### 220 guests enjoy Thumb hospitality

PORK DINNER! About 220 people enjoyed a full-course roast pork dinner, courtesy of Huron County's Pork Producers, during the third annual Huron County Awareness Day, hosted Monday by Pigeon, Caseville and Bay Port.

Many of the state lawmakers, aides and lobbyists enjoyed a day of industrial and farm tours, fishing and informal meetings to learn more about the tip of the Thumb, as organized by the Huron County Economic Development Commission.

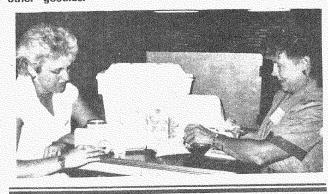

They topped off the full day's schedule with the pork barbecue, homemade "Real" dairy ice cream and all the trimmin's at the Pigeon south end park, next to the Pigeon VFW

ABOVE, Dick Strieter and Ralph Swartzendruber, center and right, carve away at the main course.

ABOVE, Dairy Diplomats Marie Leipprandt and Lorene Zagata talk over their booth inside the VFW Hall with Huron County Coop Extension Director Bob Johnson. Nearly a dozen such booths were displayed, to better inform lawmakers about Huron Coun-

### Thumb Weekly News Round-Up

\$2.8 MILLION FOR P.A. HARBOR Work will begin next month on the first half of the Port Austin Harbor project -- and the proposed northeast-wind breakwall was granted \$2.8 million in federal funding last week, U.S. Rep. J. Bob Traxler (D-Bay City) has announced the new breakwall grant, okayed by the House Appropriations Committee, and expected to be signed by President Reagan within the month.

The \$2.8 million amount will allow construction of Port Austin's second breakwall in 25 years, which will provide more boating protection for pleasure craft at the tip of the

Last June's \$500,000 federal grant will provide an access walkway from shore to the present Port Austin breakwall. Work on that project should start next month, Traxler's of-

Also funded by the Appropriations Committee last Wednesday was \$24,000 for winter maintenance in blasting ice out of the Sebewaing River, plus \$150,000 for flood control work on the Cass River near Vassar.

#### LIBRARY MILLAGE SOUGHT

Huron County voters will decide later this year whether to approve a multi-year request to provide three-tenths of a mill

to support local libraries. Huron County Board of Commissioners last week approved the county millage request, which will be on a separate

ballof, possibly in November Sebewaing Township and Pigeon District Libraries would each receive their shares of the expected \$250,000 income to be raised countywide, based on their defined service areas. Most local municipalities now provide funding through township and village millages or annual grants.

County Prosecutor Karl Kraus is now working on prope ballot wording, and will help determine the length of time the request would run. Libraries in Sebewaing, Pigeon, Bad Axe. Ubly, Harbor Beach and Port Austin would share the funding, based on their present circulation boundary areas. The County Board has been allocating \$35,000 of federal revenue sharing funds for libraries in recent years, but that program is among President Reagan's targets for elimination

REMAINS OF 1800s SCHOONER?

That skeletal wooden framework of an old ship found last month along Lake Huron near Port Austin may be one of several wooden-hulled schooners that sank between 1877 and

A spokesman for the Dossin Great Lakes Museum Detroit told The Bay City Times the 108-foot-long wooden structure found partially buried in the sand fits the description of any of three schooners -- the 111-foot Berlin, which sank Nov. 8, 1877 while carrying limestone; the 137-foot A. Boddy, which sank Nov. 15, 1887, or the 120-foot Emue, which sank May 4, 1888 while carrying lumber.

State Department of Natural Resources officials measured the remains as being 88 feet long, but say a 20-foot section apparently washed away before they could take

#### PRESERVE GETS STATE O.K.

Michigan will soon get its fourth underwater preserve - and its at the tip of the Thumb Area. 276-square-mile area of Lake Huron from Port Austin south to Harbor Beach was designated by the Michigan Natural Resources Commission last week, with official action expected within two weeks An estimated 64 ships are

believed submerged in local waters, and nine have been identified within the

It will be promoted as a tourist attraction for divers and marine historians; and no items can be removed from the preserve, a sort of underwater state park.

The nine known wrecks date from 1860 to 1924 and include the Albany, Chicamauga, Dunderburg, Enterprise, Glenor-The Albany and Philadephia collided in 1893, and one of the oldest, the Dunderburg, sank in 1868.

Michigan's other three underwater preserves are at the Straits of Mackinac, in Lake Huron's Thunder Bay near Alpena and in Lake Superior near Munising.

#### COKE BOTTLER CHANGING

The Coca-Cola Bottling Company of Port Huron, which serves all of the Thumb Area from Sebewaing to Port Huron, is being sold to Coca-Cola U.S.A., the parent corporation. The firm, with bottling operations in Port Huron and warehouse space in Bad Axe, employs 70 people. No operational changes are planned.

The plant bottles 4000 24-bottle cases of pop daily. It was built in 1962 and serves all of Huron, Sanilac and St. Clair Counties. It is one of only three Coca-Cola companies in Michigan -- besides Coca-Cola Bottling of Detroit, serving that metro area, and the parent firm which serves the rest of the state. No purchase price has been appounced

The deal to sell the business follows the death of Executive Vice President James Kreger in February, according to President William Kreger.

#### O-G RE-ELECTS RON GOOD

Ronald Good has been re-elected President of the Owendale-Gagetown School Board of Education, during its reorganizational meeting last week. Joseph Warack is vice president, Mary Ann Abbe secretary and Jack Brinkman treasurer.

### As we see it editorially

### Regional jail is excellent idea

leaders in Huron, Tuscola and Sanilac Counties are discussing a three-county regional jail to house prisoners from the entire Thumb Area. The discussion came from a jail study group in Sanilac County, which must replace its outdated 32-bed jail.

Rather than just consider bearing the burden alone paying for that facility, Sanilac County wisely considered alternatives - and came up with the regional lock-up concept. Sanilac Prosecutor James Young, who is chairman of the jail study group, deserves credit for the novel idea. It makes a lot of sense overall.

Imagine the number of deputies which could be freed up for road patrols in all three counties if such a new jail were built! Locations proposed have included near highway M-53 at Cass City, centrally-located for the three coun-

Imagine how duplicated staffs -- who must serve 24 hours every day of every week -- could be reduced! Now, those jails are 40 miles or so apart, and they're all doing the same thing day after day. Greater efficiency and cost savings could result if one jail security staff were possi-

Huron and Tuscola Counties don't have the

Parent organizations

By HARRY BRUNET LAKER SCHOOLS

When youngsters enter school for the first time, their parents are encouraged to become active in either a parentteacher association or a parent-teacher organization. This form of active involvement by parents is much greater at the elementary level than at either the junior or senior high school, the main reason being the overall concern for the parents wanting to see that their child gets off to a good start in those early years. We have also noted that elementary parents are anxious to find out how their child is doing socially, emotionally and achieving with the basic school classes.

