Spafard School To Vote Again On Annexation

The Spafard School District, which once voted against annexation to Manchester public schools, will meet again at the home of Mr. and Mrs. Stanley Maurer and take another vote on Monday. The English school district is to put part of the district in Chelsea and part in the Manchester school system. After this division has taken place the voters in the district involved will take a vote to decide whether or not the people in the districts favor that move.

Superintendent of the Manchester schools, Fred Atkinson, reports that one more fifth-grade teacher is needed for the public schools to take a class because there will be around fifty pupils in the one grade and this will call for splitting the class, he said. A sixth grade teacher is also needed to complete the local staff. It will be necessary to hire two teachers for rural schools which have annexed to Manchester. To date the Rowes Corners school and the Craft school are without teachers.

An extra teacher for half day work has been added to the Manchester system. Mr. Carson Bennett, now living in Ann Arbor and working on his doctor's degree will teach here for the half-day classes. He will teach mathematics and chemistry. According to Mr. Atkinson, Mr. Bennett received his Bachelor degree from Western Michigan and his master's degree from the University of Michigan.

Heimerdinger Family Reunion

Some thirty members of the Heimerdinger family met in the pavilion at Vineyard Lake Sunday, July 19th. Newly elected officers are: president, Hazen Richardson of Springville; vice president, Elmer Rothfuss of Saline; secretary, Mrs. Matthew Barnes of Jackson; treasurer, Ruth Heimerdinger of Clinton; chaplain, Mrs. Ora Maurer and historian, Mrs. Charles Heimerdinger, both of Manchester.

On the sports committee will be Mr. and Mrs. James Heimerdinger of Clinton. The 1954 reunion will be held at the same place and on the same date.

The oldest person present was Mrs. Emma David of Jackson and the youngest was the infant son of Mr. and Mrs. Clarence Heimerdinger of Clinton.

Drum Majors And Majorettes To Compete at State Fair

Talented drum majors and majorettes from every section of Michigan will compete in another brilliant contest at the Michigan State Fair to be held in Detroit September 4 through 13.

Medals will be presented to the first, second and third place daily winners, and 16 beautiful trophies will be awarded in the final competition in the various classifications by Grinnell Brothers, Michigan Music House who are co-sponsoring the contest with the State Fair. The contest is under the direction of Graham T. Overgard, director of musical events and special activities.

Entries must be made on official blanks which may be obtained by writing to the Michigan State Fair, Detroit 3, Michigan. All entries must be returned by Monday, August 24. Contestants will be required to twirl through one 10-inch march, record (of their own selection) and they must appear in uniform. There will also be an individual novelty contest consisting of flag twirling, two-baton twirling, dancing and twirling, acrobatic and twirling and fire twirling.

Every effort will be made to see that competing drum majors and majorettes enjoy themselves. They will participate in the daily fair rounds parade and also will be given free tickets to all activities sponsored by the State Fair management, according to James M. Hare, general manager.

Carr Park Has New Tables

The last couple of weeks have been busy ones for the promoters of the Carr Park project here. With another meeting scheduled for 7:30, Monday, July 27, it is expected, according to the committee that by that date lights will have been installed. Consumers Power Company men have been checking park in preparation for the installation. Seven tables are out at the park and many family reunions and clubs have been holding picnics there. According to officers of the Park Association it has become necessary to book picnics in advance in order to be assured of adequate table space. There are now fourteen tables ready for use.

The Manchester Extension has made a sizable donation, \$50.00, earmarked for a four-seat swing unit for small children to use at the park. Membership tickets are being disposed of satisfactorily and the committee suggests that everyone interested in promoting the park secure his ticket from any member of the association.

Lynn Voegeding Tells About Leaning Tower

The following is a part of a letter written by Pfc. Lynn Voegeding to his parents here, telling about his recent trip to Pisa, Italy.

"I went to Pisa on the bus, left at about 1:30 p. m. and arrived at Pisa around 1:50 p. m. We got off the military bus and boarded a Pisa bus which took us to the Leaning Tower. Finally got down to see it. Well, it certainly is an odd structure. After taking several feet of film from all sides of the tower and also the Baptistery and church, we went inside the tower.

"There are steps which circle the inside of it all the way to the top. It's not too high, only 165 feet, but it's quite a climb since it is awkward walking due to the tilt of the tower. It's made entirely of cement and marble blocks and weighs 14,500 tons. Quite a hunk of cement, huh? When you're at the top and look straight down from the side that leans you see a point 13 1/2 feet away from the base of the tower. So you can see how far it leans at the top. Originally, when they started building the tower it was supposed to be straight like any other building but after a couple of stories were built the ground gave way on one side and it started to lean.

