

The Blind Teach the Blind— Delicate Art of Radio Repair

Disabled Master
Technical Trade
At Omaha School

WNU Feature.

OMAHA, NEB.—The blind literally "see again" as they learn the highly technical and delicate craft of radio repair at Radio Engineering Institute here.

Men who have been blind all their lives and ex-servicemen who lost their sight or were otherwise severely disabled in the recent conflict represent the bulk of students at Radio Engineering Institute. Their objective is to learn a trade which will permit them to return to their home communities as self-sufficient members of society. Armed with the technical training acquired at the institute, graduates establish their own business as radio and electronic technicians or as dealers in electrical appliances.

The Blind Teach.

Founder and head of the institute is L. A. Peterson, who was born blind. Peterson acquired his knowledge the hard way—by trial and error.

These and a multitude of similar queries are continually being turned to Peterson and his associates in this type of work.

Even the totally blind person, Peterson insists, can do this type of work on a par with sighted people. To the sighted, soldering generally is considered an "impossible job" for the blind person. The school, however, has developed a simple technique in the use of the standard soldering iron.

Another technique is to solder with a special solder. This solder is made of a special alloy and is sold in a special container. The school has developed a special technique for soldering with this solder.

Development of the hearing equipment is the result of many experiments. The result of many experiments is the development of a special technique for hearing.

His second wife, this venture prompted Peterson to consider establishment of the training school on the home. "I can't leave home," he said. "I can't leave home."

Entire Logging Town Is Moved For Fifth Time

SEVING, ORE.—For the fifth time in its existence, the town of Seving, Ore., has moved again. The logging community of 100 people has moved to a new site.

More than 100 buildings in the community were loaded upon rail cars and hauled 10 miles to the new site. In the past, the community has moved four times.

Arguments over logging rights and other claims have caused the community to move. The logging rights are being fought over by several parties.

Kay Kuhl is spending two weeks visiting at Ray City. When she returned home on Sunday, Dr. and Mrs. John Charters will accompany her to spend their vacation with Mr. and Mrs. Alfred Bentley.

—Mr. and Mrs. Kenneth Bentley of Pontiac have returned home after spending several days with Mr. and Mrs. New Marshall. Mr. and Mrs. Jack Harris and son, Bud, of Dearborn, spent Sunday with the Marshalls.

—Miss Joyce Marshall spent last week with Mr. and Mrs. Laurel Peterson.

—Miss Gretchen Stech of Saline and Emanuel Solt of Ann Arbor spent the holiday week end with the Stanley Womers, Eugene Hill of St. Paul, Minn., Mrs. Ella Hill of Jackson and Miss Emma Dickerson of Detroit visited Mrs. Elma Wurster and Mrs. Marie Scheuber on Friday.

—Mr. and Mrs. Harvey Vankester entertained at Lakeside in honor of Mr. and Mrs. Edwin Huber's wedding anniversary and daughter, Marilyn, for her birthday. Other guests included Mrs. Bertha Huber, Mr. and Mrs. Charles Miller, Mr. and Mrs. William Huber, Mr. and Mrs. John Huber, Mr. and Mrs. Jack McGovern and family of Rochester.

LOOKING AHEAD

by GEORGE S. BENSON
President, Banking Center
Lansing, Michigan

Business Tells a Story
Time was when it was fashionable for everyone to talk about big business and count over the gross and net income of corporations. Of course, there were many good stories even then about our steadily rising standard of living. But the busybodies didn't bother with these success stories, big or little.

I have said that America is now beginning to assume her task in public relations, that of selling her way and her freedom and her institutions to people everywhere. I should like to say that some of our groups and institutions have special responsibilities in this job, that they should labor as well as business. The task is important to agriculture, to education, to professions, and to civic minded folks in every walk. Certainly, labor and industry are equally important in our economic system.

A Report to Workers
I should like to tell you about a company that is doing its part, thereby shouldering its responsibility for the kind of public relations. Somebody sent me a copy of a report this company makes to its employees. The report states:

"We have a 'capitalist' industry in the United States because millions of men and women are employed to own and operate the most productive farms, stores, mines, and factories on the earth. And that is the reason why we, as a people, have the highest standard of living of any nation in the world. No other system in any country, at any time, by any other means has ever produced so much for so many at such little cost as our 'capitalist' business does in America."

