## Over 500 Attend Confirmation Reunion

Last Sunday a confirmation reunion of all the classes that have been confirmed at the Bethel Evangelical and Reformed church in Freedom township was held with more than 500 signing the register. Pastor at the church for the past five years, Rev. Theophil Menzel said that more than 1,500 persons were confirmed since the organization of the church in 1840. Since that time confirmation classes have been held nearly every year.

The oldest living person to be confirmed at the Bethel church is Mrs. Magdelene Rohde of Ann Arbor who was confirmed in 1864. She is now 102 years old and sent her congratulations to the church by a niece, who also brought the confirmation certificate which Mrs. Rohde received when she was confirmed at the church. The certificate was hand written on a sheet of stationery complete with a Bible verse, Mrs. Rohde was born just one half mile from the church where the log house which was her family homestead still stands. Her maiden name was Spathe. She was confirmed by Rev. J. Hildner who was the founder of the Manchester Emanuel church.

Speaker at the reunion service was Rev. Arnold Lambirth of Detroit's Bethany Church. His topic was "Confirmed by the Holy Ghost." Greetings were sent to the pastor at Bethel church from twenty-six persons now living outstate including Oregon, California, Florida and Texas.

The program was sponsored by the Women's Guild of which Mrs. Walter Bihlmeyer is president. Others on the committee assisting her were Mrs. Lawrence Boettner, Mrs. Edwin Pfau and Mrs. Daniel Hauesler. The church hall was decorated with arrangements of spring flowers.

## Don Sutton Reappointed

Secretary of State, Owen J. Cleary, today announced the reappointment of Mr. Don Sutton as Manager of the Department of State Office in Manchester, Michigan.

Mr. Cleary stated that since assuming office on January 1st, he had been conducting an exhaustive survey of the efficiency and economy of the Department of State, including the operations of the Department's branch offices.

In announcing the reappointment, Cleary emphasized that Mr. Sutton had a record of excellent service with the Department and the public, and that because of this record he was pleased to secure a continuance of Mr. Sutton's services.

## Ed Kirk Heads Bowlers Association

Ed Kirk was elected president of the Manchester Businessmen's bowling association last Tuesday night at the annual

Ed Kirk

banquet. A very good chicken dinner was served by the Legion Auxiliary which was appreciated by all of the fellows.

Roland Grossman was elected to the office of secretary for another year. It was also voted to bowl on Tuesday night at the Sylvan Recreation Center in Chelsea next year. This is the same site and date as last year.

A grievance committee was appointed by president Ed Kirk consisting of Ronald Jenter, Lawrence Kappler and Earl Koebbe. The prize money was distributed, also trophies given to the champions of 1952-53.

A.B.C. Service for team championship, to Lawrence Kappler for individual high series and to Robert Clark for individual high game. Earl Koebbe also received an award for which he worked very hard this year with Tom Walton running a close second. A pleasant social time was spent following the presentation of awards.

## Manchester Township Library News

Miss Jane Palmer, librarian, Miss Donna Watkins and Mrs. Franklin M. Reck attended the first of the seven District Meetings of the Michigan Library Association in Jackson, Thursday, April 30, at the Hotel Hayes. District II is comprised of 8 counties with 37 libraries represented. Although Washtenaw County is in District III which does not meet until May 20 at the new Main Grosse Pointe Library, the local group as members of the M. L. A. could attend the Jackson meeting.

The subject which will be discussed at all the district meetings "The Library in a Free Society" was handled by a panel group at the Jackson meeting. Miss Eudocia Stratton, Jackson County Librarian, Stephen Partington, Board of Education, Lansing, Joseph Warren, City Manager, Jackson County board of supervisors from Horton, presented many angles of the libraries' place in their communities. The duty and problems of the librarian and the library board in keeping information in balance through books as well as magazines was a major part of the discussion.

In line with this thinking the Manchester Library is presenting has available. The list is exceptionally long for a library of its size, but the magazines are filed through the consistent help of a number of local people who turn their files of certain magazines over to the library where the Periodical Index affords their maximum use.

Among the conservative magazines on file are News Week, Saturday Evening Post, Colliers, Better Homes and Gardens, Popular Gardening, Plants and Gardens, Reader's Digest, Woman's Home Companion, Columbia, National Parent-Teacher, Parents, American, Inside Michigan, Industrial Arts and Vocational Education, Farm Journal and Michigan Farmer.

Other important magazines in the collection are Science News Letter, New Yorker, Nation, Harpers, Holiday, National Geographic, Current Biography, Life, Saturday Review of Literature, and the Manchester Guardian Weekly.

Goodwill Industries collection will take place May 7th at Manchester when a truck will be on hand to collect bags which have been distributed.

Friday, May 8, has been set for the local school band concert at the high school civic auditorium.

Rowes Corners Extension will be held at the home of Mr. and Mrs. Harold Steinaway.

This is a correction: We incorrectly stated the date of Exchange Club Ladies Night. The special meeting will be Monday, May 25.

## William Kulenkamp Renamed To Post

William Kulenkamp was unanimously elected president of the Manchester Community Fair when farmers and businessmen in the Manchester area gathered at the high school as plans were started to promote another Manchester Community Fair again this year.

Treasurer of the fair, Harold Burch, reported that for the first time in recent years Manchester's fair operated last year at a profit which enabled the fair committee to pay all accumulated bills from the previous year.

Other officers re-elected to the fair board were secretary Robert Crandall and treasurer Harold Burch. Robert Masten, high school principal, was named vice-president. He will replace D. C. Weed who moved from Manchester last year.

The date of next year's fair was tentatively set for September 17-18-19. These being the dates which seemed least likely to conflict with the opening of school according to Supt. Fred Atkinson.

Those present agreed that, for the fair to operate in the best possible way, it would be beneficial to have a Community Fair Board to work with the officers. It is expected that this governing board will be named in the near future.

## Dance Recital To Be May 22

A Country Fair in dance rhythm with tapping toes and ballerinas, spells May for the P. T. A. dancing classes in Manchester.

Committees are being formed and costumes are practically ready for the recital to be given at 8:00 p. m., May 22, at the Civic Auditorium by the sixty pupils of the Jimmie Hunt Studios.

