Teaching patience

Sociologists tell us that hunting is a "learned social behavior."

In other words, no one is born a hunter — not even animals — although animals have stronger instincts and therefore need less in the way of teaching. Consequently, the concept of hunting must be taught.

Hunting was a very natural thing when most people lived in a rural environment and there was little in the way of commercially-produced food.

Man was then forced to hunt in order to survive and rituals connected with hunting took on very important meanings within the clan, tribe, or family.

But now, as we have migrated to an urban society, the vast majority of people who live within advanced civilizations are content to let some one else do there killing for them and purchase the finished product in the ever-growing number of strip malls that are replacing the woods, fields and marshes of our world.

Sadly, this departure from the natural order has created a population of young people who are firmly convinced that pork chops and chicken breast magically appear in

the supermarket's meat counter, tightly encased in clear plastic wrap.

And because of this, I feel strongly compelled to pass on what little knowledge I have to the younger members of my family.

However, this past week, my teachings were put to the ultimate test when my eight-year-old grandson Andrew accompanied his dad and me to the deer camp to begin his rite of passage.

Although young in age, hunting has become as important to Andrew as some other things in his life, like baseball and soccer, both "learned social behaviors," by the way.

I could safely say that the only two things ranking above it at the present time are TV and Kit Kat candy bars, both of which he longed for all weekend.

Since Andrew's dad is a teacher, coach, church elder, and home remodeler, he has had precious little time to hunt this fall, let alone teach his son the fine art of hunting.

So.... Grandpa generously offered to take the youngster under his wing for the entire weekend, thereby letting dad have a golden opportunity to bag his deer — which is an-

other story in itself.

We hit camp a little late on Friday night, but still had more than two hours of daylight left, so instead of unloading the truck, both Doug and I grabbed our bows and headed for the nearest blinds.

We were sharing the camp with Uncle Eddie that weekend, and he had left us a note pinned to the cabin wall indicating deer movements for the past several days and the location he was hunting that evening.

Doug picked a blind close to the cabin where everybody sees deer, and I selected one farther away, but which was built a little more sound-proof for Andrew and me.

Threading our way through a tangled maze of young aspen, Andrew caught up with me just long enough to whisper in my ear.

"Grandpa, we're not going to get lost are we?"

So much for confidence in your teacher.

I reassured him that we would not become separated from the cabin and the backpack full of snacks his mother had thoughtfully packed just before our departure from home, but I did not tell him that on numerous occasions I had been woefully turned around in the 320+ hilly acres where we were now treading. No need to have him lose all his confidence on the first evening.

We reached the blind in a few minutes and settled down for the evening hunt. While hunting is a "learned social behavior," and consequently must be taught, the many aspects of hunting must also be taught individually.

The obvious ones are gun or bow safety, stalking and tracking techniques, how to dress warmly etc. But there are others, as important, but less obvious, like patience and poker, or for this weekend, patience and Uno.

We had only been in the blind for a few minutes when Andrew, who had already been wiggling like a nightcrawler wearing scratchy, longjohns, leaned over and in a whisper raspy enough to be heard in the next county stated, "I'M STARVING!"

I could not believe that this was possible since when I picked him up his mouth was full of an after-school snack and the trip to the camp had been less than two hours.

After convincing him that I had brought nothing to eat, I continued to answer a few more questions like, "When are we going back to the cabin?" and "How come we don't see any deer?" and the old favorite, "I've got to go to the bathroom!"

The first evening we did survive an hour in the blind before retreating to the cabin. Both Andrew and I slept in the next morning while the big boys headed for the woods.

During the afternoon hunt, grandpa wised up and strapped a backpack loaded with magic on Andrew's back.

Once in the blind, Andrew quietly finished his last two chapters of a favorite baseball book he had been reading, whittled a wooden arrow from a twig using a knife we had carted along, studied my compass for a few minutes and consumed two peanut butter — cracker sandwiches, a plastic bag full of apple-cinnamon Cheerios, a Reese's peanut-butter cup, a Kit Kat candy bar and two Blow Pop suckers. The backpack got us through a 2-1/2 hour hunt.

The next evening, our last, we hunted out of two different blinds.

This time, instead of Andrew carting the backpack, he put a small, carefully-selected package of goodies in mine.

That night, his finely-tuned ears picked up the sound of incoming deer that I would have otherwise missed and we were rewarded with a brief glimpse of an 8-point.

And best of all, we still had one Blow Pop sucker when we returned to the cabin.....

Sebewaing man wins elk permit

Ten hunters from the Thumb and Lower Saginaw Bay Area — including Steven Einhardt of Sebewaing — are among 200 Michigan elk hunters chosen to participate in the state's Dec. 6-13 elk hunt.

Of the 200 elk hunters chosen, 58 will be allowed to take either an antlered or antlerless elk, while 142 may take only an elk without antlers, state DNR officials say.

