## School Districts Split Manchester Youth Killed In Head-on Collision

Three school boards met at the Everett school Thursday evening, July 2, to complete plans for splitting the Everett district so that approximately one-half of the district can join the Manchester Public Schools and the other half go to Chelsea.

The Everett district lies midway between Manchester and Chelsea. A recent poll of the 33 families sending children to school showed that the fifteen families living south of the Grass Lake Road would like to send their children to Manchester, while the eighteen families living in the north half of the district preferred Chelsea.

Julius Haab, county superintendent of schools, outlined the procedure by which the district can be split. A petition must first be signed by the property owners south of the Grass Lake Road and south of a line extending eastward to the eastern border of the district. This petition requests the county superintendent to join the southern part of Everett to Manchester. With the petition will go the following resolution by the Manchester district accepting the southern half of Everett. The resolution reads as follows:

"Be it resolved that by agreement with the Everett School District and the county superintendent of schools, the Manchester Public Schools agree to accept that portion of the Everett District petitioning to be joined to the Manchester district. This consists roughly of that part of the Everett District south of the Grass Lake Road and extending east to the eastern border of the district."

After the petition has been delivered to Mr. Haab's office, a notice will be posted calling for a public hearing in Ann Arbor. After the public hearing providing there are no protests, the portion of the Everett district will be completed.

It was brought out at the meeting last Thursday that families preferring to send their children to Manchester from borderline districts such as Everett may take similar steps to be incorporated into the Manchester district.

### Thirteen Districts To Vote

The annual meeting of the Manchester Public Schools will be held Monday, July 13 at the Manchester high school at which time two members of the school board will be elected. At this meeting all thirteen districts which now make up the Manchester Public School system will have a chance to vote. The time of the meeting will be 8 p.m.

The following proposition will be presented to the general qualified electors: "Be it hereby resolved that the school board of the Manchester Public Schools be advised to take no tuition students hereafter, except those now enrolled in the system, and that the following proposition will be presented to the taxpaying qualified electors:

"Be it hereby resolved that the school board of the Manchester Public Schools transfer a sufficient amount of money from the operating fund to the building and site fund for the purpose of purchasing additional property for school use."

### Annual School Meeting

The annual school meeting, held for the purpose of electing school district officers and for the transaction of such other business as may lawfully come before it, will be held on Monday, July 13, 1953.

All of the eighty-four school districts in Washtenaw County will have their meeting on this date except the several districts (including Ann Arbor, East Ann Arbor, Roberts, Ypsilanti and Willow Run, Milan) which by previous resolution of the School Board, held their annual meeting on the second Monday in June.

Julius W. Haab, County Superintendent of Schools.

Mrs. John Ernst of Detroit was a guest of Mr. and Mrs. Paul Ernst on Monday.

### Leona Hatt and Earl E. Kuhl to Wed

Mr. and Mrs. Harley Hatt of Chelsea have announced the engagement of their daughter, Leona Mary, to Earl E. Kuhl, son of Mrs. Albert Kuhl of Manchester and the late Mr. Kuhl.

Miss Hatt was graduated from

Leona Mary Hatt

Chelsea high school and is now employed in the office of the Gudeman Company in Chelsea. Mr. Kuhl served in the Army for two years and is now employed at the Detroit Abrasives Company near Chelsea.

No date has been set for the wedding.

### Mrs. Mayme Eaton

Mrs. Mayme Eaton, aged 76 years, passed away at her home here Monday night only a few hours after she had returned home from Mercy Hospital at Jackson. She was born on December 26, 1876, in Rhonda House, Illinois. She was the daughter of William and Amanda Gardner Williams.

She was married to Charles Kroeske in 1896 at Pittsburg, Kansas. They lived in Kansas for 16 years then moved to Hillsboro, Illinois, where they resided for 2 years before moving to Collinsville, Illinois, where he preceded her in death in 1924.

She then came to Detroit to live with her daughter, Mrs. Jean Terry. She married William Holt in 1928 at Manchester where they then resided. He preceded her in death in December 1932.

She married William Eaton on April 23, 1940, and they resided in Tucson, Arizona, for one year before going to Bryan, Ohio, where they lived for two years before returning to Manchester.

She was a member of the Manchester Methodist church and the Woman's Society of Christian Service.

Survivors include her husband William, one daughter, Mrs. Jean Terry of Tucson, Arizona, one son, William of Manchester; six grandchildren; one twin brother, David Williams of Pittsburg, Kansas.

The funeral will be held 2 p.m. Thursday, July 9, at the Jenter Funeral Home, burial at Rows Corners Cemetery with the Rev. Adolph Bergman of the Methodist church officiating.

### JACOB MILLER

Jacob Miller, 83, who had lived in Ann Arbor and vicinity for the past 50 years, died Monday at the home of his son, John C. Miller of 10955 Hieber Rd., Pleasant Lake.

Born on Aug. 29, 1869, in Wittenburg, Germany, he was a son of Christian and Christina Fiegl Miller. He came to this country in 1890. For the past 22 years he had made his home with his son.

In 1895 he was married to Christine Eitner, who died in February, 1904. In 1906 he was married to Mary Bruchlacher, who died April 13, 1931.

He was a member of the Schwaben Verein and Zion Lutheran Church.

Surviving besides his son are four grandchildren and several nieces and nephews.

Funeral services were at 2 p.m. Wednesday in the Muehlig Chapel, the Rev. E. C. Stellhorn officiating. Burial followed at Hillside Cemetery in Belleville.

Mrs. C. F. Knight of Grosse Pointe, Mich., is spending some time with Miss Marian Farrell.

### Ann Arbor Street To Be Paved

Completion of a new 239,000 road paving project is expected daily in Manchester. The program, which includes the paving of slightly more than a mile of Michigan Route M-11, began on Monday, June 22.

A two inch asphalt coating is being applied to the existing cement base on the highway. The route will later be black-topped, according to Village Clerk LeRoy Marx. Extension of the road paving project to include Ann Arbor street was approved at the Council meeting as well as some other roads in town.

The state is paying \$28,500 toward the road paving project in Manchester with the balance of the cost, \$10,500, to be paid for by the village. The village will assume the complete cost of the paving project for Ann Arbor street where the work will be done by the Ann Arbor Construction Company.

### Junior Playground News

Eighty children and about ten other helpers traveled by bus to Bridgewater last Wednesday to view the baby chicks hatching at Klager's Hatchery. Interest was very high as the children saw the different stages in the development of the egg to the chick.

Friday found the playground swarming with many different kinds of animals to be judged in the Pet Show. Judges for

this event were Mrs. R. C. Soritor, Mrs. Fred Atkinson, and Mrs. Ed Kirk. The first prize for the pet with the longest tail went to Sandra Koerke for her black dog, the second prize to Mara Smith for her dachshund, and the third prize to Charlene Clark for her cat, Freckles, a pet dog belonging to Cindy Alexander, won first prize for the pet with the longest ears. Bobby Fuller and Barbara Tomko also won prizes in this class for their rabbits.

Denny Fuller's two ducklings won first prize for being the noisiest pets, and Mary Jo Huber and Darlene Steele's dogs also won prizes for being the noisiest. The biggest pets were two dogs and a pair of ducks brought by Michael Lowery, Mary Kay Gauss, and Larry Alber. First prize for the smallest pet went to Judy Braun for her pet ant, second prize to Denny Steele for his turtle, and third prize to Janice Buss for her goldfish. Richard Pniw for being the best groomed pet ski's Boston Bull won first prize followed by Ronnie Romelhardt's kitten, and Margaret Steele's goldfish. The judges thought that their were many unusual pets but gave prizes to Patty and Judy Kirk for their racoon, to Bruce Oates for his hamster, and to Patty Fuller for her brown and white rabbit (Patty explained that it was very unusual for a brown rabbit to be tame.)

