Steer Club Auction Brings Good Return

The climax of the Manchester Community Fair was the steer club auction which was held in the steer club tent on the fair grounds because of heavy rain which brought to a sudden end the Seventh Community Fair. Until that time it was felt that the fair was far exceeding those of previous years.

Buyers, parents, steer club members and other interested persons huddled in the tent as the steer club members brought in and showed their steers.

Of the eighteen members six are girls. This is a far different story than might have been told several years ago when the steer clubs consisted mostly of boys.

Out in the rain and backing the club to the last ditch was the steer club chairman, Bob Hamilton of the Hamilton Central Market.

Total of the sixteen steers sold brought in a cool \$5,024.97 and six of the sixteen were brought by Hamilton who was determined that the kids raising the steers would not be disappointed. By the way, Bob says that the meat from these steers will be sold at the Market at the regular prices—no increase in price at all.

Joe Day of Ypsilanti was the auctioneer.

Carl Buss won a special award of ten dollars from Walt Schaible for having the steer which showed the greatest gain. Harold Strahle placed first for showmanship with Carl Buss in second place. The steers were weighed in at the Buss Coal Company before the sale.

As is indicated below most of the steers were sold locally and those who bought steers and by so doing backed this project sponsored by the Manchester Exchange are listed below:

A fifteen minute portion of the program was broadcast over radio station W. P. A. G. by Howard Heath as he interviewed the cooking school demonstrators. Mrs. Robert Crandall, Home Economics instructor at Manchester high school, and sponsor of the cooking school and radio broadcast, L. V. Kirk, from the Kirk Electric store here.

Also on hand at the affair was Mr. Ed Doran of General Electric. At the conclusion of the school, as in previous years, the food prepared is given to some lucky person. Josephine Cox won the oven meal, Helen Holly held the lucky number for the Clown cake and shrimp luncheon dish, and the broiler meal went to Mrs. Fred Lambright.

John Bowler Observes Eighty-fifth Birthday

Mr. and Mrs. John Bowler have returned home after spending a week with their son, Webster Bowler and family at Grosse Pointe Farms.

While there Mr. Bowler was guest of honor at a family dinner marking his 85th birthday. Other guests were the George Bowler family of Ann Arbor.

More and more every day we are being convinced that girls and women are taking over more responsible positions—first it was the steer club that was invaded by girls and now it's the Manchester School Patrol system—where a happy and enthusiastic group of fifth and sixth grade girls are doing a really fine job at the present time.

This year Mr. Rufus Gillam has organized a girls' patrol consisting of eleven regulars and five substitutes. This number he says, may be increased or decreased later according to the demand.

The girls have shown a strong desire to take over the great responsibilities required by the job, while the boys, after one year of service, apparently dislike shouldering the necessary responsibility. The girls, however, are determined to make the venture a success and it is hoped that everyone gives them all the encouragement they will need to carry out this program throughout the winter.

Needless to say, all jobs grow monotonous and without a doubt their work will not be too pleasant on cold stormy days but this is when alert intelligent help will be needed on the streets when they are most likely to be careless.

Again we cannot reiterate too emphatically that all parents must be most cooperative in assisting to make the patrol function efficiently.

Unless everyone works together the patrol girls' work will be of little account and no value. Cooperation on the part of everyone is needed. It may mean the saving of a child's life. "Who knows, it might be your own child."

The regular patrol girls are: Captain, Martha Boutell, Lieutenants, Christie Allan and JoAnne Koornke, assisted by Marianne Leedy, Margaret Steele, Janice P. Per, Mary Jo Huber, Judy Kirk, Joyce Bertke, Donna Maurer, and Delores Cox. Substitutes are Carol Braun, Carol Meyer, Cherry Brown, Barbara Kappler and Patty Binkowski.

Do You Have? Or Do You Need

Have you checked your closet or attic for your good, out-grown, wearable clothing? Or do you need an extra snow suit or jacket for your child?