Mrs. Nelson Short and Mrs. Roland Grossman, have already put the tickets in the hands of the students to spur the advance sale and assure a full house for the party.

Miss Helene Rosencrans is in charge of stage decorations and Alfie Luckhardt, the posters, reminiscent of former school activities.

Make-up assistants are Mrs. Veal Widmayer, Mrs. LeRoy Wurster and Mrs. Harold Ber-suder. Ticket-takers are Mrs. George Swank, Mrs. Fred Heinrich, Mrs. Herbert Jacobs and Mrs. J. A. Walkow.

Rehearsals for the show will take place at two of the regular classes, the 11th and 18th, and final dress rehearsal, will be 4:00 o'clock Thursday afternoon, May 21, in the Civic Auditorium. Further committees will be announced next week by Mrs. Henry P. Eames, chairman of the P. T. A. dance committee.

## Community Council Endorses Summer Recreational Program

### Michigan Bell Announces Changes

Local telephone users are alerted to a change of method for calling Ann Arbor and Chelsea and for calling repair, time and information service in an announcement from the Michigan Bell Telephone Company.

Effective next Monday, May 11, at 11 p. m., Manchester subscribers will dial "16" before the telephone number in Ann Arbor and "17" before the Chelsea number that they wish to call. These are code numbers for routing the calls.

Beginning at the same time, repair service will be reached by calling 16-114, information operators will be reached by calling 16-113, and the number for time service will be 16-112. For calls to the business office of Michigan Bell, the number will be 17-9911.

N. J. Prakken, manager here for Michigan Bell, explained that these changes are necessary to clear some equipment in the local central office in preparation for the major number change occurring here next fall.

He pointed out that stickers which are printed with the new calling arrangements are being sent to Manchester subscribers, and should be pasted on the telephone directories for easy reference.

### Local Blood Bank Receives First Call

Manchester's blood bank fulfilled its first call for blood on April 5th, 1953. Mary A. Dorr was confined to Jackson's Mercy hospital on that date. Her condition necessitated the use of six pints of blood, which the hospital made immediately available to her. Mrs. Dorr's family was informed that the blood would have to be replaced. Before the Manchester Blood Bank was called members of the family had donated two pints of blood, although there was no need to do this if the local blood bank had been immediately contacted. The blood bank was contacted and a telephone call did the rest.

Someone in your family may be in need of blood in the future. Chairman of the local Red Cross, Stanton G. Roesch, reminds you that the Manchester blood bank is yours for your use. If you live in the Village of Manchester, or in the township of Manchester, Bridge-water, Sharon and Freedom, you are eligible to draw on the Manchester Blood Bank. A telephone call to Stanton G. Roesch is all that is necessary.

### 20th Century Names Mrs. Pratt, President

The Manchester Twentieth Century club elected officers for next year when they held their final meeting of the season at the home of Mrs. Franklin Reck. New president is Mrs. James Pratt vice-president, Mrs. Kenneth Kouba; secretary, Mrs. Raymond Neuderfer; treasurer, Mrs. Francis Cargo. Mrs. Kuba and Mrs. Fred Atkinson reported on the county federation of women's clubs which was held at Saline.

At a special program John Neuderfer sang "America the Beautiful." Barbara Kappler favored with a piano solo; Barbara Pratt and Sarah Reck, vocal duet; Margaret Furgason, piano solo; Gretchen Hardenbergh, ballet dance; Karen Kouba, piano solo; Mary Landon, piano solo; vocal duet by John Neuderfer and Jean Merz; tap dance by Patsy Wheeler; piano solo by Sally Scully.

After the program the hostess, Mrs. Reck served a very attractive and tasty buffet luncheon. She was assisted by Mrs. Atkinson and Mrs. Cargo.

### New Station

CAMP RUCKER, Ala.—Second Lieut. Stanley L. Kemner, son of Mr. and Mrs. Lewis Kemner, 570 Granger St., Manchester, has been assigned to the 47th "Viking" Infantry Division in training here.

Lieutenant Kemner was assigned to Post Ordinance here, coming from Sixth Corps Headquarters, Camp Atterbury, Ind. He received his commission November 22, 1952 and has a nineteen months service. He is a graduate of Cleary College.

His new unit, the 47th Division, was called to active service in January, 1951. Then a Minnesota-North Dakota National Guard unit, the 47th now is an "Army of the United States" organization. It has trained men from all 48 states and three territories. Commander is Major General Robert L. Dulaney.

### Red Cross Chairman Gives Final Report

Mrs. Dan Boutell, chairman of the village Red Cross drive has announced that the final contributions are now in on the recent drive. The Grand total is \$1,273.80. The quota was \$1,100.

The final figure was made possible by a one hundred dollar contribution from the Ford Motor Company, which had been delayed in arriving in time to be counted in a previous tabulation of contributions, and \$10 from the Michigan Bell Telephone Company.

### Kaupp To Consider Village Proposal

At the council meeting held Monday evening the council voted to give Eugene Kaupp two weeks to consider their proposal for collecting garbage in Manchester.

There was no representative from the Jackson Hauling Firm present at the meeting, according to village president, Joe Schwab.

Mr. Kaupp was asked to post bond and to guarantee to pick up garbage in town for one year from anyone who desires to have it picked up. He asked to have time to consider the proposition and was granted two weeks—until the next council meeting.

### Attend Sing

Mr. and Mrs. Walter Schaible attended the May Morning Sing at Michigan State College on Friday, May 1st at which time Joyce was made a member of the Tower Guards, an honorary society for Sophomore women. Only those who have maintained high marks and have shown outstanding qualities of character, scholarship, service and potential leadership are chosen.

On Thursday the Tower Guards will be guests at tea at the home of Mrs. John Hannah, and on Saturday night Joyce will be a guest at dinner at which time Dr. John A. Hannah will honor the all A students of the college.

Mrs. Clyde Hazen attended the Parents' Day at Michigan State College in East Lansing Saturday.

The Milan Community Council met Monday evening at the Community House with the president, Ray Frisbie presiding. Minutes of the previous meeting were read by the secretary, Mrs. H. J. Braun.

