AGREEMENT

This Agreement Is entered into this 16th Day of April, 2007, between The City of Ann Arbor (hereinafter referred to as the "Employer" and Local 693 of the International Association of Fire Fighters, AFL-CIO hereinafter referred to as the "Union"), and is in effect for the period of July 1, 2006 through June 30, 2009.

PURPOSE AND INTENT

The general purpose of this agreement is to set forth terms and conditions of employment, and to promote orderly and peaceful labor relations for the mutual interest of the Employer, and employees and the Union.

The parties recognize that the interest of the community and the job security of the employees depend upon the Employer's success in establishing a proper service to the community.

To these ends, the Employer and the Union encourage to the fullest degree friendly and cooperative relations between the respective representatives at all levels and among all employees.

1. RECOGNITION - EMPLOYEES COVERED - SCOPE OF CONTRACT

Pursuant to and in accordance with all applicable provisions of Act 336 of the Public Acts of 1947 as amended, the Employer does hereby recognize the Union as the exclusive representative for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment, and other conditions of employment in accordance with Section 11 of said act for the term of this agreement of all employees of the Employer included in the bargaining unit described below:

All Fire Department Personnel less the Chief, the Chief's secretary and other office clerical employees.

The provisions of this agreement shall apply to the relationship between the Employer, the employees of said bargaining unit, and said Union.

2. DISCRIMINATION

The City and Union are committed to providing every employee a workplace free from unlawful discrimination and harassment. No persons employed by the City shall be denied the enjoyment of his or her civil or political right or be discriminated against because of actual or perceived race, color, religion, national origin, sex, age, height, weight, condition of pregnancy, marital status, physical or mental limitation, source of income, family responsibilities, educational association, sexual orientation, gender identity or communicable disease status, nor shall the employer or its agents nor the union, its agents or members discriminate against any employee because of his/her membership or non-membership in the Union. As used herein, perceived, refers to the perception of the person who acts, and not to the perception of the person for or against whom the action is taken.

The Employer shall take steps to assure that employment assignments and promotions are given on an equal, nondiscriminatory basis. Membership in the Union shall be open to every employee in the bargaining unit covered by this contract on a nondiscriminatory basis.

3. AID TO OTHER UNIONS

- a. The Employer will not aid, promote, or finance any labor group or organization which purports to engage in collective bargaining or make any agreement with any such group or organization for the purpose of undermining the Union.
- b. Employees covered by this agreement are prohibited from performing firefighting, ambulance, or police duties for any other public entity operating a paid or volunteer department other than the CITY OF ANN ARBOR except as an employee of the Ann Arbor Fire Department under the terms of the Mutual Aid Agreement.

Employees who violate this article shall be subject to discipline up to and including discharge.

4. UNION SECURITY (Requirements Of Union Membership)

a. Maintenance Of Membership

Employees covered by this agreement at the time it becomes effective and who are members of the Union at the time shall be required to continue membership in the Union for the duration of this agreement. Employees covered by this agreement who become members of the Union during the life of this agreement shall be required to continue membership in the Union for the duration of this agreement. Employees who shall continue to tender, or for who there is tendered until the expiration of this agreement, the dues uniformly required as a condition of retaining membership, shall be deemed to meet the conditions of this subsection.

Members of the Union desiring to withdraw from Union membership may do so by giving notice to the Union and to the City Payroll Office during the ten (10) days immediately prior to the expiration of this agreement. Such notice must be in writing and must be signed by the member.

b. Agency Shop

Employees covered by this agreement who are not members of the Union at the time it becomes effective shall be required, as a condition of continued employment, to pay an amount equal to the monthly union dues to the local union for the service and administration of this contract for the duration of this agreement.

Employees covered by this agreement who are not members of the Union at the time they are hired, rehired, reinstated, or transferred into the bargaining unit after the effective date of this agreement, shall be required as a condition of continued employment to pay an amount equal to the monthly union dues to the local union for the service and administration of this contract for the duration of this agreement. An employee who shall tender an initiation fee (if not already a member) and the periodic dues uniformly required as a condition of acquiring or retaining membership shall be a member of the Union and shall be deemed to meet the conditions of this article.

c. Termination Penalty For Delinquency In Paying Dues

Employees shall be deemed to be members of the Union or Agency within the meaning of this article if they are not more than sixty (60) days in arrears in payment of membership dues or service charge. Employees shall not be terminated under Section (a) or (b) of this article unless:

1. The Union first has given notification by registered letter explaining that they are delinquent in not tendering either periodic and uniformly required

2. The Union has furnished the City with written proof that the procedure of Section (c) (1) of this article has been followed or has supplied the City with a copy of the letter sent to employees and notice that they have not complied with the request. The Union must specify further, when requesting the city to terminate employees, the following by written notice: "the Union certifies that (NAME) has failed to tender either the periodic and uniformly required union dues or service charge required as a condition of employment under the collective bargaining agreement and that under the terms of the agreement, the City shall terminate the employee."
- a. The Union shall indemnify and save the City harmless against any and all claims, demands, suits, or other forms of liability arising out of this Article, or Article 5.