Successful computer-drawn hunters and their permitted animals include (HC - hunter's choice, AO - antlerless): SEBEWAING—Steven Einhardt AO; CARO—Timothy Bodeis AO; PORT HOPE—Jerry Lawrence HC; PORT SANILAC—Daniel Campbell HC; ESSEXVILLE—Andrew Ahrens AO; BAY CITY—Larry Crisp AO, Lester Kopischke AO, Brian Lanagan HC, and Douglas LaPlant AO.

Patriots look ahead to Brown City tourney foe

By AMY HEIDEN

For the second time in four years, the USA Patriots have extended play into the postseason.

After defeating Carrollton 40-20 for their final regular season game, they'll meet up with 7-2 Brown City on Saturday afternoon, for the chance to meet the winner of the Deckerville-Burton Bentley game—and a shot at state honors.

Friday's game was a must-win for the Patriots to have any chance at regional play, and after a slow start, they got on a roll.

Carrollton scored first, after a USA fumble in the first three minutes of the game, with Davey Porlas scoring on a 29-yard run. The PAT was good and Carrollton held an 8-0 lead.

The Patriots fumbled again on their next possession, but later got the ball back on downs, and Jeff Ertman run 39 yards to give the Patriots six points. The PAT failed, though, and the Patriots trailed 8-6.

Porlas again scored for Carrollton, this one on a three-yard run, and the conversion attempt failed.

Quarterback Aaron Eurich completed a six-yard pass to Calvin Fuerst for the Patriots' second TD of the night. The PAT failed but the Patriots were within two points.

They got the go-ahead score when Ertman rumbled nine yards into the end zone, giving the Patriots an 18-14 lead going into halftime.

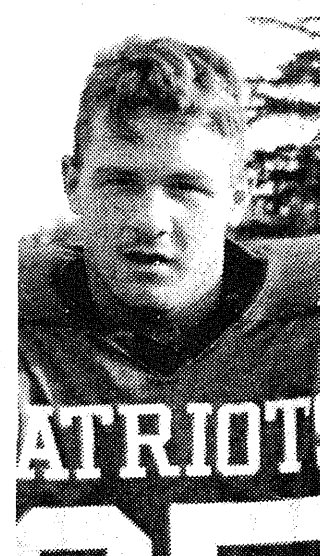

Craig Vermeersch had his first touchdown of the night after the break, punching in from a yard out. He also ran the conversion attempt, putting the Patriots up 26-14.

It wasn't until the fourth quarter that the Patriots found the end zone again, and Ertman made it from a yard out. Paul Mitchell added two more points, and the Patriots had a comfortable lead.

But Carrollton came back to score after a fake punt attempt, with Brian Katzenberger scoring on a one-yard run.

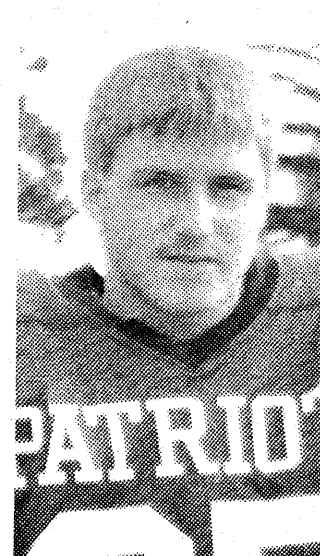

Vermeersch answered that with a 28-yard run of his own. The PAT failed, but the Patriots had the 40-20 win, and more importantly, a spot in the playoffs.

"There was a lot of scoring all night long," Patriot Coach Tim Travis said. "We had a few holes to fill, and it took a while to get going defensively. But we did what we needed to do and we got into the playoffs."

USA's JEFF ERTMAN

CRAIG VERMEERSCH

Helped lead Patriots to 40-20 win over Carrollton

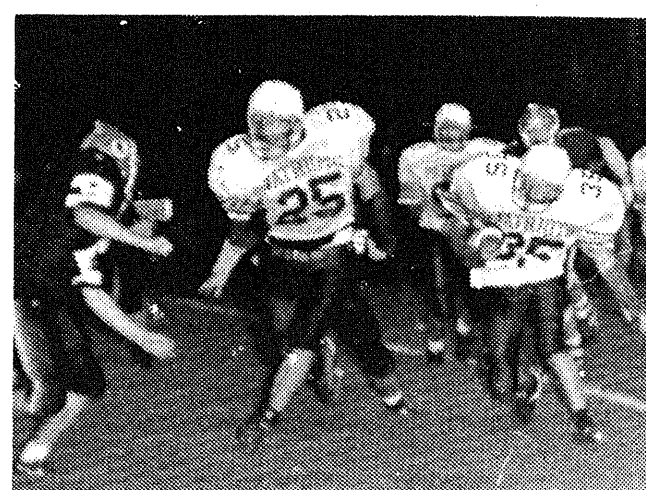

Coach Tim Travis said. "We had a few holes to fill, and it took a while to get going defensively. But we did what we needed to do and we got into the playoffs."

Vermeersch gained 181 yards in 20 carries and Ertman followed with 171 yards in 19 carries. Eurich completed two of his eight passes, both to Fuerst.

