Among the sixty names drawn for jury duty during the May term were Fred Kuhl, Harvey Proctor and Clare Walter of Manchester Townships.

At the council meeting scheduled for Monday, May 4 at 8 p.m. the question of garbage disposal will be discussed. It has been suggested that all those having questions or who have suggestions to make regarding the disposing of garbage is welcome to attend the meeting, according to village president Joe Schwab. It is hoped that there will be a good village representation at the council meeting.

Also of general interest is a letter which is printed in this week's paper which our president received from Manchester, England.

We also wish to make a correction to the confirmation list which appeared in last week's paper. The name of Gerald Meyer was omitted in the list confirmed at St. Mary's a week ago Sunday.

We were sorry to learn that Marie Kirchhofer is a patient at a Stockton, California hospital where she has been confined for the past six weeks. Miss Kirchhofer is a former principal of the Manchester high school.

Sometime within a week each box holder in the village of Manchester which includes District No. 2 will receive the first report of the Manchester area school survey. We'd like to suggest that everyone upon receiving this compiled report will read and study it. It will contain very valuable information which has been assembled by the steering committee of the school survey. Each representative of the various school districts in this area either have been given or will be given enough of these copies to distribute in their districts.

Let's perhaps someone might not acquire this valuable information. The Manchester Enterprise will print the entire report in next week's paper.

There is a change of time in the services at the Iron Creek church starting next Sunday church will be at 10 a.m. followed by Sunday school at 11 a.m.

Methodist Church Quarterly Conference

This meeting of the Methodist Church was held with Dr. Frank L. Fitch, District Superintendent, presiding. It was opened with singing and a Devotional Message, by Dr. Frank Fitch. Reports were received from all the activities of the year.

The Junior Church under Mrs. Ruth Oates has had an average attendance each Sunday of 22, and have a balance on hand of \$42. They have purchased two Standard Revised Bibles for their use. They furnish candles for the altar and present an Anthem in each Church Service under the direction of Mrs. Mabel Pardee. Their own lessons have been taken from the magazine, The Christian Home.

The Choirs presented two outstanding programs besides the regular Anthems from week to week. Under Arthur J. Cathey, Director and Miss Nellie Atkinson the Christmas Cantata with the Junior Choir taking part was very fine. The Easter Cantata found them combining with the Choir from Clinton Methodist Church, giving that number at each of the Churches and furnishing a special Easter Morning Anthem by the Combined Choir, first at Clinton and at Manchester. High appreciation is due to this fine fellowship.

The Sunday School has shown a fine increase in Average Attendance and offerings under the new Superintendent, Owen E. Cathey. They gave \$150 toward Missionary Activity and have a healthy balance on hand. Plans are being laid for several of the members to attend the Summer Camps at Wampler's Lake.

Mrs. Thomas Walton, President of the Womans Society of Christian Service presented the report of successful Enlarging, Refinishing and Equipping of the Church Kitchen at a cost of over \$2,000 besides their regular Obligations and help to the Church Budget. This brought outstanding commendation from the Superintendent.

The Trustees report showed the completion of a commodious Garage at the Parsonage under a committee directed by Melvin Heselschwerdt. This is completely paid for and furnace bills carried over from last year have been completely paid.

The pastor's report showed a gain of 24 members on Preparatory Roll. A total gain of 42 in Church Membership but from this 11 were lost by Death and 10 have transferred to other Churches to leave a net gain of 21 this year.

Benevolence treasurer Mrs. R. B. Haussler showed the World Service Askings as having been met in full to date with every indication that this good record will be continued to Conference time.

Church Treasurer Bennett G. Root, gave a carefully detailed report of Financial matters showing a good balance on hand and the expectation of meeting all bills by Conference date.

Most of the Officers were re-elected for the coming year and provision made for each of the Four Commissions of the Church to meet and elect their Chairmen as soon as possible.

The Youth Fellowship report by Mrs. John Pippenger, Lay Leader's Report by John J. Pippenger and the election of Trustees and Stewards completed the meeting action.