5. UNION DUES, INITIATION FEES OR SERVICE CHARGE

a. Payment by Check-Off

During the life of this agreement and in accordance with the terms of the form of Authorization of Payroll Deduction of dues or service charge hereinafter set forth, the Employer agrees to deduct a uniform amount as union membership dues or service charge levied in accordance with the Constitution and Bylaws of the Union from the pay of each employee who executes or has executed the following Authorization for Payroll Deduction Form:

AUTHORIZATION FOR PAYROLL DEDUCTION

I hereby request and authorize the City of Ann Arbor to:

This authorization shall remain in effect and may not be revoked until ten (10) days before the expiration of the current agreement between the City and said Union, or at the end of one (1) year, whichever is shorter.

I further agree and direct that the above authorization be automatically renewed for one (1) year or for the period of each succeeding agreement between the City and the said Union which provides for the deduction of uniform dues or service charges, whichever is shorter, unless I give written notice of cancellation during the last ten (10) days in which the above authorization, or any renewal thereof, is in effect.

The Steward structure shall be as follows: (in the absence of the regular steward on duty, an alternate may be appointed by the Local President or Chief Steward.) There shall be a Chief Steward for the Union and the following stations shall have the following stewards:

Such meetings shall be between one (1) or more representatives of the Employer and at least two (2), but not more than five (5) representatives of the Union. Arrangements for such special conferences shall be made in advance and an agenda of the matters to be taken up at the meeting shall be presented at the time requested. Matters taken up in special conference shall be confined to those included in the agenda, unless both parties agree to include other items. The members of the Union attending such a conference shall receive their regular pay if then on duty. Such conferences may be attended by a representative of the International Union.

8. MANAGEMENT RIGHTS

The Employer reserves and retains, solely and exclusively, all rights to manage and direct its work forces, except as expressly abridged by the provisions of this agreement.

9. GRIEVANCE PROCEDURE

The purpose of this grievance procedure is to establish effective machinery for the fair, expeditious, and orderly adjustment of grievances. Grievances within the meaning of this procedure shall consist of all disputes about interpretations and applications of particular clauses of this agreement, and about alleged violations of this agreement. Other grievances not relating to this contract may be submitted and can be processed through Step 3 of this grievance procedure. Employees may file grievances only on their own behalf or a union steward or officer may file on behalf of the union or an aggrieved employee. Grievances must be filed within twenty-one (21) calendar days after the last event giving rise to the grievance. Grievances shall be presented as follows:

a. Step 1

Employees may talk with their steward or their immediate commanding officer during their shift. The Steward and/or employee may then discuss the grievance with the officer and/or commanding officer in charge. Officers and/or commanding officers, upon receiving a grievance, shall have seven (7) calendar days in which to submit their answer orally. Officers and/or commanding officers shall consult with the chief before answering the grievance, unless the Chief is unavailable; in which case the officer and/or commanding officer will give an answer orally.

b. Step 2

If the grievance is not satisfactorily disposed of, the aggrieved employee (a steward or union officer may be the aggrieved employee on behalf of the Union) shall submit it in the required written form to the Chief, and inform the Director of Human Resources of this submission. The Chief, or in the Chief's absence, a designated representative, shall within seven (7) calendar days after the appeal is presented, make arrangements for a meeting to be held within seven (7) calendar days of the presentation of the appeal. The meeting shall include the Chief and one representative of the Chief and the employee, the steward and/or union officer. The union representatives may meet for fifteen (15) minutes immediately prior to the joint meeting. The Chief shall review the case and an answer shall be placed on the written form and presented to the employee and union representative within seven (7) calendar days after the scheduled meeting.

c. Step 3

If the Chief's answer is unsatisfactory to the employee, there shall be a right to appeal to the City Administrator. All appeals shall be presented to the office of the City administrator by a representative of the Union. The date and hour of such a presentation shall be endorsed upon the grievance form by the City Administrator, or by the person receiving same on the Administrator's behalf.

The City Administrator, or an authorized representative, shall, within seven (7) calendar days after the appeal is presented, make arrangements for a meeting to be held within

seven (7) calendar days of the presentation of the appeal. Said meeting shall be attended by the City Administrator, or someone acting in the Administrator's capacity, and by the aggrieved employee's representative(s) of the union signing the grievance, and may also be attended by appropriate officials of the City and the Union. The City Administrator, or someone acting in the Administrator's capacity, shall, within the said seven (7) day period, notify the union representative(s) signing the grievance, and the aggrieved employee, of the day, time, and place of said meeting. The City Administrator, or someone acting in the Administrator's capacity shall, within seven (7) calendar days after such a meeting, mail a written answer to the Union representative(s) signing the grievance and to the aggrieved employee. The answer to be sent to the union representative(s) shall be sent to Ann Arbor Fire Fighters Association, 2130 Jackson Rd., Ann Arbor, Michigan 48103; the answer to be sent to the aggrieved employee shall be sent to the employee's home address as shown on the employment records of the City. In lieu of mailing an answer, in the City Administrator's discretion, the grievance may be submitted to a member of the American Arbitration Association (who is agreeable to both parties). In such a case, the decision of the arbitrator shall be binding upon both parties. The Union representative(s) and the employee may meet for thirty minutes prior to said meeting. The Chief Steward shall be allowed necessary time off with pay to investigate the nature and circumstances surrounding the grievance.

