit from present junior college students, graduate students who may not be able to immediately obtain a doctorate and are

interested in teaching, technicians interested in more social service opportunities, housewives, and retired military personnel among others.

Undergraduate students would work toward their masters degree under a special program for junior college teachers while students with masters degrees in their chosen fields would take part in a brush-up program, perhaps during the summer term. Immediately following their training sessions at a university, the potential junior college teachers would enter an internship program at a junior college on three-fifths to full salary.

A continuing education program to keep the teachers abreast of new developments and expansion in the education field and

(continued on page 10)

FRANKFURT, Germany (P)—The Russians Thursday barred three U.S. military teams from the site where an American bomber crashed after being shot up by a Soviet fighter over East Germany.

The Russians ignored requests to return the three American fliers aboard. They parachuted to safety when their RB66 Twin jet was downed Tuesday.

The Russians were advised in advance that the military teams had left Potsdam Wednesday for the crash site about 30 miles inside East Germany.

An authoritative source said the fliers had been taken to a Soviet military installation in East Germany. He declined to be more specific on grounds of security.

The Russians have charged the three were on a spying mission, a charge strongly denied in Washington again by Richard I. Phillips press officer of the State Department.

## Breslin Praises Student Testimony

According to Sen. Frank Beale, R-St. Clair, the student committee which appeared at the senate appropriations committee meeting Tuesday has won high praise from Secretary Jack Breslin.

Beale, who met with Breslin Thursday, related Breslin's reaction to the students' appearance.

"My impression is that the did an excellent job in presenting their reasons why student fees should not be increased," Breslin said. "Their testimony was a reflection on MSU—a good reflection."

Breslin, who handles MSU legislative affairs, noted that all the committee members stayed to hear the testimony. Usually, he said, they do not stay to hear all testimony.

## Reuther To Address Winter Term Grads

Walter P. Reuther will speak at winter term graduation exercises at 8 p.m. Friday in the Auditorium.

Reuther, president of the United Auto Workers, also serves as vice president of the AFL-CIO (American Federation of Labor and Congress of Industrial Organizations), and president of the industrial union department.

He is a member of the President's Advisory Committee on Labor-Management Policy and the President's Committee on Equal Employment Opportunity. He has been a major force in the civil rights drive.

The 835 graduates include 49 doctoral candidates, 180 master's and 606 bachelor's. President John A. Hannah will confer the degrees.

Reuther became president of the United Auto Workers in 1946. Later that same year, he was

WALTER REUTHER

selected a vice president of the CIO.

He was elected CIO president in 1952. Reuther was a leader in negotiations merging the AFL and the CIO.

## Finals, Bad Friday Make Very Gruesome Twosome

Finals and Friday the 13th seem to go together at MSU. Today students may forego usual Friday amusements in favor of studying for exams next week. Last term Friday the 13th found thousands of students finishing finals.

Ancient Norsemen, fearing the wrath of the goddess Freya if they worked on Friday the 13th, may have originated the superstition.

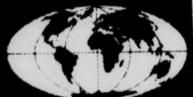

If the goddess objects to study-

ing, superstitious students may be caught between Freya and failing.

### Pragmatic Approach Best

"There's no point in our saying grades aren't important," said Willard Warrington, director of evaluation services and chairman of the Faculty Committee on Grading Practices.

"Grades are important. The least we can do is to clarify some of the problems regarding grading."

Warrington enthusiastically outlined some of the plans the committee has recommended to improve the present grading system here.

The recommendations are admittedly not perfect answers, but their passage would bring a definite improvement in the University's grading methods.

Warrington said, "One of our biggest problems is this communications thing." One of the committee's goals is to simplify the rules on grading and make them more clearly understandable. It is felt, and wisely so, that even a move of this sort would improve the student's ability to interpret his own work.

Among the concrete plans for arriving at a more practical grading system is the institution of a C-plus grade with a point value of 2.5. This would partially end the problem faced by students on the borderline between B and C grades who as often as not lose the "benefit of the doubt" and receive a C for near-B work.

The committee recommends a F grade. This would be a passing grade for students who choose

not to be graded on a regular five-point scale in work in areas outside their majors.

The goal is to encourage students to take advanced work in areas with which they are not familiar without fear of ruining their grade-points with one low mark.

The F-grade option would be a definite spur to the ideal of "intellectual curiosity."

All the committee's recommendations are aimed at finding why the main all-University grade-point average has remained about the same over a period of years in spite of the apparent rise in students' ability.

Warrington said the drop-out rate of lower division students because of academic difficulties has remained a startlingly constant 25 per cent in the face of broad changes in student ability and curriculum.

The committee suggests lowering the entrance requirement for upper division to 1.8, to enable marginal students to raise low averages over a three year period to reach the graduation minimum of 2.0.

The committee's recommendations are intelligent and sensible solutions to these and other questions involving grading standards. A pragmatic approach to grading problems is the only way eventually to arrive at a more perfect system.

We recommend the passage by the Academic Council of the committee's suggestions.

### Adhering To An Ethic

The testimony of Dena C. Cederquist, professor and chairman of foods and nutrition, regarding fraudulent selling of food additives to elderly people is a hopeful sign that advertising gimmicks are recognized and can be controlled.

