116th Huron Community Fair 'takes off' Sunday in Bad Axe

is on the launching pad, ready to take off! Launch day will be Sunday, August 5, with the Fair scheduled to run through Saturday, August 11.

"It's the best Fair we've ever staged", said a happy Ray Errer, manager for the past 4 years and a 20-year member of the Fair board. "Not only are our entries and attractions better than ever, but we're going to open the doors to our brand-new \$500,000 arena that will go into use for the first time"

The big new structure, 130 x 200 feet in the main section with a 50 x 50 addition, will offer new show and exhibition area the fair has never enjoyed before, Errer explained. Animal shows for horses, dairy and beef cattle, sheep and swine will be scheduled for the new indoor arena, as will the Thursday afternoon livestock sale:

Schedule for the first-half of the week includes the

Comedian Ken Davis

Sunday will see livestock and machinery brought in, and the Indian Trails Riding Club rodeo starting at 2 pm. The midway will open at 6 pm, and there will be a truck and tractor pull at 7 pm.

Part of Monday will be devoted to setting up, and the 4-H horse show will start at 9 am. The midway will open at noon, and there will be the Michigan State Championship Lightweight Horse Pull and the heavyweight horse pulling contests starting at 7 pm. The "sheep to shawl" show at 7:30 pm will be the opening use of the meeting room of the new arena, followed by the 4-H talent show in the main arena. The talent show will be followed by the 4-H King and Queen contest and a musical program will be offered by the Prospective Lake Huron Chapter of "Sweet

Tuesday, August 7, will be kids' day with reduced ride prices till 5 pm. There will be livestock judging of hogs and beef, starting at 9:30 am and the midway will open at 11 am. The youth beef show will start at 1, and harness racing will begin at 1:30 pm.

At 7:15 Tuesday night, Ken Davis, nationally-known comedian, illusionist and recording artist, will return to

the Thumb to continue his popular appearances which he made at all high schools in the Thumb through Youth for Christ. He has appeared on TV and stage around the world, and last year performed for more than 250,000 people. Davis has worked with many of today's top music and motion picture celebrities, and is known for his clean brand of humor, suitable for the whole family. He creates sellout crowds wherever he goes.

Following tradition, the 1984 Huron County Bean Queen will be crowned Tuesday in a ceremony starting at 8:30, but it will be no usual crowning event. History will be made because the 1984 queen will receive her crown from Ruth (Teeple) Foster of Oceanside, CA, who was the first bean queen of Huron County in 1934, a half century ago. Before the 1984 coronation begins, Al Riedel, former president of Michigan Bean Company, who crowned the 1934 queen, will come from Saginaw to repeat the coronation he performed 50 years ago. After he places a crown on Mrs. Foster's head, in recognition of that first crowning, Mrs. Foster will place a crown on the 1984 queen's head. Riedel, who is 92, told that through the years he kept in contact with Mrs. Foster and her husband, Sydney, and last year they remarked it would be "quite an event" to repeat the long-ago coronation. Riedel called some of his Thumb contacts, and they conferred with Fair officials. who were enthusiastic for the ceremony.

Wednesday, the midweek point of the Fair, will see the open horse show, youth and open dairy and goat shows, and rabbit and poultry events start at 9:30 am in the new arena. Hightlight of the 7:30 pm evening performance will be the nationally-famous Chicago Knockers, the all-girl mud wrestling team. What will turn into a wild evening of family fun will start with the lovely ladies premiering in one of their 3 costume changes. From there on it will all be mud — as the 8 girls go into actual combat. Each is trained for a battle royal in a pit of mud, governed by college and professional rules monitored by a sanctioned referee.

Between the livestock show in the morning and the Chicago Knockers Wednesday evening, there will be the noon midway opening, 1:30 pm harness races and the 7:30 pm sweepstakes contest in the arena. After the Knockers finish their show, there will be a 9 pm tug-of-war.

All week long — from Monday through Friday — the 2nd Huron County Agri-Land will be staged, featuring commodity groups with samples, recipes, literature and promotions to emphasize Huron County's versatility of production. Various groups will highlight special days sheep on Monday, dairy on Tuesday, cattle Wednesday and poultry on Friday, with Thursday's Legislative Day featuring pork and bean industries. Demonstrations, treats, guessing games and displays will be featured in the conference room, at the south end of the new arena

ELKTON FAMILY NEEDS HELP Donations of clothes and good-condition household items are being sought for the Randy Bouverette Family of Elkton, whose house at the corner of Whalen (M-142) and S. Main

Street was destroyed by fire last Monday night. No one was injured in the fire, which began with "popping and crackling noises" near the rear entrance about 10 p.m., according to Oliver Township Firemen. Loss was estimated at \$50,000 and the home is owned by Robert McBride of Bad Axe. Cause of the blaze is expected as spontaneous combustion, and the family escaped unharmed.

The family has three boys, ages 1, 2 and 3. Donations should be dropped off at the Elkton Fire Hall, firemen say.

ESCAPEE STILL AT LARGE The Port Austin man who became Huron County Jail's first escapee in six years is still at large and is considered

dangerous, according to Sheriff's Deputies. David Brian Binienda, 24, may have had help from within and outside the jail during the escape about 1 p.m. Saturday, July 21, spokesmen said. Binienda had been playing basketball in the jail's outdoor rec area, and scaled the 15-foot-high

south wall, and dropped another 12 feet to the ground.

His green prison clothes were found outside the rec area, where he apparently changed clothes. He was being held on assault and battery and marijuana possession charges. Binienda is 6-feet, 2-inches tall, has brown eyes, blond hair and medium complexion and build.

COUNTY-WIDE VOC-ED MILLAGE?

The Huron Intermediate School District may seek up to 1.49 mills to plan and construct a \$5.3 million vocational education center later this year, following action last week by the Intermediate School Board.

The voc-ed program would replace individual programs run in county high schools. With expected state grants, the local share of construction costs would be about \$2.9 million. The Board is seeking a charter millage, which would be levied every year to operate the facility but could not exceed

The facility would be located in an area in the center of the county, near Bad Axe. Nearly 60,000 square feet are planned for the building, plus 5000 sq. ft. of additional storage.

Huron County residents voted down similar millage proposals for voc-ed centers in 1973 and 1974.

OWEN-GAGE SELLS BONDS The Owendale-Gagetown School Board of Education sold \$540,000 in tax anticipation notes last Monday to First of America Bank of Sebewaing, at the interest rate of 7.4%.

The rate was the lowest of three received. Tax anticipation notes allow schools to operate in late summer and early fall months, until property tax revenues are received each

NO WORD ON NEW STATION Whether or not the Thumb Area gets a new Public Broadcasting radio station hasn't yet been decided, but both Central Michigan University and Delta College would like to pro-

vide that station. CMU is seeking to place a 100,000-watt, 24-hour FM station in downtown Bay City, which would provide full coverage of Tuscola and Sanilac Counties. It would be the state's first 24-hour public radio station on 90.1 megahertz.

Delta College has applied for a similar FM station for the area, which also would cover the Thumb. Funding for one or neither -- of the proposed stations should be decided about Oct. 1, when new federal grants are announced.

POLICE NEWS UPDATE

About \$1400 worth of jewelry and other items was reported stolen July 23 from the home of Irene Lehr, Sebewaing. She told Sheriff's Deputies the break-in at her Dutcher Road residence occurred between 9 a.m. and midnight, and entry was gained by taking a screen from an open window. Stolen were gold watches, necklaces, cassette tapes, rings and other

Brian Vondette, 17 of Saginaw, was treated at Huron Memorial Hospital, Bad Axe, following a 3:30 p.m. crash July 23 near Rush Lake. He told Huron County Sheriff's Deputies he lost control of his three-wheeler at Quarry and Sand Roads and struck a tree.