d. Step 4

If an answer of the City Administrator is unsatisfactory to the Union, and the Executive Board decides to take the matter to arbitration, the Union must notify the City Administrator of its intention to appeal the grievance to arbitration within seven (7) calendar days after the decision has been received. The grievance may be submitted to a mutually agreeable arbitrator. If the parties are unable to agree as to an arbitrator, the services of the American Arbitration Association shall be used in making a selection.

Provided, however, submission to a mutually agreeable arbitrator or to the American Arbitration Association must be in writing within thirty (30) calendar days after the notice to appeal has been timely filed with the City Administrator. The decision of the arbitrator shall be binding on both parties.

e. Cost of Arbitration

If a grievance is submitted to an arbitrator by the City Administrator under Step 3, the City shall pay the arbitrator's fee. If a grievance is submitted to an arbitrator by an employee under Step 4, the City and the Union shall each pay one-half of the arbitrator's fee.

f. Power of Arbitrator

An arbitrator shall have no power to add to, or subtract from, or modify any of the terms of this agreement, nor shall the arbitrator's discretion be substituted for that of responsibility or function of the Employer or the Union.

g. Time Limitation for Grievance Procedure

The aggrieved employee may appeal the decision of the officer to the Chief. The aggrieved employee may further appeal the decision of the Chief to the City Administrator. In relation to such procedure, all appeals must be made within seven (7) calendar days after the decision has been given. If no appeal is taken within the time limit, the employee and/or Union shall be deemed to have accepted the decision. Conversely, if the time limitations are not fulfilled by the Chief in Step 2, or by the City Administrator, or authorized representatives in the Administrator's capacity, at Step 3, and then the City Administrator is personally notified in writing that the time limits have not been met, and the Administrator does not comply with the requirements in Step 3 within two (2) calendar days, then the matter shall be settled in the Union's favor. The time limits provided herein may be extended by mutual agreement.

h. Grievance Form

The City and the Union shall agree on a grievance form. Once such an agreement is reached, the form shall be prepared by the City and provided to the Union and employees as requested. This form shall be used in filing a grievance. The form shall be the property of the Employee filing the grievance.

10. DISCIPLINE OR DISCHARGE

- a. The Employer agrees that it will not discipline or discharge employees without just cause.
- b. When an employee has engaged in conduct which could lead to discipline or discharge, the Chief, or in the Chief's absence, a designated representative who shall not be a member of the Fire Department, will notify the employee of the events giving rise to possible disciplinary action. Before any action is taken, the Chief, or a designated representative shall meet with the employee to discuss the matter. The employee shall have the opportunity to meet with the Union Steward prior to meeting with the Chief or a designated representative and to have the steward present at the meeting with the Chief or the Chief's designated representative.
- c. If disciplinary action is taken, the employee and the Chief Steward will be notified in writing by the Chief. In the Chief's absence, written notification will be given by the City Administrator or a designated representative, who shall not be a member of the Fire Department. Should the employee consider the discipline or discharge to be improper, the employee shall file a written grievance specifying the reasons therefore and proceed to Step 3 of the grievance procedure.
- d. In imposing a discharge or discipline on a current charge, the Employer will not base its decision upon any prior infractions of City or departmental rules which occurred more than two years previously nor discharge an employee, for falsification of an employment application after a period of two (2) years from the date of hire unless such falsification is related to the current charges.
- d. If an employee is placed on disciplinary suspension or administrative leave, all overtime missed during the employee's time off will be recorded as worked on the equalization of overtime list.
- e. AWOL - Failure to Report and Late.
First AWOL/Late is noted as the first step in a two-year cycle. If the time missed is less than fifteen (15) minutes, no time is docked. If the time missed is fifteen (15) minutes or greater, the time missed shall be docked from the next pay.

Second AWOL /Late is noted and the amount of time missed is docked from the next pay.

Third AWOL /Late is noted and the amount of time missed is docked from the next pay.

All overtime missed will be recorded as worked on the equalization of overtime list.

Fifth AWOL /Late is noted and amount of time missed is docked from the next pay. No overtime* may be worked for sixty (60) calendar days from the date of the notification, or from the end of the last sixty (60) day period, whichever is later. All overtime missed will be recorded as worked on the equalization of overtime list.

Sixth AWOL /Late is noted and amount of time missed is docked from the next pay. No overtime* may be worked for sixty (60) calendar days from the date of notification, or from the end of the last sixty (60) day period, whichever is later. All overtime missed will be recorded as worked on the equalization of overtime list.

Seventh AWOL /Late is noted and amount of time missed is docked from the next pay. All overtime missed will be recorded as worked on the equalization of overtime list. Employee will also be subject to mandatory counseling with the Fire Chief.