On defense, Tim Beringer had 20 tackles, and Dan Sweetman had 18 tackles at strong safety.

The regular season ended with the Patriots sporting a 7-2 overall record, 5-1 in the Thumb American Division, and a share of the league championship, their first since 1983.

The Patriots will travel to Brown City on Saturday to take on the Green Devils in regional play. Game time is 1:30 p.m.

USA'S JEFF ERTMAN (25) blocks for Craig Vermeersch (35) as he sweeps around the side for the Patriots.

JUNIOR VARSITY: The Patriot JV team fell to Carrollton 20-13 in its final game of the season.

Ken Woloszyn scored both TDs for the Patriots, one on a four-yard run and the second on a one-yard run. He had 25 yards in 12 carries.

Nick Mowry gained 117 yards in 12 carries, and Mike Koepf had 51 yards in 10 carries.

Quarterback Tom Betson completed three of his 10 passes for 40 yards and kicked an extra point.

Defensively, Eric Hines had 11 tackles, Dave Spannagel had seven, Dave Ewald had five, and Eric Goslin grabbed an interception.

The Patriots finished their season with a 3-5-1 record.

Lady Pats miss Gremel's help

By AMY HEIDEN

The Lady Patriots endured two tough games last week, severely hampered by the loss of Angie Gremel.

First they fell to cross-division rival Crosswell-Lexington 63-40. The Patriots fell behind 13-6 after the first quarter and trailed by nine at halftime.

"This was our first game without Angie and we dearly missed her rebounding and scoring," Assistant Coach Todd Cramer said.

"We just could never get organized after they got the jump on us in the first quarter."

Leah Collon led the Lady Patriots with 14 points and seven rebounds, and Linda Davila followed with 10. Melanie Spannagel grabbed six rebounds.

THEIR FORTUNES NEARLY turned on Thursday when they traveled to Deckerville, but the Eagles hung on to win 58-57.

The Patriots got off to a great start, outscoring the Eagles 17-9 in the first stanza and leading 34-27 at halftime.

But Deckerville kept chipping away at the Patriots' lead throughout the second half, and with four seconds left in the game, USA led 57-56. That's when Deckerville stepped to the free throw line and sunk two charity shots to get the win.

Jamie Collon led with 16 points, while Leah Collon and Davila each had 14, with Davila also getting nine rebounds.

Sophomore Toni Mitchell had her best-ever game, scoring a season-high nine points. Mitchell also worked hard to defend the Eagles' 6' Lori Roberts, who had only 10 points in the game.

"This was the first time all week that the whole team clicked together and worked," Kramersaid. "It was great to see them band together, especially on the road."

The Patriot will host division rivals Harbor Beach and Ubyl this week, as they get ready for district play at Bad Axe beginning Nov. 14.

Woodlot seminar this Saturday

The Tuscola Soil Conservation District will host a woodlot management seminar 9 a.m. to noon Saturday, Nov. 5, at the Jim Butcher Farm, 411 Elmwood Road, Caro, one-half mile east of Colling.

Hilton Muntz, a private forestry specialist with the Michigan Department of Natural Resources will address timber stand management, wildlife management, timber sales and the stewardship incentive program.

For more information, call TSCD at 673-8174.

THUMB SPORTS WEEKLY ROUND-UP

LAKER CROSS COUNTRY TEAM MAKES HISTORY

For the first time in the school's history, a Laker cross-country team has qualified for the state finals. Individual runners have competed before, but as far as anyone can tell, this weekend's run will mark the first time the whole team has gone, according to Coach Dave Harmon.

The team earned that honor by finishing third overall in regional competition at Harbor Beach last Saturday. Leonard Young was the top finisher for Lakers, coming in sixth overall in 17:01. Jason Young was 13th in 17:16 and Shawn Diebel was 28th in 17:59. Ben Sturm was right behind in 29th in 18:00, and Bryce Haley was 45th in 18:38. Nathan Gulash was 52nd in 18:49 and Brian Koehler was 57th in 18:58. Travis Funk will also travel to state as part of the team.

Sarah Krebs qualified to compete at state on the basis of her run at regionals, finishing in a time of 21:11.

State competition is at Lowell this Saturday, Nov. 5.

CASEVILLE SOCCER TEAM FALLS IN DISTRICTS

The Caseville Eagles soccer team closed out their season with a loss in district play to Saginaw Valley Lutheran 3-1 last week.

Ian Starr scored the Eagles' lone goal, with an assist from Mike Tilkins. That goal came in the first five minutes of the game. But Valley Lutheran came back with less than two minutes left in the first half to tie the game.

The Chargers scored twice more in the second half to advance them in district competition.

Eagles Coach Mike Remar gave special credit to goalie Jason Maust, who had 24 saves for the day.

"He just had a great day," Remar said. "And Nick Bednerek and Aaron Britt were key hustlers in the game, too."

Caseville finished its season with a 4-9-1 record.

USA'S ACHENBACH SET TO DEFEND TITLE

Christie Achenbach has dominated local cross-country events this season, and on Saturday, she'll be trying to win her second straight Class C cross-country title.