Elsa Kerr, 63 of Bad Axe, was injured about 5:30 a.m. July 23 when her auto collided with a deer on Geiger Road near Elkton Road south of Elkton. She sought her own treatment,

Four persons were injured slightly July 21 when their auto rolled over about four miles east of Caseville about 2:30 a.m. Darren Lubeski, 22 of Bad Axe, lost control as he turned north onto McCormick Road from Kinde Road and rolled into the east ditch. He and passengers Jeffrey Bushey, 22 of Mt. Pleasant, Todd Dubey, 21 of Elkton and Todd Wisenbaugh, 22 of Caseville, were taken to Scheurer Hospital, Pigeon, for

Joseph Weltin, 19 of Ubly, was injured when his motorcycle struck a manure spreader pulled by a tractor about 4 p.m. July 20. The spreader, driven by Bobby Davidson, 63 of Owendale, was turning into a private lane on Sebewaing Road near Farver Road east of Owendale, according to Michigan State Troopers from the Bad Axe Post. Weltin was taken to Huron Memorial Hospital for treatment.

COURT PROCEEDINGS

Raymond Jackson, 30 of Sebewaing, pled guilty to mari-juana use charges in Huron County District Court last week. He was sentenced to 30 days in jail, following a July 20 complaint by Sebewaing Village Police. Timothy Wells, 24 of Sebewaing, pled guilty to impaired driving charges and was fined \$350 and lost driving rights for

Leonard Byarski, 18 of Elkton, has an Aug. 1 preliminary exam scheduled before District Judge John Schubel for larceny from a building, in an April 16 incident at Thumb Hardware and Appliance Center, Elkton. Reported was the theft of a radar detector.

And for the purpose of electing: Delegates to the County Convention of the Democratic and Republican Parties. The Polls of said election will

of said day of election.

As we see it editorially

Most incumbents merit support

his coming Tuesday's Primary Election will decide the majority of election questions now up in the air, here in the Western Thumb. While national politics dictate that the "really juicy" electioneering is done for the Nov. 6 General Election -- as the Reagan-Bush vs. Mondale-Ferraro battle now being waged proves - most of the big decisions come now in local balloting.

For example, nearly a dozen candidates are vying for spots in Fairhaven Township next Tuesday, as a growing number of Bay Port area residents are dissatisfied with their present township elected leaders. Nearly all incumbents are running for re-election, while plenty of challengers are trying their hands at earning a seat -- to make changes they believe must be made.

A fair number of good people are in the Fairhaven contests, so voters almost can't lose. That's what local government is all about -agree with incumbents' decisions or try campaigning yourself to make changes you feel are necessary. That's how the system has always

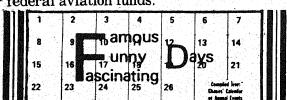

Brookfield, Chandler, Lake, McKinley, Oliver and Winsor Townships have none or just one contested seat in Tuesday's Primary. Apparently people are satisfied with those governments - or, as one township official noted, "Nobody else would put up with the grief we get for so little money!

It's quite another story in Caseville Township, however. Four of Caseville's elected leaders have the distinction of running for reelection, knowing they face Huron County's first recall election on Sept. 13.

But actually -- if Supervisor James Reeves, Clerk Wallace Hart and Trustees Michael Power and Wayne Anderson are winners Tuesday - that recall vote will be meaningless, or will have very little effect. The four are running as a team of incumbents, standing proudly on their overall record of more paved roads, fire department upgrading, harbor improvements and other benefits at no additional millage costs.

The somewhat anonymous group which is seeking their recall, the Concerned Citizens of Caseville (CCC), says it is doing so because those four officials will not allow township residents to vote on the proposed \$1.1 million Caseville Township Airport, a general aviation paved strip south of Crescent Beach Road, between M-25 and Caseville Road.

The officials had planned on such an advisory vote in the beginning, but then THREE separate legal opinions said such a vote isn't possible. Besides, no township money of any kind can be spent from taxes without a vote of the people - since the state-approved project is already in line for more than \$1 million in state or federal aviation funds.

SUNDAY, AUG. 5 * Federal Income Tax: Birthday. On Aug. 5, 1861, Abraham Lincoln signed into law the first federal income

But the CCC persisted, saying the people were being denied their "right to vote." Finally, the CCC got 300 similar signatures on four recall petitions against the incumbents -- and the extra Sept. 13 election was established -- to cost township taxpayers even more.

This Aug. 7 Primary can do the same thing. It gives people the right to vote on who will represent them in township affairs. The recall election is just an expensive, unneeded lesson in wasting time and money by not following normal, established procedures.

We're not into political endorsements here. We believe local voters are wise enough -- and aware enough -- to make good choices when they enter the voting booth, with no help from

But we hope Caseville incumbents Reeves, Hart, Power and Anderson are all re-elected. The CCC has sought to divide the township in the past six months, working toward remedies which are outside the normal process and therefore excessively expensive. Several of the CCC leaders are not even registered voters here -- or just became so in the last three months. Others aren't qualified because of legal or experience reasons. AND NOW THEY WANT TO RUN THE WHOLE SHOW? NO WAY!

Hopefully, the overall good performance and many improvements Caseville Township has enjoyed in recent years will be remembered by the intelligent, knowledgeable voters. They must turn out, in large numbers, to vote. Let's hope Caseville's incumbents are again chosen on Tuesday!

Thanks A Million

Me, my wife and three kids come here to Palm Springs from Tijuana, Mexico, four years ago. I work as gardener and save up enough money so last year I buy a old '73 Ford pickup to go in business myself.

I made terrible mistake by not looking at truck careful to see if in good shape. Man who sold me pickup got in bad trouble with law. No way can he take care of fixing to make run good. Engine needs work, radiator leaks, tires bad and transmission no good. Fix-up is \$1,400. Must work two years to save that much money. I worry much about money to fix. I get no credit from bank or garage. You help me? I pay millions like you depend for your very existence. California.

Dear Mr. R. I phoned Bob Closson, owner of the Palm Springs Texaco Station on N. Palm letter: Canvon Drive, Call him and Dear Mr. President: he will arrange for towing

remember there were The Watkins man used to agents and peddlers coming come around with a buggy around, trying to sell you that had a square box on it. something you really didn't He'd have a horse pulling it need. They sold everything with the lines stuck through from shoe strings to traca hole in front of the buggy. He had lime and vanilla and If you told some of them all kinds of spices.

Mother seldom bought anything when the depression was on. We were pestered with peddlers almost every day. You felt sorry for them, but we just didn't have any money.

One fellow tried to sell Mother a carpet sweeper and we just couldn't afford one, but he kept coming back. I was home once when he came and Mother and I went in the other room. He started to knock on the door and we almost thought he'd knock the door off, but he finally left. He never came back

It says in Heb. 13:2, "Be not forgetful to show hospitality to strangers, for thereby some have entertained angels unawares,' but when an agent or a peddler take advantage of a poor person who isn't quite sharp enough to say "No" and he tries to hang something on him or her that they don't need, they aren't

SINCERELY YOURS,

Inspector Gordo's Minute Mystery

THE CASE OF THE Missing model

"June left the house at 3 p.m. yesterday for the doctor's office," said her father. "She never came home. Her valise is still upstairs in her room, fully packed

"She had planned on a trip?" asked Gordo.
"To California. June's a fashion model. She was to take part in a big fashion show in California tomorrow. Her appointment with the doctor was for a vaccination." 'Did she keep it?"

'Well, I don't rightly know what doctor she went to, but she must have seen one.' "How can you be sure of that?"

"Chuck Notter says so. I mean, he overheard June make a remark to that effect. Chuck lives next door, and about five o'clock as he was returning from work, he saw June and a man arguing near the bus stop on Mainer Street. The man gripped June's arm. She pulled away, protesting, 'Don't Roman, I've just been vaccinated there. Stop it, you're hurting mel'.'

"Didn't Chuck assist her?" The father shifted uncomfortably. "June broke off her engagement with Chuck last month. I suppose he was still brooding. He saw this man and June enter a car and drive off. He didn't think it important till he learned June had vanish-

ed. Now he won't forgive himself for not helping her."
"Can Chuck describe the man with June?" "A slight man with a waxed mustache. Wore a dark gray overcoat that fitted too tight. Chuck thinks he's seen the fellow with June before."