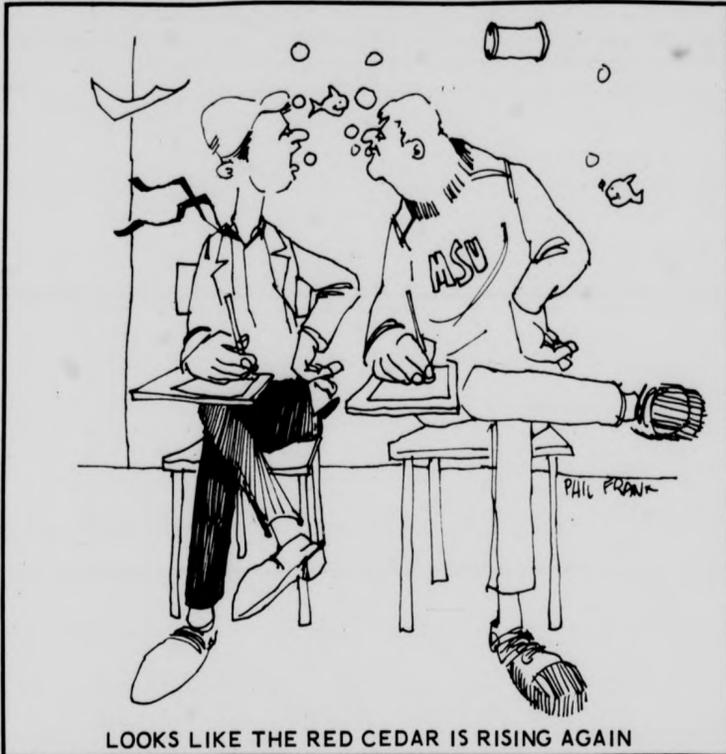

Miss Cederquist testified before the Senate Subcommittee on Frauds and Misrepresentations Affecting the Elderly. She said sales pitches which claimed senior citizens require special food supplements are false and not supported by nutritional research.

The implication, of course, is

that commercial interests are using the prevailing ignorance of technical data in this area to their advantage, to sell unneeded products to a willing public.

If the warnings of Miss Cederquist and others are heeded, perhaps there can be an enforcement of what should be an unwritten ethical law of advertising--not to take advantage of uninformed consumers.

Firm restrictions on advertising techniques may not be needed or desirable, but there should be some means of enforcing reasonable ethical practices in this field.

### Point Of View - Kelsh's Facts Are Wrong

The Campus NAACP

Regardless of Mr. Hubert G. Kelsh's stand on the civil rights issue, he feels it necessary to relate a few facts about the situation. The "facts" he presents in the March 10 Point of View bring him to the conclusion that the NAACP is linked with the Communist party. The campus NAACP believes that if he is to bring such charges against it, he should consider not only the view of those who make this charge, but also the statements of the NAACP regarding such an accusation.

At the 47th annual NAACP convention in 1956, a resolution was passed saying: "As in the past, the Association will employ every reasonable measure in keeping with democratic organizational principles to prevent the endorsers, the supporters and defenders of the Communist conspiracy from joining or participating in any way in the work of the NAACP."

Kelsh cites W.E.B. DuBois, one of our founders, as donating his services in the defense of the since-convicted Communist spies. Let it also be known that DuBois left NAACP's research staff under pressure in 1948 because of his leftist political activities.

Kelsh quotes the statement of Eugene Cook, Attorney General of Georgia, in 1955. We then quote the Springfield, Ill., Journal: "If Cook...has proof that the NAACP is a 'front and tool' for subversive groups in the U.S., why didn't he cite chapter and verse to substantiate his

claim? He has no such evidence, of course."

Cook's "Revealed records" come from the files of the House Un-American Activities Committee. The NAACP is not, however, and never has been listed as subversive by any federal official or agency, neither the U.S. Attorney General or the House Un-American Activities Committee. Also, no current member of the NAACP has been convicted of Communist activity. In America we assume one is innocent until proven guilty.

Even if some members might be left-leaning, do we condemn the organization on the basis of the behavior of a few?

Mr. Kelsh considers only the report of a Southern public official. Let him take note of the following: J. Edgar Hoover said, "Equality, freedom, and tolerance are essential in a democratic government. The NAACP has done much to preserve these principles and to perpetuate the desires of our founding fathers."

Mayor Robert Wagner of New York City cited NAACP in 1956 as "an American organization working for American goals within the framework of the American constitutional system." Mr. Kelsh cites NAACP leaders whom he claims have been affiliated with Communist activities. Consider the statement by Executive Secretary Roy Wilkins: "The greatest failure of the American Communist Party has been the complete fizzle of its attempt to recruit millions of American Negroes into a fifth

column for Stalin...Their colossal failure can be chalked up to one simple fact...The American Negro is an American."

"The vast majority of colored citizens have never even been fellow travelers; a few have been hitch-hikers for short stretches when it served a particular purpose. True, they are dissatisfied with their treatment, often angry and bitter, but at the bottom they are loyal to America and its ideals."

All organizations have their problems. The NAACP does not consider Communist infiltration one of its problems. However, we will not wait until others perceive the NAACP as being a "pure" organization to pursue full equality. If we find it necessary to demonstrate and sit in we will do so and such unfounded charges as those leveled by Mr. Kelsh will not stem the tide.

NAACP is well aware that the charge of being Communist is a weapon often used by those who would like to maintain second class citizenship for a segment of the population. Mr. Kelsh implies that one should not decide to march or integrate until he knows the full story about the Communist activities of NAACP. Mr. Kelsh's story is a myth. We are a chapter of NAACP; we should know. We ask Mr. Kelsh to come to our meetings and see if we strive for anything more than to abolish racial discrimination and segregation in a legal manner.

### Letters To The Editor

# Profs Say Rights Movement Is Free Of Reds

To the Editor:

Unfortunately, McCarthyism still abounds and the know-nothings are still know-nothings. A good example is yesterday's column from Hubert Kelsh.

Starting with a smear of the civil rights movement, Mr. Kelsh immediately follows it with several allusions to Communist activity in general and Lenin in particular. Happily, the facts show that Lenin has had nothing at all to do with the development in this country of the civil rights

and Negro protest movements. Nor has the Communist Party been able to capture any Negro movement, as can be ascertained. Mr. Kelsh is referred to the recent pronouncements by the F.B.I. on this subject--or is J. Edgar Hoover suspect because he doesn't agree with Kelsh's opinions?

In short, neither Lenin in 1902 nor the Communist Party's instructions of 1925 have anything to do with the facts: that the Negro protest movement is an indigenous movement led by and

supported by American Negroes finally responding to the unjust treatment they have received from a white society for a few hundred years.

As for Robert Williams, it is enough to point out that he was suspended by the NAACP as a result of his stand. More significant is Kelsh's opinion and smear of Dr. DuBois.

DuBois, who died recently at the age of 95, was lauded by every thinking white and Negro for the lifetime he gave to fighting for the rights of Negroes. Kelsh

apparently doesn't know that Dr. DuBois, Harvard Ph.D. 1895, was for decades the leader of the Negroes' struggles, and an inspiration to the present leaders.

