WHAT ONE WOMAN OBSERVES.

Many men have an eternal hunger for a new smile upon a new face.

It is much less painful to an honest nature to be underrated than over-rated.

Happiness is rarely the result of events; it is the outcome of a contented nature.

It is better to be lacking in small at-tentions to women than to make and break promises.

A woman can detect a false note every time, except, perhaps, when it is lavished upon herself.

The main joy of existence lies in being what you seem, whether or not the world realises your worth.

The majority of women who have passed the third decade generally believe in themselves and think they are as good as all manner of men.

No man wants much and milk for a steady diet; a dash of tobacco sauce may make him squirm, but the woman is hoped to comfort him.

THE NEWS OF MICHIGAN.

STATE NEWS IN BRIEF.

Terrible Explosion in Greenville. One of the most terrible accidents ever recorded in Greenville occurred Saturday morning when one or two boilers in the engine room of the Ransay refrigerator factory exploded, thereby wrecking the engine room and both boilers and engine.

Added to the horror of the disaster

the wreckage caught fire, and when the flames in a pile of slabs in a corner of the fire room were extinguished, the remains of the fireman, Ira Stanton, were discovered where he was thrown by the force of the explosion. The man's face and body were literally cooked by the hot water and steam.

Engineer Price was found a few

minutes later under a pile of brick, every bone in his body being broken, and half a brick driven into his skull.

John N. Nickerson, of Albion, book-keeper for the Gale Mfg. Co., committed suicide by taking morphine Friday.

Edward Hammond, a machinist in the third story, had an arm and three fingers broken by flying brick.

Matthew Bailey, an older, had his head cut and was severely injured internally.

Miss Edna Lewis, an employee in the office, was slightly cut by flying brick. The boilers were insured for \$25,000. It is alleged that the cause of the explosion was low water.

Stockwell Was Convicted.

Joseph W. Stockwell, of Flint, has

been found guilty of obtaining the signature of Jacob Raquet, the Saginaw brewer, to a note for \$3,000 by false pretenses. The jury was out four and a half hours.

Treasury Builher of Wayne county, has deposited with Auditor-General Powers \$401,258.42, the portion of Wayne county's state tax.

Stockwell was originally arrested on

May 1, 1901, for conspiracy in connection with the blackmailing of Raquet, through a woman named Rose Taylor, Ex-Under Sheriff Warner and C. H. Johnson, one of the oldest members of the Genesee county bar, were arrested

ed with Stockwell, as was also the Taylor woman.

Stockwell forfeited his bail bond of \$500, but was run down and arrested at New Orleans, La., on Oct. 16 last. The maximum penalty for the crime is 10 years, and it is believed he will get the limit.

The saw mill and car factory of

Elmer Jones, of Maple Rapids, was burned Jan. 16. Loss about \$5,000; no insurance. The mill will be rebuilt.

Mrs. Phoebe Grant Stevens Rabon, widow of the gold mine owner who drowned himself in the river at Saginaw last fall the second day after his marriage, is now in British Columbia. She has been administratrix of her husband's estate.

A congress of the Anti-Saloon League will convene in Lansing on Feb. 9, and will continue three days.

Among the prominent speakers who will take part in the program are F. A. Baker of Columbus, O., and C. F. Ritter of Indianapolis.

The Rev. C. E. Hasse, a saloon-keeper of John F. Ott & Co., at Solon, Jos. Secor, camp foreman, was stabbed in the left breast by Tony Shafian, one of the workmen.

There were no murders in Saginaw county last year. The total number of people prosecuted for various reasons was 354, and only 15 were acquitted.

C. A. Nauman of Jackson, was in town

Tuesday and Wednesday, on business.

Mr. E. H. Townsend, who have been visiting their son, John and family at Chicago for several weeks, have returned to Adrian, where the father will vacate every printing office in the city.—Adrian Times.

Senator Alger has offered the Student Christian Association of the University of Michigan \$1000 to pay for their use of the hall, as the result of the fair held last fall.

Before forming a battle morning the entire force of a Battle Creek printing office gather in a large room and hold a prayer meeting. A rule of thumb is that kind in Adrian would vacate every printing office in the city.—Adrian Times.

Senator Alger has offered the Student Christian Association of the University of Michigan \$1000 to pay for their use of the hall, as the result of the fair held last fall.

Until recently dogs in Adrian were seen to bark during the hottest weather of August, but during every day now can be seen to bark of being bitten by a mad dog, and it has been recommended that all dogs wear muzzles.

The three normal schools, ask the legislature this year for an appropriation of \$145,725, divided as follows: Ypsilanti, \$210,315; Mt. Pleasant, \$129,150; Marquette, with about 100 students, \$72,730. And the wires are all laid to establish two more normals in this state.

Prof. M. E. Cooley of Antwerp has invented an apparatus for pressing and drying peat and turning it into briquettes for use as fuel. When they get to work at the business, they claim that there will not be such a demand for hand coal as peat briquettes. It will not be sold at a fair price, but they will take the price of the coal.

The long distance to put a track across a street at Tecumseh in order to connect the D. T. & M. w/ the Jackson branch so that trains can be transferred from one road to the other. The village council served an injunction on them. The deal was settled Saturday when the company paid the village \$800 and the township \$100 for the right of way.

Geo. A. Atchison, who has installed electric light plants in small places and is running them successfully, was in town this morning, looking over the situation here. He met the president and members of the council and several of our prominent business men and promised to come again soon and give the matter a more thorough investigation.

We feel certain that our residents will rejoice with us because of the appointment of our townsmen, A. F. Freeman as a member of the state tax commission for another six years. When appointed by the late Governor Pingree to this position three years ago, the railroad, great corporations, and wealthy persons of this state, with others, were not paying the taxes, it is now paid.

Mr. George Sargent of Jackson, visited here last week. He came to attend the birthday party given for Alfred Brant at Freedman.

A large number of young people from here are talking of going to Clinton, Friday night for a slight ride, and to attend a literary society.

Mat. D. Bissell, high priest of Michigan, B. A. M. went to Detroit, Monday to attend the grand council, and grand chapter meetings.

Mr. A. F. Freeman, Mrs. H. Halliday of Norwell, with their daughter, Mrs. A. J. Waters, Mr. Halliday was in town today, on business.

Last Friday evening Mrs. L. G. Glazier of Ann Arbor street entertained a large company of young people in honor of her son, Clifford's 15th birthday.

John Smith, who has been working here, went to Warren, last Friday to work in a creamery, their buttermaker being sick.

C. J. Robinson and family came up from Clinton Saturday and visited Mr. C. W. Case, on their 25th wedding anniversary. It was also Charles' birthday.

We had a pleasant call from Dr. Fred Steinkohl, who has come to spend a week with his sister in Bridgewater, and came here Monday to look after his home and lot.

Mrs. Anna Johnson of Grand Rapids, who has been visiting relatives here since before the holidays, will go to Mrs. M. D. Case and Carl.

Robert Apthorpe, who has been clerk at St. Paul's for Cutting, Reyer & Co., has quit school and taken a position in the people's bank. It is a fine opportunity for him and we congratulate him.

Each of the above mentioned filled the place with great credit to themselves and honor to the fraternity. At the meetings just held in Detroit, Mat. D. Bissell was placed on the standing committee on finance and J. H. Kingley was placed on the committee on obituaries.