Gordo pursed his lips and reached for the telephone. "Inspector Winters will want to have a long, long talk with Mr. Chuck Notter!'

Why did Gordo doubt the ex-fiance's story? Answer on page 8

Many local races to be decided in Primary Tuesday

Democratic voters in Huron County will get a much simpler ballot than will Republicans next Tuesday, during the Aug. 7 Primary Election. Voters can vote either Democratic or Republican during the 7 a.m. to 8 p.m. voting time, but cannot mix parties until the Nov. 6 general election.

DEMOCRATIC CHOICES are few and far between. Incumbent U.S. SENATOR Carl Levin (D-Detroit) is unopposed in his party, as is incumbent U.S. 8TH DISTRICT CON-GRESSMAN Bob Traxler (D-Bay City). Statewise, 77TH DISTRICT STATE REPRESENTATIVE candidate Duane

Harder (D-Bay Port) has no party opposition.

County posts of PROSECUTING ATTORNEY, COUNTY

CLERK, COUNTY TREASURER, REGISTER OF DEEDS and COUNTY SURVEYOR have no Democratic candidates. John E. Stickney (D-Port Hope) is seeking the SHERIFF post for Huron County.

No area townships have Democratic candidates in the Primary, except Caseville Township, where Jack E. Jensen (D-Caseville) is seeking the 6TH DISTRICT HURON COUN-TY COMMISSIONER position. Seeking the CASEVILLE TOWNSHIP CLERK spot is June P. Poisson, while Phyllis M. Conners is seeking the CASEVILLE TOWNSHIP TREASURER position.

REPUBLICAN VOTERS have much more activity ahead of them next Tuesday.

Newcomers Jim Dunn (R-Lansing) and Jack Lousma (R-Ann Arbor) are seeking Levin's U.S. SENATOR position. Statewise, John Heussner (R-Marlette) is unopposed in the Primary, in his quest for Traxler's 8TH DISTRICT CON-GRESSIONAL seat.

In state government, incumbent Dick Allen (R-Fairgrove) is unchallenged to retain his 77TH DISTRICT STATE REPRESENTATIVE post, and will face Harder in

In Huron County government, three persons are seeking the COUNTY TREASURER position vacated earlier this year by Arnold Schweitzer. Interim Treasurer Roberta Moetteli (R-Elkton) faces challenges from Warren J. Krohn (R-Elkton) and Robert C. Witherspoon (R-Port Hope). Incumbent SHERIFF Richard V. Stokan (R-Bad Axe) is opposed by fellow Republican Herbert Williams (R-Bad Axe), with

the winner to face Stickney in November.

Incumbent PROSECUTING ATTORNEY Karl Kraus (R-Caseville) is unopposed now and in November, as are incumbent COUNTY CLERK Helen M. Lemanski (R-Port Austin) and incumbent REGISTER OF DEEDS Frances L.

Holdwick (R-Harbor Beach). Incumbent 6TH DISTRICT COUNTY COMMISSIONER Ronald Knoblock (R-Port Austin) is unopposed in the Primary, but will face Jensen in November. No Democratic or Republican candidates are running for COUNTY

TOWNSHIP BY TOWNSHIP: Here are various candidates in Western Thumb Townships, with races to be decided in Tues-

BROOKFIELD has all Republicans seeking re-election, including Supervisor Walton Brown, Clerk Ed Good, Jr., Treasurer Bob McPhail and Trustees Lloyd Kretzschmer and Victor Wissner.

Your Progress-Advance comes to you fresh each week, filled with more local news, pict entertainment and features than ANY other paper. We're locally-owned – and we just cost 25 cents each week! What a bargain! Thanks for reading us...be sure all your friends do, too!

Elkton Village Minutes The regular meeting of the village council of the Village of Elkton was called to order W Prest Hoffman at 7:20 p.m. Council members record P. Therese Hoffman at 7:20 p.m. Council members record P. Therese Hoffman at 7:20 p.m. Council members record P. Therese Hoffman at 7:20 p.m. Council members record P. Therese Hoffman at 7:20 p.m. Council members record P. Therese Hoffman at 7:20 p.m. Council members record P. There exists a p.m. Council members re

by Pres. Hoffman at 7:30 p.m. Council members present B. Thompson, F. Santos, E. Ropp, T. Heck and C. Russell. Absent D. Fisher.

Motion by Thompson supported by Heck to approve minutes of regular and special meetings as corrected. Carried. Sharon Deering, recreation director reported on the summer recreation program. She said they are in a rebuilding year and the children are divided into age groups with dif-

ferent times and many activities. Terry Heck, chairman of the water committee, gave the following report. After 25144

of the water ordinance has been satisfied and in the superintendents findings there is or was a problem with an over usage of water through no fault of the owner the superintendent at that time may recommend to the clerk that the owner be charged for water used but the sewer be based on the average of the sewer usage from two prior billings. Motion by Heck supported by Thompson to the above recommendation and Jim Pulasky will be included in the above action. Motion carried. Claren Russell reported her water for Suds yer Duds for the 4-1-84 quarter was ex-

tremely high. It went from 87m to 171m gallons for the same quarter a year ago. Pres. Hoffman told Mrs. Russell to contact the Superi blem he should adjust the bill with the clerk.

Pres. Hoffman read correspondence from Michael Gage recommending that he be appointed emergency disaster agent for our village. Resolution by Santos supported by Russell to appoint Michael L. Gage as emergency disaster agent for our area. Carried Correspondence from Jim Ballard, Laker principal requesting a parade and kick-off rall be held in our village on September 21, 1984. Tentative approval was given and Mr. Dick Koehler will be asked to come to the next regular meeting.

Walt Forster reported that the walk-way between the building will be started this week after the easement is signed. Parking lot will be blacktopped the end of July. Barb Thompson gave a report on the restroom project. They have reached their goal of \$5,000.00 and a check was presented to the clerk.

Claren Russell reported that Duane Alexander had a call on needed property for a factory in the village. At this time we do not have a building available. She asked council to work on an EDC. She recommended that council purchase a police car through the state. Council recommended that Duane do the paper work and council will make a definite decision at their next council meeting.

Motion by Santos supported by Ropp to authorize the walk-way through the credit union building, Carried. Motion by Neck supported by Ropp to approve payment of bills as presented and to in-

clude Elkton Heating and Bay Shore Plumbing of \$1960.69. Carried.

Neilan Hoffman told council that he is stepping down from the president's job. Elmer Ropp who is now mayor pro-tem will be mayor effective July 5, 1984. Mr. Hoffman will now be mayor pro-tem.

Terry Heck thanked everyone for their help during Old Fashion Days. Dee Esch reported they are having problems with the dumpster at Tom Thumb. She asked for councils help. Pres. Hoffman told her to check with village police for assistance. Meeting adjourned at 9:30 p.m.

Neilan Hoffman, President Darlene R. Ginter, Clerk

CASEVILLE Republicans include incumbent Supervisor James Reeves being opposed by newcomer Ronald R. Bieri; incumbent Trustees Wayne Anderson and Michael A. Power opposed by Joseph M. Cilc, Lawrence Hillaker and Gale D. Schwalm; incumbent Treasurer Elaine Cleaver stepping down, with five replacements running, including Viola L. Hopkins, Jacquelyn M. Lankey, Eileen M. Rutter, Pamela J. Stahl and Deloris Steinman; while Clerk Wallace Hart is unopposed until he faces Conners in November.

CHANDLER has all Republican incumbents running and nopposed. They are Supervisor William Dufty, Clerk Glen Iddings, Treasurer Hilda Nieschulz and Trustees Fred Renn

and David Tait.

