NATIONAL NUTRITION WEEK

THE AMERICAN DIETETIC ASSOCIATION has chosen 1976 IMPROVING NUTRITION FOR THE NATION 1976 as its theme for National Nutrition Week.

WE AMERICANS have one of the best food supplies in the world in terms of quality, quantity, variety and availability. Yet many of us choose a diet that does not nourish our body properly.

WE ARE WHAT WE EAT. Food contains protein, carbohydrates, fats, vitamins, minerals, and water. All of these are necessary to nourish the body, although the amounts needed of each are different.

TWENTY-FOUR hours a day these nutrients work to build and repair the body and discard wastes. If the proper amounts aren't available the body is weakened, though the damage may remain hidden for years.

FOR EXAMPLE, calcium is required for strong bones and teeth. But it is also necessary for blood clotting; and the heart and the nervous system could not function without it. If calcium is lacking in the diet, the body "borrows" some from the bones to perform the other functions. Unless it is replaced promptly, the bones might be permanently harmed.

ALL FOODS ARE DIVIDED into the Four Basic Groups. The groups we choose and the portions we take determine whether or not we are meeting our body's nutritional needs. The following chart shows what the daily diet should include to maintain the best possible health.

| BASIC 4 GROUPS: BEST FOODS FROM EACH TO CHOOSE | PORTIONS: |
|--|---|
| MEAT GROUP: BEEF, VEAL, LAMP, PORK, LIVER, POULTRY, EGGS, FISH, SOYBEANS | 3 OR MORE A DAY |
| FRUIT VEGETABLE GROUP: GRAPEFRUIT OR JUICE, ORANGE OR JUICE, BROCCOLI, CANTALOUPE, STRAWBERRIES, BRUSSEL SPROUTS, GREEN PEPPERS | 4 OR MORE A DAY AT LEAST 1 FROM EACH LIST |
| DARK GREEN & DEEP YELLOW VEGETABLES, APRICOTS, CARROTS, PUMPKIN, SPINACH | 2 SERVINGS A DAY |
| MILK GROUP: MILK, CHEESE, YOGURT, ICE CREAM | 2 SERVINGS A DAY |
| BREAD CEREAL GROUP: WHOLE WHEAT, ENRICHED OR RE-STORED BREADS, BREAKFAST CEREALS, CRACKERS, FLOUR, RICE | 4 OR MORE SERVINGS A DAY |

IN ADDITION, a small amount of fat should be eaten each day. Good sources are butter, salad dressings, and cooking oils.

THE FOOD GUIDE CAN WORK for everyone, but quantities will vary. Growing teenagers and pregnant women can eat larger portions. An adult trying to reduce should limit his or her portions.

WE AT MEIJER hope that National Nutrition Week, March 7 to 13, is a success for the American Dietetic Association. And...we hope you'll find Meijer the place to shop for a wide variety of foods at competitive prices. Together, with the ADA, we feel you have a right to the best possible health in 1976.