Achenbach finished first in regional action Saturday, winning in a time of 18:42, her best time of the year.

Teammate Stacy Turschak finished 51st in 23:57.

Jesse Karl will also be competing at state, after finishing 19th in the boys' meet in 17:35. Jim Androl finished in 79th place in 20:05.

State competition is in Lowell, beginning at 11:30 a.m.

sponsored team, ended its season with a loss to Freeland in district play, 7-1.

Scott Dorland scored the Lakers' only goal in the second half on a 25-yard direct kick. Goalie Brian Kingsbury had 15 saves for the day, and Mark Bouverette and Pete Beachy both played well, said Coach Mark Weidman.

The team finished its season with a 3-12-1 record.

CASEVILLE BASKETBALL TEAM FALLS TO O-G

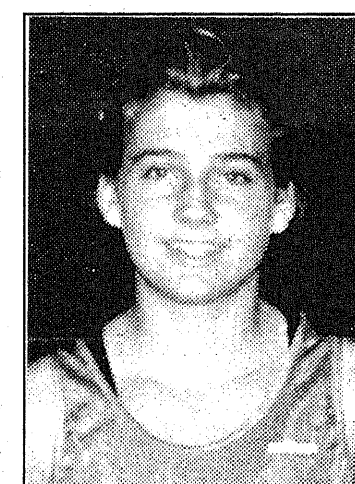

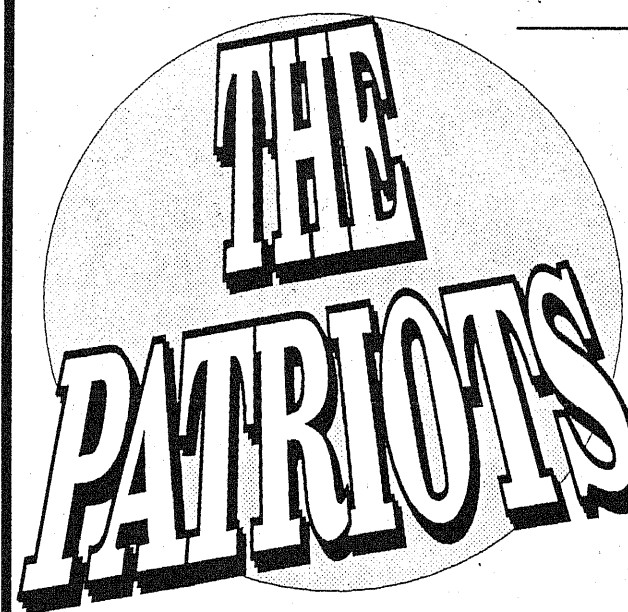

The Caseville Lady Eagles fell to Owen-Gage Tuesday night 58-36. The Eagles led 18-6 in the first quarter, but the Lady Bulldogs came back to take the win.

Amy Stahl led the Eagles with 14 points.

Angie Wildman led the Bulldogs with 25 points, while Melody Abfalter and Kate Powers each had nine.

Despite F-muth loss, Lakers headed to tourneys!

By AMY HEIDEN

It's always hard to lose the final game of the season, especially when the playoffs loom in the near future.

Those points can make the difference between having home field advantage or traveling lots of miles to play, or simply the difference between playing in the post-season or staying home.

That's what Friday's game with Frankenmuth boiled down to for the Laker football team, who needed the win to get home field advantage in the playoffs.

Instead, the Lakers dropped to fourth place in their region due to the 35-24 loss handed to them by the Eagles.

"We thought we could have played a little better than we did," Coach Bill McLellan said. "But we knew we were going to have some trouble defensively against them."

"We wanted to be able to control the ball and drive the ball, which we did a few times and keep the clock running." The Lakers did just that in the first quarter on their first possession, keeping the ball until 3:10 was left on the clock.

That's when Don Osentoski punched in from five yards out for the Lakers' first TD of the night. Eric Gardy added the two-point conversion for the 8-0 lead.

The Lakers took that lead into halftime, but once play resumed, the Eagles began to gain momentum. The Eagles drove 88 yards down the field, with quarterback Joe Jacobs running 10 yards for Frankenmuth's first score, with 9:38 on the clock. The Pat failed, and the Lakers still led 8-6.

Starting at the 30-yard line, the Lakers drove the field, and helped along by an Eagles penalty that moved the ball to the eight yard line, Matt Esch capped off the drive

with a three-yard TD run. Osentoski added the two-point PAT to get a seemingly comfortable 16-6 lead.

But the Eagles' Jacobs grabbed his own fumble on their next possession and made it to the 18-yard line.

Mark Zeilinger grabbed Jacobs' pass at the one-yard line to set up the Eagles' next score. Brock Sprowl ran the ball in from a yard out and Adam Kern added the point after kick to make the score 16-13.

The final quarter belonged to Frankenmuth, with Scott Nemec going up the middle with 10:44 on the clock to give the Eagles the lead 19-16. Kern added the extra point on a successful kick.

