

From the State Capital

Information and Gossip Furnished by Special Correspondent at Lansing.

Lansing—Gov. Warner has taken a formal step towards the removal from the office of State Treasurer Frank P. Glavin. Mr. Glavin attempted to serve a copy of charges preferred by the governor against the treasurer. He was refused admission to the State House at Lansing, but later was granted permission to serve the papers on Mr. Glavin. Attorney General Glavin, who was retained by the treasurer, has been unable to secure the removal of the treasurer from the office. The charges against the treasurer are as follows:

By virtue of power vested in me, it becomes necessary to inquire into the condition of the office of State Treasurer, and determine whether there has been gross neglect of duty or not.

The following specific charges are made:

"Depositing of large sums under the treasurer's control in a bank at Chicago, of funds at times when he had no right to do so, thus being guilty of misfeasance.

"Depositing of funds at times when he had no right to do so, thus being guilty of misfeasance.

An active organized opposition seems to exist to municipal ownership and the introduction of the new constitution of ideas authorizing or extending the ideas carried on by the treasurer.

This organization has supplied committees of the convention with money and has been active in the dissemination of the treasurer's ideas.

The village of River Rouge is listed as having a school debt of \$50,000, which, with a school debt of \$20,000, gives River Rouge a total debt of \$70,000.

To Enlarge Courthouse. The board of supervisors at Saginaw have decided to build an addition to the courthouse, which is badly overcrowded. The estimated cost of the addition is \$100,000.

Meeting of Stock Breeders. The seventh annual meeting of the Michigan Live Stock and Feeders' association was held at the agricultural college Jan. 21 and 22.

Jan. Quarantine Breakers. "If smallpox patients continue to be quarantined and exposed where they are, the disease will spread," said Secretary Shumway of the state board of health.

HARVEST FOR CHRISTMAS

In Musical Merchandise

Everything in Music at Lowest Prices

Pianos—Both uprights and grand. We show the greatest stock of high grade goods—Chickering, McPhail, Conover, Kurtzman and Story & Clark—and pianos and terms are very reasonable. In medium priced and used upright pianos we have an immense assortment at prices from \$100 to \$175. Terms, \$5.00 per month. You are the loser if you fail to consult us and see our stock before you buy. We have the goods and prices and terms.

Parlor Organs—We show Chicago, Cottage, Schulz, Kimball at prices from \$50 to \$75 for new goods. Terms, \$3.00 per month. We have a big bargain in piano case organ, full keyboard, piano finish. A beauty at a low price.

Player Pianos—See the Regina. It's the up-to-date instrument and the price is very modest.

Phonographs—This is the house that carries in stock all the leading makes—Edison, Victor, Columbia, Zonophone—and our prices are lowest and terms the easiest.

Electric Harps—Mandolin Quartet, Music Box and Talking Machine combined, Music Cabinets, Music Rolls, Scarfs, and in fact everything that is essential to a complete stock in a first class music store.

When you tell a story to the editor or reporter try and tell a truthful one.

Congressman Townsend is willing to be a candidate for district delegate to the national republican convention, provided the chance comes to him without a contest.

Detroit merchants are up in arms because the Y.M.C.A. branch has been told to close. Those all along the branch are indignant and Hilda and Caldwell are talking up an electric line to overcome the inconvenience.

Some people do not appear to appreciate the good things that come to them without any effort of theirs. They do not enjoy the present mild weather for that we shall have a cold backward winter. It is a neighborly good morning, do you expect him to come later in the day?

State Treasurer Glazier has resigned but in doing so he accuses Governor Wood of mismanagement. He says that he has been asked to resign because of his failure to collect the large amounts for a Detroit bank which is the vice president. Governor Wood denies this and says that he has no objection to the position of treasurer.

According to a new ruling by the post office department at Washington all newspapers sent after the 1st of April, be paid in advance. There are a few of our subscribers who are back on the subscription and we must ask them to bring the balance up before that date. We are willing to accommodate those who will send with them an expression of their desire to go on at once so there will be no delay.

In using matches people are cautioned to be careful lest the head fire off and set fire to the house. A accident of this kind is not uncommon. A short time ago a lady was about to light a lamp and in striking a match the head flew across the room and landed on the head of her husband. It is said that the husband carried him to a hospital and that he was as sprightly as the head of the nation.

It appears to be the impression of many that the railroad and other great corporations are crying hard times for the purpose of bringing the place of President Roosevelt in the country. It is true that they can make the people believe that it is responsible for the financial troubles and cause of the shutting down of many manufacturing establishments, it is claimed that they are trying to turn the public mind. But, will they be able to do it? We think not.

Officials of the Lake Shore road, it is claimed, say the reason the train was taken off was because the Chicago and North Western business has fallen off and it did not pay to run trains. The company does not figure on local traffic, it is through passenger that they care. The Enterprise has followed upon electric railway schemes since the steam road has given as better train service, but it is hard to see how the road can be made to see care for the local traffic, why not set it for an electric line.