Over a period of years, our parent-teacher organizations have been very helpful by purchasing special equipment or making a direct contribution to each grade for the purchase of room materials. During this past school year, our elementary schools received video equipment from funds raised by various parent-teacher projects. We know that a homeroom teacher of the elementary students appreciates these offer-

When students leave the elementary grades, they are exposed for the first time to their entire class. Starting with the seventh grade, all three elementary schools are combined You might think that this adjustment is difficult. On the contrary, the youngsters blend together quite nicely and remain that way for the next six years. In our junior and senior high schools, we do not have an active parent-teacher organization. We do, however, have booster clubs that do a tremendous amount for our students. The two main organizations are the Band Boosters and the Athletic Boosters. We are indeed fortunate in having these two organizations working

This past year was perhaps one of the best examples of how a booster organization can be of benefit to our student body and the residents of the school district. Our high school band was in need of new uniforms for concerts and marching. The band also was in desperate need for the replacement of certain costly instruments. Through a cooperative agreement, the Board of Education entered into a contract with Thumb National Bank to purchase the new uniforms. The Band Booster organization went on record to purchase the costly instruments (tubas at \$1,368 each, french horns at \$494 each, oboes at \$950 each, and baoons at \$1,200 each).

The Athletic Boosters have donated countless hours of free time to their various fund-raising projects, and as a result turn over thousands of dollars to al athletic programs. One particular gesture on their part was the commitment to donate money towards the purchase of new lights for the football field. It was their endorsement of this project that prompted our Board of Education to install the new modern lighting system. These organizations, along with the elementary parent groups, play key roles in the successful operating of our schools. They have outstanding individual members as found within any volunteer group. We sincerely hope that they will continue experiencing success, and perhaps more parents will become active in these programs.

QUESTION: When the new Junior High opened, did operation

millage increase? ANSWER: No, in fact the first full year that the Junior High operated the Laker taxpayer had a 3.33-mill (that is, three mills and 33 hundredths) reduction in their operational millage for public education.

same problems, since their jails are somewhat newer. Tuscola can hold 46 inmates, but Sheriff Paul Berry admits that number has risen to 70 on weekends, since some persons get workrelease sentences which require weekend time in jail. Huron County Sheriff Richard Stokan's iail can hold 50 prisoners and is the newest of the three here at the tip of the Thumb. With room to spare, the Huron jail at Bad Axe often "rents" space to other counties for additional revenue.

But -- as might be expected -- Sanilac officials generally favor the idea. Huron County leaders are somewhat open to it, but several Tuscola people openly oppose the regional concept. They cite increased transportation costs as being prohibitive, since prisoners would need to be driven greater distances. They note local jail "lock-ups" would still be needed for immediate incarceration in Sandusky, Bad Axe and Caro, and they say splitting the costs fairly among all three jurisdictions would be difficult

But there's good reason to try. There's good reason to at least formally discuss such obvious cost benefits. That's in the best interests of all

Everyone, everywhere is trying to become more efficient these days. Old auto factories are closing, to be replaced by new, sleek, Superintendent's streamlined plants. Small businesses are merging or consolidating similar units, to try increasing production but not expenses.

Maybe the regional jail idea is too novel. Maybe taking some of the control and jurisdiction from local sheriffs would shrink their lawand-order fiefdom more than they'd like. They'd lose more power than they care to give

But a professional, modern jail to serve the 135,000 people living in these three counties managed perhaps by a professional jail administrator -- makes good sense to us. It's A new way of looking at an old problem, and it's got to be more efficient than three small jails run by three whole staffs in much the same way -- but 40 or so miles apart.

well, you could cut a lot of gram in a day. I worked in Towa in 1936, and when the outs were ready to cut, the boss asked me if I wanted to run the binder. It's very hilly out there and it took six horses to pull it uphill. Coming down, the horses on the tongue had all they could do to hold it back

cradle. He said the men cut So I told him I'd rather There were about six men shock oats. There, they working beside each other, made round shocks and I told him in Michigan we made long shocks. He told me to make them like that, if bundles and the young boys I wanted to, So I did, and his neighbors told him his grain

Then, when the reapers Wil, it rained, but his grain came out, they still had to hand-tie the bundles, but it was as good as any and the snocks went up quicker. They handled a lot easier, Later they had some kind

When we trashed the grain, I drove a wagon hauling the grain to the granary. Once the wagon wasn't right and died. And some wire so I got a hold and moved it over. One young fellow got smart and fold me he was going to beat me up, but his Dad told him hê'd better watch out because he saw me lift up the back end of a load of oats and move it.

He didn't know the wagon

In Joel 3:13, it says, "Put ye in the sickle for the harvest is ripe." Well, if we'd have to cut our grain with the sickle, it would be a long process -- but if you really want to read about a harvest, read the entire book of Ruth. You'll get a good idea of how they used to get in the harvest, in the good

### Letter to

Local relief group urges U.S. support

IFAD is the only international agency that focuses solely on increasing food production in the poorest countries. It is now bankrupt because of drawn-out discussions over a proposed change in funding ratios from 58% for Western nations and 42% for OPEC countries to a 60-40% formula. Of the 32 nations supporting IFAD, only the U.S. is blocking agreement on the change.

There is strong Congres sional support for the U.S. to remain a contributing member of IFAD. Opinion within the Administration is divided. Bread for the World feels that without the continued strong backing of the U.S., this much-needed, foundational relief structure would not survive. Those who agree are urged to convey their opinions to these two decision-making individuals: M. Peter McPherson, U.S. Aid, 320 21st St., N.W., Room 5942, Washington, D.C., 20523 and William Schneider, Jr., Undersecretary of State, 2201 C St., N.W., Room 7208, Washington, D.C., 20520.

### the Editor

DEAR EDITOR:

The International Fund for Agricultural Development (IFAD), one of the most effective agencies for conquering world hunger, is in danger of collapsing unless a favoring public opinion is made known to two key individuals in Washington D.C.

Regardless of the funding ratio, IFAD is clearly the most cost-efficient means of providing lasting aid to impoverished countries. For \$200, IFAD's projects can enable small landowners to produce one ton of food, while it costs \$400 to send one ton of food for famine relief. By making loans for seeds, fertilizer, tools, storage facilities and access roads. IFAD helps owners of small farms and farm workers to become self-supporting.

Thank you,

### The Past in Print

THE ELKTON ADVANC

80 YEARS AGO

JULY 21, 1905 W.G. Schiele has purchased Dr. D.J. McCall's interest in the drug store at Elkton There are now 70 milking cows on the Warner farm

near Owendale. Born to Mr. and Mrs. John Doepker, Pigeon, on Saturday, a son.

Samuel Damm is now employed in Leipprandt Brothers store at Pigeon. Born to Mr. and Mrs. William Dast, of the Quarry, a daughter on Sunday.

John Doepker, who has had charge of the Berne Lutheran School for the past five years, has decided to retire from teaching and says he will now devote his energies to farming.

Born to Mr. and Mrs. Walter White of McKinley Twp., a son on Wednesday. At the meeting of Pigeon school board, William Koehn was elected moderator. Solomon Schluchter, director and J.J. Campbell, treasurer.

