Looking Back At The Past

55 Years Ago

Little fellows are only "pinheads" out in a few years they must be furnished much sport for the voters of the red. He says he plans to mount large numbers of pickered brown bass etc. in our surrounding lakes in the near future. Excess true sportsmen will undoubtedly appreciate his efforts in this direction as well as his vigorous prosecution of violators of game laws.

2 Years Ago

Joan Guenther and George Blanton were elected king and queen at the Valentine party at the high school which was sponsored by the Glee Club.

Order of St. Francis

The first Men's Day of Recollection during Lent at Duns Scotus College, Nine Mile and Evergreen, will be held on Saturday, March 7, from 9:00 to 8:30 p. m. All laymen are invited to attend in order to prepare for the following day's Holy Name Sunday observance in their respective parishes.

Fr. Robert Wilkin O. F. M., will conduct a series of four conferences, in the afternoon between which one may say the stations, read, go to confession or meditate upon the nearness of God that is felt on such occasions. Silence is observed by all.

An eat-your-fill family style dinner is served at 6:00 p. m. by members of the Third Order of St. Francis, who sponsor the monthly Day of Recollection. This is followed by an informal period, during which time those in attendance may ask questions from the floor. A Holy Hour with the Eucharist closes the Day.

For reservations or transportation, call Lu. 1-4997 or Te. 4-0012.

Beverly Green, Reporter
We are enjoying our new three-speed record player. Beverly Green, Kathryn Knapp and Evelyn Schumacher were Thursday dinner and overnight guests of their teacher, Mrs. Maude McKeely of Grass Lake.

Our Civic Health Club officers: president, Evelyn Schumacher; vice-president, Beverly Green; secretary, Roger Troz, and treasurer, Kathryn Knapp, sponsored a Valentine party. Kathryn brought old-fashioned Valentines from home and made a very pretty frilly exhibit of them on one of the bulletin boards.

Our room was decorated with the heart motif. Roger was in charge of games while Beverly, Evelyn and Kathryn served the co-operative refreshments of pop corn, home made candy and soft drinks. Evelyn was postmistress at the Valentine box while the first graders, Karen Cushman, Paul Green and Mary Knapp delivered the Valentines. Karen, daughter of the Sam Cushman, attended the Gene Autry show in Jackson. The next morning she was guest speaker and gave a vivid little

Freedom Farm Bureau News

There were 39 members and 8 guests at the meeting of the West Bridgewater Farm Bureau at the home of Mr. and Mrs. William Reno on Friday evening. In the absence of the chairman, Harold Eiseams who was ill, the business meeting was conducted by Armin Kuhl.

4-H Handicraft Club gave several demonstrations and taking part were Lauren Miller, Morris Gary, and Paul Menzel.

John Miller had charge of the demonstrations. County Agent Don Johnson showed movies and sound films on "The Story of Wool" from lambs to the finished cloth.

Mr. and Mrs. Alfred Kuhl assisted the hosts with the refreshment of cherry pie, ice cream and coffee.

Hereford Breeders To Meet

Cattlemen who are members of the Michigan Hereford Association will hold their annual business meeting and banquet, Feb. 27, and seventh Wolverine Futurity show and sale, Feb. 28, on the Michigan State College campus.

MHA Secretary Leo Leiter of Belding predicts a complete discussion of the forthcoming National Hereford Congress to be held here June 22-24—the first one east of the Mississippi River. The problem of low beef prices is also expected to come up for talks.

Jim Curry of Sandusky will manage the sale to be held by Jewett Fulkerson, Liberty, Miss.; Eugene Johnson, Prospect, Kentucky; cattlemen will judge the how of sale cattle.

Locust Menaces Fruit

Fruit growers with memories running back seventeen years should consider whether or not the periodical cicada was a problem in their neighborhood before making extensive plantings of fruit tree stock in 1953. The periodical cicada, sometimes known as the Seventeen-Year Locust, is due to emerge in great numbers this year and may severely damage newly planted fruit trees. In locations where the insect was not a problem seventeen years ago, it is unlikely that it will be troublesome in the same locality this year. This pest was a serious menace to many ornamental and fruit tree plantings in 1936. In many localities in Southeastern Michigan in such localities it is advisable to delay fruit tree plantings until 1954.