FAIRHAVEN voters have a full Republican ballot. Incumbent Supervisor Earl Kuhl is not running, so Morton Arnovits and Melvin R. Kuhl are seeking the post. Incumbent Clerk Adalene Floeter is opposed by newcomer Cheryl L. Nitz. Incumbent Treasurer Rhea Dutcher is challenged by Scott E. Quick and Ruth Shelton. Incumbent Trustees Wilbert Binder and Norman Kuhl are not running, and seeking the two spots are newcomers Orin Engelhardt, Walter Shelton, Dorothy Stoeckle and Danny D. Terrian.

LAKE voters have only one decision, as three people are seeking the vacated Treasurer's post which Michael Skurda

is relinquishing. John (Jack) Breznau, Delores Ross and Margaret (Peggy) Horn are candidates. Incumbent Supervisor Joseph K. Feger, Clerk Edward Koneczny and Trustees Walter Michon and Robert Hyzer are unopposed

McKINLEY ballots will see five familiar names. No opposition is seen to the Republicans, who are Supervisor Her man Rathke, Clerk D. Charles Leipprandt, Treasurer G. Wayne Henne and Trustees Ervin Strieter and Henry Roestel

OLIVER voters also have no new names or races to decide next Tuesday. All Republican incumbents are unopposed, including Supervisor Lawrence Krohn, Clerk Robert Krohn, Treasurer Adolph Schuette and Trustees Edwin Baker and

WINSOR voters, likewise, have no choices, since the Republican incumbents are all seeking re-election and are unopposed. They are Supervisor Robert Armbruster, Clerk John P. Kohr, Treasurer Clare Dast and Trustees Ray Lutz and Marlin Rathje.

Besides the two-year township government terms being decided, most area townships will have a separate poll to pick Democratic or Republican candidates to county political conventions.

Dast.

Sunday afternoon guests of Mr. and Mrs. Robert Dast were Mr. and Mrs. Gerald Decker and Jennifer of Bay City and Barbara Dast of Saginaw.

MINUTE MYSTERY ANSWER

Chuck Notter's slip was in stating that June had been hurt when the man gripped her vaccinated arm.

A fashion model, who must often wear sleeveless creations, would never disfigure her arm with a vaccination mark. She would be vaccinated on the hip.

(Under authority of Act 165, P.A. 1929 and Act 230 P.A. 1925, as amended)

Statewide Trout & Salmon Regulations

The Natural Resources Commission, at its meeting on July 13, 1984, under the authority of Act 165, P.A. 1929, as amended, and Act 230, P.A. 1925, as amended, ordered that for the period beginning September 1 1984, and ending March 31, 1987, no person shall possess, take or attempt to take, any species of trout or salmon from any of the waters of this state except by hook and line during the open seasons prescribed, and within the minimum size limits and maximum posses-

sion limits indicated below. Statewide open seasons on all trout streams and designated trout lakes shall be from the last Saturday in April through September 30 (longer on waters designated by the Director for extended fishing under Act 165) on all trout and salmon. Statewide open seasons on all other inland lakes and the Great Lakes shall be any time for all trout and salmon except on Lake Huron and its tributary streams and on Lake Michigan and its tributary streams the season on Lake

trout is from May 1 through August 15.

Size limits shall be 8 inches in Lower Peninsula streams, 7 inches on Upper Peninsula streams, and 10 inches on all lakes. The possession limit for trout and salmon shall be 5 fish singly or in combination but no more than 2 lake trout or splake from Lake Michigan and its tributary streams or 3 lake trout or splake from Lake Superior and Lake Huron and their tributary streams, except that an additional 5 brooks or brown trout may be taken from streams from the last Satur-

day in April through September 30 only.

In addition to one day's possession limit of salmon trout, a person may possess an additional two day's possession limit of processed salmon. For the purposes of this Commission Order the term processed means:

(a) Canned in a sealed container (b) Cured by smoking or drying

(c) Frozen in a solid state Any processed salmon or trout aboard a vessel on the water or at dockside shall be included in the daily

TORNADO **HEARD IN** CALIFORNIA

Naomi Bach of Bay Port had quite an experience during the June 12 tornado which caused \$1.2 million in damages -- and she was in California at the time!

She had traveled to the Golden State three days earlier, when she picked up the Fresno Bee newspaper to learn the tornado had struck her hometown of Bay Port. Her uncle had called her the night of the tornado to explain the house owned by her and husband Frank Bach had been severely damaged by a falling tree in the high

"Reading about your home town is really something. We don't get in the news too much," she said of Bay Port and the Thumb. "While you're on vacation

you think about fire or break-ins in your house or town -- but not tornadoes!' Here, she shows the story she clipped from the Fresno,

Couple Unite Lives

David Michael Bogdan, both of Coldwater, were united in marriage on April 28 at the Quincy United Methodist Church with the Rev. James Barney performing the traditional ceremony. Beverly Dull provided organ music and Eric Tappenden, nephew of the bride was acolyte.

The bride is the daughter of Roy and Shirley Tappenden, Coldwater, formerly of Elkton. The groom is the son of Robert Bogdan, Coldwater and Sue Bogdan, Coldwater Given in marriage by her

father, the bride wore a white, floor length gown of chiffon overlay with ribbon and lace insets and three quarter length sleeves. It had a sash at the wastline and a standup collar with lace. Her wreath veil was trimmed with simulated pearls and flowers. She carried a bouquet of carnations with baby's breath. Connie Bean, Quincy,

sister of the bride, was matron of honor. She wore a with ruffled capelet sleeves and a wide raised waistline with bustle in back.

Sarah Bogdan, Coldwater, sister of the groom was bridesmaid and she was attired identically to the matron of honor.

Steve Wood was best man groomsman, both from Colwater. Ushers were Mike Tappenden and Gary Tap-

length dress with chiffon sleeves and a bow tied at the neckline with a corsage of

wore a mauve chiffon dress charge of the gifts. with a high ruffled neckline and her corsage was blue and white carnations with baby's breath.

The wedding cake was cut and served by Lynn Tappenden, sister-in-law of the bride and Tammi Kuhl friend of the bride from Bay Port. Also serving was Cathy Kelly, friend of the bride, from Jackson. Cindy Taylor, friend of the bride registered the guests. Debbie Tappenden, sister-in-law of the bride and Ann Stop-penbach, cousin of the bride from Three Rivers, had

A rehearsal dinner was given April 27 by the groom's parents at the Briar Patch. Pre-nuptials showers were given by Debbie Tappenden, Lynn Tappenden and Connie

The bride was a graduate of Laker High School, Pigeon, and is employed at Branch County Bank.

The groom is a graduate of Coldwater High School and is employed at International Veneer Co.

The couple spent four days in Chicago, Ill. and now reside in Coldwater.

Maust-Schember Married

Miss Stephanie Schember, Pigeon and Timothy Maust, Bay Port, were united in marriage on Saturday, July 21 at Cross Lutheran Church,

Pastors Raymond Orth and Luke Yoder officiated at the doublering ceremony.

The bride is the daughter of Wayne and Joann Schember, Pigeon, and the groom is the son of Edgar and Pauline Maust, Bay

Music selections included "Together," "What a Friend We Have in Jesus," "O Perfect Love" and "The Lord's Prayer.'

The vocalists were Michael Schember, brother of the bride, Loraine Fluegge and Evelyn Krohn, aunts of the bride. The organist was Faye Errer, friend of the bride.

Silver table candelabras with cascading bouquets in blues and lavenders were featured on either side of the altar. A unity arrangement of Fugi mums and alstroemeria matching the candelabra was centered on the altar. White satin bows and springeri fronds marked the aisle for the bridal party.

Given in marriage by her father, the bride approached the altar wearing a traditional gown of chiffonette over taffeta. It featured a high neckline and sweetheart bodice accented with pearls and sequins trimmed with alecon lace. The bell sleeves and border of the skirt were highlighted with satin.