Next week's schedule includes the following activities: Monday—Making of clay objects. The playground has been lucky to secure Mrs. Trolz who will direct the clay activities for the following two Mondays. The first Monday will include making of the objects while the following Monday, July 20, will consist of glazing the objects. Mrs. Trolz taught the ceramics class in Adult Education offered this past winter. The children should bring a piece of plastics to work their clay in.

Tuesday—Games and story-telling.

Wednesday—Amateur Show. Anyone wishing to enter should contact Mrs. Peters during this week. Anyone who feels that they have a special skill in music or entertainment is eligible to enter.

Thursday—Games and story-telling.

Friday—Hike.

### Brownie News

Cheryl Schaffer entertained the Second Year Brownies and their troop leaders, Mrs. John Althouse and Mrs. Pat Strayer, at the Schaffer cottage at Wampplers Lake on Tuesday.

Besides a picnic lunch the group enjoyed swimming and games.

An 18-year-old Manchester youth was killed and two others were hospitalized when this car collided head-on with another on Ernst Rd. near Pleasant Lake last night.

Alberto Castro, an 18-year-old Manchester youth, died about 2:45 a.m. Tuesday morning from injuries received in an automobile accident at about 8:15 p.m. Monday, when the car in which he was riding collided head-on with another car on Ernst Road in Freedom township.

The driver of the car in which the victim was riding, Larry L. Wright, 16, son of Mr. and Mrs. Mele Wright who live on the Kuehman Farm on Ernst Road, was hospitalized with a fractured right kneecap and broken finger. A University Hospital official described his condition as "very good." The boys were enroute to Pleasant Lake for a swim according to reports.

DeLisle Lawrence Bross, son of Mr. and Mrs. Lawrence Bross of Manchester, aged 19 years, was the driver of the second car. He was hospitalized with a fractured jaw, multiple lacerations of the face and head injuries. His condition was considered "not critical."

The crash occurred about 8:15 p.m. at the top of "Faulhaber hill" as the Bross car traveled south and the Wright car went north. Sheriff's deputies Raymond Klumpp and Edwin Hollis investigated and said both cars were total wrecks. Neither driver was able to make a statement. The three were taken to the University Hospital in Jenter's ambulances. According to the deputies the two cars approached the hill at the same time.

### Miss Belleville Exchanges Vows With Mr. Veale

Leone E. Belleville, of Ann Arbor was married to James O. Veale Friday in the Methodist church in Angola, Indiana.

The bride is the daughter of Mr. and Mrs. Carl Toburen of Manchester.

A buyer for Goodyear's Department Store before her marriage, the new Mrs. Veale was graduated from the University of Michigan and is a member of the American Association of University Women.

Mr. Veale, a graduate of St. Monga's Academy of Glasgow, Scotland, has recently returned from Pakistan, where he served as chief engineer of the Hyderabad Trust. He is now with the Walworth Corporation of New York City.

### Mom's Day Real Success

The Mom's Tag Day proved to be very successful. This is the big affair when the group sets out to raise money to help finance their gifts to the service men which, as one of the women pointed out, doesn't amount to any large gift for any one service man. But she noted that there are about fifty service men in Manchester, Sharon, Freedom and Bridgewater townships who the ladies remember with Christmas gifts of money. The ladies also make it a point to give each one a small gift of money when he leaves for service. Because of the number of men involved this amounts to a sizeable amount during a year.

The Moms also go to various hospitals where they entertain veterans four or five times during the year. Usually there are about one hundred men involved, to which they give small gifts and serve refreshments. Many of their trips include journeys to mental patients. The women use some of their money to pay their transportation—which is often a station wagon or similar conveyance. The women pay for their own lunches on these trips but take articles such as gum, candy, cigarettes, cookies and ice cream to the veterans.

At Christmas time they pack over one hundred boxes for either Percy Jones or Fort Custer hospitals. The local organization has about fifty members. Through them the list of service men's addresses which appear elsewhere in the paper has been made possible. Mrs. Clarke Bertke, in charge of keeping these addresses for the club has made this list possible.

Miss Mildred Cruickshank of Detroit was a guest of Mr. and Mrs. Robert Hubers and the F. C. Hubers on Friday.

### Family Reunion Honors Californians

Mr. and Mrs. P. G. Knickerbocker of Glendale, California, who are visiting at the home of their son, Gayle at Napoleon, and also visiting other relatives, were honored Sunday when members of both the Knickerbocker and Cagle families motored to Napoleon for the gathering.

Among those from Manchester at the reunion were Mrs. Sarah E. Knickerbocker, Mr. and Mrs. Earl Knickerbocker and family, Mr. and Mrs. LeRoy Knickerbocker and family, Mr. and Mrs. Paul Wilde, Mr. and Mrs. Leon Green and son, Mr. and Mrs. P. Eversole, Mr. and Mrs. Lamber Esch and Arlen and the J. M. Palmer family.

### Douglas Schaffer Celebrates 8th Birthday

Thirty relatives gathered at the summer home of Mr. and Mrs. Allen Schaffer at Wampplers Lake to help them celebrate the eighth birthday of their son Douglas. Guests were present from Toledo, Findlay and Napoleon, Ohio, and Jackson and Manchester.

Joan Mobley returned home Saturday evening after spending a week at Camp Caesar, West Virginia.

### Carl Wuerthner Attends Conference

Carl Wuerthner joined a caravan of autos at the Bethlehem church at Ann Arbor on Tuesday and motored to Lafayette, Indiana where the group attended the fifth national conference on Christian Education sponsored by the Evangelical and Reformed Church. The conference was held at Purdue University, from June 20th to July 3rd. There were 3,538 delegates and it was proclaimed the largest conference of its kind in the United States. Five thousand took part in the Holy Communion service on Friday.

### Carl Richter Accepts Position

Carl Richter, who graduated from the University of Michigan this spring, has accepted a position with the Felten Company where he will be a salesman.

Mrs. Amelia Houck, who has been visiting her daughter, and family, the Roy Zeiglers at East Lansing, for several days and also visiting a friend, Mrs. P. M. Peterson of Charlotte for a week, has returned home. Mrs. Peterson, accompanied Mrs. Houck here and expects to remain for a visit Mrs. Zeigler brought her mother and friend home Thursday.

## Coming Events

The Knights of Columbus will hold an ice cream social on August 6th at St. Mary's school at Chelsea beginning at 5:30 p.m. In case of rain the social will be held in St. Mary's Auditorium. Ice cream, cake and other refreshments will be served.

St. Mary's Altar Society of Manchester will sponsor an ice cream social on the church lawn on Wednesday, July 22, beginning at 5:30 p.m.

Correction:—The Ibon Creek Farm Bureau will hold their annual picnic at the farm home of Hiram Martin and Mr. and Mrs. Don Mackintosh on Sunday, July 1, with a potluck dinner at 1 p.m. Everyone is asked to bring table service. Coffee and cold drinks will be furnished by the hosts.

There will be an ice cream social and bazaar at the Rows Corners church at the corner of Pleasant Lake and the Manchester-Chelsea road on Thursday, July 16th, sponsored by the Ladies Aid Society and Youth Fellowship at 6:30 p.m.

The Spaford School PTA will meet at Wolf Lake on Sunday, July 19, with a potluck dinner at noon. Games for the children will be under the direction of Mrs. Lawrence Kemner and Mrs. Erwin Paul.

Service of the Methodist church will be held Wednesday, July 15th at the home of Mrs. Ray Kerr at 2 p.m. Coffee and rolls will be furnished by the committee. Those wishing transportation are asked to meet at the church at 1:45 p.m. In case of rain the picnic will be held at the church. Everyone is asked to bring table service.

The Bridgewater Farm Bureau will hold their annual picnic at the farm home of Hiram Martin and Mr. and Mrs. Don Mackintosh on Sunday, July 1, with a potluck dinner at 1 p.m. Everyone is asked to bring table service. Coffee and cold drinks will be furnished by the hosts.

There will be an ice cream social and bazaar at the Rows Corners church at the corner of Pleasant Lake and the Manchester-Chelsea road on Thursday, July 16th, sponsored by the Ladies Aid Society and Youth Fellowship at 6:30 p.m.