Taking up unfinished business Dean Bodley, chairman of the House Committee, had no report for the present. It was decided to make a survey of the needed improvements and repairs and have them attended to at once. There is a surplus in the maintenance fund for this purpose. The new exit lights will be installed by the Village as soon as they are received. There was discussion and tentative plans laid for a thorough housecleaning at least twice a year. It was suggested a sum be placed in a contingent fund for incidental repairs.

A corrected statement was read from the Girl Scout Association concerning their funds and balance on hand. It was moved to allow them the \$300 allocated in this year's budget.

There was a review of the summer recreation program, its success and needs. It was the consensus of opinion that the music lessons alone were worth the amount expended and that the program should be continued. Representatives of the PTA pledged their complete cooperation.

A nominating committee for officers for the coming year was appointed by the president consisting of John Wingo, Mrs. Frank Stanton, Lawrence Ward and Mrs. Drevdahl. The president-elect is Sherman Stiles.

As the constitution for the Milan Community Council was drafted before there was a Community House and its functions have grown, it was decided a revision was necessary. A committee was appointed for this study, consisting of John Tschirhart, Mrs. M. R. Hannum, Mr. Stiles, Mrs. Braun and Mrs. DeRyke.

There was considerable discussion as to the youth activities, the teen-age parties and the young people's governing body. It was thought they had done an excellent job with their activities, as they have acquired very little financial assistance, have done their own cleaning, conducted their canten, provided their chaperones and been equal to every emergency. There was discussion on continuing the Saturday evening parties during the summer months. The Youth Committee was asked to determine the sentiment concerning this and other summer-time activities.

There was some discussion as to the aid being received for the local Boy Scout troops from the Portage Trails Council, particularly as to setting up the Cub Scout dens. Mr. Miller was asked to inquire into this matter before this year's contribution was turned over. Mr. Miller requested consideration of adding \$100 dollars to the contribution as it had been cut to \$700.

Nick Miller, who was chairman of the Red Feather solicitation, gave a complete report as to date. \$6,967.59 have been received although pledges were \$7,017.59. There was a slight decrease in efforts to obtain the Ford employees' donations and that negotiations were still under way. He recommended that the check for \$1,331.62 to be given the United Health and Welfare Agencies be withheld until some satisfactory agreement had been reached with the Ford management. Several of the directors of Fords are also members of the board, and there seems to have been a misunderstanding as to the allocation of funds to local communities. It was moved, seconded and carried to follow his recommendation.

A hearty vote of thanks was given Mr. Miller for his enthusiasm and persistence in reaching the goal set for Milan against discouraging odds. He has compiled a complete book of procedure for the benefit of following chairmen.

The meeting adjourned and there was some discussion following informally. All left feeling that the Milan Community Council was performing a valuable service to the community and that its functions should be increased to be of even greater service. Suggestions are welcomed.

The last night of bowling turned out not to be the last night for two teams. There were two teams tied for first place and two teams tied for second in the Pleasant Lake Bowling League last night. E. & B. and Miller's Tavern will have to bowl off the tie score to see who wins the trophy given to the bowling management by the sponsor. Kuehmann's tied with Snyder's Grocery for second place so all in all, our season closes with a bang.

We are having our annual party at the American Legion Hall in Manchester, May 2.

The tie for first place was played off Saturday night with a good side cheering section. The first game was won by Miller's Tavern; the second game was won by Miller's Tavern; in the ninth frame of the third game Miller's Tavern was up on marks in the last frame of the third game there were no marks made by Miller's Tavern. E. & B. take first place. Their sponsor was there rooting for them, so all the team members were very happy to win the last minute, and every one was surprised, too.

We are having our annual party at the American Legion Hall in Manchester, May 2.

The tie for first place was played off Saturday night with a good side cheering section. The first game was won by Miller's Tavern; the second game was won by Miller's Tavern; in the ninth frame of the third game Miller's Tavern was up on marks in the last frame of the third game there were no marks made by Miller's Tavern. E. & B. take first place. Their sponsor was there rooting for them, so all the team members were very happy to win the last minute, and every one was surprised, too.

Miller's Tavern will have to bowl off the tie score to see who wins the trophy given to the bowling management by the sponsor. Kuehmann's tied with Snyder's Grocery for second place so all in all, our season closes with a bang.

Betty Cummings, Reporter

The children who had birthdays during the month of April were Ruth Trolz aged 14 on April 1, and Rita Trolz, 14, on April 1st.

Those neither absent nor tardy during the past marking period were Russell Meister, Thelma Strable and Betty Cummings.

Pupils on the honor roll for "A" in spelling were Robert Cummings, Betty Cummings, Thelma Strable and Ruth Trolz.

Connie and Candy Evilsizer visited school on April 6th. During the past month the children have cleaned the school ground and attended the spelling bee at Manchester on Friday, April 17. The pupils were taken to Manchester by Mrs. Frey, Mrs. Strable, Mrs. Cummings and Mrs. Trolz.

Patricia Proctor had an appendectomy on Tuesday, April 14.

A new chart rack was added to the school on April 23.

Pupils who brought flowers to school during the month of April were Anna Wallen, who brought hepaticas; Bobby Wallen, who brought anemones; Carlene Esch, who brightened the school room with a bouquet of cowslips; Burt Wallen, with a bouquet of wild flowers, and Danny Burkhardt, who brought a bouquet of spring garden flowers.

The seventh graders are planting seeds in coffee cans for a science experience. In with the other seeds they have planted a bean.

Mr. and Mrs. Elwin Benedict entertained their euchre club on Sunday and the two ladies went to Clinton where they called on Mr. and Mrs. Fred Geiger.

June Leeman and Marilyn Weinert spent the week end visiting friends at Otterbein College in Westerville, Ohio. They attended the May Day festivities there.

Mr. and Mrs. Andy Engel, Mrs. Mary Trinkle and Mrs. Mary Calhoun were in Ann Arbor on Saturday where they called on Mrs. Trinkle's brother, George Gass, at St. Joseph's Mercy Hospital. Mr. Gass, who has been a patient at the Tiro Convalescent Home for some time, was taken to the Ann Arbor hospital after he fell and broke his hip about two weeks ago. They also called on Mrs. Henry Steinaway, who is also a patient at St. Joseph's Hospital.