Without his work and words and ability to fight the bigots and racists, today's movement might not have come into being.

But then perhaps this is exactly what Kelsh is getting at. Daniel Walden, Ben Strandness, Pauline Adams, Perry Gianakos, Albert Karson, Frederick Feied, Frederick Reeve, Milt Powell, Heyward Ehrlich, John Appel, William W. Kelly, Robert S. Fogarty, Don Hausdorff, Benjamin B. Hickok, Department of American Thought and Language.

### Protests Lack Of Aid In Bill Collection

To the Editor:

There have been all sorts of articles in the State News lately on how the University acts as a collection agency to get money from students who haven't paid their bills.

On the other hand, what happens when someone owes the student money?

Last summer I worked for Camp Sequoia, Rock Hill, N.Y. I got the job through the Placement Bureau and entered the summer's work with a confident air. That was my first mistake. To this day, the camp owner still owes me money from the contract that I signed last spring.

This last week, he was interviewing at the Placement Bureau and still no money. I told Tom Rand before the man came to interview, but at that time the Placement Bureau made no effort to help me collect this debt. They did ask the owner to contact me and of course he did try. He called my apartment every

time he was sure that I was in class. Not only that, I contacted him at the hotel in the evening and left a message for him to call me any time that night to try to settle the matter. And of course I never did hear from him.

He has done his interviewing, and gotten a new staff for next year, through the help of the Placement Bureau. Of course he needs a new staff. Now I can see why he has to replace a full staff of 20-some-odd men every year. I contacted the Placement Bureau again after he left, asking

### Barbers Correct Hospital Story

To the Editor:

Last week there were barbers from four East Lansing shops participating in the project. In the future I would suggest you contact an officer of the East Lansing branch before printing articles such as this.

help to collect the money and Mr. Rand said that this was a matter between the camp's owner and myself, and they would not help me in any way.

The reason he gave was that the money was not owed as part of my salary in the signed contract. The money owed was for clothes that were lost in the camp laundry. This was part of my contract, but the Placement Bureau or the University just can't be bothered by students that have been taken advantage of.

Barry N. Tilds

## 'Third Culture'—Freedom Force

Editor's Note: This is the sixth in a series of articles on discussion sessions on the world's problem spots held as part of the recent "Winds of Change" seminar at Kellogg Center.

John D. Donoghue, assistant professor of sociology and anthropology, spoke on the growth of a "third culture" in Japan.

By NECIA BROWN  
State News Staff Writer

"There is endless bickering in all the nation states over who owns what," John D. Donoghue said. "The winds of change are against these abstractions like nationalism, nativism, racism."

As human beings, people in every land desire freedom from five basic oppressions: hunger, ignorance, fear, poverty and domination. Man can no longer live in a vacuum. The winds of change are for interdependence. Nationalism is good, but it must take second place to a universal humanitarianism.

"A growing number of people are joining the ranks of the third culture," Donoghue said. "People who can interpret across cultural lines and can talk as outsiders, as human beings about human needs."

Earth came into existence an estimated four billion years ago. One million years ago man is supposed to have evolved. Man has been working on these five human problems for all but the last thousand years.

### Effects Of Evolution

Human beings became racially distinct, due to moving around and climatical changes, and certain changes took place.

The third culture concerns itself with man, all men, not Mongoloid man, or Negroid man, or Caucasian man, not each but all. "Man is diverting these five problems into political problems," Donoghue said. "But a growing number are joining the ranks and are transcending the boundaries."

The ideology of the third culture is the elimination of the five oppressions. Religious freedom is included under freedom from dominance. It is important but religion is not the banner under which the third culture flies.

### Nationalism Destroys Ideal

Man should not be a citizen of one country Donoghue said. He should be a citizen of the world. Nationalism destroys this idea and blocks the way for the third culture ideology.

"Every government in the world is dedicated to the elimination of these problems," Donoghue said. "But nationalism is not conducive to this elimination. Attitudes, beliefs, and ideas differ radically in different cultures."

Until the third culture grows, he said, this ideology will not be developed and there will merely be a continuation of war after war. "The third culture, like democracy, is a goal which we are striving for," he said. "It is not impossible, improbable or impractical. It has become a necessity."

# Pianist Team To Play In Orchestra Concert

The duo-pianist team of Luboshutz and Nemenoff, MSU's artists-in-residence, will perform with the Symphony Orchestra in its winter concert at 4 p.m. Sunday in the Auditorium.

The 70 piece orchestra, under the direction of Gomer L. Jones, will also be joined by the Women's Glee Club, led by Ethel Armeling.

Pierre and Genia Luboshutz, the husband and wife team, will perform the "Concerto in C Minor for Two Claviers and Strings," by Johann Sebastian Bach.

They made their concert debut in 1938 with the Boston Symphony Orchestra, led by Serge Koussevitzky. They are the only duo-pianists to have performed with Arturo Toscanini.

They have been on campus since 1962, and work with advanced piano students, at the same time continuing their recording and performing careers around the country.

The 70-member glee club will join the orchestra in the seldom-performed third movement of Debussy's "Three Nocturnes for Orchestra."

This movement called "Sirenes," contains a wordless cantilena which will be performed by the glee club, over a orchestral base. The other two movements of the impressionistic composition are "Nuages," and "Fetes."

Bach's concerto represents one of the first pieces written

using the harpsichord as a solo instrument with orchestra.

Its three movements were originally written for violin, and featured a lyrical duet for the soloists, against a background of unobtrusive plucked strings.

The orchestra will also perform

Hayden's "Symphony No. 93 in D Major," the second of his 12 London Symphonies.

This is the second concert on campus for the orchestra, and its third of the season. The group also will perform for commencement exercises Friday night.

**CONCERT PLANS**--Gomer L. Jones, orchestra director, and Anne DeVroome, Grand Rapids graduate student and concert mistress, are shown making final preparations for Sunday's 4 p.m. concert in the Auditorium. Photo By James H. Hile

## Woodrow Wilson Fellowships

# Grants Go To 14 Seniors

Fourteen seniors have been awarded Woodrow Wilson Fellowships to support their first year of graduate study beginning next fall.