Her headpiece was a wreath of white silk stephanotis complimented by pearls and Venise lace. The bride's bouquet was a

casual gathering of astelbi and stephanotis. A cluster of gardinias centered the bouquet that featured a starburst background of camellia foliage. Veronica Fluegge, cousin

of the bride, served as maid of honor. She wore a floor length dress of sky blue satin. It had a sweetheart neckline and bell sleeves fitted at the shoulders with a fitted sashed waistline. Veronica carried a cres-

cent arrangement of shaded fugi mums in tones of blue. Hvacinth alstroemeria starred in the bouquets that also featured camellia and springerie fronds

The bridesmaids were Becky Maust, sister of the groom, and Mary Johnson, friend of the bride. Both were identically attired to the maid of honor.

The flowergirl was Rachael Miller, godchild of Albert Menominee of the bride. Her dress was handmade identical to the

that tied into a bow in back.

Couple Exchange Vows

Saginaw became the bride of Kevin Leon Roestel of Pigeon in an afternoon double-ring ceremony on Saturday, July 14 at St. Paul's Ev. Lutheran Church,

The bride is the daughter of Richard and Marlene Towne of Saginaw. Kevin is the son of Leon and Janice Roestel of Pigeon.

Officiating at the ceremony was Rev. James P. Tiefel. The church altar was decorated with garden flower arrangements. White aisle candelabras with pink bows decorated the aisle.

Musical selections included a duet "Together" by Leah Fien, friend of the bride and David Ziel. cousin of the groom and a solo "Lord's Prayer" by David Ziel. Organist was Kurt Rosenbaum of Burnsville,

Escorted to the altar by her father, the bride wore her mother's dress of white taffeta and chantilly lace, the bodice being lace over taffeta with a low squared neckline and short puffy taffeta sleeves trimmed in lace Pearl buttons accented the back of the dress leading down to tiers of taffeta and lace into a sweep train. A silk flower wreath made up of baby's breath with a delicate touch of pink and

veil complimented the dress. She carried a cascading bouquet of pink roses miniature carnations and stephanotis and baby's

Why You Should Visit The

SEBEWAING CHIROPRACTIC LIFE CENTER

For All Your **Health Care Needs**

In the public's eye, chiropractors have long been placed in a role of treating primarily musculoskeletal disorders such as low back strains and sprains, "whiplash" injuries, or some other pain located in the "back". This image as "back doctors only" is actually due to miseducation and misleading in

Since its discovery in 1895, the science of chiropractic has helped millions of people suffering from more serious health problems such as heart conditions, arthritis, ulcers, deafness, kidney disease, polio and other crippling diseases. Yet millions more will be discouraged from seeking chiropractic care as a possible solution for their health

Chiropractors, since the beginning, have always maintained that spinal subluxations which interfere with normal transmission of nerve impulses from the brain to the body, are the basic cause of ALL sickness and disease. The correction of those subluxations, given

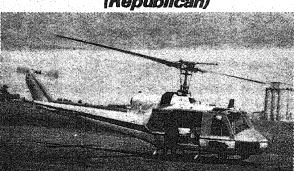

enough time, restore nerve impulses to the body and health returns. Relief comes in many forms. Aspirin, drugs and surgery can provide temporary relief from most pain and symptoms, but no pill can bring about health. Health must come from within. Health can only exist when the brain can transmit 100% power to all parts of the body via the nervous system.

Yes, Chiropractic is good for much more than cricks, backaches, and strains. Don't be discouraged from trying chiropractic for your more serious health problems. Give it a try. The results may surprise

Herb Williams For Sheriff

Are Tax Dollars Being Whirled Around?

I'm no scrooge but here are a few of the ways the helicopter has been used:

- To dry the ball field in Port Austin
- To transport Santa Claus
- To drop candy for special events

At a cost of \$150.00 to \$200.00 per hour to operate, I think our tax dollars should and can be spent more wisely!

Huron County had the first Ferris Wheel idea?

County Fair was held at

Verona on October 20, 1869.

the Schmyzers offered an

improved version — with

steel bearings. The wheel

and passengers were re-

volved by 2 men. Each ride

BAD AXE — When visitors at the 1984 Huron Community Fair see the big ferris wheel along the midway, they should know that the idea of huge wheel is just one year older than the Huron Fair itself - 117 years — and that it had its origin in Huron County.

The late, longtime historian of Huron County, Chet Hey of Bad Axe claimed that the idea of the ferris wheel was actually conceived in Verona, miles east of Bad Axe, in 1868, the year before Huron County had its first fair.

Hey took a keen interest in his research, and he conducted interviews, studied old letters and clippings and searched county records. He said that 2 brothers - John and Fred Schmyzer - developed the first ferris wheel at Verona Mills, then a town of more than 500 population. He said the Schmyzers built the machine in a sawmill.

According to Hey's research, the first wheel was built in 1868, of two 16-foot planks, built at right angles to each other and strengthened with a large circle and reinforced with spokes. A seat big enough for 3 passengers was built at each of the 4 ends, giving it a capacity of 12 passengers. The Schmyzers were woodcarvers who specialized in carousel horses, and they completed the wheel for the Fourth of July celebration

at Verona in 1868. The wheel wasn't an in stant success, because the

FERRIS WHEEL talked with residents who recalled that their fathers or grandfathers told of riding through the air one moment, and then, without warning, were tossed out when the seat stuck fast in-

it looked like a pencil, he

chuckled. On its decent the

tube caught the wind, caus-

ing a fluttering action. For-

tunately no one was injured,

jectile, Dast adds.

Historic marina welcomes tourists

By RICH SWARTZENDRUBER

With the recent emphasis on tourism in the Thumb area, Ron Johnson owner of Bay Shore Marina believes a portion of history could attract visitors to the Bay Port

area.

Motorists passing the marina, located about a mile north of Bay Port on M-25, can see the remains of the old stone-loading bins which was built and operated by the Wallace Stone Plant in the early 1930s.

A closer inspection of the facility reveals elevated bins constructed of stone, which were straddled by tracks for the stone-transporting train cars. The specially designed cars could dump on either side of the track by use of compressed-air cylinders.

Construction of the stone bin and barge loading facility was about a two-year pro-ject, according to site foreman Carl Dast, who blasting, Dast says. When later was promoted to the blast erupted, the tube was blown so high in the air manager of Wallace Stone

Part of the construction project was the dredging of the mile-long channel into Saginaw Bay. Creating the channel proved to be a slow and difficult process, due to the sandy bottom of the lake. The rock had to be blasted loose with dynamite before it could be scooped with

Dast recounts a story about the process of bones were all turned into "jetting" holes for the mush," says Dast. dynamite through steel Specially design tubes. After the blasting hole provided a platform to keep was formed and the the cranes above the water. esplosives inserted, the tube One of the cranes slipped off was removed. On one occa- its pad during one winter,

sion, the steel tube was causing it to tip forward into the water. To retrieve the machine, a heavy chainfall from the quarry was anchored in the ice behind the crane. A group of men slowly winched it back into position before dredging could con-

The stone-laden cars from

LOADING DOCK: The old loading dock awaits an empty barge to fill with crushed

stone. The amount of stone shipped in each load dropped from 3000 tons to 400 tons over a

the quarry were carried though one man was narrowacross M-25 on an elevated ly missed by the falling protrack which cleared the The work crew's menu roadway by 14 feet. The rail often featured fish, due to cars were then dumped into the many killed during the the bins with slanted sides of smooth stone. Beneath the blasting. Those fish near the blast center were inedible, bins was located a 200-foothowever, because "their long tunnel which housed a belt which carried the stone up to a barge-loading facility

Specially designed pads by the channel. Opposite the tunnel opening, an escape tower was constructed for workers to avoid being crushed by a pile of stone in the event of a belt

or a bin door malfunction. The masonary bins and barge-loading facility was engineered by John Hahnke who only completed a second-grade education, Dast says. The man's design still stands today despite the removal of much of the supporting dirt and stone from along the sides of the struc-

Captain Lester, operator of the tug that transported the barges loaded with stone, was a strong-willed seagoing man, Dast recalls.

"When I first started sailing, they had wooden boats and iron men. Now they have of Lester, Dast says.

