ALLIES GAIN MORE GROUND AT YPRES

BRITISH AND FRENCH IN NEW ATTACK, FORCE TEUTONS FURTHER BACK.

RUSS FLEET MAKES ESCAPE

Apparently Bottled Up in Moon Sound Last Week, by German Fleet. Slaves Outgush Opponents.

London—The British and French forces in Belgium have delivered another attack against the German front northeast of Ypres and have captured all their objectives, consisting of many strategic points.

The offensive was launched southeast of Poperinge and northward along the southern bank of the Hout, the British fighting forces covered a distance of about a mile and a half, with the French operation on the northern and the British on the southern end of the battle line.

The British gun of 900 feet, which last week apparently was bottled up in Moon Sound by German naval forces, has made its way out of the sound, and now is guarding the northern entrance to the sound of Worms Island.

The Russian vessels made their escape without further trouble, which was sunk a naval engagement and two other vessels, presumably transports, which were captured.

The new position the fleet is in situated that it may make a dash for the gun of Finland around the western Estonia coast, or if menaced by attack from the great sea, or Great Britain, may again in the waters of Moon Sound and play hide and seek with the enemy.

Meanwhile the Germans have had a hard time of it on the Baltic coast, pressed back the Russian right wing slightly and occupied the western portion of the Flanders peninsula.

COAL MINERS GO BACK TO WORK

Strikes in Illinois, Indiana and Ohio Are Settled.

Washington—Fuel Administrator Garfield issued a statement at coal mining resumed work in Indiana, practically all in Ohio and all miners are resuming in Illinois. He said reports from all sections indicate a gratifying tendency downward in the cost of coal.

Dr. Garfield issued this statement on retail prices:

"The coal miners from Indiana and Illinois are indicating a gratifying tendency downward in retail prices.

In Harbison, Pa., and Philadelphia, retail coal prices have been reduced.

"In New York city prices recently have been reduced by larger dealers from 10 to 40 cents a ton on the part of the retail dealers are meeting these new prices.

"In Wilmingtont, Del., prices have changed somewhat. In New Haven, Conn., and Hartford, Conn., the Swedish ships were sunk at once, without examination of their papers, without warning, and without any regard for the lives of passengers.

"In Birmingham, Selma, Tuscaloosa and Sheffield, Ala., prices have been reduced from 25 cents to \$1.25 per ton."

ANTILLES SURVIVORS LAND

Reach French Port—Safety—Families of Lost Each Receive \$6,000.

Washington—Survivors of the United States transport Antilles, sunk by a German submarine October 11, have arrived at the French port of Sète, where the 100 survivors received here. Seven passengers met perished when the transport went down.

The treasury department announces the all hands in the military and naval service perished with the loss of the transport, come within the scope of the new war insurance law, and thereby automatically entitled insurance to the amount of \$6,000 each.