The Spaford School PTA will meet at Wolf Lake on Sunday, July 19, with a potluck dinner at noon. Games for the children will be under the direction of Mrs. Lawrence Kemner and Mrs. Erwin Paul.

### Manchester Man Heads K. of C.

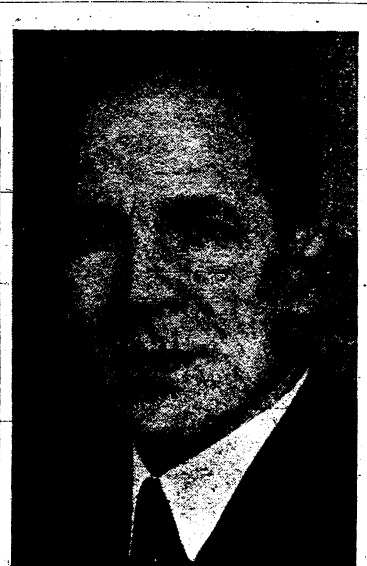

District Deputy Eugene Sheehan of Ann Arbor installed the newly elected officers of the Chelsea Knights of Columbus when they met Thursday at the K. of C. Hall at Chelsea.

Lehman Wahl of Manchester elected Grand Knight, was installed in his new office. Another Manchester man William Schwab was installed as chancellor.

Other officers elected: Deputy Grand Knight Walter Dury; recording secretary, Edward Lair; treasurer, Deane Rowe; Advocate Norbert Merkel; Warden, George Atkinson; Inside Guard, James Versailles and Outside Guard Edward Bessill. Trustee for a three year term is Stephen Clark.

Mr. and Mrs. Lehman Wahl recently attended the State Knights of Columbus convention held at the Grand Hotel on Mackinac Island June 11, accompanied by Mr. and Mrs. through 13th. They were accompanied by Mr. and Mrs. Robert Devine of Chelsea.

### New Minister

Rev. Adolph Bergman is the new minister at Manchester Methodist Church. Rev. Bergman is from Carleton, Michigan.

Miss Patricia Hazen, a student at Michigan State College, is spending her vacation with her parents, the C. D. Hazens. The Hazen family spent the week end visiting both his and her parents, Mr. and Mrs. Harry Round and Mr. and Mrs. Wesley Cameron, respectively, at Lansing.

Mr. and Mrs. Fred Heinrich and children accompanied by Mrs. Fred Hirth and children of Ann Arbor spent Tuesday at the Detroit Zoo.

Albert Wollpert, who underwent surgery at Mercy Hospital at Jackson, is reported recovering nicely.

## STATE PARKS BUSY

Michigan's three score parks, under the able management of our Conservation Department, are playing host to an all-time record number of visitors this year from just about every state in the union. More than thirteen million people may emerge from summer vacations in 1953, all with a good word to say for these parks.

While this writer is not entirely in sympathy with the idea that State Parks should be a responsibility of the Conservation Department, let us hasten to add that the administration of these important points of welcome to Michigan Outdoors has been admirable and able in every respect. Under the fine hand of Arthur C. Elmer, chief of Parks and Recreation, the personnel in charge conduct themselves nobly—and the job of handling such vast numbers of people requires a noble touch!

**Facilities Broadened**  
 Naturally the most popular parks are those located on or near water, and during the hot months of July and August great throngs of visitors single them out for attention. Swimming facilities at these parks have been fully developed in most cases, and great care is taken to make the bathing beaches safe for the entire family.

Camp sites are fully provided with all essentials, too. Despite the heavy pressure in almost all parks one is impressed with the cleanliness of the property, reflecting not only the diligence of the management, but the cooperation of the public, too.

Many of the parks are equipped with diversified recreational materials such as tennis courts, baseball diamonds, and outdoor grills strategically spotted to take advantage of big shade trees wherever possible.

## Free Admission

The facilities available in these State Parks are all free, save for a modest camping fee for overnighters—presenting the biggest bargain in outdoor fun and relaxation ever offered! Visitors sometimes wonder why the State does not help its stricken budget to some extent by charging admission, 'though it may be only a thin dime! Multiply ten cents by thirteen million and you'll see how the end of the fiscal year could show enough in the cash drawer to help bolster the Department's budget. It costs a lot of money to run the parks. One finds it hard to understand why they should not be at least partially self-supporting, especially when the cost could be almost painless to those who enjoy them most!

Mort Neff's "Michigan Outdoors" television show can be seen every Thursday over WWJ-TV, Channel 4, in a thrilling full half-hour show—10:00 till 10:30 p.m. DON'T MISS IT!

We know our bread is Better!

Buy one loaf and you will know it too!

WHEN YOU THINK OF ALL THE CALLS YOU MAKE AND RECEIVE...AND HOW LITTLE EACH CALL COSTS...YOU REALIZE THAT YOUR TELEPHONE IS ONE OF YOUR BIGGEST BARGAINS...WORTH A LOT MORE THAN IT COSTS.

## MICHIGAN BELL

SEND US YOUR MOST UNFORGETTABLE TELEPHONE CALL. IF IT IS USED IN AN ADVERTISEMENT LIKE THIS, YOU WILL RECEIVE THE ARTIST'S ORIGINAL DRAWING AS A GIFT. ADDRESS: ADVERTISING DEPARTMENT, 1365 CROSS AVENUE, DETROIT, MICHIGAN.

On all these points of comparison... Chevrolet's farther ahead than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide\* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrill-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering\* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

**CHEVROLET**

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

**TIRB CHEVROLET COMPANY**

## Polio Precautions Are Outlined by Medic at U-M Hosp.

Although a few simple precautions are suggested to keep children safe from polio, parents are urged not to become hysterical and thus overly restrict their youngsters' activity.

Danger is greatest if there is a lot of polio in the community, says Dr. David G. Dickinson, medical director of the Respirator Center at University Hospital. No month or time of day is most dangerous, because the disease does not follow a pattern of this kind, he states.

Three measures for avoiding polio are recommended by the National Foundation for Infantile Paralysis.

1. Don't let children become exhausted, and make sure that they get plenty of rest.

2. Severe chilling, such as bluebush from swimming for a long period of time, should be prevented.

3. Public places like wading pools and carnivals should be avoided. "It is not a good idea to expose children to new playmates every day," Dr. Dickinson said, "but it is foolish to keep them away from their own circle of friends."

The early signs of polio are non-specific, and it is often impossible to diagnose the disease definitely in its early stages, he declared.

Sore throat, fever, headache and sick stomach are all part of the symptoms of patients later found to have polio. These are also the symptoms of many other diseases, he pointed out, and the only really useful thing to do is put a child to bed for any kind of sickness and call a doctor.

## Yeast Relieves Septic Tank Troubles

Many home owners are finding out that ordinary active yeast, either in dry or compressed cake form, is helping to keep down maintenance problems in their individual sewage disposal systems.

Sanitation engineers explain that bacterial action is necessary to keep the contents of septic tanks and other disposal systems in a fluid state. Yeast, which contributes greatly to the supply of digestive bacteria in the tank, keeps the whole sanitation system operating properly.

Ten cakes or envelopes of the active yeast, which is available at most grocery stores, will usually be sufficient to "start" a new tank. Depending on the size of the tank and the volume of waste, one envelope should be flushed into the tank every one to three weeks.

## Wilt Disease Dangerous to Oak Survival

Oak wilt disease has placed the mighty oak tree in serious danger in Michigan.

That's the warning from Forest Strong of the Michigan State College botany and plant pathology department. The disease was first recognized in Illinois, Iowa and Wisconsin in 1929, and since that time more than 50 per cent of the oak trees in many woodlands in those states have been destroyed. The disease is not that prevalent in Michigan, however.

Strong believes that better ways of controlling oak wilt will be found; but he now advises owners to cut down infected trees as soon as they are found in a woodland. The saw logs should be removed at once and piled in a dry, sunny location. They also can be taken to the mill and sawed at once into lumber. Once a tree is infected by the oak wilt fungus, warns Strong, it dies, usually in a short time. He suggests calling the local county agent when oak wilt is suspected.

