I think I can safely say that How-

dition at Benton Harbor.

Most fruits are reported in good con

city. The loss is estimated at half a million dollars, the insurance being comparatively light. Fortunately, no lives were morning,

The Jersey stock craze has struck this jority will not. Last year a Chicago town. One of our thrifty farmers, George W. Greene, recently bought a full blooded who was on here tried the thing and I must say he looked very well. Interest and excitement does not abate in the Crouch examination, the court room being each day crowded on the opening of the doors. Officers proved that Holcomb had bought a 38-calibre revolver in Lansing, although he has previously sworn never to have owned one, while the balls picked up from the floor of the Crouch homestead correspond to the weapon sold him. Another witness comes on the stand whom Foy had asked to "fix the old man," and then was told by him after the tragedy, that he had better make himself scarce. Rumors are affoat of other arrests to be made soon.

The creen'ly bought a full blooded Jersey bull for which he paid a facty price. John M. Horning declared his intention of becoming a citizen in 1866 and has resided and voted in this townsince that date. Through carelessness or neglect he failed to obtain his second papers till one day last to obtain his second papers till one day last to week, when Judge Gridley made him a full-bedged citizen in due form.

While Joseph Cobb was hauling a load of hay over the railroad crossing on his farm has truesday, the tongue pulled out leaving the sleigh on the track. The afternoon train has the sleigh on the track. The afternoon train the help of the train men, and will adopt it before New York, and New Task in the fashions.

The great newspapers of the country seem not contented with their lot and are now laboring to have Congress pass a bill providing for a copyright upon newspapers, so that any daily or weekly paper shall have the sole-right to print and sell for the term of eight hours, dating from the collected news of said paper, or the collected news of said paper. The great newspapers of the country the obstruction quickly removed. its hour of going to press, the contents would do the most good, it its hour of going to press, the contents would do the most good, it its hour of going to press, the contents would do the most good, it its hour of going to press, the contents would do the most good, it its hour of going to press, the contents would do the most good, it is the next twenty-four hours, and we should be overrun with orders, but I don't believe that because a Chicago

of the copyright the injured party may sue in any court of competent jurisdiction and recover in an action of damages sus tained by him from the person making the infringement, together with cost of suit. If this ain't getting it down fine made considerable headway when the person and form—will catch on to feel the agreement of the control of the co suit. If this ain't getting it down fine, made considerable headway when discover on to it."

Then it would be safe for me to orwe don't know what is. We would not ed. At first no one thought the house could der long trousers?" queried the youth be surprised to hear of a proposal by some monopolist to patent a Dakota cyclone or the Ohio river flood, and if Congress don't sit down solid on the bill, we between 7 and 8 a. m. shall want the monopolists to copyright After a considerable amount of "fuss and it is now generally understood, to do the whole concern, and sell them then feathers" in the preparation, we had the away with the plain, everyday, com-

most quiet election Monday known in the history of our village. There was a caucus Friday evening, but a man who came in with his pals, ran the meeting as he and they pleased. It was a packed caucus. Saturday evening there was another caucus; at that time the kids came in, captured it, and ran it to suit themselves. The tempersand ran it to suit themselves are not worth the mensand ran it to suit themselves. The tempersand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mensand ran it to suit themselves are not worth the mondation results and on the said of the said on the said on the said on the Some months since the Courier noted the ance men had to retire to make a nominafact that considerable interest was being manifested in a proposed line of railroad discovered in the caucuses had a fourth meeting, and consoldiscovered in the state of the two which was elected.

And ran it to suit themselves. The temperThey are all spindle shanked tenows, whose calves are not worth the mentioning. How would their legs look in

Mrs. Rhoda Howard, who is now hiving six miles southwest of the town of Owingsville. Bath County, Ky., on State Creek, if the report be true is probably the oldest woman in the world. She was born in Wilkes County, N. C., in December, 1767, and is, therefore, 116 years old.—Chicago Journal.—The State Government pays \$200 enice for Anacha snalps in Arizona.

niec for Apache scalps in Arizona, and a sharp Yankee was arrested the other day for selling counterfeit scalps to hunters. The spurious articles were made in Massachusetts and were readily calculated to deceive. All was perfeet even to the blood stains .- Chicage -Lieutenant Wissmann, the African

raveler, who, like Stanley, walked arross the Dark Continent, has left Hamburg again on another three-vears' tour of exploration in the Congo region.

He has undertaken to furnish the Royal Museum in Berlin with all the natural specimens which he may collect during his travels.