The docks were only used from 1931-1936 because of a five-foot drop in the water level in Saginaw Bay during that time. The first barges carried loads of 3000 tons but the last cargos only weighed about 400 tons, says

There is no record of the total construction cost of the project due to an office fire n 1933. Dast notes, however, the debt wasn't obliterated until 1944. A potentially volatile

situation was avoided by quarry management during construction of the giant project over workers pay, the former foreman says. Jnemployed individuals approached Dast with an offer o work for 18 cents per hour, undercutting the 20 cents per hour pay for workers at that time. Management refused the offer, however, fearing the laid-off workers might riot over the loss of their livelyhoods, he says.

Marina owner Johnson has hopes to transform the present site into a tourist attraction. In addition to tours of the facility which still stands, he plans to feature a history of the stone-loading process with photos and videotaped accounts of eyewitnesses.

The potential historical attraction of site is as great as the copper mine tours of Michigan's Upper Penin-

DON'T GIVE UP ON HUMAN BEINGS: PRAY FOR THEM INSTEAD

The only thing necessary for the triumph of evil is for good men to do nothing. - Edmund Burke

"I pray not that thou from the evil. - John 17:15

e are all occasionally tempted to renounce the human race: a normal reaction to our own experience as well as all the horror stories in the news about abandoned babies, mistreated animals, vandalism, the drug scene, and so on. However, let us remember that there are still a lot of good people around, including us. We should regard all of this as a mandate to fight those evils any way we can, with letters to the editor and our elected officials, and a willingness to get involved by helping to prevent crime, among other things. Above all, let us turn to faith and pray at our House of Worship for the courage and ability to reverse this trend that threatens to plunge us back into the dark ages. The more hopeless it seems, the harder we must strive to restore love and goodness to the world. It can be done, if enough of us will stop cursing the darkness and start lighting that candle.

Cixty econds Strength for each day

Read 1 Peter 5:6-11.

As your days, so shall your strength be. Deuteronomy Moses concluded his remarkable career as the chosen

leader of God's people with a series of prophetic blessings for the various tribes of Israel. A magnificent promise was given to the tribe of Asher: "As

your days, so shall your strength be." Whatever circumstances should arise, the Lord would provide the strength to meet them. This promise is of more than historical significance.

Like other promises of God to His people, so also this promise was written for our learning and comfort. We, and all of God's other children, are included in this pro-

This promise reminds us that our strength comes from God. He provides it according to our need -- when we need it. He does not promise according to our wishes. We might

wish to be Superman and misuse our strength, or boast about it and trust in it instead of trusting in God. It is noteworthy that Moses here measures time in days in-

We don't live by years. We only live one day at a time. Many people foolishly try to live in the past and in the future as well as in the present, and that causes untold pro-

The solution is to look to Christ for grace -- today and

Almighty God, Source of all our strength, thank you for your promise of strength according to our need for each day.

Lutheran Bishop leads TTLM Sunday

Top-of-the-Thumb Leisure LaFollette is spending the Ministries Vespers on Sunday. Aug. 5, will present the Rev. Dr. Reginald H. Holle, Bishop of the Michigan District, American Lutheran Church. Bishop Holle comes to Port Austin from Detroit for the 4 p.m. service at St. Michael Church.

The native Texan served churches in Ohio and Detroit prior to his election as Bishop in 1978. He also serves on boards of Capital University and Luther Northwest Seminary

Bishop Holle will speak on the theme "More Than Minutes," using II Cor. 6:1-2 as his text. Pastor Raymond Orth of Cross Lutheran Church of Pigeon and president of TTLM will be worship leader for the service.

On Wedensday, Aug. 8, a program of meditation and music will be featured at TTLM Vespers at the Caseville United Methodist Church. Two student pastors in Presbyterian churches will be in charge of the worship service at 8 p.m. Joan

summer in Ubly working with the people of the Ubly and Fraser Presbyterian Churches. She is the daughter of Rev. Robert LaFollette, Executive of the Lake Huron Presbytery, who was originally slated for the Vespers. Miss LaFollette is

GRADUATION **COMING AUG. 21**

Preschool children attending Story Hour at the library that will enroll in kindergarten this fall will receive their diploma during Graduation exercises on Tuesday, Aug. 21 at the Pigeon District Library. Ony one Story Hour will be conducted on this day, beginning at 9:30 a.m. for all

Parents and grandparents are invited and urged to at-

FESTIVAL EVENTS

Over 900 persons viewed the 93 quilts displayed during the annual quilt show at the library last weekend. A wide variety of quilts were displayed, ranging fromn baby and king size quilts to

handcrated creations were purchased during the

The committee, consisting of Mrs. Vera Beyer of Bay Port, Mrs. Amanda Strauch of Sebewaing, Mrs. Marjorie Frank and Mrs. Ruth Heckroth of Caseville, and Mrs. Zola Roeber and Mrs. Elta Swartzendruber, also demonstrated quilting dur-

ing the display.

Winner of the Triple Irish Chain quilt donated by June Nelson was Virginia Zielinski of Caseville. Ticket sales totaling \$100 will go to the

The children's room at the library has returned to normal after a busy weekend during the annual book sale. Over \$290 was raised from the sale of used books and magazines.

STORY HOUR

Preschool Story Hour

nies." Activities planned for the children include "Ten Little Indians" finger plays, the song "This Old Man" and Top help the children learn to count the take home project for this week will be a

theme for Tuesday Aug. 7 will be "counting." Stories

will include "The Number

Ten Duckling," "Count on

Calico" and "The Five Pen-

'clock with hands." Time will also be allowed for Show and Tell since this is the first Tuesday of the month. All area preschool children are invited to attend Story Hour each Tuesday at

either of the 9 a.m. or 10:30

FLAG DONATED

The Pigeon District Library has a new American flag that will be placed outside the building on Main Street each day the library is

open. The flag was given to the library last week by the Pigoen VFW Women's Auxiliary Post 2236. A hole has been drilled in the sidewalk to place the flagpole.

READING **PROGRAM** CLARIFICATION

In last week's library news, Barbie Peck should have been listed as a student that would ride on the float in the Farmers' Festival Parade. The three children who qualified to ride on the library float by reading the most books during the summer reading program were Nicole Castilla with 285 books, Jennifer McIntosh with 265 and Barbie Peck

Sheriff Stokan agrees with country song writer, Lee Greenwood, who sings one of the top country hits of today.

"GOD BLESS THE USA"

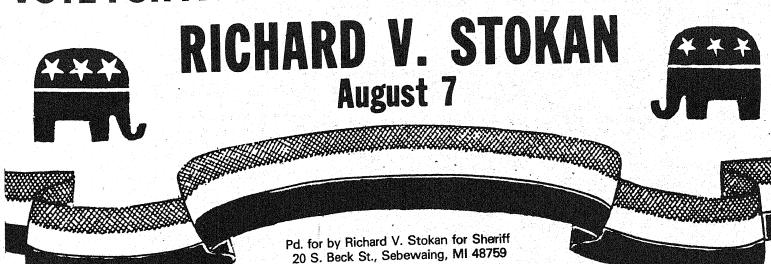

There's pride in every American heart, and it's time we stand and say, that I'm proud to be an American, where at least I know I'm free, and I won't forget the men who die, who gave that right to me and I'd gladly stand up, next to you and defend her still today, 'cause there ain't no doubt I love this land, "God Bless the USA."

I thank my lucky stars, to be living here today, 'cause the flag still stand for freedom, and they can't take that away.

SHERIFF STOKAN URGES YOU TO EXERCISE YOUR GREAT AMERICAN RIGHT AND VOTE!!

Minutes of the Pigeon Village Council

Division III

Bay Port RLDS

Voelker each scored a pair of with a goal each.

minutes remaining in over-

share of first place in the

Regular meeting of the Village Council was held on July 9th, 1984, called to order promptly by Norris Diebel at 7:00 p.m. Those present for roll call were Norris Diebel, Jim Armpruster, Tony Kula, Ken Licht, Dave McCormick, Fred Orr and John Schaefer. Also present

were Bob Brown, Village Superintendant and Mike Otto, Village Council.