At a special meeting of Pigeon village council in the K.O.T.M. hall, it was voted to allow the village marshal a salary of \$60 per year. The marshal's recompense was to be the fines received from has not been satisfactory.

70 YEARS AGO JULY 23, 1915

Leipprandt Bros., Pigeon, have secured the agency for the Dort car made at Flint. It is a five-passenger, fully

equipped, with electric vived by his widow, three lights, self starter and demountable rims and sells for \$650. It is considered one of the best values for the money and is very classy.

The A. Hirshberg & Son store will celebrate its 18th anniversary in Pigeon at the handsome store they now occupy, with the greatest sale in its history. For 13 days, starting this Saturday, every effort will be made to make this sale a hummer. The Pigeon band has been engaged to give a concert every Monday, Wednesday and Saturday evening during the sale and hundreds of buyers

are expected Anthony Wilfong McKinley now sports a Ford. Stockmeyer, Caseville, and a party of friends from Cass City and

### **Break Away And** Save Your Spine

Ballet dancers and breakdancers may have more in common than meets the eye. Both express artistic creativity and both recognize the importance of safety in

When the International Chiropractors Association developed safety guidelines for breakdancing, the Buffalo Inner-City Ballet Co. (BICBC) quickly endorsed them.

The baller group got its start in the early 70s from local street dancers who have since been giving the city some of the best classical ballet instruction. "We recognize the hazards in the new dance form," said Muhammad Abdul-Furgan of the BICBC. "We,too, are concerned with the health of our youth."

Concern for the health of young breakdancers was the reason why ICA originated its safety recommendations, the first such public guidelines written.

For a copy of the complete safety guidelines, send a stamped, self-addressed envelope to ICA, 1901 L St., NW, Washington, DC 20036.

Located 21/2 miles west of Pigeon on M-142. Inquiries call: 453-3931 or 453-2885.

### Justin-Blome married in Bad Axe

A Pigeon woman, Mar- lace and satin ribbon. Her jorie Mae Blome became the gown was accented with a bride of James Stewart ruffled bodice, a cathedral Justin of Bad Axe in a train and a matching hat of double-ring ceremony on alencon lace. Saturday, June 22 at Horseshoe Acres Calvary

Church, Bad Axe. Rev. Stewart Justin, father of the groom, performed the nuptial vows for the daughter of Mr. and Mrs. Donald Blome of Pigeon. The groom is the son of Rev. and Mrs. Stewart Justin of Bad Axe.

Music selections, performed by Keith Burk of Elkton and Penny Justin of Bad Axe included "Sunrise, Sunset," 'You Need Jesus' and "You and I." Organist was Debi Ackerman of Elkton. A duet was sung by Joan Blome and Alberta Justin.

The altar was decorated with a canopy graced with flowers and a candelabra on each side.

Given in marriage by the bride's parents, the bride wore a gown of white schiffli embroidery, wedgewood

#### Club news ELKTON

SENIOR CITIZENS The Elkton Senior Citizens met with 58 people present for the weekly potluck lun-

Frank Rinnert gave the invocation. There were 39 blood pressures taken by Irma Hazard. Guests present were Christy Carpenter, granddaughter of Sherman Days and Finnish Exchange Students of the Ubly Lions Club, Mika Hakkanen and Jaakko Holme, as well as Mike Gage.

The anniversary song was sung for Florence and George Southworth. Harold and Bea Gregor were in charge of group singing. A special song, "Let Me Call You Sweetheart'' was sung President and Southworth in observance of their 63rd anniversary.

The minutes for last week were read by kay Walker, who will continue to act as secretary since they are not moving from Elkton.

Orville Eidt challenged the group to read their Bibles and come back next week with answers to the following questions: What is the longest chapter and shortest chapter in the Bible? How many verses are in each?

A 61st anniversary card was signed for the Skip Millers and a Get-Well card for Jim Hoffman, who will have surgery. Ardis Gemmell called on Mike Gage to introduce the two boys from Finland, who spoke out their ountry and answered many questions.

The meeting concluded with a drawing for roses and fresh garden produce.

#### It's a boy!

Mr. and Mrs. David Crawford of Rio Ranche. N.M. are the proud parents of a new son, Anthony James. The infant weighed 8 lbs.

and measured 20 inches long at his birth. Maternal grandparents

are Luther Fredrick of Albuquerque, N.M. and the late Lydia Fredrick. Paternal grandparents are Rev. and Mrs. Meldon Crawford of

### Attend the Church of Your Choice This Sunday and Every Sunday

### THE TIME FOR SELF-IMPROVEMENT IS RIGHT NOW

Trust no Future, howe'er pleasant! Let the dead Past bury its dead! Act - act in the living present! Heart within, and God o'erhead!

—Henry Wadsworth Longfellow

...now is the accepted time; behold now is the day of salvation. -II Corinthians 6:2 e learn through life it simply doesn't pay To ponder our mistakes of yesterday; For whether born of foolishness or haste, What's done is done, and cannot be erased. But then we do another senseless thing, By dreading what tomorrow's dawn may bring; Believing that we cannot change our lives Until that legendary day arrives. And therefore, just the present time remains;

For as each lesson in your Church explains, Improvement must be made without delay, And so it's only possible TODAY!

—Gloria Nowak

#### Planning the itinerary

**READ JOHN 14:1-7** "The Lord knows the way of the righteous, but the way of the wicked will perish." Psalm

Traveling takes planning, and planning calls for knowing where we have come from, where we want to go, and how we can get there.

There is much more to the trip of our life than what happens between the time and place of our birth and the time and place of our death. There is more to life than going on vacations and pleasing ourselves.

We have been called by God to be His people and to serve Him. In our life's journey we are "on a mission" for Him. For the trip of life we have the very best travel agent: the Lord Jesus Himself

He found us wandering in our sinful lostness and gave us an entirely different way to live. He does far more than tell us where to go. He has been there and He knows

As the Pioneer and Perfecter of our faith He "for the joy that was set before Him endured the cross" (Hebrews 12:2) for our eternal salvation. Now, whenever the trip of

life takes unexpected or unpredictable turns -- when things don't work out as we plan -- He is there to help us. He goes with us, for He has promised, "I am with you always, to the close of the

Lord, may Your forgiveness find us, Your love reassure us, and Your grace lead us as we journey through life. Amen.

## **Asthma** The Strangler

They call me the Strangler. I keep more than a million Americans—a third of them children—gasping for breath, I'm

Simply, I work like this: Nerves supply energy to the muscular bands in the bronchial tubes. So I irritate those nerves, and they cause the muscles to contract.

More and more of my victims are seeking out Doctors of Chiropractic, who, instead of treating my symptoms, locate and correct my cause.

They go right to my point of attack. They look for what they call a subluxation of vertebrae, usually in the upper throacic region, which might be "pinching" a nerve, causing irritation. To you or me, that's a slight dislocation of vertebrae between the shoulders.

The Doctor of Chiropractic will adjust the spine to bring quick relief, and to remove the basic cause of asthma. Then, with the cause gone, the healing forces of nature take over.

