Ten Rural Schools Express Willingness To Annex To District 2

Nearly sixty persons, representing school district No. 2 (which is the village of Manchester) and board members of outlying school districts as well as a number of interested persons in the Manchester area gathered at the local high school to hear another report of the area study steering committee.

Board members in the various districts brought in their reports on how the districts of the area feel concerning the problems of consolidation.

Of the new, eighteen school districts involved, 13 were present when Dan Boutell, steering committee chairman, opened the meeting.

Eighteenth district invited in to listen to the planning was Rogers Corners.

At a previous meeting board members in the districts were instructed to call meetings in their school districts to ascertain whether the people of the districts cared to annex to the Manchester district No. 2. The reason for the concern of annexing to Manchester school stems from the problem of overcrowded classrooms due to children from the nearby rural area coming in to the Manchester schools following their graduation from the eighth grade country school. It was pointed out that state law demands that the school districts must provide educational facilities for students until they reach the age of 16 years. Another reason for extra grade school children coming here is that several rural schools in this area have been closed.

As the roll call proceeded each district representative told the group assembled how their particular district voted when confronted with the question of annexation.

Districts which indicated that they would be favorable to annex to Manchester are: Paul school No. 2 Bridgewater township, Dewey school No. 9 Bridgewater township, Zimmerman No. 9 Manchester township, Pierce No. 6 Sharon township, Short No. 8 Bridgewater township, Matteson No. 4 Manchester township, Rows Corners No. 1 Sharon township, Davider No. 2 Sharon township, Craft No. 7 fractional Sharon township and Dorr No. 9 Sharon township.

Mr. Boutell noted that there are two ways of consolidation—by complete reorganization when a completely new school board is set up to govern the new district, such as Saline with a rural agricultural school, or by annexation when the school districts annex to the central school and the school board remains the same with members holding their post until their

term of office expires. The terms of Franklin Reck (now president of the school board) and Dr. Henry Eames will expire at the annual school meeting in July.

Supt. Fred Atkinson told the group that of the 477 schools in the state which last year were faced with the problem of consolidation all but 42 went through the process of annexation. It was pointed out that where problems of building are involved bonding companies favor the annexation procedure, according to Mr. Boutell.

The Manchester school board, all of whom were present, told the group that they favored annexation—preferably if ten or more schools annexed to Manchester. President of the Board, F. Reck told the group that the local board would welcome the advice of a planning committee comprised of persons from all of the districts such as have been making the general survey.

It was pointed out that schools wishing to annex, after they hold a special meeting of the District Board and declare their willingness to annex, are to send a resolution to the Superintendent of public instruction for approval.

After the Superintendent of public instruction grants the resolution the question of becoming annexed should then be submitted to a vote of the electors of the district.

This vote must be taken and results certified by Lansing by June 12 in order that the voters of the annexing district will be qualified to vote at the general school meeting which will be held the second Monday in July as set by state law.

The ten school districts which indicated approval to annex were given resolutions to be signed at special meetings in the respective districts and Superintendent Atkinson asked that these be returned to Manchester by Friday of this week. The necessity for the hasty meetings is to insure completion of the processing of annexation to meet the deadline for outlying districts to cast votes at the annual school meeting here.

Four undecided districts—Sharon Hill, Oak Ridge, McMahon and Spafard also took resolutions for consideration.

It was pointed out that the Manchester school board alone decides on annexing of districts. No vote of the electors of this district is necessary. When the school districts in the area vote on annexation 5 per cent of the total votes cast is necessary to carry the vote.

Mesdames Beuerle And Blumenauer To Attend Convention

At the Arbeiter meeting delegates were chosen to attend the Arbeiter convention at Detroit on June 2, 3 and 4th. Mrs. Alwin Beuerle and Mrs. Theodore Blumenauer were named to go with Mrs. Basil Schwab and Mrs. Lawrence Schied as alternates.

The June meeting will be held one week late in order to hear reports of the delegates. The meeting will be June 11th. Good of the order for June are Mrs. Oscar Bahnmiller; Mrs. Amelia Bentschneider and Mrs. Gordon Bowers.

Cards were played and refreshments were served by Mrs. Harold Altenbernt, Mrs. LaVerne Altenbernt and Mrs. Fred Binder.