Michigan Animal Census Rising

The annual animal census of Michigan forms showed an increase in cattle, sheep and turkeys and a drop in the count of horses, hogs and hens, the Federal-State Crop Reporting Service said today.

Total value of all livestock and poultry on Michigan farms Jan. 1 was \$380,934,000, 15 per cent below the high of last year but 39 per cent above the 10-year average.

Cattle — There were 2,003,000 head of cattle and calves on farms Jan. 1, seven per cent more than a year earlier and the largest count since 1945.

Milk cows and heifers (Two years old and older), increased four per cent to 963,000 head, the highest since 1948. All other cattle and calves totalled 1,040,000 head, 10 per cent more than a year ago and the largest number on record.

Sheep — Stock sheep numbers increased two per cent to 260,000 head, the highest count since 1945 but still below the previous high of more than 300,000.

Turkeys — The turkey flock was reported at 132,000 birds, 18 per cent more than a year ago.

Horses — The count of horses continued on the decline at a rapid rate with only 63,000 head on Michigan's farms, 18 per cent less than a year ago. Ten years ago there were 287,000 head of horses counted.

Hogs — Hog numbers dropped sharply to 781,000, 18 per cent less than a year ago and the lowest count since 1949.

Chickens — The 10,987,000 chickens reported was three per cent less than a year ago and the lowest count since 1949.

Beef Cattleman's Training Course

Is the Michigan emphasis on beef cattle a passing fancy? Not according to farm leaders who are behind Michigan State College's first annual beef cattleman's "short course" to be held here March 9-10. Thousands of acres of land in Michigan could profitably be added to those already in beef production if farmers and ranchers had the proper "know how" to do the job well, they assert.

Attracted by past high beef prices many farmers and even some non farmers rushed into the beef game without having the proper experience and training. A lot of time and money are continuing to lose money because they were unprepared to cope with the new venture when the cushion of rising prices began to pack down.

The new short course for the cattlemen should serve as a who want to develop a sound background of training for a "long pull" in the beef producing business, farm leaders are convinced.

The two-day event will include judging of Angus, Hereford and Shorthorn cattle, selection problems, records marking, naming and recording and registration of animals.

Enrollment is open to all pure breeders and others planning a beef enterprise.

Manchester Herd Completes Test

Several registered Holstein-Friesian cows in the herd of the R. P. and L. K. Timan, Rayalinn Farms at Manchester have completed production tests under official Herd Improvement Registry rules.

Testing was supervised by the Michigan State College in cooperation with the Holstein-Friesian Association of America.

Highest producer was Rayalinn Omsby Kay, with 547 pounds of butterfat and 15,204 pounds of milk, made on two milkings daily in 345 days at the age of three years, one month. Her record averages approximately 21 quarts of milk daily for the period covered by her test.

Another high producer was Erindale Lausmont Dunloggin Della with 541 pounds of butterfat and 12,681 pounds of milk, testing 4.3 per cent to her credit made on two milkings daily in 295 days at the age of six years.

eight months. Her record averages approximately 21 quarts of milk daily for the period covered by her test.

PROCLAMATION

WHEREAS eyesight is mankind's most precious sense, and WHEREAS the neglect of this precious gift can seriously handicap our children in their school work, and our adults in their jobs, and

WHEREAS the eyesight of drivers has a direct bearing on highway safety, and

WHEREAS, with proper care, adequate vision is within the reach of almost all of us,

I, as Village President of the Village of Manchester, hereby proclaim the week of March 1 to 7 as Save Your Vision Week, and dedicate it to the conservation and improvement of the vision of all our citizens.

Signed: James Cannon, Village President

Save Your Vision Week

The twenty-seventh annual Save Your Vision Week will be observed March 1 to 7 according to Dr. M. Mitchell, Optometrist, president of the Huron Valley Optometric Society which will sponsor the observance in this locality.