"Construction was stopped for several years and another contractor decided to build on and leave it leaning as it is. He built the rest of the tower—all but the last two stories and the bell tower. It was thought that this was as high as they could safely go with it. It was left for a couple hundred years and then another contractor decided to put on two more stories and the bell tower. Only he built these additions perpendicular to the ground.

"If you'll notice the picture I'm sending, you'll notice a slight bend in the building near the top. It isn't too noticeable since it was only a small portion of the structure. According to records kept on the inclination of the tower it will eventually fall over. They have an 'inclinometer' on the inside which consistently measures the amount of lean.

Anybody visiting Europe surely should see it as it certainly is one of the most interesting of the Seven Wonders of the World. The Baptistery and Catholic church are also very interesting. The church compares in shape somewhat with St. Peter's in Rome, though not nearly as large nor as beautiful.

We are anxious to print any part of any letter which relatives or friends of service men wish to lend us for publication.

Celebrate Anniversary

Mr. and Mrs. Kenneth Treat accompanied by Mr. and Mrs. Albert McConkey of Jackson enjoyed a dinner at Jackson on Saturday anniversary.

Maccabees To Celebrate Diamond Jubilee

Among those from here who attended the Diamond Jubilee of the Maccabees of the State of Michigan which was held at Chubboggon were Carl Wuerthner, Mr. and Mrs. Fred Binder, Mrs. Mike Wolfe and Mrs. Charles Seckinger.

The celebration was held Saturday with Ann Arbor, Ypsilanti and Manchester taking part in the program. While in that area the Manchester people visited at Potosky and Harbor Springs.

Former Manchester Man Celebrates 80th Birthday

Mrs. James McNulty of Adrian accompanied by Mrs. Harold Burch of Manchester motored to Stockbridge Sunday to meet Mrs. Hugh Cowan, the former Thermon Sortor and her twin daughters from Grand Rapids, at the home of her parents, Mr. and Mrs. Robert Sortor. Mr. Sortor was celebrating his eightieth birthday. Mr. and Mrs. Robert Sortor are former Manchester residents.

Merriman On State Fair Board

George Merriman of Manchester, veteran member of the Michigan State Fair Board of Managers, is busy assisting in the management of this year's State Fair to be held in Detroit September 4 through 13.

Merriman is serving on the Premium Exhibits Committee which has jurisdiction over all agricultural and livestock activities, junior show and women's activities as well as farm machinery.

In past years the operation of the fair has been under the supervision of thirteen committees. The suggestion made by James Merriman that these committees be approved by the Board of Managers and the activities of the 1953 Fair will be handled by five committees.

"This revision is resulting in a more efficient management as it puts all related activities under one head," Hare said. "For instance, in previous years there were separate committees to handle commercial exhibits, concessions, and free space. All these duties are now being handled by the Space Allocation Committee. Other committees are reorganized with the same thought in mind."

Manchester Women Help Friend Celebrate Birthday

Mrs. Carl Toburen, Mrs. H. T. Yungclas, Mrs. R. C. Kerr, Miss Marion Farrell, and Miss Donna Watkins motored to Jackson on Friday where they surprised Mrs. Cora Merithew by helping her celebrate her ninety-first birthday. The ladies presented Mrs. Merithew with several gifts and served dainty refreshments to Mrs. Merithew and several guests living at the home.

4-H Club Studies Breakfasts

On July 17 the 4-H Busy Bees met at the home of their leader, Mrs. Robert Kirk, with the 4-H clubs fourth lesson on "Breakfast Breads." The girls drew cuts to see who could demonstrate the preparing of French toast, milk toast, and plain muffins.

Following the meeting the leader, Mrs. Kirk, taught the girls folk dancing. A meeting is planned for July 30th at the home of Eileen and Ruth Townsend.

Parents Entertain at Birthday Party

Mr. and Mrs. Oscar Balmance entertained at a birthday party on Saturday evening, honoring their daughter, Mrs. Cady Lake. Guests were Mr. and Mrs. Jerry Buhmiller, Mrs. Gant Van Deusen also Mr. and Mrs. Art Green and Patty of Ann Arbor, and Mr. and Mrs. Cady Lake of Base Lake.

Jo Miller Honored at Birthday Party

Mr. and Mrs. Lawrence Miller entertained at a birthday party Sunday evening for their daughter, Jo. Guests were Mr. and Mrs. Norman Tarbet and daughters, Barbara and Patricia, Detroit, Ray Yinkle, Dearborn, Mr. and Mrs. Robert Diefenderfer, Jerry Troiz, also Mr. and Mrs. George Diefenderfer of Manchester.

THE AMERICAN WAY

Sound Flood Control

Coming Events

The Campbell Reunion will be held at the home of Mr. and Mrs. Colen Campbell at Port Huron on Sunday, July 26th. The date for this reunion was changed from July 19th.