The Lakers would have great field position on their next possession, but Eagle Chris Graham picked off a Laker pass at the 40-yard line.

Just over a minute later, Sprowl added his second score of the night for the 10-point lead, and Kern split the uprights again for the 27-16 lead.

After forcing the Lakers to punt, the Eagles took little time in scoring again, this one on a Nemec 45-yard run. Kern added points again, this time two-points on a PAT pass from Jacobs to make the score 35-16.

The Lakers had one last hurrah, with Heath Krohn grabbed a 10-yard pass for the final TD of the night. Brian Gola added the two-point conversion.

Matt Keefe led the Lakers in rushing, with 130 yards in 24 carries. Osentoski had 34 yards in 16 carries.

Nemec led the Eagles with 159 yards in 16 carries. "We had a chance just before the half and we didn't score and that one hurt," McLellan said. "Things were going well and all of a sudden, bang, they scored a couple real quick."

The Lakers end the regular season with a 7-2 record, 4-1 in the league, and a co-championship in the Thumb C Conference National Division.

Now the Lakers go onto regional play, and they'll meet undefeated Orchard Lake St. Mary's, which some call the number one team in the state regardless of class. Kickoff is set for 1:30 p.m. in Orchard Lake.

JUNIOR VARSITY: The Laker JV finished their season with a wild 40-40 tie with the Frankenmuth Eagles. The Lakers led throughout the game but couldn't get the necessary defense to seal the win.

The offensive standouts were Matt Voss with 216 yards and a TD, Joel Tate with 92 yards and three TDs, and Ben Watkins with two TDs.

The team ended their season with a 7-1-1 record.

Lady Lakers win, lose in week

The Laker girls played an away contest against league opponent Reese on Tuesday evening and came home with a 78-39 win.

Keys to victory were a fast break offense, a smothering defense and no team members being in foul trouble.

The Lakers got off to fast start, leading 25-6 at the end of the first quarter. The second quarter was much of the same, with the Lakers taking a 42-18 lead into the locker room at halftime.

The third and fourth quarters saw all members of the Laker squad getting into the action and the Lakers cruised to the win.

Betsy Drury led the scoring with a season-high 27 points and seven rebounds. Carolyn Bollenbacher had 14 points, including two triples, Angie Weidman had 10 points and eight rebounds, Kristen Damm had eight and Jenny Smith had seven.

Thursday's contest with Marlette broke the Lakers' 11-game winning streak, as the Lakers lost a hard-fought game 54-46.

It was a case of everything going right for Marlette and many things go wrong for the Lakers.

The game started out slow for both teams, with Marlette taking an 11-6 first quarter lead. The second quarter was more of the same, with the Green and White team getting into foul trouble. At halftime, the Lakers trailed 26-18.

The second half was much more up tempo, with the Lakers not being able to cut the margin and trailing 37-28 at the end of the third.

The last stanza saw the Lakers making runs to cut the Marlette lead, only to be called for fouls which put Marlette at the free throw line for 13 of their 17 fourth quarter points.

Bollenbacher led the scoring with 14 points, followed by Smith with eight and Drury with seven.

As a team, the Lakers shot five for 10 from the free throw line, while Marlette shot 15 of 25.

The loss leaves the Lakers with an overall 13-4 record and a one game lead in the Thumb C Conference National Division.

This week, the Lakers will host Bay City All Saints at

home on Thursday evening. A win will guarantee at least a tie for the division championship.

JUNIOR VARSITY: The JV team won a close game against Reese 42-41, when a Reese player failed to make both of her free throw shots at the final buzzer.

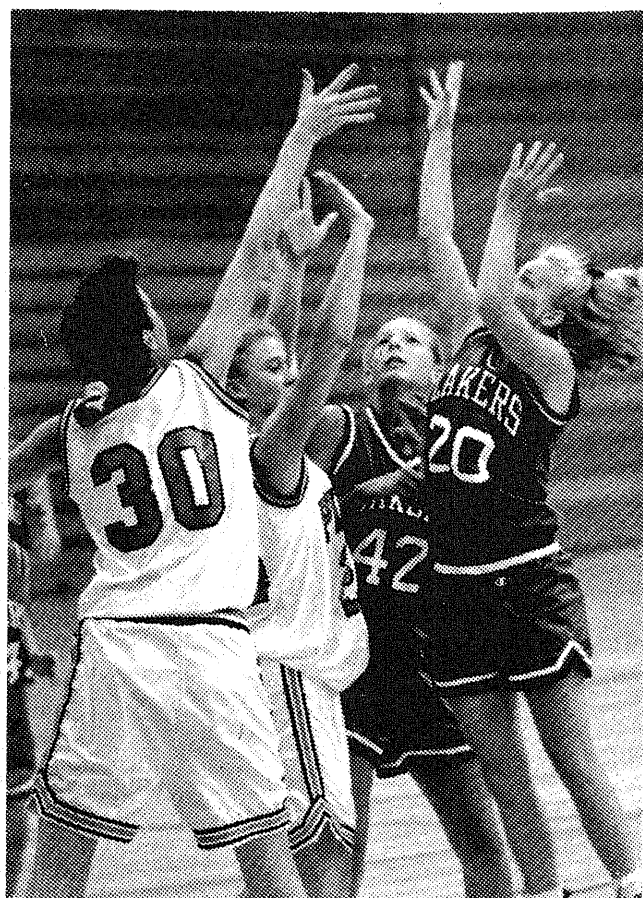

Marie Hurren scored a season-high 20 points in the game, followed by Kim Elenbaum with nine and Marcie Rathje with seven.