Diebel instructed the Council to review the Minutes of the regular meeting held June 11th. 1984. Orr stated that there was no mention made of the proposed Village Newsletter in those minutes. Diebel stated that if that was the only modification necessary, that mention could be made in these minutes since the previous minutes were so lengthy. Motion made by Schaefer, seconded by McCormick to accept the minutes as read. Motion

Motion tendered by Fred Orr, seconded by Ken Licht to authorize publication of a quarterly newsletter, mailed to the residents of the Village, informing them of pertinent,

Diebel presented the Police Report for the month. Diebel also stated that there would be a meeting of the Public Safety Committee scheduled for later in the week. Police Report was accepted as read. Libka presented the Building and Inspection Report for the month. Motion tendered by

Armbruster, seconded by McCormick to approve the report as presented, Motion passed Don Otto presented the DPW Report for the month. DNR had requested that additional samples be taken from the lagoon and that a subordinate survey be conducted by the

Village, to obtain discharge information from the local industries. Brown stated that he had already contacted those industries in writing, and would be receiving the results in a couple of weeks. Council approved the DPW Report as presented. Diebel read to the Council a letter received from the Pigeon-Area Jaycees, requesting

permission to conduct donation collections for the Muscular Dystrophy Association on tune 21st, 1984. Permission granted by the Council.

Diebel presented to the Coucil a proposal provided by Linda Clabuesch, for the running of the Farmers' Festival 3200 and 10,000 meter races on July 28, 1984. Resolution to grant permission tendered by Orr, seconded by Armbruster. Motion passed by unanimous vote. Brown directed to consult with Johnson, to ascertain the need for a permit to con-

Bergman presented a proposal to have swimming available to the attendees of the mer recreation program. Council discussion yielded general acceptance if no more than four children were supervised by one adult, and that before such recreation was undertaken that a release of Village liability be executed by each participant. Motion tendered by Armbruster, seconded by Schaefer to approve the swimming program with aforementioned conditions. Motion passed by unanimous vote.

Bergman stated that the participants in the summer recreational program were plannng to enter a float in the Festival Parade. Don Otto to provide the necessary vehicle and Brown to coordinate the necessary funds not to exceed a total of \$100. Brown presented the Financial Report for the month. Motion tendered by Armbruster.

seconded by McCormick to approve the report and to pay the bills. Motion passed by Diebel advise that the Village had received an independent appraisal of the Huron Coun-

ty property being considered for purchase. Village plans on being in contact with the County to discuss potential purchase possibilities further.

Brown presented to the Council the results of his investigation into the replacement of the existing office equipment. Brown stated that the two local suppliers of equipment had been contacted and they had responded appropriately with their offerings. Brown also stated that all of the pricing information that was obtained concurrently with equipment performance information, was predicated on "state price", the best price available to the Village. Brown recommended the purchase of a Brother Model EM-100 Electronic Typewriter and a Minolta model 530R Copy Machine as the items which should be purchased based upon their meeting the criteria established for performance and price. Licht stated that now since all this information was available, the equipment should be put out for bid. Brown explained that is essentially what had been done by virtue of the fact that he had obtained responses from both local suppliers and obtained "state pricing" for all of the units that had been considered. (A total of seven typrewriters and thirteen copiers publish a request for bid. Motion tendered by Schaefer, seconded by Orr to purchase the recommended replacement office equipment. Roll call vote was as follows: Orr, yes; Licht, no; Armbruster, yes; Diebel, yes; McCormick, yes; Schaefer, yes and Kula, yes. Motion passed by majority vote.

Orr stated that a policy should be drafted concerning the procurement of goods and services, with special emphasis placed upon specialty products/services where limited, local availability exists. Diebel requested Mike Otto develop such a policy and present it

Diebel introduced Clarence Schadd of Pigeon Manufacturing who stated that his organization was planning an expansion program in Pigeon which would approach \$900,000 when completed. Schadd explained that he will be requesting consideration for tax exemption on this incremental investment in the near term, and was interested in the Council position regarding such a request. Diebel stated that such a request would probably be viewed favorably by the Council, since such an expansion would have a definite. positive impact on the Village.

Diebel introduced Bud Luedtke who expressed some of his concerns regarding the minimal amount of residential property available for development, and the need for the Village to consider a cost-sharing arrangement to assist property owners in preparing their land for future development. Diebel instructed the Council to review the Subdivision ordinance, and be prepared to discuss the alternative at the next Regular Council

Diebel introduced Dave Clabuesch who presented a proposal for utilizing the Village Depot facility. Diebel stated that a committee consisting of representatives from the Lion's Club, Pigeon EDC, Chamber of Commerce, Historical Society and the Village, should be formed to investigate the alternatives for the Depot facility utilization. Diebel asked Clabuesch if he would serve as Chairman of that committee. Clabuesch agreed that he would. Brown appointed to represent the Village. Motion tendered by Armbruster, seconded by Kula to establish the committee. Motion passed by unanimous vote.

Brown presented to the Council the current status of the Information Processing

Review Committee investigation into the mechanization of the Village administration systems. Brown stated that the committee consisting of Armbruster, Orr. Schaefer and himself. had their first review meeting on June 27th, 1984, to assess and establish the areas which required immediate attention. The discussions determined the need to automate the General Ledger, Accounts Payable, Accounts Receivable, Fixed Assets and payroll. There remained a substantial list of other applications; but these were given first priority. Brown stated that at this point in the investigation, there appears to be a limited number of suppliers available for municipal-based software in a personal-sized computer application. A considerable amount of software is available for main-frame sized computers; but the cost of obtaining such hardware and software, cannot be justified at this time. Therefore the investigation is proceding in the areas of PC-type municipal software and the possiblity of utilizing a "service bureau" that already has the capability.

Brown presented the current status of the Superintendant's position. Brown stated that he had completed design of a uniform chart of accounts for the Village, in accordance with the criteria established by the State of Michigan in their publication dated, January 1984. The account structure designed, can be readily utilized in any mechanize system, as well as enhance the simplicity of the budgeting process. Brown also stated that the June 1984 transactions which have occured, are processed utilizing the new chart of accounts. Prior transactions will be retroactively reclassified to the beginning of the fiscal year to bring the records current. Schaefer suggested that Brown obtain some clerical assistance to minimize the time taken to update the accountability records to the new uniform chart of accounts. Brown stated that he would definitely give that sugges-

Diebel stated that Brown had now met the requirement to be an electorate of the Village; therfore, it was now appropriate to officially appoint him as Superintendant/Clerk. Motion tendered by Armbruster, seconded by McCormick to execute the necessary Oaths of Office. Motion passed by unanimous vote. Diebel adminstered the oaths to Brown in the presence of the Council.

Orr presented the status of the planning and Zoning Committee efforts to draft a Village Zoning policy. Orr stated that they were still in the process of determining definition regarding "home work", and were not ready to make any recommendations at this point in time. Orr stated further that they were continuing their review of the Village Brown stated that he had forwarded the Dixon Engineering Report on the Village water

system to Don Williamson, Village Engineer, for his final review. Brown also stated that he would be in contact with Williamson later in the month to arrange a presentation at the next Regular Council Meeting Diebel asked the Council if they had any comments regarding the need to update the

Village Ordinances. After considerable discussion by the Council, and recommendations by the members, Mike Otto was directed to continue his review and provide his recommendations to the Council as soon as possible.

Motion tendered by Schaefer, seconded by Licht to appoint Mike Gage as the Village "Local Agent" for disaster recovery. Motion passed by unanimous vote.

Brown asked the Council if they were interested in placing an advertisement in the Progress-Advance for the upcoming Farmers' Festival Edition. Diebel stated that a similar ad should be repeated. Motion tendered by McCormick, seconded by Kula to place the ad.