## First Report—April 1953

In order that everyone in the Manchester area has the opportunity to become acquainted with the work of the Manchester area school survey the survey steering committee as well as the Manchester school board are working together to make it possible that those who would not receive this information in some other way can read it in the local paper. We suggest that you save this information for future use.

Manchester's school plant consists of a twelve-room high school building with gymnasium, home economics, and science rooms; and a six-room grade unit.

In 1935, Manchester tore down its old high school building and built a modern structure. Although under WPA grants the cost to the town was low, insurance appraisers now value the school building at \$250,000. Since 1935, the Manchester district has spent over \$70,000 on long-range capital improvements to the high school building.

In 1949, District 2 bonded itself for \$100,000 to build its six-room grade unit to serve not only its own students but many elementary students from surrounding districts. The district has paid off \$30,000 and accumulated a reserve of \$20,000 to pay off bonds, leaving a net debt of \$50,000. Thus Manchester has a plant conservatively valued at \$350,000 on which only \$50,000 is owed.

Now, a population bulge that is nationwide has hit the Manchester area, requiring the area to survey its school needs and plan for the future.

In 1946, the Manchester system had 290 students. In 1952, we had 503 students. Next year there will be 528, the following year 548.

The curve is rising and the need is immediate. More classroom space is needed as early as this fall—the fall of 1953. Whatever is done now should be part of a long-range plan taking into account the needs of all districts now served by Manchester either in elementary grades or the high school.

Manchester Area School Survey  
Manchester School District No. 2 Board has recognized for some time the necessity of conducting a survey to determine the actual educational needs of their district. In the annual school meeting held in July of 1952, a five-man Citizens' Committee was appointed to work with the local school board on a survey of this type. A preliminary study of the Committee revealed the following facts:

With a freshman class numbering 58 students as compared with 35 the year before, the high school was becoming crowded.

If some rural tuition students were not to be turned down, more classrooms would be needed by the fall of 1953.

Cognizant of the above information, and after a series of conferences with individual taxpayers of the local district, it was determined that the problem was not only one for the Manchester district, but for the entire area sending pupils to the local school. At the suggestion of the Committee, an invitation was extended to all the school districts in the area to participate in a survey to attempt to determine the needs of the entire area, and to make some recommendation of a solution to the educational problems common to all.

A meeting was held on November 24, 1952 at the school in Manchester with 16 of the 19 districts sending pupils to Manchester represented. At this meeting which was largely organized in nature the following officers were elected by the representatives present:

Chairman—Dan J. Boutell  
Vice-Chairman—Orie Hand  
Secretary—Fred Atkinson  
The representatives also voted to limit their survey to the following subjects:

1. School program and population
2. School facilities in the area
3. Cost analysis—Valuations per capita costs
4. Enrollment

The representatives at this meeting also decided that school districts could send as many representatives to meetings as they desired, but with the provision that each and every district, regardless of size, would have only one vote on any question that might arise.

A steering committee to act on any part of the survey was elected as follows:

Laurel Breitenwischer—  
Rowes Corners

Will Reno—Pleasant Lake  
Allan Schaffer—Manchester

Charles Schebor—Dewey  
William Prescott—Oak Ridge

Herbert Jacob—Craft  
Roger Hardenbergh—Paul

Also on this committee were the officers previously elected.

The above committee was also to act as a nominating or selection committee to set up separate committees to take up the study of the various subjects under consideration.

The Steering Committee met on November 28, 1952 and set up the following groups to pursue the various sections of the study. Chairmen are first named:

1. School Program and Population Characteristics:  
Orie Hand—Manchester No. 7

W. Palmer—Manchester No. 5  
P. Wahr—Sharon No. 3

E. Knapp—Manchester No. 4

Questionnaires were prepared and, after approval by the Area Survey Group, were distributed to all the school boards of schools participating in the study, and an invitation extended to the School Board and teacher to attend a meeting in Manchester January 12, 1953, at which time the questionnaires would be collected by the various committees and turned over to the Steering committee for evaluation and summary.

The School Survey Committee met on Monday, March 23, 1953, and reviewed the summarized reports of the various sections of the study.

Manchester Is An Island  
The chart on this page shows an interesting fact. Manchester is surrounded by consolidated schools. The areas that border us on all sides have banded together to provide themselves with the best possible educational systems in the years ahead.

It is time for the Manchester area to consider its educational future.

RESULTS OF SURVEY  
Population Characteristics

Manchester, with a population of 1388, is the shopping and business center for a large agricultural area. There are two factories employing 550 Manchester is the educational center for some nineteen rural school districts.

In the nineteen rural areas there are 600 homes, chiefly farm homes. Approximately one-third of the homes are occupied by heads of families who work in nearby industries.

The survey yielded little information on which to base an estimate of future expansion, though there are evidences that future growth may be expected. One is the Chrysler proving ground bordering the Manchester area on the north. Employment in the proving ground is increasing.

Manchester is in the Chicago-Detroit "industrial corridor" and therefore is a logical site for home development. With the decentralization in industry and improvement in transportation, more and more people are moving to rural areas.

Program & Facilities  
Of the nineteen rural schools sending students to Manchester, ten are operating their own country elementary program. They have reported the following information on the questionnaires:

1. Pupil-teacher ratio ranges from 10 to 1, to 28 to 1.

2. One to five schools felt that the following areas of instruction

are either not available or inadequate: (a) instrumental music, (b) speech correction, (c) health, (d) physical education and (e) art.

3. Two teachers were reported as having college degrees and six are non-degree teachers.

4. Six of the teachers have more than ten years teaching experience.

5. In general, they reported that their school facilities and equipment are satisfactory for one room type rural schools.

Of the seven closed schools, two reported that they have disposed of their school buildings and two reported their buildings unsuitable for use.

In no way, has there been any attempt to compare the facilities or educational programs of the rural districts to that of the village elementary school.