NEW BOOKS AT LIBRARY

Manchester Township Library has a new book; Schmid Letters, from Emerson Hutzler, principal of a school in St. Louis, Missouri. Mr. Hutzler made the translation and the foreword is by Miss Julie Kirchofer of Ann Arbor, whose mother was Lydia Schmid Kirchofer, a daughter of Pastor Schmid. Pastor Friedrich Schmid came to Michigan in 1833, representing the Basler Mission Institute at Basel, Switzerland, leaving two days after his ordination, at the age of twenty-six.

The letters written to his sponsors in Switzerland, are very colorful and give a vivid picture of southern Michigan in its early days and the life of a missionary clergyman who made his rounds on horse back or on foot.

Pastor Schmid was a well-known figure of his day and highly regarded by people of this and near by communities.

Mr. Hutzler's books are "The days that were," about his life as a boy in Freedom Township, Michigan; "Swabian," a study of local language variations, "My Trip abroad," 1951; and the Schmid letters.

Goodwill Collection Set For May 7th

Goodwill Industries will have a truck in Manchester, May 7th to make collection of bags containing discarded articles.

Mrs. Francis Cargo of the Hilltop Orchard is general chairman for the Manchester area and persons may contact her for further information by phoning 5063. If you have articles you may be sure that they will be picked up if you call her and give her your address. This is the best means for your assurance that the truck will stop at your home.

Rural donors and others who will be unable to have home collection made that day may bring bags to Hilltop Orchard for collection.

The date for the collection in town is May 7th!

Mrs. Edna Zoris of Jackson spent Sunday afternoon and evening with the Walter Kapplers.

A general meeting of representatives and members of the Manchester area boards of Education met at the high school on Monday evening with fourteen school districts represented.

Each of those present had been presented with the first report of the area school survey which had been compiled by the steering committee, of which Dan Boutell is general chairman.

This report which the steering committee presented was unanimously accepted by the group of approximately forty representatives.

Various methods of distribution of the report were suggested and it was decided each of the representatives from each of the school districts was to personally see that each family in the school district be given a copy rather than mail them to box holders. This suggestion was adopted in all but district No. 2 which is the village of Manchester and box holders in the Manchester area received their copies on Tuesday.

Allen Schaffer, representing District 2 reminded those present that in the survey it was found that Manchester district No. 2 which under the existing circumstances it is bound to accommodate first. Also there is adequate facilities to care for the pupils from the closed districts.

Dan Boutell, general chairman pointed out that at the end of the next five years (the period of time over which the survey is to cover) Manchester's present high school will be only large enough to care for the town's own pupils plus the pupils from closed districts without any of the high school students from the open districts that have been using Manchester High up to now. Where will the students go?

The school survey committee has not attempted to solve any problems. Its primary function has been to get the problem into the open for discussion.

One representative asked what the procedure would be if a school district would care to vote on the question of annexation. Supt. Fred Atkinson pointed out that the school board would have to pass on the resolution to annex to District 2. Then the resolution would have to be sent to the state board and resolution passed by that board and then with the stateboard's permission notices should be posted six days prior to the school meeting in the district. Fifty-one per cent of the votes cast decides the issue.

Rev. Karl Rest spoke briefly on the conditions as he found them from working with the study committee. He told the group that the greatest efficiency from studies cannot be attained when there are over crowded classrooms.

The question, "What would happen if school districts required their teachers for next year and then annexed to the Manchester school?" was brought up. It was pointed out by Mr. Boutell that regardless of whether schools annex to Manchester or not—and provided a new building is constructed in the future—the rural schools now operating will have to continue to function for the present time and school boards would not be out of line to hire teachers for another year.

It was generally decided to hold another meeting at the Manchester school on Monday, May 11 at 8:30 p.m. at which time the representatives from the school districts will be asked to express the sentiments of their districts.

A complete report of the steering committee will appear in next week's paper.

Thick Corn Stands Give Best Yield

Corn yields on many Michigan farms can be boosted considerably by thicker planting, says E. C. Rossman, Michigan State College farm crops researcher.

Five years of testing at several locations in the state have shown that about 16,000 corn plants per acre give the best yield on average to good corn soils. You can estimate 16,000 corn plants per acre this way, says Rossman. The corn is planted in 40-inch rows. It takes one plant every 10 inches. In 36-inch rows, a plant every 11 inches will average about 16,000 plants per acre.

