13 Schools Vote To Annex To District Number 2

The future of the school program in the Manchester area has been assured by a succession of favorable votes in the annexation elections held last Monday and Tuesday nights.

Out of fourteen rural districts voting on the question of annexation with the Manchester Public Schools, thirteen voted in favor by large majorities. The only dissenting vote was in the Spaford district and there the vote was extremely close with seventeen in favor and twenty-one against. English and Everett both included in the study but on the outer boundaries of the Manchester area, didn't hold elections. Their plans are not definitely known at this time.

In the fourteen districts holding elections, the total vote cast was 318. Out of these 241 were favorable and only 77 against. A list of the votes in each district is included here.

As soon as these votes are certified by the State Department of Education, these districts will be officially incorporated as a part of the Manchester Public Schools. After thirty days, all the electors in the former rural districts will be eligible to vote in the school elections.

The total valuation of the enlarged district is now \$4,243,501. This is the 1952 county equalized valuation. With this valuation, the school board and the area-wide study committee will be able to plan a comprehensive program to care for the needs of the area in the coming years.

The votes held this week were the culmination of seven months of study by the area-wide study committee. In a series of meetings this committee clearly outlined the school needs of the region. The study showed that the need for expansion would become progressively more critical during the next five years. The new, enlarged district assures that plans can be made immediately for most of the region included in the Manchester area.

Votes in the individual districts are as follows:

Manchester township: District No. 4 Matteson—For Annexation 19, against 6; District No. 4 fr. Spaford—for 17, against 21; District No. 5 McMahon—for 17, against 9; District No. 6 Oak Ridge—for 22, against 13; District No. 9 Zimmerman—for 11, against 2.

Bridgewater township: District No. 2 Paul—for 15, against 1; District 8 Short—for 9, against 0; District 9 Dewey—for 19, against 3.

Sharon township: District 3 Sharon Hill—for 15, against 5; District 1 Rows Corners—for 19, against 4; District 2 David—for 22, against 1; District 6 Pierce—for 14, against 2; District 9 Dorr—for 16, against 0; District 7 Fractional—for 26, against 10.

total votes cast were 318 with 241 votes for annexation and seventy-seven against. In thirteen districts the votes carried and in one, Spaford, the issue of annexation to the Manchester schools was defeated.

Commander Ayer and District manager Whitecotton told about the early organization of Maccabees which celebrates its seventy-fifth anniversary this year.

The program was planned by Mrs. Mike Wolfe of Manchester and included Patty and Kay Taddy of Ypsilanti playing acrobatics, Sarah Reck and Judy Nichols in a tap dance and Rebecca Schebor and Suzette Luckhardt in a tap dance number. Joyce Marshall in a piano solo, Betty Fink and Mary Ahrens and Elizabeth Oates sang several selections.

A dinner was served by the Tabernacle society of the Emanuel church.

Council Hears Burke Talk on Disposal

Joe Burke, General Electric Supply Company representative, was present at the Manchester Council meeting where he explained to the council members how some villages are solving their garbage disposal problems by installing in each home disposals.

He told the group that at Jasper, Indiana, in a town of between 8,000 and 4,000—three years after the system was installed, the town's health department noted a large decrease in the amount of sickness and flies and pests in the town. He explained that this more sanitary means of disposing of garbage has done much in other communities to lessen the spread of disease and at the same time does away with the problems of pick up of garbage in communities.

He said that in these communities where this system has been worked out the disposals are installed in each home and part of the cost is financed by the villages and part by the home owner.

Spaford School News

The Spaford school closed with a weiner roast following a flower gathering hike. On Friday, the Spaford and Short schools chartered a Manchester school bus to go to Battle Creek, where they went through the Post cereal factory.

On coming back through Jackson, the group stopped and went through the Gilbert Chocolate factory and also inspected the fire department. It proved to be a very interesting trip.

The following pupils of the Spaford school were neither absent nor tardy for the whole year—two pupils—Donna and Doris Kemner. Bobby Paul was absent only one half day.

During the last six weeks Susan Walker, Lora Bivins, Pauline Buss, Donna and Doris Kemner and Bobby Paul were not absent tardy.

Pauline Buss missed only two spelling words during the year. Honor all "A" students for the year were Pauline Buss, Jerrold Burns and Susan Walker. Mrs. Ray Trolz will be the teacher at the Spaford school next year.

Mr. and Mrs. J. M. Mobley and family spent Sunday at Buck Lake near Angola, Ind.

Couple Speaks Vows At St. Mary's

Bernita Covall, daughter of Mr. and Mrs. George Covall became the bride of Russell James Aiuto, son of Mr. and Mrs. Vito Aiuto of Clinton at a double ring ceremony at St. Mary's Catholic church at Manchester on Saturday, May 30th at 9 a.m. The nuptial high mass was celebrated by the Rev. Fr. Walter Hennes.

For her wedding the bride chose a gown of lace over satin which featured a fitted bodice, Queen Ann collar, tight fitted sleeves which ended in points over the wrists and a full skirt tiered with rows of ruffles which fell in a long train. Her cathedral lace veil fell from a heart shaped seed pearl tiara and she carried a white prayer book topped with a white orchid.

Mrs. Floyd Hoover, Mt. Clemens was her sister's matron of honor. Her gown was of Nile green net over taffeta. The skirt featured a bustle back. She wore a matching cape over the strapless gown and an open-crown picture hat of matching net and carried pink carnations.

Mrs. Gerald Murphy of Tecumseh, sister of the bridegroom, wore a gown of lavender net with matching picture hat and carried yellow carnations. Mrs. George Covall, Jr. of Whitmore Lake wore a deep rose net, matching hat and carried blue carnations. Miss Joan Kirk of Bridgewater wore Kelly green and carried fuchsia colored carnations and another sister of the bride, Wilma of Dexter, was attired in aqua blue net and carried rose colored carnations. All of the bridesmaids were dressed identically and their gowns were fashioned like that of the matron of honor except that they wore matching jackets. Their picture hats matched their gowns.

Susan Aiuto, niece of the bridegroom and Evelyn Budd-long niece of the bride were the flower girls. Their gowns were of yellow and blue respectively with the bodices of white lace over taffeta. They carried baskets of rose petals with nose-gays on the handles. Susan wore yellow rose buds in her hair and Evelyn wore red rosebuds and white bridal wreath. A nephew of the bride carried the rings on a white satin pillow.

Salvatore Aiuto of Manchester, brother of the bridegroom served as best man and seating the guests were Bartlette Aiuto, brother of the bridegroom, Gerald Murphy of Tecumseh, Herman Covall, brother of the bride of Ann Arbor and George Covall Jr. of Ann Arbor also a brother of the bride.

