## Principal Joles to head north for Superintendent post

After 17 years with the Laker School District, Fred Joles will be leaving in October to become Superintendent of the Forest Area Schools on Oct. 4.

The Forest Area School District is a consolidated district, Joles said, encompassing the towns of Fife Lake and South Boardman about 20 miles southeast of Traverse City. The district has about 700 students, about half the size of the Laker district.

Joles has been with the district since 1972, and is currently the Principal of

Pigeon and Bay Port Elementary Schools, the Director of Transportation and the Federal Grant Administrator. He has held various positions during his tenure in the district, starting as a teacher and teacher negotiator.

During his years here, he has been the assistant athletic director, junior high principal and director of elementary education.

Joles graduated from Wolverine, MI High School in 1962, then attended Central Michigan University where he received a Bachelor's and Master's degree in Edu-

FRED JOLIS

cation. He also finished his education specialist degree at CMU in 1987.

One of Joles' first duties at Forest Area Schools will be to work for the successful passage of a 3.5-mill additional request and to negotiate a contract with support staff of aides, cooks, secretaries, bus drivers and custodians. He will also be responsible for transportation and Federal contacts.

"In leaving, I regret that I won't be with the people that I worked with for 17 years, but I'm also looking forward to new responsibilities in my new position," Joles said.

## Interdenominational Retreat set for Oct. 14 at Laker High

The Covenant Women Interdenominational Retreat is planned for Saturday, Oct. 14 at the Laker High School Auditorium. The day-long retreat will feature the ministry of speakers Sharry and Jake Roberts and the music group "Living Truth," according to sponsors.

An evening concert at 7 p.m. is open to the public.

Sharry and Jake Roberts left careers in teaching music and real estate, respectively, to be village missionaries with Stonecroft Missions of Christian Women, Inc. Their teaching combines personal anecdotes with practical application of Biblical principles, organizers say.

"Living Truth" includes Dale and Debi Ackerman, Russ and Dee Dee Tibbitts and Tammi Barbaret.

For registration information before the Oct. 4 deadline, contact Mrs. Shirley Weidman at 375-4245. No registration is needed for the evening concert.

## '89 sugar beet hauling season starts Monday

When Autumn comes, can sugar beet harvesting be far behind?

Autumn will arrive at 8:20 p.m. this Friday, Sept. 22, and beet receiving at the Sebewaing Plant of Michigan Sugar Company will start at 7 a.m. Monday, Sept. 25.

That's the word from Dick Jacoby, agriculture manager, who said that limited delivery will be the early pattern, depending on weather conditions. Early deliveries are usually limited until weather allows permanent storage, which is generally after Oct. 10, Jacoby added.

"We expect a big crop this year," he says, "and need to start slicing as early as possible. The crop looks excellent, with sugar content and yields expected to be high."

Four truck scales will be in operation, the manager said. Deliveries from Canboro Road will go to the north-side scales, he adds.

## Thumb Weekly News Round-Up

### TEC SURCHARGE OKAYED

Customers of Thumb Electric Cooperative will pay \$209,223 in monthly surcharges to recoup under-collections by the company in 1988. The Michigan Public Service Commission says the settlement reflects the difference between revenues collected and actual costs last year.

The surcharge will show up as an average \$1.04 monthly charge beginning on October's billings, through September, 1990. Commercial and industrial customers will also see an increased, all based on usage.

TEC is based in Uby and serves more than 9,600 customers in Huron, Tuscola and Sanilac Counties.

### VANDERBILT FUNDS SOUGHT

Tuscola County's Board of Commissioners is seeking a \$100,000 state recreation grant to improve Vanderbilt Park, on M-25 at Quanicasee, as part of its tourism expansion efforts. Work at Tuscola's only county park would include new restrooms, plus improved camping areas for tents and trailers. Also, more parking areas are planned.

Tuscola officials would pay about \$30,000 for its portion of the project, and development of a beach is planned in the future.

Also, county planners would like to create a second park in the southern half of Tuscola County, likely south of M-81. Tuscola, with 55,000 residents, has one county park, while adjacent Huron County, with 36,300 residents, has eight county parks.

### NEW TUSCOLA APPRAISER

Clifford R. Stockmeyer of Reese has been named the appraiser for the Tuscola County Equalization Department. Stockmeyer, 58, assumes the position formerly held by Edwin Karr, before Karr was named Equalization Director following Donald Graf's retirement.

Stockmeyer is Gilford Township Supervisor and has worked parttime in the Drain Commission office. He is a farmer.

## Scheurer Brunch draws hungry crowd of 300

Over 300 Scheurer Hospital supporters enjoyed a Benefit Brunch on Sunday

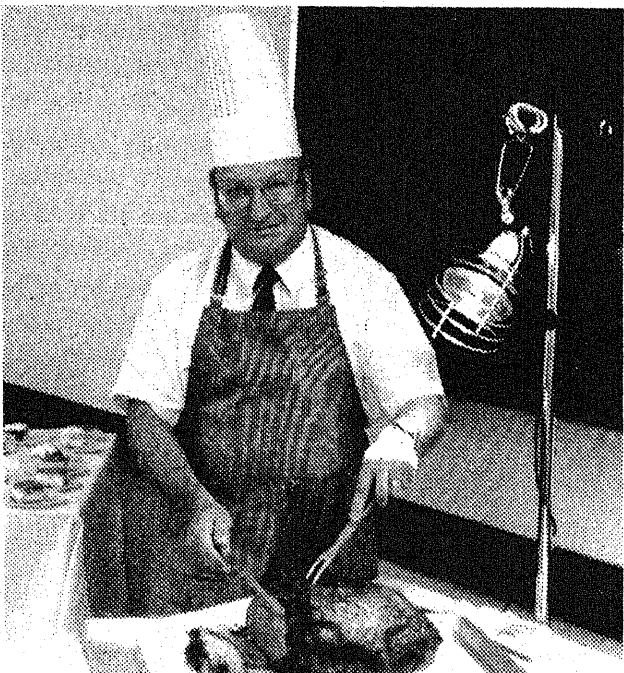

in the hospital dining room. According to diners, they enjoyed more than just good

food prepared by the hospital kitchen staff -- they left with a positive feeling know-

ing they helped contribute to the Scheurer Hospital Auxiliary Fund for desig-

nated projects. The Brunch Committee expresses its appreciation to

those who helped with the project, as well as those who attended the brunch.

SCHEURER HOSPITAL ADMINISTRATOR George Desmarais wore a different hat for carving duties on Sunday morning -- that of a chef.

A CROWD OF 300 filled the Scheurer Hospital dining room in support of this first-time Auxiliary project.

# UNITED IN MARRIAGE

## KILLINGER-HOLDWICK

Laura Joann Holdwick, Harbor Beach and Lyle Albert Killinger, Pigeon, were united in marriage on Saturday, Sept. 2 at St. Anthony's Catholic Church, Helena. Father Steve Fillion officiated at the double-ring ceremony.