The list of Woodrow Wilson Fellows, which includes 1,507 students from throughout the U.S. and Canada, was announced Thursday by Sir Hugh Taylor, president of the fellowship foundation.

MSU fellowship recipients include:

- Horace H. Albaugh, Frederick, Md.; John K. Beasley, Lansing; Ursula R. Franklin, Lansing; Karen L. Bernhard, Winston-Salem, N.C.; Joana C. Fink, Midland; Robert E. Greene, Knoxville, Tenn; Susan C. Hogg, Saginaw; Peter R. Killeen, Orange N. J.; Ann Kirchner, Frankfort, Ky.; Michael E. Levin, Brooklyn, N. Y.; Betty Jean Moore, Indianapolis, Ind.; Larry G. Richards, Flint; Thomas R. Stoeckley, Fort Wayne, Ind.; and George M. White, Roman, Mont.

Each fellow receives full tuition and fees for his first year of graduate school, plus an \$1,800 stipend and dependency allowances. The Woodrow Wilson program is designed to encourage promising students to become college teachers.

Winners in this year's competition were selected from more than 11,000 students nominated from 904 colleges and universities in the U. S. and Canada.

John F. A. Taylor, professor of philosophy, is chairman of MSU's selection committee. Other committee members are Paul A. Varg, dean of the College of Arts and Letters, and John D. Wilson, assistant director of the Honors College.

Thirteen other students received honorable mention in the fellowship competition. They include:

- George J. Boughton, Detroit; Martha C. Christian, Vicksburg; Donald E. Dickson, Jr., East Lansing; Margaret C. Frye, Alpena; Dale M. Herder, Muskegon; Christopher S. Hill, and Thomas N. Winter, both of Lansing.

Also receiving honorable mention were Charles T. James, Dallas, Texas; Harlan P. McGhan, Flint; Stephen L. Schaeffer, Sterling; Ruth E. Schmitter, Mason; Michael Schulz, Petoskey; and Nathan W. Sorokin, Berrien Springs.

## Seminar On Engineering

Two authorities on modern mechanics and structures will speak at the sixth Modern Engineering Seminar today and Saturday at Kellogg Center.

William T. Bean of the William T. Bean Strain Gage Service, Detroit, will discuss "Some New Developments in Experimental Mechanics" at 4 p.m. today in Lincoln B.

Richard R. Heldenfels, chief of the Structures Research Division, National Aeronautics and Space Administration, Langley Air Force Base, Va., will report on "Structures for Space Operations" at 10:30 a.m. Saturday in 104 A and B.

## Ticket Sale Starts At Registration

Tickets for the Water Carnival, "Waterature," will be on sale during spring term registration. They may be purchased outside the Men's IM Building from the Campbell's truck.

Tickets for the Friday night performance will be sold for \$1.50 until May 1, when prices will be \$1.75. Saturday night tickets cost \$2.25.

Water Carnival will be presented May 15 and 16.

## 'Polly's Postscript' Sign-Up Continues

Sign-up for spring sorority rush will continue from 1-5 p.m. today and Monday in 339 Student Services.

"Polly's Postscript" is the theme of the informal rush to be held April 3-26. There is no formal schedule of parties, and coeds will receive their bids in residence halls.

Girls who are registering for the first time or who already signed up last term are eligible to participate in spring term rush.

All girls who have signed up for spring term rush must attend an opening convocation at 7:30 p.m. April 2 in parlors A, B and C of the Union.

## Shippy Elected Bower President

Officers for Bower House Cop were elected recently. President is Dave Shippy, Dearborn junior; purchasing agent, Gale Arent, Columa sophomore; steward, Daniel Kesselring, Jonesville senior; and assistant steward, Lloyd Wagenschutz, Kalkaska junior.

Secretary and treasurer is Arthur Nielson, Dowagiac, Ill., sophomore, and ICC representative is Carl Hartmann, Grosse Pointe Woods junior.

## 'Operation Ethyl' Aids 23 Deprived Students

Twenty-three boys from depressed areas receive aid for their college education through "Operation Ethyl."

Through the program, scholarships worth from \$300 to \$500 are awarded to cover part of their expenses at MSU. To meet remaining costs the boys obtain loans and jobs on campus through the University.

The office of admissions and scholarships purposely does not

publicize the 'Ethyl' program so the students involved do not feel extra pressure to succeed.

"The difference between our program and the welfare approach of a 'hand-out' is that 'Ethyl' tends to discourage the students who are not serious. They must borrow money and work," William Finni, director of admissions and scholarships, said.

"They must invest in themselves to show some faith in their ability to succeed and to be willing to earn a part of their expenses," he said.

## Honorary Gives

### Packaging Award

Ken Olmstead, Corunna senior, recently received an award for scholastic improvement at a Pi Kappa Gamma, packaging honorary, banquet.

Welcomed as new members at the combination banquet-dance were Dave Brouse, Haslett graduate student; Dave Burns, Alpena junior; Col. G.A. Davies, East Lansing graduate student; John Hendee, Barrington, Ill., junior; Eric Hoffmeister, East Lansing junior.

Other new members are John Howe, Millford senior; Tim Sak, Hicksville, N.Y., junior; Doug Swartz, Farmington junior; and Duke Yoon, Ann Arbor junior.

## Red Cedar Report

By JIM DeFOREST

During winter term the campus police really crack down on parking violations. After all, between the pep riots of fall and the passion patrol of spring, there's nothing else to do.

I'm not making any statement on what is considered important at this University, but next fall the band will play "Hail to the Chief" when Duffy comes on the field.

Silence is golden. The scarcity of a commodity increases its value.

Too much of a good thing is bad; too much of a bad thing is too bad.

## CLEOPATRA BEAUTY BATH SPONGE

... royal luxury for the bath

# UPI Picks Gent On 3rd Loop Five

Ohio State's Gary Bradds and Michigan's Cazzie Russell were unanimous choices for the UPI All-Big Ten case squad. The pair were named to the loop's first team, along with Michigan's Bill Buntin, Purdue's Dave Schellhase and Indiana's Dick Van Arsdale. Russell and Schellhase are sophomores, while Bradds is a senior. Van Arsdale and Buntin are juniors. Michigan State forward Pete Gent was named to the wire service's third All-Big Ten team.