The Altenbernt Reunion will be held at Carr Park on Sunday, July 26th, with a potluck dinner to be served at noon.

The Manchester Ladies' Bowling League will meet Monday, August 3rd, at the Legion hall at 8 p. m. All members are urged to attend.

The 4-H Busy Bees will meet on Thursday, July 30th, at the home of Eileen and Ruth Townsend.

There will be a meeting of those interested in the Carr Park project on Monday, July 27th, at the park at 7:30. Special request has been made that especially the trustees have been urged to attend.

There will be a meeting of the Manchester Fair Board at the Carr Park on Friday evening at 8:00 p. m.

The Iron Creek Valley P. C. Church will be held at the Iron Creek Church on Sunday, August 2nd. Potluck dinner at 1 p. m.

Rev. Adolph Bergman will return some of his experiences in Europe and discuss the Russian problems when the Extension Group from this area meet for the Christmas Seal Camp on August 15th.

There will be a picnic for Maccabees members and their families at Carr Park on Monday, July 27th. The affair will be potluck and everyone is reminded to bring their table service and dishes to pass.

The Trolz Reunion will be held at Wolfe Lake on Sunday, July 26th, with a potluck dinner at noon.

There will be a welcoming party for Rev. Adolph Bergman, new pastor at the Methodist church, on Sunday, July 26th, at 8:00 p. m. for members and friends of the church.

Manchester Chapter O. E. S. will meet for a picnic at 6:30 p. m. July 28 in Carr Park. Bring table service, sandwiches, and a dish to pass.

"Son of Go Boy" Shown In Kentucky

Dr. and Mrs. J. R. Jones have returned home after spending a week at Lexington, Kentucky where Mrs. Jones showed "Son of Go Boy," a three-year old, at the Lexington Junior League Show. "Son of Go Boy" is living up to the standards set by his father, a famous father and won for his owner \$240 in prize money, and a contract in still another show. The Joneses have good reason to be proud of Son of Go Boy and brought him back to Michigan with them. They are planning to show him in horse shows in this part of the country, one of which will be at Dayton on August 11th.

Junior Playground

Last week on playground was a busy one for all the children who attended. The children completed their ceramic dishes by glazing them in the kiln. Friday 55 children hiked out to the home of Jimmy and Kathy Mann to enjoy a picnic and weiner roast in their back yard. Ronnie Mann gave each of the children a ride in the pony cart—much to the pleasure of all.

Wednesday an Amateur Show was held on the playground for many of the children wishing to enter. The best of the group acted as judges by applauding for the one they thought did the best. Measuring the applause for this event were Mrs. Paul Knecht, Mrs. Harold Alexander, and Mrs. Edward Steele. First prize in the younger children's class was won by Mary Smith and Chantelle Clark, second prize to Eugene Huber and Alan Rest, and third prize to Brenda Egan. The older children's songs were won by Judy Braun, Cheryl Brown and Janice Russ. Marilyn Huber won first prize in baton twirling followed by Carole Alexander. Piano solos were won by Kathy Mann, second prize by Lee Below, and a tie for third by Sandra Koerke and Bruce James. Two dancing won awards for Betty Brook and Barbara Steele. Marilyn, a 12-year-old, won a prize for speaking a piece about saying "don't." Bruce Orie won first prize in the instrumental division for playing his accordion and Patty Binkowski won second prize with a piece on her guitar.

All the children who won first prize in each event had a chance to compete for the grand champion of the amateur show. Applause showed that Bruce Orie should reign over this special event.

The program for next week includes the following: Monday—Crafts. The children will make leaf wreaths. Tuesday—Singing games and storytime. Wednesday—Doll and Teddy Bear Show. Any doll or stuffed animal is eligible to be entered. Thursday—Games and storytime.

Friday—Trip by bus to Willow Run Airport. Busses leave at 9:30. The children will again need to bring back slips signed by the parent saying that the child has permission to go. Sack lunches are planned for this day. The children will return home later than usual.

Sutton Reunion

The Sutton reunion met at Carr Park with about 40 present. The following were present: Richard Sutton, a Ypsilanti resident, Dr. Sutton of Manchester, secretary, and J. C. H. Weller of Napoleon, Michigan. The young people present were: Mark, son of Mr. and Mrs. Ambrose Lentz.

Plans at present indicate that the reunion will be held next year at the same place. People were present at the reunion from Ann Arbor, Saline, Napoleon and Manchester.

Ford Plant To Stage Huge Party

Former Manchester Woman Passes At 92

Mrs. Alice T. Nordman, 92, who lived her entire lifetime in Washtenaw County died Monday, July 13 at 5-8 South Davison Street, Ann Arbor, where she had been living at the home of Mrs. Mary Wright since December, 1952. For several years she had made her home with a daughter, Mrs. Mary Koch in Brighton.