In spite of the recent construction of new elementary facilities in Manchester and the modern high school facilities, the following recommendations for improvement or adding to our present program have been made by the University of Michigan Bureau of School Service:

1. Need for an industrial arts and farm shop program.

2. A larger room is needed for typing classes.

3. A separate office is needed for the principal.

4. A workroom should be made available to the administrator's secretary.

5. A hot lunch program would be desirable in view of the large number of students who live a long distance from school.

6. A separate band and music room would better meet the needs of the music program.

7. The library facilities need enlarging.

8. Additional classroom space will have to be provided to take care of the larger elementary classes that will be entering the high school building next fall.

It is these recommendations

which the Manchester Board of Education must keep in mind when making plans for the best educational program possible for the students in the Manchester Community Area.

The Population Table  
On this page you will find the population figures for all children from age 0 through high school.

The area has recently had a tremendous swell in children of elementary age. That this swell will continue at its present level—and even increase somewhat—is shown by the figures. There are 366 preschool age children in the area covered by the study. This is 39 children more than will graduate from the various eight grades during the next five years.

The chart is used primarily to show the bulges of pupils in certain age groups and the problem these groups create as they move along through school, and the critical problem when they all converge in the high school.

Your Committee has attempted to forecast the needs and costs for three possible combinations of districts in this area. Building costs can range from \$10,000.00 per room to \$30,000.00 per room depending on the type of construction, and interest costs can vary to a very large degree. In all fairness to the School Survey Committee, please accept the following statements only as estimates to be used for comparative purposes only.

Three Million Dollar Valuation  
A possible combination of school districts to equal 3 million dollars valuation would result in an elementary enrollment of 346 with a constant enrollment for five years. (Loss of 178 because of graduation into high school and gain 176 preschool age children.)

The high school would have an enrollment of 77 pupils which would increase to 145 pupils in five years. No immediate problem would exist.

The present debt of District No. 2 of \$70,000.00 less reserve of \$20,000.00 would be spread over the 3 million dollar valuation for the seven remaining years of the bond issue and result in approximately 4 mills debt mileage per thousand.

Five Million Dollar Valuation  
A possible combination of school districts to equal a total valuation of five million dollars would result in an elementary enrollment of 505 pupils increasing to 521 pupils in five years. The high school would have an enrollment of 140 pupils, increasing in five years to 226 pupils.

Basing elementary enrollment on 30 pupils per room, an additional four rooms would be needed.

Basing high school enrollment on 20 pupils per room, an additional four rooms would be needed.

Including additional land needed for expansion, the above building needs would likely result in approximately a cost of \$350,000.00. This amount in addition to the net debt of \$50,000.00 already owed would result in a debt retirement mileage, based on fifteen year program, of approximately 7 mills per thousand. (\$7.00 per \$1,000.00 valuation.)

Seven Million Dollar Valuation  
A possible combination of school districts to reach a total valuation of 7 million dollars would result in an elementary enrollment of 619 pupils, increasing in five years to 658 pupils. The high school would have its present 157 pupils, increasing in five years to 265 pupils.

The Elementary Building program would remain as stated in the 5 million dollar valuation paragraph, inasmuch as a new elementary unit has been constructed in one of the districts used in this grouping.

The high school would undoubtedly need approximately five additional rooms.

The present net debt of the districts included would be \$169,000.00, which together with approximately \$370,000.00 for building and site, would result in a debt retirement mileage for 15 years of approximately 7 mills. (\$7.00 per \$1,000.00 valuation.)

CONCLUSIONS  
The Birth Rate Is Increasing  
The birth rate in the United States has increased from 17.9 per thousand in 1940 to 27 per thousand in 1947 and from all indications this rate of increase will be with us until approximately 1975. Your Survey Committees have not taken this into account. The charts and data sheets in this report have made no forecasts based on probable increase in population, but have merely used the number of children already born and scheduled to come to our schools. In other words, our school problem for the coming five years is stated in its mildest form. It could easily be worse.

The Problem Is Serious  
The increased baby crop showing up in the country as a whole may be expected to show up in the Manchester area as well. As these children grow to school age they will increase the pressure on teachers and classrooms. As grades reach high school, the charts show that the problem is not serious, the crowding of the high school will also affect the elementary grades. At present four of the elementary grades are taught in the high school building. As the high school becomes more crowded, there will be no place for these elementary children to go—unless additional classrooms are built. This problem begins in the fall of 1953.

Recommendations  
Your School Survey Committee has not attempted to solve any problems. Its primary function has been to get the problem into the open for discussion and presentation to all interested people who are interested in the best possible education for their children. There are three obvious solutions to the problem:

1. Leave Things as They Are.  
Allow Manchester District No. 2 to shoulder the entire problem, and if taxpayers in District No. 2 would agree, to build the necessary buildings. If the building program failed, turn away pupils of necessity to seek an education

wherever they can get a school to accept them.

2. Limited Regrouping of Districts.  
Permit any district that indicates its desire to share the problem to join Manchester District No. 2, even though only a part of the districts come in. These districts would plan primarily for themselves and close the doors to any districts that do not indicate their desire to help.

3. Admit that Education Is Everyone's Problem.  
All districts in the Manchester area put their shoulders to the wheel and pool their resources to provide the best possible school facilities that can be built upon the combined strength of all the districts in the area.

Estimates and Forecasts  
Your School Survey Committee recognizes that any change in education methods in the area would undoubtedly result in some increased costs to taxpayers. It is impossible to accurately estimate costs until the base valuation is determined for taxing purposes.

MANCHESTER IS AN ISLAND  
The chart on this page shows an interesting fact. Manchester is surrounded by consolidated schools. The areas that border us on all sides have banded together to provide themselves with the best possible educational systems in the years ahead.

It is time for the Manchester area to consider its educational future.

RESULTS OF SURVEY  
Population Characteristics

Manchester, with a population of 1388, is the shopping and business center for a large agricultural area. There are two factories employing 550 Manchester is the educational center for some nineteen rural school districts.

In the nineteen rural areas there are 600 homes, chiefly farm homes. Approximately one-third of the homes are occupied by heads of families who work in nearby industries.