Vases of white glads, snags and stock and palms formed the background for the ceremony. Mrs. C. H. Seckinger sang "Ave Maria" accompanied by Miss Ann Bauer at the organ.

For her daughter's wedding, Mrs. Covall chose a blue and white print with navy accessories and Mrs. Aiuto was attired in navy blue with navy and white accessories. Both wore orchids.

A wedding breakfast was held at the Schwabien hall at Ann Arbor immediately following the ceremony and a dinner for 200 guests was held at four in the afternoon with a reception at 7 p.m. with an orchestra present. A buffet supper was held at 10:30 p.m.

After a wedding trip in northern Michigan the couple will make their home with their parents on Allen road. Both are employed at the Manchester Ford Plant.

Norgaard Returns From Hospital

Clark Norgaard is able to take part in the commencement exercises of the senior class after returning from Mercy Hospital at Jackson on Sunday. Clark was the victim of a prankster fellow-classmate who through a lighted fire cracker at Norgaard following the Junior-senior reception and burned his leg.

Thinking that the burn was improving Clark left with his class on the Senior trip. However, in Washington, D. C. blood poisoning set in and it became necessary for him to return here. He returned by plane to Willow Run and was taken to Mercy Hospital at Jackson last Wednesday and returned home Sunday.

The faculty and board picnic was held last Friday at the State Park.

Benefit Double-Header To Be Slated Soon

SOFTBALL LEAGUE STANDINGS

	Won	Lost
Grass Lake	2	0
Chelsea	1	0
Local 891	1	0
Fire Balls	1	1
Clinton	1	1
Klagers	0	2
Saline	0	2

On Tuesday night Grass Lake won from Saline with Braunbaugh pitching another fine game. Deckert was the pitcher for Saline in the second game. A very fine duel between lefty Ross of the Fireballs and Teachout of Klagers' was held up when Ralph Wurster, Klager's shortstop was badly injured sliding into second base. After the injury to Wurster the Fireballs went on to win by the score of 8 to 1.

All of the players in the league contributed to an injury fund when they signed contracts to play. The fund was to be used for any player needing medical aid. After this very serious injury the fund will be gone and will also fall short of paying the bills for Ralph, the Ford Local 891 team and the Fireballs will play a benefit doubleheader with one of the best softball teams in Jackson to raise funds to help pay the bill incurred while Ralph is in the hospital. The date of this game will be set as soon as possible.

On Thursday night the Ford Local 891 team won over Saline with Romelhardt pitching and hitting to help his team. Martin started for Saline but Deckert finished.

The second game was a real road battle between Schiller for Chelsea and Creason for Clinton. This game went overtime until Chelsea pushed ahead the winning run in the last half of the 9th inning. The score was 3 to 2.

Fewer Farmers To Produce More

Fewer farmers will earn more in 1960 — producing more for more people, predicts Lawrence L. Roger, Michigan State College farm economist. He expects the farm population to drop from 23 to 21 million while the national population goes up from 157 to 179 million.

Farm production—with 100 as the 1925-39 base figure—is 141 now and will be about 169 in 1960, Roger forecasts.

INSIDE THE CAPITOL

by John B. Martin, Auditor General

At the date of writing this column, the legislature has just passed and sent to the Governor for signature a new tax bill estimated to provide some \$35,000,000 of new money to enable the State to meet its bills promptly in the coming year. The new bill in its final form has the support of the organized business and farm groups, including large and small manufacturers, wholesalers, retailers and farmers.

The bill provides for a \$4.00 per \$1,000 tax on adjusted receipts of all business whether incorporated or not. It applies to anyone conducting a business but not to persons whose income is derived from salary or wages. A \$10,000 exemption is provided and in addition, taxpayers are permitted to deduct from gross receipts the cost of raw materials, rentals, light, fuel, power and taxes. If these amount to less than 50% of gross receipts, a full 50% may be deducted. Taking into account the \$10,000 exemption, no taxpayer will pay a tax unless his gross income exceeds \$20,000. Non-profit corporations and associations organized for charitable, religious and educational purposes are exempted from the tax except where engaged in unrelated commercial ventures. The bill becomes effective on July 1, 1953; the first quarterly payment is due the last day of October and the tax expires on March 15, 1955.

The tax in its present form has not been tried elsewhere, but has had a most careful examination from the business groups and individuals affected by it. As a tax it has certain advantages which include:

1. A high exemption which enables small business to be relieved of the tax burden.
 2. A broad base which makes possible a low rate.
 3. It avoids the necessity for a personal income tax on families with incomes derived only from wages or salaries.
 4. The tax applies to all business unless otherwise taxed and not just to one portion of business activity.
- The most important feature of the bill from the standpoint of my work as Auditor General is that it will take the pressure off the General Fund and will enable me to catch up on the backlog of our unpaid obligations to the schools.

It is my hope that this bill, together with other measures now being considered will provide a minimum of \$40,000,000. While this will not put the State in an easy financial position, it will halt a down-hill slide toward insolvency, permit me to pay current bills, clean up unpaid amounts due the schools and cut something off the accumulated deficit.

Upper Peninsula State Sale, Holstein Cattle

On June 17 a sale of surplus purebred Holstein heifers and a few bulls from State institutional farms will be held at the Upper Peninsula State Fair grounds, Escanaba, starting at 12 noon, reports B. Dale Ball, Coordinator, of Institutional Farms and Herds, Michigan Department of Agriculture.

Fifty-four heifers and seven bulls, some of which are ready for service or a total of sixty-one head will be offered for sale. These cattle are consigned from State Prison of Southern Michigan, Jackson; State Home of Correction and Branch Prison, Marquette; Mt. Pleasant State Home and Training School; Newberry State Hospital; and Traverse City State Hospital.

Again this year all surplus female animals from Institutional Farms are being sold at public auction sales. This gives all breeders a chance to bid on the animals, states Mr. Ball. The cattle being sold are from ancestors that have been on official testing for production for many years. Many are from

high producing dams, especially the bulls, which have dams with records of 571 to 746 pounds of butterfat per year. All production records will be converted to a twice a day milking so that purchasers can more easily compare them with records made under regular farm conditions.

C. B. Smith, from Williams-ton, will be the auctioneer.

LEGAL NOTICE

ORDINANCE NO. 41
An ordinance relative to the collection of garbage in the Village of Manchester, and the making of rules and regulations governing the same.

The Common Council of the Village of Manchester ordains: Section 1. DEFINITION. The word "garbage" as used herein, shall include only vegetable waste, or rejected food waste, fruits, vegetables, and animal matter, resulting from the preparation of food, and spoiled food from any source.