Born in Freedom Township October 27, 1860, she was the daughter of Peter and Margaret Flynn Guinan. Beginning at the age of 13 she taught rural schools for 16 years.

October 31, 1888, she was married to George Nordman, of Lima Township and they lived on farms in this area until his death on May 28, 1932.

Mrs. Nordman was a member of St. Mary's Catholic Church and the Altar Society of Chelsea as well as a member of the Ladies' Catholic Benevolent Association.

Survivors of Mrs. Nordman are two daughters, Mrs. Mary Koch of Brighton and Mrs. Charles Bycraft; three sons, Edward of Romeo, Frank of Brighton and Paul of Lawton; a brother, Eugene Guinan of Cleveland, O.; twenty-two grandchildren; thirty-seven great grandchildren and a number of nieces and nephews.

The rosary as recited Tuesday at 8:00 p. m. by the Altar Society and the parish rosary was at 8:00 p. m. Wednesday at the Staffan funeral home. Funeral services were held at St. Mary's at Chelsea last Thursday followed by burial in Mt. Olivet Cemetery, Rev. Fr. Lee Laige officiated.

Pat Roesch Entertains Exchange Club

Manchester resident, Pat Roesch, entertained a chicken dinner for the Exchange Club at his Pleasant Lake home. This is the yearly event when the Exchange Club forget that they are down in problems of financing the fence at the athletic field—or that they will have to find time to check again on members of the local steer club and find out how they are getting along.

This once a year the club forgets its troubles and just has a good time.

Howard Zindell of Michigan State College, acted as chef as the club exclaimed, at his ability to bar-b-que chicken to perfection. For diversion some pitched horseshoes and others played badminton.

Seems that there are some plans afoot for a public bar-b-que for sometime in August with details still not formulated.

Manchester Man Injured In Korea

Pvt. Victor B. Hanneman, husband of Mrs. Ruth Hanneman of Manchester, was injured on July 1 near Panmunjon, Korea, according to word received by his parents, Mr. and Mrs. Otto Hanneman, of 17315 Ely Road.

Mrs. Hanneman said that her son was injured while on a patrol. He sustained injuries in the abdomen, both arms, left leg and left eye from machine gun fire and an exploded grenade.

Pvt. Hanneman is now in an Army hospital near Tokyo, Japan. Entering the Army almost nine months ago, Pvt. Hanneman was sent overseas in May.

Manchesterites To Attend Camp Talahi

There will be four Manchester children from Emanuel Evangelical Church who will be attending junior camp next week at Camp Talahi.

Those scheduled to go are a following: Gary Hamilton, Douglas Hamilton, Hugh Higgins, Ronald, John, Mary, Larry, Terry, Hubert, Marilyn Huber, Richard Mangum, Edna, Martha Boucail, Carol, Bess, Jane Koerke, Cecile Raymond and Donna Kemner.

As Others See It

Giving advice is a habit with human beings, but fortunately ignoring advice is even more strongly ingrained.

William Townley, superintendent of the Manchester Ford Plant, is general manager of the Ford Centennial celebration which, for the Manchester Plant, will be held Saturday, July 25, at Lapham's Landing, Wampers Lake. Working with Mr. Townley are Ted Roberts and Harold Brislin.

According to the committee, some four hundred employees and their families and guests have registered to attend. Ed Galloway is program chairman and is being assisted by Mrs. James Cannon and Mrs. Stephen Kryciar.

A dinner will be served at noon with Mrs. William Dorrance in charge of food and she said that the meat, bread, butter, coffee, pop, popsicles, ice cream and relishes will be furnished. Those attending have been asked to bring their own table service and a dish to pass. Plans are being made to accommodate approximately 800.

Working on the grounds committee are Lawrence DeVerna and Bob Winder. A program has been arranged with Erwin Feldkamp acting as master of ceremonies. There will be a free gift for everyone attending and toys and candy for the children.

During the afternoon, movies will be shown at intervals at the fire hall, concerning the history of the Ford car. A costume parade of employees depicting the early years of the Ford car, will be a highlight. Mrs. C. W. Knauss will have charge of this event. This is the largest party of its kind ever planned for the Manchester plant.

Manchester Couple Buy Business In Lewiston

A surprise real estate transaction at Lewiston was that of Al's Super Market and Bakery purchased by Mr. and Mrs. Harry G. Haviland, of Manchester. The Market, formerly owned by Alvin Lawe who has been in business in Lewiston for the past thirteen years, had been improved by Lawe with the addition of a bakery. It was one of the most modern super markets in this part of Michigan. Recently a new meat storage and refrigeration system had been installed.