The bride is the daughter of Edward and Marie Holdwick, Harbor Beach and the groom is the son of Lavern and Dora Killinger, Pigeon. Musical selections included "Bridal March," "Music Box Dancer," "Go Up To the

Mountains," "Like a Seal On Your Heart," "God Is So Good," "Gentle Woman" and "Oh, How Good." The organist was Suzanne Booms, Saginaw. Guitarist and vocalist were Gene and Ike Holdwick of Harbor Beach, uncles of the bride. The altar was decorated with stylized arrangements of red royalty roses and rumbrum lilies, placed in front of candelabras.

Given in marriage by her father, the bride wore a white crystal organza gown with a Victorian neckline and leg-o-mutton sleeves, trimmed with chantilly lace, pearls and sequins. The cathedral train and front skirt featured wired crystal ruffles trimmed with pearls and sequins. Her headpiece was custom-designed by the flower shop where she is employed. It was a halo headpiece of chiffon apple blossoms, pearl loops, white glitter and pearl strands. Satin lily of the valley and pearls cascaded down each side of her waist length veil.

The headpiece had a puff at the back. Touches of pearlized sequins were added to match the dress. She carried a crescent-shaped bouquet of silk calla lilies surrounded by red royalty roses, baby's breath, glitter tulle and pearls as accents.

Julie Talaski of Harbor Beach, sister of the bride, was matron of honor. Brides-

maids were Joann Talaski of Harbor Beach, cousin of the bride and Loretta Greyerbiel of Bad Axe, sister of the groom. Flower girl was Vicki Talaski of Harbor Beach, cousin of the bride. Russell Talaski, Sr. of Harbor Beach, friend of the groom, was best man. Groomsmen were Dale Killinger of Allegan, brother of the groom and Todd Holdwick of Harbor Beach,

brother of the bride. Ushers were Dwight Killinger of Reese, brother of the groom and Fred Talaski of Harbor Beach, brother-in-law of the bride. The ringbearer was Russell Talaski, Jr. of Harbor Beach, cousin of the bride. After the ceremony, a reception was conducted at the Rapson Sportsman Club for 450 guests who attended from Saginaw, Caro, Warren, Pigeon, Caseville, Bad Axe

and Harbor Beach.

The bride is a graduate of Harbor Beach High School and Delta College. She is employed at Flower Boutique by Joann in Harbor Beach.

The groom is a graduate of Laker High School and is employed at B&K Farms in Pigeon.

After a week's honeymoon to Upper Michigan, the couple will reside in Pigeon.

## Engaged

### Beadle - Pechette

Mr. and Mrs. Francis Beadle of Hillman, Mich., wish to announce the engagement of their daughter, Margaret Mary, to Leo Joseph Pechette, son of Mrs. Mavis Pechette and the late Frank Pechette, of Caseville.

The bride-to-be is a graduate of Caseville High School. She is currently employed as an Assistant Manager of Lechter's Housewares, Livonia. Her fiancé is a graduate of Laker High School and is currently employed at Bay Pointe Country Club as a Assistant Superintendent, West Bloomfield.

A June 23, 1990 wedding is planned in Hillman.

Thanks for reading  
The Progress-Advance  
We appreciate it!

# NAME THAT FARM... WIN A PRIZE...

Tell us whose farm this is... and we'll send a year's subscription to the Progress-Advance to you, or to the person of your choice.

AND... just to make the contest a little more competitive... be advised that this shows the farm AS IT WAS around the Middle 1950's! So, you can name the owner of that period, or today, or even if you just locate the farm... it will count toward your prize.

## Remembering When....

This series of aerial photos is about 30 years old, but the pictures have never been seen by anyone except staff of the newspaper.

You'll be amazed at how these farms have changed in 3 decades. Some old homes have been taken down and new ones built. Many farms have new owners, perhaps their children, or even grandchildren are living there now. Almost all of them have far fewer buildings today than they had in the 50's. In some cases you'll notice that fields are larger today than earlier. Roads are better today. Some trees have been cut down; all of them have grown. On some farms, herds of cows are seen in the barnyards or in adjoining pastures or orchards.

These oldtime pictures will prove a genuine history book of changes in farming during the past decades.

The Progress-Advance is no more acquainted with the names of the farms than the readers, as they were "shot" by Bill Hurdlebrink and his pilot flying from town to town, and farm to farm. So put on your thinking cap, then call, 453-2331 or deliver or mail your answer to our office. Winning entry will be drawn at the close of business Friday from all correct entries received. Decision of judges is final.

## The Progress-Advance's LISTENING EAR

LISTENING EAR is an information and entertainment service of The Progress-Advance. If you have comments, questions or statements about topics of general interest, call or write us at Box 460, Pigeon, MI 48755. Deadline: 8 p.m. each Sunday. **453-2323** 24 hours a day

Rather than encourage people to turn up their radios while driving, and getting ear damage, why not turn it off and just enjoy the real world? Turn off your air conditioning, too, for that natural feeling.

I can't believe North Huron voters causing such grief. Why don't you just keep your kids at home and teach them yourself, if you don't like the public system?

Why is it that these big trucks drive so fast? I hate

when they follow along so close behind. It is dangerous. Don't you drivers know that?

Shame on you if you steal at a garage sale. I have seen thefts, too.

I admire the cop who has kept after Zsa Zsa Gabor. Just because she's famous doesn't mean she can break the law. It's a terrible waste of money and court time.

I saw geese flying south the first time today (Thurs-

day, Sept. 14). Can the snowbirds be far behind?

Our Tigers can be great in 1990. We've got great pitching pretty much available. Now we need hitters.

Congratulations, State Bean Queen Angie! We're proud of you.

I am glad to see the Laker Wave back. I enjoy reading it.

I think the best Tiger ever was Mark Bird Fridrych.

I just tried to open a jar of aspirin. The safety packaging makes it almost impossible to open, even for an adult. I know they want safety and everything, but this is too much. And to think we used to put out our milk cans by the road!

I'm wondering why the same person can keep selling cocaine and marijuana drugs in the Bay Port area? The person was busted before, and I think something should be done about it.

What's with the cable TV? They raised their rates and promised us TNT (a new cable channel). It's still not on.

If you want to see pro basketball this year, TNT has all the broadcast rights. Plus, it has some of the best movies on cable. We already get fewer stations than some other systems. How about it? It looks like a rip-off to me.

(Pigeon Village Council last week asked Village Clerk/Supt. Janet Heckman to request that a Huron Cable TV company representative appear at Council's Oct. 9 meeting, to answer questions about local cable service.

It's our understanding TNT will be added in January, after the next monthly rate increase.)

Don't let them burn our flag! Our brothers died for it, to keep it flying. We should respect it by honoring it.

About the Junior Varsity stories, they don't deserve the same publicity as any varsity team. That's why they're on JVs. You don't hear about the Red Wings junior teams, or Tiger farm clubs or the second teams. JVs are for training.

