## Grandparents' Anniversaries Marked at Midnight Wedding

A midnight wedding at Dexter on Thursday night, Oct. 15, 1953 brought a childhood dream to reality for Betty Jane Pidd, who was married to Vernon Elroy Thalman of Berrien Center.

Betty Jane said, "I will," at the midway point between the wedding anniversaries of her four grandparents, Mr. and Mrs. J. William Pidd of Dexter had their golden wedding anniversary on Thursday. Friday is the 51st anniversary of the Harvey Proctors of Manchester, her mother's parents.

There had been some talk of an October ceremony when Betty Jane's parents, Mr. and Mrs. Erwin Pidd of Trinkle Road, were married, but they had a March wedding instead. So Betty Jane determined to carry out the idea herself, and as it happened was given a diamond ring in the golden anniversary year.

At 11:45 p. m. Wednesday, Oct. 14th, the wedding party gathered at the altar of the Methodist Church. The sanctuary was full as the Rev. Athanasius P. Rickard read a candlelight double-ring ceremony that ended at midnight.

Mrs. Wesley Proctor of Clinton, the bride's aunt, played organ music and Leonard Stark of Ypsilanti, her cousin, sang.

Frances Pidd of Trinkle Road was her sister's maid of honor. Bridesmaids were Mrs. Gerald Rehbein of Whitehall, Mich., Mr. Thalman's sister, Barbara Foster of Niles and Mrs. Charlene Carter of Lansing. Junior attendants were other sisters of the couple, Karen Pidd of Trinkle Road, and Judy Ann Thalman of Berrien Center.

The bride, whose father gave her in marriage, wore a crystal satin gown with an Elizabethan collar, long tapered sleeves, a full skirt banded with chantilly-type lace and a chapel length train. She wore a lace mantilla which she got in Brussels last year during a National Farm Youth trip. Her flowers were white roses and chrysanthemums.

The bridesmaids wore gowns of powder blue silk with cowl necklines and the junior attendants were in powderblue iridescent tulle.

All the bride's attendants wore chrysanthemums in their hair and carried bouquets of similar flowers in shades of gold, ivory, bronze and yellow.

Dale Foster of Niles was best man and Robert Rogien of Eau Claire, Mich., was groomsmen. Ushers were Erwin (Billy) Pidd of Dexter and Verle Thalman of Berrien Center, brothers of the couple. The Thalman brothers are the sons of Mr. and Mrs. Fritz Thalman of Berrien Center.

A reception at Copeland Auditorium in Dexter High School featured three wedding cakes—a five-tiered cake for the young couple and anniversary cakes at each end of the bridal table for the grandparents.

Mrs. Charles Barnsdale of Trenton, the bride's aunt, was hostess. Mrs. Allen Barrow of Ann Arbor kept the guest book. Tea and coffee was served by three of Mr. Thalman's sisters, Mrs. Robert

**WEDDING BELLS RING AT MIDNIGHT:** To honor the bride's grandparents on their wedding anniversaries, which fell on Oct. 14 & 15, Betty Jane Pidd of Dexter and Vernon Thalman of Berrien Center set their wedding for midnight Wed. Oct. 14th in Dexter. Shown above, early in the morning of Thurs. Oct. 15, are the couple with grandparents, Mr. & Mrs. Harvey Proctor of Manchester (left), married 51 years ago on Oct. 15; and Mr. and Mrs. J. William Pidd of Dexter, married 50 years ago Oct. 14th.

Rogien and Mrs. Rodney Brenner of Eau Claire and Mrs. George Wagner of St. Joseph.

Mrs. James Bradbury of Dexter served punch. Three Dexter women, Mrs. Harold Gross, Mrs. La Verne Coy and Mrs. Charles Bowman, cut cake and Mrs. Ronald Eder and Marjorie Bradbury, also of Dexter, helped serve.