Section 2. GARBAGE CONTAINERS. All garbage not otherwise disposed of to the satisfaction of the Village Council of Manchester shall be placed in sanitary fly-type metal containers sufficient to receive all garbage which may accumulate between the times of collection.

Section 3. LOCATION OF GARBAGE CANS. All garbage containers must be maintained in a sanitary condition by the user thereof, and shall be placed in plain view in an accessible location at ground level at the side or back door, unless an alley exists in the rear of his property, in which case the container must be placed in the alley line, but not on public property, and these containers shall be accessible to the collector at all reasonable times.

Section 4. The collection of garbage shall be under the supervision of the Village Health Officer who shall be governed by the rules and regulations promulgated by the Village Council. The Village Health Officer shall make the necessary rules and regulations regarding the time and method of collection of garbage.

Section 5. EQUIPMENT USED IN COLLECTION. The authorized collector shall provide a covered tank, or wagon so constructed that the contents

will not leak or spill therefrom in which all the garbage collected by him shall be conveyed to the place of disposition which shall be located beyond the limits of the Village of Manchester. Said vehicle shall be kept clean and as free from offensive odors as possible, and shall not be allowed to stand in any street, alley, or public place longer than is reasonably necessary to collect garbage.

Section 6. EXPENSE OF GARBAGE COLLECTION. The cost of the collection and disposal of garbage of the Village shall be subject to such rules and regulations as shall be from time to time promulgated by the Village Council.

Section 7. PERMIT REQUIRED. It shall be unlawful for any person, firm, or corporation to collect, gather, haul, or to transport garbage within the limits of the Village of Manchester, without first having obtained an authorization and permit from the Village Council.

Section 8. Any person, company, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than \$100.00, or imprisonment not to exceed ninety days, or both such fine and imprisonment in the discretion of the Court.

Section 9. EFFECTIVE DATE. This ordinance shall be in full force and effect twenty days from and after its final passage.

Dated: June 1, 1953.

Blueberry Marble Pie—mellow as the first summer day—flavorful and fine like the best ice cream—is a perfect dessert for the first hot day!

Step 1. Combine and blend 1 1/2 cups crushed vanilla wafer crumbs 1/4 cup sugar and 1/4 cup melted butter. Press onto bottom and sides of 9-inch pie plate.

Step 2. Force 2 cups plump flavor-laden cultivated blueberries through sieve or food mill. Stir in 1/2 cup sugar.

Step 3. Combine 1 cup heavy cream and 1/2 cup light corn syrup. Beat fiercely until mixture holds its shape in smooth mounds. Gently turn into crumb crust.

Step 4. Carefully pour blueberry mixture in a thin stream over cream, swirling with spoon to create marbled effect. Freeze until firm. To serve, cut in wedges and garnish with large juicy fresh cultivated blueberries.

Cultivated blueberries bursting with the luscious scents of summer, swirl about in a creamy mixture to bring the first cool, bright taste of the season. Fresh cultivated blueberries are available in most parts of the country throughout the summer. They are delightful, too, in either canned or frozen form.

"PRECIOUS" IS THE WORD FOR REFRIGERATORS, especially in warm weather.

Treat your refrigerator right and it will perform like magic for you. Follow these tips to make the best use of this helpful piece of equipment.

1. To store meat, remove grocery's wrappings and wrap it loosely in waxed paper. Place in coldest part of refrigerator, near freezing unit. This helps keep it in good condition.

2. Clean vegetables and fruits before putting in refrigerator. This helps to keep them in best condition and to keep the refrigerator clean.

3. Store leftovers and liquids in covered containers. This will help prevent drying of foods. And frost will not accumulate as fast on freezing unit.

4. Keep a supply of plastic bags on hand for storing many items. Handy for bread, lettuce and other vegetables, and cheese.

REFRESHING COLD FOODS from the refrigerator are most welcome during warm weather. Cheer your family with cold gelatin salads

often. Here's one that simply requires a can of tomato soup, gelatin, cottage cheese and onion. A joy to taste.

Red and White Salad
1 envelope unflavored gelatin
1/2 cup water
1 can (1 1/4 cups) condensed tomato soup
1 teaspoon grated onion
1 cup creamy cottage cheese
or mayonnaise

Soften gelatin in cold water. Heat soup; mix in softened gelatin and grated onion. Pour into 1 large or 4 individual molds that have been rinsed with cold water. Chill until firm. Unmold on lettuce. Serve with a top-knot of cottage cheese and/or mayonnaise. 4 servings.

At Community Gathering

Members of the North Sharon
Church and families of the com-
munity enjoyed a testimonial din-
ner given in honor of Rev. and
Mrs. Harry Zimmer Saturday
evening at the North Sharon
church. The Zimmers will be leav-
ing this month for Philadelphia,
where Mr. Zimmer will intern for
a year before leaving for the Bel-
gian Congo where he plans to be
a medical missionary.

A program was held at which
time Mr. Zimmer entertained with
magic tricks of a religious nature.
Rev. Richard Doot presented the
Zimmers with a gift of money
from the church and the women's
missionary group gave them a
quilt. Following the program a
missionary film was shown.

P-TA Secretary Tells
Present Chapter History

Mrs. Alvin Kappler.

The present chapter of the
Manchester Parent Teacher Asso-
ciation was organized on Septem-
ber 13, 1946, at the Manchester
school. All interested persons in
the community had been invited
to attend a meeting at the civic
auditorium on July 15, 1946. At
that time Mrs. Glenn Parker,
chairman of District 6 (of which
Manchester is a part) of the State
Congress of Parents and Teachers
gave the fundamentals of starting
a Parent Teacher Association.
She was also present at the or-
ganization meeting on September
13 and installed the officers.

Bylaws were drawn up by an
appointed committee consisting of
D. C. Weed, Mrs. Ray Troz and
Mrs. LeRoy Heimerding. The
officers for the year 1946-47 were
Orville Way, president; Mrs. Al-
vin Kappler, secretary; and Ed
Kirk, treasurer.

A room-mother plan was set up
similar to one used in California
as described by Mrs. Rex Sturde-
vant, a state officer of the Cali-
fornia Congress of Parent-Teach-
ers. The P. T. A. boasted 76
members for the year 1946-47.

Seven regular meetings were held.
In February the annual Founders'
Day Dinner was held with 134
present. The speaker was Dr. Car-
riether of the University of Mich-
igan. Other programs of the year
were: a songfest; visual educa-
tional films; reports of lectures
attended at the Adult Educational
Institute at the University of
Michigan; public health program,
and a Christmas pageant with
sixty pupils participating.