On October 3 at the school, the Manchester P. T. A. will sponsor a clothes exchange. Bring your cleaned articles of clothing, either for children or adults marked with your name and price you desire for it to the school on Friday, October 2, after 3:45 p. m. This is open to everyone in the community. Some suggestions might be children's snow suits, coats, jackets, girl's dresses, boy's slacks, rubbers, galoshes, and even toys, such as tricycles and the like which are in good condition.

The P. T. A. will retain twenty-five per cent of the sale price for selling the article. At the same time the band boosters will hold a bake sale in the auditorium.

The annual meeting of the Manchester Community Fund will be September 30 at the Civic Auditorium at 8:00. Every contributor to the Fund is urged to attend this meeting. Every organization in the area should have full representation.

There are four board members whose terms expire this year. They are Mrs. Joe Schwab, Mrs. Franklin Reck, William Schaffer, Jr., and Ed Dresselhouse. Millard Uphaus is chairman of the nominating committee. Members of the Community Fund Board are elected for a three year term and the officers of the board are elected by the board members.

The annual meeting of the Community Fund is the time for citizens of the area to inform the board of their wishes. It is the type of town meeting which makes for the healthy growth of an up to date community. Mark the date on your calendar now.

Tentative dates for the Community Fund Drive are October 12 to 24, depending upon the date for the solicitors' general get-together. Solicitors will be contacted very soon. Anyone wishing to volunteer as a solicitor may phone his registration to Mrs. Philip Kern, 5572.

Better Eating

BY JEAN ALLEN

BEEF IN YOUR FREEZER

Be fussy about the cuts of beef you buy and save money doing it. Take advantage of the special prices from time to time on the

particular cuts your family likes best. Wrap, freeze and use as needed—it's as simple as that.

Ready for Freezing

Choose roasts in the sizes best suited for your family. Chuck and rolled rump roasts have little or no bone and so make good use of your freezer space. Use regular (moisture-vapor-proof) paper for wrapping the meats. Place a double thickness of freezer paper between steaks that are to be wrapped together.

Season Before Freezing

When your family asks for hamburgers just slip pre-seasoned frozen slices out of the package and into a lightly greased frying pan or under the broiler.

Hamburger Roll

Mix together one pound ground beef, one egg, one teaspoon salt, one tablespoon each prepared mustard and horseradish. Form into a roll, chill.

Cut into slices and place double thickness of freezer paper between each slice. Wrap hamburger roll in freezer paper and freeze at once.

Meat balls with rice popping out to make them look like little porcupines freeze well.

Porcupine Meat Balls

1 1/2 pounds ground beef
1 teaspoon salt
1/2 teaspoon pepper
1/2 cup unsifted rice

Combine and shape into balls. Slip the meat balls into a pot of long enough to keep them submerged and add water to cover. Boil, label and return to the freezer immediately.

Spicy Tomato Sauce

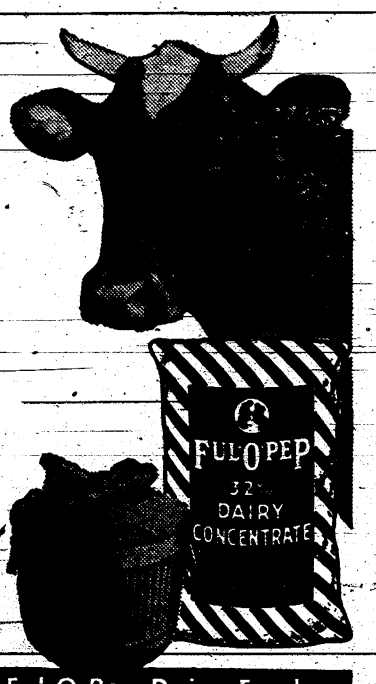

Brown the frozen meat balls slowly in hot fat. Add one small onion, chopped.
Two tablespoons dried green pepper, one-half teaspoon onion, one can tomato sauce, and onecup water.
Cover skillet and simmer over low heat 40 to 50 minutes, or until rice is tender. Add water if necessary.Yield: Eight servings.
Plan to use this sauce for a ground beef within a month or two.Fairfully

Many Events Feature Chicago Dairy Show

Exhibitors of six major breeds of cattle will compete for national honors and \$30,000 in cash prizes at the first International Dairy Show Oct. 10-17 in Chicago's International Amphitheatre.