Wilma Stark and Durwood Beatty of East Lansing and Robert Heller of Chelsea were in charge of gifts.

The couple went on a honeymoon to a secret destination. The bride wore a black tulle dress, a velvet trimmed gray coat, red accessories and a rose corsage for traveling. The couple will live in Berrien township on their return.

Mrs. Thalman is a graduate of Dexter High School. She attended Michigan State College before becoming a field assistant in Lansing for the Michigan Junior Farm Bureau, of which her husband is president.

Mr. Thalman was graduated from Eau Claire High School and studied agriculture at Michigan State before entering the Navy. He was graduated two years ago from Valparaiso University, where he belonged to Omega Phi Beta fraternity.

At present two hospital beds, two pair of crutches and one child's wheel chair are available. Anyone in need of such equipment call Mrs. Basil Schwab, Phone 3082 or Mrs. Russell Van Smith, Phone 3123.

## Woman Hurt When Struck by Car

Mrs. Web Walworth is a patient at Mercy Hospital in Jackson where she was taken Saturday, about 11:00 a. m. after she was struck by a car on East Main St., and was dragged about 18 feet, according to a report by Deputy Charles Schebor.

The driver of the car, Reuben Staebler of Waters Road, Ann Arbor, told the officer he didn't realize that he had struck the elderly woman because he was watching two oncoming cars.

She is being treated for a foot fracture, shock and bruises, at the hospital.

## Enrollment Reaches All-Time High

At the regular Parent-Teachers Association meeting held at the Manchester high school it was noted that the enrollment has reached an all time high of 219 members and Miss Ethel Brown's room won the book for the largest percentage of parents present and a book also went to the Short school district for the greatest present from the rural schools now in the Manchester school system.

Earl Alber announced that the P. T. A. sponsored Cub Scout program is undergoing a change and for boys between the ages of 8 and 11 years to be able to join the Cub Scouts, it first is necessary for at least one of their parents to attend three meetings for parents of prospective Cub Scouts, which here in Manchester, will be held on the next three consecutive Mondays beginning Monday, October 26th, through Monday, November 9th.

The meetings will be under the direction of the Portage Lake Boy Scout Council with their representatives in charge. Three members of the P. T. A. were appointed to serve as a Cub Scout committee. They are Dr. A. P. Holstein, Marvin Oates and Elwood Pniowski, and the P. T. A. is asking for two volunteers to work with them on committee.

Following the business meeting a panel discussion on TV problems and possibilities with Rev. Karl Rest acting as moderator, concluded the program. Others on the panel were Mrs. Mabel Pardee, Mrs. Marvin Kirk, Mrs. Leslie Chavey, Hugh Marx, Howard Higgins, Mrs. Harold Strayer, and Sam Cushman.

Mrs. Harold Alexander and Mrs. Paul Kappler served refreshments assisted by Mr. Leddy, Mrs. Geo. Grossman, Jr., Mrs. Henry Buss, Mrs. Ed Steele, Jr., and Mrs. Le Roy Wurster.

## Birth

Born to Mr. and Mrs. Veryl Schill on Thursday, October 15, a six pound three ounce baby girl—Sheila Sue, at the Saline Hospital.

## Along Main Street

A high of 84 was recorded at the University at Ann Arbor for October 19 where it was indicated that there has been no record reading that high since the recordings were first made in 1905. A year ago at this time we were having our first very light snow.

This area has gone without rain for the past 25 days or more with no rain yet in sight and as a result leaves, grass and shrubs are very dry and Fire-Chief Scheid warns everyone to beware of fire because the fire department was called out on two grass fires last week. Fires of this type could prove most disastrous. Hunters in the area are urged to be particularly cautious and many farmers are asking and warning hunters not to hunt in the area.

The size of your foot may be the deciding factor when you buy your ticket at the SOC HOP on Saturday, October 24. This dance is sponsored by the Future Homemakers of America and will be held at the high school auditorium and the admission is five cents an inch for the length of your foot. However, the girls promise that so one's admission will be more than fifty cents. Mrs. Robert Crandall is sponsor for the class.