The company says frankly that it made money in 1946—about seven and one-half cents on every dollar's worth of products sold. While this record is termed a narrow margin that calls for economy all along the line, the report makes it plain that the company expects to keep on making money. All this, amidst healthy competitors that cause them to keep putting out better products for less money. Tribute is paid to the keen competition they meet as an effective price reducer.

"A company that can't make money is like a ship that can't float. Neither is safe for you and your family. A company may lose money for a short time, just as a ship may sink a leak and sink in water for a short time, but if the leak and the ship can't be stopped soon, the ship and the people on the ship that sink and employees of the company that fails are victims of disaster."

SHARON EVANGELICAL UNITED BRETHREN CHURCH

A. A. Wagner, Pastor.
10 a.m. Sunday School
11 a.m. Morning Worship
The First Quarterly Communion Service will be observed at this service.

8 p.m. A Musical Service of Worship which is sponsored by the Youth Fellowship. A hearty welcome to all to attend these services. Next Thursday, July 17, the Sharon Evangelical United Brethren Church will hold a social at Wolf Lake. All those who do not have a ride, meet at the church at 7:45. Bring sandwiches and drink.

LEGALS

Order of Publication
STATE OF MICHIGAN
In the Circuit Court for the
County of Washtenaw
IN CHANCERY

Arthur J. Ekin, and
Margaret A. Ekin, Plaintiffs,
vs.
Verning, Kelley,
Richard Hall,
Arntsen Hall,
Verning Kelly,
Jennie Kelley,
Martha E. Kelley,
Martha A. Kelley,
Martha A. Nash,
Martha A. Hall,
Grace Nelson,
Harvey Hall,
Maddie Hall,
Franklin Hall,
Mary A. Hall,
Mary A. Baldwin,
Homer Hall,
Harriet Hall,
Perry Nash,
Dee Nash,
Mattie I. Kirk,
Mattie I. Nelson,
Henry Hall,
LAVAS R. Hall,
Laura A. Nelson,
Laura A. Hall,
Douglas Baldwin,
Mary E. Baldwin, or their re-
spective unknown heirs, devisees,
legatees and assigns: Defendants.

At a session of said Court, held
at the Court House in the City
of Ann Arbor, in said County, on
the 19th day of May, 1947.

Present: HON. JAMES R.
BREAKEY, Jr., Circuit Judge.
It appearing to the Court from
the allegations contained in the
Bill of Complaint filed in this
cause and from the affidavit an-
nexed thereto that the above
named defendants and their un-
known heirs, devisees, legatees
and assigns, are necessary and
proper parties to said cause, and
that the said plaintiffs do not know
and have been unable, after dili-
gent search and inquiry, to ascer-
tain the places of residence of the
persons named as defendants
herein and their unknown heirs,
devisees, legatees and assigns, or
any of them, and cannot ascertain
in what state or county the said
defendants or their unknown heirs,
devisees, legatees and assigns re-
side:

Therefore, on motion of James
C. Hendley, attorney for the
plaintiffs, it is ordered that the
defendants and each and every
one of them do cause their ap-
pearance to be entered in this
cause within three months from
the date of this order, and in case
of their appearance that they
cause their answer to the plain-
tiff's Bill of Complaint to be filed
and a copy thereof to be served
on the attorney for the plaintiffs
within three days after service
on them of a copy of the Bill of
Complaint and notice of this order
and that in default thereof said
Bill of Complaint be taken as con-
fessed by each and all of said de-
fendants, and also that within for-
ty days of this order the plain-
tiffs cause a copy of this order
to be published in the Manchester
Enterprise, a newspaper printed

at Manchester, Michigan, on the
19th day of May, 1947.

Plant Alfalfa Seedlings Now

Farmers who intend to plant alfalfa
should be making plans now.
Advices Dr. S. T. Dexter, MSC
turf crop specialist, show the
best stands come from late July
and early August seedlings. There's
an adequate supply of adapted seed
in most localities and with a good
supply of reserve moisture, it looks
like a splendid year to get a stand.

Since much of the land was not
put into crops this spring because
of the cold weather and heavy
moisture, the alfalfa research
specialist believes it an excellent time
to plant for hay or pasture crops.
Land seeded in late July or August
will be ready to produce good
crops of hay and pasture during
1948. Since seedlings of alfalfa last
spring and summer resulted in poor
stands because of drought, Mich-
igan has dropped behind in its seed-
ings of legumes. Now, Dexter be-
lieves, is the time to catch up.

