SUGGESTION BOX

A more than the title of club golf champion at stake in today's match was, for instance, the need to wipe out this Donald Young's attempt to humilista Lane the evening before, after the semi-final, when he called across the club dining room: "How about a little bet on the match to morrow, Merrit' Say, \$5,000 or so?"

It was a deliberate, and Lane

club; young Willie, freckled-faced, such adaption and barries and hardy a dandy in proximately a hundred yards along the horizont he start of the sub-horizon before the start of the two lands and the school with the horizon before the start of the horizon before the start of the throught made fairway.

Arriving at the thirteenth, Lane meet Joe B still retained his one up lead of the crowd well back of the tee, Lane still retained his one up lead of the morning round. He had played steady golf and two or three times he had fought off brilliant play by Young which threatened his alender

morrow, Merrit? Say, \$5,000 or so?"
It was a deliberate, and Lane
thought, cheap try to embarrass
him, for Young, and the others,
have Lane didn't have \$5,000. Old
papered at him to see how he was
taking it. He heatitated and then salies to Yung: "I'll take that \$0.000 bet! And the 'so' can be any-thing you want to make it!" Lane had looked appealingly at Pop and pleaded: "Don't do it, Mr. Weller." pleaded: "Bon't do it, air. weiter." But Pop soorted: "It's about time that show off was taken down a peg or two." Under the circumstances there was nothing for Young to do but accept the bet. but Lane sensed

he wasn't too keen about it.

And then, most important of all,
there was Kay Cawley. Now, up to there was Kay Cawley. Now, up to
the months before, to the Cawley
and Merrit families and naturally.
Kay and Lane, the future was definitely settled for these two. Then
Young entered the picture with his
flashy man-of-the-world mannera,
clothes and swank car. And he pro-

Iacing his shoes when Young entered, held out his hand and in a voice loud enough to carry, said:
"Good luck, Merrit."

Lane premptly acknowledged and returned the wish in kind, but thought, "Still playing to the gallery."

There was quite a crowd at the first time Lane felt a bit squeamish in the stometh. On the toe Itself he saw young willie, the provided and dropped abruptly into a gully about fifty feet deep. This gully, with excellent timet, stroked approximately a hundred yards along simple matter to announce Localization.

mained for Louis to call the turn on a September fight in these words— "I don't believe anybody would pay 15 cents to see me against either

Baksi or Tandberg."

The price for Exact Charles or Violent Ray might be lifted to 50 cents.

All of this is fun for everyone—

AMERICA'S AIR POWER

· Contraction

on AIR FORCE DAY, ADGUST 157

No one today questions the fact that the whole future of the the new, reorganized Air r orces give thousands of eligible your men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky. You may, for example, enlist in the Air Forces for three

years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay. If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become

eligible for advanced technical training at special Air National Guard schools. On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW-THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth - and select your school or course before you enlist. The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want. Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting

ductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or

You Can't Afford This Waste

Demands like these are against the interests of the whole American

people, who depend on railroad service for nearly everything they eat,

These rules would cost a BILLION DOL-LARS annually—a gigantic waste which neither the railroads nor the country

neither the railroads nor the country can afford.

Railroad workers are good citizens and good employes, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are de-

manding. We do not believe they understand the harmful results which

these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and con-

The great strength of America is in production—an honest day's work for an honest day's pay.

to get Something for Nothing

The railroads have received 44 "rules" demands from the leaders of the operating unions . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work But what kind of rules are being asked for? Twenty-eight of them money for the same, or less work;

7 would require additional and unnecessary men to do the same work;
the rest would bring about changes
in operating practices at increased

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"-Sheer Waste The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for

service to you. This rule would can for twice as many locomotives, would double the number of trains, and make accidents more likely. Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs The Union leaders demand that when a crew in one class of service perform incidental service of another class, they

will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's

The Union leaders demand that the present basic day for passenger con-

For only through greater production can we hope to stop the steady upward surge of living costs. Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

from that time until World War gressed slowly. New personnel was recruited and training scitosis acti-vated, but there was no great ex-services.

Expands During War.

The expansion came with World War I. At the outbreak of the war, the sylation section, as if was then known numbered about 120 officers and slightly more than 1,000 enlisted men. At its peak strength, in 1918, the aviation section numbered more than 195,000 officers and men. Starting with only 55 planes, the aviation section received 13 201 during the war years from American industry and bought 5,151 more in Europe.

quarters air force was established. This new unit was not merely a

Flying Fortress, a four-engine, high-altitude heavy bomber.

In 1027, the air corps dropped out of lighter-than-air experimentation, turning over its remaining airships, the TC-13 and TC-14, and other lighter-than-air equipment, to the player.

AAF is Formed.

On June 20, 1941, the army air forces came into being, fulfilling the need for an overall air arm which would combine the functions of the air corps and GHQ. Maj. Gen. H. H.

islands and destroyed more than a halt-million would combine the functions of the air corps and destroyed more than destroyed more than a halt-million tons of bombs and destroyed more than a halt-million would combine the functions of the islands and destroyed more than 40 gone by.

doubled the total delivered in World War I. AAF is still a force to be reckned with Year I the said that life begins at 50, and this could be true of army air forces—for today AAF is on the threshold of its greatest acronautic of aday or two of rest while you change off to an alternate. Try the strength of the forces of the introduction of the true of army air forces. On a latternate with your handbags.

While the hondbag rests, here's what you can do to rejuvenate it. Bruth the bust forces of the aday or two of rest while you all know h

cation and training under the G.L. bill, Veterans' administration has announced it will accept terminal leave orders as a basis for deter-

service, they will be accepted as valid for a period of six months, VA said.

VA said the procedure would expedite issuance of certificates where army and navy personnel are separated from service but will not be discharged until expiration of their leave period. Under the new plan it will not be acceptany for VA to check applicant's service records to determine eligibility before authorizing matriculation in are educational institution or training establishment. The temporary certificates will be replaced by regular forms after the veterant's exact period of entitlement has been determined. Also, by this procedure service personnel in separated status may take advantage of the education and training privileges pending their discharge. There is one rub. They will not be eligible for subsistence allowance until their formal discharge.

ined, you are suffering from an injury aggravated by your service and as such should be entitled to treatment by Veterans' administration. Your recourse into the actaining them neaths with neather than appeal to the board of appearance of the control of the con

Q. My son had dental work done shortly after his discharge from the many. He was in four years. I understand the government takes care of such expense for a year after discharge. He wasn't aware of it. Could be get a refund by having dentist give bill and type of work? Amount was \$25.—Bex 60, Coronado Beach, Fla.

A. Veterans' administration does provide for certain treatment for veterans for a year after discharge on the theory that such disability is presumed to be service-connected

presumed to be service-connected for that long. However, application for such service must be applied for in advance and there is no provision for refund for work done by invillan medics.

ABOUT TOWN

Starts August 21st

Charles Schnebelt obituary last week that the deceased operated a bakery here for 26 years. His haking business was in Dexter.

C. A. WEURTHNER says the village should get more use of the park tables they own. "When I was in the chair," Weurthner reminds us, "we made it a point to get those tables, out for the public to use."

STANLEY STONE veteran publisher of the Hudson Post-Gazette, wrote an editorial demanding repair of the citys sidewalks. Property owner promptly went to work fixing up their walks and Stone, flushed with victory and full of civic pride, called us up to tell us what a backward town we had compared to his beloved Hudson. So we asked him if they had any paved alleys over there, and any paved alleys over there,