Mr. and Mrs. Sam Vögeberg celebrated their 55th wedding anniversary at their home on October 18, a company of friends helped them celebrate the occasion on Friday evening.

Dedication of the Pleasant Lake School District No. 2 Freedom township will be held this coming Sunday—October 25. Open-house will be from 2 to 5 p. m. with a special program at 3 p. m. Mr. Julius Haab will introduce Dr. Eugene E. Elliott president of Michigan State Normal College, whose topic will be "Building for Children." General Chairman of the affair is Ray Bihlmeyer. The teachers and members of the school board will be introduced during the program.

The American Legion Auxiliary of Manchester will present a flag for the Pleasant Lake Auditorium and the Women's Relief Corps of Chelsea will present each class room with an American flag.

Apparently work is being done on the Carr Park project and it has been suggested that if anyone has some good fill dirt that they could donate to the project they are asked to call Charles Schebor.

We were interested to learn that Mrs. Raymond Steel had the happy experience of talking with her husband, M. Sgt. Raymond Steele who is stationed at Yokohama, Japan by telephone. She said the reception was very good.

Making up the quartet are tenor Sam Cushman, lead Tom Cushman, baritone Everett Queen and bass Charles Knorpp.

The judging is based on the arrangement of the song, balance and blend (making one tone), harmony accuracy, voice expression, stage presence and timing of song (not to have song shorter than four and one-half minutes or longer than six minutes).

One question has been asked solicitors is "Why give the Student Council anything?" The answer is that the schools furnish buildings, equipment, teachers and as many educational events such as special speakers, demonstrations or shows which could not be had for the student assemblies unless each student was charged a fee to attend the event. The funds gift is Manchester's way of saying all of our children may enjoy the same special events at their school. The gift is handled by the Student Council and planned on a yearly basis with their advisor. An accounting is given to the Community Fund Board each year as is required of all recipients of Community Fund money.

Manchester has learned the secret of voluntary giving, of being a part of the nation's demonstration against the three D's—dis-ease, delinquency, and human deterioration. The local area is keenly aware of the local needs of the Manchester area as well as those of the nation and is volunteering aid through gifts and work to make a better world.

Most solicitors will be able to have their final report in by Oct. 26—the report day following the concentrated part of the Drive. The goal is \$3,500 by October 24!

Who is the smoothest, most economical automobile driver of high school age in Manchester? The question will be answered Sunday, November 1, when Manchester's second economy run will be held.

This year, champions will be discovered among four nearby high schools. Taking part with Manchester, on the same day, at the same time, will be Clinton, Tecumseh, and Brooklyn. In all, a hundred or more boys and girls of driving age will cover a hundred-mile course to find out who can drive the course with the lowest consumption of gas. Thus there will be not only champs for the individual high schools, but sweepstakes champions in what has been called the Raisin Valley Economy Run.

Drivers will compete in two classes—standard gear shift and overdrive, with automatic shifts competing in the standard class. All makes of car may enter. Handsome sweepstakes trophies for the two classes are offered by Farm Journal Magazine, which sponsored the original run a year ago. In Manchester, first, second and third place prizes will be provided by the Exchange Club in each class. In Brooklyn and Clinton, the Kiwanis Clubs will give prizes, and in Tecumseh the Rotary Club. Manchester will give a dinner for the winners in all towns on Monday, November 9.

This year, the AAA in Detroit will have a photographer and observer here to watch the run with a view to promoting it in other cities. As a result of last year's run, some 400 requests for information came to Farm Journal, and at least fifty communities have had similar runs.

Manchester's idea of having other schools take part in the same run on the same course is a new one. The course covers all types of road, both town and country driving, and passes through each of the towns cooperating in the drive.