Vanhoutteghem

### VILLAGE OF PIGEON Legal Notices

Village Council Meeting June 10, 1985

A regular meeting of the Council of the Village of Pigeon was called to order by Norris Diebel, President at 7:00 P.M. Those present for roll call were Orr, Fluegge, Armbruster, Diebel, McCormick, Schaefer and Pobanz. Also present were Brown, Village Superinten dent and Clerk and Hallock, Village Administrative Assistant.

Diebel instructed the Council to review the minutes of the May 13th, May 28th and lune 5th Council Meetings, which had been previously provided by Brown. May 13th minutes to be revised incorporating the statement that the insurance bid which was accepted was not complete, absence of liability informatioin; and that there was a roll call vote for acceptance of that insurance proposal, all ayes except Orr voting nay. Motion by Armbruster, seconded by Fluegge, to accept the minutes of the May 13th meeting as amended. Motion passed by unanimous vote. Motion to accept the minutes of the May 28th meeting as presented by McCormick, seconded by Pobanz. Motion passed by unanimous vote. Motion to accept the minutes of the June 5th meeting as presented by Schaefer, seconded by McCormick, Motion passed by unanimous vote.

In the absence of Johnson who was attending a complaint, Brown presented the Police Operations Report for the month. Brown stated that the Law Enforcement Training Consortium had selected Johnson to attend an instructor's level course in firearms to become certified. Brown stated further that Johnson would then be the only certified firearms instructor in Huron County upon completion of this course. Schaefer stated that the Police Committee should have discussed this beforehand and made a recommenda tion to the Council. Armbruster stated that the Police Committee had reviewed this ac tivitiv at their regular committee meeting and agreed that Johnson should participate Motion by Orr, seconded by Pobanz to approve Johnson's attendance at the firearms instructor's course. Motion passed unanimously. Motion by Orr, seconded by McCormick to accept the Police Operations Report as presented. Motion passed unanimously.

Brown presented the Building Inspection Report for the month. Motion by Orr, seconded by McCormick to accept the report as presented. Motion passed unanimously. Orr presented the Planning & Zoning Committee Report stating that by the next Regular Council Meeting, he will have a recommendation for the proposed revision in the planning and zoning ordinance. The report was accepted as presented.

Fluegge presented the Recreation Department report for the month, stating that Bergman will be starting the Summer Recreation Program on June 17th, 1985. Motion by Schaefer, seconded by McCormick, to set aside \$100.00 for the purpose of constructing a Recreation Department float for the Farmers' Festival parade. Motion passed unanimously. Report accepted as presented.

Brown presented the DPW report for the month. The report was accepted as presented. Brown presented the Financial Report for the month. Motion by Schaefer, seconded by Pobanz to establish a Water Debt Service Fund. Motion passed unanimously. Brown stated that FYF-85 audit was well underway, and there is an investigation being performed to ascertain the reason for an imbalance between the mechanized general ledger and the bank statements. Brown stated further that all of the receint transactions for which there were source documents were keved into the mechanized system. The increase in the bank statement amount over the general ledger amount could be attosouted to the absence of certain source documents earlier in the fiscal year during the transition period. Brown stated that he was not about to make any assumptions regarding the source of deposits without source documetation to key. He would be discussing this at

length with the auditor, during the remainder of the audit. Discussion commenced concerning the bills for the month. Fluegge questioned the need to purchase a 32-cup coffee pot out of town. Brown stated that the original replacement coffee pot was purchased locally, but after a single use was found to be defective. No other pot of the similar capacity was available in the Village at that time. Motion by Mc-Cormick, seconded by Pobanz, to accept the report as presented. Motion passed

Brown presented the Computer Installation Status Report for the month stating that approximately 22.7 more megabytes in hard disk storage space would be required if the Village was to consider placing any more systems on line. Brown stated further that the Village has the software for payroll, accounts payable and utility billing, and has the budget to purchase software for electronic record-keeping and word processing; but none of these applications could be made until the disk capacity was expanded. The Council acknowledged that fact.

Brown stated that the Council may wish to consider retaining Hallock as Administrative Assistant for the Village. Hallock was originally assigned to the Village by the Thumb Area Employment and Training Consortium, and has progressed exceptionally well in the training program. Brown stated further that a definite need still exists to maintain an individual other than himself, who has a basic understanding of the office routine. This would insure that the Village against having an administrative catastrophy as was experienced earlier in 1984. Schaefer stated that the Village should consider retaining Hallock for 32 hours per week so that the Village would not be liable for fringe benefit payments. Diebel stated that Hallock could be retained for 40 hours per week as an in-

#### NOTICE OF SPECIAL COUNCIL MEETING VILLAGE OF PIGEON MONDAY, AUG. 5, 1985

The Council of The Village of Pigeon has scheduled a Special Council Meeting or August 5th, 1985 at 7:00 P.M. in the Council Chambers of the Village Municipa Building, for the purpose of hearing public comment regarding the proposed changes in the revised Village Planning and Zoning Ordinance. The items which will be specifically considered are as follows:

ITEM No.01: Addition of a provision in the revised ordinance for official notification of property owners within a three hundred foot (300') range of property be ing considered for rezoning. The notification to be in the form of a Certified Letter, informing those property owners of a public hearing, and the proposed use

ITEM No. 02: The proposed rezoning to allow the domolition of existing strucind construction of paved parking lot on property cur Pigeon Historical Society (ie. Lot Number 39, of Crawford's first addition to the

Village of Pigeon Huron County, Michigan). ITEM No. 03: The proposed zoning of the following described property to industrial: Commencing at a point 360 feet 8 inches north of the southeast corner of northwest 1, of the northeast 1, section 11, then west 604 feet to John Street, then north to south line of PM Railroad right-of-way, then southeast along SD southern line of PM Railway right-of-way to west line of northeast 14 of northeast '1, then south to POB.

ITEM No. 04: The proposed zoning of the following described property to industrial: Commencing at the southeast corner of the northwest 11 of the northeast 14 of section 11, then running west 604 feet, then north 360 feet 8 inches, then east to the east BDY of the above described SUB, then south along said east BDY line to POB. Diebel's 1st addition to the Village of Pigeon, Huron

Item No.05: The proposed zoning of the following described property to business: Commencing 200 feet west and 132 feet south from northwest corner stake of Lot 5. Block C, then south 10 rods to the center of highway, then west along the center of highway 8-8/aths rods, north 10 rods, east 8-8/aths rods to POB. less 50 feet by 165 feet on west side of described property sold to John Frank. Moeller's 1st Addition to the Village of Pigeon, Huron County, Michigan. You are invited to attend this Special meeting and Public hearing to express your opinion regarding the proposed changes in the revised Village Planning and Zoning Ordinance. It is the intent of the Council to disposition each of the items ndicated above, at the conclusion of the Public Hearing.

