TOPEKA KAS.—Although he is living on a modest pension, Phil E. Zimmerman is known in many parts of the world. His notoriety stems from the fact that he is identified simply as "the man who gives away hower seeds."

Known as the world's champion seed giver, the tall, gangling flower gardener makes certain that his flowers get around. He gives them away free.

Some of the Zimmerman flowers are growing in every continent in the world except Australia.

"I'm gaing to get them there pretty soon," he promises.

Almost everybody in Topeka knows Zimme. Man. Others are just as likely to know him in China, Great Britsin, Cuba or Africa. There are more than 1,000 gardens in Topeka bearing Zimmerman's flowers. He is credited with being instrumental in establishing several hundred new flower gardens every ear, served year.

about bills?

I ms one shows you the biggest value you can buy. It stands for a dependable, low-cost servant who can preserve, prepare, and cook your food-light, heat, and cool your house-do the cleaning and the laundrykeep time, entertain the family, and help do a dozen other jobs. For the average family, every dollar on it buys twice as much electricity as a dollar bought 20 years ago! What else represents so much value for so little money as your Electric Bill?