Exhibitors and breeders of animals winning the most money in the open single classes of each breed, will receive a Premier Breeder Award.

State Herds Featured
A state herd class, in which cattle must be owned by three or more exhibitors, brings premiums of \$500 in each breed. Many state herds of all the dairy breeds, including top show animals from the states they represent, will be exhibited, the management announces.

Hundreds of 4-H and FFA members are expected to be on hand with their animals for a Junior Dairy Show on Monday, Oct. 12. Fourteen trophies, as well as a substantial cash prize list, are offered in this special division of the exhibition.

Youngsters Will Judge
Another feature which will attract many young people is the International Collegiate Dairy Cattle Judging Contest. The former will consist of a judging team of three members representing the agricultural college in which they are enrolled. Each state may enter a team of four members in the 4-H Judging Contest.

To encourage neatness and efficiency, a Herdsmen's Contest will be one of the events of the Dairy Show. Every person in charge of a herd will be considered as an entrant in the contest. Prizes will be awarded at the Herdsmen's banquet on Saturday, Oct. 17. Awards are based on cleanliness of stalls, general neat-

Only A Few Basic Rules To Be Followed When Setting Table For A Buffet Supper

VERY convenient and delightful form of entertaining a number of guests is the buffet supper. In planning a buffet supper, the smart hostess will make certain she has all the necessary serving pieces. Pattern of silverware above is Daffodil.

THE WOMAN who would like to entertain at a buffet supper this fall or winter needn't worry about remembering a number of table setting rules.

"There are only a few basic table setting rules to remember," according to John D. Shaw, of 1847 Rogers Bros. "Once these are followed, the hostess can make full use of her ingenuity."

Napkins, for example, are placed in stacks at one or both corners of a coarse weave cloth. Plates should be of ample size and placed in piles; about eight to a stack.

"Serving pieces are very important," explains Mr. Shaw. "The smart hostess, when planning her buffet supper, will make certain she has all the individual serving pieces she'll need. For example, if she's having cold turkey or chicken, she will need a cold meat fork."

ness in care of barns, promptness in appearing in the judging ring, cooperation in parades, and courtesy throughout the week.

Big Rodeo Planned
In addition to the Dairy classic, the huge International Amphithe-

atre arena will be the site of a World's Championship Rodeo which will be a veritable three-ring circus with the thrill-a-minute battle of man versus beast.

Cowboys from all parts of the nation will risk their lives for big

cash prizes, special awards, and world championship honors in the rodeo sponsored by Leo Cremer, Big Timber, Montana, veteran rodeo producer.

Forty-three storms causing more than \$1,000,000 damage each were reported in the United States in the first six months of 1953.

If we do not truly, really feel that we are actually in the presence of Almighty God when we pray, our words—though they be heartfelt and earnest—may be meaningless. Each of us must search his own heart and soul to know how to feel God's presence—for until we do that, our prayers are empty.

Manchester Woman Appears on Television
Manchester folk aren't seen too often on television but every once in a while someone for one reason or another gets before the camera. That's the way it was during the State Fair at Detroit.
Seems that Pat and Johnny went to the Fair grounds to look things over and Pat (the tall, good-looking blond), took a fancy to the Montadale sheep which the Fred Fielders were displaying. Anyway she invited Mrs. Fielder to appear on the Pat and Johnny show on a Thursday afternoon. Wonder how many around here saw the show?

New Religious Experiment Fails

By The Honorable Clare Boothe Luce

DURING THE LAST century, many people secretly sympathized with the atheistic, or as they preferred to call it, the "scientific" concept of the universe. They yearned to see the experiment made of forming a society purged of "religious myth and fantasy" and brought down to "scientific reality." In our time their desire has been gratified.