Mr. and Mrs. Lawe will remain with the market approximately another month while Mr. Haviland will be the acting manager while learning the business. The Lewiston area is not new to the Havilands as they have been going there during the hunting season for the past fifteen years. They have a new year round home on East Twin Lakes. The Havilands have two daughters, Mary Ann, a University of Michigan student, and Evelyn Jane, fifteen.

Tractor Fire

A fire of undetermined origin at the farm of Emmett Noggle on Kuhl Road, did considerable damage to a tractor last Monday noon. The quick thinking of two men prevented the fire from spreading to a wheat field.

As the fire spread from the tractor to scattered straw the men isolated it by shoveling dirt in a ring around the fire. The Manchester Fire department quickly answered the call and put out the blaze.

Hunter Named Plant Manager

Employment of Alex Hunter as manager of Ford Motor Company manager of the Ford Motor Company's plant at Ypsilanti has been announced by Walter Simpson, general manager of the firm's Parts and Equipment Manufacturing Division.

Hunter became general foreman at Ford's Manchester Plant in 1942. He was named superintendent at Manchester in 1943 and in 1945 moved to Ypsilanti as superintendent.

He is returning to the Ypsilanti plant which he managed from 1947 to 1949, after four years at the Ford plant at Monroe. He succeeded Alex Holbestadt, who has been appointed manager of the Monroe plant.

Manchester Men Celebrate Birthdays

On Saturday evening, Mr. and Mrs. William Reno entertained at dinner William Lamming and Mr. and Mrs. William Watson. The occasion marked the birthday of Mr. Lamming and Mr. Reno respectively on July 17 and July 21.

Surging Power with a Single Purpose

SAFETY!

When you choose a car for your family, you call on your good judgment to obtain every measure of safety.

One safety factor you should certainly consider is the magnificent reserve of power that Dodge provides in the 140-h.p. Red Ram V-8 engine.

This power is there when you need it: For passing, for turning into highway traffic, for crossing intersections.

The cost of safety is very low: Dodge prices start below many models in the "lowest-priced" field.

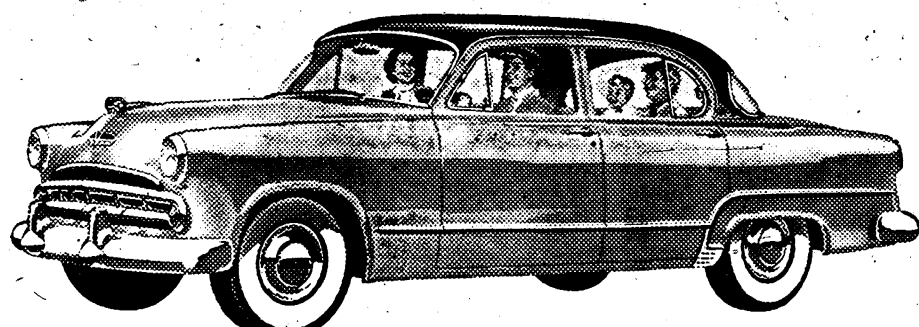

Turning into traffic, you call on the surging reserve of acceleration that set new official AAA performance records for the Red Ram V-8.

Passing a truck on the highway, a touch of your toe brings instant, eager response. Dodge power reserve is a great safety factor.

Powerful brakes, capable of developing more than 700-h.p. in stopping power, team up with the Red Ram V-8 engine to bring you new mastery of every driving situation.

Our Spiritual Heritage Needs Defending

Rev. James Keiler
Just twenty-five years ago the American Association for the Advancement of Atheism protested against the films "King of Kings" and "Ten Commandments" because they paid tribute to God. The Association urged Cecil B. De Mille, producer of these films, to eliminate God from his future pictures. But he refused their demands and courageously continued to use positive spiritual themes for many of his pictures.

If the atheists failed with Mr. De Mille, they nevertheless persuaded others to help banish God from many American institutions and traditions. These latter little-realized they were thus promoting not only atheism but also Communism.

The approach of the apostles of atheism was shrewd. They knew they could not immediately persuade Americans to eliminate God from education and other phases of public life. So they adopted a long-range program of removing, one by one, seemingly insignificant reminders of God. They got into jobs of influence where they could shape policies.

Deceived, most men of good will merely looked on. Meanwhile, these few atheists subtly imposed on Americans a philosophy opposed to the sublime truth upon which our nation is founded—the every person derives his rights from God.

If twenty-five years ago a few people had formed a group to guard the spiritual truths insisted upon by the founders of our country, they might have done much to prevent the moral deterioration, intellectual confusion, and vagueness of purpose that have weakened our country.

Happily, a few, for love of God and country, are regaining some lost ground. Their accomplishments may seem small, but they are a beginning.

Recently the New York City Board of Education directed all public schools to begin each day by singing the fourth stanza of the patriotic hymn, "America":

"Our fathers' God, to Thee,
Author of Liberty,
To Thee we sing:
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King."