By order of the Council, Superintendent & Clerk

dependent contractor without any benefit of fringe for a period of 90 days, at which time the situatioin could be reviewed again. Motion by Fluegge, seconded by Armbruster to retain Hallock as an independent contractor for a period of 90 days (until September 1st. 1985), working a scheduled 40 hours per week, at an hourly rate of \$4.75. Motion passed

Brown presented correspondence received from Governor Blanchard regarding the Council Resolution on POW-MIA's. Brown stated that the insurance premium for Village liability coverage had increased by approximately \$20,000. Diebel stated that Brown should draft a resolution abhorring the current condition of the insurance marketplace for municipal liability coverage. Motion by Schaefer, seconded by McCormick to draft such a resolution. Motion passed by unanimous vote, Resolution to be sent to our state legislators as soon as possible.

There being no further business, motion by Schaefer, seconded by Armbruster to adjourn. Motion passed unanimously, Meeting adjourned at 9:19 P.M.

Respectfully submitted, Norris E. Diebel R.B.Brown, Jr., President Superintendent & Clerk Village of Pigeon Village of Pigeon

NOTE: An unabridged tape recording of the aforementioned meeting is available for public inspection at the Village office located at 29 South Main Street, Pigeon, Michigan, during normal business hours

Minutes of Special **Village Council Meeting** June 20, 1985

A Special Meeting of the Council of the Village of Pigeon was called to order by Norris Diebel, President at 7:00 P.M. Those present for roll-call were Pobanz, Schaefer, McCormick, Diebel, Armbruster and Fluegge. Orr was absent.

Diebel stated that the purpose of the Special Meeting was to review the contract documents associated with the financing of the Village Water System Replacement Project. The ensuing discussion was interrupted by Diebel recognzing Mr. Paul Walsh who had attended this Special Meeting to discuss the trees he had planted on Village property. Diebel stated that he (Walsh) had been notified to remove the trees since they constituted a traffic hazard as well as a nuisance. Mr. and Mrs. Paul Walsh stated that they would remove all of the trees in contest, located on Paul Street as well as the tree closest to the intersection of Paul on Moeller Streets (on Moeller Street) as soon as they ould safely be moved. They stated further that the landscaper involved recommended that the trees not be removed until early in the fall, and that they (Walsh) agreed to move the stated trees at that time. They (Walsh) stated further that they would remove the remaining trees on Moeller Street is those trees were deemed a nuisance in the future. The Council agreed that this is what should be done.

The discussion resumed concerning the water project contract documentation. Motion by Schaefer, seconded by McCormick to accept the contractual document presented by Hamell, modifying paragraph number 2 by eliminating the last sentence and adding that same sentence, verbatum, jto the end of paragraph number 3 (all on Page 10) as President and Clerk to execute all related project legal documentation. Motion passed by unanimous roll-call vote of those present.

The Council agreed in principle to consider Mr. John Swartzendruber's proposal to have the Village purchase the project-related property from him on an installment basis, the terms and conditions for which are to be determined at a later date. There being no further business to conduct, motion by Armbruster, seconded by Pobanz

to adjourn. Meeting adjourned at 8:12 P.M., after unanimous vote of those present. Respectfully submitted

R.B. Brown.Jr President Village of Pigeon Superintendent & Clerk Village of Pigeon

NOTE: An unabridged tape recording of the aforementioned meeting is availabale for public inspection at the Village office located at 29 South Main Street, Pigeon, Michigan

#### RESOLUTION Village of Pigeon County of Huron, Michigan

Minutes of a Regular Meeting of the Council of the Village of Pigeon, County of Huron Michigan, held in the Village Offices on the 10th Day of June, 1985 at 7:00 P.M., EDT. THOSE PRESENT: Orr, Fluegge, Armbruster, Diebel, McCormick, Schaefer. Pobanz. THOSE ABSENT: None.

The following preamble and resolution offered by Council Member Schaefer and supported by Council Member McCormick:

WHEREAS, the Council of the Village of Pigeon has recognized the appearant disarray in the municipal liability insurance coverage offered by Michigan based carriers; and, WHEREAS, the Council of the Village of Pigeon can no more quietly accept the upwardspiral of liability insurance premiums as sustained in 1984; and

WHEREAS, the residents of the Village of Pigeon have a right to continued and uninterrunted liability coverage for their officials at a reasonable cost to them NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Council of the Village of Pigeon abhors the increase in cost of municipal government liability premiums and recommends that the necessary state legislative steps be taken to limit the total liability for municipalities.

### **BOARD MEETING**

Absent: John Kohr & Marlin Rathie

The regular meeting of the Winsor Twp. Board was called to order by Robert Armbruster, Supervisor on July 2, 1985 at 8:00 p.m Present: Robert Armbruster, Clare Dast & Ray Lutz.

A motion was made by Clare Dast and seconded by Ray Lutz to adjourn, mo-

Trustee, Winsor Twp.

2. The insurance industry in the State of Michigan be compelled to review their assessment of municipal liability predicated on geographical area as well as incident of claim. 3. The Legislators in the Congress of the State of Michigan, expediciously enact a statute to protect the municipal governments within the State from such litigation and

financial cannibalism. AYES: Orr, Fluegge, Armbruster, Diebel, McCormick, Schaefer, Pobanz. NAYS: None RESOLUTION DECLARED ADOPTED. R.B. Brown, Jr., village clerk

I hereby certify that the foregoing is a ture and complete copy of a resolution adopted by the Council of the Village of Pigeon, County of Huron, Michigan ata Regular Meeting held on June 10th, 1985, and that said meeting was conducted and public notice was given pursuant to, and in accordance with the provisions established in the Open Meeting Act, Act Number 267 of the Public Acts of Michigan, 1976 and that the minutes of said meeting were kept and will be or have been made available as required by said Act. R.B. Brown, Jr., village cleri

#### **NOXIOUS WEEDS**

FAIR HAVEN TOWNSHIP, HURON COUNTY, **MICHIGAN** 

**ORDINANCE NO. 10** 

An ordinance to provide for the regulation and control of noxious weeds i Fair Haven Township THE TOWNSHIP OF FAIR HAVEN ORDAINS:

(a) The term "noxious weed" shall include all Canada thistles, milkweed, wild carrots, oxeye daisies, ragweeds, and grass of any kind left growing in excess of

twelve (12) inches in height. (b) The term "person" shall include all natural persons, firms, partnerships, corporations, and all associations of natural persons incorporated or unincorporated, whether acting by themselves, or by servant, agent, o employee. All persons who violate any of the provisions of this ordinance whether as owner, occupant, lessee, agent, servant, or employee shall, except

as herein otherwise provided, be equally liable as principals. SECTION 2: It is hereby determined that novious weeds left uncut and allowed to go to seed in areas of the township surrounding residences and commercia stablishments within the Township of Fair Haven, tends to result in blighted and deteriorated neighborhoods, the spread of vermin and disease, the increase in criminal activity and therefore, is contrary to public peace, health, safety and general welfare of the community.