The survey yielded little information on which to base an estimate of future expansion, though there are evidences that future growth may be expected. One is the Chrysler proving ground bordering the Manchester area on the north. Employment in the proving ground is increasing.

Manchester is in the Chicago-Detroit "industrial

## Manchester Loses To Grass Lake, 9-5

The high school's baseball team lost their first game of the year Friday when they lost a non-league game to Grass Lake. Lloyd Ahrens started on the mound for Manchester and was relieved by Roy Mitchell and Bill Aiken. Ken Pniowski, freshman, did a fine job replacing Tom Snyder, Manchester's regular catcher, who was out with a bad hand and arm.

Anderson pitched for Grass Lake and was relieved by Weeks.

Manchester High School's baseball team put in their bid for first place in the League of the Lakes Tuesday as they defeated South Lyons High School by the score of 5 to 4.

Bill Aiken pitched for Manchester and turned in his second victory of the year and kept the Dutch in the running for the Conference Championship.

## Elect Officers

The Pleasant Lake Bowling League has elected the following officers. This took place at the bowling banquet on May 2. Bill Winkler was elected president of the group with Lawrence Bross vice-president. Charlotte Timmerman will continue as secretary-treasurer.

what Short-Stroke

Design means to you

In the early 1930's, Allis-Chalmers pioneered the short-stroke engine in the Model WC Tractor.

Since then, this basic improvement has been widely acclaimed in many type engines, including the latest cars and trucks. You get short-stroke design at its best — based on years of experience — in a new Allis-Chalmers WD or CA Tractor.

In the 2-plow Model CA, for example, you get maximum performance plus long engine life. The short-stroke design reduces piston travel to only 962 feet per minute, compared to 1200 feet or more on many other tractors.

Low piston travel in the CA means less friction, less wear, and continuous trouble-free service. For low first cost and long life... for more features than on any other tractor in its power class... get an Allis-Chalmers Model CA.

We'll be glad to demonstrate.

## Women's Bowling

The Manchester Women's Bowling League held their annual end of the year banquet at the Arbor Lili near Plymouth on Tuesday, April 28, at 7 p. m.

Don's Dairy Bar took first place. The team members are: Kay Long, Mary Cannon, Doris Sutton, Thelma Aiken and Irene Lamb. Kirk's Electrical took second place and this team consists of the following: Ethel Weir, Doris Silworth, Elaine Johnson, Dona Thurman and Edna Knauss. The third place team was Manchester Drug. The members of this team are: Pat Soldan, Phyllis amilton, Joyce Schlicht, Mary Swank and Milda Koebbe. Widmayer's Hardware and Furniture team took fourth place and the team members are: Doris Bersuder, Edna Diferderer, Joan Guenther, Della Widmayer and T. V. Ludwick.

The high team single game was bowled by Manchester Drug with 762. This team also took high team three games with 2128. Birdella Flood rolled the high individual game of 212. Irene Lamb had high individual three games with 515. Edna Knauss and T. V. Ludwick tied for high average with 145 each. Thelma Aiken raised her average eleven pins this last half and was awarded a prize for that accomplishment.

## Junior-Senior Reception At Ypsi

By Dianne Ahrens  
On May 2 the Junior class entertained the seniors and the high school faculty at a reception held at the Gondola in Ypsilanti.

The following menu was enjoyed very much by everyone: tomato cocktail, tossed salad, swiss steak, mashed potatoes and gravy, frozen peas and carrots, bread, butter, coffee and milk.

The meal was followed by a short program with Gordon Schultz as toastmaster. Speakers of the evening were: Mr. Robert Masten, principal; Mr. Fred Atkinson, superintendent and Mr. Harold Strayer English instructor.

On behalf of the Senior class, I would like to thank the Juniors for a very enjoyable banquet and a very entertaining evening.

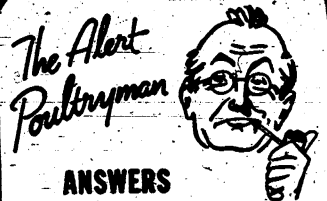

Dianne Ahrens

## Former Coach Honored

The students of Copernicus Junior High school, Hamtramck, Michigan, have striven for two years to put up a memorial in honor of the late Joseph B. Bendz. Finally, the efforts of so many are realized and a plaque in his honor has been completed.

Joseph Bendz, for whom the plaque is being put up, is a former Manchester high school coach and teacher.

A bronze shortage stalled the initial efforts but the hopes of the students has now been realized, and the Joseph B. Bendz Memorial Ceremonies will be held Tuesday, May 12 at 2 p. m. in the Copernicus Junior High school auditorium, Hamtramck. Friends here have been asked to attend the ceremony. Bonnie Lawrski is Bendz committee chairman, and Richard C. Sunday, Student Council sponsor.

ANSWERS

YOUR QUESTIONS

Q. How can I have the most success with chicks this year?

A. Choose good chicks and raise 'em right. They particularly need a sturdy start, so give Dr. Salsbury's Ren-O-Sal in their drinking water right from the first. Ren-O-Sal aids faster growth and feathering, and promotes earlier laying. Also aids in preventing cecal coccidiosis. Buy Ren-O-Sal when buying your chicks—use it right from the start!

## MHS Graduates Help Evaluate High School Program

Manchester High School again asked its graduates to help evaluate the high school programs they pursued while in high school.

Several weeks ago Mrs. Hulda M. Martin, teacher of Business Education, sent questionnaires to the 134 graduates of the last five-year period — 1948-1952. This questionnaire is the same one used in the previous Graduate Follow-Up of 1951. To date 45 have been returned giving this information:

Type of Course Followed — Academic 21, Academic and Business Education 3, Business Education 11, Business Education and Home Ec. 4, Business Education and General 2, Agriculture 6, Home Economics 1, General 2, Mathematics and Science 1.

Fourteen of these graduates are married; 27 are employed full time and one is employed part time; there are 14 students; 4 are in the service of our country. Twelve said there was no relation of their high school training to their job; three said it gave them specific training; it gave a general background for 18; seven had no idea about the type of work they hoped to follow upon leaving school while 19 say it is somewhat related and three say their job is not related at all.