Eighth AWOL/Late will result in discharge.

Each discipline step is based on a rolling two-year period. Emergency compensatory time may be granted for unusual circumstances at the discretion of the Battalion Chief with a written explanation forwarded to Administration for the files.

* Excluding emergency callbacks and inverse holdover list.

11. PROBATIONARY AND TEMPORARY EMPLOYEES

- a. All members of the department shall be appointed first as probationary employees. No person shall be appointed as a regular employee until satisfactorily completing a probationary period. New permanent employees hired in the Unit shall be probationary employees throughout a one-year period from their date of hire.
- b. The City and the Union agree to utilization of the agility test specified in the continuation of Appendix G for employees on probationary status. If the test is to be changed in any way, the City shall inform the Union, and will bargain on the proposed changes. Any change in location or provider that does not affect the standard, the City will meet and confer with the Union prior to the changes.
- c. Upon completion of the probationary period (one year), they shall become permanent employees. In the event probationary employees are on a non-paid status, or on light duty and are unable to carry out regular fire fighting duties, because of off duty illness or injury, the probationary period will be extended by the number of duty tours missed. Example: if a probationary employee is on a non-paid status and misses five (5) duty tours, the probation period will be extended until the probationary employee works an additional five (5) duty tours.
- d. Seniority among probationary employees within the bargaining unit will be determined by the date of hire. In circumstances in which two or more members have the same date of hire, seniority will be determined by the date and time of application.
- e. All probationary employees shall be evaluated and counseled every three (3) months. Failure to provide such an evaluation shall be a grievance item. A copy of any memorandum on the employees' job performance placed in the employees' personnel file shall be provided to employees. The employees shall have the right to discuss such memorandum with their immediate supervisor. After meeting with their supervisor, if the employees are of the opinion that the information contained in the memorandum is unwarranted, they shall have the right to discuss the matter with the Chief.
- f. The union shall represent permanent probationary employees for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment as set forth in Article 1 of this agreement, except employees discharged and disciplined for other than Union activity. Union representation for disciplined probationary employees shall not go beyond Step 3 of the grievance procedure.
- g. Temporary employees hired in the unit shall accumulate seniority on the basis of the months they serve in the bargaining unit. If temporary employees are hired as full-time employees, the time served as a temporary employee will count as

probationary time. If temporary employees are laid off, they shall be hired back on the basis of their total seniority in the bargaining unit. No employee in the bargaining unit shall be employed in the full-time temporary or part-time temporary position for a period greater than ten (10) consecutive months. If at the end of that time the person is still employed, that person shall become permanent or released from City employment and if so released, the temporary position shall be abolished and not be recreated for a period of at least one (1) year.

12. SENIORITY

- a. Seniority shall be on a department-wide basis based upon employees' seniority dates. Employees' seniority dates shall be the day one year prior to the day employees completed their probationary period. In the event an employee's probationary period is extended under the provisions of Article 11, section c his or her seniority date shall be the original date of hire once such employee has completed the probationary period. In the event an employee transfers out of the department into another position within the City of Ann Arbor and then back into the department, the seniority date, for purposes of layoffs, promotions, and transfers, shall be the date the employee transfers back into the department. In the event that two (2) or more employees have the same seniority date, the employee who applied for employment first shall have more seniority.
- b. Seniority shall not be affected by the actual or perceived race, color, religion, national origin, sex, age, height, weight, condition of pregnancy, marital status, physical or mental limitation, source of income, family responsibilities, educational association, sexual orientation, gender identity or communicable disease status.
- c. The seniority list on the date of this agreement will show the names, job titles, and seniority date of all employees.
- d. The Employer will keep the seniority list up to date at all times and will provide the association with up-to-date copies of the list in December and June of each year.
- e. Employees who transfer from another City Department into the Fire Department shall enter the Fire Department at the lowest rate in the Fire Fighter salary schedule, except that if that rate is lower than their rate in the other city department, they shall start at the closest comparable step. Otherwise such employees shall retain full credit for their prior city service with respect to pension, number of vacation days, hospitalization, and any other benefits due such employees. This time shall not impinge upon departmental seniority as established in Article 12, Section (a).
- f. While employees are on Worker's Compensation or medical leave due to physical or mental illness, or illness in their immediate family, such employees shall continue to accrue seniority.

13. LOSS OF SENIORITY

Employees Shall Lose Seniority For The Following Reasons Only:

- a. They quit city employment.
- b. They are discharged and the discharge is not reversed through the procedure set forth in this agreement.
- c. Forty hour personnel are absent for five (5) consecutive working days without notifying the Employer. Platoon personnel are absent for two (2) consecutive working days without notifying the Employer. In proper cases, exceptions may be made with the consent of the Employer. After such absence, the Employer will send written notification to the employees at their last known address that they lost seniority, and their employment has been terminated. If the disposition made of any such case is not satisfactory to the employee, the matter may be referred to the grievance procedure.
- d. They fail to report back from a leave of absence at the designated time. In proper cases, exceptions may be made with the consent of the employer. After such absence, the Employer will send written notification to employees at their last known address that they have lost their seniority, and their employment has been terminated. If the disposition made of any such case is not satisfactory to the employee, the matter may be referred to the grievance procedure.