SECTION 3: It shall be unlawful for any person to allow noxious weeds to grow uncut beyond the first day of June of each year, and as many times as necessary thereafter to prevent them from going to seed, if such noxious weeds shall be (a) within one hundred (100) feet of an occupied or unoccupied residence or

ommercial establishment on any lands within the township; (b) on any land within a platted portion of the township. SECTION 4: Failure to comply with this notice on or before the above rentioned date will constitute a violation of the township ordinance and unless said weeds are cut and destroyed by June 15th, then the township will enter upon the land and cause said weeds to be cut and destroyed by the township at

he expense of the persons so failing to comply with this notice. SECTION 5: The expense incurred to the township in the destruction of said weeds shall constitute a debt due to the Township of Fair Haven by the persons so failing to comply with this ordinance, and the township may maintain appropriate action in the court of law for collection thereafter.

his Ordinance shall become effective on August 15, 1985. FAIR HAVEN TOWNSHIP Cheryl L. Nitz, Clerk

DISEASED TREES AND SHRUBBERY FAIR HAVEN TOWNSHIP, HURON COUNTY,

> MICHIGAN ORDINANCE NO. 11

An ordinance to provide for the regulation and control of diseased trees in Fair THE TOWNSHIP OF FAIR HAVEN ORDAINS: SECTION 1: Definitions:

(a) The term "agronomist" shall be defined as an individual holding a bachelor's degree in agronomy from an accredited four year college or univ-

(b) The term "person" shall include all natural persons, firms of partnerships, corporations, and all associations of natural persons incorporated or unincorporated, whether acting by themselves, or by a servant, agent, o employee. All persons who violate any of the provisions of this ordinace whether as owner, occupant, lessee, agent, servant, or employee shall, except as herein otherwise provided, he equally liable as principals.

(c) the term "shrubbery" shall be defined as the same is used by the Michigan Department of Agriculture (d) The term "tree" shall be defined as the same is used by the Michigan

Denartment of Agriculture SECTION 2: It is hereby determined that diseased trees and shrubbery located in the Township of Fair Haven pose a threat to healthy plant life. animals, and the residents of Fair Haven Township and, therefore, are contrary

to the public health, safety, and general welfare of the Townshin. SECTION 3: It shall be unlawful for any person to allow a diseased tree or shrubbery to grow after notice that such a tree or shrubbery is diseased. SECTION 4: A tree or shrubbery shall be deemed diseased if it is so in fested with bacteria, fungus, insects, animals, or other living organisms that such tree or shrubbery poses a threat to the health and safety of the residents animals or property of another person, which shall include buildings, crops, and

SECTION 5: A determination that a tree or shrubbery is diseased shall be made by an agronomist.

SECTION 6: Upon receipt of a determination specifying the nature of the disease and the location on number of trees or shrubbery being diseased, the township shall notify the person owning such trees or shrubbery that same are diseased together with notice that said trees or shrubbery shall be destroyed within ten (10) days of the receipt of said notice, provided, however, if curative action is taken and evidence if such curative action is presented to the township within said ten (10) day period together with an affidavit from an agronomist setting forth the curative actions in detail and certifying that such curative ac tions have eliminated the present danger posed by said diseased tree or shrubbery to the health and safety of the township residents and their property, and hat such curative actions will more likely than not eliminate the dicease, then in that event the township shall allow a reasonable time for such curative actions to proceed without taking further action to have such trees or shrubbery

SECTION 7: Failure to comply with this ordinance and the notices provided or herein shall constitute a violation of this ordinance and the township may enter on the land and destroy the diseased trees and shrubbery located on such lands at the expense of the persons so failing to obey this ordinance. SECTION 8. The expense incurred to the township in the destruction of said

trees or shrubbery shall constitute a debt due to the Township of Fair Haven by the persons so failing to comply with this ordinance, and the township may main tain appropriate action in the court of law for collection thereof. This ordinance shall become effective the 15th day of August, 1985.

### Thumb area **OUTDOORS**

IN RECENT DNR COM-MISSION MEETINGS, action has been taken that sets regulations for our zone have recently been established. The season will run from Oct. 20 to Nov. 11.

Bag limits are two rooster pheasants per day and four in possession. The census reports show a "fair to good" count of the birds this year, although the State's wild pheasant harvest remains on a downward trend. The DNR is presently sponsoring a pheasant chick rearing program annually throughout the state, which hopes to aid the bird's population growth in Michigan.

MICHIGAN'S QUAIL-HUNTING SEASON is closed again this year due to depleted quail populations. The DNR Wildlife Division officials say most of the decline in the number of Michigan's quail was caused by the same ice storm which devastated southern Michigan this past winter.

The last open season for quail hunting in Michigan was in the fall of 1977.

THE SQUIRREL'SEASON will be extended this year and will run from Sept. 25 to Jan. 1. The DNR has set bag limits for fox, black and gray squirrels at five per day, 10 in possession, and 25 for the

Huron, Tuscola and Sanilac Counties have long been "hot spots" for squirrel populations, which, during President Bertha Egyet Leipprandt took 11 points for the last few years, have been the local team. ### Woods and Waters

By DUANE GUENTHER

### Canoe camping

The fish rose again, this time a little more towards the tail of the pool, but from the way it lightly kissed the surface as it took the tiny bug off the film, I knew it was the same fish.

I flicked the fly off the water with a slight forward motion of my flyrod, false cast once to dry it out, and measured the distance to the feeding trout, and then softly laid it down in front of the feeding fish. He rose with the regularity I had anticipated and, as the river's surface dimpled, the fly disappeared, and I struck.

I unhooked the 10-inch brook trout with a gingerness reserved for new born babes, but rather than releasing him, like I do most of the trout I catch, this delectable looking fish ioined his two brothers on the forked stick protruding from the river's bank Later on tonight, they would become my supper.

I surveyed my domain with the same type appreciation that some wildernesswandering predecessor may have done 200 years earlier. I was situated on the bend of a mighty Michigan river. Above the gravel bank on which I was standing lay my canoe and next to it was pitched a light-green mountain tent.

Roomy and airy, its gauze-like panels sewed into the front and back would allow the cool night air to waft over my tired body, but still keep the pesty mosquitoes from feeding off my blood.

Burrowed within its confines was a lightweight down bag, and a duffle holding a change of clothes and some toiletries. Outside the tent's door was another small duffle filled with some basic foodstuffs and a few condiments, just in case I didn't catch any

A small, blackened fire pit ringed with stones gave evidence that I had been here since noon, but after tonight, I would be heading downriver, fishing, camping, and bumming.

It was nice to know that I could stay to fish this pool as long as I liked tonight. There would be no mad dash on the cement ribbons leading to my home downstate, nor would I have to quietly sneak into some state park or forest service campground and stumble over wife and kids in my attempt to find a suitable place to sleep.

This night, I could wile away as much time as I wanted, and when I grew hungry and tired I would simply climb the soft, sand bank separating me from my tent and I would be home.

I quit fishing just after dark. Including the three fish that I had kept for supper, I hooked an even dozen trout from the tangled. cedar sweepers that lined both banks beyond the bend of the river.

I climbed the bank, started my evening's cook fire and then returned to the river's edge, gutting the fish and throwing the entrails on the far bank across the river. There, some night creature would have a welcomed meal and wouldn't bother me while I slept.