Types of Schools Attended since Graduation — University 2, College 9, Trade School 1, Business School 8, Evening School 1, Correspondence Course 2, Employment Training Program 2, Service School 1.

## CHURCH NEWS

### SHARON EVANGELICAL UNITED BRETHREN CHURCH

J. A. Beardsley, Minister  
Sunday, May 10  
Sunday School at 10:00 a.m.  
Worship at 11:00 a.m.

Morning subject:  
"There Stood by the Cross,  
His Mother." At the morning  
service, special notice of the  
largest family present, the oldest  
mother, the youngest mother,  
and the most generations  
represented at church in one  
family will be taken and a token  
of appreciation given. Babies  
will be baptised at this  
service.

As this is FAMILY WEEK,  
a special gathering will be at  
the church at 7:30 on Sunday  
evening. It will be the fitting  
close of family week. Refreshments  
will be served. A short  
program of singing and devotions  
will be observed, and the  
remaining time given over to  
fellowship and "just becoming  
better acquainted with each  
other." All are invited.

### 4-H Contest To Be Held Saturday

A Washtenaw county 4-H Tractor  
Plowing contest will be held  
at the Nelson Fox farm on Saturday,  
May 9th, at 1:00 p.m.  
Sixteen contestants will take  
part in the contest, all winners  
from their own club contest, according  
to Frank Gendron, 4-H  
Club Agent.

The site of the contest is located  
about three miles east of  
Manchester on the Manchester-  
Clinton Road, about one-quarter  
mile off M-11. The plowing contest  
is one of the high lights of the  
4-H Tractor Maintenance project  
and usually has a very large  
attendance according to Mr. Gendron.  
Contestants are judged on their  
ability to properly handle  
their tractor, plow, straight furrows  
of uniform depth and complete  
cover of trash at turn of  
furrow.

Mrs. Agnes Liveriois, who has  
been spending some time with her  
daughter, Mrs. Julia Kerner in  
Ypsilanti, returned to the home  
of her grandson, Harold Townsend,  
on Monday.

Mr. and Mrs. Harold Townsend  
and family spent Sunday in  
Chester, visiting his two brothers,  
Bernard and Nordean Townsend,  
and their families.

The Huber family attended the  
funeral of Mrs. F. C. Huber's sister,  
Mrs. Lonh Hoover at Green  
Springs, Ohio, at Young's Funeral  
Home, on Monday of last week.

## Local Man Wed In Grass Lake Church Rites

In a double ring ceremony in the Grass Lake Federated church Sunday evening, April 26, Mary Ellen DeVerna became the bride of Alton Curtis of Manchester. The bridegroom is the son of Mr. and Mrs. Amos Curtis of Manchester.

Before the ceremony, performed by Rev. Merle Eastman, Owen O'Neil of Cement City, cousin of the bridegroom, sang "I Love You Truly" and "The Lord's Prayer" accompanied by Mrs. Owen O'Neil.

Traditional wedding music was played by William Lynder at the organ. The candlelight ceremony was performed before an arch of flowers. Baskets of snapdragons and palms adorned the church.

Given in marriage by her father, the bride was attired in a frost-organza over satin. The circular skirt fell in a French train. The fitted bodice featured a sweetheart neckline and a stand-up collar. The sleeves ended in points over the wrists. A fingertip veil was held in place by a tiara of seed pearls and she carried a white Bible topped with white roses and trailing ivy, and a lace handkerchief belonging to Mrs. Harry Knight of Grass Lake. This handkerchief has been carried by brides for the past fifty years.

Mrs. Robert Kushmaul, matron of honor, and Mrs. Everett Beemer and Jeanne DeVerna, bridesmaids, were attired in identically styled gowns of frosted organza in yellow, pink and blue respectively. All were sisters of the bride and wore pearl necklaces, gifts of the bride. Mrs. Kushmaul carried yellow gladioli and the bridesmaids carried similar bouquets of pink gladioli. Velvet covered ivy was used in all the attendants' heart shaped forms with trailing ivy was used in all the bouquets.

Norman Curtis acted as best man and, seating the guests were Robert and William Curtis, brothers of the groom and Larry and William H. DeVerna, brothers of the bride.

Approximately 275 guests attended the reception in the church parlors. Assisting in the serving were Miss Elizabeth Francis, Miss Kay Brown, Mrs. Leonard Lauches, Mrs. Lyle Wolfinger and Mrs. Larry DeVerna.

For her daughter's wedding, Mrs. DeVerna chose a navy blue redingote dress with white accessories and a red rose corsage. Mrs. Curtis wore navy blue with white accessories and a red rose corsage.

When the couple left on a wedding trip to Washington, D. C., the bride was wearing a beige wool suit with brown accessories. After May 15 the newlyweds will be at home at 12263 Grass Lake Road.

Both the bride and bridegroom are graduates of Grass Lake high school. The bride is a graduate of Jackson's State Hospital School of Nursing.

Prenuptial parties for the bride were given by Mrs. Lyle Wolfinger, Mrs. Leonard Lauches, Mrs. Robert Aiken, Mrs. Ronald E. Cooper, Mrs. Robert Kushmaul, Mrs. Larry DeVerna, Mrs. Everett Beemer, Miss Kay Brown, the North Sharon Extension Club and Mrs. M. B. Hinkle and Laverne Hinkle. Guests attended the wedding from Detroit, Ann Arbor, Manchester, Adrian, Chelsea, Cement City, Brooklyn, Hillsdale, Napoleon, Aada, Toledo, Findlay, Ohio.

## W.S.C.S. To Hold Special Meeting

The Woman's Society of Christian Service of the Methodist church will hold a May Day Tea at the church on Wednesday, May 13, at 2 p. m. This will be the regular meeting and members are asked to take special notice of the date change.

Miss Lucy Beach from Jackson, who has spent thirty years in the mission field in India and as a teacher in a girls' school there, will highlight the program which will be held in the auditorium. Miss Beach is very much in demand as a speaker and the society committee expressed pleasure in being able to obtain her for the program.

There will be music to round out the program and the officers will be installed for the ensuing year. Refreshments will be served in the dining room and a social hour will follow. Special arrangements have been made for the care of the pre-school age children of the members so that the mothers will be free to attend the meeting.

