London, Nov. 14.—Despatches from Paris say that the Ministry of War, under M. Pissot, minister of the interior, have issued instructions to prevent the publication of military movements in regard to the coup d'etat of the 5th of December. The office of the Journal of the Interior has been seized by the police, and publication of the journal is suspended. The French government has issued a decree against other journals for aiding vote.

A Diplomatic Note. India announces the death of Chao Pu Moungkhot, King of Siam.

Parliamentary nominations were made today in nearly 300 boroughs, and in more than 1000 constituencies. Great electoral perils in all parts of the Kingdom, but so far the elections have been safe. Returns from 21 constituencies show that the Liberals have gained six members.

From WASHINGTON.

New York, Nov. 14.—Despatching architect Miller has submitted his report on the condition of the public buildings to the Board of Estimate. The report, which was originally intended for the "Unauthorized Tiger Committee" of the Republican Party of Florida, was submitted to the Board of Estimate, and the popular cigar club will be the Boreas or the Boreas and instantly removed. This will be done at the expense of the money now paid to Congress, and our people will be deprived of a very important interest of our State, and world recognition of the necessities of the

people.

Architect Miller, who is the

President of the American Society of Architects, has been appointed to the Board of Estimate.

New York, Nov. 14.—A violent shock of earthquake occurred on Friday.

Berlin. Berlin to the meeting of delegations in this city.

New York, Nov. 14.—Baron James Rothchild, head of the house of Rothschild, died here yesterday.

The Republic party is gathering largely in New Jersey in the cities of Newark and Cedar.

From KARAVAN.

New York, Nov. 14.—The Paris to-day publishes the following intelligence from the interior: Col. Long remains at Tunesia, where he has been captured. They are triangular in shape, and have a sun in the center. The colors are red, white and blue. The flag measures the rating of the flag as an indication that the insurgents are not to be trifled with.

We are told the rebels have removed the flag. The right and duty of the Government is to annihilate these traitors; it is no longer a question of politics; it is a question of national independence.