-An anxious father in Fort Gaines, Ga, who was desirous of hearing the conversation between his daughter and her dudelot, posted himself in hearing distance, recently, and listened for two solid hours. The following are the only words he heard during that time: 'If lovie die, what'll dovie do "Dovie die, too."-Philadelphia Press.

-Chinamen in this country, and especially in the West, have been quick to see the increased value of their services caused by the enforcement of the restriction act. Soon after its passage the Chinese farm laborers in California demanded and received at least a third

—Mr. Paul Delanger, Inspector of Cars on the Intercolonial Railway of Canada, is the father of thirty-three children. He has been thrice married. His first wife was the mother of nine-toen children, his second had six, and the third has presented him-with eight. The last two are twins. Mr. Delanger is sixty years of age.—Montreal Witness.

—The observatory on the top of Ben Nevis, Scotland, is now in good working order, and M. Omand and staff are domiciled there. The last ascent was made with difficulty, as the snow was fourteen feet deep, and a passage had he age through. The party sank to be cut through. The party sank often to the shoulder. The journey occupied nine hours. The observatory will be cut off for months from the world.

-The first living skeleton was Claude Sewrat, born in France in 1799. He was tall, and would have been wellwas tall, and would nave been well-shaped had there been any flesh upon him, but every bone in his body could be seen. His arms were compared to an ivory flute, and his abdomen seemed to cling to the vertebras. He made a fortune by exhibiting himself and went to his well-standard and went to him. to his native place to enjoy it, but suddenly expired soon after his retirement.

The fellow who went on a wedding tour, got broke, and had to leave his wife behind is a solemn lesson. Nine

Stopped in its growth turn yellow, and then she took the next boat provided are sardines at a Francisco fill survives at all. Indications of the presence of this worm are a significant yellow of the lower instruction of the lower instruction of the corn and usually in the same dield in which it was developed, few, comparatively, thing the distant or all a cent fields. Of course the worms do not migrate, hence, every intelligent realer will readily see the way to prevent its rayages. The first year a field is planted in corn it will be entirely free from depre lations, but the few moths which wander in from fields and desoit their eggs lata in the season will produce enough to turnish a large supply of "seed" during second autumn, though usually not seriously damigning the second crops but the third successive crops upon an effect.

The preventive, therefore, is to plant corn not mure than two consecutive rears upon any field. Alternate for one year with earls or other crop, and exemption to corn the following year is secured—for this insect feads upon corn roots only, and will perish if none are within its reach.

South origin seems to have made a spence of the Lubee houses in the country. One of the Lubee houses in the control of the control of the country of the control of his danger, may perhaps be taken to show that diplomacy runs in the fam-Many curious blunders happen in our served ay life which, if written up notestly disolarms being himself in any sort an engineer, it is interesting to would be very anusing. For example, know that one of his sneestors followed a technical profession, and that, according to vestry records still preserved, the Cathedral at Edinburg was built by an architect named Lesseps.

Begged Food and Free Lunches.

"Where do these beggars dispose of the surplus food they collect?" asked

"They sell it to "aloons of the lower "they sell it to "satoons or ton town of it?

classfor free lunches. Am I sure of it?

Well. I am as sure as any man can be of a thing which he never actually saw. I have had the admission from beggars themselves, and in speaking in our selety the other night about this practically was interminted by a lady who said. I was interrupted by a lady who said she knew positively of one case in wirds it was done. In short, there can be no doubt at all that after collecting their

baskits full of estables, the beggars sell enough to enable them to buy whisky and tobacco, and then est the remained er. One day I had an old woman up in court with an enormous basket full of food which she had just collected from the traffich doors and I satisfact her when charitable doors, and I saked her what she was going to do with it all, and she stammered some reply about having a large family, but there was no possible doubt about her habit of selling her coldoubt about her habit or seining not con-lection. She was committed, and took the basket to prison with her. There was enough in it to make her independ-ent of prison fare for many a days. S. Hernig are for mone nor inde

GERMAN BOOKS.

Select German Stories:

(By George Storme, Lyceum I, Hanover.) For Schools and Self Instruction. Fifth American Edition Improved. Neat and substantial binding. Board Covers, 600. This book is becoming more popular every year, and is being introduced in public and private Schools and Colleges throughout the United States. During the past year it has been adopted by many of the Union Schools in Michigan, Ohio, Indiana, Illinois, Wiscousin, Iowa, Missouri, &c., and teachers say it meets a long-telt want, in many instances taking the place of the German Grammar for new beginners.

Prof. Heinrich Nielson, Battle Creek College, says: "Storine's Stories are received, and are nov use in my class. It succeeds, so far, better than any similar book I have used.