They have seen two great nations, Germany and Russia, undertake the experiment of official Godlessness.

AGAINST THE TRAGIC backgrounds provided by this experiment we ask ourselves, "Is Christianity, the faith of our fathers, an adequate religion for us in this time of awful crisis? Is this faith useful in our predicament?"

Let us remember that it is the Person of the Savior Himself which constitutes the difference between Christianity and all other religions.

Christians believe that He who called Himself the Way and the Life has been one of us; that He lived in a house as we do; that He ate and drank and had a human mother; spoke as we do and died as we die, and bled and cried out from the depths, as man himself so often has.

THE SUPREME CHRISTIAN claim is that in this Person not

only all of God's natural laws, but all His revealed truths were exquisitely codified and fulfilled. In Him, and by Him, and through Him, man was raised to live on a new level, a higher level than that of strict justice—he was raised to live on the level of Divine Mercy and Love which was to extend even to his enemies.

For centuries this Person, His story, and His words corresponded, as nothing else in all history ever had, to the noblest aspirations of man's heart. The Faith of the West was a faith in God's thirst for the love of man, and man's hunger for the Love of God.

The beginning and the end of this mutual love was shown forth in the Incarnation, Crucifixion, and Resurrection of this Person. He was the ultimate witness of man's awareness of his intrinsic freedom and of his mortal need for immortality.

ALL THAT WAS elemental in man responded to the Christian dispensation. For Christianity was not a philosophy telling man how to act. It was a faith telling him what to be. He ought to be another Christ. Man's burning conviction that, however much he failed, he ought to live like this Person, was the inspiration that has built our Western civilization.

Union Bank Entertains Steer Club

The Manchester Union Savings Bank was host at the 1953 Steer Club dinner at Emanuel church hall on Saturday prior to the steer club auction.

The dinner, which of course was steak, was served by the Tabeta Society of Emanuel Church. The ladies deserve much credit for the fine dinner.

Rev. Karl Rest gave the invocation and James C. Hendley, president of the Union Savings Bank, welcomed the guests.

Royal Davidier, local exchange club president, gave a few well-chosen remarks and introductions were handled by Dan Boutell, cashier of the Union Bank.

Richard Kefgen, well known television boogie-woogie entertainer from Detroit, showed the group what can be done with a harmonica—and without the aid of any accompaniment.

Special awards were given by Robert Hamilton, steer club committee chairman. Working on the Exchange Club committee sponsoring the steer club project, were Robert Hamilton, chairman, Earl Koebbe, Thomas Walton and Edward Gallaway. On the fathers committee were Erwin Buss, Roland Guenther and Amos Curtis. Robert Crandall, agricultural teacher, supervised the project.

The light that didn't fail

It was 1 o'clock in the morning. To George Stevens, dial telephone switchman, the light on the panel meant that somewhere a telephone was off the hook. An improperly replaced receiver perhaps, or one dislodged by a frisky cat. On the other hand this might be a distress signal. That's what George Stevens thought as he plugged in on the line.

There was no mistaking the weak but urgent voice he heard—a woman calling for help. Quickly Stevens traced the connection to get the telephone number. Then he called another switchman to get the woman's address. Within minutes Stevens had notified the police who sped to the

home of the stricken woman in Dearborn. They found an elderly woman helpless on the floor. Later at the hospital she told what had happened. A widow, living alone, she had suffered a severe heart attack that night. Though partially paralyzed, she managed to upset the table on which the telephone stood to summon help.

Police say that Stevens' prompt action "beyond a doubt" saved her life. Michigan Bell awarded him a Vail citation, a tribute to telephone people for outstanding service in emergencies.

Front-line troops relax after the Korean cease-fire. Hundreds of thousands of our men are still on watch in Korea

(PHOTO: COUNTRY LIFE)

Nothing is over but the shooting

On July 27th, in Korea, an Armistice was signed and the guns were silenced after three long years.