Here is the way the corn yields compared with different plant populations: The 16,000 plants per acre averaged 11 per cent more corn than populations of 12,000, and populations of 12,000 plants averaged 25 per cent more corn than 8,000 plants per acre. This means that yields were increased 40 per cent by increasing the plant population from 8,000 to 16,000 per acre.

With the thicker plantings, ear size and weight per ear decreased, but larger numbers of ears per acre more than offset the smaller side. And, says Rossman, there was no consistent evidence that thick planting increased the amount of stalk breakage.

On the basis of the tests, says the scientist, stands of 16,000 plants per acre are recommended for good-to-average corn soils. And on light soils where fertility

is low, Rossman recommends 12,000 plants per acre. In the Michigan tests, Rossman reports, there were no cases where 16,000 plants per acre on good corn land resulted in a lower yield than the lighter rates of planting.

Time To Eliminate Fire Hazards

Thousands of communities will conduct Clean-up Week some time this spring in an effort to beautify the town and make it a healthier place in which to live. It is also a good time to improve fire safety in your community.

Firemen report that the basement is the most dangerous spot in the house as far as fires are concerned. If your home was inspected today the firemen would look for piles of waste papers, oily rags, or discarded furniture. They would examine your ash barrel—it should be metal. Then they would turn their attention to

furnaces, stoves or smoke pipes close to combustible ceilings or partitions. Charring of wood, blistering of paint, or wood that is hot when you hold your hand against it, are signs that the temperature in that area is dangerously high.

Your gas appliances would be inspected, to be sure there are no conditions which might cause gas leaks or explosion. Your chimneys

chinery and electrical equipment, all of which have created many new fire hazards that must be safeguarded against by the farmer.

And it is important to note that farm fires often result, in total loss because of inadequate water supplies.

Clean up on the farm and clean up the home is a wise spring practice.

Michigan Is Vacation Land

Among Michigan's many tourist attractions, sightseeing, scenery and fishing are the leaders, according to Robert J. Furlong, Executive Secretary of the Michigan Tourist Council. This is one of the preliminary disclosures in a survey now being conducted by the Michigan Tourist Council and the Bureau of Business Research, of Michigan State College.

Dr. David J. Luck, Director of the Bureau, said the survey also reveals that 72 per cent of the people who read Michigan Tourist Council 1952 advertising and wrote for vacation literature actually vacationed in Michigan.

Pin Patter

The last games of the 1952-53 Manchester Business Men's Bowling season were bowled this week. The newly crowned champions, A.B.C. Service, took on Mann's and really snowed the Millers under for 4 points as the Service Men tried to get back the high team game that they lost to Carl Schaible's team last week. The Service men nearly got it too, missing it by 14 pins when they got 949 pins in the second game. Dewey Hartbeck had a 589 series going through the evening with out a miss. Bob Clark had a couple of 200 games—219 and 202—and a 543 series. Elwyn Benedict had a 540 series, one of his games was a 225 game. Walt Schaible's team lost three points to Don's Dairy Bar, but that didn't make any difference as the Clothiers had the second standing clinched last week. None of the bowlers in this match got "hot" so there were not any 500 series bowled. Mary's Tavern tangled with Koebbe's Welders and the Tavern boys got away with 3 points, as Bob Popkey (501 series) and Morgan Kern (512 series) lead the way for the winners, one of Kern's games was a 220. It is understood there was a throwing contest in this match but as yet the winner wasn't officially announced. Double A Products handed Klager's Hatcheries a setback by taking 3 points. The only one to get a 500 series was Larry Miller, Double A captain, which was a 512 series. In the only draw of the night K & W Farm Supply and Shorts Electric Service took 2 points a piece. Jerry Bower had a 554 series including a 208 game. The 2 points enabled Shorts to nail down 3rd place in the league standings just 1 point ahead of Kappler's Contractors and Klager's Hatcheries who tied for 4th place.

Kappler's Contractors took 3 points from Carl M. Schaible's team. Three of Kappler's bowlers, Russ Middlemiss (509 series), Larry Dann (510 series) and Speck Kapplers (501 series) cracker the 500 series mark. A very successful season has ended with A.B.C. Service, copping the 1st place in the league standings, as well as the season's highest team series (2611). Carl M. Schaible's team had the second highest with a 2604 series, but Schaible's team had these season's highest team game (963). A.B.C. Service had the second highest team game (955). Speck Kappler had the season's highest individual series (673) with Bob Clark's 658 series being second highest. Bob Clark had the season's highest individual game (256) and Speck Kappler and Bill Warner had a 254 game each for second highest. On April 28th the annual bowling banquet will be held at the Legion Hall. At that time the new officers will be elected for 1953-54 and the prize money for the 1952-53 season will be distributed.