"This method of learning the German language has been for some time the popular one in Ge many. Instructors have come to learn that it is essential to study something else than mere gran natical rules and vocabularies, in order to learn a foreign language. This method speaks for itself well to send for a copy of this work." - Northern Instance School Journal, page 461.

From Prof. A. Lodeman, of the State Normal School, at Ypmianti: I have found Storme's School German Stories" one of the best reading books for beginners. The pupils find it easy and entertaining, and learn from it a large number of words and phrases. I shall continue to use it in my

ENTERPRISE PUBLISHING HOUSEE:-I have used Storm's Select German Stories in my class. It the best book I know of for beginners in German and I shall always use it for that purpose; because t combines the maniest, most natural and interesting way to acquire a facility in speaking, as well as a reading German. Yours very truly, G. A. SHAKTAU.

Grimm's Mærchen:

(Fairy Tales.) Second American College Edition, with slight alterations and notes, by Prof. G. A. Zimmerman, Sup. of German Instruction, Chicago Public Schoots. For the use of Schoots and for Self-Instruction. A practical method of learning the German language.
This book has met with high favor whetever introduced. The writings of the Brothers Grimm are world renowned and very popular.

Gimm's Merchen (fairy tales) are world-renowned, and need no further recommendation. Th

ries are not only highly interesting but instructive. - School inurnal. Grimm's "Mærchen" are universally considered an excellent Text Book for students of Ger many and your near College edition with notes, makes it doubly valuable for purpose of struction. A. Ludeman State Normal School. L have used Grimm's Merchen in my German classes with exemient success. Fer beginner these stories are a yery entertaining and instructive reader."—Idn A. Altorn. Prof. German, Alchison

"I have been using your College edition of Grimm's Morchen for some time, and like it well. I do not have it translated, but converse with my achidars, in German, concerning what they have read, asking questions, and explaining, it necessary. I find the book admirably suited to such work. My chiotais make excellent progress with it,"— Yours, &c., d. E. Smith, leacher of German in Isochester Seminary, Wisconsin.

Blumenlese:

A Companion to the Autograph Album. Containing a Very Choice Selection of Verses and Sentences, Long and Short, and appropriate to all Situations and all Stations of Life.

The Companion contains the above fine selection in both the German and English languages. It is printed entirely in English type, which makes it much more intelligible to the younger German population of this country and to the American student of the German language. It is also adapted to the customs of this country, and cannot fail to give satisfaction to all classes alike.

American as well as German students of the German language frequently wish to write German verses in their fellow-students albums. For those this elegant work is a necessity that has long been felt. Here they will always find their sentiments, friendly or sentimental, elegantly expressed in both languages. This publication is not intended for the German student alone, but is a treasure the none should be without, as the English verses by themselves are a collection that

cannot be surpassed. This beautiful little book is bound in an elegant paper cover. Size, 5x72 mches. Frice, 25 cents.

Contains very useful English and German Autograph Verses."-Abendlust, Cleveland. "I received the copy of Blumeplese von Stammbuchversen fuer das Autograph Album. It i

Deutsch-Amerikanischer Gratulant:

LIGHTMAN-AMERICAN LETTER MEITERS "The Deutsch-Amerikanischer Gratulant," contains a standard compilation of A friendly letters, to-wit: Congratulatory Letters, Poems and Lest wishes for Birthdays, New Year's days, Weddings and other occasions; letters of acknowintinuals, New Year's days, Weddings and other occasions; letters of acknowledgments, accounts of travels, petitions, letters of consolation, recommendation and remembrance, complaints, regrets and invitations, etc., etc., including a well-chosen selection of autograph various in the texture of the textur thosen 'selection of autograph verses in the German and English languages, follected and arranged by freelich. The title of the above work indicates, suffi ciently its purpose and contents. There is no lack of similar books, but they are if printed in Germany and calculated for German customs and relations; there tore their contents are unintelligible and worthless for the use of the America youth. As the English types are more easily read by the American youth that nc German types, and as a great many Americans understand only the English types, we have printed the above in roman letters. About 200 pages, size 5x75

neat paper cover. Price, 75 cents. "The Gratulant was received in due time. I like the book very much, and especially the pa out when a person has to write in about half a dozen autograph albums every day, your 'Stamr bach Verse' become oftentimes more value than all the other books together, because you have not to hunt for suitable expressions." - Prof. Heinrich Nielson, Hattle Creek College.

Kinder and Hausmærchen:

(Fairy Tales.) By Jacob and Withelm Grimm. Second American Edition in German. Litustrated with 8 woodcuts, after drawings from Paul Mey erheim, 204 pages; size, 52x7, on fine tinted paper, elegant cloth binding, black and gold, (emboseed.) Price, 85 Cents.