People who really appreciate freedom are these East Germans who give up everything at home for freedom. They will vote and will pay their taxes. They are grateful for their liberty.

I would like to have my IQ tested. How do I go about this?

(Several private companies can give such tests, with costs ranging from \$40 to \$80 or so. They include Scott Trych at 790-5988 and Cammin & Carr Associates at 793-6373, both in Saginaw, and Planning for Living at 684-6832 in Bay City. Locally, Craig Walter at the Huron Intermediate School District can provide more information, at 269-9216. For people wondering about emotional intelligence or difficulties, assistance is available from Huron County Community Mental Health at 269-9293.)

## Local news

Mr. and Mrs. Doug Williams of Lansing spent several days with her grandmother, Alma Stahl.

Bill and Sandy Hinton and family of Reese were Sunday guests of Mr. and Mrs. Frank Deming and family.

## LAKER SCHOOLS

WED., SEPT. 20: Fish on a bun.  
THURS., SEPT. 21: Turkey ala king with biscuit.

FRI., SEPT. 22: Roast beef.  
MON., SEPT. 25: Ham and cheese omelet.  
TUES., SEPT. 26: Swiss steak.

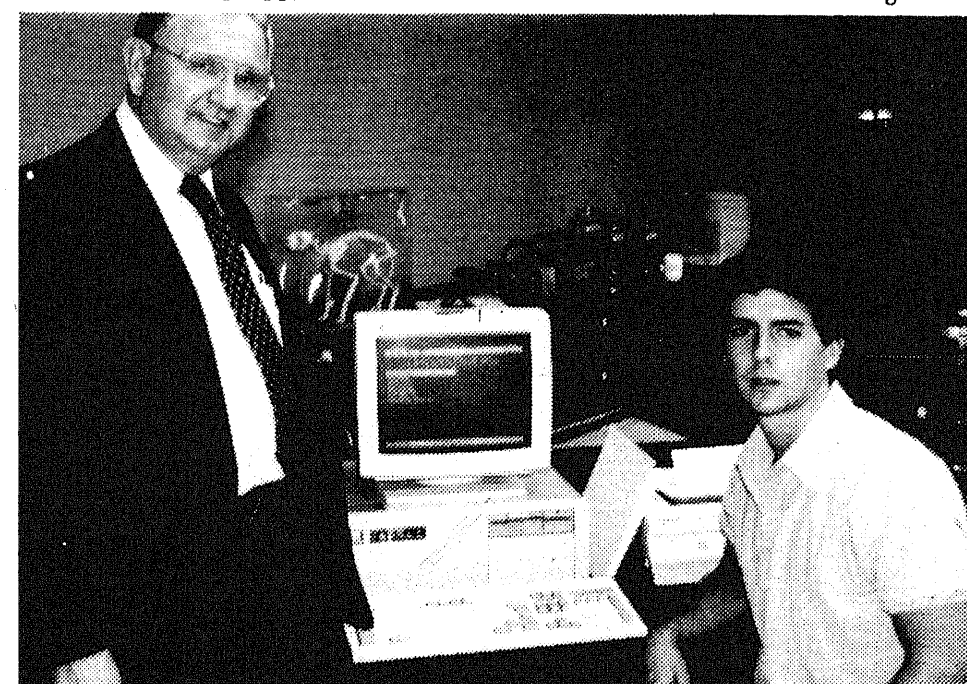

WED., SEPT. 27: Turkey Tetrazzini.  
THURS., SEPT. 28: Meatloaf with gravy.  
FRI., SEPT. 29: Chicken nuggets.

# ACHIEVEMENTS

Daniel Bivens, a sophomore at Concordia College, Ann Arbor, has been awarded the use of his own personal computer, printer and software through the college's unique scholarship opportunity for Business Majors.

Business majors who enter Concordia College with a cumulative minimum grade point average of 3.0 or minimum ACT score of 24 are

eligible for this award. Returning students in this program may continue to use the computer if they maintain a 3.0 cumulative grade point average. After maintaining a cumulative GPA of 3.0 and attending Concordia College, Ann Arbor for four years, the recipient may keep the computer and appropriate software after graduation. Bivens is the son of Mr. and Mrs. John Bivens of Elkton.

SCHOLARSHIP RECIPIENT Dan Bivens of Elkton shows his unique scholarship opportunity — a personal computer — while Concordia College President Dr. David Schmiel looks on.

# This week's Thumb Area club news

## CASEVILLE RETIREMENT CLUB

There were 114 members present for the Sept. 12 business meeting of the Caseville Retirement Club at the American Legion Hall.

President Margaret Wilhelm thanked Marge Heckman for the "earlybird" goodies and all those who donated to the Food Pantry. Welcomed back were Mary Ellen and Frank Jones. The secretary and treasurer reports were read and approved. Wilhelm read a thank-you card from Elsie Stroh. Celebrating birthdays were Irene Martz, Louise Cornett,

helm asked all to stand and greet their neighbors, then led in The Lord's Prayer before lunch.

The Pledge to the Flag opened the meeting. Wilhelm thanked Marge Heckman for the "earlybird" goodies and all those who donated to the Food Pantry. Welcomed back were Mary Ellen and Frank Jones. The secretary and treasurer reports were read and approved.

Wilhelm read a thank-you card from Elsie Stroh. Celebrating birthdays were Irene Martz, Louise Cornett,

Beulah Adams, Ella Dunning, Florence Kelly and Irvin Polega.

Hospitalized is Bert Gardner in Huron Memorial Hospital, Bad Axe. Having tests were John Provato and Hank Hill.

A moment of silent prayer was held for charter member Lu Steiner, who passed away Sept. 8.

Card parties and luncheons were announced by Wilhelm for Good Shepherd Lutheran Church, Caseville on Sept. 27 and St. Francis Borgia Hall, Pigeon on Oct. 9.

## RUSH LAKE FARM BUREAU

A potluck dinner preceded the Rush Lake Farm Bureau group Wednesday when the group met in the William Ballagh home with eight members answering roll call by paying their dues.

Mona McBride conducted the meeting, leading in the Pledge to the Flag and the Farm Bureau Creed.

Hal Conkey led the discussion on "Health Care."

Opal Duffy read the Fun Sheet on the word "Can." The October meeting will be hosted by Opal Duffy.

## WORTHY STUDY CLUB

Fourteen members and two guests enjoyed a dessert luncheon on Wednesday, Sept. 13 in the home of Janet Garey.

President Dolores Lukasiak conducted the meeting, leading in the Pledge to the Flag and the Club Collect. Roll call response was "A First Aid Tip." Secretary and treasurer reports were given by Janet Garey and Emma Potter.

Guests Marie Leipprandt, county president-elect and Eleanora Trost, past president, invited the group to visit the County Federation of Womens' Clubs in Port Austin. They discussed the restoration of the Wilderness Arboretum, a project of the Huron County Federation of Womens' Clubs.