The decline of a nation sets in when the incentive and ability of its people to work and produce becomes stagnant.

## New 4-H Group Selects Name

On July 1st the newly formed 4-H Club met at the home of their leader, Mrs. Robert Kirk, with one new member, Sally Schield. The first project was fruit and fruit juices. The girls picked the name of their group to be Ruby Beetles. The next meeting will be July 10th at the home of Mr. Homer Walter. Vice president of the group is Eileen Townsend.

Many men are able to make a place in the sun for themselves because they are a shade better than the next fellow.

The driver in the biggest hurry usually is worth the least when he gets there.

## LOCAL NEWS

(OMITTED LAST WEEK)

Mr. and Mrs. Martin Keasa! attended open house Sunday Mr. and Mrs. William Swick's golden wedding anniversary. Mr. and Mrs. Marvin Kirk and family visited his sisters, Sister Vincent Marie and Sister Jean Mildred at St. John's Seminary at Plymouth on Sunday.

Mr. and Mrs. Harvey Proctor were Sunday guests of their son and family the Kenneth Proctors at Chelsea. Their grandson, Donald left Monday on a conducted tour of Europe. Joyce Dresselhouse is spending two weeks at the home of Mr. and Mrs. Ralph Urbauer in Indianapolis, Ind.

## How to Plan Your Family Vacation

Top: Mother has a thrill taking part in an Indian Paw Wow. Left below: A youngster meets a new pet—a baby fawn. Right below: Dad brings in a big muskellunge.

Planning on a wonderful vacation this year? This needn't be a matter of sheer guess. A little planning will find the right spot where the whole family can have fun.

First decide which way you want to head. Then write to the state recreational sections to find which region is best for you. Supposing you decide on Wisconsin. Send a postal to the Recreation Section, Wisconsin Conservation Department, State Office Building, Madison, Wisconsin. They will supply you with free literature, giving highway maps, lists of regional vacation organizations from which you can get further information, and a fishing regulation pamphlet. These regional organizations, in turn, will help you find the type of accommodations you desire. Specify whether you want American resort plan (rate includes meals), housekeeping cot-

tage, motel, hotel, trailer or camping facilities, and ask what facilities are covered by the rate. Other states have similar sources for information.

They will direct you to places where fishing, riding, golf or tennis are included, if this is what you desire. They will tell you whether Mother, too, can enjoy a vacation because the children are safely supervised at play.

Make a reservation well in advance, and be sure to state the number in your group, your time of arrival and the inclusive dates of your stay. Prepare for your trip. Make a check list of the things you will need, and you won't go away without the essentials. Knowing where you are going and what to expect when you get there will mean a truly wonderful vacation... in the right spot where all can have fun!

## As Others See It

The census bureau reports that Mercur, Utah, has three residents; Ophir, Col., two, and Douglas, Ark. only one. We've always wondered what the opposite of New York city might be and now we know: A one-man town down on the bank of the Arkansas River.

## The only convertible that outsells Ford!

WHAT is it that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are specially tailored to its weight.) Is it the

choice of Fordomatic, Overdrive or Conventional you get? (You won't find such a choice of drives in any other car in Ford's field.)

No, it's not just any one of these things that makes Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features... features which folks know make Ford worth more when they buy it, worth more when they sell it.

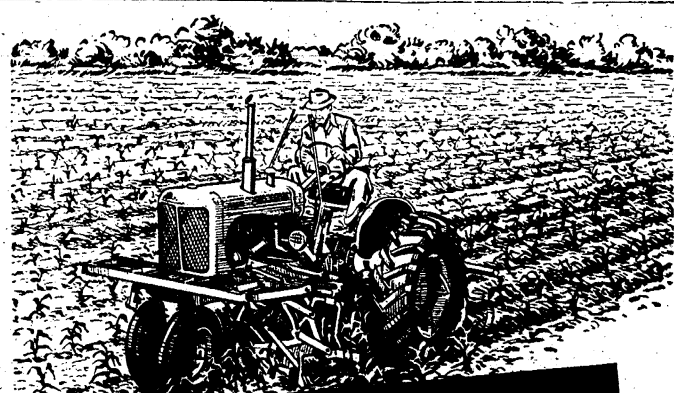

Test Drive America's No. 1 Convertible! Ford Sunliner!

**More Power  
to your cultivation**

Tractor engine power enters every phase of work with the WD or CA two-row cultivators.

**POWER** drives the tractor into the cultivator frame which opens like a gate for quick hitching.

**POWER** spaces the tractor's rear wheels in or out to match your rows.

**POWER** lifts the cultivator gangs hydraulically; delay lifts the rear tool bar for work to the ends of the rows.

**POWER** moves the no-dodge, parallel-linked gangs steadily through the soil for close, even-depth work.

Let us demonstrate this new, easier way to cultivate with CA or WD Tractor power.

## Christ Gives

FROM EVERY EYE some tears must fall; suffering in some form or other is inevitable. Life is like the keyboard of a piano—first a white key, then a deep, bright day, dark days—a note of glittering joy, then a deep, melancholy minor, yet somehow they blend into the perfect song. We must take the bitter with the better.

This human nature of ours impeded out of the Garden of Eden a wounded veteran, subject to future twinges and aches, both physical and moral. God never claimed that this earth was to be a mountain peak of joy. Do not be disappointed if it is not the vestibule of Heaven; it is only the rugged testing grounds outside, with plenty of bumps on the road. How hard we hit them depends on our moral and spiritual springs.

ALL THIS MAY seem like hanging neon lights around the obvious. Yet, many people feel cheated if their piety and devotion do not protect them from the scars of life. They bristle, sullen and hurt, when hardships and headaches dare to plant their thorn-bushes in the garden of the righteous. They may not admit it, but they feel their religion ought to act like a sort of spiritual vaccination and keep them immune from trouble.

When trouble comes, their faith falters. Disaster brings doubt. Their whole faith has been pinned on the absence of sorrow or misfortune.

But you can never pin your faith on the absence of something. It has to be pinned, like Christ, to a Cross—the Cross which stands there like a signpost on a road and reads simply, "God's Will is this way."

BUT THERE is infinite consolation in the memory that God's Own Son, the day He trudged back to Heaven, took this very road of suffering. His blood-stained Footsteps are here before us. If we set our feet in our Master's Footprints, His Own warmth and strength and courage will flow into us from that hallowed ground.

Faith and religion are not guarantees against trouble. They are rather guides and helps during it. Faith is not an escalator to bring us up the steep hill of life, but a staff to lean on while we climb up ourselves. The intelligent man looks to his faith not for freedom from troubles, but for courage to conquer them under the banner of his Captain, Christ.

## Evangelical and Reformed Synod Reports

The Evangelical and Reformed denomination now includes a communicant membership of 751,956, and will operate for the new three years on an annual budget of approximately \$3,750,000 for missions and benevolences. It was announced today by Rev. Karl H. A. Rest on his return from Tiffin, Ohio, where sessions of the 9th General Synod of the denomination were held June 17-24.

Communicant membership has increased from 614,321 in 1928, while giving for benevolence purposes has increased from \$853,027 in 1940 to \$2,675,857 in 1952, it was reported to the Synod.

The Rev. James E. Wagner, D. D., Lancaster, Pa., was elected to the office of president, succeeding the Rev. L. W. Goebel, D. D., Chicago, who retires September 1 after serving fifty years in that office.

Other officers include Dr. F. A. Kock, St. Louis, re-elected treasurer; the Rev. Robert C. Stanger, D. D., Chicago, first vice president, succeeding Dr. Wagner in that office; and John W. Mueller, Esq., St. Louis, second vice president, and the Rev. W. Sherman Kerschner, D. D., secretary, the latter two having three years yet to serve of their present terms.