Store Flammable Liquids Correctly

Burns and explosions on Mich-
igan farms accounted for approx-
imately one out of every three farm
accidents last year, points out Fred
S. Carlson, research specialist in
fire at the Michigan State col-
lege. Nearly one-half of these
were fatal.

Among the most important features
of Farm Safety Week, July 20 to
26, should be a careful check of
flammable liquid storage. Roth-
er than in separate buildings that
are used only for manure, hay,
stacks and other combustible ma-
terials. If these containers are kept
inside, nothing worse than the flamm-
able liquid should be stored in the
building and the 30 foot rule
should be observed. Containers
for gasoline must be painted bright
red.

When refueling tractor, or other
equipment, the engine should be
turned off and the motor allowed
to cool. One gallon of gasoline or
kerosene has as much destructive
power as 80 pounds of dynamite.

1902 Yesterday

The boat-racing idiot added
three lives to his score at Luden-
ton. What is needed is to have
this fellow look long and earnestly
into the barrel of an "unloaded
patrol."

Citizen Spent A Quiet Fourth
It was very quiet here on the
4th. The stores were all closed at
noon and the streets were deserted.
Only the shopping of fire crackers
or the leader report made by re-
sponders in the hands of the small
children disturbed the quiet of the
day. A good many went to Jack-
son, some to Wampers Lake, but the
majority were sent away and sail-
ed east amid the cheers of an all-
day string of small boys.

Small News Items
Village Treasurer George Wurster
has some blank receipts which
he is anxious to fill out for those
who have village taxes to pay.
Rural mail carrier No. 1 from
Manchester-Ludington, J. H. Jones,
will in June No. 2 handled 5,650
and No. 3 handled 3,695.

On the afternoon of the 4th a
piece of the cement in front of
Fred Wilhelm's hardware was
brought by several inches and
broken. These are the first signs
of the cause. Some think it was the
heat, others believe that water got
under it. In either case, it is the
opinion that the recent rains have
soaked the ground that it caused
it to ground to swell and that
cracked the cement.

Iron Creek
Fred Schauble has erected a new
windmill.

Misses Mary Swift, Kimble, Jen-
nie Bowman and Ward Maxson
visited and dined at the home of
Tuesday.

Call for "Our Twins" cigars. Best

Sharon
The collection at the Center
church Sunday morning for the
benevolence amounted to \$65.

Jackson County
The Jackson County proba-
tionists have called a county con-
vention on the 17th at Jackson.

Quack Grass Killed By New Chemical, MSC Scientist Says

Quackgrass may meet its doom
with a new chemical tested by R.
F. Carlson, research specialist in
horticulture at Michigan State col-
lege. His experiments were reported
in a recent issue of the quarter-
ly Bulletin of the Michigan Agri-
cultural Experiment Station.

The chemical has a tongue twist-
ing name - isopropylphenylcarba-
mate, but it has been nicknamed
"IPC." It was a wartime develop-
ment by U. S. Army scientists who
found that it would check or kill
some of the weeds. Some grasses
and certain weeds, such as quack-
grass, were reported to be killed by
Carlson chose for his experiments
quackgrass - the number one
weed pest.

When he treated quackgrass
plots with the IPC, Carlson found
that the weeds were killed by al-
most any concentration of the weed-
killer. Roots treated with a solu-
tion made with as little as 100 parts
of the IPC to one million parts of
water grew almost no new shoots.
When treated with more than 500
parts per million, there was no
growth at all.

Since IPC is a fairly new devel-
opment, care has to be exercised
when using it. Some experiments
by the U. S. Department of Agri-
culture have shown that it will in-
terfere with useful grasses if the
soil is dry.

Carlson has been working in co-
operation with chemical compan-
ies who are developing prepara-
tions of IPC for home use.

FARM WOMEN TO MEET AT MSC

Approximately 700 Michigan
farm women are expected to at-
tend at Michigan State college for
the annual farm women's week to
be held July 21 to 25. Reservations
for tickets have been allocated to each
county.

The conference will feature talks
on many subjects. Home econ-
omics, child development, music and
community recreation programs
will be stressed. Classes will be
conducted by MSC extension spe-
cialists and faculty members.

The conference, an annual affair
at MSC, was resumed last year af-
ter being discontinued during the
war.

From where I sit... by Joe Marsh

Fish Bites Woman!