14. SENIORITY OF STEWARDS

Notwithstanding their position on the seniority list, stewards, in the event of a layoff of any type, shall be continued at work as long as there are jobs in their department which they can perform and shall be recalled to work in the event of a layoff on the first open job in their department which they can perform. Stewards shall be permanent employees and shall have completed their one-year probationary period.

15. SENIORITY OF UNION OFFICIALS

Notwithstanding their position on the seniority list, the President, Vice President, Recording Secretary, Chief Steward, and Treasurer of the Local Union shall, in the event of a layoff only, be continued at all times provided they can perform any of the work available. Officers shall be permanent employees and shall have completed their one-year probationary period.

16. SUPPLEMENTAL AGREEMENTS

All supplemental agreements to this agreement negotiated and approved by the Employer and the Union shall be binding on both parties. These agreements shall be written in the subsequent contracts or expire, and shall be maintained in a Master File by the Chief's Secretary. There shall be joint access to this file by the Employer and Union.

17. LAYOFFS

- a. The Employer may lay off a permanent employee when it is deemed necessary, by reason of shortage of work or funds, the abolition of the position, material change in the departmental organization, or for other related reasons which are outside the employee's control and which do not reflect discredit upon the service of the employee.
- b. Order of layoff of employees shall be made by inverse order of seniority as defined in Article 12, Section (a). Personnel who have eight (8) and sixteen (16) years of continuous service or more, shall be entitled to ten (10) and twelve (12) full duty-days off per year, respectively, provided that such days off may be divided into periods of time upon approval of the Fire Chief. Vacation may be taken in one sum or in as many whole duty days or 12-hour time blocks as desired.
 3. Earning Vacation Leave. Personnel who have eight (8) and sixteen (16) years of continuous service or more shall be entitled to ten (10) and twelve (12) days per year. Personnel shall receive (not earn) ten (10) days of vacation on their ninth year and twelve (12) days of vacation on their seventeenth year.

c. General

1. Personnel request their first vacation period. The Chief, based upon these requests, schedules vacation leave with particular regard to the seniority of employees and in accord with operating requirements.
2. After all personnel are scheduled for their first vacation period, those who want to have a second vacation period will make their requests and their period will be scheduled as in (1) above.
3. After those personnel are scheduled for their second vacation period, those who want to request subsequent vacation periods will make their requests and their periods will be scheduled as in (1) above.
4. The first vacation request must be made by March 15. The second request to be made by March 25. Other requests to be made and granted when available.
5. For 24-hour personnel, vacation may be taken in 12-hour time blocks, if there are vacation slots available, and the request is called in sixty (60) minutes prior to the start of the shift on the duty day of the requested vacation. Those personnel who work an eight (8) hour duty day may take vacation in 4-hour time blocks if there are vacation slots available, and the request is approved by the supervisor.
6. Absence on account of sickness, injury, or disability in excess of that hereinafter authorized for such purposes may, at the request of the employee and within the discretion of the Chief, be charged against the employee's vacation leave allowance.
7. The Chief shall keep records of vacation leave allowance and shall schedule vacation leaves with particular regard to the seniority of employees, in accord with operating requirements, and insofar as possible, with the written request of the employees.
8. Vacation Anniversary Date. To avoid fractional vacation periods, the anniversary date for vacations shall be January 1 or July 1. An employee who is hired between October 1 and March 31 has a January 1 anniversary date. An employee who is hired between April 1 and September 30 has a July 1 anniversary date. This means that an employee who completes eight (8) years of service by March 31 will receive 10-days of vacation leave by that year. If the employee completes eight (8) years of service between April 1 and September 30, he will receive nine (9) days of vacation leave for that year.

9. Personnel of the Fire Department shall accrue and be granted vacation leave as earned. The fiscal year for granting vacations on the bid system shall be April 1 through March 31.
10. No vacation leave will be granted unless formally requested and when working conditions permit. Vacations start at the end of the last regular workday.
11. Employees shall be encouraged to take yearly vacations and in no case shall employees be allowed to accrue, at any one time, more than twice the amount of annual vacation to which they are entitled. If the amount of accrued vacation exceeds twice the amount of the annual vacation to which the person is entitled, it shall be permanently lost and the employee shall not be allowed to receive compensation for this loss. An extension of this requirement may be granted, for a period not to exceed one (1) year, by the City Administrator.
12. Employees separated from the City service shall be paid at their normal salary rate for their unused vacation.
13. Accumulated vacation leave cannot be transferred from one employee to another employee.
14. Personnel requesting vacation on a day-to-day basis must call in their request sixty (60) minutes prior to the start of the shift of the duty day requested.
15. The City shall have the right to deny eligibility for vacation leave on any day when four fire fighters are already scheduled for and taking vacation leave on that day, except as specified below:
 - Effective April 1, 2005, during thirteen (13) weeks of the vacation year (April 1 – March 31), chosen by the Union, there may be up to five fire fighters scheduled for vacation on each day. The Union must notify the City of its chosen weeks prior to the date of the first vacation request (March 15). Except for those thirteen (13) weeks, only four (4) fire fighters may take vacation on any day.
 - The City shall permit five fire fighters per day on vacation if any platoon exceeds 33 personnel.