Headquarters of the denomination are located in Philadelphia and St. Louis. A proposal to establish centralized headquarters somewhere between these two points was rejected at the Tiffin meeting.

Discussions at the General Synod meeting, according to Rev. Karl Rest were highlighted by debate on a proposed reorganization of the church recommended in the report of a special study committee appointed at the meeting of General Synod three years ago.

One outcome of the deliberations, which continued over several days, was the decision to encourage all regional synods of the church which have more than

9,000 members to elect presidents who can give full time to their work.

Among those who addressed the General Synod was Rear Admiral Edward B. Harp, Jr., chief of chaplain of the U. S. Navy. Chaplain Harp is a minister in the Evangelical and Reformed Church coming originally from Cavetown, Maryland. He described in detail the important ministry which the chaplains are rendering to the young men of the nation enlisted in all branches of the armed forces.

On last Sunday evening nearly 2,000 people from Tiffin and vicinity heard Dr. Edward O. Butkowsky, of Hellestown, Penna., speak on the theme, "After the Tumult, A Voice."

The Evangelical and Reformed Church was organized in 1934 by a merger of the Evangelical Synod of North America with the Reformed Church in the United States. The constituency of the denomination is nation-wide, with especially large concentrations in Pennsylvania and Missouri.

Representatives of the denomination's mission fields in Togo, land, Africa, Hong Kong, Ecuador, Honduras, India, and Japan, as well as of mission churches and mission projects in the United States, described the work which they are doing in their respective fields. The recent organization of the mission churches in Honduras to form a synod is indicative of the coming-of-age of the so-called younger churches in many parts of the world, according to Rev. Rest.

## Local Briefs

Mr. and Mrs. Lloyd Faulder of Newton, Iowa, and Mr. Edward Ballhoef of Haverville, Iowa, were recent guests of Mr. and Mrs. Philip Cerwinka.

Mrs. William Uhr spent the week end with Mr. and Mrs. Chauncey Dettling at Ann Arbor.

On July 4th Mr. and Mrs. Key Randall entertained at a family dinner. Guests were Mr. and Mrs. Robert Patterson and daughter of Adrian, Mr. and Mrs. Donald Richardson of Clinton, Mr. and Mrs. Gerald Manchester and Mr. and Mrs. Fred Patterson of Manchester.

Mr. and Mrs. Earl Uhr and Connie left last Thursday for Clarkston, Nebraska, where they will visit her mother, Mrs. Joe Hartl, and family. They plan to return home about July 21st.

Week end guests of Fred Uhr were his son, John Uhr, and wife

and daughter of Trenton, and Mr. and Mrs. Michael Swistak and son Larry of Dearborn.

Mr. and Mrs. Ed Steele, Sr., and Mr. and Mrs. William Richardson are spending a vacation at the Wisconsin Dells and in northern Michigan.

Mr. and Mrs. LeRoy Dresselhouse and daughter Diane are spending a week vacationing in northern Michigan.

Marilyn Miller flew home from New York City to attend the funeral of her grandfather, Jacob Miller, on Wednesday at the Meubling Chapel at Ann Arbor.

Mrs. Lamber Esch and daughter Arleen, accompanied by Mrs. James Wallace of Detroit, left Monday to go to Warsaw, New York, where Arleen will spend some time visiting Mr. and Mrs. Carl McWethen. She plans to fly home later. Mrs. Esch and Mrs. Wallace planned to return home Wednesday.

Mr. William Biggs and his sister, Caroline Bickle of Detroit, spent the week end with Mr. and Mrs. Thomas Biggs. Other guests at the Biggs home on Sunday were Mrs. Gregory Katapodis and Charles of Ann Arbor and Mr. and Mrs. George Biggs and family of Dexter. On Saturday Mrs. Erwin Clark and daughter Jean of Ann Arbor were also guests of the Thomas Biggs.

Mr. and Mrs. Francis Walsh and three daughters of Plymouth, Harold Beljan, W. J. Hanley and Mr. and Mrs. Ray LeBlanc, all of Detroit, spent Sunday with Mr. and Mrs. Russell Briggs.

Capt. and Mrs. D. W. McLeod and family arrived Friday from Bensonville to visit her parents, Mr. and Mrs. Alvin Clark. Mrs. McLeod and children will remain here while Capt. McLeod is visiting various air bases in Michigan and Ohio.

Those from here who attended the Burkhardt-Walker reunion were Carlton Burkhardt and family, Mrs. Agnes Burkhardt, Mrs. Fred Burkhardt, and Mr. and Mrs. Alfred Burkhardt and family. The reunion was held Sunday at the Methodist church basement at Grass Lake.

Mr. and Mrs. Paul Wahr and family were guests at a picnic held at the home of Mr. and Mrs. Alfred Burkhardt and Mrs. Fred Burkhardt.

Mrs. Earl Delker and mother, Mrs. Emma David of Jackson were recent guests of Mrs. Chas. Heimerding.

Mrs. John Quinn and son Charles of Halifax, Nova Scotia, Miss Lucille Katner of Detroit and Dr. and Mrs. Harold J. Conn of Geneva, New York, were recent guests of Dr. and Mrs. Guy Katner.

Mrs. Leo Westphal and Miss Edna Gross of Saline and Miss Lulu Fairbanks of Seattle, Washington, were callers at the home of Mrs. John Schneider and daughters Friday afternoon.

Mr. and Mrs. George Koebe family of Jackson were Sunday evening guests of the Arthur Fehr family.

Koebe cottage at Pleasant Lake. The Oscar Hausslers have begun building a new home to replace the one recently destroyed by the tornado.

Mr. and Mrs. Rex Winchell and family of Clinton were Sunday evening guests of the Arthur Fehr family.

## New Record in Traffic Toll Is Reached in May

A new high monthly traffic toll was recorded in Michigan when 5,433 persons were killed and injured during May, according to the State Police monthly statistical report. There were 129 persons killed and 5,304 injured in 16,092 accidents. The new toll smashed the previous high of 5,303 recorded in December last year when 171 were killed and 5,132 injured. The State Police report pointed out that although May deaths were 15, or ten per cent under the 144 for the same month in 1952, the injury total was up 1,193, or 29 per cent over 1,111. This likewise was a new high monthly injury record. The previous high was recorded last December.

## Angus Group Slates Field Day Picnic

The Michigan Aberdeen-Angus Breeders' Association will hold their annual field day and picnic at the Arthur Witham farm in Macomb county Sunday, July 12. The educational program starts at 11 a. m. at the farm, located two miles east of Romeo. Tours will be conducted through the barns, paddocks and pastures to study herd management, feeding, family selection and breed types. The afternoon program begins at 1:45 following a basket lunch. Free ice cream, coffee and soft drinks will be provided. The program includes a judging contest for both adults and youngsters, a beef calf fitting and showing demonstration and a type demonstration. Discussions on production, feeding showing and marketing will be conducted by representatives of the breeders association.

The Michigan State College animal husbandry department is co-operating with the state breeders association, the American Aberdeen Angus Association and the Aberdeen Angus Journal in staging the event.

July 28, 1953: 7:00—Chelsea vs. gers.

## Inside the Capitol

By D. HALE BRAKE, State Treasurer

Michigan's new gross receipts or added value tax went into effect July 1. First payments under it will be due the last day of October next. For some four and a half years it became apparent that some new tax would be required, the Legislature seemed to be trying to find one that everybody would like to pay. There is no such tax, and finally the Legislature acted quickly. The Governor neither signed nor vetoed the bill but let it become law through his inaction.

Although banks, trust companies, insurance companies, building and loan associations, and race tracks are excluded, the bill is still very inclusive as to companies and people whose businesses are large enough to bring them under it. The exemptions above mentioned are based upon the theory that the exempt classifications are sufficiently taxed by other means. Charities, religious organizations, nonprofit corporations, etc. are also exempt.