In 1946 Mr. Schaffer purchased the Willow Run Service Station at 1040 Midway which he operated until 1952.

Local Doctor Reports To TB Association

The annual meeting of the Washtenaw County Tuberculosis Association was held at the Association offices, 122 North Fourth Avenue, Ann Arbor, on April 23, 1953. Dr. Arthur Holstein, the Manchester representative on the Board of Directors, reported that 283 contributions were sent from Manchester totaling \$361.84. This is an increase of 15 per cent over the 1951 total of contributions for Christmas seals.

Of the total amount contributed 82 per cent will remain in Washtenaw County for working toward the eradication of tuberculosis. The program of research, rehab-

ilitation and health education will continue at an intensified rate because, although the death rate declined 68 per cent during the twenty year period 1930-1950, the number of new cases found declined only 25 per cent. Much still remains to be done in tuberculosis control if we are to lessen the spread of the disease enough to lower the number of new cases.

Dr. Holstein expresses thanks on behalf of the Association to the residents of Manchester for their continued support of the work of the Washtenaw County Tuberculosis Association.

Nine Rural Schools To Participate In Annual Track Meet

Arrangements are all made by the High School Student Council for the annual Track Meet. The events scheduled for the boys are 100, 50, and 30 yard dashes, high jumps, broad jumps and various throws.

The girls will have similar contests with the addition of a sack race. Four points for a first, three points for second and two points for third place, will be the scoring system. The school compiling the most points will receive the inscribed trophy for the next school year. There will also be ribbons awarded to the individual winners.

Following the meet there will be a baseball contest between the local school and Grass Lake High school. All of the rural contestants have been invited to attend the game. If the meet and game are rained out, the meet will be held Friday, May 15.

Day of Recollection Saturday, May 9

The last Day of Recollection of the 1952-53 season will be held at 2:00 to 8:30 p. m. on Saturday, May 9 at Duns Scotus College, W. Nine Mile and Evergreen Roads, Detroit.

All men are invited to avail themselves of this last opportunity before Fall to get away from the foibles and fast pace of the

world for a half day and to strengthen their spiritual tone with the aid of the Blessed Mother, to whom the month is dedicated.

Between the three informative and inspiring half hour discourses in the afternoon by Fr. Leander Blumlein, O. F. M., one may stroll over the beautiful grounds and meditate, say the Stations of the Cross, read, go to confession in preparation for Holy Name Sunday, or pray the rosary. Silence is observed by all.

A "family style" supper is served at 6:00 by members of the Third Order of St. Francis, who sponsor the Day of Recollection. This is followed by a discussion period for the benefit of those who wish to ask questions. A Holy Hour with the Friars ends the day.

For reservations or transportation call Lu. 1-4997 or Te. 4-0012.

Letter From Manchester, Lancs.

Odeon Theatre, Oxford St., Manchester, Lancs.
15th April, 1953

The Mayor Manchester.

Washtenaw County, Michigan
U. S. A.
Dear Mr. Mayor,

I sincerely trust that you will pardon my writing to you, but being a citizen of Manchester, England, which this year I am very proud to tell you, is holding its centenary celebrations, I felt that I could not let this occasion pass without writing to you, sir, as Number One Citizen of Manchester, Michigan.

Apart from celebrating our own centenary throughout the year, we are also, as you know, celebrating the crowning of Her Majesty, the Queen in June. A matter of hours after the ceremony in Westminster Abbey, Manchester citizens will have the opportunity of seeing this historic event and its ensuing pageantry at this cinema, this film being flown from London.

It is hoped that many of your citizens in the American Forces stationed in this part of England will be able to attend a private screening, which will be arranged with permission of the Station Commanders of the various units. Apart from this, we shall be very pleased to welcome any citizens from your town, should they be visiting England for the Coronation, and to this end, I should be greatly obliged if you would let me have details of anyone who is coming, together with the names and units of men in your Forces, so that I can contact them in order to send a personal invitation.