Helen Schultz had charge of the program, comparing the nursing profession in the past and present. She still loves her work, she says, and she demonstrated her skills by taking several club members' blood pressure.

Ulla Snider will host the Oct. 11 meeting, with Mona McBride in charge of the program.

## PIGEON LIONS CLUB

The Pigeon Lions met at the Pigeon VFW Hall on Wednesday, Sept. 13 at 6:30 p.m. Pigeon Lions President John Walsh called the meeting to order and 55 Lions responded to roll call.

President Walsh reminded members that October is Membership Month and they are to bring a prospective member to the Sept. 27 meeting.

Past President Jack Sturm was presented with the 100% Presidents Pin for "an outstanding year in Lionism." To be eligible for this award, a group needs to be a working club with a good secretary and a leading president.

The following were presented with continuous membership awards: Carl Dast, 35 years; Ken Yahn, 30 years; Robert Fluegge, 25 years; Ron Heckman, 25 years and John Kohr, 20 years.

The next meeting will be at the Pigeon VFW Hall on Wednesday, Sept. 27 with Zone Chairman Paul Ken as a guest.

## Elkton news

Patrick Reilly spent two days up north at his cabin near Hillman.

Helping Matt Reilly celebrate his birthday on Friday, Sept. 8 were his brother Mark, who was home for a 15 days' leave from the Air Force; Leland Pratt, Fillion; Brian Kurkowski and friend of Troy.

The Reilly family of Port Austin had a birthday supper to celebrate Matt's birthday and Dale and Carol's 28th Wedding Anniversary. Also present were Pat Reilly, Elkton; Mark Reilly, Texas; Mrs. Colleen Lemanski, Ruth and Mrs. Anne Schultz, Port Hope.

# From The Ground Up

By ED HUTCHISON

An old, dependable garden friend is back this year, looking more sprightly and colorful than ever.

Welcome back Hawkeye and Ginger, Red Dandy and Bandit. Hello again to the multitude of other varieties of garden mums now arriving at garden centers, roadside stands, farmers' markets, supermarkets and discount stores.

The plants look especially good this year because the summer was somewhat milder and wetter than the scorch of 1988. Expect to find compact, bushy plants loaded with buds. Thank Mother Nature, the grower and breeder, in that order, for this happy state of affairs.

Garden mums today are not the rangy, often unreliable plant of years past. Specialists like Yoder Brothers, Inc., of Barberton, Ohio have bred good manners into it. Compact plants and earlier flowering are the norm. Colors are clear and brilliant and blossoms better withstand torment from autumn wind and rain.

CHOICE ABOUNDS. Yoder alone offers 90 different varieties (to growers) in shades of yellow, red, white, bronze, and pink-lavender. Blossoms are designated as one of 15 distinct shapes — daisy, button, spider, anemone, quilled daisy, pompon and so on.

What's especially exciting about garden mums is their versatility in the landscape and the color they bring when most other annuals and perennials are looking sad and will soon be killed by frost.

IN MY YARD, I'll put out the dwarf marigolds that are still flowering at the base of three maple trees and replace them this week with yellow daisy mums.

While a killing frost is still weeks away, the marigolds have the late-summer blash and are neither blooming nor growing well. My attitude is why fool with them any longer when I can count on four to six weeks of flowers from the mums.

If it gets very cold some night, I'll cover 'em.

I'll also throw out the geraniums and vines from my deck and front porch planters and replace them with white daisy mums. The soil won't even have to be changed. It's about a five minute, no-sweat job per planter.

I'VE SEEN MUMS planted among evergreens and lining the edge of sidewalks and driveways, as well as formally and permanently planted in perennial gardens. They are outstanding anywhere in the landscape where it's sunny and the soil is well-drained.

While I treat mums as an annual and discard them when the flowers fade, many gardeners grow them as a perennial and enjoy year after year from the same plant.

Their care, as a perennial is easy. After a heavy frost has

killed the top growth, the stems should be cut back to a height of four inches. The plant should be covered with a four-inch blanket of mulch after the weather has turned much colder, usually in early November. Shredded bark, wood chips or evergreen boughs are good mulches. Avoid leaves or grass clippings because they mat down and lose their insulation value.

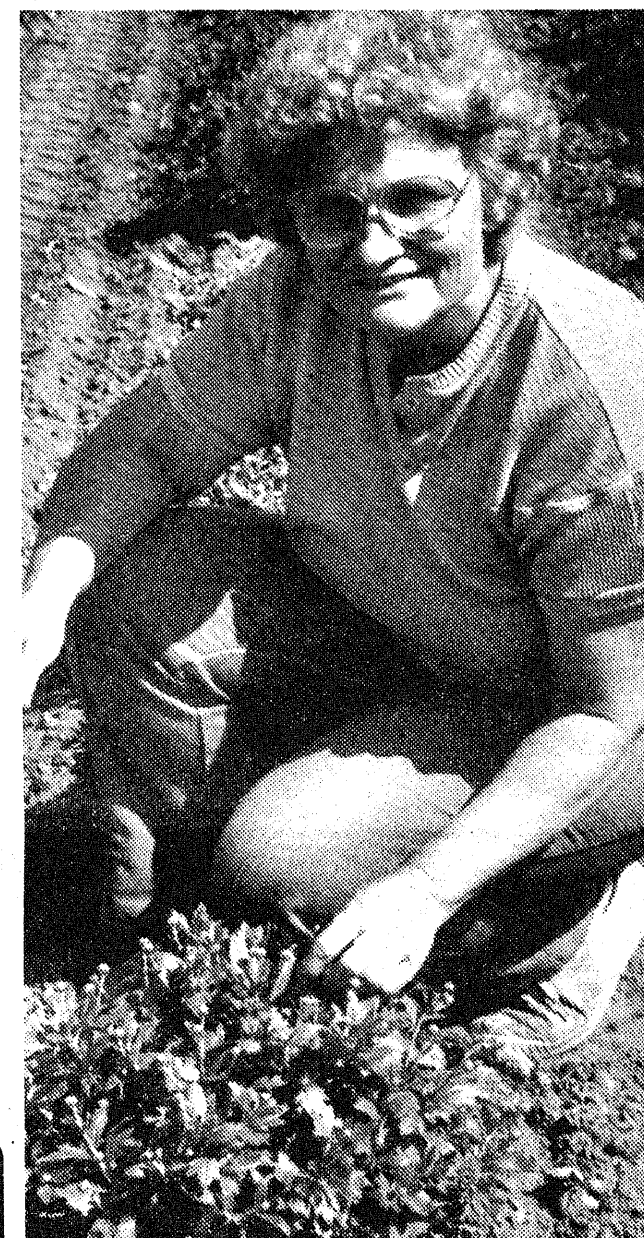

Remove the mulch when the weather has settled next spring, usually in late April. The tops will begin growing immediately. Pinching the top growth is especially important. The top quarter inch of new branches should be pinched off as they emerge.