EXCHANGE BACKS ANNEXATION

Twenty-one members of the local exchange club were present when the group met for their regular meeting at the Emanuel church hall. Plans for Ladies Night on Monday, May 25, are about complete and all members will be contacted to insure a good attendance. Plans are also underway for the annual chicken dinner to be held the second Thursday in July.

Donald Sutton was initiated as a new member, bringing the membership to forty-two. Franklin Reck and Dan Boutell gave a report on the annexation problem of the Manchester area school districts. They also told about the work being done to solve these problems. The club voted unanimously to support such a program one hundred per cent.

Local Woman's Neice Has Stroke Of Bad Luck

Mrs. Lillian Sosnowski of Detroit, in a moment of forgetfulness, lost \$5,000. Mrs. Sosnowski is the niece of Mrs. John Iwanicki of Manchester. Last Friday Mrs. Sosnowski drew \$5,000 from her safety deposit vault at the Commonwealth Bank branch at 8643 Van Dyke, Detroit, in \$500, \$100 and \$50 bills. She planned to use the money to repay a \$3,500 loan from the estate of her father and a \$1,500 loan from her brother-in-law.

She placed the money in a white envelope on the counter beside her while she purchased a \$20 money order for her son, Robert, an army private in Seattle, on his way to Japan.

After getting the money order, Mrs. Sosnowski went outside to mail it. She remembered she had left the \$5,000 on the counter. She rushed back but the envelope was gone and could not be found. Postoffice inspectors were called to open the mail box to see if she had deposited the wrong envelope. The inspectors found the money order for \$20 but not the \$5,000. She reported the loss to police who are investigating.

Therefore, individuals who enroll should have definite plans to teach water safety, first aid, or accident prevention and thus pass their knowledge on to others. Each person trained at the aquatic school, who in turn teaches others basic Red Cross skills, indirectly benefits hundreds of people, according to Melvin A. Buzzard, First Aid and Water Safety Services Director of the Midwestern Area of the American Red Cross.

Exchanges Of F and G Bonds

Mr. John W. Rae, Volunteer Chairman of Washtenaw County Savings Bonds Committee, today reminded all holders of F & G Treasury bonds which will mature between May 1 and December 1953 of the Treasury offer which makes it possible for them to exchange their bonds for the new Treasury 3 1/2 percent fully marketable bonds if they desire. The offer announced by Secretary of the Treasury Humphrey April 13 does not apply to Series E Savings Bonds which mature during the same N. S. period. Holders of maturing E Bonds are still privileged to hold the same Bonds for an additional ten years with interest. Holders of maturing F and G bonds must make application to exchange their bonds for the new 3 1/2 percent issue May 1. Arrangements to make the exchange should be made at Federal Reserve Banks and Branches. Local banks will be glad to advise holders on making the exchange, Mr. Rae added.

Exchanges of Series F and G bonds will be made par for par and will be allotted in full. Since holders of Series F and G bonds will receive interest on the new bonds at the rate of 3 1/2 per cent from May 1, 1953, interest adjustments will be made as follows: In the case of Series F bonds the subscriber will be charged an amount equivalent to interest from May 1 to date of maturity of the F bond at the rate of 2.53 percent per annum. In the case of Series G bonds, the owner will

receive an interest payment at the rate of 2 1/2 per cent per annum borne by the G bond, from the last interest payment date to May 1, 1953.

The lowest denomination of the new bonds will be \$500. Mr. Rae pointed out. Holders of smaller denomination Series F and G bonds may exchange them for the next higher multiple of \$500.00 upon payment of any cash difference.

Eligible F and G bond holders who do not wish to make the exchange will have the opportunity of reinvesting the proceeds of their bonds as they mature in Savings Bonds currently on sale, or to receive cash payment.

The Treasury has called the special attention of all F and G bond holders, including those corporations and organizations which require directors' or finance committee action, to the limited time available for making application for exchange. The offer expires April 30.

SEASON IS HERE WHEN SPEED UPS ANNUAL HARVEST

With the arrival of the summer months, speed, the No. 1 public enemy on the highways, is increasing its harvest and wise motorists anxious to save their lives will keep this in mind by driving with the utmost safety, according to Sergeant Claude Bartell, commanding officer of the Clinton post of the Michigan State Police.