We Mancunians are also very proud that our football team Manchester United, is to visit the States, and I sincerely hope they will have the opportunity to play in or near your town, whose very name will make them feel that they are playing "at home". We are also very glad to know that Matt Busby, the Manager of United, has been chosen to go on a three months tour of your coun-

try, coaching various football clubs, and I am sure he will be an excellent Ambassador.

In writing this letter, I feel you may like to bring it to the notice of your fellow townspeople, possibly through the medium of your local newspaper, and you may find that some of them have lived in Manchester, or that during the war they have visited our city whilst on duty or on leave, and I should be only too pleased to hear from them.

I am certain that an enormous amount of interest will be aroused, and I feel it would accomplish a great deal towards establishing a bond between our two Manchester in this our centenary year, and the beginning of this new Elizabethan era.

I would be honoured if you could spare some of your valuable time to let me have a letter or cable in reply, and should our correspondence arouse any comment in your newspapers, copies of same will be greatly appreciated.

Yours sincerely,
F. J. Smidmore,

General Manager.

P. S. I have just received information from London that the film of the Coronation, "A Queen is Crowned" is being flown to the United States immediately after the ceremony, and it would be interesting to know when the film is shown at your local theatre.

Manchester Wins Close One

Leonard Scheid, reporter The high school baseball team won their second game in two starts as they won a close game at Hartland on Friday. The game puts Manchester on top of the league with Pinckney.

The game was close all the way with Hartland leading three times during the contest.

Bob Rhees started pitching for Manchester. Ray Mitchell took over in the fifth and Bill Aiken retired the last two batters in the seventh. Ray Mitchell, a sophomore looked good and is expected to help a lot in the future.

The next home game is Friday with Grass Lake at 3:30 p.m. This will be a non-league game. There will also be a rural school track meet here on Friday afternoon.

Manchester Takes First Game of Season

by Leonard Scheid The high school baseball team got off to a good start Tuesday April 21 in their first game of the season.

The Dexter game was also a league game so it paid off more ways than one. Dexter took the lead in the early stages of the game by the score of 2 to 0 and held the Dutchmen scoreless until the last of the 7th inning when Manchester rallied for three runs to win the game.

Bill Aiken pitched for Manchester and won his first game of the year. Dan Nuttle started for Dexter and was relieved by Forshee in the 7th. The game was exciting all the way.

Mr. and Mrs. Clarence Detting of Pleasant Lake spent Sunday with Mrs. Alma Uhr.

To Attend Girls' State

The Emil Jacob Unit No. 117 of the American Legion Auxiliary has selected Marie Hesel-schwerdt, daughter of Mr. and Mrs. Melvin Hesel-schwerdt of Manchester to attend Girls' State to be held on the Campus of the University of Michigan June 16-24th.

Selection to attend Girls' State is a high honor. Girls chosen must be Juniors in High School, a potential leader, honest, industrious and have a high sense of duty. The final approval of the girl chosen is left to the local American Legion Auxiliary.

Wolverine Girls' State was established in 1941 and dedicated to the training and development of girls who have qualities of leadership. The primary objective of Girls' State is to stimulate girls to take a deep interest in the development of home and community life and to encourage them to be better citizens of tomorrow.

Girls' State brings to the girls attending a knowledge of the principles of National, State and Local government through actual practice. It gives them a state of their own, a session of governing themselves, through democratic procedures. Officials of towns, county and state are elected. In this way the girls have an opportunity to understand just how the government in their state operates.

Three hundred girls will have the privilege of attending Girls' State this year. Two girls will be elected from the 300 to attend Girls' Nation at Washington, D. C. where they will be given the opportunity to see the operation and functions of the National Government.

It is the hope of the American Legion that Girls' State will inspire and develop an interest in the study of our government and stimulate a desire to protect the privileges and responsibilities of our Democratic form of Government.

Washtenaw County Infirmary Group Elected Officers

At a county wide meeting of the Auxiliary to the Washtenaw Infirmary recently, a new name was proposed but has not yet been adopted. There was a good attendance from all parts of the county and an election of officers for the ensuing year was held. Attending from Milan were Mrs. G. L. Laskey, Mrs. Gerry Heath and Mrs. Walter Stribley. Great changes and improvements have been made in the past year, including the purchase of six wheelchairs, which enables formerly restricted patients more freedom, as they can now reach the dining and recreational rooms. An Open House is planned for Friday, May 15, to which all interested individuals and groups will be invited. There are at present 481 individual members in the county.