The group sponsored a public
dance party and a series of folk
dancing instructions with Scott
Colburn of the Ford School of
Dance as instructor. It was
voted to sponsor the Cub Scouts
of Manchester and a contribution
was made to the national Polio
Fund.

Memos for the Year 1947-48
Membership in the local PTA
totaled 86. Programs of interest
during the year included a lec-
ture by Mrs. Helen Tewes, critte
teacher from the University of
Michigan; musical films; Red
Cross; Public Health; reports of
lectures of the adult education
sessions at the University of
Michigan, and a box social square
dance.

The association sponsored a
bake sale at the community fair.
A home talent play was presented
in March. Five hundred dollars
was realized from these ventures
and presented to the Student
Council which was earmarked for
visual education equipment.

The cub scouts were again
sponsored by the group and a milk
program and a series of dancing
lessons were sponsored by the
group. These lessons were for all
age groups with Miss Rae Nita
Larson as instructor. Officers for
the year were president, Orville
Way; vice president, Mrs. Malcom
Haselschwerdt; secretary, Mrs.
Alvin Kappler and treasurer, Ed
Kirk.

The membership for the year
1948-49 totaled 76. Officers were
Harold Burch, president; Mrs.
Alvin Kappler, vice president;
Mrs. Wesley Pretor; secretary
and Alfred Patterson, treasurer.

Programs of interest for the
year included films shown on the
newly purchased projector; travel
talk by Mrs. George Merriam
about her trip to Belgium; Pres-
sessor Morse of the University

of Michigan was the speaker at
the annual Founder's Day dinner.
At another meeting Dr. Frank
Van Schaick of the State Heart
Committee spoke on rheumatic
fever.

The organization sponsored the
cub scouts, the milk program and
dance lessons by the Rae Nita
studio of Jackson. A bazaar and
bake sale at the annual commu-
nity fair and a dance recital were
the money-making ventures.

Looking back to 1949-50, the
membership gained one making
the total 77. Harold Burch served
a second year as president with
Mrs. Tom Walton as vice presi-
dent. Mrs. Kenneth Kouba was
named the new secretary and A.
E. Patterson retained the office of
treasurer.

A plan was adopted that year
for encouraging better attendance.
The plan of presenting to the class
room a book as a reward for
having the most parents present
at the meeting. The plan must
have succeeded admirably because
it is still in practice. A coffee
urn was purchased by the group.
Donations of twenty-five dollars
was made to the cub scouts, fifty
dollars to the band, fifty dollars
to purchased junior high athletic
equipment and fifty dollars toward
the movie projector.

The faculty and the PTA play-
ed hosts to the new elementary
school in January of 1950 with
the PTA decorating and furnish-
ing the teachers' restrooms in
the new building and in the high
school building.

Money-making ventures were a
bake sale, dance recital and sale
of magazine subscriptions. Pro-
grams of interest included a re-
ception for teachers, and talks by
three citizens of the community
who told of their experiences
while living in foreign countries,
travel move, health program and
panel discussions on "Field Trips
vs. the three R's."

Memos for the Year 1950-51
The membership decreased to
fifty-five. Marvin Oates became
president; Mrs. Willard Mann was
vice president; Mrs. Frank Low-
ery, Jr., the secretary, and Nelson
Short the treasurer.

Outstanding programs included
a teachers' reception, Founder's
Day dinner with Judge Jay H.
Payne as speaker; a program at
which Dr. Struthers, head of the
Huron Valley Child Guidance cen-
ter was the speaker; a film "The
Angry Boy"; travel films and Mrs.
Belle Farley Murray who lectured
on "Better Family Relations."

Outstanding business ventures
included sponsoring the cub scouts,
a dance program, bake sale, and
a home talent play. Donations of
fifty dollars was made to pur-
chase new playground equipment,
forty dollars to the band boosters
club, twenty-five dollars for a
piano for the dance program and
\$350 was earmarked for band
uniforms. Thirty-five dollars was
given to the cub scouts for lights
for their new meeting place in
the library basement.

In the year 1951-52 the mem-
bership dipped to fifty-one. Marvin
Oates was re-elected to his post
as president with Miss Charlotte
Stables the vice president, Mrs.
Frank Lowery, Jr., was re-elected
secretary and so was Nelson Short
re-elected to his post—that of
treasurer.

Unusual programs during the
year included a panel discussion
on report cards, a Boy and Girl
Scout program on Founder's Day
dinner program, a talk by rep-
resentatives of the "AAA" of Mich-
igan, who spoke on "High School
Boys and Girls on our Highways."
At another interesting meeting an
exchange teacher from England
was the guest speaker.

The PTA sponsored a bake sale,
the cub scouts and the dance pro-
gram. Contributions were made to
the March of Dimes. Salt and pep-
per shakers were bought for the
Home Economic department and
seventy-five dollars went to help
finance the community fair. It
was voted in May to sponsor the
Girl Scouts.

Then as Mrs. Kappler winds up

the years up to date of the com-
structive work of the local PTA
she tells that in the year 1952-53
a new president was elected—
James Pratt. Other officers work-
ing with him were vice president,
Mrs. Roger Hardenburg; secre-
tary, Mrs. Eugene Bentschneider
and treasurer, Earl Alber.

The state congress suggested
that the organization have an his-
tory hand president Pratt ap-
pointed Mrs. Alvin Kappler to the
post. This past year the member-
ship in the PTA mounted to 182
or, about 358 per cent over the
previous year.

Programs during the year which
were of particular interest in-
cluded the reception for the fac-
ulty, safety patrol reports from
the automobile club of Michigan
—since then a safety patrol has
been set up and proved very sat-
isfactory. In December there was
a Christmas song fest and a spring
fashion show sponsored by the
Home Economic classes presented
at the April meeting.

The PTA sponsored a bake sale
at the community fair that netted
\$165. A square dance and a box
social were also important func-
tions. Several PTA mothers as-
sisted with the Heating and eye
tests, and the annual clinic con-
ducted by the County Health De-
partment.

A kiln was purchased for the
night school ceramics class. The
group purchased an 8X TV an-
tenna—two sets were loaned to
the school for the presidential in-
auguration on January 20th.

The PTA voted to help install
lights around the school.

the school picnic was held at
Ellis Sharp park on Tuesday, May
19. This was a potluck affair with
Betty Cummings, assisted by her
mother, in charge of the games.
Mrs. Frey was presented with a
gift from the "Mothers' Club."
Drivers for the picnic were Mrs.
Lucas, Mrs. Proctor, Mrs. Her-
bert Jacob, Mrs. Arthur Strahle,
Mrs. George Meister, and the
teacher, Mrs. William Frey.