"Figures just revealed show that last year 48 per cent of the traffic violations reported in fatal accidents were for driving too fast, the highest percentage in the history of the state," Sgt. Bartell said. "Driving too fast doesn't mean just getting everything out of the car that you can, but going too fast for conditions such as traffic, weather and visibility."

Police agencies throughout the state are now cooperating in a campaign to urge drivers to control speed," Sgt. Bartell said. "Safety appeals are not just idle talk," Sgt. Bartell stated. "The record shows just how foolish it is to drive faster than you should. During 1952, for example, there were 160,829 accidents as compared to 176,587 in 1951, a reduction of 15,758. But even with fewer accidents, more people were killed or injured last year than during the year previously, or 50,837 casualties in 1952 and 50,058 in 1951. The answer was that cars were being driven too fast and hit with greater impact with more serious results.

The law does not set a specific maximum speed limit, but it does require that cars be driven at a speed that is safe, according to conditions. Sometimes this is higher and sometimes lower. But a driver who is anxious to save his life will not only drive cautiously, but watch out for the other fellow who isn't. And this is the season of the year for more accidents."

The editor of a small town newspaper, when taken to task because of an error in his newspaper, came up with this answer: "Yes, we know there were some errors in last week's newspaper. We will further agree that there are some errors in the issue of the week before. But before bawling us out too unmercifully about it, we want to call your attention to these facts—In an ordinary newspaper column there are 10,000 letters, and there are 7 wrong positions for each letter, making 70,000 chances to make errors and several million chances for transposition. There are 48 columns in this newspaper, so you can readily see the chances for mistakes. Did you know that in the sentence, 'To be or not to be,' by transposition alone, 2,759,022 errors can be made? Now aren't you sorry about that little mistake last week?"

Step 1. Open one 1 lb. can either jellied or whole cranberry sauce. Put one large happy sun-ripened orange through food chopper (rind and pulp).

Step 2. Mix thoroughly the ruby-red cranberry sauce and chopped orange. Cover dish and chill to blend flavors. Makes delicious cranberry-orange relish — perfect partner to springtime turkey.

Step 3. Stuff your family-sized turkey (they come in sizes from 4 or 5 lbs. up) with a whole fresh pineapple to give a springtime touch! Select a ripe fresh pineapple and pare lengthwise. Roll in sugar and place in turkey cavity!

Step 4. For even browning, cover turkey with cheesecloth dipped in melted fat. Press cloth around bird snugly and roast according to standard time for weight of bird. During last 10 minutes of roasting, remove cheesecloth to allow extra browning.

A springtime touch for an oldtime favorite—this new, light, gay way to serve Turkey and Cranberry Sauce will satisfy everyone's taste need for a bit of spring fancy! Emily Adams

Mother-Daughter
Banquet Success

The Methodist Mother and
Daughter banquet was held Wed-
nesday at the church Hall May
6th and was sponsored by the W.
S. C. S. with one hundred thirty
in attendance. The festive tables
were adorned in blue and gold;
blue foiled containers cradled for-
sythia and marsh marigolds. The
off-table bouquets were of flower-
ing quince, forsythia and jonquils.
Individual places were set with
yellow royales yellow mint cups
and tiny printed miniatures of
flower filled sprinkling cans.

The program books were cov-
ered with blue paper, designe with
for-get-me-nots scattered over yel-
low ribbons. This scheme was car-
ried out on the yellow napkins with
a spray of for-get-me-nots on each.

The table decorations were in
charge of Mrs. Kenneth Kouba
Mrs. Charles Eisenhower, Mrs.
Earl Knickerbocker, and Mrs.
Malcomb Billings. The program
was in charge of Mrs. Melvin Hes-
elshardt, Mrs. Marvin Oates and
Mrs. John Pippenger. Group sing-
ing was led by Mrs. Harold Stray-
er with Miss Nellie Ackerson at
the piano. Corsages were present-
ed to:

Mrs. Caroline Hoffer as the old-
est mother present.

Mrs. Harold Keisel as the
youngest mother.

Mrs. Helen Butler with the most
youngest daughter present.

And to Robin Jean Roller as
the youngest daughter present.