The Board also ordered "programs of instruction emphasizing the spiritual interest and patriotic motivations of our pioneering ancestors." Similarly, the Armed Forces and the State of New York also stress programs to meet spiritual needs.

This trend can grow quickly if enough persons like you show a personal responsibility in re-intro-

ducing into public life the spiritual element necessary for our Nation's survival. Our country's future depends much on your acting promptly and persistently. Do not underestimate your individual power for good.

To the Lord our God belong
mercy and forgiveness, though
we have rebelled against Him—
(Daniel 9:9)

Someone wrongs us; we refuse to forgive, and bitterness grows into the consuming fire of hatred. Yet God our Father, ruling the vast universe, still can look into the heart of the least of us, and be forgiving and merciful. Why should any human, then, be stubborn and hard?

Sister Kenny Hospital Moves To Farmington

Improved facilities for the fight against polio were promised Michigan today with the announcement that the Sister Kenny Polio Hospital will move from 1075 North Telegraph Road, Pontiac, to the Children's Hospital of Michigan Convalescent Center at Farmington.

Dexter Horton, president of the Sister Kenny Foundation of Michigan, a Torch Drive agency, said that the Kenny Hospital would occupy the west wing of the Convalescent Center.

Two weeks of alterations will be necessary before the first of 20 patients, currently under treatment, can be transferred, Horton said.

Other patients and equipment at the present site will be transferred gradually, said Horton, and it is expected that the move will be completed by August 20.

Local Briefs

Carl Schaffer, a former Manchester resident, now living near Saline, is a patient at St. Joseph Mercy Hospital at Ann Arbor.

Mr. and Mrs. K. M. Furgason and daughter, Margaret, and Mrs. Mary Gallaway were guests of Mr. and Mrs. Charles Lee in Detroit on Sunday.

Mr. and Mrs. Fred Seyfried of Yonkers entertained Mr. and Mrs. Clarence Lindbert of Manchester, Mr. and Mrs. John Lindbert of Jackson and Mrs. Jim Hynes and children of Hamburg at a picnic at the Seyfried cottage at North Lake on Sunday.

Mrs. J. T. Kerr and daughter Barbara, of Schenectady, N. Y., who had been visiting her son and wife, Mr. and Mrs. R. C. Kerr returned home Thursday. Work end guests at the Kerr home were their son and wife, Mr. and Mrs. Alton Kerr, and family of Birmingham, and Miss Jan Wiles, and Dick Kerr of Hillsdale.

Mr. and Mrs. Robert Diefenderfer have returned home from a vacation trip during which they spent the week end in Chicago and visited Mr. and Mrs. Farrel McPeters and little Gail in St. Louis, Missouri, for several days. Mr. McPeters and Robert were buddies in the navy.

Mr. and Mrs. Sam Esch of Napoleon were recent callers of his mother, Mrs. Sarah Esch, and Katherine and Mr. and Mrs. Alfred Strang and family.

S. N. Duane Ernst is spending a ten days leave at the home of his parents, Mr. and Mrs. Paul Ernst. Duane is stationed on the USS Chandelour at Philadelphia, Pennsylvania.

Kathy Jacob of Parma is spending a week with her grandparents, Mr. and Mrs. Gottlieb Jacob.

Mrs. Carol Hess of Clinton spent Friday with her parents, Mr. and Mrs. Wilbur Arnold. Mrs. William Nebloe of Clinton was also a guest at the Arnold home Friday afternoon.

Mr. and Mrs. Francis Cargo were guests of Mr. and Mrs. Herbert Clarke at their cottage at Bateese Lake Saturday evening.

Mrs. Mary LaDuke and sons of Detroit were Sunday guests of Mr. and Mrs. Duffield Ball and family. On Saturday evening Mr. and Mrs. John Zink and family of Dexter were guests at the Ball home.

Mrs. Florence Lyons of Detroit and Mrs. H. W. Hayes of Chelsea were guests of their sister, Mrs. Sam Breitenwischer, on Friday. Mrs. Hayes returned home Friday evening but Mrs. Lyons remained with Mrs. Breitenwischer until Sunday.

M. M. Bowers of Leslie spent Sunday with Mr. and Mrs. Ernest Raymond.

Mr. and Mrs. A. W. Benoit had as guests her aunt, Mrs. J. L. Ulrich and daughters, Mildred, an Emma of Toledo, on Sunday afternoon.

G. H. Breitenwischer, who suffered a heart attack last week Tuesday following their return from a western tour, was taken to Herrick Memorial Hospital at Tecumseh. He returned home on Sunday. Mrs. M. E. Smith of Detroit has arrived to spend a couple of weeks with her parents, the G. H. Breitenwischers.