# Bat Squad Greet's Coach

By DUANE LANCASTER  
State News Sports Writer

While Michigan State's new baseball coach, Dan Litwhiler, faces the difficult assignment of replacing a man who coached

the squad for more than 30 years, it could be the only problem with which he has to contend. John Kobs, the former MSU baseball skipper, has left Litwhiler with no fewer than 21 members from last year's team

which finished eighth with a 5-9 Big Ten record and 18-14 mark overall. Coupled with an unusual group of talented freshmen, the pre-season forecast can only be filled with optimism.

Sixteen of the 21 returnees are lettermen and—more important—three infielders and two outfielders, were regulars on the team of a year ago. All-American first baseman Jerry Sutton and All-Conference outfielder, head the returning veterans along with a crack infield combination of shortstop Mal Chiljean and second baseman Dennis Ketcham.

Some of the top first year prospects include Dick Holmes, who also played basketball this year; football quarterback Steve Juday, a third baseman; catcher Bruce Look, whose older brother Dean was an outstanding baseball player three years ago and pitcher Rollie Walcott.

Other returning letter winners are pitchers Bill Collins, Doug Dobrei, Dennis Erickson, Doug Miller, Dick Proebstle and Carl Salling; catchers Wade Deal, Larry Lanbe, Dale Peters and Paul Tungate; and outfielders Dick Billings and Bob Maniere. Litwhiler said he felt that the squad would be out stronger overall than last year's squad for the simple reason that it is basically the same group with an added year of experience.

The only loss of any real significance was the departure of pitcher Jack Nutter, but a strong crop of sophomore hurlers could give the Spartans an even stronger pitching staff than that of a year ago. While any coach would be happy with an array of experienced ballplayers like this, Litwhiler is doubly blessed with a string of sophomores. "Some award winners may not be on the team because of these young players," he said.

The 27-game season gets underway April 8 with a doubleheader against Albion in East Lansing. The Spartans will play 11 conference games in addition to meeting such baseball toughies as Notre Dame, Western Michigan and the University of Detroit.

## Final Hoop Figures Gives 'S' 2 Records

CHICAGO, (UPI)—Michigan State set two Big Ten basketball records this season, the conference service bureau announced Thursday.

MSU scored a record number of points for a 14-game season, 1,290 for an average of 92.1 a game. The old mark was 1,277 for a 91.2 average by Illinois in 1955-56.

The Spartans also took a record number of shots to do it—1,230 or 87.9 a game. Minnesota held that record in 1955-56, shooting 1,212 times or 86.6 a game.

Other final team statistics show the Spartans sixth in field goal shooting percentage with .420, and seventh in free throw

accuracy at .674. MSU grabbed more rebounds than anybody with 730, but Michigan collected 55.7 per cent of its game totals to edge the Spartans, who had 52.9 per cent on that basis.

Ohio State topped the field goal shooters with .479, the fourth best mark of all time, and Indiana repeated as free throw champ by hitting on 75.8 per cent.

The Spartans also figured in an all-time conference single-game record when they and Wisconsin fired at the basket 207 times on Jan. 6.

There were 62,056 fans who saw the seven Big Ten home games of MSU for an average of 8,865 a game.

### CAPTION:

### New Motto? We Do Our Best

By JEROME CAPLAN  
State News Sports Editor

Exactly one term ago today we suggested that the University's new seal, which still has yet to be designed, should bear the inscription "We Fly To Win."

Since that time we've had a lot of suggestions as to what else could be added. They've ranged from "Sports Editors Stink" to "We Do Our Best." For some unique reason we seem to prefer the latter.

At Tuesday night's basketball banquet Athletic Director Munn said that "doing your best is all we can ask. I like to win more than anyone else, but winning isn't the most important thing."

This year's hoop squad seemed to bear out Munn's reasoning. They didn't win any championships and managed only a 14-10 record. Yet, they did their best, and their record is the best a State club has posted in five years.

In basketball, hockey, track or even sports writing, doing your best is all anyone can ask of you.

We therefore concede that "We Do Our Best" should be the new seal motto.

And to the astute student who called us up and asked if we were kidding about our first motto suggestion we repeat:

This column isn't written for sixth graders as you seemed to imply.

My wife teaches fifth grade and her kids have no trouble understanding it at all.

### Fem Tennis

There will be a meeting for all women interested in joining the MSU women's tennis team, at 4 p.m. today in 131 Women's IM.

## WCHA Title Games Tonight And Saturday

Michigan, Denver, Michigan Tech and North Dakota have qualified for the 1964 Western Collegiate Hockey Association playoffs this weekend and Michigan's Gordon Wilkie has captured the WCHA's individual scoring championship, according to official statistics released Thursday.

Denver was second with a 7-2-1 mark for .750.

Minnesota was third with 10-6-0 for .625 and Michigan Tech was fourth with .563 on a 9-7-0 mark.

North Dakota finished fifth with 5-8-1 for .393, Colorado College was sixth with .281 on a 4-11-1 showing.

Michigan State was seventh with 1-12-1 for .107.

North Dakota takes Minnesota's place in the playoffs due to a ruling that forbids University of Minnesota athletes from competing during final examination periods. Minnesota's Senate Committee on Intercollegiate Athletics voted last Saturday not to allow the hockey team to compete in the playoffs.

The playoff schedule has Michigan Tech playing at Michigan and North Dakota at Denver tonight. The two teams compiling the most total goals meet Saturday in the WCHA championship game at the site of the team having the highest season's percentage.

Michigan finished first during the regular season. The Wolverines had a 12-2-0 record for .857.

# State Cagers Garner Loop Scoring Crown

Besides finishing in the Big Ten's first division for the first time in half a decade, Michigan State's basketball squad set two Western Conference records.

## Intramural News

Wolfram House of Wonders Hall took a commanding lead in the first half of the Residence Hall Bowling Championship with a 2813 team series. Leading the way towards the Residence Hall Championship was Jack Piedmonte with the highest game of the season, 287 and a 674 series.

Unless something unusual happens the Wolfram team of Piedmonte, Bob Weir, Lyle Montgomery, Bill Boss and Captain Norm Segall will reign as Residence Hall Bowling Champions. The results will not be known until Monday.

