Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

DOLMAN SHAPE IS RETAINED

Predictions That It Would Lose Its Popularity Have Been Proved Unfounded—Capes of English Tweed for Those Who Motor.

If one has been denied a fur coat for many years and has secretly cherished a longing thereafter, this is the year, doubtless, when this longing can be gratified, for so expensive are the lovely cloth things that if possession is based on the matter of cost then a decision in favor of the fur can be made, as there will be no very great difference in the price, remarks a fashion writer in the New York Sun. Of course the plant would furnish only what current we were unable to produce for our use. The present municipal plant would remain in operation.

The committee has not made a report to the council and there are some things yet to be figured before a reliable report can be placed—but in the meantime let there be hope, for the city dads have at least shown a disposition to do something.

RESUSCITATED.

A Michigan man went into a saloon in Toledo and wrote on a piece of paper "A glass of whiskey, please." The bartender did as he was bid and gave the man a drink and after it was finished with this one he wrote for another and still another. Then he wrote, "How much do I owe you?" The bartender said that was all right because he didn't charge deaf and dumb men. The customer spoke up: "H—, I'm not deaf and dumb, I am from Michigan and was so dry that I couldn't talk."