Willie Wells was coming home
from Seward's Creek the other eve-
ning with a string of trout, when a
stern looking lady (trout at the
Barwood Inn) stops him, and tells
him a man his size could be better
occupied than catching fish.

Willie tells her off real good-
naturedly by saying: "Perhaps
you're right, but if these fish had
kept their mouths shut, they
couldn't be here." (At that, says
Willie, laughing out loud, she
looked just as if a fish had bit her.)
Blabbing mouths never cause

anything but trouble. Nobody who
knew the facts would ever criticize
Willie's right to go fishing on his
day off - say more than they'd
deny him right to come home to a
mellow glass of beer.

From where I sit, the slower we
are to recognize another's
tastes, the better we'll get along
together - whether those tastes
apply to beer or fishing.

Joe Marsh

ABOUT TOWN

Mr. and Mrs. R. J. Gardner of
Grand Rapids, Mr. and Mrs. Tal-
madge and daughter Patricia Lynn
and Mrs. Edith Short of Detroit,
spent the weekend with her parents
and grandparents, Mr. and Mrs.
Henry Short and also Mrs. Short's
brother, Mr. LeRoy H. of Tipton
Mich.

The project, conducted to deter-
mine the maximum use of rough-
age pasture by steers, showed that
highly wintered calves, grazed
three months on pasture with
out grain and fed for four months
before marketing, made the most
profitable gains. These steers made
a return of \$20.45 each above cost
of calf and feed.

Least profitable in the test
test was a lot well-wintered, grazed
for two months and fed for 100
days. Steers in his lot made only
\$6.00 each above cost of calf and
feed. In the 1944-45 test, however,
this was the most profitable of all
lots.

Labor and interest on invest-
ment was not charged in either
experiment, which was from Decem-
ber 27, 1945 to June 4, 1946, four
different ration were fed. Most
profitable was the lot fed corn sil-
age with soybeans meal and a
limited corn ration of approximately
one pound per head per day.
Gaining about a pound per day,
the cost per 100 pounds gained
amounted to \$11.56.

The most expensive winter ra-
tion was 57 pounds of corn and
11.8 pounds of alfalfa hay. Gains
cost \$15.20 per hundredweight.

Mr. and Mrs. George returned home
Saturday from the St. Joseph hos-
pital.

John School called home
Sunday night from California,
where he arrived July 1.

Christian Ernst, former machin-
ist of Bridgewater and now living
on his farm near Macon has been
seriously ill for the past two
weeks and was removed to the Te-
cumsch hospital last week. Three
days.

Christine Schreiber of Webber-
ville, who has been visiting her
aunt, Mrs. Chas. Schreiber and
family returned home Sunday.

Mr. and Mrs. L. D. Rockwell of
Jackson, spent Sunday with Mr.
and Mrs. Web Walworth.

On Wednesday Mr. and Mrs. Wal-
worth's youngest daughter, Mrs.
Alvin Brown of Jackson, who
accompanied them to Wampers
Lake where the group enjoyed a

picnic and stopped at Rows Cor-
ners to attend the ice cream so-
cial.

Mr. and Mrs. George Defender
and son Robert were in Detroit
on business Monday.

The Mom's Club held its regular
meeting in the Legion hall on
Tuesday evening with 18 present.
Mrs. Carrie Dill was accepted as
a new member. After the meeting,
refreshments were served.

Mr. and Mrs. F. G. Leson
and the latter's sister, Mrs. F. R.
Kaiser of Clinton left Thursday
for a week's fishing trip at Har-
wood Lake in Ogemaw county.

Mrs. August Kuhl spent a
couple of days last week with
her daughter and family. Mrs.
Simon Braun at Mooreville.

Mrs. Gertrude Rosetti and
Miss Betty Haah of Ann Arbor
attended the play "Candida" at
Ann Arbor on Thursday.

Michael Rosetti is spending
a week at the state conservation
camp at Mill Lake.

Mrs. John Gauss has returned
home from St. Joseph's hospital at
Ann Arbor much improved.

Mr. and Mrs. Clark O'Brien
spent the fourth visiting friends in
Milan.

Mr. and Mrs. John Hopkins of
Toledo spent from Friday to Sun-
day with their daughter, Mrs. C.
W. Kraus and family. On Sunday
afternoon Mr. and Mrs. Ed Kittel
and family were also guests of the
Krauses.