The closest teams to Wolfram were Bailey 7 with a 2631 and Cambridge with a 2487. Muxworthy of Cambridge had a 622 series and a 221 single game.

The Spartans, who finished third in the nation in scoring, totaled 1,289 points for an average of 92.1 points a game breaking the old mark of 1,277 set in 1956 by the University of Illinois.

State also took a record number of shots to do it, taking 1,230 for an average of 87.9 per game. The former record was set in 1956 by the University of Minnesota when the Gophers took 1,212 shot or an average of 86.6 a game.

Other final team statistics

show the Spartans 6th in field goal shooting percentage with .420, and 7th in free throw accuracy at .674. MSU grabbed more rebounds than anybody with 730, but Michigan collected 55.7 per cent of its game totals to edge the Spartans, who had 52.9 per cent on that basis.

The Spartans also figured in an all-time conference single-game record when they and Wisconsin fired at the basket 207 times on January 6th.

## Ski Report

### Phone Ahead

Because of recent weather changes skiers are advised to call the areas before embarking upon their weekend journey.

SOUTHEASTERN MICHIGAN conditions:

Good---Dryden and Mt. Holly.

Fair to Good---Pine Knob

Fair---Mt. Christie

UPPER MICHIGAN Slopes:

Excellent---Chiffs Ridge, Indian Mt., Porcupine Mt., Blue Mt. and Iroquois Mountain.

Very Good---Pine Mountain.

WESTERN MICHIGAN:

Excellent---Boyer Highlands, Harbor Springs; Boyne Mtn. Lodge and Thunder Mtn., Boyne Falls.

Good to Excellent---Avalanche, Boyne City; Nub's Nob, Harbor Springs; Walloon Hills, Walloon Lake; Crystal Mountain; Thompsonville; Caberfae, Cadillac; Mt. Mancelona, Mancelona.

EAST MICHIGAN:

Excellent---Skyline, Roscommon.

Good---Mt. Frederick, Frederick; Sylvan Knob, Gaylord; Au Sable Lodge, Gaylord.

Fair to Good---Snow Valley, Gaylord; Otsego Ski Club, (private), Gaylord; Sheridan Valley, Lewiston.

Fair---Winter Sports Park, Grayling.

Temporarily closed---Mio Mountain, Mio.

Closed for season---Snowsnake Mtn., Clare County; Bintz Apple Mtn., Freeland; Major Mountain, Clare; Silver Valley, Tawas.

AND HE'S 40 YEARS OLD--Nobert Schemansky, 40-year old Olympic weightlifting champion, will be giving East Lansing a lesson in the finer art of barbell lifting during the National Collegiate Weightlifting Championships Saturday night in the IM Sports Arena. The meet begins at 2 p.m. and continues through the evening, with Schemansky furnishing the intermission entertainment.

# Bulldogs Favored In Lift Championships

Michigan State's weightlifters will be the hosts for the National Collegiate Weightlifting Championships in the Men's Intramural Building sports arena Saturday.

Over 20 colleges will be represented, with approximately 40 individuals competing in seven weight classes. Weight classes 123-165 pounds will lift at 1 p.m. and classes 181-heavyweight at 7:30 p.m.

Defending champion Southwestern Louisiana will return with six men and is tagged as the favorite. The Spartan lifters figure to give the Bulldogs the best run for the team title.

Southwestern Louisiana's three individual champions of last year and all other meet winners will not be back to defend their titles. The Spartans will have a top contender in Ted Begeman who won the 148-pound class two years ago.

Other top lifters for State are Nick Ford, at 132; Bernie Kutchinski, 165 and Tim Greenig, 198. Ford holds the Michigan teenage press record, Kutchinski finished high in the national collegiate championships last year and Greening placed second in his weight.

Two exhibitions in which lifters will be shooting for world records will highlight the championships. Detroit's Norb Schemansky, a past Olympic champ and world record holder, will make an appearance during the evening session before heading for Russia to compete for the Prize of Moscow. Joe Puleo, a former Pan American and United States champion, will appear at the afternoon session.

Other notables attending the meet will be Clarence Johnson, president of the International Weightlifting Federation and Bob Hoffman, U.S. Olympic coach. Admission to either session is \$1 for the public and \$5.00 for students with ID cards.

## 16 Teams In Regional Play

Play in the four National Collegiate Athletic Association (NCAA) regional basketball tournaments gets underway tonight.

In the Eastern Regional at Raleigh, N.C., Duke meets Villanova, and Princeton plays Connecticut. In the Mid East, Michigan meets Loyola (Chicago), and Kentucky plays Ohio University at Minneapolis.

At Wichita, in the Mid West Regional, Wichita goes against Creighton, and Texas Western faces Kansas State. The nation's No. 1 squad, UCLA, plays Seattle

## 1960 Mr. Universe Here

Bruce Randall, Mr. Universe of 1960, will give a demonstration of body development and will talk on health and fitness at 2 p.m. today at the Men's IM Sports Arena.

Randall believes regularly planned training programs are the key to improving coordination, dexterity and general physical abilities. Intelligent use of diet and barbell training, he maintains, can help anyone control his body weight and measurements.

Randall claims he first discovered the worth of barbells while in the Marines. Too light to take the bruises of football, he took on an experimental program and after six weeks added 23 pounds to his original weight.

## U-M Grad Aiding 'S' Gymnasts

Bob Harris has never scored a point for MSU, but he's proved to be one of the most valuable men in the Spartan gymnastics picture this season.

Harris is a graduate assistant in physical education, and he has been working as an assistant to gym coach George Szypula since the beginning of the season.

There was never any doubt that Harris would prove of value to the team, but when Szypula dislocated his shoulder early in the campaign, the young mentor's duties took on added importance.

A former resident of Windsor, Ont., Harris earned four individual Canadian national championships and two provincial titles during his prep days.

He received his B.A. at the University of Michigan last spring and hopes eventually to earn a doctorate.

Szypula and Harris have teamed to guide the gymnasts to a 5-3-1 dual season and a third-place finish in the Big Ten meet.

Harris said he thinks the team developed well during the course of the season, showing week-to-week improvement through hard work.