Washington County.

The annual rally of the Washington county teachers will be held in the auditorium of the Ann Arbor high school, Saturday, Feb. 15th.

The Ypsilanti canning factory, which was built by the same firm that built the Manchester factory, and cost \$11,000 has been sold for \$800.

Edward A. Moore, Manchester, to Adeline Whelan, lot "A" or west subdivision of lot 41 of sec. 31, Manchester, \$1,000.

The report that Marvin Gregg, the Mason boy who, with Charles Thomas, was arrested for putting obstructions on the Wabash track near Britton, had jumped his \$2,000 bail and fled, on investigation proved false.

The answer of Randall T. VanValenburgh and Charles M. Cooley has been filed in the circuit court by Attorney E. B. North in O. L. Torrey et al. vs. the Toledo Portland Cement Co. et al., stating that the defendants never misrepresented the material and clay used in the company for its product which was the value represented, nor were they guilty of fraud in the sale of the capital stock.

Yielding to the earnest solicitation of his friends who have been associated with him in public affairs, Supervisor John W. Dresselhouse of Sharon has declined to become a candidate for nomination to the office of county treasurer on the republican ticket. Mr. Dresselhouse is a progressive farmer and stock raiser and has served his township several years as a public assessor, two years as treasurer, two years as clerk and four years as supervisor. He is in the prime of life, is married and has children. His popularity may be judged by his election to a term of office in the township. On the board of supervisors he has held positions of importance and has been successful in his efforts to collect delinquent taxes throughout the county and if nominated, we doubt not will make a strong run.

Miss Mary Hyndman and May Mow of the Jackson school, attended the Y. M. C. A. at Bay City.

Available in 1917. Right prices. The...
The Enterprise is a weekly newspaper...
Published by HAY & GLENN...
Subscription prices: \$1.00 per year...
Single copies: 10 cents.

When you tell a story to the editor or reporter try and tell a truthful one.

Congressman Townsend is willing to be a candidate for district delegate to the national republican convention, provided the chance comes to him without a contest.

Detroit merchants are up in arms because the Y.M.C.A. branch has been told to close. Those all along the branch are indignant and Hilda and Caldwell are talking up an electric line to overcome the inconvenience.

Some people do not appear to appreciate the good things that come to them without any effort of theirs. They do not enjoy the present mild weather for that we shall have a cold backward winter. It is a neighborly good morning, do you expect him to come later in the day?

State Treasurer Glazier has resigned but in doing so he accuses Governor Wood of mismanagement. He says that he has been asked to resign because of his failure to collect the large amounts for a Detroit bank which is the vice president. Governor Wood denies this and says that he has no objection to the position of treasurer.

According to a new ruling by the post office department at Washington all newspapers sent after the 1st of April, be paid in advance. There are a few of our subscribers who are back on the subscription and we must ask them to bring the balance up before that date. We are willing to accommodate those who will send with them an expression of their desire to go on at once so there will be no delay.

In using matches people are cautioned to be careful lest the head fire off and set fire to the house. A accident of this kind is not uncommon. A short time ago a lady was about to light a lamp and in striking a match the head flew across the room and landed on the head of her husband. It is said that the husband carried him to a hospital and that he was as sprightly as the head of the nation.

It appears to be the impression of many that the railroad and other great corporations are crying hard times for the purpose of bringing the place of President Roosevelt in the country. It is true that they can make the people believe that it is responsible for the financial troubles and cause of the shutting down of many manufacturing establishments, it is claimed that they are trying to turn the public mind. But, will they be able to do it? We think not.

Officials of the Lake Shore road, it is claimed, say the reason the train was taken off was because the Chicago and North Western business has fallen off and it did not pay to run trains. The company does not figure on local traffic, it is through passenger that they care. The Enterprise has followed upon electric railway schemes since the steam road has given as better train service, but it is hard to see how the road can be made to see care for the local traffic, why not set it for an electric line.

Washington County.

The annual rally of the Washington county teachers will be held in the auditorium of the Ann Arbor high school, Saturday, Feb. 15th.

The Ypsilanti canning factory, which was built by the same firm that built the Manchester factory, and cost \$11,000 has been sold for \$800.

Edward A. Moore, Manchester, to Adeline Whelan, lot "A" or west subdivision of lot 41 of sec. 31, Manchester, \$1,000.

The report that Marvin Gregg, the Mason boy who, with Charles Thomas, was arrested for putting obstructions on the Wabash track near Britton, had jumped his \$2,000 bail and fled, on investigation proved false.

The answer of Randall T. VanValenburgh and Charles M. Cooley has been filed in the circuit court by Attorney E. B. North in O. L. Torrey et al. vs. the Toledo Portland Cement Co. et al., stating that the defendants never misrepresented the material and clay used in the company for its product which was the value represented, nor were they guilty of fraud in the sale of the capital stock.

Lansing County.

The Lawrence county association O. E. S. meets at Farmington next Thursday, Jan. 23rd.