Miss Shirley Armstrong spent
from Wednesday to Sunday with
her mother, Mrs. Cora Armstrong
at Kenton, Ohio.

Probably the most widely known radio amateur in the world is Mr. Dorothy Hall of Springfield, N.Y. During her leisure hours she chats with "hams" all over the world from her powerful home station WXYZ. She is planning a vacation trip to meet some of her friends in Ireland, Denmark, France and other countries. For eight hours a day she operates the New York fire department's short wave station, WXYZ.

TAKE MY WORD FOR IT!
By FRANK COLBY
With SPECIAL-WHY Features.

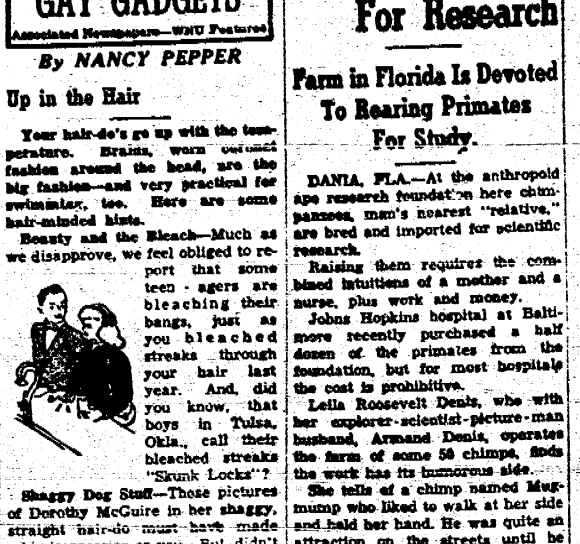

Q. We need some Colby comment on determining a point of view. Our English class cannot decide whether to use a plural or singular verb following "what" in such sentences as, "What we need is a new book." (What we need is a new book.)

A. The rule is so involved that it would merely confuse you more if I quoted it. Instead, let's take another approach.

Let us regard "what we need" as a noun clause. It actually is the subject of the sentence, and expresses the idea of "our need." It is singular, as if we were to say, "Our need is for more good textbooks."

Milk Is Clean In Resort Areas

There will be ample supplies of safe pasteurized milk in practically all of the resort areas of Michigan this season. Arrangements have been made for ample supplies for all regions in lower Michigan. With the large increase of vacationers in all of Michigan's resort areas, it sometimes is necessary to supplement local supplies with milk from outside areas. To meet this demand additional supplies of milk have been inspected and approved by the Department of Agriculture for shipment to Detroit, Traverse City, Grand Haven and Mackinac Island. Additional bottled milk from Midland and Bay City is now available for the Houghton, Lake and the areas of the Oscoda and Tawas City area. Additional supplies of inspected milk will be used in the Port Huron and Thumb areas. The only problem of the upper peninsula where stricter enforcement may exclude some supplies, is that of milk from the area of the Upper Peninsula. A power lawn mower was purchased for \$400, of which \$125 was contributed by the alumni association. Among the reports given were a talk by President Reck in regard to the all-around condition of the school system. His report follows:

Since considerable work has been done on the school that does not meet the eye, it seems advisable to render the voters of District Two a complete account of what has been done to put the school plant in good operating condition:

HEATING SYSTEM: The heating system of the school has never been satisfactory. While the two coal burning boilers in the basement have enough capacity for the building, the uneven room radiators were not satisfactory. Lack of insulation in the ceilings caused great heat loss and required forcing the furnaces at a pressure for which they were never intended. The air supply in the boiler room was insufficient, with the result that the boiler room almost too hot to work in.

As a result of these conditions, repairs to the boilers were constant and expensive. The interiors had to be rebuilt, motors replaced and pipes insulated. Stock feeds were in constant need of repair.

The firm of Kasarin and Kasarin, of Ann Arbor recommended the building of a central heating plant from which conditioned air would be blown to all rooms. While this remains the most desirable solution, the cost is in excess of \$25,000.

To find a less costly solution, the Ford Motor Company engineers, Mr. Corrance laid out a plan that has been followed with good results.

Same Officers to Head Manchester School

The annual meeting of school district No. Two was held at the school house Monday evening, and it is believed that this will end the problem of having new officers every year. The school board members were re-elected, and election of officers was held.