He had special praise for Dave Price and Ted Wilson, who helped take up the slack when all-around star Jim Curzi dislocated his shoulder during the first meet of the year.

What does he think of his first season as a coach?

"There's more to coaching than just teaching," he said. "It's a little more difficult than I thought."

## Easter Traditions Spring From Ancient Celebrations

By LINDA MILLER  
State News Staff Writer

Easter, an ancient occasion of rites dealing with the mystery of death and resurrection among different peoples, is not unique to Christianity.

The full story of the holiday is couched in numerous historical and mythological accounts. The theme of "risen from the dead" is common to and pre-Christian "Easters" are Osiris, Ra, Tammuz and Adonis all were believed to have died and been resurrected.

It is significant, however, that the resurrected heroes of pre-

Christian religions died involuntarily. Jesus Christ, the most celebrated hero of any Easter worship, died willingly.

For orthodox Christians, the resurrection is an historical fact and pre-Christian "Easters" are myths fore-shadowing a most wondrous event.

### Church Of God To Examine Lay Ministry

New frontiers of service for the lay ministry of the Church of God will be explored at a Kellogg Center conference Saturday.

About 500 members from 137 Michigan communities will consider lay and pastoral ministries in view of scientific advance, social and moral change, urban culture, higher level of educational achievement, a burgeoning youth and an aging population.

Sponsored by the Lay-Clergy Steering Committee of the General Assembly of the Church of God, the third annual conference will draw nearly twice as many participants as the original conference two years ago.

### Religious Leaders To Confer Here

Leaders of major religious faiths will gather in Lansing Tuesday for a Religion and Race Conference.

About 180 lay and clergy leaders will stress the responsibilities of churches in the area of human relations.

Cooperating in the effort are the Anti-Defamation League, Jewish Community Council, Michigan Catholic Conference and the Michigan Council of Churches.

Some regard the resurrection of Christ as a sublime myth and no more. Alan Watts, authority in mythology and religious cults, writes that if the resurrection of Christ is a fact of history, it is also a myth.

The condition of Easter is the crucifixion on Good Friday, Mar. 27. Easter commemorates the resurrection of Christ the third day after he was nailed to the cross. Because Christians believe they are promised a like resurrection if they accept Jesus as God and the promised Saviour, Easter is the greatest holiday of the Christian year.

Easter comes traditionally on the first Sunday after the first full moon after March 21. Confusion results because the full moon is calculated according to old ecclesiastical compilation, not in accord with modern astronomy.

The arrangement of days in the Holy Week, Palm Sunday, Monday, Tuesday, Wednesday, Maundy Thursday (the Lord's Supper), Good Friday, Holy Sabbath and Easter Day, follow the account in the gospel according to John.

The egg, a symbol of the germinating fertility of spring, is much older than Christianity. Its significance is traced to the phoenix bird of Egypt, who was said

to die in its ashes, leave an egg and hatch again from the ashes once every 1400 years.

Some Christians say that the tradition to bless and eat eggs at Easter stems from the fact that eggs are not allowed to be eaten during the Lenten fast. Others trace it to St. Augustine's comparison of the egg with the hope of eternal life, because the egg has not come to fruition.

Eastern Orthodox Catholic parishes throughout the world will begin Lent Monday.

Different dates for Eastern Orthodox and Western Christians come from the fact that Orthodoxy conforms to the canon of the First Ecumenical Council of Nicaea, 325 A.D.

The council stipulated that Easter must occur on the first Sunday after the full moon following the spring equinox, but

never before or during Jewish Passover.

Francis M. Donahue, associate professor of religion and adviser to Pan-Orthodox Student Association, said that early Christians regarded Christ and his death on the cross as the fulfillment of the Passover promise. The Orthodox Easter will be May 3.

He said Lenten emphasis is on the need for repentance, fasting, and bodily and spiritual mortification. The fast forbids the eating of meat, butter, eggs, cheese or milk products during the Lenten season.

Services are longer while worshippers express their sense of alienation from God by numerous prostrations and prayers of repentance.

St. Andrew's Orthodox Catholic Parish and Student Center, 1216 Greencrest, will hold special services every Friday at 7:30 p.m., followed by religious instruction and discussion. Confessions will be heard and Lenten Vespers will take place every Saturday at 7:30 p.m.

Rev. Fr. David Abramstov, editor of One Church magazine, will be missioner for a Lenten Mission April 17 and 18.

### Church Role In Education To Be Studied

Thomas F. Green, professor of education, will address the interdenominational Central State Faculty Conference April 10-11 at the University of Kentucky, Lexington, Ky.

Green is one of three professors who will speak on "Christian Commitment and Scholarly Integrity" at the seventh annual conference sponsored by the Faculty Christian Fellowship, the Methodist Church and the Disciples of Christ.

Faculty members from Indiana, Illinois, Michigan, Ohio and Kentucky will attend the meeting planned to explore questions regarding the relation of the Christian faith to higher education.

# Passover Celebration Marks Hebrew Exodus From Egypt

Passover, an eight-day Jewish holiday commemorating the Hebrew exodus from Egypt, begins March 28.

From the Hebrew word "Pesach," Passover is the independence day of the Jewish religion. Thousands of years ago the Jews left slavery in Egypt to begin life as a free people.

They left Egypt in such a hurry they had not time to mix yeast with dough and wait for it to rise. They just mixed flour and

water together and baked it into flat, thin loaves, called matzos.

The Bible tells the Jews to eat no other bread but Matzos during the eight-day holiday to remind them of the exodus from Egypt.

A joyful family dinner and worship service, known as the Seder, is held in Jewish homes on the first night of Passover and repeated the second night by Orthodox and Conservative Jews. In many synagogues, it is

the custom to hold a community Seder on one of the nights.

Matzos, bitter herbs for the bitterness of slavery, and a bone for the lamb of sacrifice and haroseth, a food mixture made to look like clay which the Jews used to make bricks as slaves, are placed on a platter decorated with scenes of the exodus.

The meal is not begun until the first half of the service is read from the Haggadah, the story of the flight.

# Two From South Awarded Seniors Of The Week Title

Julie Bock and Fraizer Alexander, two southern students, are the last Seniors of the Week for this term.

An Elementary Education major from Baltimore, Md., Miss Bock plans to use her Spanish minor in her future work. She would like to work for the government.