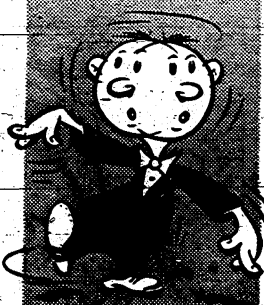

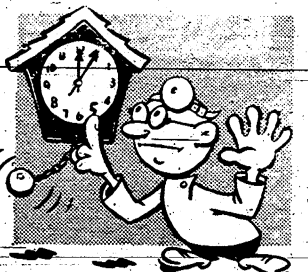

Mr. and Mrs. Anthony Sargent of Dearborn spent Sunday with Birdella Flood and her mother, Mrs. Amelia Bentschneider. Anetta Breitenwischer of Detroit was a week end guest at the Flood home.

Mr. and Mrs. George Rowell of Saratoga, N. Y., were guests of Mr. and Mrs. Robert Huber the first of the week. The men were buddies when in service and are having a fine time fishing.

Mr. and Mrs. Howard Higgins and Sue and Doug have returned home after a week at East Twin Lake. Sue had planned to spend most of her time with Evelyn Haviland, daughter of the Harry Havilands, who only recently moved to East Twin Lakes from Manchester. The girls plans were short lived because it became necessary for Evelyn to enter Mercy pendency on Thursday.

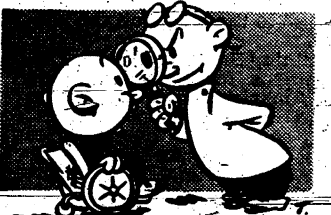

HEALTH FACTS

Doc United reminds us that every 5 minutes M.S.—Multiple Sclerosis picks a new victim, all young adults between 20 and 45. Once thought rare—M.S.—a creeping paralysis—cripples three times as many as polio!

M.S. victims experience
Double vision
Extreme weakness
Inability to keep their balance
Numbness of parts of the body
They gradually become more and more paralyzed. But today, much can be done to help them.

The Michigan Multiple Sclerosis Society is conducting a center in Detroit where research and diagnostic treatment facilities are provided for the entire state. A branch unit is operated in Battle Creek.

QUICK-HITCH ALL-PURPOSE MOWER

Quick-Hitch and go... at tractor speeds... ahead of weather—that's the Allis-Chalmers No. 3 Mower. It steers with the tractor, because it's close-coupled. It's fast in the hayfield or pasture. Cut square corners without backing. Take full-width swaths, even on hillsides.

Smooth, shock-absorbing V-Belt drives the sickle through toughest grass. Cutter bar lifts hydraulically for turns. Mower pivots back into safety position when an obstruction is hit.