THIS SHOULD BE done three times, with the last pinch about July 4. General purpose fertilizer applied every six weeks will encourage new growth and promote rich, green leaves and abundant flower budding.

After the third season, the roots should be dug up and divided in three-inch square clumps and replanted. This restores vigor and results in more plants.

Grown as an annual or perennial, the new, civilized garden mums are a welcome addition to the autumn landscape and well worth the \$3 to \$5 investment.

## Mum's the word!

ARLENE KERNSTOCK EXAMINES one of the 5,000 garden mums she raises on her farm in Auburn.

THIS SHOULD BE done three times, with the last pinch about July 4. General purpose fertilizer applied every six weeks will encourage new growth and promote rich, green leaves and abundant flower budding.

After the third season, the roots should be dug up and divided in three-inch square clumps and replanted. This restores vigor and results in more plants.

Grown as an annual or perennial, the new, civilized garden mums are a welcome addition to the autumn landscape and well worth the \$3 to \$5 investment.

**Alice Hart**  
Village Clerk

## OFFICIAL PUBLIC NOTICE Village of CASEVILLE Caseville, Michigan

**ORDINANCE FOR ADOPTION OF THE 1987 BOCA NATIONAL BUILDING CODE - Ordinance #775**  
An ordinance establishing minimum regulations governing the design, construction, alteration, enlargement, repair, demolition, removal, maintenance and use of all buildings and structures; providing for the issuance of permits, collection of fees, making of inspections; providing penalties for the violation thereof known as the building code of the Village of Caseville, State of Michigan.  
Be it ordained by Council of the Village of Caseville as follows:  
**SECTION 1. ADOPTION OF BUILDING CODE.**  
That a certain document, one copy of which is on file in the office of the Clerk's office of the Village of Caseville being marked and designated as "The BOCA National Building Code, Tenth Edition, 1987" as published by The Building Officials and Code Administrators International, Inc. be and is hereby adopted as the Building code of the Village of Caseville in the State of Michigan; for the control of buildings and structures as herein provided; and each and all of the regulations, provisions, penalties, conditions and terms of said BOCA National Building Code, are hereby referred to, adopted and made a part hereof as if fully set out in this Ordinance, with the additions, insertions, deletions and changes, if any prescribed in Section 2 of this Ordinance.  
**SECTION 2. ADDITIONS, INSERTIONS AND CHANGES.**  
That the following sections are hereby revised as follows:  
Section 100.1 (page 1, second line). Insert: Village of Caseville  
Section 103.4 (page 3, first line). Insert: September 11, 1989.  
Section 114.3 (page 11, third line). Insert: See attached schedule.  
Section 117.4 (page 13, fifth, sixth and seventh lines). Insert: misdemeanor \$100 and 90 days.  
Section 118.2 (page 13, fourth and fifth lines). Insert \$100 and \$500.  
Section 123.3 (page 17, second line). Insert \$10.  
Section 2908.1 (page 438, first, second and third lines). Insert: \$1,000, \$20,000, and \$40,000  
**SECTION 3. SAVING CLAUSE.**  
That nothing in this Ordinance or in the building Code hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or any cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 2 of this Ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this Ordinance.  
**SECTION 4. DATE OF EFFECT.**  
That the Village Clerk shall certify to the adoption of this Ordinance and cause the same to be published as required by law; and this Ordinance shall take full force and effect 30 days after this date of final passage and approval.  
**ALICE HART - Village Clerk**

## OFFICIAL NOTICE Village of CASEVILLE Caseville, Michigan

The Village Of Caseville will be flushing hydrants on September 27 - 28 - 29. Some discoloration of water may be expected.

## OFFICIAL NOTICE Village of CASEVILLE Caseville, Michigan

**REGULAR COUNCIL MEETING OF THE CASEVILLE VILLAGE COUNCIL**  
**SEPTEMBER 11, 1989**

Meeting called to order by President Malosky at 7:30 p.m. Roll call: Present: McCormick, Williams, Merideth, Kraft, Goslee, Heron, Hart, Malosky. Absent: None.  
Motion approve minutes of the 8-14-89 regular council meeting, showing a correction to read: meeting with Housing Commission approved and referred to finance committee.  
Motion to accept transfer list. Carried.  
Resolution to pay bills as presented. Roll call: Carried.  
Public Comments-none.  
Audit-Tom Osentoski gave brief presentation of 1988-1989 audit of the Village's accounts.  
Building Inspector's Report-Legion Drive survey has problems in title, should be turned over to attorney for review and legal opinion.  
Water Committee: Resolution 89-82 to use \$25,000 from the water department funds to initiate construction of a water line down Legion Drive. Roll call: Carried.  
Motion to recess to 8:50 p.m. All eyes.

Resolution to bill Pantelle home as 1 1/2 units until water line be removed, and be billed retroactive. Roll call: Carried.

Resolution to contract with Bill Cragg & Son to remove pumps & grout wells on #2, 3, 4 & 5 wells at a cost of \$7,200. Roll call: Carried.  
Flushing hydrants will be done on 9/27, 28 & 29th. Notice will be in paper.  
Finance Committee Zoning Board of Appeals pay: Obtained a legal opinion. They are a separate board, entitled to pay for zoning board meeting.  
Reworded policy to indicate if a zoning board meeting does not precede a council meeting, there would be payment made to the zoning board of \$25 for the meeting. Workman's comp-agreed to adopt policy where the Village agrees to pay an employee for up to 7 days missed, due to a Village of Caseville related injury, that are not covered under the workman's comp policy, the time off needs to be verified by a physician. The payment for these days will be made to the employee after a 15 day waiting period.

Resolution to adopt Village Policy 9-11-89 noting changes to be made showing Clare Heron rather than Forrest Williams on Adhoc Committee, and employees evaluation to be done semiannually, and above notes. Roll call: Carried.  
Resolution 89-59 to authorize Pamela Stahl to attend the Michigan Municipal Treasurer's Institute, total expense not to exceed \$600. Roll call: Carried.

1985 Fire truck-tabled.  
DPW/Road Committee Vacating Oak Bluff-tabled pending survey.

## "Thanks a MILLION"

By Percy Ross

**He needs more clippers!**

### DEAR MR. ROSS:

Through sheer determination my husband has turned his life around from "hard-core" criminal of the 60s to respectable hard-working barber of the 80s. Even a stroke in 1980 could not stop his determination. He goes to our small barber shop every day, standing hours on end cutting hair, even though he is paralyzed on his left side.

Each day he goes to work 30 minutes early to oil, glue and tape together his 10 year old electrical clippers. One day the clippers are not going to be brought back from the dead and our livelihood will be gone.

Is there any way you could arrange for my husband to purchase three new clippers? They are not cheap. I'm asking for \$500, but it takes everything we make to maintain two rents and two utilities (the shop and our apartment).

I'm asking that you help him so he can continue his efforts to earn a legitimate living and support me and our 11 year old son. It's worth everything in the world to me that he maintain his pride in the miraculous turnaround he's done — from a criminal to a proud father and contributing member of the community. I wish I had more than our love and admiration to give him in return for all he's done for our small family.

