THURSDAY, SEPTEMBER 24, 1885.

THE BLUE AND THE GRAY.

In the fall of '64, after a hard battle be the Schmood, among others who were taken prisoners by our boys, was a good looking, young North Carolinian, badly wounded. He was taken to the field hospital and received such kindly treatment, especially from the hands of our townsman W. H. Pottle who was then at division head quarters close by, that he has ever kindly remembered him. He was the only man ent of the whole lot of prisoners who refused to take the oath of allegience. When asked why be did not take the oath, said he would not sake the oath, said he would not sake the family, but would go back and fight manfully for the cause. Mr.

Pathe said, "you would not shoot me, would it is harder for a woman to hold her to make the form to the said." rou?" "Well no," he answered, "If I have it was you I guess I would aim high."

Finally, he was exchanged and as they parted he said "Henry, if this war is ever that in a game of cards a good deal depends on good playing, and good playing depends on a good deal; and that getting into a passion is a great that the said "Henry, if this war is ever that getting into a passion is a great that getting into a passion is a great that the said "Henry is you?" "Well no," he answered, "If I The bush comes out an right.

To bush and philanthropy.—The Christian Unton.

Statistics have shown that drunkards are more apt to take cholera than the temperate, the numarried more than the temperate, and those living in the city market or a recent one from Mr. Pottle.

"Yes, air," said Jenkins, "Smithers is a man who keeps his word; but then are the right of the country.—The Christian Unton.

Statistics have shown that drunkards are more apt to take cholera than the temperate, the numarried more than the temperate, and those living in the city market o

DEAR FRIEND; -Your letter of July 31st to hand, and to say that it was an agreeable carprise would only express the pure sentiment and friendship I feel for the writer. Yours I am glad to say, found me OK in health, and the possessor of a family of wife and three living children 14, 8 and 4

Since our last letter of several years ago, many changes have taken place, both indi-vidually and collectively. The country has egain egoesed hands in peace and good feeling and the sunny south is herself again, poly poorer by millions. The ranch-fever rages. It is now thought that to touch a ranch is to thought that to folder a ranen is to touch gold. This form of industry will soon be overdone. England once became excited over sheep. All the hills became covered with sheep. At last wool and mutton were of little value. The doom of the ranch-men is not near, but it is coming.—David Swing in The Current.

We have a new waste-basket—the largest in Dakota. It has two feet and six inches depth of hold, and measures twenty-seven inches from tip to tip. There are very few other waste-baskets in the territory that stand over six hands high or have over a No. 6 bore.

in his office—so convenient to have one shaw would never forgive him-ha! ha! ease, so envied, so proud and happy, as the man with the shabby umbrella, as he stalks along between rows of unprotected men and women with his despised umbrella dripping its liquid harvest indiscriminately on the just

The largest apple tree in the United States is growing at Cheshire, Conn.
It is 60 feet high, spreads 100 feet, and yields from 75 to 110 bushels of apples per year on alternate sides of the