## Elected To Post

Mrs. Clyde Gieske was recently elected as the Lay Member to the annual conference for the coming year. She will go to Detroit on Wednesday, May 13 and attend the session of Conference, returning to Manchester on May 17. Rev. and Mrs. J. A. Beardsley of the Sharon Evangelical church will also attend.

## Eight Area Children At Hearing Clinic

On Wednesday, May 6th, an otological clinic was held at the Child Health building in Ann Arbor for children who were referred for medical attention following hearing clinics in Washtenaw county. There were 10,216 children screened in Washtenaw county and of these 101 were referred for medical examination. Four of

these children were from Manchester and four from the area immediately surrounding Manchester. This is one of three hearing clinics being set up for medical diagnosis in this area. Ear specialists will give first examination and will make recommendations to parents and families. According to Dr. Otto K. Engleke, director of Washtenaw County Health Department, parents have been advised of all findings of the screening tests.

## Case Against Local Woman Dismissed

An assault charge, against a Manchester woman, accused of trying to run down a neighbor with her car last March, was dismissed in Ann Arbor's municipal court for lack of evidence.

Defendant in the case was Mrs. Lillian Washburne, 44, of 6530 M-11. The warrant charging Mrs. Washburne with assault with intent to do great bodily harm was authorized after a neighbor Mrs. Martin Keasal of 16521 M-11 testified that Mrs. Washburne tried to run over her with a car on March 24.

John W. Rae, attorney for

Mrs. Washburne, said the charge was dropped because no evidence was given to show intent to do great bodily harm.

According to an earlier statement made by Mrs. Washburne to Charles W. Schebor, sheriff's deputy and Manchester town marshal, the defendant admitted driving her car onto a portion of the Keasal property but denied seeing Mrs. Keasal standing on the lawn extension.

Mrs. Washburne had been free on \$1,000 bond after demanding an examination on the charge.

## Mrs. Magdalene Rohde

Ann Arbor's oldest living resident, Mrs. Magdalene Rohde, died Monday night at her home at the age of 102. She was the city's only centenarian and was believed to be the only one in Washtenaw county.

Mrs. Rohde, who came to Ann Arbor to live 87 years ago from her birthplace in Freedom township, had been in ill health for some time. Friends said, however, that she remained mentally alert until shortly before her death.

Born Sept. 24, 1850, in Freedom township, she was a daughter of Jacob and Katherine Martiny Spathef. She came to Ann Arbor as a girl of 15 to work in a grocery store on Broadway in "Lower Town."

Early Days Recalled. Mrs. Rohde was fond of recalling her early days in Ann Arbor, when the city had only two kerosene street lights and a trip from "Lower Town" to "Upper Town" was quite an adventure.

She was married on Dec. 22, 1870, when 21 years old, to Louis Rohde, who died in 1907. The couple had seven children, of whom only two survive. They are Mrs. Otto Andres of Ann Arbor and Coral Gables, Fla., and Gustave C. Rohde of Ann Arbor. A brother, Emanuel Spathef of Freedom township, also survives, as do 11 grandchildren and 31 great-grandchildren.

The Rohdes first lived on S. Main St., then moved to a home in what is now the 600 block of W. Liberty St., where all their children were born. They later built a home on W. Huron St., next door to the present house. The property included part of what is now West Park.

## Operated Coal Business

Mr. Rohde operated a wood and coal business, with offices where the City Hall now stands.

Mrs. Rohde was formerly a member of the Bethel Church in Freedom township, later joining the Bethlehem Evangelical and Reformed Church in Ann Arbor. She was very active in church work when younger.

On the occasion of her 99th birthday she told a News reporter that she regretted not having kept a record of early life in Ann Arbor but that she had been "too busy running my home and bringing up my children."

Funeral arrangements, not yet completed, are being made by the Muehlig Chapel. She has several relatives in Manchester.

## Attend Pinchle Club

Mr. and Mrs. Jack Nichols entertained their pinchle club at their home in Tecumseh. Those from Manchester who attended were Mr. and Mrs. George Nichols, Mr. and Mrs. Norman MacLeod and Mr. and Mrs. James Pratt.

## Manchester Extension

The Manchester Extension met Tuesday afternoon at the home of Mrs. Edward Dayss. The lesson was on storage space.

An exchange of plants followed the lesson after which the hostess served, homemade cookies and tea.

The next meeting will be with Mrs. Frank Higgins.

## Group Entertained

The Junior Youth Fellowship of the Methodist church and their leader, Mrs. James Pratt were entertained at the home of Mr. and Mrs. Herbert Uphaus by Laura Uphaus and Charles Warner, members of the class.

The hostess served refreshments to the twenty guests after the class had held their business meeting and played bingo.

Mr. and Mrs. Albert Feldkamp and Mr. and Mrs. Anton Feldkamp visited their sister and husband, Rev. and Mrs. Arthur Burch, at Woodbury, Michigan, on Sunday.

## LOCAL BRIEFS

Mr. and Mrs. LeRoy Lamb have received word that their son Pvt. Eldon D. Lamb is stationed at Ft. Riley, Kansas. For those who might be interested in writing to him his address is: Pvt. Eldon D. Lamb, U.S. 55369097 2nd Platoon, Co. C 85th Infantry Regiment 10th Infantry Division Ft. Riley, Kansas.

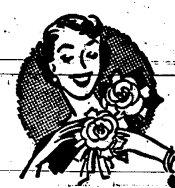

Mr. and Mrs. Everett Stockwell and Mr. and Mrs. Erwin Haussler spent the week end with Mr. and Mrs. Frank Landherr at Crosswell.

Mrs. Raynor Haussler entertained the Sauerkraut group on Saturday, May 2. Out of town members attending were Mrs. Orville Duncel of Farmington and Mrs. Wilbur Hinderer of Chelsea.

Mrs. Harlow Fox and two children of Elwood, Ill., and James Schneider of Joliet, spent the week end at the home of their aunt and husband, Mr. and Mrs. Henry Heimerdinger, where they visited their father, George Schneider. He was expected to report for service at Chicago on Tuesday.