We are so blessed and proper clippers could help us to continue to count our

blessings for many years. — Mrs. R.P., San Jose, Calif.

### DEAR MRS. P.:

You're blessed! How do you think I feel? I have the most wonderful opportunity to help a hard-working family that hasn't had the easiest time. I couldn't ask for more.

You see, I worked hard for my money. I work even harder at giving it away wisely. Sometimes the temporary relief I give to families feels like a drop in the bucket.

Not in your case, though. I feel the \$500 I'm sending will actually make a difference in your life. Thanks for making my day.

DEAR MR. ROSS: About five years ago I wrote explaining my need for some chickens because I used to cook chicken soup for my ailing friends. You were good enough to arrange for my supermarket to give me a bunch of chickens.

Eventually, I turned this project over to a synagogue group that continues my work and is able to reach many more people. The manager of that supermarket arranged with his successor to continue — so the kosher chickens keep going on and on. Many thanks.

The people for whom I used to cook soup have gone to heaven and my zeal for cooking for strangers has dwindled. After all, I'm get-

ting way up in years. My biggest kick now is going to a movie matinee in the neighborhood.

This is my request: Treat me to a couple of movies. This is NOT a crying need — it's more for fun. However, I believe you to be a man who doesn't answer only pleas drenched in tears. — Ms. L.A., Philadelphia, Pa.

### DEAR MS. L.A.:

It is indeed, sad to learn you've retired your chicken soup but equally joyful to learn your practice lives on through a synagogue group. Having earned your right of passage on to days of a little "R & R," I'm pleased to provide you with some "Recreation and Ross' Money." The check is in the mail. I hope you enjoy many afternoon matinees.

## Baptism

Derek Matthew Ricker, son of Matt and Karl Ricker of Owendale, was baptized Sunday, Sept. 3 by Pastor Ray Ohlendorf at St. Paul's Lutheran Church in Linkville.

Derek's godparents are Kevin Trueman of Pigeon and Vickie Ricker of Owendale. Derek was born Friday, Aug. 11 at Huron Memorial Hospital, Bad Axe.

His grandparents are Mr. and Mrs. Lee Trueman of Pigeon. Great-grandparents are Mr. and Mrs. Delmar Trueman of Pigeon and Mr. and Mrs. Woodrow Schweitzer of Bay Port.

# Pigeon news briefs

### By DOROTHY DIENER

The Luther League from Cross Lutheran Church met Sunday, Sept. 10 at the home of Mr. and Mrs. John Smith. Topic videos were shown. Robin Sturm gave the devotions, Lisa Buchholz furnished the snacks and Christopher Shupe was in charge of games.

Mr. and Mrs. Elmer Schuette, Johnny and Jimmy were among the guests at a college graduation party for Mrs. Pat (Rasmussen) Turner at St. Paul's Lutheran Parish Hall in Caro on Saturday, hosted by her family.

Mr. and Mrs. Elmer Schuette and family attended the Schuette reunion on Sunday, Sept. 3 and afterwards, Mrs. Schuette visited with her parents, Mr. and Mrs. Frank Taschner in Sebawaing.

Mrs. Cory Marsh of Indiana spent Labor Day with her parents, Mr. and Mrs. Albert Schuette. Mr. and Mrs. Wilson Marsh of Utica visited Sunday and they all attended the Schuette reunion.

Mr. and Mrs. Albert Schulze

### OTHER THUMB AREA DEATHS

Elsie Rapson, 97, Bad Axe, passed away Sept. 8. Carl Wicha, 89, Redford, formerly of Port Austin, passed away Sept. 9.

John Terrill, 84, Flint, formerly of Sebawaing, passed away Sept. 9.

Leo Shamka, 87, Harbor Beach, passed away Sept. 10.

Edith Howard, 88, Bad Axe, formerly of Caseville, passed away Sept. 10.

Nora Hunter, 73, Gagetown, passed away Sept. 12. Alta Witherspoon, 83, Richmond, formerly of Kinde and Port Hope, passed away Sept. 13.

Joseph Kalliszewski, 84, Port Hope, passed away Sept. 14.

Afra Walter, 83, Ruth, passed away Sept. 14.

recently sept the weekend at their farm near Spratt. John Trowbridge of Warren was a weekend guest of his mother, Mrs. Elsie Trowbridge.

Mr. and Mrs. Ray Konen of Grand Rapids, Mr. and Mrs. James Dutcher of Warren, Mr. and Mrs. Kevin Dutcher and son of Sterling Heights, Mr. and Mrs. James Bridges and family of Midland, Todd Bridges and friend April Ryan of Naperville, Ind. were Labor Day guests of their mother, Mrs. Ann Schuette.

Mrs. Lori Wolschlag of Bad Axe was a Wednesday luncheon guest of her sister, Mrs. Avis Cregeur.

The Sunday Night Study Group met at Cross Lutheran Church with the topic "Brokenness" by Charles Stanley.

Lunch was furnished by Mr. and Mrs. Fred Haley and Mr. and Mrs. Ron Diebel. Others present were Mr. and Mrs. Greg Wissner, Mr. and Mrs. Fred Edler and Mr. and Mrs. Elmer Born.

Mr. and Mrs. Elmer Schuette and Suzanne and Mr. and Mrs. Frank Taschner of Sebawaing and Mrs. Pearl Larson of Bay City traveled to their sister's, Mr. and Mrs. Pete Merschberger to attend Eric Merschberger and Rebecca Miller's wedding. They also spent time at Sault Ste. Marie before returning home on Sunday.

Helping Mr. and Mrs. Larry Kretzschmer in Davison celebrate their 25th Wedding Anniversary on Sunday were Mr. and Mrs. Howard Jarvis, Mr. and Mrs. David Jarvis and girls, Mr. and Mrs. Dennis Jarvis, Mr. and Mrs. Richard Jarvis of Weidman. Mrs. Jarvis remained to visit until Friday.

## Thumb Area OBITUARIES

### JAMES C. BROWN 1957 - 1989

James Charles Brown, age 32 of Elkton, passed away Monday, Sept. 11 in Pigeon.

He was born June 3, 1957 in Bad Axe, son of Charles and Annette (Prybiske) Brown. He married Gail Forster on Dec. 16, 1978 at Good Shepherd Lutheran Church, Sand Point. Mr. Brown was a 1975 graduate of Elkton-Pigeon-Bay Port High School and had been employed at Huron Casting, Inc., Pigeon, since March, 1981. He attended St. Francis Borgia Catholic Church, Pigeon.

Surviving are his wife, Gail, Elkton; two sons, Bradley and Marc, at home; one daughter, Lindsey, at home; his parents, Charles and Annette Brown, Elkton; one brother, Jay Brown, Elkton; two sisters, Betsy Brown, Elkton and Beverly Brown, Saginaw and three nieces and one nephew.