d. Vacation Cancellation Policy

1. An individual who wishes to cancel a first or second round vacation pick must turn in a card requesting to cancel the approved time no less than thirty calendar days before the vacation was scheduled to begin. No time is to be considered canceled until the card bearer is so notified by the duty Battalion Chief. The Battalion Chief shall recontact the requesting party within two shift days concerning the disposition of the cancellation request.
2. If the time the individual wishes to cancel is part of a individual's first or second round vacation pick, no time in the middle of the time off approved may be canceled. The time requested to be canceled must be a series of consecutive days starting with either the first day of the vacation request moving toward the last request day OR starting with the last day of the requested time off moving backward toward the first day of the request.
3. Upon cancellation of the requested vacation days as noted above, any prior requests for the canceled vacation days may be granted as per the existing contract language.
4. No comp time shall be granted to the individual canceling the approved vacation time until those parties wishing to take the open vacation days have had the opportunity to do so. After those parties wishing to fill the open vacation days have had the opportunity to accept or decline the open vacation days made available by the cancellation, the individual who originally canceled the vacation time may request the use of compensatory time off subject to existing Department Policy regulations.
5. Casual vacation, open day use, may be canceled if no overtime has been scheduled AND the party wishing to cancel the vacation day in question makes the request no less than 72 hours PRIOR to the day in question.

EXAMPLE: An individual working Wednesday who wishes to cancel the upcoming Saturday must notify the duty Battalion Chief of the request to cancel Saturday no later than 0700 hours the previous Wednesday or the day in question MAY NOT BE CANCELED.

50. CODE DAYS

Up to three individuals, dependent on scheduling, may be on code each day. If there are any additional code day slots available on a particular day, fire fighters may use those available slots to take comp or vacation time.

51. PERSONAL LEAVE DAYS

Personnel of the Fire Department shall earn personal leave days as follows:

24-Hour Platoon Personnel
40-Hour Personnel

One (1) Twenty-Four (24) Hour Day
Two (2) Ten (10) Hour Days

This time shall be added to the individual's compensatory time as of July 1 of each year and shall not be deducted from sick leave.

52. CLOTHING ALLOWANCE

- a. Forty hour personnel shall receive a clothing allowance of \$700.00. Effective July 1, 2008, the clothing allowance will increase to \$950.00 annually. The clothing allowance will be subject to all applicable federal, state and/or local taxes to be reflected on the employee's W-2.
- b. Platoon personnel shall receive a clothing allowance of \$650. Effective July 1, 2008, the clothing allowance will increase to \$900.00 annually. The clothing allowance will be subject to all applicable federal, state, and/or local taxes, to be reflected on the employee's W-2. The employer shall furnish all required protective clothing (including uniform hat, badge, and helmet) to a new employee.
- c. Clothing allowance payment for (a) and (b) shall be the first payday in July. In addition, a one time payment of \$500 will be made to all personnel upon the ratification of this collective bargaining agreement (April 16, 2007). This amount will be subject to all applicable federal, state, and/or local taxes, to be reflected on the employee's W-2.
- d. All employees shall furnish their own sheets, pillow case(s), and bath towel(s).

53. HOSPITALIZATION, DENTAL, OPTICAL

a. Health Coverage

1. After three (3) months of employment, the City will provide health care coverage under a preferred provider organization program (the "PPO plan") administered by Blue Cross-Blue Shield of Michigan, or similar third party administrator. Plan benefit provisions shall become effective may 1, 2007. Employees may elect coverage under the PPO plan for which they shall pay no monthly premium contributions. Plan provisions are outlined in Appendix M to this agreement.
2. An employee may elect to purchase benefits at their own cost during the first three (3) months of employment. The City provides health coverage to newly hired permanent employees once they have successfully completed the first three (3) months of employment. At the end of the three (3) month period, the city will assume full cost for the plan as described in the paragraph above, for single, two-person or family coverage, including spouse, domestic partners as defined by city ordinance and to the extent permitted by law, or dependent children as defined in the health care plan (until the end of the calendar year in which they reach the age of 19 or 25). An employee shall not be able to change such election until the next open enrollment, or unless the employee has a change in family status. Employees transferring into this bargaining unit who, during the course of employment with the City, have served the probationary period and are currently receiving health care benefits through the City will continue with uninterrupted benefit coverage.
3. The City of Ann Arbor shall provide to all bargaining unit members retiring on or after May 1, 2007 (including spouse, domestic partners as defined by City ordinance and to the extent permitted by law, or dependent children as defined in the health care plan (until the end of the calendar year in which they reach the age of 19 or 25) as long as the retiree remains the subscriber), the level of coverage under the PPO plan as received by active employees as of the date of retirement, unless otherwise provided herein. This benefit provision also applies to surviving spouses, domestic partners and eligible dependent children as defined in the health care plan (until the end of the calendar year in which they reach the age of 19 or 25) of deceased retirees.