In many talks scheduled by optometrists before civic groups during the week, emphasis will be placed on prevention of eyesight problems, and patients during the week will be offered literature on the means of conserving and improving vision.

Vision is our most precious sense, and neglect is the primary cause of blindness or impairment of vision. By a better understanding of eye care, and of lighting, and other factors affecting vision, many eyesight problems could be avoided. Save your Vision Week program will deal with four major subjects:

1. Children's vision. We need to give greater attention to the seeing environment of the classroom.
2. Occupational vision. Different jobs have entirely different visual requirements. A crane operator, for example, may actually be handicapped if he wears his reading glasses on the job where distant vision is paramount. This is important to safety as well as production.
3. Highway vision. Many drivers are highway hazards because they do not know that their vision is not up to par. They must be made vision-conscious.
4. Vision for recreation. Television raises new problems. A golfer's game depends more on his vision than he realizes. Sun-glare on snow or on a white sand beach is more serious for skiers or bathers than most of them know.

Dr. M. Mitchell, Optometrist, Optometric Society, President Huron Valley.

and we should avoid too much close concentration for pre-school children.

2. Occupational vision. Different jobs have entirely different visual requirements. A crane operator, for example, may actually be handicapped if he wears his reading glasses on the job where distant vision is paramount. This is important to safety as well as production.

3. Highway vision. Many drivers are highway hazards because they do not know that their vision is not up to par. They must be made vision-conscious.

CHICKS EAT TOO MUCH

A poultry scientist who has been studying the habits of chickens has found that they eat too much for their own good and the farmer's.

At a conference in Cincinnati, Ohio, Poultry Feeding Expert, O. B. Kent of Chicago advised that poultry should be fed a restricted diet for pullets being grown for laying and more of them, he added. Kent estimated that the potential value of restricted feeding to the cost of raising a pullet. The restricted feeding plan was developed on a feed corn-poultry research farm at Libertyville, Ill. Kent is research director for the company.

Birds raised on restricted feeding eat 75c to a dollar's worth less feed, he said, than pullets grown on the conventional feed-all-they-can-hold plan. And they grow into healthy hens that lay bigger eggs and more of them, he added.

American poultry raisers at as much as \$440 million a year. In Ohio alone he said, restricted feeding could mean as much as \$18 million a year in extra profits to farmers.

REGISTRATION NOTICE

FOR BIENNIAL SPRING ELECTION MONDAY, APRIL 6, 1953

TO THE QUALIFIED ELECTORS of the TOWNSHIP of MANCHESTER, COUNTY of WASHTENAW, STATE of MICHIGAN. Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT THE FOLLOWING PLACES ON:

SATURDAY, FEB. 28, 1953, at MARX & MARX STORE, MONDAY, MARCH 2, 1953, at MARX & MARX STORE, WED. MARCH 4, 1953, at MARX & MARX STORE, SATURDAY, MARCH 7, 1953, at MARX & MARX STORE,

AND ON MONDAY, MARCH 9, 1953 — LAST DAY The thirtieth day preceding said Election

As provided by Section 10, Chapter 1, Part 2 (a), Act No. 306, Public Acts of 1929, as amended by Act No. 291, Public Acts of 1945 and Act No. 108, Public Acts of 1951. From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefore.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Elector Unable To Make Personal Application, Procedure

SEC. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and deliver to him title.

Unregistered Persons Not Entitled To Vote

SEC. 17. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the precinct in which he offers to vote. (As provided under Act 108, P. A. 1951.)