Funeral services were conducted Thursday, Sept. 14 at St. Francis Borgia Catholic Church. The Rev. Ben Skornia, pastor, officiated with burial in Riverside Cemetery, Elkton. The Elkton chapel of Champagne Funeral Chapels was in charge of funeral arrangements.

Memorials may be made to his children's education fund.

# FALL HUNTING & FISHING GUIDE

## — Thermoses —

Ed Guenther liked his coffee cold. My earliest recollections paint a vivid picture of Mom hovering over a large, porcelain coffee pot each morning. After it was brewed, she would spill its contents into a glass water pitcher and set it on my Dad's reading table.

All through the morning the pitcher sat while the dark liquid lost heat until it finally reached room temperature. Then, and only then, would Dad fill his glass and drink to his satisfaction. Winter or summer, the cold coffee always looked refreshing and on more than one occasion I sneaked a sip only to find the dark drink bitter and very distasteful. Little has changed in the ensuing

years and to this day, lukewarm coffee and I don't see eye to eye.

Since I enjoy many activities in the out-of-doors and like my coffee hot I am constantly faced with the proper connection between the 2. Some hunting and fishing trips, and all of my camping endeavors, present little or no problems. I simply carry along a Coleman backpacking stove, a small coffee pot and the fixin's. Hot coffee is no more than a couple of minutes away at any time. The real problem comes when I must stray away from the pickup truck or my camper. Then, if I want hot coffee, I had better be prepared to carry it with me.

Years ago, I should have

let my first instincts guide me, it probably would have saved me years of frustration and loads of money. During my early duck hunting days, I was fortunate to learn the trade from my older brother who was also a hard-working electrician. Accustomed to carrying his lunch to work each day, a day in the duck blind was nothing more than an extension of his regular noontime fare. His heavy-duty lunch pail would be brimming with goodies and his battered Thermos would spew an endless stream of scalding coffee or bouillon throughout the day.

Since I had not yet developed a taste for coffee, owning a Thermos had never entered my mind, so on each duck hunting trip I was satisfied to wash down the bologna sandwich with water from a Boy Scout canteen. However, a short stint with the US Army changed all of that, and before I knew it I had become hopelessly addicted to the coffee bean.

Instead of going out and buying a stainless steel Stanley like my brother had carried all those years, I decided to invest my money on some of the cheaper, glass-lined models that decorated the shelves of discount stores. It led me to a life of misery. Not only did the cheap imitations do a poor job of keeping any liquid even remotely warm for an extended amount of time, but just let it slip from your fingers one time, and the insides were reduced to a jagged mass of broken glass.

I finally got wise and bent the right page of an outdoor

catalog a few weeks before Christmas. But as luck would have it, Sweetwife picked out the wrong Thermos. Although it plagued me as a millstone around my neck, I politely feigned how happy I was to have it and continued to drink lukewarm coffee for several more years. I got another one a few years later that was a little better, but I still could not plan on

using the Thermos, I fill it with boiling water. In the morning I dump the now-cooled water out and fill it

with very hot water. After 5 minutes I dump that water out and fill the Thermos with coffee. This simple practice insures me of scalding hot coffee all during the morning hours, hot coffee at

warm coffee after lunch. A couple of years ago Santa, via Sweetwife, finally found the right combination. You guessed it, it was a stainless steel Stanley made by Aladdin, and it has all the

latest features. It has a carrying handle attached to the side, a stopper that pours in a trickle, a plastic-lined cup that eliminates lip burn and best of all, it keeps coffee very, very hot for long periods of time.

The evening before I plan on using the Thermos, I fill it with boiling water. In the morning I dump the now-cooled water out and fill it

with very hot water. After 5 minutes I dump that water out and fill the Thermos with coffee. This simple practice insures me of scalding hot coffee all during the morning hours, hot coffee at

lunch and very warm coffee for that mid-afternoon pickup.

Shortly after receiving the new thermos I chanced to go Steelhead fishing on a cold winter morning. I absently left it punched in the gravel-strewn shoreline while I fished the rising waters spilling from the upstream dam. An hour later I returned to find the thermos bottle almost covered by the freezing water.

How long it had been submerged I do not know, but when I broke for an early lunch, the coffee was still steaming.

To think I had to wade through 30 years of cold coffee to find that out.....

**Hunters: Make Safety Your Main Concern**

## State Receives \$11 Million In Federal Program Funds

Michigan has received more than \$11 million in hunting, fishing and boating equipment revenues that now finance fish and wildlife restoration programs within the US Fish and Wildlife Service's Federal Aid Programs. This includes \$618,000 in hunter education and \$6,967,245 in sport fish restoration funds.

"This is one of the most successful conservation programs ever," said US Fish and Wildlife Service Direc-

tor Frank Dunkle. "The willingness of America's hunters, anglers and sport equipment manufacturers to provide this kind of financial support to wildlife through Federal excise taxes on hunting, fishing and boating equipment is outstanding. This is a prime example of a user-pay pro-

gram that works." Sports fish restoration began in 1950, and has received over \$1 billion in funding. Wildlife restoration began in 1937 and has received \$1.5 billion. In both programs, money is used to finance state-sponsored res-

on fishing equipment and a 3 percent tax on electric trolling motors and sonar fish finders. The "Wallop-Breaux" expansion legisla-

key, wood duck, native brook and cutthroat trout.

The apportionment for the wildlife restoration and hunter education programs for fiscal year 1989 totals \$119 million. This money comes from an 11 percent excise tax on sporting arms and ammunition, a 10 percent tax on pistols and revolvers, and an 11 percent tax on certain archery equipment. One-half of the tax on handguns and archery equipment is available for state hunter education programs.

The apportionment for sport fish restoration for fiscal year 1989 totals \$179.5 million. This money results from a 10 percent excise tax

tion of 1984 increased the tax base for sport fish restoration to include a portion of the Federal motorboat fuels tax and import duties on fishing tackle and pleasure boats.

Distribution of sport fish restoration funds to the states is based on the land and water area and the number of fishing licenses sold in each state. Wildlife restoration funds are made available based on land area and the number of hunting license holders in each state. Distribution of hunter education funds is based on the relative population of each state.

The apportionments reflect the total amount of Federal money available to each state for fish and wildlife restoration programs. State funds must pay for 25 percent of the cost for each project approved under the 2 programs.

## Resource Commissioners List Regulation Changes

The following is a summary of changes in hunting regulations and other actions approved by the Natural Resources Commission for 1989 seasons.

—QUAIL—  
Season dates remain the same: October 28-November 11. Bag limits remain the same: daily - 5; possession - 10; season - 15.

Huron County has been added to those counties open to quail hunting. Hunters should consult the 1989 waterfowl hunting guide for a complete list of counties open to quail hunting.

—BEAVER AND OTTER TRAPPING—

Season dates run from October 25 to March 31 and vary according to 5 specific areas, Units A-E.

Bag limits are the same as 1988: no limit on beaver; otter limits range from zero to 2 in specified units.