To determine whether one is exempt under the express provisions of the act, which is Act No. 150, you start with the proposition that no one is under the act unless his gross receipts are more than \$20,000 a year. If your gross receipts are more than \$20,000 a year, then to determine whether or not you have any tax to pay you have your choice of two methods of computation. Either you deduct the costs of your operation, such as interest, rent, taxes other than personal income tax, cost of materials, etc., but not including labor, or you can deduct a flat 50 percent of your gross receipts.

If either type of deduction leaves you with what the act calls "adjusted receipts" of more than \$10,000, then you have a tax to pay at the rate of 4 mills above the \$10,000. You pay nothing on the first \$10,000.

Payments are to be made quarterly on the last day of the month following each quarter. The act calls for four quarterly reports, one of them to be the annual report which should correct any wrong estimates, or otherwise, in the

quarterly reports. Administration is by the Department of Revenue of the State and through its permission the taxpayer may use his own fiscal year if that differs from the State's fiscal year.

This tax is designed to yield about \$32,000,000 a year. Until it has been tried out, there is a good deal of guessing in that estimate. If it does yield substantially that sum, there should be no serious demand for any new taxes in the near future, at least, provided that we continue to have an economy-minded Legislature.

The customs of youth and old people change with the passing years, but it is very difficult for some older people to get the idea.

"There is a woman problem in this country—but it's man-made." Jane Whitbread, author.

The two outstanding results of man's desire to avoid labor are machinery and jails.

## DEPENDABILITY

is the other name for DODGE!

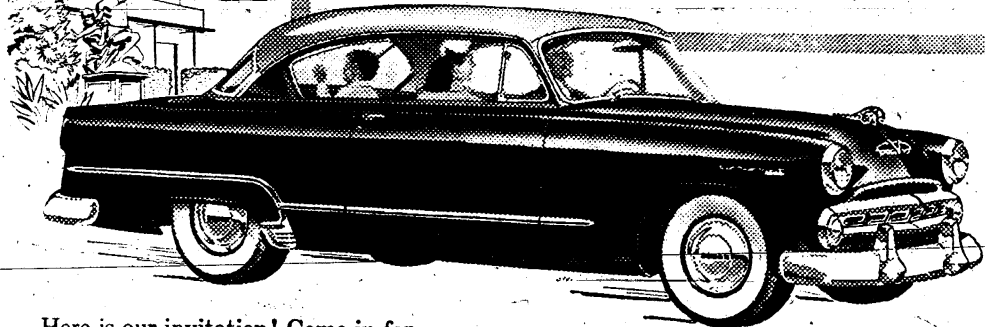

**Dependable Economy** In the 1953 Mobilgas Economy Run, the Dodge V-8 beat all other cars in its class... outperformed all 8's in every price class.

**Dependable Power-for-Safety** Ten days later, the same Dodge V-8 set 2 new official AAA performance records for standard American cars. Proof of reserve power-for-safety.

**Dependable Comfort** Dodge Modern Design does away with "meaningless metal" and waste space outside—provides more comfort space than ever inside.

**Dependable Handling Ease** Dodge for '53 brings you new mastery of the road, new maneuverability in traffic, new parking ease. It snugs down on curves like a true sports car.

**Dependable Extra-Value Features** Safeguard hydraulic brakes with two brake cylinders in each front wheel... Overflow ride control... Safety-Rim wheels... electric windshield wipers... foam rubber seat cushions... and many others.

DODGE V-EIGHT CORONET DIPLOMAT

Here is our invitation! Come in for a "Road Test Ride." Find out all that Dodge Dependability means in terms of economical power, safety power, riding comfort and handling ease. There is no obligation. You will discover a new kind of car, a new kind of driving enjoyment... at prices that start below many models in the "lowest-priced" field.

### Storage of Crops Means More Profit

Farm storage of crops is going to be more important than ever this year, especially for wheat and corn, according to Clarence Prentice, a Michigan State College agricultural economist.

A large carry-over of both crops from last year means, he warns, that farmers who don't store their grain are going to be at a price disadvantage. He is urging farmers to put as much of their wheat storage facilities as possible into condition yet this year.

Prentice advises that corn often sells for 25 to 50 cents a bushel higher a few months after the harvest season. And if a farmer can prepare his wheat storages this year, he may be eligible for the Michigan price support averaging \$2.21 a bushel.

The agricultural economist adds that good corn storage will allow the farmer to resell his 1952 loan corn, earning a storage payment of 13 cents a bushel.

### Broilermen Need Volume for Profit

Farmers who intend to enter the broiler business now should prepare themselves to handle a large volume of birds and accept a small margin of profit.

That's a tip from Lawrence E. Dawson of the Michigan State College entomology department. He says that competition in the broiler business is keen and a grower can't expect satisfactory profit unless he can handle at least 5,000 birds efficiently.

Many broiler growers, he adds, have failed because their operation was too small, they had poor financial backing or limited experience, or market outlets were not dependable.

#### Virginia Leads

Virginia, with eight, has given the nation more presidents than any other state in the union.

### Michigan Swine Breeders to Hold Swine Type Exhibit

Wednesday, July 22, the Annual Swine Types Conference will be held at the Eaton County Fair Grounds at Charlotte, Michigan, for the 8th consecutive year.

This educational event is expected to meet with more favor than on any previous year due to the lower hog numbers and favorable prices.

No class of livestock is as subject to changes in type as are swine. Excess lard, is an added problem to the swine producer due to vegetable oil substitutes.

This problem can be partially met through the type and the weight of the hog as it goes to market, through feeding, etc.

Classes of four animals representing the popular breeds will be furnished by Michigan's leading breeders for types discussion and judging.

Arthur W. Jordan, swine herdsman and nationally known judge from the University of Ohio, will be Moderator, Judge and Discussion Leader for all breed classes.

Those in attendance will have an opportunity to judge all classes as divisions are offered for Men, Women, Juniors and County Extension and Vo-Ag Instructors. Dr. J. A. Hofer, Animal Hus-

bandry Department, and Dr. R. W. Luecke, Agricultural Chemistry Department, both from Michigan State College, will discuss the latest developments in swine nutrition.

Dr. Lee Davison, State Veterinarian, will make a report on Vesicular Exanthema, as it affects the Michigan swine producer.

High production litters for each breed in the 1953 Sow Testing Project will be placed on exhibit. A market grading demonstration will conclude the program.

This Annual Swine Day will begin at 10:00 a. m. The Eaton County 4-H Clubs will have food and drinks on the grounds for those who do not bring a picnic dinner.

Cooperating agencies sponsoring this annual Swine Types Conference are the Michigan Swine Breeders' Association, Michigan State College, Michigan Department of Agriculture, County Agricultural Agents and Michigan Meat Packers and Marketing Agencies.

You can get rid of nut grass by digging it up by the roots, burning it, locking the ashes in a steel safe and sinking the safe in 40 feet of water.—Cincinnati Enquirer.

### Traffic Enforcement Award Given Michigan

Michigan is one of four big states receiving honorable mention from the International Association of Chiefs of Police for outstanding traffic law enforcement in 1952.

First place winner in the big state group was California, with Ohio, Texas and Pennsylvania the other three receiving honorable mention.

Announcement of the award was received by State Police Commissioner Joseph A. Childs, from Cyrille Leblanc, of Gardner, Mass., president of the IACP.

First place winners in four other divisions of the state group were: Delaware and Rhode Island, eastern; Virginia, southern; Oklahoma, midwestern, and Washington, western.

Six Michigan cities received honorable mention in the city population groups, as follows: 50,000 to 100,000—Jackson, Kalamazoo, and Lansing; 10,000 to 25,000, East Lansing, Grosse Pointe Woods and Birmingham.

The trouble with most community and civic campaigns is that the preliminary arrangements wear out the workers.

### Tropical Cooler

Tempting, cooling drinks are a natural part of the hot weather picture. A tall refresher is the first thing the hostess thinks of when a neighbor drops in for a chat or when invited guests arrive. It's the perfect aid to relaxation when you sit down for a restful hour after household tasks or a round of sports.