By the time I got back to camp, the fire had burned down to the hot coals that are just right for cooking. Taking some water from the pail near the tent, I filled the coffee pot and shoved it into the coals at one end of the fire. At the other end, I propped a small black skillet between two rocks and dropped in a tablespoon of lard, watching it spit and spatter as it slid the length of the hot pan.

I dipped the three trout in a plastic bag of flour and added them to the pan. Supper would be simple, just hot coffee and hot trout. I smacked my lips thinking about it. Michigan is a water wonderland Statistics show that Michigan residents own more boats than any other state in the union. But one should remember, besides the 11,000

lakes and 4,000 miles of shoreline that

makes Michigan a boating paradise, there

exists some 33,000 miles of rivers and streams just waiting for the fisherman and

And one of the best ways to enjoy this multitude of fast-flowing water, is to go canoe camping.

You needn't be a fisherman to enjoy the thrills of camping alongside one of Michigan crystal-clear rivers, photographers, nature lovers, outdoor enthusiasts, or even indoor types, find a kinship to the land and water on And the best part of all is that you don't

have to spend a fortune to enjoy it.

The first thing you need is a canoe. If you don't already own one, don't despair -- you probably have a friend or relative that has one you can borrow. If not, there are hundreds of canoe liveries that rent out canoes on an hourly, daily, or weekly basis.

Whatever the case, the canoe should be a least 16 feet in length if you plan on carrying two people and a fair amount of gear. This length canoe will carry a king-sized load, handle well in both slow or fast water, and is light enough to haul up and down any steep banks you may encounter.

Next, you need some type of camping equipment. If you are a hardy individual you can forsake the tent and sleep out under the stars. Should it rain, there is always the canoe to crawl under.

But, let me warn you, unless you are immune to all biting insects, you should consider some type of shelter with a good quality mosquito netting.

Along with the tent, you will need some sort of sleeping bag, and a few pots and pans to do your cooking. If you are not a seasoned camper, and plan to travel one of the more popular rivers, you may want to consider a small camp stove. Besides being simpler and less messy than the campfire to do your cooking on, you may encounter some restrictions dealing with open fires.

Since you will be carrying your camping equipment from site to site via the canoe, it is important to make sure it remains dry and stays with you in case of an accident. Canoe outfit companies makes this job simple by producing rubber bags with shoulder straps in which campers can store all their belongings.

But there is a cheaper way to go and it is just as good. Store your food, sleeping bag, and clothes in plastic garbage bags, to make sure things stay dry, and then stuff them into a backpack that will come in handy if you have to make any portages.

And, still a better way is to use a couple of five-gallon plastic pails with tight fitting covers. Once you reach camp, the pails double as great camp seats, and you can use them to carry water for drinking and

Regardless of whether you use rubber bags, plastic pails, or garbage bags, make sure that you always lash them to the canoe struts. Nothing is more exasperating them to tip your canoe and watch your dry clothes and sleeping bag bob merrily downstream.

Clothes for the trip are another simple matter. Shorts, swimsuits, and T-shirts are the dress code for the day, and a pair of jeans, plus a sweatshirt or sweater, will ward off the chill of the night.

Take along some floppers or tennis shoes to wear both in the canoe and around camp. Nothing can dampen a camping trip quicker than a nasty cut on the foot.

If you have a yen to return to the days of the fur trade, or would just like to get the kids out of the house for awhile, you should think seriously about a canoe camping trip on one of Michigan's beautiful rivers. The moment the bow begans to slice into the fast moving water, your escape from reality has

### Hospital notes

Patients in Scheurer Hospital, Pigeon on Monday,

PIGEON: Dressler, Mrs. Emma Wing, Ms. Rebecca Binder.

ty and family and Mr. and

Mrs. Roy Dufty spent the Fourth of July at the Kurt

Ehrlich of Gagetown and the late Lucille Ehrlich. Two candelabras adorned with carnations, greens and blue ribbons adorned the nuptial altar and organist Richard Kain of Filion and soloist Janis Buerker of Pigeon provided special wedding selections including 'We've Only Just Begun, "Longer" and "The Wed-

ding Song." Escorted to the altar on the arm of her father, the bride wore a gown of white organza and chantilly lace. featuring a high wedding band neckline, sheer yoke accented with a ruffled bodice, long fitted sleeves accented with chantilly lace appliques and a ruffled cuff. The hemline had a chantilly lace flounce which also surrounded the cathedrallength train. To complete her attire she wore a matching floral wreath secured to a silk illusion fingertin veil. The bride carried a bouquet of red roses, white carnations, baby's breath and forget-me-nots.

The bride asked a friend Vicki Manial of Elkton, to be her maid of honor, wearing a gown of blue organza and chantilly lace with a high ruffled neckline, lace bodice and a hemline with a sweeping skirt and brush train. She carried a white lace fan with red sweetheart roses and white miniature carnations.

Preceding the bride down the aisle were bridesmaids Kay Kingsbury of Bad Axe friend of the bride; Deidra Vargo and Robin Thick, both of Gagetown, nieces of the groom. They were attired identically to the maid of honor and carried similar

Junior bridesmaid Kari Thumme of Elkton, cousin of the bride, was dressed identically to the bridesmaids and carried a miniature fan arrangement.

A friend of the groom, Keith McCreedy of Pigeon, stood up as best man. Others in the wedding party were groomsmen Jim Helwig of Gagetown and Claude Leyva of Caro, both friends of the groom; Billy Ehrlich of Gagetown, nephew of the groom and ushers William Ehrlich of Gagetown, Richard Wilson of Elkton, brother of the bride

Ringbearer was Kortney Thumme of Elkton, cousin of the bride. The bride's aunt, Mrs. Or-

ville Snider wore a light blue street-length dress and a corsage of white carna-

The groom's stepmother wore a navy blue streetlength dress and a white carnation corsage. A reception for 270 guests

followed at The Colony

House, Cass City. The newlyweds left for a

honeymoon to New York City and Upper State New York, then returned to make their new home at 9024 Pt. Charity Drive, Pigeon.

HISD ELECTS LASCESKI

Michael Lasceski of Bad Axe has been elected president of the Huron Intermediate School District's Board of Education, during its reorganizational meeting last week. Wilfred Binder of Ubly is 1985-86 HISD vice president, Clarence Braun of Harbor Beach is treasurer and HISD Superintendent James McBride is executive secretary.

The HISD Board meets the second and fourth Monday of each month at the Intermediate Office, Bad Axe, at 8 p.m. In related business, the HISD has officially purchased the 24 acres of county-owned land west of Bad Axe on M-53 for the Huron County Skills Center. Price of \$72,000 includes a clause in which the land reverts to the county when it no longer is used for that purpose.

GAGETOWN MANOR TO OPEN

The 20-bed home for the aged in Gagetown's former St Agatha Catholic School should open by the end of the month, according to owner Clare Roller of Unionville. Gagetown Senior Manor should have final state inspection within the next three weeks, and applications for resident care will be accepted as soon as licensing is complete.