Employees who defer retirement are not eligible to receive health care coverage.

4. Retirees are required to have both Medicare Part A and Part B. The Medicare part b premium remains the responsibility of the retiree. If the retiree has not earned enough credit to qualify for unpaid Medicare Part A, or does not otherwise qualify for such coverage through their spouse, the retiree will continue with regular PPO plan coverage.

5. If an employee retires and assumes employment elsewhere and that employer provides health coverage to its employees which does not substantially differ from that offered by the City of Ann Arbor, the City's obligation to provide health coverage shall cease. If there is a disagreement between the retiree and the City relative to the definition of "substantially different", a panel consisting of the director of human resources services and labor relations, or his/her designee, the union president, or his/her designee, and a third party agreed to by the first two shall determine if a retiree shall remain in the City's plan. However, should the retiree lose such coverage from the other employer, the retiree may elect to reenroll under the City's health coverage. Such coverage shall be restored and recommence immediately following the production of such proof-of-loss. The City shall not prohibit a retiree from re-entering the city's health coverage for any reason upon loss of coverage from another program, and, further, the health coverage benefits provided upon return to City coverage will be the same as which the employee was entitled to upon retirement.
6. Under specified conditions set forth in Appendix E, employees shall be able to waive their City health insurance coverage and receive up to \$2,000 per year, payable quarterly. The City reserves the right to amend or terminate the program at any time during open enrollment to be effective as of the upcoming July 1.
7. Effective upon ratification, the City shall establish a health reimbursement account (HRA) on behalf of each employee with three (3) or more months of employment, and for newly hired employees will establish such an account after three (3) months of employment. The amount of City contribution to the employee's HRA for the year beginning May 1, 2007, is \$750, and for the fiscal year beginning July 1, 2008, is \$500. The amount of city contribution for newly hired employees will be prorated by months of service during the first fiscal year of employment. Unused amounts in this account may be carried forward each year. An employee who retires and begins to receive pension benefit payments from the City's defined benefit pension plan will be able to access unused funds, but no new contributions will be made to any retiree's HRA. An employee who otherwise separates from City employment for any reason will forfeit any unused funds. An employee who waives coverage and receives payments under the City's health care waiver program or who is married to another City employee or retiree and is a covered dependent under such employee's or retiree's health care coverage shall not have contributions made to such HRA for that plan year. HRAs are non-interest bearing accounts.
8. Effective upon ratification, the City shall pay a \$500 health performance recognition award to each member with three (3) or more months of employment. The employee may elect to have such \$500 paid in cash (subject

to all applicable taxes) or made available in the employee's HRA. Employees who waive coverage under the medical plan may elect to have the \$500 health performance recognition award made available in the HRA.

b. Dental Coverage

After three (3) months of employment, employees, their spouse, domestic partner (to the extent permitted by law) and eligible dependents under age 19 (or eligible dependent children over the age of 19, as defined in the dental plan, until the date on which they no longer meet such eligibility requirements or reach the age of 25) shall be provided a "75% (Class I and II) 50% (Class III and IV)" Delta Dental Plan or its satisfactory equivalent with a maximum benefit of \$2,000 per year per person (for Class I, II and III benefits). The City shall also provide orthodontics coverage providing for a 50% copayment for covered employees' dependent children up to their 19th birthday, with a \$2,000 lifetime maximum benefit per person. Benefits will be paid after attainment of age 19 for continuing orthodontic treatment that began prior to attainment of age 19.

c. Vision Coverage

After three (3) months of employment, employees, their spouse, domestic partner to the extent permitted by law and eligible dependents under age 19 (or dependent children as defined in the vision plan until the date on which they no longer meet such eligibility requirements or reach the age of 19 or 25) shall be provided vision coverage through Mutual Eye Claims Audits, Inc. or its satisfactory equivalent. The maximum benefit is \$50 for the vision examination and \$200 for covered expenses per person every 24 months for covered individuals over age 19, and every 12 months for covered individuals under the age of 19. Covered expenses include lenses, frames, and contact lenses. If a covered individual's existing prescription changes requiring the dispensing of new lenses within the 12- or 24-month period, the cost of the new lenses only will be covered up to the \$200 maximum benefit limit.