Transfer Of Registration: Application, Time

SEC. 19. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be accepted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

Transfer Of Registration On Election Day

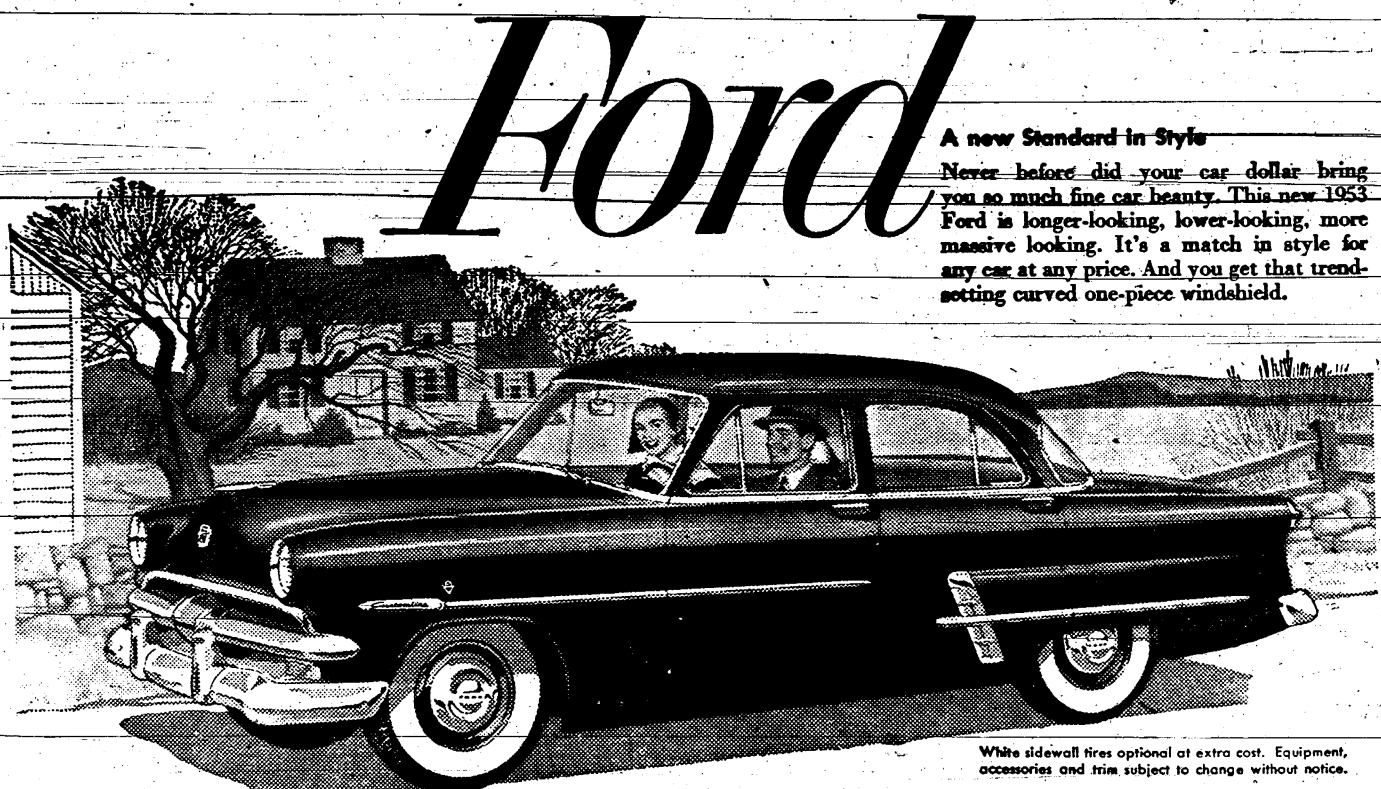

SEC. 20. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the resident house numbers of any section of a Township, City or Village have been changed, such a change shall not effect the right of such voter to cast his vote. Corresponding change in the registration records may be made by the Clerk or upon election day upon proper showing.

*William J. Kirk of Manchester sang Ave Maria, assisted by Miss Anna Bauer at the organ. Following the ceremony a wedding breakfast was served at the Schwalben Hall in Ann Arbor for the bride party. A reception was held at the same place at 6 p.m. for some 250 guests. Mrs. Andrew Fisher of Ann Arbor cut the four-tiered wedding cake.

Guests were present from Charlotte, Iowa; West Virginia, Port Huron, Dexter, Whitmore Lake, Ypsilanti, Ann Arbor, Manchester and Chicago Illinois.