Pupils neither absent nor tardy
for the month were Betty Cum-
mings, Thelma Strahle, Linda Ja-
cob and Betty Cummings. One of
the pupils, Robert Stauch, is in
St. Joseph Hospital, Ann Arbor,
suffering from an infection in his
knee.

Summer Program
Directors To Get Pay Hike

At the last meeting of the
Recreation Committee plans
were made for the summer re-
creation program. It was decided
that the director for the sum-
mer program and the assistant
director arrange and plan their
own program and that this pro-
gram was to be given to the
committee to be reviewed and
passed upon.

It was decided that the direc-
tor is to keep a daily report
and that this report must be
given to the committee. It was
suggested that the new direc-
tors were to take an inventory
of the equipment now on hand
and give that to the committee.

Of prime importance was the
fact that the director would re-
ceive five hundred dollars for
his work directing the eight-
week program and that the as-
sistant would be given three
hundred dollars.

Larry Soldan was accepted to
fill the position of director and
it was upon the recommenda-
tion of recreation committee
president, Joseph Schwab that
Supt. Fred Atkinson was named
to help Mr. Soldan find a suit-
able assistant. This committee
has reported that Mrs. Susan
Peters has agreed to take the as-
sistant directorship. Mrs. Pe-
ters is the kindergarten teach-
er.

According to Soldan tenta-
tive plans are now underway to
start the summer program on
June 15th with two sections of
four weeks each.

were made for the summer re-
creation program. It was decided
that the director for the sum-
mer program and the assistant
director arrange and plan their
own program and that this pro-
gram was to be given to the
committee to be reviewed and
passed upon.

It was decided that the direc-
tor is to keep a daily report
and that this report must be
given to the committee. It was
suggested that the new direc-
tors were to take an inventory
of the equipment now on hand
and give that to the committee.

Of prime importance was the
fact that the director would re-
ceive five hundred dollars for
his work directing the eight-
week program and that the as-
sistant would be given three
hundred dollars.

Larry Soldan was accepted to
fill the position of director and
it was upon the recommenda-
tion of recreation committee
president, Joseph Schwab that
Supt. Fred Atkinson was named
to help Mr. Soldan find a suit-
able assistant. This committee
has reported that Mrs. Susan
Peters has agreed to take the as-
sistant directorship. Mrs. Pe-
ters is the kindergarten teach-
er.

According to Soldan tenta-
tive plans are now underway to
start the summer program on
June 15th with two sections of
four weeks each.

the school picnic was held at
Ellis Sharp park on Tuesday, May
19. This was a potluck affair with
Betty Cummings, assisted by her
mother, in charge of the games.
Mrs. Frey was presented with a
gift from the "Mothers' Club."
Drivers for the picnic were Mrs.
Lucas, Mrs. Proctor, Mrs. Her-
bert Jacob, Mrs. Arthur Strahle,
Mrs. George Meister, and the
teacher, Mrs. William Frey.

Pupils neither absent nor tardy
for the month were Betty Cum-
mings, Thelma Strahle, Linda Ja-
cob and Betty Cummings. One of
the pupils, Robert Stauch, is in
St. Joseph Hospital, Ann Arbor,
suffering from an infection in his
knee.

Tree Insects

Warm weather is all that's needed to bring out many types of tree insects to bother Michigan's forest industry. Some of the insects cause considerable damage and may kill young or even mature trees. Others are merely obnoxious pests that do little permanent damage. Here a conservation department forester and a tree farmer discuss problems caused by a type of moth that deforms young pine trees.

How to Stretch Your Vacation Budget

A bright new look for last year's slack suit, via a simple dye-bath, is a happy boon to summer wardrobe budgets.

Want more money for vacation fun? Use the dye-bath to give you another season's wear on sun-faded shorts, slacks, blouses, jackets and other outdoor wearables. A few boxes of all-fabric dye, which comes in 24 colors and tints both man-made and natural fibers, will yield a fresh, new-looking vacation wardrobe that even close friends won't recognize as last year's togs. If the fabric's unevenly faded or stained, or if you're changing from a dark to a lighter color, or if you want an entirely different color, the Tintex Home Economics Bureau advises using color remover first. The washing machine is ideal for dyeing the larger articles, such as slack suits, coats and dresses, the bureau points out.

Michigan Beef Calf Feeding Project

County Agricultural Agent R. J. Lauer of Monroe County announced this week that it is now time to enroll in the Michigan Beef Calf Feeding Project. The project sponsored by the Animal Husbandry Extension Department of Michigan State College is designed to encourage the feeding of carefully selected beef steers to proper market weight and finish, to test each farmer's ability in the selection, feeding and showing of steers.

CHANGES FOR 1953-54

During recent years the project steers were started on feed during early July and finished their project by showing and marketing at Farmer's Week in late January.

at Michigan State College. The steers this year must be weighed during the first ten days of June, making a feeding period of 240 days rather than the former 210 days. The steers will be tattooed for permanent identification, and initial weights will be taken at a central location in Monroe County some time before June 10th.

Greater emphasis to be given for show ring performance. This year's contest will give equal credit for rate of gain and show activity. The trophy winning steers will be sold first in the Farmers' Week beef steer sale. The trophy won by this steer will again become a rotating award, as it was until four years ago, with permanent ownership to result after winning the trophy the second time.

Dedication of Chapel At F.C.I., June 14th

The Very Rev. Allen J. Babcock will dedicate the Chapel of St. Joseph at the Federal Correctional Institution of Milan, Michigan, Sunday, June 14, 1953. Rt. Rev. Msgr. Warren G. Peek of the Ann Arbor Deanery and pastor of St. Thomas' Church in Ann Arbor, will assist. Father C. J. Keating will offer up the Sacrifice of the Mass on this occasion. James V. Bennett, Chairman of the Federal Bureau of Prisons in Washington, D. C. along with his assistant, Frank Loveland, and Benjamin Frank, Supt. of Vocational Education and Training, U.S. Bureau of Prisons, will be present. Other church dignitaries and Diocesan Priests will participate in the service. The Warden, Mr. Heritage and members of his staff will also be present.

The work in the construction of the Chapel was performed by inmate labor under the supervision of institutional personnel. It is representative of the rehabilitation program designed to teach inmates constructive training and enable them to take over productive employment upon their release. Included in the construction of the new Chapel was an office and combination class and study room.

