WHOLE NO. 451.

The Agricultural Ruilding

stands north of the horticultural Build-

ing, being separated from it by a romantic ravine, and has a commanding

view of the Schuykill river and the northwestern suburbs of Philadelphia beyond. This building illustrates a

novel combination of materials, main

nave crossed by three transetts, each being composed of trus-arches of Gothic forms. The nave is 820 feet long by 125 feet in width, with a height of 75

feet from the floor to the point of the arch. The central transept is 100 feet wide and 75 feet high, and the two end transepts 80 feet wide and 70 feet high. Its interior appearance resembles that of a great cathedral, and in looking from transept to transent the

rious Departments.

and by the Pennsylvania and Reading

will also run from the North Pennsyl and Baltimore railroads. Thus th Exhibition is in immediate connection with the entire railroad system of the country, and any one within ninety miles

of Philadelphia can visit it at no greate

cost than that of carriage hire at the Paris or Vienna exhibition.

An important special exhibition will

be made by the United States govern-

ment, and has been prepared under the supervision of a board of officers repre-

enting the several executive depart ments of the government. A fine build-ing of four and a half acres is provided for the purpose, space in which will be occupied by the war, treasury, navy, interior, post-office, and agricultural departments and Smithsonian Institution. The Women's Centennial executive

committee have raised \$30,000 for the

hibit every kind of women's work. To