To meet the demands and suit every taste, it is well to have a variety of bottled drinks cooled in the refrigerator. Pale dry ginger ale and sparkling water, refreshing by themselves and blending well with fruit juices for drinks to please the individual taste should be on hand.

For those who like a dry drink with a slightly bitter taste, haunting and pleasant, you might include Quinac (quinine water). There is something especially cooling about a glass of well-iced quinine water, and that is not surprising for the drink originated in the tropics where intense heat necessitates a beverage that really cools the blood. It is fast becoming a popular summer cooler in our country.

Place three or four ice cubes in a tall glass and fill the glass with quinine water. Add a teaspoon of lemon or lime juice and garnish with a slice of the fruit.

Here is a refresher made with fresh pineapple:

Fresh Pineapple-Lime Sparkle

1/4 cup lime juice 1/2 cup freshly grated pineapple

1/2 cup sugar syrup Pale dry ginger ale

Combine lime juice, sugar syrup and pineapple. Divide among 4 tall glasses. Add ice cubes and fill glasses with pale dry ginger ale.

## Put your Ford in "Trip-top" shape

"Travelize" your Ford now!

You'll save time

and money.

A vacation trip is one time when you want your Ford in the pink.

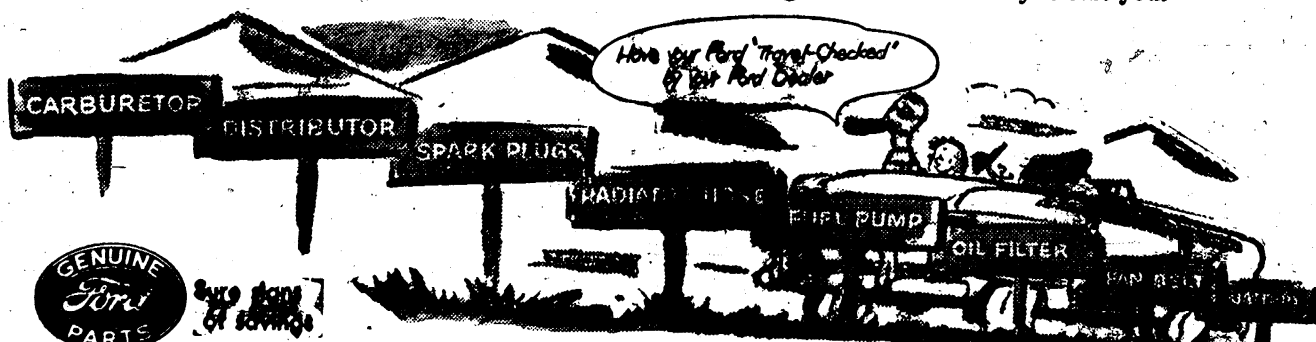

Travel-wise owners make sure by having their Fords "Travelized." And not at the last minute, either!

A week or so before their trip, they get the all-round check-up which their Ford Dealer is so well equipped to perform.

Then they know they're driving away in a car which has been given a

real "travel-check" by Ford mechanics who have at their disposal the advantages of factory-approved methods and Genuine Ford Parts.

Try this "Travelizing" idea on your own Ford. Let your Ford Dealer go over it point by point, with special attention to the eight under-hood items displayed below. You'll say the peace of mind alone was worth the little time and money it cost you.

You're in good hands at your Ford Dealer's

# Summer Weddings

## Bride Wears Cross Sent From Germany at Wedding

Paula Hefele, daughter of Mr. and Mrs. Edward Hefele of Stuttgart, Germany, became the bride of Norman E. Conley, son of Mr. and Mrs. Amos Curtis of Manchester, on Saturday, June 27th. The double wedding ceremony was performed at the St. Thomas Catholic Church, Ann Arbor, by the Rev. Fr. John Zovar before the immediate families.

The bride chose a ballerina length white net dress over white satin with puffed sleeves. Her fingertip veil of French illusion fell from a tiara of pearls. She carried a bouquet of white carnations and wore a gold cross studded with diamonds, a gift of her mother.

Mrs. Norman Brautigam, of Jackson, sister of the bridegroom, served as matron of honor. Her dress was identical to the bride's and was worn over orchid satin. She wore a head-band of white daisies with purple violets.

Mr. Norman Brautigam, of Jackson, sister of the bridegroom, served as matron of honor.

The wedding party dined at Weber's Blue Club following the ceremony.

The couple left on a short eastern honeymoon and on their return they will reside at 5630 Sharon Hollow Road. For traveling, the bride was attired in a dusty rose linen suit with white accessories.

The bride attended college in Germany and has been an employee of the Wrigley Stores in Mt. Clemens. The bridegroom graduated from Grass Lake High school and is employed at the Chrysler Corporation.

Miscellaneous showers were given for the bride by co-workers of the Wrigley Stores in Mt. Clemens, by her aunt, Mrs. Gottlieb Ebele, in Detroit and by the North Sharon Extension Club.

## Bonnie Trolz Weds John Conley

In St. Mary's Catholic church Saturday morning, July 4th, at 10 o'clock the Rev. Fr. Howard Noeker performed the double wedding rites uniting Bonnie J. Trolz, daughter of Mr. and Mrs. Elmer J. Trolz of Manchester and Richard John Conley, son of Mr. and Mrs. Charles S. Conley of Jackson.

Miss Mary Ann Markey, accompanied by Mrs. Genevieve Trolz, sang "This Day" to her at Thy Feet We're Kneeling" and "Ave Maria." Palms and bouquets of white gladioli decorated the church.

The bride chose a gown of imported lace, fashioned with a deep yoke of illusion and long tapering sleeves coming to points over her hands. Her waltz length bouffant skirt terminated at the hemline in deep ruffles over double ruffles of nylon tulle, fashioned in a Juliet cap outlined with orange blossom, held her fingertip veil of Swiss illusion. She carried a white orchid on a white prayer book.

For her duties as matron of honor, Mrs. Eugene Friday wore a waltz-length nylon tulle gown of mint green with a halter neckline and a full skirt tied with a handkerchief points. She wore a headpiece of matching flowers and carried a matching bouquet.

Mrs. Joyce Forner and Mrs. Joseph Ritchison, bridesmaids, were attired in gowns of lilac, fashioned like that of the bride. Mrs. Alfred LaGosh and Mrs. Gilmore Snidder, also bridesmaids, wore maize gowns similarly fashioned. All bridesmaids carried bouquets of mint green and wore headpieces of matching flowers.

David S. Conley assisted his brother as best man. Eugene Friday, Hugh Roberts, Joseph Ritchison and Alfred LaGosh were ushers.

As she greeted guests at the afternoon reception in the Georgian room of the Hotel Hayes, the mother of the bride was attired in a navy sheer dress with accessories of navy and white and a corsage of white carnations and yellow daisies.

The mother of the bridegroom also wore a dress of navy sheer with accessories of ice blue and a corsage of delphiniums.

For traveling the bride donned a pale blue suit with white accessories and an orchid corsage. After a wedding trip to Houghton Lake the couple will reside at 322 W. Wilkins, Jackson.

The bride graduated from Manchester high school and is employed at the National Bank of Jackson. The bridegroom is a graduate of Jackson high school and is a Macklin employee.

Pre-nuptial parties for the bride were given by the Messrs. Charles Conley, Eugene Friday, David Conley, Francis Forner and co-workers.

Out-of-town guests at the wedding were from Adrian, Port Huron, Manchester, Tecumseh, Detroit, Pontiac and Worcester, and Brookton, Massachusetts.

## Buss-Sherman

White, gladioluses, majestics and gypsophylla formed a lovely setting for the wedding of Arlene C. Sherman and Erwin W. Buss which was solemnized Sunday evening, June 28th, at 6 o'clock at the Tecumseh Methodist church. The Rev. Vaughn Whited of Clinton was the officiating clergyman for the double ring ceremony. The bride is the daughter of Mr. and Mrs. Luther Wood of Tecumseh and Mr. Buss is the son of the late Mr. and Mrs. William Buss of Manchester.