FRESHMEN: The freshman

team won a close game with Reese 30-25.

After leading 16-10 at halftime, the Lakers kept that lead throughout the second half. Leading the scoring was Rebecca Kolar with 10 points and five rebounds, followed by Richelle Miller with six points.

On Thursday, the team came away with a victory over Marlette 34-15. Kolar and Angie Roestel each scored nine points, followed by Kami Shaw with six.

ONE OF THE Laker FFA's latest projects was working on the baseball field.

The FFA members started with cleaning up the baselines, they placing diamond dust around the baseline.
 Next, they built a warning track along the homerun fence and put diamond dust on the track. The baseball cage was also a part of the project. The students also finished off the permanent batting cages, and built the perimeter and added more diamond dust to the inside.
 HERE, Laker FFA members Matt Keefer and Steve Corrian look over the project.

THE LAKER FFA is doing well with its chickens after the first week.

The chickens have been weighed, with an average weight of seven ounces, with the fifty birds consuming 35 lbs. of feed.
 The chickens are healthy and gets lots of attention. The FFA members take care of the birds, feed and water them and watch for sick or injured birds.
 Pictured holding a few of the FFA birds are Tina Elenbaum, Angie Roestel, Mindy Krohn and Brian Collison.

Dance, Cookie Walk add to Caseville's Holly Berry weekend

The community of Caseville is rolling out its red carpet for visitors this weekend, as it welcomes a number of holiday events tied in with the successful Holly Berry Fair, set for this Saturday, Nov. 5 at 9 a.m. at the Caseville School.

This 26th annual event will feature over 100 exhibitors - its largest ever - and is sponsored by the Caseville Library Club.

Drawings, raffles and food items for sale are expected to draw a huge crowd.

Following Saturday's craft festivities, the Caseville Community Arts Council invites the public to dance to the Big Band Sounds of Bill Denbrock's Big Band, playing from 7 to 11 p.m. at Hersel's on the Bay.

People may come for the dancing, or may enjoy dinner and dancing. Tickets are available at the door, by call-

ing Hersel's at 856-2500 or Irene Castilla at 856-2171.

The Caseville Chamber of Commerce is hoping that "A Taste of Christmas," Caseville's first annual Christmas Walk, will give people another reason to return to Caseville on Sunday, from 1 to 4 p.m.

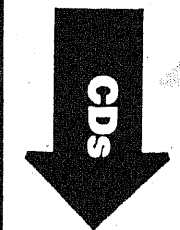

A total of 14 Caseville Chamber businesses will each be cooking up a favorite cookie

or candy recipe to share with visitors that day, so people can walk from business to business, enjoying a holiday treat.

The Caseville Community Arts Council invites visitors to gather at the Caseville United Methodist Church at 4 p.m. for a warm beverage, and a packet of recipes to take home, from all the treats they have eaten.

"We're just trying to give people another reason to visit Caseville," says Caseville Chamber President Linda Hogan.

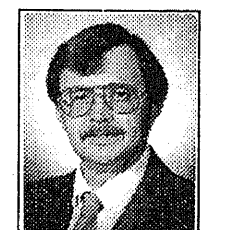

"Hopefully, the Chamber can enhance the festivities already begun by the Caseville Library Club's successful Holly Berry Fair."

GETTEL AUTO MALL is looking for a detail person for car wash-ups,

Meet Huron's Probate Judge candidates, prior to Nov. 8 election

The Newsweekly asked both candidates for Huron County Probate Judge their views on four important questions, and here are their responses:

1. Because the Probate Court Judge currently handles juvenile offenders and other cases involving children, what special qualities must a person have to effectively deal with those cases? What special responsibilities come with the position?
2. If elected, what could you do to make the Probate Office even more responsive to the needs of the children and families who come before it?
3. Why should you be elected Probate Judge for Huron County? What qualifies you for the job?
4. What is the greatest challenge a Probate Judge faces, and how would you face that challenge?

DAVID L. CLABUESCH (incumbent, non-partisan)

1. To sit as Probate Judge, a person must have extensive legal experience in all aspects of the law. The Judge must be part Constitutional advocate, part child psychologist and part firm disciplinarian.

The Judge must balance the compassion for the desire of families to stay together with the firmness required to protect the community. The Probate Judge must also have an extensive business and management background in that he is responsible for preparing budgets and administering staff.

The Judge must place the needs of children and the community above political and financial pressures, and must demand accountability of those who are charged with the responsibility of caring for our children, specifically the Department of Social Services.