Last Sunday, Larry Soldan of Manchester, Wes Coffey of Clinton, David Dick of Tecumseh, and John Magiera of Brooklyn, all driver training teachers, laid out the course which measures nearly a hundred miles. This course will be kept secret until the contestants are weighed in. At that time, contestants and observers will be handed maps and written itineraries.

Last year, the winner, Jerry Trolz, in a 1952 Cadillac, made 20.4 car miles and 49.4 ton-miles. Joe Kirk in a Ford Six, made 24 car miles and 44.6 ton-miles. Contestants are aiming to beat this remarkable figure this year. It will take smooth, careful handling to do it.

October 13 was a lucky night indeed for Manchester's Lady Bowlers; and that may be the understatement of the year. Most of the excitement centered around the Lannom's Variety team, who decided they were sick of fourth place—and set out to trounce Schaffer Lumber Co. by 4 points pushing them down from first to

second place in the league standings. In performing this feat Lannom's set three big new records.

Their "Anchor Gal," and our League President, Lena Riedel, had a high three game series of 526 and the team as a whole set the high team single game at 786 and high team three games at 2205.

Two other girls in the league had series of 500 or more. Joyce Schaffer of Schaffer Lumber Co. had an even 500 and Manchester Bakery's Ann Pniowski had a 520. Speaking of Ann Pniowski, we understand that her team has voted her their "Number 1 Cookie," and why not? She came up with a 202 game to shatter that long standing high individual single game score of 199 shared by Edna Knauss and Joyce Schaffer.

Carl M. Schaible, Inc., stepped on the gas on their little Ford and took 3 points from Hamilton's Market, thereby regaining first place, just one-half point above Lannom's and Schaffer's who are now tied for the second spot.

It was a battle to the bitter end when the two local "Pill Pushers," Uphaus Drug and Manchester Drug met for the first time this season. The Manchester Drug team was forced to take some of its own medicine when their competitors took 4 points. The victory brought Uphaus Drug into fifth place.

Widmayer's Hardware and Furniture split with Manchester Bakery and inched upward into 7th place, just one-half point out of the cellar.

Eleven girls had games over 165. Betty Schaible had a 166, Edna Dietle and Georgia Rager each had a 171, Helen Welsh rolled a 173, Donna Thurman a 174, Dorothy Mann a 175, T. V. Ludwig a 180, Kay Long and Joyce Schaffer each rolled a 185, Lena Riedel had a 197 and of course Ann Pniowski had a 208.

Doris Sutton picked up a 510 split and Joyce Schaffer had 4 consecutive strikes.

Turkeys were hatched by Kay Long, Donna Thurman, Dorothy Mann, Georgia Rager, and Ann Pniowski. If they keep up that pace we'll have a whole flock by Thanksgiving.

## Men's Bowling

There was some very good bowling done this week in the Business Men's League with Kappler's Contractors and Mary's Tavern teams being "extra good." The Contractors came up with a new season team high series with three games of 863, 938, 926 for a 2727 series which is going to be hard to top this season. Mary's Tavern bowlers threw a 1002 game that is high team game for

the season and will be hard to beat. This 1002 game is also the first time a team went over a 1000 pins since our league has been bowling in Chelsea. Kappler's Contractors big spree enabled them to sink Klager's Hatcheries for 4 points. The big guns for the Contractors were Speck Kappler (585 series), Bill Warner (584 series), Art Golas (542 series) and Homer Kappler (529 series).

Mary's Tavern with their big game outshot ABC Service in taking 3 out of 4 points. By the way, this is the first time that ABC Service has been held to only 1 point this season.