Preceding the ceremony Mrs. Herbert W. Dillon, organist, played a recital of nuptial music and the traditional wedding march and Miss Diane Woodward sang "Percy's O Promise Me" and "The Lord's Prayer."

The bride, given in marriage by her father, was lovely in a gown of nylon net and Chantilly lace, the lace bodice fashioned with a ruffled sweetheart neckline with which she wore an over-jacket of matching lace. The full skirt was of net and her shoulder veil was suspended from a beaded head band. She carried a white Bible and Eucharist lilies with white streamers and also wore whitegoid necklaces and tiny earrings set with rhinestones, the gift from the bridegroom.

Her attendants were Miss Ruth Eiseaman of Columbus, Ohio, a niece of the bridegroom, as maid of honor; Mrs. Robert Wood, sister-in-law of the bride, as bridesmaid and Helen Eiseaman of Chelsea, also a niece of the bridegroom, as junior bridesmaid. The maid of honor was in blue net with a skirt and lace jacket. Mrs. Wood wore pink nylon net and lace made similar to the bridal gown and the junior bridesmaid was in an orchid full-skirted, halter-top gown worn with a stole, a l with flower head pieces and carrying colonial bouquets of pink, blue and yellow. Barbara and Betty Wood, nieces of the bride, were the flower girls and were dressed alike in yellow nylon carrying baskets of flowers. Robert Wood served as best man and ushers were Robert and Loren Miller of Manchester, Berhald Yager of Hudson and Henry F. Kempf.

Immediately after the ceremony.

mony a reception for more than 250 guests was held in the church social rooms. Mr. and Mrs. Henry F. Kempf and Mrs. Truman Rentschler were host and hostesses. Mrs. Hartwell Randolph of Adrian and Mrs. L. D. Wood of Palmyra had charge of the coffee and tea services. Mrs. Elmer Bryan and Mrs. Harry Reidy cut the cakes and the W.S.C.S. of the church under the direction of Mrs. Walter Beck, assisted with the serving. The Misses Eiseaman and Mrs. Robert Wood, with the Misses Marilyn and Kathryn Miller of Pleasant Lake had charge of the gift table and Mrs. Rinehart Radant registered the guests at a table covered with a Chinese silk and linen cloth brought from China by Mr. Radant.

Mrs. Wood, mother of the bride, wore a navy nylon sheer with white accessories. Mrs. Harold Eiseaman of Chelsea, sister of the bridegroom, wore a two piece blue ensemble, both with red and white rose corsages with stephanotis. Mrs. Flora Wood, grandmother of the bride, was in light blue crepe with a pink and white corsage.

After the reception the new Mr. and Mrs. Buss left on a week's trip in northern Michigan, the bride wearing a flesh pink ensemble with pink and white accessories and a white carnation corsage. On their return they will make their home at 801 North Union Street, recently purchased from Robert L. Kroner. Mr. Buss is now employed by Tecumseh Products Company.

Several pre-nuptial showers were given for the bride by Mrs. Robert Wood, Mrs. Raymond VanTuyke, Mrs. Rinehart Radant and the Methodist Guild of Tecumseh. Mrs. Harold Eiseaman of Chelsea, Mrs. Rex Knisel of Blissfield and Mrs. L. D. Wood of Palmyra. The rehearsal dinner was given Saturday evening by Mr. and Mrs. Hartwell Randolph of Adrian at the Country Kitchen with 20 in attendance. At that time gifts were presented by Miss Sherman to the attendants. Later the rehearsal was held at the church.

## LOCAL BRIEFS

Guests of Mr. and Mrs. Albert Haller and family from Thursday night Monday were Mr. William Haug and son and Mr. and Mrs. Frank Favor of Boston, Mass. Mr. Haug is a cousin of Mr. Haller and the two had not seen each other for over thirty years. Needless to say they had a very pleasant time.

Mr. and Mrs. John Rhines and family of Jackson were week end guests of Mr. and Mrs. Clarence Smith and family.

On Saturday evening Mr. and Mrs. Earl Bauer, Mrs. Louise Bauer and Mr. and Mrs. Joseph Sains of Jackson were guests at the Clarence Smith home.

Duane Berry returned home Sunday from the University Hospital where he had been a patient for the past two weeks.

Mr. and Mrs. Fred Felder visited Mr. and Mrs. Leon Stautz at Stanton on Wednesday and on Thursday went to Torch Lake. While there they called on Walter Kuhl. They returned home Saturday.

Mr. and Mrs. Robert Weishauf of Michigan Center spent Sunday with her mother, Mrs. Ralph Kimble.

Mrs. Caroline Blosser spent the week end with her niece and husband, Mr. and Mrs. Fred Sinclair of Dearborn at her cottage at Wampiers Lake, where the Sinclairs are spending some time.

Mr. and Mrs. Irving Kuhl, Mr. and Mrs. Ray Trolz and sons, Mrs. Elizabeth Trolz, Mr. and Mrs. Tom Cushman and son, Mr. and Mrs. Paul Eisle and daughter, Mrs. Anna Weyer and Mrs. Ralph Kimble attended the Trolz-Moline wedding at the Federated church at Grass Lake June 27th. The bridegroom, Robert Trolz, is a grandson of Mrs. Elizabeth Trolz.

Mr. and Mrs. Amos Curtis spent Sunday with the Russell Clark family in Waldron.

## The Science Corner

by George Bonich

One of the common everyday occurrences that most people take for granted and do not try to explain is the question: Why does smoke rise in a chimney? Sometimes this question can be quite a puzzler, especially if one recalls that smoke particles are finely divided solids which are much heavier than air. Yet these solids are able to rise.

To arrive at a satisfactory answer to this question, one must consider the movement of air across the open top of the chimney. Then one must determine the effect of this air movement. When both of these things are done, it is found that the air moving across the chimney top reduces the air pressure within the chimney. The pressure within the chimney then becomes less than atmospheric pressure (fifteen pounds per square inch). It is the difference in pressures—the difference between the pressure inside the chimney and the pressure in the firebox—at the bottom of the chimney—that causes the smoke to rise. Actually the smoke is pushed up the chimney by the greater external pressure which, incidentally, is equal to the atmospheric pressure.

The reader can prove this to his own satisfaction if he does a simple experiment. Take a large wooden spool, a three-d spool will do. Hold it vertically. With one hand hold a playing card over the bottom end of the spool. Then blow across the hole in the top end of the spool. While blowing, the experimenter can remove the hand holding the card in place. When this is done, the card will remain in place as long as he continues to blow across the top of the spool. The card sticks to the spool because of reduced air pressure within the spool.

Other interesting applications of the principle are drinking through a straw, an airplane taking off, and a baseball pitcher throwing a curve ball. When drinking through a straw, one reduces the pressure in the straw by sucking on one end of the straw, and the atmospheric pressure pushing down on the liquid in the bottle and forces it up the straw. In the case of the airplane air-flows across the top of the wings faster than across the bottom, and this results in lowered pressure on top

of the wing and causes the lifting force. A base ball pitcher, when throwing a curve, puts spin on the ball which reduces the air pressure on one side of the ball and causes the ball to curve in the direction of reduced pressure. One can think of hundreds of examples to illustrate this interesting principle which was formulated early in the eighteenth century by Daniel Bernoulli, a Swiss mathematician.

## Polio Season Is Here Again

Summer time is Polio Time and with the disease reaching new heights each year it is especially wise for parents to pay particular attention to normal safeguards against the disease.

Three simple but effective measures are: (1) Don't let children become exhausted and see that they get plenty of rest (2) Severe chilling, such as blueness from long periods of swimming, should be prevented. (3) Public places should be avoided, and don't expose them to new playmates every day. It's rather foolish, however to try to keep your children away from their regular circle of friends.

Early stages of polio have signs that are unfortunately non-specific. Sore throat, fever, headache and nausea are common in many illnesses. Best thing is to be sure and call your doctor.

All this sound advice comes from Dr. David G. Dickinson who is medical director of the Respirator Center at University Hospital.