2. It is my intention to work with others to develop a comprehensive locally-based service delivery system. In the past six years, I have attempted to work cooperatively to see that such a system is developed.

Under State law, our local Department of Social Services is required to develop this service system. To date, our local Department has only been able to provide \$14,000 a year for the program, while Sanilac County receives \$220,000 and Tuscola County \$298,000 per year. This is absolutely unacceptable!

It is my intention in the next term to see grants from State and Federal sources as well as private foundations such as the Kellogg Foundation to develop a local based system of foster care, detention, probationary services, Mental Health assistance, and parenting and life skills classes which address the needs of troubled families in our community.

In addition, I have been appointed as your Probate Judge to serve on the Department of Education's Commission on vandalism and violence in the schools, the State Bar Task Force on Children, and the special committee on funding for the Courts; all of which are now targeted to change the state law so that it treats children at risk more fairly by placing the needs of children first, not requiring the County to return children to unfit homes.

3. I believe I have the experience necessary to do the job. I have a 22-year professional career, five years as Trust and Estate Officer, 10 years in private practice, and seven years as

Huron County Probate Judge. I have done the best job that I possibly can with this task. I have been appointed by the President of the Judges Association to serve as Chairman of the Juvenile Law and Adoption Committee for each of the past five years. My Court operates as one of the most efficient and effective probate courts in the state of Michigan, as verified by the Michigan State Court Administrator's Office. I have been elected to the Executive Board of the Probate Judges Association and scheduled to be its 100th President in 1997. I have been appealed on 12 separate cases in the past six years and been affirmed by the higher court each time; that is 12-0!

I have demonstrated the ability to be both tough and compassionate, as the case demands. I have demonstrated my ability to be innovative by the creation of the Quiet Room, use of letters, and even jailing irresponsible parents.

4. The greatest challenges faced by the Probate Judge are administrative challenges. While this Court provided one of the highest levels of service in the state, in spite of case loads that have increased by as much as 100 percent in some areas, the Board of Commissioners has failed to increase staff when requested.

The Probate Judge is also responsible for removing children from their homes; however, where they are placed is left to the Department of Social Services. Once they make the placement, they merely send the bill to the county and it is charged through as part of the County's child care fund.

Under current law, whether a child is in a \$14 per day foster care placement or a \$140 per day residential placement is left up to the Department—not the court. Last year, that expenditure for Huron County's children approached one million dollars.

Had the Department of Social Services provided locally-based foster care, the entire cost would have been less than \$300,000. When the Board of Commissioners has asked to address these costs, I have attended with my staff; however, the Department routinely sends only a third level administrator who is not empowered to effect policy. Since these members of the Department of Social Services are employees of the State and protected by civil service laws, there is very little that can be done to force them to do the right thing for the children and the taxpayers of Huron County.

I am facing this challenge and formulating the County's own task force to create a juvenile services delivery system. I have included the Department of Social Services as an invitee, should they elect to participate. I am also in direct contact with the State Director of the Department of Social Services and informed him of the uncooperative attitudes of the local administrative staff and requested substantial change. I am also active on a state level task force to change Michigan law with respect to the child care fund.

With respect to staffing difficulties, I have informed the Commissioners of our need for additional staffing and intend to insist that they either staff the Court adequately or accept responsibility for the inevitable decline in services. Getting these tasks accomplished will take leadership, dedication, integrity and experience. I believe I possess all of those qualities.

LESLIE A. HAGEN (challenger, non-partisan)

1. The Probate Court needs to function as a leader, role model, problem solver and educator. Within our three court system, the Probate Judge frequently has the first opportunity to reach a juvenile and turn his life around before he commits additional crimes as an adult, thereby subjecting himself to possible prison time and subjecting the people of the community to crime.

The Probate Judge must be able to identify the particular problems of juvenile offenders and those of his family. The Probate Court has the unique ability to treat and/or punish not only the juvenile, but also his family in an effort to resolve the issues that lead the juvenile to crime. Successful intervention and leadership by the Probate Court means fewer criminals in the Circuit and District Court, not only saving the taxpayer's money, but also providing a safer community environment for all.

The Probate Court must be a leader in mobilizing and unifying our area schools and social service providers. These agencies, spearheaded by the Probate Court, must work collaboratively in providing comprehensive, locally-based and less expensive services to needy children in our county. Again, this is with the goal of prevention and rehabilitation of our youth, leading to more productive citizens as adults and fewer adult criminals.

The Probate Court must be a role model for families that have no structure, discipline or values. This is accomplished by working a full week, adhering to scheduled hearing times, being prepared for hearings and following through with prior court orders. Citizens appearing in court must also be treated with respect. The court must set a good example for the dysfunctional families it works with.

Finally, the Probate Court must be an educator, working in the community on crime prevention, drug and alcohol awareness and other issues. Many problems can be prevented with proper education. The court must be available to schools and civic organizations to teach our citizens about the dangers of drugs, alcohol and domestic violence, and how to handle these issues in the family environment. Again, successful education and prevention means fewer adult criminals, fewer victims and savings to the taxpayers of the community.