Judy Nichols gave the toast to
the mothers and Mrs. Fred At-
kinson gave the toast to the
daughters; this was presented in
a unique dialogue effect, while
thumbing through a photograph
album—simultaneously a living
portrait appeared in a life size
frame. The memoirs were given
to each picture in the album—
portraying the following stages:
Mrs. Duane Roller and Robin as
mother and infant daughter; Mrs.
Jacob Keisel and Marilyn as
mother and baby's first birthday;
Brenda Eames as "Little Miss
Pluffy Ruffles"; Mary Elizabeth
Parkinson as "Little Miss in Blue
Jeans"; Louise Pippenger as "Lit-
tle Miss Mischiefous Who Be-
comes Soiled"; Connie Knicker-
bocker as "Little Miss Just out of
the Tub"; Caroline Fink as

"Mother and Teen-age Daughter";
Mrs. Claude Gage and Shirley as
"Mother Presenting Daughter in
her first Formal"; Mrs. Mabel
Pardee and daughter Jean as "Mo-
ther Observing Daughter in Wed-
ding Gown"; and lastly, Mrs. Wil-

bur Lamb and Ellen Marie, Mrs.
Lowell Parr and Mrs. Fred Gross-
man as "The Four Generations."

Mrs. Mabel Pardee took charge
of the two junior choir numbers.
Children taking part were Ann
Walton, Cherrie Roberts, Janet
Walter, Karen Gilbert, Louise Pip-
penger, Connie Knickerbocker,
Helen Eckles, Nina Strang. The
wee ladies and dollies swayed to
"Rockabye Baby" and Brahms
"Lullaby."

The older girls of the junior
choir, Bachorn Platt, Elizabeth
Oates, Carol Heselshardt, Non-
nus Gilbert, Melva Strang, Patty
Fuller, Judy Walter, and Mary Sue
Smith sang "Too Ra Loo Ral (An
Irish Lullaby)" with Miss Nellie
Ackerson as organist.

Two accordion solos were ren-
dered by Judy Walter "Sweet
Hour of Prayer" and "Mother."
Chalk-talk by Professor William
Schule proved very interesting to
the entire gathering. Daughters

were overjoyed as their favorite
activity with mother was carica-
tured before their very eyes.

Those assisting back stage were
Mrs. Henry Eames, Mrs. LeRoy
Knickerbocker and Mrs. George
Nichols.

FEED RESERVE

A trench or upright silo loaded with low-cost green
feed is real security against drought, storm and high
feed prices. An acre of 15-ton grass-legume silage
contains almost as much dollar value in feed nutri-
ents as two tons of purchased cattle concentrate.

Now is the time to equip yourself to beat both
weather and lower farm prices — with your own
Allis-Chalmers Forage Harvester. It's the big ca-

No doubt about it...

Chevrolet trucks
must be the best buy!

This year—for the 12th straight production year
—truck users are buying more Chevrolet trucks
than any other make. That couldn't be true unless
Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable
story of clear-cut and decisive preference for Chev-
rolet trucks. But, this is not surprising, for truck users
everywhere are discovering how far ahead of all
others Chevrolet trucks really are.

They are discovering things
like the tremendous new
power in advanced Load-
master engines in heavy-duty
models ... the remarkable
gasoline economy ... the extra ruggedness and
strength of heavier, more rigid frame construction.
And, in addition to all these advantages, the Chevrolet
line lists for less than any other trucks of comparable
size and capacity. So, before you buy any truck, stop
in and see us.

Lads From Boysville Visit Oklahoma Ranch

On Sunday last, a large bus drove into the yard at the Oklahoma Ranch, driven by Brother Carlos. He had about twenty young boys from Boysville at Macon, Michigan, who called on Mr. and Mrs. Bob Merithew. The boys just scattered all over the place, in the barns and corals and took a look at the horses, the saddles in the tack room. Then went down to the Oklahoma Ranch Arena, and they had a hike thru the woods and over the hills.

The Merithews have invited the Boys and Brother Carlos to make a trip to the Ranch some time in the later part of May for an over-night camping trip, they will bring about 20 saddle horses and the Ranch will be turned over to the Boys for a ride and picnic, using the picnic grounds at the Arena for their headquarters. They were glad to see Brother Carlos and the boys, and they having standing invitation to be Merithews guests at the Sixth Annual Rodeo on the 3rd Sunday in August.