There were some good series in this match with Mary's, Russ Wolff 545, Fritz Wurster 538, and Morgan-Kern 528; for the Serviceemen, Dewey Hartbeck 555, Edwin Benedict 531, and Roy Marx 520. Widmayer Sales & Service showed that they were no "flash in the pan" when they met Carl M. Schaible's team and came home with 3 points out of the 4. Hollie Ayres was the big bowler for Widmayers with a 553 series, while Jim Baker with a 502 series and Duane Roller with a 515 series for the Ford men didn't have enough help to win. Mann's Millers with Dick Fink's 522 series helping, downed Jan & Jim's Grill team for 4 points. All the games were close with the third game being won by 4 pins and total pins by 25 pins.

Spike's Mobil Service met Double A Products and the Mobil bowlers got 4 points without any of the bowlers in this match reaching the 500 mark in series.

In the only tie of the evening 2 points went to K & W Farm Supply and 2 points to Short's Electric Service. Jerry Bower of the Farm Suppliers was the only bowler in the match to crack the 500 series mark which was 503. There were a great many 200 games bowled which are: Hollie Ayres 236, Russell Wolff 234, Bill Warner 222, Dewey Hartbeck 212, Roy Marx 203, Speck Kappler 203, Homer Kappler 202, Jerry Bower 202, and Jim Baker 200.

## Businessmen's League

There was a new leader in the Business Men's Bowling League this week as Mary's Tavern slipped by A B C Service to take over top spot by one point.

Mary's Tavern swept 4 points from Spike's Mobil Service as Bob Popkey threw a 512 series to help the Tavern bowlers to their win.

K & W Farm Supply gave ABC Service a scare as the two teams bowled to a draw—2 points apiece—thereby dropping the Service team into second place in the standings. Bob Clark, 552 series, and Bill Kroske, 523 series for ABC's and Bill Kroske, 523 series, for the Farm Suppliers, were

the big bowlers in this match.

Kappler's Contractors took on the Double A Products team nearly getting all the games and points, but the second game ended in a tie so each team got one-half a point. This gave the Contractors three and one-half points and Double A one-half point as Bill Warner turned in the best bowling of the night with 2 (201 game) and a 581 series.

There were 3 more 500 series on Kappler's team besides Warner's high series, which were: Speck Kappler's 554, Homer Kappler's 526 and Art Golas's 502.

Carl M. Schaible's Ford team swamped Jan & Jim's Grill team by taking all 4 points. There were no 500 series bowled but most of the fellows got their averages or better.

Klager's Hatcheries finally got to rolling and took 3 out of 4 points from Mann's. Vearl Widmayer of Klager's and Rolfe Grossman of Mann's had 513 series. An oddity in this match was made by Charlie Eisenhauer, who has a 147 average, bowled a 147 first game, 148 second game and a 147 third game.

Widmayer Sales & Service team tangled with Short's Electric Service team and emerged the winner by coming home with 3 out of 4 points. This is the first series won by Widmayer's this season but none of the bowlers could

crack the 500 series mark.

The bowlers who got a 200 game or better were: Bill Warner had 2 games of 201, Clarence Fielder 244—in this game Clarence had 2 straight strikes—Bob Clark 216, Ora Walcutt, Jr., 200, Speck Kappler 200, and Rolfe Grossman 200.

Homer Kappler was the leader in high individual game (252) and high individual series (606).

Kappler's Contractors hold high team series (2622) and high team game (924) marks.

## Capacity Day For Sinclair Dealers

Saturday, October 24, has been designated as Capacity Day for Sinclair Dealers in this area. Mr. J. J. Hammer, local representative of Sinclair Refining Co. announced today.

On Capacity Day, local Sinclair

Dealers will compete in a one-day gasoline sales contest. The Dealer attaining the greatest increase in sales of gasoline will be the winner and will receive the Sinclair Capacity Day Award.

Special judges will visit each station at both opening and closing to check and verify gallonage sales for the event, which will be held as scheduled, rain or shine. While the contest is limited to gasoline sales, Mr. Hammer emphasized that it will afford an opportunity to Dealers to introduce new customers to the full line of Sinclair products—including the new Sinclair EXTRA DUTY Motor Oil and POWER-X gasoline.