Agreement to halt the war has now been reached, but that's all. The force that caused Korea is still alive. *Nothing is over but the shooting.*

A job only you could do:

Through your support of the Red Cross, you have once more proved the willingness of men and women in free countries to help one another without thought of reward. No one pays your Red Cross, except in heartfelt gratitude.

Through the Red Cross and co-operating blood banks you gave over 5 million pints of blood on which the wounded in Korea had first call. You helped save their lives.

You made it possible for your Red Cross to be the link between our men and their homes . . . to ease the mind of a GI at the front with counsel and financial assistance, either for himself or for his loved ones in trouble at home . . . to cheer and comfort the wounded in hospitals . . . to give a touch of home to prisoners of

war immediately on release. Through your Red Cross, you stepped in.

An even bigger job ahead:

Despite the truce we can't stop now. The job is one of vigilance and waiting.

Thousands of men will be in hospitals, trying to recover the health they lost in our behalf. To them, the Red Cross means kindly personal services.

Men who continue in service at home and in foreign lands need your Red Cross to make life a little more pleasant, a bit more livable and normal. At the same time, the Red Cross must be ready with help for their families.

And the Red Cross blood program must go on. A backlog must be built up for defense, for treatment of those still suffering from wounds, and for the growing civilian needs. The Red Cross is set up to handle this job but its success depends on your continuing support.

As President Eisenhower has said:

"We have won an Armistice on a single battleground . . . not peace in the world. We may not now relax our guard . . ."

S. Helms Harriman
President of the American Red Cross

A message to every
prospective new car buyer:

You can have
the most popular automatic transmission
to be found in any low-priced car
Chevrolet's Famous 1953 Powerglide!*

Much fleetier, smoother, more economical! Thoroughly proved
and improved through years of development and over a billion
owner-driven miles! Production now running at new high
levels due to record nationwide demand!

Much More Economical
Chevrolet's 1953 Powerglide Automatic Transmission*—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you entirely new operating economy in city driving and on long trips.

Far Livelier Getaway
Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to legal traffic speed in seconds.

Important New Gas Savings
You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a more efficient use of engine power, make it extremely thrifty.

In fact, bring you the most important gain in gasoline economy in Chevrolet history.

Great New Passing Ability
The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

Smoothest No-Shift Driving at Lowest Cost

Driving is almost incredibly easy, changes of speed almost unbelievably smooth... for this transmission gives simplest, smoothest, no-shift driving at lowest cost.

Safe Eyes-on-the-Road Driving
Safety is served in many ways. And one of the most important, perhaps, is that Powerglide permits you to concentrate on

driving. You can keep your hands always on the steering wheel and your eyes always on the road.

Full Engine Braking—Power on Hills
Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

Rock Out of Trouble

Manchester Loses To Lincoln; 26-6

Taking advantage of every
Manchester error and getting ex-
cellent scoring production from
Jerry Kruger, Lincoln Consolida-
ted's Rail Splitters opened their
1953 football season with a 26-6
victory over the Dutchmen here
Friday night.

A Manchester fumble on its own
eight-yard line set the stage for
Lincoln's first tally which was
produced by a 10-yard pass from
Kruger to Hubert Woods. In the
second quarter, Manchester fum-
bled the ball away again to set
things up for Jerry Kruger's 8-
yard scoring run.

In the third quarter, Kruger in-
tercepted one of Len Scheid's
passes and carried the ball back
70 yards to pay dirt.

Manchester's lone tally came
early in the fourth quarter on a
3-yard pass from Scheid to Ray
Liddy. And the Lincolnites also
managed a fourth-quarter TD
as Dan Cullin counted on a 3-yard
sneaker.

Kruger plunged for Lincoln's
extra points following the second
and fourth touchdowns.

Mrs. Ed Schuman attended the
state MOMS party at Au-
burn Heights on Wednesday,
September 16.