54. LIFE INSURANCE COVERAGE

- a. The employer agrees to pay the entire premium cost of \$40,000 of life insurance on all permanent employees who have completed their probationary period. The employer further agrees to pay the entire cost of \$10,000 of life insurance coverage for retiring employees, employees who have completed fifteen (15) or more years with the City and are retiring on a City pension. Provided, however, that employees taking a deferred retirement do not receive this benefit.
- b. Employees may elect optional life insurance in an amount equal to two times' their annual base pay. The City will pay one-half and the employee will pay one-half the amount of the monthly premium. Employees may elect this coverage within thirty (30) days of completion of the probationary period without providing evidence of insurability. If not elected when first eligible, an employee may apply for optional life insurance coverage at any time, but must provide evidence of insurability. Monthly premiums will be paid on an after-tax basis through payroll deduction. Retiring or terminating employees may elect to continue coverage by contacting the life insurance company and paying directly to it the entire cost of the additional coverage desired.
- c. Employees may elect optional dependent life insurance as follows:

<u>Dependent</u>	<u>Amount</u>
Spouse, Domestic Partner*	\$ 6,000
Children	
Birth To Age Six Months	\$ 400
Age Six Month To Age 19	\$ 4,000
Full-Time Students Age 19-25	\$ 4,000

* To The Extent Permitted By Law

The employee will pay the total amount of the monthly premium. Employees may elect this coverage on behalf of a dependent within thirty (30) days of completion of the probationary period or of first becoming an eligible dependent without providing evidence of insurability. If not elected when first eligible, an employee may apply for optional dependent life insurance coverage on behalf of a dependent at any time, but must provide evidence of insurability. Monthly premiums will be paid on an after-tax basis through payroll deduction. Retiring or terminating employees may elect to continue coverage by contacting the life insurance company and paying directly to it the entire cost of the optional dependent life insurance coverage desired.

- d. Beginning July 1, 2005, the employer agrees to pay the entire premium cost of \$40,000 of accidental death and dismemberment coverage for all permanent employees who have completed their probationary period. Accidental death and dismemberment coverage applies only to active employees and does not apply to retirees.

55. PENSIONS

For employees not on the Fire Department payroll as of July 1, 1982, compensatory payout, vacation payout, and sick leave payout at retirement will not be included in final average compensation. (See Appendix F)

By participating in the City of Ann Arbor, I.C.M.A. 457 Deferred Compensation Savings Plan the City shall contribute, for each bargaining unit employee who is participating in and contributing a minimum of \$25 per pay period to I.C.M.A. Plan, a \$20 per pay period match into the I.C.M.A. 457 Deferred Compensation Savings Plan.

Effective July 1, 2001, employees defined as “non-covered” (“sworn”) in Chapter 18 of the Ann Arbor City Code, shall be entitled to full retirement without age requirement when 25 years of credited service is acquired or at age 55 with at least 5 years of service. 56. DEPARTMENT RULES AND REGULATIONS

The City retains the right to make reasonable modifications or amendments of work rules, and to adopt reasonable new work rules, but no modifications shall be made, and no such new work rules shall be adopted without prior written notice to the Union. For thirty (30) calendar days after such written notice, the Union shall have the right to discuss the work rules and provide input to the City if it so desires.

In the event an agreement on the work rules is not reached through this discussion, and the Union contends that any such work rule or amendment or modification is unreasonable, it may file a grievance.

In the event a grievance is filed by the Union, the grievance will automatically move to arbitration. If the Union does not file a grievance within seven (7) calendar days after the expiration of the 30-day discussion period, the matter shall be closed and the modification or new work rule will become effective. In the event the union grieves the reasonableness of the work rule, the City shall not implement the new work rule or modification of the existing work rule until expedited arbitration is completed and the arbitrator has issued a decision. Furthermore, if modifications, amendments, or new work rules are proposed and are inconsistent with the existing contractual language, the existing contractual language shall supercede any proposed modification, amendment, or new work rule.

The Union and the City will agree to a list of five (5) arbitrators to hear matters related to the reasonableness of work rules. The arbitrator will be selected by lot from this list until an arbitrator who is able to conduct the hearing within sixty (60) days is found. The arbitration hearing must be concluded within sixty (60) days of the conclusion of the negotiation period and the arbitrator must render a decision within thirty (30) calendar days thereafter. Transcripts of the hearing will be permitted, although each party must arrange to have the transcript expedited so as not to delay the process. Defense of the employee must be requested as soon as the employee is served with process. If the City provides the defense, it may do so through the City Attorney's office or through such other attorneys as the City may choose.

Indemnification of the employee shall be conditioned upon the employee's full cooperation and assistance in the defense of the claim. If, in the course of the civil action, it clearly appears that the employee has not been truthful in reporting the event in question, the City may alter its determination regarding indemnification.

65. WAGE OVERPAYMENT

It is agreed that the City shall be conclusively construed to have an employee's voluntary authorization to deduct from such employee's pay all monies owed to the City by wage overpayment. Provided, however, the City agrees to deduct no more than \$50 net per paycheck until the overpayment is repaid in full. Should the employee leave city employment prior to full repayment of the amount owing, the city shall be authorized to deduct the entire balance from the employee's final paycheck.

66. SAVINGS

If during the life of this agreement, any of the provisions contained herein are held to be invalid by operation of law or by any tribunal of competent jurisdiction or, if compliance with or enforcement of any provision should be restrained by such tribunal pending a final determination as to its validity, the remainder of this agreement shall not be affected thereby.
