Caseville Art Show set Aug. 11-12

Arts Council is planning its second annual Caseville Art Show on Saturday and Sunday, Aug. 11 and 12 at the Bella Vista Inn.

President Virginia Nicholl says the show times will be Saturday from 10 a.m. to 5 p.m. and on Sunday from 10 a.m. to 3 p.m.

Artists are invited to submit their works, and each entry must be original in concept and execution. Arts or craft kits will not be accepted, says Nicholl. Under the sponsorship of the CCAC, the exhibit is open to artists age 18 and over and to students in grades 9-12.

A maximum of two pieces of art will be accepted by each artist. Art may include drawings, paintings, prints, sculpture, ceramics, photography or fibers.

Professional artists should have their work matted and framed. Art pieces may be sold at the show, and the price should be included with the item, says Nicholl.

Cash awards will be offered for first, second and third place winners in two classes. Deadline for entry will be July 20.

Artists wishing to enter the Caseville Art Show may obtain an application by sending a self-addressed envelope to:

Laker Happenings

On to Washington, D.C.

Ninety-seven 8th grade students and over 30 parent and teacher chaperones toured Washington, D.C. from May 8-11. This trip has been an annual event since 1976, and is certainly an event junior high students anticipate long before they enter the 8th grade.

This year's students were provided tours through the Capitol, the White House, the Pentagoon, the FBI building, Ford's Theatre, Mt. Vernon, and Arlington National Cemetary, along with various stops at national memorials. A highlight of the trip took place on the Capitol steps where students had their picture taken with Congressman Bob Traxler, who also spoke to them and commented that "this group of Laker students is the best-behaved and most cooperative group to visit us."

I believe all chaperones involved with the trip would concur—our Laker students are a great group, and we are certainly proud of them.

Something To Think About JOHN A. CHAMPAGNE

DONATION AND THE FUNERAL

cal science there is no problem concerning the availability of the body for the funeral. The uniform donor card or driver's license points out that anatomical gifts must be medically acceptable and needed to take effect upon death. Anatomical gift laws say that when the gift is of a part of the body that after the removal of the donated part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body. Thus the body can be present for the funeral.

lishing in Michigan. Why? Because it is Michigan's Free Fishing Weekend, when Michigan residents and nonresidents can fish the state's inland and Great Lakes waters without a fishing license or Trout/Salmon stamp.

To commemorate this special weekend, more than 65 fishing events are planned. The events are the cornerations of this special weekend, according to DNR Director David Hales. Most events offer fishing instructions and conservation information, as well as contests and fun-filled activities.

The Huron County event was held last weekend, when the Seventh Annual Great Lakes Bow Fishing Championship was conducted at Caseville.

Thumb area boaters and anglers may be catching more than they bargin for when they ply the waters of Saginaw Bay this summer. Research has shown that the European Zebra Mussel has found his way to our waters. Probably brought over by oceangoing ships' ballast water, this tiny marine life has begun to cause a stir in America. Not only does it jam water intakes and sewer pipes, but also competes for food and critical space with native species. Lately, they have been found colonizing on the bottoms of boats and other fishing gear.

Boaters can combat the spread of Zebra Mussels by reading a new brochure produced by the DNR. It can be found in marinas, bait shops and state parks all along the shoreline. While biologists have conceded that we cannot eradicate the Zebra Mussel, we may prevent or slow down their spread to inland lakes and streams.

an extra paddle." he yelled from the rolled-down window, "it could get awfully lonesome out there." I watched his tailights

grow dim in the cloud of dust, loaded the canoe with my shellbox and padded guncase, and pushed offinto the inky blackness. Once around the first bend, I beached the canoe and settled back to wait for the dawn and legal shooting time. Better to do it here then back at the bridge, I thought to myself, no sense in giving away a good duck hunting spot if you don't have to.

Dawn came slowly in the misty swamp. When it was "You're more than wel- light enough to see, I slipped