The Chapel and offices are very spacious, well lighted, and designed to produce a religious and devotional atmosphere. The ceilings have been sound-proofed with acoustical fibretex. The side walls are of cinder-block painted in two-tone colors—down and orchid smoke. The floors have been refinished with rubberized tile, reddish brown in color. The windows of the Chapel are of translucent plexiglass and plywood grill with the plexiglass being painted a transparent medium yellow to reflect the outside light through the windows.

The entrance of the Chapel, Chaplain's office and class room, is through the narthex. Inside the door of the Catholic Chapel is a modernistic grill made of redwood through which the entire Chapel can be seen. It has accommodations for 100 persons to be comfortably seated and space behind the grill in the entrance way can be utilized for an overflow crowd. The artistically engraved and goldfinished

Tabernacle is located in the center of the altar. It stands in bold relief to the other parts of the sanctuary. The altar is 8 feet wide with appropriate Doric Design and is set back in the sanctuary. The sanctuary has been decorated in laminated plywood. The altar rail is of modernistic design constructed of redwood and has the same line as the entrance grill. Four lights are recessed in the ceiling for the body of the Chapel while two spot lights play a subdued ray of light on the altar. The pews have been refinished and appear 17 new. Two beautiful and very useful vestment cabinets made of hard oak are in the sacristy. An accordion-type partition of light oak separates the Chapel from the Chaplain's Office and entrance to the Chapel can be made through the opening of this partition or through the narthex.

The Tabernacle in the Milan Chapel was donated by the pastor of St. Cunegunda's Parish, Father Alexander S. Wilczewski, of Detroit, Michigan. It was donated to St. Cunegunda's Parish by the late Bishop Plagens, who was pastor of the Sweetest Heart of Mary Parish in Detroit, Michigan. The Tabernacle had been purchased for the Parish by Father Foltz, whose nephew is Father Albert Foltz, pastor of the Immaculate Conception Parish in the Village of Milan, Michigan, where the Federal Correctional Institution is located. On the altar are six gold-framed, inlaid with mother of pearl, Candelabra and Crucifix. They were formerly at the Chapel of the Shrine of the Little Flower in Royal Oak, made through the opening of

the Institution by Rev. Charles E. Conklin.

The Infant Jesus of Prague Statue was donated by Mrs. Walter Rickinger of Dearborn, Mich. Father Michael G. Collins of St. Elizabeth Parish in Teumseh, Michigan, donated the pews. The Chaplains' Aid Society of the Archdiocesan Council of Catholic Women in Detroit, Michigan, has been very generous with donations of Altar Linens, Vestments and a Ciborium to the Chapel.

The policy of full-time Chaplains in the Federal Bureau of Prisons was inaugurated ten years ago. Rev. Father C. J. Keating, was appointed Chaplain to Milan's Correctional Institution in 1947 by His Excellency Cardinal Edward Mooney. The Institution of Milan and the National Training School in Washington, D.C. are the only institutions having distinctive Chapels for the three denominations and used exclusively for that purpose.

WHAT ABOUT POSTAL DEFICIT?

The postal deficit is breathing down the neck of the taxpayer again. Prospects are that it may reach \$700,000,000 this year, according to some estimates.

There are many factors responsible for this overdose of postal ink, according to Postmaster Butler. Foremost is the fact that prices charged for postal service have not risen to match increased costs in recent years. The price of our chief commodity, the familiar three-cent stamp for a letter, has not increased since 1932.

While it is true that the rates for parcel post and some other services in the post office have increased moderately, none compare with increases in commodities dealt with in other businesses.

The cost of rail and other transportation, which the post office uses in all forms of mail cars, buses and truck routes, has grown tremendously, but has not been matched by similar increases in postal rates.

The cost of labor in the post offices, which has necessarily kept pace with the increased cost of living, has added heavily to the overall cost of operating the yearly two billion dollar postal business.

Recent approval by Postmaster General Summerfield of a proposed thirty-five percent raise in parcel post rates is a step in the direction of reducing the deficit. Even with this increase, however, the cost of sending a package parcel post will still be considerably less than by express.

Entertains Past Matrons

Mrs. Frank Rawson entertained the Past Matrons Club of Manchester with seven members in attendance at the one o'clock luncheon. In the absence of the president, Mrs. Andrew Engle, the business meeting was conducted by Mrs. Roy Lowery. It was decided to purchase more silverware for the Masonic hall. After the business meeting, canasta was played with prizes going to Mrs. Wesley Proctor of Clinton and Mrs. Roy Lowery.

William Kirk returned from Mercy hospital at Jackson on Friday where he had been a patient for nearly a week suffering from an attack of rheumatic fever. He is improving satisfactorily.

Mr. and Mrs. Alfred Kuhl and daughter Kay were guests of Mr. and Mrs. Bernard Otto at Toledo on Sunday.

WILDLIFE MANAGEMENT DILEMMA

Throughout the nation today, and perhaps particularly here in Michigan, we're facing clarification of that mystery word "Conservation." During recent years, because of a steady increase in hunting and fishing pressure, "conservation" when applied to fish and game management meant producing the most "meat" for the most people in any given area.

Concentration on habitat, cover, food supply and maximum populations was called for. If fish biologists said more brook trout could be produced by damming up a certain stream at a certain point to create backwater, then that was the thing to do. If burning a square mile of country would help reestablish prairie chickens or sharp-tailed grouse, let's get it done. Anything to increase the supply of fish or game for a "meat" hungry army of "sportsmen."

Today's thinking along these lines is undergoing a slow but sure change—and for the better.

The New Concept

There's a lot more to hunting and fishing than "bringing home the bacon." In this hurried and harried life one relaxed day outdoors, close to the beauties of nature unmarred by man, may extend your life span many days! Many a sportsman has learned to look about him in field and forest—seeing far more than the game he stalks. He becomes a part

of the tranquil picture in which he walks. He senses a freshness to life. Pressures fall from his shoulders. He is humble and happy, closer to his Creator.

For the fisherman the jeweled waters of a lake or stream induce a natural feeling of restfulness. The changing contour of the shoreline makes an artful pattern. Intense anticipation of fish activity becomes secondary in his wholehearted enjoyment of surroundings.

Unwelcome Changes

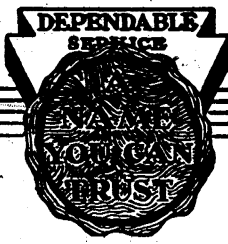

Perhaps a backwater in his favorite trout stream would supply better brook trout habitat, but it would mean flooding a lovely shoreline, destroying many trees, perhaps. The destruction of beauty is too much of a sacrifice. Many sportsmen would normally and reasonably rebel.