In response to an editorial published in the July 3rd, 1984 edition of the Progress-Advance, written by Donna Orr, requesting that the Council address certain specifics regarding the need for computer capability and other concerns, Diebel stated that he would be more than happy to provide Orr with the Council position on these subjects. Diebel stated that the plan to automate the Village administration system is consistant with the objective to minimize the amount of Superintendant time spent keeping books, so that more attention can be placed in the area of grant funding for such items as the water tower. The funds provided for such a capability, would be more than recovered through the receipt of grant funding in the future. McArdle had been directed to investigate a computer application (matter of public record) last year, but failed to do so. The requirement has not changed since then. Brown's salary is higher than McArdle's was but, the additional cost is being offset by the savings realized by not having a Villagepaid clerical individual, and eliminating the incremental costs of having a CPA routine assisting in the accountability function. Brown has been given the same direction that was provided by McArdle, the major difference being, Brown is responding. Brown's experience as a professional accountant, systems designer and business manager have been tested, and proven, well in advance of his appointment to the Village Superintendant/Clerk position. The council recognized the necessity of bringing continuity and improved efficiency to the Village administration system quite a while ago. Hiring an individual with Brown's experience level in business, brings to the Village a resource not previously available to the Village for the salary being paid. We have confidence in his ability to meet our objectives; but in meeting these objectives, we must realize that certain positive steps, must be taken. A purchase of computer equipment is only one, of the many options available to accomplish our objectives. Brown is investigating to establish these various alternatives, and will report through the Committee.

Fred Orr stated that the opinions expressed by his wife Donna in the aforementioned editorial, were her own.

Diebel read to the Council a letter received from the Village Historical Society, requesting that the Council consider modification of the Depot facility to house the existing artifacts. Diebel stated that the newly formed committee, chaired by Dave Clabuesch,

Diebel reminded the Council of the necessity to have an Executive Session to address pending litigation. Motion tendered by Orr, seconded by Armbruster to adjourn to closed session for those discussions. Roll call vote was as follows: Orr, yes; Licht, yes; Armbruster, yes; Diebel, yes; McCormick, yes; Schaefer, yes and Kula, yes. Motion passed by unanimous vote. Regular meeting was adjourned to closed session at 9:55 p.m.

Regular meeting was reopened at 10:18 p.m. by Diebel, to determine if there was any additional business which required attention. There being no further business to discuss, motion tendered by Armbruster, seconded by Orr to adjourn the regular meeting. Motion passed by unanimous vote. Meeting adjourned at 10:18 p.m.

R.B. Brown, Jr.

TOURNEY CHAMPS: Stroemer's Euclid Market softball team of Bay City notched four consecutive victories to claim the championship trophy of the Pigeon Farmers' Festival womens softball tournament sponsored by Pigeon IGA. Members of the championship team pictured above include, in front from left, Batboy Brent Mathely, Candy Kotcher, Judy Dewald, Curine Paul, Laura McAllister, Kim Herriman. Back row, Jan Jaskiewicz. Dawn Denham, Jan Mathely, Cindy Tithof, Coach Bill Tithof, Deb Wells, Wanda Sturgis, Cheri Murawske, Coach Jim Jaskiewicz and sponsor Chuck Stroemer.

Elkton Merchants placed second in the double-elimination tournament with a record of 4-2. Team members pictured below include: in fron from left, Karen Booms, Julie Gettel, Kim Haldane, Lois Talaski, Bernie Morneau and Marcy Brinkman. In back, Kay Swiastyn, Lori Kubacki, Julie Pettie, Jane Anderson, Elaine Stoutenburg and Judy Badgley. Absent

Keep it simple!

Sportsmen are a notorious group of gadgeteers. If you don't believe me, visit your local sporting goods store, or page through one of the dozens of outdoor oriented, mail-order catalogs you receive in the mail. In either, you will find everything the outdoorsman could possibly need, and hundreds of items that he would never use. Let's face it. We have become a generation f hardcore equipment junkies.

On a recent fishing trip, a good friend and I discussed some of the follies we had fallen for. While I have but one fly rod, used for all types of streams and fishing conditions, he nfessed he owned more than a dozen. Many, were similar in construction and materials. When it came to our fly vests, I took the limelight for the greatest array of junk. Items, I'm ashamed to confess, that ncluded surgical forceps, mini-squeeze lights, thermometers, fancy nail-clippers, measuring tapes, six fly boxes, three spare spools for my fly reel, fly dope, bug dope, a package of year-old beef jerky, three pairs of sunglasses, and ... I think you get the idea

A few short years ago, most outdoor catalogs were spartan affairs. They included rugged pants and shirts, a few boot choices and other necessities. Today's selection may include a gold-plated drinking cup, color-coordinated outfits, black walnut wading staffs (with engraved silver tips). egg valises, French paring knives and other ridiculous-looking, and useless gear. As one outdoor writer put it: "We have denatured nature with our excessive-reliance on fancy hardware. Equipment lunacy prevails."

Now I'm not saying all outdoor equipment is bad, on the contrary. Each sport has its basic gear that helps one enjoy it to the fullest. Whether it be a good, solid backpack for the hiker, or a set of ultra-light waders for the stream fisherman, or a good, fast automatic shotgun for the duck hunter. Each are incredible things, and are very important for the satisfaction of the sport. The problem is that too much of a good thing is a

For example, let's say you fall in love with canoeing. You shop around and find yourself a classy, 15-foot "Old Town," (which I recently did). You pop it on your '79 Chevette and head for the nearest stream of water that will float it. However, when the spring rains come, you discover that your old friend doesn't handle so well in white water, so you invest in a slim, Kevlar Kayak. You sharpen your skills a little and you add an olympic slalom kayak. You run into a couple of army buddies who are into canoe racing and you find in order to compete you need a 171/2 foot, fiberglass We-nonah. Then you become interested in open water canoeing and you drop a few bucks for a two-man Sea Otter or Sisiutl. Aaaarrrggghhh!!!!! Now you have so many crafts you need the largest U-haul made just to cart them around. You dream about the

...and hundreds of items that he would never use. Let's face it. We have become a generation of hardcore equipment junkies.

simplistic days of your little "Old Town" and wonder where you went wrong.

As Thoreau aptly put it: "What begins as the Great Escape, ends as the Ultimate

A relative of mine, who is an ardent bowhunter, recently told of a backward movement in his sport. It seems he got fed up with his compound bow, complete with its stabliziers, tracker arrows, and lighted sights, and returned to a 40 lb. recure. He also stopped hunting from tree blinds and over feed piles. "The excitement of the hunt has returned for me," he marveled, "and best of all, I got five deer in the last five

I sometimes wonder about the beautiful fishing machines that ply our Great Lakes during the Trout and Salmon season. Commonly referred to as Charter Boats, these electronic-aided, computer-oriented fishing rigs are frightfully efficient in their quest for the piscatorial quarry they pursue. I visualize, 10 years from now, their skippers resting dockside, in a chaise lounge, while the remote-control boats run a zig-zag pattern five miles offshore, and dutifully return with a limit catch.

In the end, each outdoorsman must make his own decision as to what he or she wishes to achieve from their outdoor experience. To say one way is right and the other is wrong, is completely ludicrous. What is important is to be true to yourself, to decide what it is you seek, and then seek it with all the gusto you can muster or afford. But you don't have to insulate yourself from the very environment you have come to enjoy.

In a recent article in "Backpacker Magazine," author Rob Schultheis had an interesting thought. He stated that Tao, a Chinese concept, translated literally to "The Way," but it refers in its most important sense to the superiority of the simple, the minimal, ultimately the nothing-at-all in the world. The Tao Teh Ching, or "Book of Tao." teaches that you get into trouble when you get tangled up with things. One thing leads to another and soon you are inextricably entangled with things. Schultheis states, the Tao Teh Ching may just be the most important book on outdoor sports ever written. He goes to say, that our unholy love of material, if allowed to go unchecked, sucks the moy out of the mountains, rivers,

I'm not sure if I totally agree with Rob Schultheis, but my dad always used to say, "Fishing lures catch more fishermen than they do fish," and my dad never lied.