Supervised, 24-hour care for the ambulatory aged 60 and older will be offered. Persons seeking more information should contact the Manor at 4686 South Street, Gagetown.

SANDUSKY WATER WOES

State Attorney General Frank Kelley and the City of Sandusky have filed suit against Yale Rubber Manufacturing Company of Sandusky, charging that area's largest employer with contaminating the city's five municipal wells. Volatile organic chemicals -- including tri-chloroethylene (TCE) and dichloroethene (DCE) -- are thought to be the con-

taminants, officials say. Two of the wells have been shut down, to minimize health risks. Yale Rubber is being ordered to install filtration devices and to pump groundwater from its own wells, to halt the flow of pollutants toward the municipal

POLICE BLOTTER NEWS

Two larcenies from boats were reported to Caseville Police last weekend. Arthur Britt of Pigeon lost a six-gallon gasoline tank from inside his boat, parked in his yard on M-25 southwest of Caseville July 6 or 7. Value is set at \$40. Robert Ashmun of Sand Point told police one ski, flares and a flare gun valued at \$340 were taken from his boat.

■ Nearly \$3000 in jewelry was taken last week from the clothing of Charles Pagono of Warren, while he was swimming at Oak Beach County Park. Huron County Sheriff's Deputies say a gold and silver watch and a \$500 bracelet were nissing when he returned July 8.

A cooler and pop valued at \$70 were reported missing from a camping lot rented by Margaret Jamison of Southfield last weekend. Her family was vacationing at a private campground near Port Austin when the items were believed taken, Sheriff's Deputies say.

■Caseville firemen say damages totaled nearly \$5000 when an 18-foot travel trailer caught fire July 5 at Oak Beach County Park. The owner, Bruce Meddaugh of Sandusky, had left the day before, and the 11 a.m. blaze is believed to have started with an electrical problem near the refrigerator.

Four persons were treated and released Sunday night when two vehicles collided at Weale and Bay Port Roads about 5 p.m. Jessie Martinez, 19 of Sebewaing, was driver of the eastbound auto and told police his brakes failed as he approached the Weale Road stop sign. His passenger, Steve Renn, 19 of Elkton, was treated at Scheurer Hospital, Pigeon, and released, as were the driver and passengers of the north bound auto, Kenneth Haaz, 31, Deborah Haag, 30 and Scott Haag, 4, all of Unionville. Scheurer Hospital Ambulance responded, and all persons were wearing seatbelts, reports

COURT PROCEEDINGS

Sentencing is set for Friday, Sept. 20 for C. Raymond Schweitzer, 72 of Pigeon, following his "no contest" plea Friday to careless discharge of a firearm causing injury or death. He was originally charged with involuntary manslaughter in the June 2, 1984 shooting death of Patrick Rogers, 24 of Caseville, who was found by police lying partially in Schweitzer's auto in his driveway

Police said Rogers had attended a party nearby, but it is uncertain why he had been in Schweitzer's auto. Schweitzer's plea could result in a maximum of two years in prison, a \$2000 fine or both

Recent determinations in Huron County District Judge John Schubel's Court include ■Ed Taylor, Jr., 19 of Pigeon, was found guilty of being

disorderly while intoxicated; ordered to pay \$75 fines and

■Jack Winchester, 37 of Elkton and Debra Deming, 25 of Bay Port, pled guilty to impaired driving; both were ordered to pay \$400 fines and lose driving rights for 90 days;

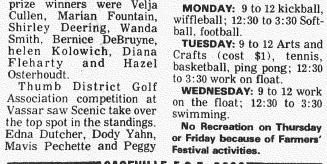

Paul Smith, 20 of Bay Port, pled guilty to unlawful possession of fireworks; fined \$25.

Happy Birthday

#### To the person or persons who did the damage to the west fence at the new tennis courts at Laker High - please stop and realize how great a facility this is. We appreciate these courts and want to take

care of them. We only wish you felt the same way. Play baseball or softball on the diamonds, and not on the tennis courts or near them. Signed, members of the Laker Tennis Team.

We're looking forward to the Farmers' Festival, but why isn't there a contest for young ladies? We're the only town around that doesn't have one. You could call it the Farmers' Daughter Contest, and our local young ladies deserve such a contest. Think about it

next year, please. I was very proud to have Greenpeace in Bay City last week, protesting Dow Chemical. I feel there is a need for an environmental group of this nature, to bring current pollution problems to light in the eyes of the public. I do not feel Greenpeace wants to close Dow Chemical down, merely point out some of the wrongs Dow is doing.

I would like to question why

## 022220000

Pigeon would on times end up

ing seen in gas stations with

their hoods up, trying to trap

somebody perhaps? Or are

they really police officers?

Call 453-2323 anytime to SOUND-OFF. Selected statements will appear in the next Progress-Advance, so watch for yours! Deadline: 5 p.m. Mondays.

Happy 50th birthday, twin, leannine nee Faust Z. Thanks driving through town with for 50 years of sharing and cartheir hoods up, other times be ing. Look forward to another 50. Love. Elder of the two, Jeannette nee Faust McD. \*/\*

> Maybe they're discouraging people from coming into Pigeon, which really is a \*/\* Why can't you buy Daily Lottery tickets here in Pigeon? It's unfair we have to go out of town, taking these shopping dollars with us. We're being discriminated against, because we are a small town.

Volunteers wanted to work on Northeast Block Float for Pigeon Farmers' Festival. Meet at Gil W.'s, 7 p.m., Tuesday, July 23. Questions? Call 453-3399 or 453-2002. **☆/**★ To T-Ball coaches, parents

and players: Thank you for the involvement in helping with the '85 T-Ball season. I feel it was very successful. Also, Erla Foods for the very generous donation for our T-Ball picnic. Sincerely, Bob

When people work at a business in downtown Caseville, I don't think they should park their car on the main street all day long while they're working. This only shows inconsideration for people who would like to shop

### THUMB AREA DEATH

ROBERT BRUCE DEVROYE 1893 - 1985

Robert Bruce Devroye, age 92, of Caseville, died Monday, July 15 at Scheurer Hospital, Pigeon. He was born March 28.

1893 in Manistique, son of the late Joseph and Florence (Lockhart) Devroye. In 1921 he moved to Caseville where he was an auto mechanic un til 1952 when he opened and operated Thompson Boat Sales

until he retired in 1975. He was a member of the Caseville Township Fire Department for 45 years and served as chief for several years Surviving are one son, James Devroye, Caseville: five

(Mary Ellen) Harris, Farmington Hills; 19 grandchildren; 20 great-grandchildren; six great-great-grandchildren; one half-brother, Ernest Devrove of Iron River. A son, Robert, preceded him in death in 1944 Funeral services will be conducted at 11 a.m. Thursday, July 18 at the Caseville Chapel of the Champange Funeral Chapels. Rev. Brent McCumons, Pastor of the Caseville

United Methodist Church, will officiate with burial in the Caseville Township Cemetery Additional obituaries elsewhere in this issue of the Progress