To a roving hunter, or to an average vacationist who took great pleasure in watching a herd of deer emerge at dusk to feed in an open field, the thought of blackening that field with fire to improve prairie chicken habitat might not be well received.

And so the "management" men in conservation are broadening their scope, too, aware of our appreciation of all the things that combine to make a day in Michigan Outdoors unforgettable. In the years to come Nature will make most of the changes, not man, and we'll be happier for it.

Truly we live on a beautiful peninsula. Next time, "look around you!"

CHEVROLET

RECORD-BREAKING GAS MILEAGE

for the driving **YOU** do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide* models—and the advanced 108-h.p. "Thrifty-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most—important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and Bel Air models only.

Governor's Column

By G. Mennen Williams
Governor of Michigan

By the time you read this "Michigan" new business receipts tax" which the Legislature has hastily enacted, will have become law.

As I announced last week there is no practical alternative to allowing this new tax bill questionable though it is in language and origin, to become effective.

Since I had nothing to do with drafting it, and have no responsibility for its defects, I will not sign it.

But it was impossible to veto it for the following reasons:

1. The state is near bankruptcy. We must have money. To veto this bill and let the state slide into financial disaster would be to bring upon the people of Michigan something far worse than this bill.

2. Leaders of the Legislature have flatly declared they would pass no other tax bill at this time. They told me, and they told the newspapers, it was this bill or nothing. That amounts to saying it was this bill or bankruptcy.

WORSE EVILS: Even if we assume they would not actually carry through with a policy of "this bill or bankruptcy," we would have no assurance the Legislature would pass any better bill if this one was vetoed.

For many months they have been discussing a general income tax, a payroll tax, various taxes on consumer goods, a temporary increase in the sales tax, a state property tax, and raids on school funds.

By raising enough opposition to steer the Legislature away from these evils, we have won a victory. But if this bill was vetoed, it is likely we would get one of these worse expedients, if we got any revenue legislation at all.

MAJORITY DETERMINED: The determination of the Republican majority in the Legislature to force this new tax upon us was made plain by the action of the House of Representatives.

The House held up final action on appropriation bills until it could see what I did with the tax measure. House leaders stated flatly that if I vetoed the tax bill they would come back

to Lansing and drastically cut funds for the operation of vital state agencies.

That would amount to retaliation upon innocent people—the patients in our hospitals, the state's employees, and everyone depending on state services. I wouldn't base my decision on such a threat alone, but it indicated what we are up against with the present attitude of the Legislature.

RESPONSIBILITY: The bill's supporters have accepted full responsibility for the new tax, without trying to shove it off on anybody else.

I listened to three Republican legislators defend the new tax on the radio. This is what one of them said, and this is as close to an exact quote as I could get it in notes made at the time:

"The taxing power is reposed by the Constitution in the Legislature. The Legislature has de-

clined this tax is the most fair and equitable tax bill we could pass. It is the Republican Legislature that is entitled to full credit for this bill."

With that I agree.

REMEDIES: Many citizens, particularly the newspapers, urged me to veto the tax bill and give the Legislature an opportunity to do a better job.

Let me point out that there is no reason why the Legislature cannot start right now, if they want to, in making a better approach to the tax problem. Also they will be back here in six months and if they want to do a better job, nobody is going to stop them.

Meanwhile (provided this tax bill is constitutional) the state will have money to operate hospitals, police, prisons, and other vital services. There will be a breathing spell during which the Legislature, if it wants to, can review in a calmer atmosphere what it has done in haste and confusion.

six million reprints of the article have been ordered by the denomination for distribution Saturday throughout the United States and Canada.

4-H Club Schools For Camp Staffs

Five two-day camp counselor training schools will be conducted during early June by the 4-H Club staff of Michigan State College. The schools will be open to 4-H Club agents and camp staff members and to Boy Scout and church camp counselors, notes Arden Peterson, 4-H Club recreation specialist at M. S. C.

Schools will be June 3 and 4 at Camp Copneconic in Genesee county; June 8 and 9 at Youth Camp in VanBuren county, June 15 and 16 at Coldwater Lake, 4-H Club Camp in Isabella county, June 17 and 18 at Camp Vining on Bostwick Lake in Kent county and at Hardwood Lake 4-H Club Camp in Ogemaw county in June.

Guests of Mrs. Robert Mahrie on Memorial day were Mr. and Mrs. Walter Mahrie and son Jimmie of Birmingham, Mrs. Rudolph Mahrie, Mrs. Louise Moore and Mrs. Irene Lappek of Detroit.

Large Doorway Meets Farmers' Needs

Backing a 40-foot elevator through the large doorway is a simple matter in the new Butler steel farm building.

What do farmers want most in an all-purpose steel farm building? After a three-year survey, Butler Manufacturing Company, Kansas City, Mo. found the answers, and developed this new building to meet farmers' specifications. Greatest demand was for its 12-foot sidewalls and 20-foot clear-span sections, which have never before been available. This allows doorways with plenty of clearance for large equipment, such as combines, corn pickers, and 4-row implements, without expensive construction costs. The rigid frame construction provides a full 36-foot clear span interior for easy maneuvering and storing equipment.

The new building, made in 20-foot clear-span bays, can be constructed in 20-, 40-, 60- and 80-foot lengths, and additional 20-foot sections can be added to expand to any length desired. Because of the 20-foot sections and 12-foot sidewalls, doors and windows can be located wherever required, either at sidewalls or endwalls. Partitioning off for stock or feed storage is easily achieved. Covered with steel-bolted, deep-corrugated galvanized sheeting, the building can be counted on for years of dependable service with little or no upkeep.

Furniture Fashions

Here is an idea to give your bedroom that "dramatic look." Against a background of bright red carpeting, and white and gray walls, the shaded Fieldfare bedroom furniture contrasts perfectly.

This is an ideal decorative scheme for the homemaker who wants to furnish a room within a budget—expensive looking, but priced to fit her purse.