Last year's Capacity Day winner in this area was Bill Newhouse, 301-E. Michigan Ave., Ypsilanti, Michigan.

## Dr. Lee Receives Potter Medal

Hailed as a champion for the needs of disabled Michigan citizens, Dr. John J. Lee, dean of the graduate school, Wayne University, Detroit, was awarded the second Charles F. Potter Medal for "devoted efforts in the long campaign to establish useful lives for handicapped people."

United States Senator Charles Potter (R-Michigan), himself a war-time amputee, presented the award in a ceremony preceding the eighth annual meeting of the Michigan Rehabilitation Association, held at the University of Michigan on October 12 and 13. The Senator, scheduled to give the award personally at the conference, was unable to be present because of a committee appointment in Korea.

Dr. Lee, who taught school in Pellston, Alba, and Everett (in Lansing) early in his career, habilitation work, is a past president of the National Rehabilitation Association, and has helped promote federal and state legislation to improve services for the handicapped.

According to James F. Kipfer, Lansing, president of the Michigan Rehabilitation Association, last year's recipient of the Potter Medal, Harry Smithson, of Detroit, this year received the President Eisenhower Trophy for work with the disabled. Kipfer, also an executive of the Michigan Tuberculosis Association, joined with

Senator Potter in paying tribute to Dr. Lee as a "foremost state and national figure in rehabilitation of the handicapped."

## History & Purpose of The Washtenaw Historical Society

The Washtenaw Historical Society resulted from the re-organization, in 1939, of the Washtenaw County Pioneer and Historical Society. The older society had been in existence since 1873.

This is the only organization in the County charged with preserving "Washtenaw's memory." Its object, as set forth in the constitution, is "to foster interest in the history of the Washtenaw area, and to assemble and preserve in permanent collections all material relating to that history." These collections offer a safe repository for records and relics whose preservation is desired by individuals or families. Such material tends to vanish with the rapid growth of our County, whose making of history has been so much accelerated. You are asked to discard or destroy nothing without asking the question, "does this contribute anything to the history of Washtenaw County?"

If the answer is yes, or if you are in doubt, please advise the Society Custodian who will gladly examine the articles and discuss the matter with you.

Articles desired include: Letters, newspapers, account books, programs, deeds, maps, pictures, photographs, books, especially those published in the area or written by inhabitants. They may also be clothing, furniture, farm and household tools and equipment, clocks, watches, quilts, and blankets, silverware, jewelry, china, firearms, glassware, genealogical records.

We are making history every day and the transition from current to historical material is so gradual that we often do not realize when some out-moded equipment or map or program has taken on historical value because it records or describes something which will never take place again. An alert membership will build up a volume or local historical material which not only will record the past development of our community, but will also help us to interpret its future as daily events unfold.

## Privileges of Membership

1.—Meetings. The Society holds program meetings at intervals, usually monthly, as well as an annual meeting. At these times papers are presented on varying phases of the background of our community life, by persons best qualified to know about each topic, or pilgrimages are made by the group to places of historical interest in the County. Titles of some of these papers are listed below.

2.—Publication. A new mimeograph serial, "Washtenaw Impressions," was established in 1943 in order to bring these papers to the members in permanent form, either verbatim or as digests. These papers will have increased value and interest when they can be printed and illustrated. This serial is already being sought in exchange for publications of other historical organizations.

# You'll get more than you expect

In feature after feature, Ford matches the finest . . .