It was voted to postpone the opening of school for one week, setting the date at September 1. This was done partly because of the late vacations taken by many families, and because the late fever epidemic is usually at its worst here during the Labor Day week-end. Although only a small number are afflicted, it is still believed advisable to give the later opening date a trial.

The entire school board was re-elected as follows: Frank M. Reck, president; Clayton Parr, treasurer; W. A. Vogt, secretary; Luther Klager, Walter Schaback, and J. H. Schaback, members.

Revenue for the school was greater during the coming year than at present, both from state and local sources. It was reported that playground equipment totaling \$400 had been ordered. The new equipment includes a slide, a "jungle gym" and a "jungle gym."

A power lawn mower was purchased for \$400, of which \$125 was contributed by the alumni association. Among the reports given were a talk by President Reck in regard to the all-around condition of the school system. His report follows:

Since considerable work has been done on the school that does not meet the eye, it seems advisable to render the voters of District Two a complete account of what has been done to put the school plant in good operating condition:

Manchester Nine Handed Fourth Straight Defeat

Last Sunday the Manchester ball team traveled to Pinckney and was defeated by the Pinckney team by the score of three to one.

Manchester was the first to score when they pushed across a run in their half of the first inning on a walk to Vic Wurster and singles by Mark and Maurer. Pinckney tied it up in the seventh on a hit, two walks and a fielder's choice. Pinckney pushed across two more runs in the eighth on three hits and two errors.

Boik Clark made the fielding play of the day when he pulled down a long drive in deep right center field with the bases loaded to remain on the side.

Manchester showed the same weakness as in previous games, in that they were unable to get men on base and being unable to drive them around, having 10 men left on bases, Manchester hit the hitters on both teams with two hits in three times at bat.

General Rate Increase Being Asked by Michigan Bell

The Michigan Bell Telephone company formally announced its intention to file a petition with the Michigan Public Service Commission for a general rate increase.

Pointing out that it will mark the first time in 21 years that the company has sought a general increase in its charges, President Thomas N. Lacy declared that "general rates are no longer enough to meet postwar costs."

Beyond the indication that "a matter of fairness to all our customers," the proposed increases will be applied to all types of telephone service. Lacy did not reveal the extent of the proposed rate increases, but he said that the Michigan Public Service Commission will be asked to consider the matter later this month for approval.

"Michigan Bell is operating under a general rate schedule established by the Commission in the latter part of 1934," Lacy said. "Except in towns where local rates have been lowered since that time, the rates are still the rates of ten years ago and are still in effect. Meanwhile, the independent telephone companies have been granted increases in their service charges, taxes and supplies has gone up."

"Although the amount of business that we have been doing has risen sharply, the increased income has not kept pace with the rapid increase in the cost of operating the business. Since 1937, our income has gone up two and one-half times, but cost of operation has gone up three times the level of 1937."

As a result, our return on investment has slipped far below the level of the independent telephone rates, the company's return now is only four and one-half percent. In order to maintain a community can afford. The new rates will be just as low as possible, but they will be higher than the rates in 1946 being charged today, the return would be even low.

DETROIT GIRL BRIDE OF Leslie Parr
St. Mary's church of Redford was the scene of a very pretty double wedding ceremony which united Miss Pauline J. Deneau and Leslie Parr on Saturday at 4 o'clock. The bride is the daughter of Mr. and Mrs. Herbert Deneau of Detroit and Leslie W. Parr is the daughter of Mr. and Mrs. Clayton Parr of Manchester.

The bride, given in marriage by her father, was attired in a white floor length gown with a pink sash which matched her white mink. White lace edged her hair and a long veil of white tulle, the longest of white tulle, the bride chose a chiffon for her gown and a pink, crocheted picture hat and matching mittens completed her ensemble. She carried an arm bouquet of pink roses.

Victor Pegg served as best man and seated the guests were Howard Parr, brother of groom, and Dick Thomas, both of Ann Arbor.

The bride is a graduate of Farmington High School and is employed at the Detroit Athletic Club. The groom is a graduate of Manchester High School and the University of Michigan. He is employed by the Chrysler Corporation.

Following the ceremony a breakfast was served at Redford Inn. Later a reception was held at 2606 E. 10th Ave. where the bride and groom, which was beautifully decorated with lilacs, lilies and white hydrangeas. A buffet luncheon was served to one hundred guests from Jackson, Manchester, Tecumseh, Clinton, Ann Arbor and Detroit.