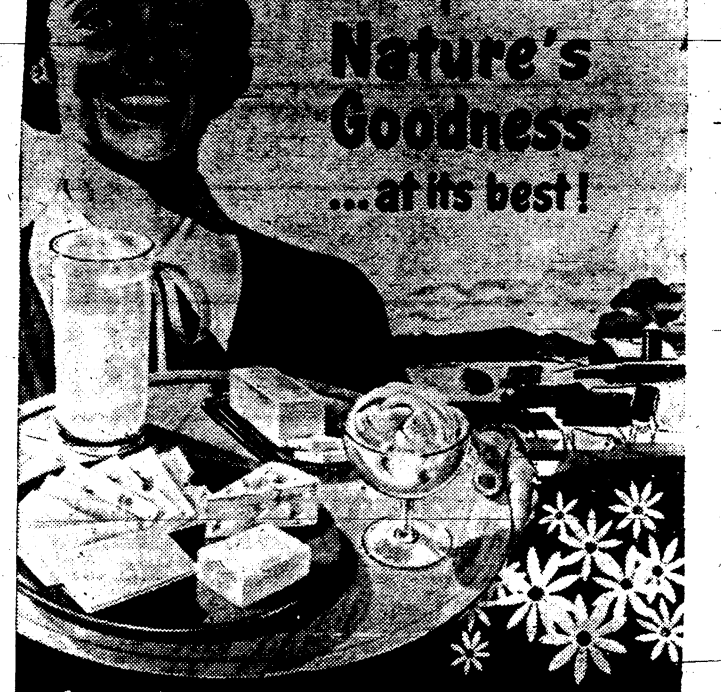

The bedroom furniture is mahogany wood finished in an off-white color. The finish is enlivened by a grain texture shaded in gray-tan tones. It is easy to clean, long lasting, and is resistant to perfume, water and scratches.

An outstanding feature of this suite is that even a room 10 feet by 12 feet is more than ample to accommodate the pieces shown.

Other pieces in the group include a chest of drawers, vanity, and a bookcase headboard.

For accent touches of black—in the lamp bases, exposed wood on the chairs, and in other accessories—have been used.

This is one way to achieve an up-to-date room setting without straining the family budget.

It's time for "here comes the bride!" So, to the bride: A good cook book is about a newlywed's best friend. "Joy of Cooking" is a good one. Follow the recipes carefully, note the menus in the back, and you'll do yourself proud in the meal making department.

To friends of the bride: Some useful and unusual gift suggestions for showers. Plastic covers for the bride's best china, plastic covers for her blankets. Or some specially nice soap, a photograph album or a holder or two for flower arrangements.

And to any woman: Spread-lamb chops with mustard-horseradish before broiling or pan frying. Mustard adds a wonderful flavor!

Now for a salad review: Salads, you know, must be cool, crisp and colorful. If you're serving one as a main dish, for goodness sake make it hearty enough to be satisfying. Make certain the dressing for the salad adds a distinctive flavor.

You can go on almost forever naming the different dressings for salads made with real mayonnaise. To serve with tossed salads, add milk, lemon juice, french dressing or fruit juice and blend. Sweet cream or sour cream can be added, too. And don't forget about throwing in some chutney, capers, herbs, olives or diced fruit to make a real mayonnaise variation to suit the salad.

Modern Version of the June Butter Tradition

Although the ultra modern butter making and packaging shown here may seem a far cry from grandma's days when she toiled during the month of June with her old plunger churn and wooden ladies, still it is the same American thrifty custom of using to-day's surplus to care for the shortages of next winter.

Pictured are the enormous all metal churns just installed by the Michigan Milk Producers Association in its Imlay City plant and the automatic packaging machine which cuts the butter in quarter pound sections, wraps each one in parchment paper, puts four of them in an attractive carton, seals the package and delivers it at the end of the line, ready for shipping.

The natural excess of milk in the Spring months, due to lush pastures and many cows freshening, provides a great amount of cream above normal demands. Grandma was thrifty and looked ahead to the long winter months when milk would be scarce so she and grandma worked long hours to convert that extra cream into delicious, golden butter which could be put away in cellar or spring house to be brought out in the time of scarcity.

Milk production is not so different today despite modern methods of breeding, feeding and care. There always is a flush season. But today by joining together in a cooperative organization, dairy farmers do their June butter task more easily. By installing modern machines, a better and more uniform grade of butter is produced from sweet cream than ever was made by

using the soured cream which it was necessary to use because of lack of refrigeration.

The Imlay City plant is capable of producing as high as 22,000 pounds of butter a day, each machine churning a ton every three hours. The packaging machine cuts and wraps 9,000 fourth pounds per hour, delivering 2250 packages of butter.

A Honey of an Idea

By Betty Barclay

HONEY, together with coconut and ice cream sounds like it might taste pretty good, doesn't it? But you haven't any idea how really good it is until you taste Honey Crunch Ring which features these three long-time favorites with a brand new favorite — sugar crisped wheat cereal! Quick and easy, too — doesn't require baking.

Honey Crunch Ring

1/2 cup honey; 1/2 cup sugar; 1/2 teaspoon salt; 1 tablespoon butter; 5 cups candy coated puffed wheat; 1 cup shredded coconut, toasted.

Combine honey, sugar, and salt. Cook until a small amount of syrup forms a firm ball in cold water (or to a temperature of 240° F.). Add butter. Add candy coated puffed wheat stirring lightly to coat. Then add toasted coconut, combining quickly. Press mixture gently into well-greased ring mold. When cold, unmold and fill with ice cream. Makes 8 to 10 servings.

Matteson School News

Beverly Green, reporter

All the children did very well with their Gates and Stanford Achievement tests. Those who tested with a very high score were Dianne Walkowe of the fourth grade, daughter of the Frank Walkowes, and the seventh graders Kathryn Knapp, Evelyn Schumacher and Roger Trolz. Children of the Edwin Knapps, the Carl Schumachers and the LoRen Trolzs.

In order to be ready for fall sessions of school, the civic health club elected the following officers: president, Kathryn Knapp; vice-president, and reporter, Roger Trolz; secretary, Schumacher; athletic director, Francis Green; and librarian, Dianne Walkowe. The various committees will be appointed in the fall. The officers sponsor all programs, projects and trips throughout the year.

The traditional last day of school picnic was held at the school Tuesday, May 26th with more than fifty children, parents and other interested persons attending. The P.T.A. had charge of the affair with the Mesdames Edwin Knapp, Carl Schumacher and LoRen Trolz as the committee. After the bountiful dinner and "plenty" of ice cream, the teacher, Mrs. Maude McKeely presented her awards and the children gave a short program. This included the allegiance to the flag and a panel discussion on "How and Why Civilization moved westward with Roger Trolz as moderator. He was ably assisted by Beverly and Francis Green, Evelyn Schumacher, Dianne Walkowe and Kathryn and John Knapp. Howard Thayer had taken a tape recording for a rebroadcast in April. It was repeated for the parents in case they had not heard it earlier.

Reading certificates were given to Beverly, Kathryn Roger, Evelyn, John, Francis and Dianne.

The Safety plaques were presented to Roger as Captain of the safety Patrol and certificates to his lieutenants Evelyn, Beverly and Kathryn.

The seventh graders, Roger, Evelyn and Kathryn were given gifts for scholarships and all around development. Remembrances of school days booklets