Noggle gave a report of the recent discussion topic "Should farm tractors be licensed?" The guest speaker of the evening was Paul Hardwick, an exchange student from Germany, now staying at the Stanton Roesch home.

He told several interesting things concerning general life in Germany, where he lived in the industrial section of the Ruhr Valley. One special incident he noted was that in Germany (where he lived) there was very little field corn and no sweet corn or pop corn. He said it was very amusing to him to see people here eating sweet corn off the ear—and to see pop corn. He said that he likes both.

At the conclusion of the meeting the hostess served sandwiches, pie and coffee. The June meeting will be held at the home of Mr. and Mrs. Marvin Kirk.

Michigan Youth To Attend Conference

One-hundred Michigan young people representing the fellowship of all Seventh-Day Adventist youth in this state, will board chartered busses in June and "go west" to the church's Pan American Youth's Congress which is to be held in San Francisco, June 16-20 of this year.

Six years ago in San Francisco, the church held a North American Youth's Congress at which time the original "Share Your Faith" program was inaugurated. In 1951, delegates from key centers in North America attended the European Youth's Congress in Paris. This year's Pan American Congress, which includes North, Central and South America, will be the first of its kind in the history of the church.

Author Cites Cure For Modern Frustration

BOREDOM is the result of spiritual stagnation. It can only be remedied by irrigating those areas of the soul which neglect has made parched and barren.

Modern man concentrates on the mind and body and forgets about his soul. He dooms to frustration his most vital capacities. His spiritual faculties, intellect and will, are not allowed to operate at capacity. The result is spiritual starvation. Life becomes a series of humdrum occurrences with which we are glad to be finished. There is no purpose, no joy or happiness in such a life.

YOUR AUTOMOBILE cannot function properly when it uses only two cylinders. Neither can you. The most fundamental part of your personality must be activated if you are to live a full and happy life.

This means that your soul must be allowed to reach out for the object which will satisfy its hunger, for the true, the good, and the beautiful. This means that you must know, love, and serve God.

MAN'S DIGNITY and greatness lie in the capacity to know and love God. It is the tragedy of modern life that so few men realize their nobility, that so few men exercise the capacities which raise them above the animals. Tennyson puts it this way:

For what are men better than sheep or goats
That nourish a blind life within the brain

If, knowing God, they lift not hands of prayer
Both for themselves and those who call them friend.

PRAYER is the most effective way of bringing into play the depths of our personalities. It is the activity most befitting our dignity. Prayer puts us into contact with absolute goodness, truth, and beauty. Our spiritual hunger is satisfied. Our restlessness and frustration melt into fruition.

PRAYER revolutionizes our lives, giving them new meaning. Everything we do takes on new purpose. Our whole lives are orientated toward God. This is the source of great joy and peace. We know that we are fulfilling the reason of our existence, that we are bearing fruit in the only production line which will continue after death.

3. ARE RELIGIOUS SCHOOLS BAD FOR THE U.S.?

(1) Six ways to find satisfaction with your work are outlined by G. Milton Smith in his book, "More Power to Your Mind." (1) To get satisfaction you have to give it, (2) If you are compelled by economic necessity to continue in a job which may not be ideal, make the necessary compromises.

(3) If you don't take a job that challenges your abilities, you may end up in complete boredom with your work. (4) If you don't get satisfaction from your job, find it in a creative hobby of some kind. (5) Be your own efficiency expert. Experimenting with various ways of doing a chore can sometimes make it more interesting. (6) If you fail in your work, try to find out how you can do better or what went wrong. Don't just say, "I can't."

(2) Although Daniel Morgan's famous rifle corps was referred to as "Morgan's Virginians," two-thirds of the men were Pennsylvania Dutch. The famed "Kentucky rifle" which they used was evolved in Lancaster county, Pa., by German and Swiss gunsmiths. It was this long-barreled rifle and the shooting accuracy of the Pennsylvania Dutch which frightened the British army during the Revolutionary War.

(3) A cross-section of U.S. adults who were asked this question in a recent survey answered as follows: Sixteen per cent said religious schools are bad for the country. Some 42 per cent said they are good for the country, and 11 per cent qualified their answers or had no opinion on the subject.