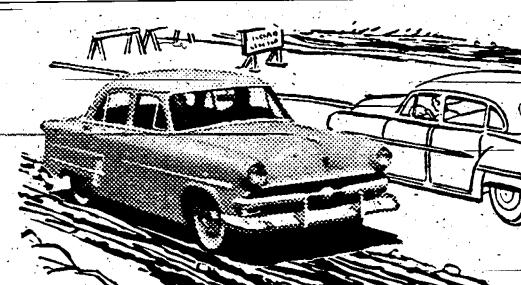

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

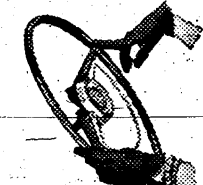

## V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

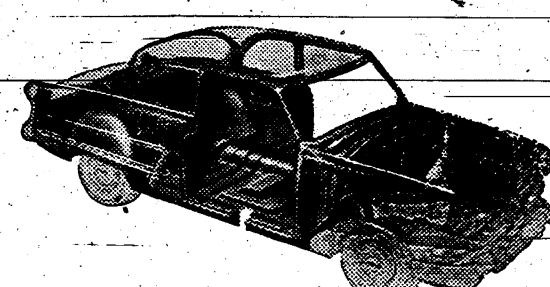

## Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

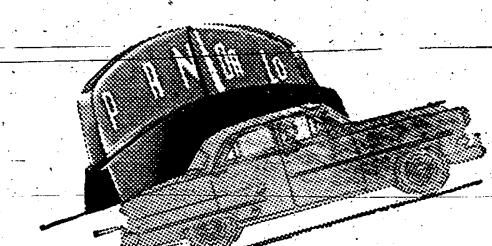

## Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

## Built like the finest

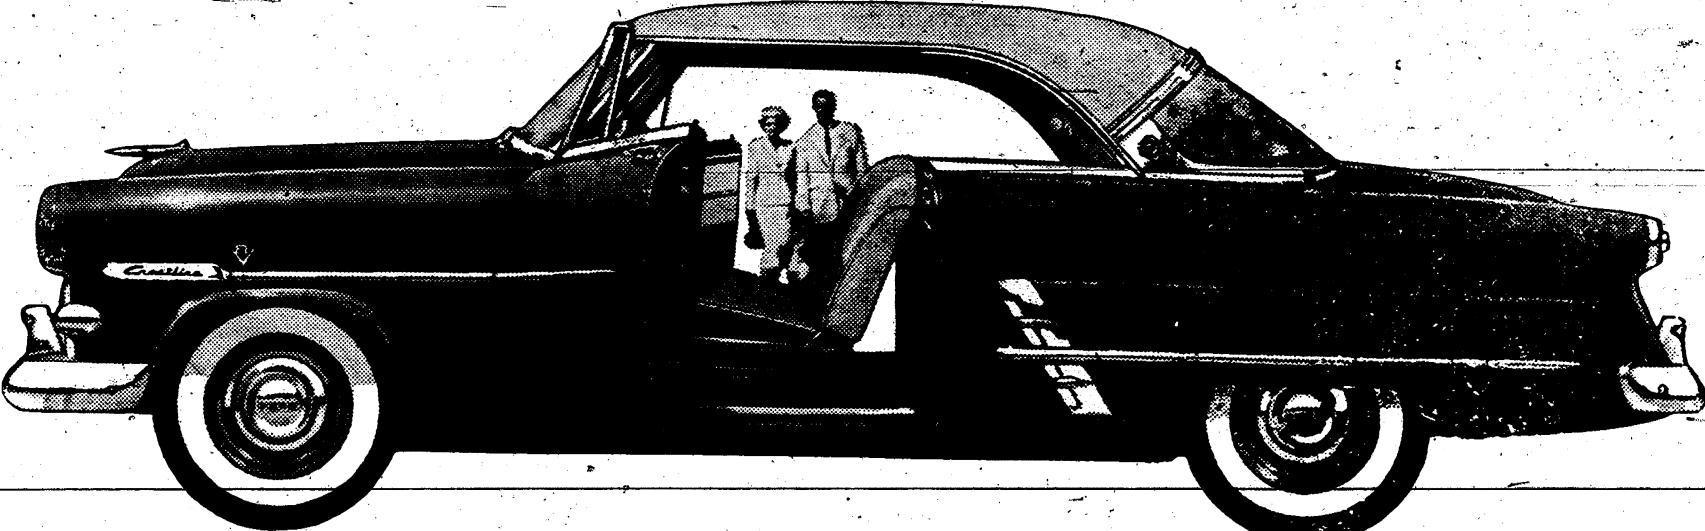

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

## Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

## Violations —

## Hunter Fined \$107.00

Shooting pheasants during the closed season cost a 67-year-old Manchester resident \$107.80 in Ann Arbor municipal court Monday. Lewis Alber, arrested by Conservation officer Donley Boyer in Sharon township, pleaded guilty to the charge.

On Tuesday evening Charles Nabb, aged 46, of Grass Lake, was fined \$75 and \$25 cost by Judge Deake in Ann Arbor. While traveling west on M-11, he plowed into a parked car belonging to L. P. Wurster, doing considerable damage to both cars. Deputy Charles Schebor who investigated, said Nabb admitted that he had been driving after drinking and took him to the Ann Arbor jail. Judge Deake also revoked his driver's license for ninety days.

On answering a call to the Lee Cox home at 110 Wolverine Street Sunday morning, Deputy C. Schebor arrested Harley Loveland on a charge of disorderly conduct. Arraigned before Judge Deake on Monday, Loveland pleaded guilty and was fined fifteen dollars and eleven dollars and fifty cents cost. Failing to pay the fine he was sentenced to thirty days in jail.

## Hallowe'en Party

## Planned For

## Youngsters

A Hallowe'en party for the children of the Manchester area is being planned by the Recreation for Youth Committee in conjunction with the American Legion Emil Jacob Post to be held Friday, October 30 at 7 p. m.

A parade will form in front of the Manchester township library at the Manchester Park. It is believed by the committee that this location for meeting will lessen the danger of children getting too close to the heavy traffic on M-11. Joe Schwab, president of the committee and Marvin Oates are supervising the directing of traffic during the parade, which will start promptly at 7 p. m. and proceed up Main Street. Main Street traffic will be rerouted from 7 p. m. until after the parade reaches the E. G. Mann Mill.