This past summer she worked as a student assistant in the Social Security division in Baltimore.

"The job gave me an opportunity to see something that will be helpful when I apply for a permanent job—the inner workings of part of the government," she said.

Alexander, a political science major from St. Louis, Mo., has worked at everything from an usher at the St. Louis Municipal Opera to salesman for Great Books of the Western World.

After graduation he plans to attend law school and then hopes

to receive a commission from the army.

Miss Bock worked on AUSG, first as a dorm representative and then as sorority representative. She was chairman of the CB and O committee, secretary for the AUSG congress, coordinator of the bookstore and in charge of the student insurance program.

She was scholarship chairman and corresponding secretary for her sorority, Alpha Delta Pi. She has also been co-chairman for the Sister's Spin and a member of the University Forum committee.

# World's Fair

(continued from page 1)

at the fairground in the afternoon. Members will return home that night.

"Ordinarily the Marching Band is disbanded after the football season," Falcone said. "It will be a new thing to have it playing in the spring."

He said there may be some problem getting the band members back, but estimated that 150 out of 165 members will be ready to go by May.

"The major hurdle, that of financial sponsorship, has been overcome, so the rest should go along smoothly," he added. "If it were not for Oldsmobile's sponsorship, we probably would not be making the trip."

Oldsmobile has sponsored the band's fall performances for the last 11 years, including twotrips to the Rose Bowl.

"The marching band's appearance will be a major event at the fair's 'Michigan Day' ceremonies," he speculated. "How-

ever, complete plans for MSU's part of the program are not final and will be announced later. Band members will be advised on when to report for practice through the State News.

The MSU Marching Band is one of the better known of the Big Ten bands. It played at the Tournament of Roses Parade in Pasadena in 1954 and 1956. It also appeared before nationwide television audiences at the East-West Game in 1954 at San Francisco.

It played for President Theodore Roosevelt in 1905 when he was on campus to mark MSU's fiftieth anniversary. President Herbert Hoover heard the band when it played at the White House in the 1930's. President Franklin Roosevelt was met in Lansing by the band later in the 1930's.

Falcone said the band's performances at half-time ceremonies have made it well known to football fans and television viewers across America.

TO FLY TWA CALL COLLEGE Travel Office 332-8667

# Air Science Chairman Writes Hymn Verse

A new verse, honoring astronauts, has been written and proposed for addition to a Navy hymn by Lt. Col. George A. Davies, chairman of the air science department.

"Almighty Father, Strong to Save," originally known as "Eternal Father, Strong to Save," mentions "those in peril in the navy," "on the land," and "in the air."

Col. Davies noticed that the hymn makes no provision for the men in peril in the space age—the astronauts.

His new verse reads:

Almighty Savior, take our hand On every flight, air, sea, or land,

As time and speed are bravely fought By every soaring astronaut. Protect them now, thy every race.

From any peril out in space. "It is my proposal and my hope to add a new fourth verse and make the present fourth verse the fifth," Col. Davies said.

They are: president, Barbara McIlwain, North Muskegon junior; vice president, Karen Dayne, Rochester, junior; treasurer, Pat Flynn, Birmingham sophomore; secretary, Judith Jankoviak, Niles junior; editor, Jeneen Whittenberg, Coral Gables, Fla., junior.

Also: scholarship chairman, Beth Johnson, Fremont sophomore; social chairman, Jane Patris, Belleville junior; house manager, Betty Jane Fonda, Birmingham junior; and assistant treasurer, Jackie Karr, Grosse Pointe Woods sophomore.

With a 3.5 all-University point average, she is in Honors College. She was a member of Alpha Lambda Delta and Tower Guard and received an Outstanding Junior Award.

Alexander was vice-president of East Shaw. He has held several offices in his fraternity, Kappa Alpha Psi, including pledge trainer.

He is Chief Justice of the AUSG Student Judiciary and commander of a military police platoon in ROTC.

In addition, he is a member of Blue Key and Alpha Phi Delta honoraries.

# Weaker Or Not, Olin Visits Show Women Are Healthier

Women may or may not be the weaker sex, but at MSU they seem to be the healthier of the two.

Olin health reports show that 4,886 clinic calls were made by MSU's 9897 women students during January and February.

This is low in comparison with 12,585 visits made by 15,942 male students.

Men also led the coeds in the number of cases requiring hospitalization. Men totaled 509 stays to 348 for the coeds.

The average length of stay for both men and women was 2.9 days.

Over two-thirds of the total MSU student population found themselves in need of Olin's

services during the two month period. However, this is not proportionately higher than the number of recorded clinic calls for January and February, 1963.

Nearly one visit per student was made during winter term last year.

That Olin is a busy place is reflected in the 82,054 clinic calls for the 1962-63 fiscal year. This is an average of nearly 225 visits per day.

## Calendar of Coming Events

- Soil Science Seminar -- 12 noon, 312 Ag. Hall.
- Zoology Seminar -- 12 noon, 401 Nat. Sci.
- Engineering Seminar -- 4 p.m., Lincoln B, K.C.

- World Travel Series, "Play Ports of Mexico," Col. John D. Craig -- 8 p.m., Sat., Aud.
- Spartan Christian Fellowship -- 7 p.m., 803 E. Grand River.

## Chilean Professor To Teach Here

Armando Uribe - Arce, professor of comparative literature at the University of Chile, will be a visiting lecturer here this spring. He will teach a course in South American literature.

## Teacher Training

(continued from page 1) their particular field is part of the plan.

Merson said that although they plan to draw potential teachers from all areas, once the teachers have been recruited they plan to be selective.

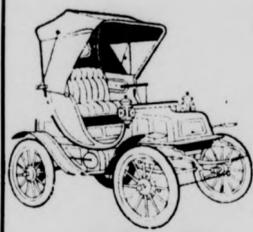

"The junior colleges are known for good teachers. Our only difficulty in this respect is that they are continually being attracted to the universities and

this increases the need," Merson said.

John X. Jamrich, associate dean of the college of education, said the housing units on campus empty during the summer might be used for teachers in the program.

"The people I have talked with at MSU were enthusiastic about the proposal and warm in their praise," Merson said.