An updated complete beaver and otter trapping guide is now available. For detailed information on season dates and bag limits within the individualized trapping units, contact the DNR Wildlife Division, Box 30028, Lansing, 48909; (517) 373-1263.

—HUNTING CLOSURES—  
(to protect Sichuan Pheasants)

Because of an increase in releases of purebred and crossbred Sichuan pheas-

ants, the areas closed to hunting have been expanded to include portions of Oakland County and addi-

# FALL HUNTING & FISHING GUIDE

## MUCC "Topo" Book Is Ideal For Sportsmen

Planning a hunting trip this fall? You are not alone.

More than one million Michigan hunters are preparing to take to the fields, woodlands and wildlife flooding areas over the next few months to hunt big and small game, upland game birds and waterfowl.

As more hunters than ever take to the outdoors in search of their quarry all of them will be looking for an edge -- a tool or a technique to give them an advantage over their fellow hunters.

One of the best ways to ensure success in the field is to take along a supply of accurate, up-to-date county and topographical maps as part of your hunting gear.

The Michigan County Maps and Outdoor Guide, published by the Michigan United Conservation Clubs (MUCC), provides a handy, easy-to-use listing of natural and man-made features in all of the state's 83 counties. Bound into a convenient book that can be stored under a car seat or tucked into a duffel bag, the Michigan County Maps and Outdoor Guide features detailed maps of Michigan's counties arranged alphabetically for easy reference.

In addition to listing primary, secondary and gravel roads, rail crossings and city and township boundaries, the Michigan County Maps and Outdoor Guide pinpoints the location of lakes, rivers, streams and tributaries as well as state game and recreation areas, wildlife floodings and public access sites.

The book also includes useful information on fish and game species found in Michigan and a complete listing of Michigan's state and national forests.

Once you have located a suitable hunting area with the Michigan County Map and Outdoor Guide, you can zero-in on the physical terrain of the area and pinpoint your hunting location with a topographical map prepared by the United States Geological Survey. Available from MUCC headquarters in Lansing, the topographical maps show the location of trails, campsites, river and stream crossings and contour elevations.

The book also includes useful information on fish and game species found in Michigan.

Copies of the Michigan County Maps and Outdoor Guide are available for \$12.50 each, tax and postage included. They may be ordered by sending a check or money order to MUCC, P.O. Box 30235, Lansing, MI 48909.

The complete selection of "topo" maps are listed in MUCC's Map Index. Copies of the Map Index are available FREE by sending a No. 10 (business size) self-addressed envelope with 50¢ postage affixed to MUCC.

All proceeds from the sales of the county and topographical maps help support MUCC's extensive conservation education programs conducted in schools and nature centers across the state.

From Previous Page  
tional area in Livingston County.

The complete list of areas closed to hunting includes portions of the following counties: Clinton, Genesee, Ingham, Jackson, Livingston, Oakland, Ottawa, Shiawassee and Washtenaw.

All pheasant hunting closure areas are open for the hunting of other small game, waterfowl, furbearers, deer and for the use of dogs for small game hunting.

For detailed descriptions of the areas closed to pheas-

ant hunting, contact DNR Wildlife Division, Box 30028, Lansing 48909; (517) 373-1263.

—LAND ACQUISITIONS—  
Land acquisitions approved by the NRC in the current year include:

•305 acres of land with 6,400 feet of frontage on the South Branch Au Sable River in the Au Sable State Forest in Crawford County. The area will greatly expand public fishing opportunities on a portion of a blue ribbon trout stream.

## National Sport Group Seeks Clubs' Support

National Hunting and Fishing Day was established in 1972 to educate the public about the vital role played by sportsmen in the wildlife conservation movement. Strong anti-hunting sentiment was at its peak, and the sporting tradition was seriously challenged.

As preparations for the 18th observance of NHF Day got underway, the NHF headquarters staff realized it was time for change. Sportsmen's clubs did not perceive the same need to communicate with the general public—and therefore to organize NHF Day programs—that they did 10 or 15 years ago when anti-hunting sentiment was at least more visible.

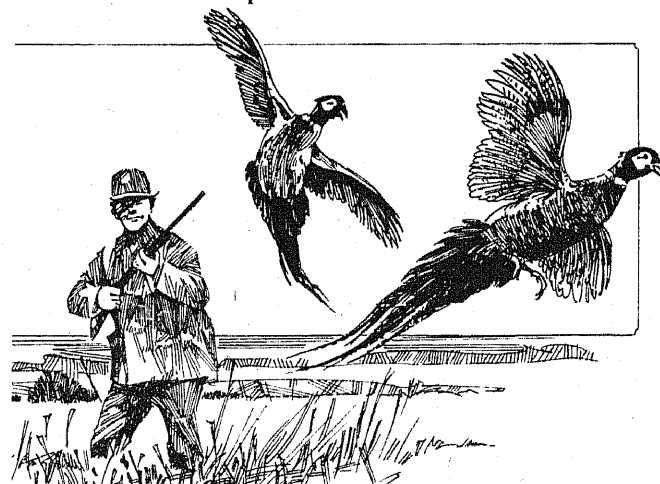

Sensing that a change of

direction was needed, a program ranging in scope from full-blown open house celebrations to simple donations of educational filmstrips to local schools was developed and presented to clubs that had participated in NHF Day in the past.

The theme for the 1989 celebration is "For the Tradition... And for the Fun." The "tradition" comes from the recognition of the sportsmen's role in the conservation movement and for passing that awareness and involvement on to future generations.

The "fun" comes when clubs get involved with one of the 5 programs and pass on outdoor skills and an

## Shooters Earn Money For Nature Projects

Over \$72,000 was raised for wildlife conservation projects by trapshooters who recently participated in the 90th annual Grand American Handicap in Vandalia, OH.

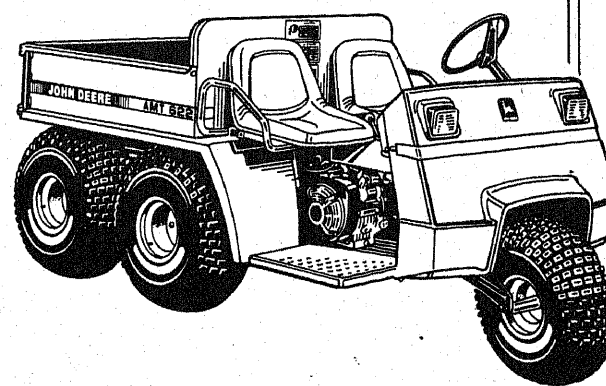

Through the Pittman-Robertson Federal Aid in Wildlife Restoration Act, an 11 percent excise tax was paid on each shotshell fired at the tournament. Not included in this figure are excise taxes paid through the purchase of firearms used in

this event. More than \$115 million is raised annually by the excise tax. Since its inception 50 years ago, the P-R Act has generated over \$1.8 billion for sound wildlife management.