2. As Huron County Probate Judge, my first task would be to make the court more responsive and more responsible to the citizens of Huron County. Valuable taxpayer dollars would be maximized by changing the current functioning of the court. Hearings would begin on time to keep costs down and to limit the inconvenience to victims, litigants and attorneys sitting in the hall, waiting for hearings and trials to begin. All persons having contact with the court would be treated with respect.

I will evaluate and reassign duties to court personnel to make the office run more efficiently. Critical services will be better provided, family needs will be addressed more quickly, and victims and children will be treated as people, rather than just another case number.

The court must have a better working relationship with our schools and social service providers. With the ever increasing costs of child protection services—over \$400,000.00 this year alone—and less money available in the county budget, it is very important that the court be committed to inter-agency collaboration in order to keep costs down and still provide a comprehensive continuum of integrated, flexible services.

In addition, I would institute a "rocket docket" so that court justice may be delivered promptly instead of months later. Swift court action will help to prevent youths from being repeat offenders, reinforce action taken by the schools and get the juvenile's education back on track. But most importantly, victims of crime will get quicker legal relief.

3. As Huron County Prosecuting Attorney, I have made fighting for our families and protecting our children my top priority because, as a person and as a woman, I believe the safety of all our children is critical for our future.

Over the past several years, I have conducted domestic violence training seminars for local law enforcement agencies, worked on changing domestic violence legislation and since my 1992 appointment to the Michigan Domestic Violence Prevention and Treatment Board by Governor Engler, encouraged statewide policy changes to protect the innocent victims of domestic crime, especially the children. In addition, I have spoken to literally thousands of school children and dozens of local civic and religious organizations to educate them about drug and alcohol awareness, domestic violence, assault, juvenile delinquency and other issues affecting our families.

But perhaps the accomplishment that makes me most proud has been my involvement with the highly successful multi-county grand jury, one of only three such grand juries in the state. Not only were numerous drug traffickers, the same drug traffickers who sell drugs to our children, convicted and taken off the street as the result of the grand jury's activities, but we also solved the brutal murder of an 88 year old Kinde woman. We caught her 20 year old killers, convicted them of second degree murder, and now they are serving lengthy prison terms.

Holding criminals accountable, emphasizing victims' rights and protecting our children are crucial for a safe and happy future for all of us.

4. The Probate Court is instrumental in breaking the cycle of abuse and dysfunction found in so many unstable home environments. My commitment to the safety of children and the sanctity of the family in sincere. As Huron County Prosecuting Attorney, I have charged many parents with abuse or neglect of their children. I have convicted many delinquent youths. Throughout it all, I have recognized and respected the rights of the victims and was sensitive to their feelings.

At this time, a great challenge facing the Probate Court is finding a way to provide the required services to an expanded caseload on a reduced budget. Consequently, the Probate Court needs strong leadership with a judge committed to traditional values and to ensuring that the court works as it was intended. When a child has been assaulted or abused, or juvenile has become delinquent, it is imperative that a collaborative effort exists between the schools, the social service providers and the courts to protect the victims and provide them with the necessary services available. A community based inter-agency collaboration will keep county costs down and still provide a comprehensive continuation of integrated, flexible services.

For me, the greatest reward of all is to revisit a little who had once been abused, and now see her as a grown woman, happy and well-adjusted instead of victimized, abused and emotionally traumatized. The potential for this type of success story is what motivates me and many others in the human services field. I believe I have the experience, dedication and personal integrity needed to be a leader in making this story the rule, instead of the exception to it.

Achievements

Scott Richmond, rookie officer with the Saginaw Police Department, helped save residents from a burning apartment building recently, and was the subject of an article written in The Saginaw News.

After the blaze broke out about 3 a.m., some occupants of the four-unit building, 1323 Lapeer, escaped to the roof and were ready to jump, a fire dispatcher reported.

Officers Tammy Luty and Scott Richmond calmed them down until firefighters rescued them with a ladder. A resident of the building, Donna Jones, went back inside, fearing others were still there, and Richmond, an officer-in-training under Luty, ran into the building and helped Jones crawl out. Damage to the building was estimated at \$12,000.

Richmond, son of Bruce and Mary Richmond of Bay Port, was hired by the department in May.

St. Paul Lutheran School of Unionville and **Immanuel Lutheran School** of Sebawaing have each been awarded a \$500 grant for this school year by Aid Association for Lutherans.

Funds may be used for consultants, speakers and resource materials, and activities may concentrate on teaching strategies, classroom organization and management, officials say.

The AAL Lutheran Elementary School Grant Program is designed to provide in-service training for Lutheran elementary school faculty.

AAL is a fraternal benefit society, which awards educational grants totaling more than \$3.1 million annually to Lutheran colleges, seminaries,

ies, high schools and elementary schools across the country.

A 1987 graduate of Laker High School, Frazho joined the Navy in September, 1993.