1,500,000 Foreign Workers Expected

A three-day farm-labor conference will open at Michigan State College's Kellogg Center, Feb. 24 to formulate plans for a smooth and orderly flow of some 1,500,000 migrant season farm workers into 22 central and Great Lakes states.

The conference will seek to channel the farm labor from areas of labor surplus to areas of labor need. Max M. Horton, director of the Michigan Employment Security Commission said.

Horton said present plans call for the importation of 4,000 Mexican nationals and 1,000 Puerto Ricans into Michigan.

Michigan's normal farm needs involve the use of 150,000 farm jobs during the year.

"The increasing demand for industrial workers throughout the south and southwest areas which normally furnish Michigan's agriculture labor supply, has threatened to make sharp inroads in our labor sources," Horton said. "As a result it may be necessary this year to make a greater use of foreign labor."

Conference talks will include housing, transportation, working conditions and other matters affecting the employment of migratory farm labor.

Some 150 employment security representatives, growers and processors and interested citizens will attend the three-day conference and be the chairman of Ralph Strong, regional labor representative of the Bureau of Employment Security for Michigan, Ohio and Kentucky.

Speakers include: Robert C. Goodwin, Washington, director of the Bureau of Employment Security; Don Larin of Washington, chief of farm placement service of the Bureau of Employment Security; Gov. G. Mennen Williams, the Rev. Neil O'Connor of Saginaw, and Prof. L. H. Brown, Department of Agriculture, Michigan State College.

The three-day conference will be broken down into panel discussions aimed at pointing up the problems of migrant workers and problems of employers and communities where migrant workers are used.

Important gasoline savings!

The Thrilling New 1953 "Two-Ten" 2-Door Sedan

You go much farther on every gallon of gas in this great new Chevrolet... and you save on over-all operation and upkeep, too!

Ask new Chevrolet owners how this great new car squeezes extra miles from every gallon of gas—and regular gas at that! The reason for this wonderful increase in economy is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a greatly advanced "Thrill-King" engine in gearshift models—108-h.p. with 7.1 to 1 compression ratio.

And, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it in our showroom!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional in "Two-Ten" and Bel Air models at extra cost.

Entirely NEW through and through!

REGISTRATION NOTICE

FOR BIENNIAL SPRING ELECTION MONDAY, APRIL 6, 1953

TO THE QUALIFIED ELECTORS OF THE TOWNSHIP OF SHARON, COUNTY OF WASHTENAW, STATE OF MICHIGAN: Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT THE FOLLOWING PLACES ON MONDAY, MARCH 9, 1953—LAST DAY

AND ON MONDAY, MARCH 9, 1953—LAST DAY The thirtieth day preceding said Election

As provided by Section 10, Chapter 1, Part 2 (a), Act No. 306, Public Acts of 1929, as amended by Act No. 291, Public Acts of 1945 and Act No. 108, Public Acts of 1951, From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefore.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.

Elector Unable To Make Personal Application. Procedure

SEC. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 1. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the precinct in which he offers to vote. (As provided under Act 108, P. A. 1951.)

Transfer Of Registration; Application, Time

SEC. 19. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be accepted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

Transfer Of Registration On Election Day

SEC. 20. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the residence numbers of any section of a Township, City or Village have been changed, such a change shall not effect the right of such voter to cast his vote. Corresponding change in the registration records may be made by the Clerk or upon election day upon proper showing.

"I don't have to worry about coccidiosis!"

If you haven't heard the good news, I want to tell you about it. Now MoorMan's have added an ingredient to their famous Chick Mixture to prevent serious death losses from both cecal and intestinal coccidiosis. They're calling this new product Coccicure Chick Mixture—and your MoorMan Man has it.

This new Coccicure Chick Mixture—like Chick Mixture—has that amazing ability to unlock the energy and growth-getting capacity of your good yellow corn that gets chicks off to a jet-powered start.

But, of course, the big new advantage of Coccicure Chick Mixture is the protection it will give you against death loss from both cecal and intestinal coccidiosis.

For the thirteenth, fastest-growing and most profitable chicks you've ever raised, take my advice and start 'em off on Coccicure Chick Mixture. Better call The MoorMan Man today.