The new officers elected are Mrs. Ralph W. Belknap, president; Mrs. L. C. Stuart and Miss Dorothy Goss, vice presidents; Mrs. Ray W. Niles, corresponding secretary; Mrs. David Arthur, recording secretary; Mrs. Samuel Schneider, treasurer. Standing committee members are Mrs. Howard Reindel and Mrs. H. S. Coffey, membership; Mrs. James Cissel, Mrs. Robert Spicer, Mrs. John Dillon and Mrs. Fred Arend, ways and means; Mrs. Loren Kurtz, Mrs. Leonard Young and Mrs. Herman Petersen, recreation; Mrs. A. M. Waldron, Mrs. Gordon Mac Donald, records and shopping; Mrs. C. E. Bottum, Mrs. W. K. Goss and Mrs. Walter Laubenthal, house; Mrs. R. Bennett, diversional therapy; Mrs. Gordon Griffith and Mrs. L. C. Stuart, public relations.

During the past year the institution has gained in prestige from the third from the lowest

to the third from the highest in County Welfare.

State Accepts Five National 4-H Awards Programs For 1953

4-H Club members in this State will be eligible to participate in five 1953 national awards programs offering medals of honor, all-expense trips to the Chicago 4-H Club Congress next November, and \$300 college scholarships, the State Club office has announced.

The programs and donors are: Farm and Home Electric, Westinghouse Educational Foundation; Field Crops, International Harvester; Girls' Record, Montgomery Ward; Poultry, Dearborn Motors, and Tractor Maintenance, Standard Oil Foundation, Inc. (Chicago).

With steadily increasing participation in these programs during the last five years, it is estimated that in 1953, 100,000 members will enroll in Farm and Home Electric, 328,000 in Field Crops, 1 million in Girls' Record, 220,000 in Poultry, and 68,000 in Tractor Maintenance.

All five programs are conducted under the direction of the Cooperative Extension Service, County Extension Club Agents will furnish complete information.

Grange Activities In County

Wm. Hayes, Master of Washtenaw Pomona Grange, is one of the members of the rural committee involved in a possible solution of the Fairgrounds purchase problem being considered in the county. The complex plan, submitted by a special Ann Arbor

City committee headed by M. C. Taylor, calls for the appointment of five trustees by the circuit court. It also proposed that a development committee of six members, three to be named by the City Council and three by the agricultural interests of the county, be set up.

The committee would draw up a plan for the development of the property and submit it to the trustees for approval. However, in the event that no suitable plan were submitted by the committee within a three-year period, the trustees would have the right to consider any proposal offered by the agricultural interests involving use of the funds held in escrow from the sale of the property.

There is great need for an "activities building" for use of various organizations throughout the county, for exhibits and meetings. Several of the old buildings could be salvaged and such a center created. This is the aim of the agricultural interests. Involved in the plan are the County Agent, the 4-H activities, the Farm Bureau and the Granges.

The whole plan is tentative but there is much interest in the project and it is hoped it can be pushed to a worthwhile conclusion. As a member of the Washtenaw County Planning Commission, Mr. Hayes is especially interested.

Another interesting development in the rural field is the establishment by the Kellogg Foundation of five township workshops for agents. These trained men would not only render advisor council, but actually work with the farmers in the designated areas to improve their land, crops or livestock. It is thought that after a five-year experimental program, the need of such cooperation would be established, and townships as well as counties employ

trained personnel.

While this plan is not widely known as yet, two of the townships have been selected and there is big hopes that York-Township will be considered as one for the test.

MOBILGAS ECONOMY RUN FLASH!

FORD BEATS ALL IN ECONOMY!

MILEAGE MAKER "6" WINS SWEEPSTAKES!

Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon.* And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.55 ton-miles per gallon!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions... and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thriftiest car of all? What better way to show why Ford is worth more when you buy it... worth more when you sell it!

TON-MILES PER GALLON*

Ford is the first car in its weight class... in the history of the Economy Run... to win top honors in ton-miles per gallon over all other cars regardless of size or weight.

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.
