hat there is but the smallest desire northwest winds prevailing over the she has no idea of withdra that the disposition of everybody in this lazy, jotos-cating land to act on this is at velocities of so miles per hour have been in the interior; you have fixed the day for starting—after having found that it minutes. During the tornadoes, wind rious in tornadoes. From the destrucletsa" ("on the third day all fails"): nor on a Friday, for that is their Sab-

bath-you have been promised guides You go to the man with whom you have motive, a stove, cattle and the like, she appeared as the Margravine of wind pressures of from 52 to 112 pounds. Belivith, in a rose pink velvet and satin arrangements; he is probably do to say in answer to your complaint per square foot may be calculated. Yet if The path of the tornado is usually -Robert Bonner, of the New York or before the week has run out, you will be visible over a space many miles long, man of sixty, and would readily pass for have been treated fairly well. They but only a few hundred yards wide, a dozen years younger. He is temperate, have been treated fairly well. They mean no neglect or disrespect: it is only a few hundred yards wide. And the greatest violence of the storm their 'old-world' way. Hence their proverb: "Once over the threshold the journey's half done." For traveling there are of couse neither carriages ten the winds blow from different and perhaps opposite directions, so that trees are found twisted off, and buildings are considered are only perhaps opposite directions, so that trees are found twisted off, and buildings are generally lifted up and turned around mediately before being blown to be two—the one is a vellow antedilution of a boy who "was carried into the are some now or other, and which figured some now or other, and which indeed are but little changed to me hundred yards wide. And the greatest violence of the storm is felt in an even more restricted space. It may be only a free the winds blow from different and perhaps opposite directions, so that trees are found twisted off, and buildings are on severally lifted up and turned around him not long ago for assistance to some these storms near Fort Ridgely, speaks of a boy who "was carried into the air and cast to the ground lifeless. When some time ago in a state procession, to the storm are of from ten to office on \$20 a week.

The late Joseph E. Sheffield, of New Haven has for the winds blow from the winds blow from the winds blow from different and perhaps opposite directions, so that trees are found twisted off, and buildings are on several value. The late Joseph E. Sheffield, of him not long ago for assistance to some the was carried space.

The lat some time ago in a state procession, to disconsist the only affect of gress ne nad several years furnished bread to a large the astonishment and delight of the on was his shirt collar. Ducks, prairie number of worthy poor people upon spectators; the other is a wheel-parrow chickens and all kinds of birds were regular system of checks established by which a gentleman recently took to found skinned as for a pot-pie. The Mr. Sheffield.

Moor to whom it was consigned so little surmised the use that when he had filled it with mortar according to instructions he promptly shouldered it and strode off. Traveling on mule-back however, in the large, well-padded saddles of the country, with strrups like slippers, is no great hardship to either man or woman, and the way is constantly beguiled by some fresh illustration of Moorish life and manners; a company of noisy country-folk going to or coming from market: a troop of horsemen dasing pack, with flowing white jelabs: the gnostly-looking, silent cavalcade of an Arab shelk of the plains, and his harem, trab sheik of the plains, and his harem, swathed from view-all but, perhaps. one lustrous eye; the astonished rust irl, who hides her face; or the along behind his aboriginal plow.

goat and a donkey may often be seen yoked together, and a woman has been seen in the place of a goat; but whatever the team, the plowing is always the same—a mere scoring of the soil, and yet; it brings forth in abundance.—Pail Mail Gazette.

The Tornadees of 1881.

The present year has been remarkable for those destructive storms called cyclones or tornadoes. They have occurred with unusual frequency in our country—and in England also, or many country—and in England also, is a seen in this business to colon, both among the children and their parents, when brought under their inguines to on, both among the children and their parents, when brought under their inguines at home. The girls seem inclined to adopt the names of teachers or lady friends to whom they may be attached; but the boys transform their Indian names, sometimes in the most astonishing way. Bear Heart—has melted, and now writes his name Mr. J. B. Heart—The clear, pure lumps of gum are sold in father of one of the returned students, when they may be attached; but the boys transform their Indian names, sometimes in the most astonishing way. Bear Heart—has melted, and now writes his name Mr. J. B. Heart—The clear, pure lumps of gum are sold in father of one of the returned students, when the parents, when brought under their indian to adopt the names of teachers or lady friends to whom they may be attached; but the boys transform their Indian names, sometimes in the most astonishing way. Bear Heart—has melted, and now writes his name Mr. J. B. Heart—The clear, pure lumps of gum are sold in father of one of the returned students, when the parents, when brought under their indian to adopt the hames of teachers or lady friends to whom they may be attached; but the boys transform their Indian names, sometimes in their Indian names, sometimes in the parents, when brought under their indian to adopt the hames of teachers or lady friends to whom they may be attached; but the boys transform their Indian names, sometimes in fluence at home. The girls seem in own country; and in England also, ly merchantable is refined by a peculiar in "store-clothes" and has put up a where they are rarriy experienced, as process Staye-like hoves are covered sign. D. K. How. Koman Nose has many as four seriously destructive with spruce boughs, on which is placed been induced to adopt the initials of a whirlwinds visited different parts of the the gum. Steam is introduced undergenerous white friend, and writes himmath. The gum is melted, is strained self-now J. Cuthbert R. Ofrice: Over Wm. Baxter's Store.

He turned the conversation into other when your foot goes to sleep.

announced that he was to stop in the to know where you have stowed that ported of a novel irregular marriage town on business for a few days. I had money?

Indicate the it will save me some trouble. I want town on business for a few days. I had money?

Now I began to realize my situation by two young lish people who had applied to Sheriff Lees to have their union duly registered. The name of the briskness of the New York market in an and drove. George Raleigh are you going to briskness of the New York market is naturally centering here all the instrumental trouble was on the two express easts. My friend was on the two expresses easts. My friend was on the two follows and freshness of the bridge east the manual position.

The two follows the only two of easters markets for two of our Presidents who never had an event day one of the geans in the world. Many people here with all end to flasgow wer diamonds who, if living in Europe, were diamonds who, if living in Europe, two of our Presidents who never had an opportunity to hold an official New Year's Day rounced in the only one of the ends of the output of that some honest, dignified face.

Well, did you find out?" he inway of equalizing the forting currency. Lordship on Monday propounced a dein his pleasant way.

"It's for the 18th, as I expected," I one left out."