At the mill the judges will handle the job of selecting the winners as quickly and efficiently as possible. Judges for the rural school selections are Rev. J. A. Beardsley, Mrs. R. C. Kerr and Miss Marian Farrell.

The local school grade judges are Mrs. Marie Scheurer, Mrs. J. R. Jones and Ray Tirl. Those for the individual prizes are William Kramer, Mrs. Raynor Haeussier and Mrs. George Merriman. Characterizations in this category will be given prizes as follows: for the oldest person, for the youngest, fattest male, fattest female, best dressed male, best dressed female, worst dressed male, worst dressed female, tallest person, tiniest person, best dressed couple, most frightful witch, most ghostly ghost, and prizes first, second and third for the most unique costumes. The prizes will be given for appearance of age rather than the actual age of the person in costume. Thus a child of six or seven years dressed as an old, old person might well be awarded the prize for the oldest person rather than a person of sixty years in costume.

Serving of donuts and sweet cider by members of the Legion will conclude the program.

Supervisors Postpone  
Meeting for Report of  
Apportionments

Washtenaw's Board of Supervisors, scheduled to meet this morning, has postponed its meeting until tomorrow because of a delay in the completion of the apportionment committee report.

Also expected to be studied by the board when it convenes at 10:30 a. m. at the Courthouse is a request that the county budget approved last week be re-opened to increase the appropriation for drain assessments at large by \$3,462.

The meeting is scheduled to wind up the supervisors' long annual session, begun Sept. 21.

Holding up completion of the apportionment report is Manchester No. 2 fractional school district which is determining whether to levy a special 6-mill voted tax to retire school bonds on the state or county equalized tax base.

The issue must be settled, according to County Auditor J. Martin Rapp, before the report can be finished.