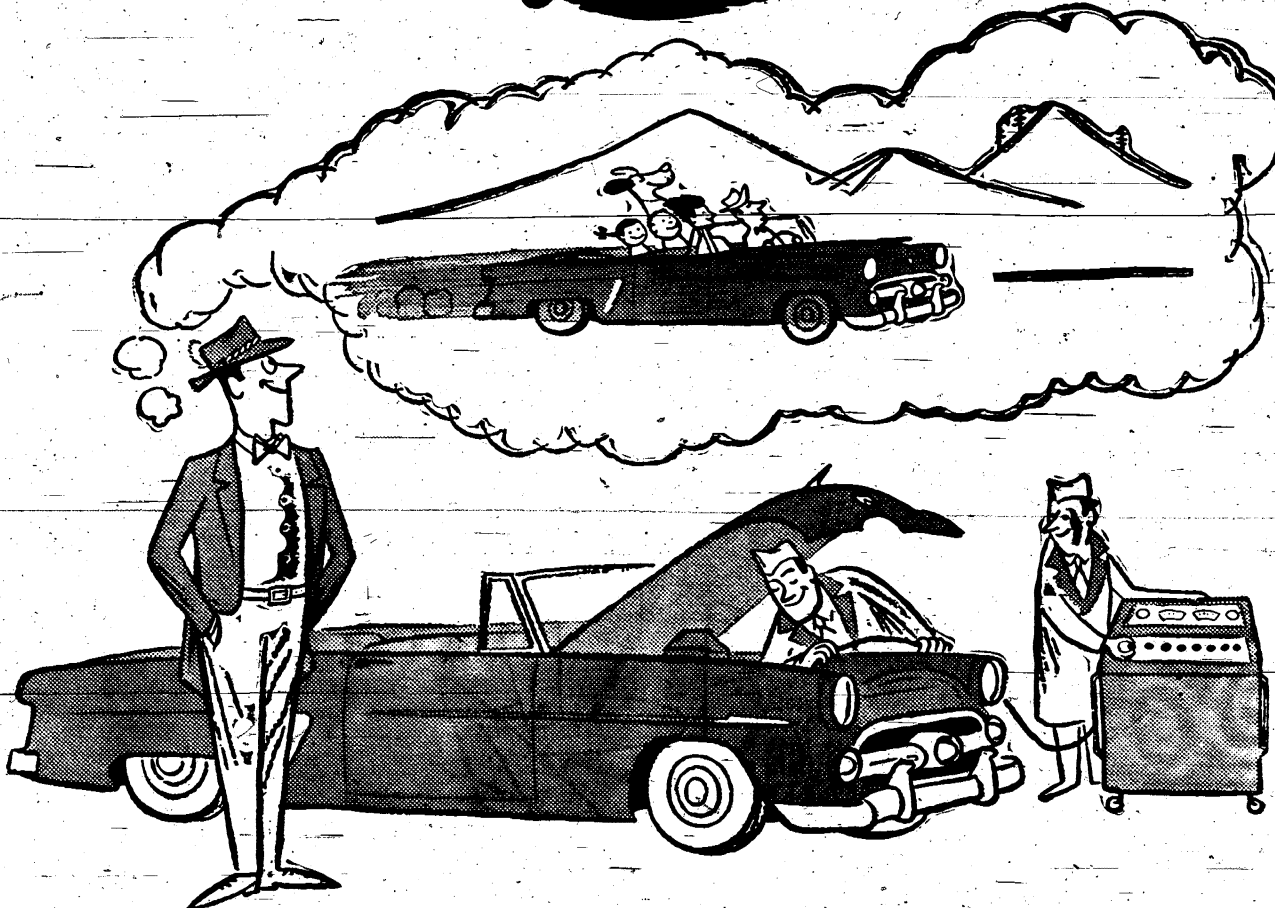

And for clipping pastures... the new Allis-Chalmers Topping Attachment holds cutter bar uniformly from 4 to 8 inches above ground level. Let us show you this time-saving, all-purpose mower for your B, C, WC, CA or WD Tractor.

FESTIVALS LURE TRAVELERS

Highlights of the world-famous music festivals held this summer at Salzburg, Bayreuth, Edinburgh, Helsinki and Bergen, Norway, are now being enjoyed by American radio listeners from coast to coast, reports the European Travel Commission. Part of a summer-long series of "World Music Festivals" broadcast each Sunday over CBS Radio, these programs give armchair travelers in the United States an unparalleled opportunity to preview the festivals which they may some day attend. Leading this broadcasting tour is James Fassett, who adds his own colorful "sound and word pictures" to the music on the programs.

Beginning Sunday, July 26, Fassett returns for four broadcasts from America's own Berkshire Festival at Tanglewood, Mass., three conducted by Charles Munch, one by Pierre Monteux. On August 23 and 30, excerpts from the famous Salzburg Festival in Austria will include a concert by the Vienna Philharmonic Orchestra, the world's oldest orchestra, conducted by Bruno Walter. On Sept. 6 the CBS Radio series will present the Richard Wagner Festival in Bayreuth, Germany, featuring operas under the direction of the composer's grandsons, Wolfgang and Wieland Wagner. For four broadcasts beginning Sept. 13, symphonic concerts, dramas, chamber music and operas will be heard from the Edinburgh, Scotland, Festival of Music and Drama under the direction of Sir Malcolm Sargent, Sir Adrian Boult and Bruno Walter.

Polio Report

The high cost of last year's polio epidemic in Michigan is reflected in the need of county chapters of the National Foundation for Infantile Paralysis for additional funds to pay medical and hospital costs of patients stricken with the crippling disease. Paul D. Bagwell, of East Lansing, state chairman of the March of Dimes said today.

Since January 1, chapters of the Foundation in 33 counties have received epidemic aid funds totaling \$437,975 from the parent organization. This amount represents funds over and above the moneys retained by county chapters to fight polio which were raised in the 1953-March of Dimes.

Only two states in the nation California and Minnesota, have received more than Michigan from the NFIP epidemic aid fund.

Cheeks totaling \$87,150 were in the mail today eleven chapters whose treasuries are empty. The county organizations and the amounts allocated are as follows:

Allegan, \$18,575; Bay, \$3,000; Dickinson, \$4,300; Gratiot, \$2,500; Hillsdale, \$5,000; Iosco,

\$5,900; Kent, \$22,000; Menominee, \$5,300; Montcalm, \$4,575; Ottawa, \$8,000 and Van Buren, \$8,000.

"While Michigan made an outstanding contribution to the fight against polio in the January March of Dimes," (audited figure: \$2,084,391.40) it is becoming apparent every cent raised will be badly needed," Mr. Bagwell said.

"As it has during the past five years, the staggering cost of polio has increased again in 1953. Over and above the high costs surrounding mass gamma globulin inoculations in Alabama, North Carolina and New York during the past two weeks, the National Foundation has spent \$4,400,000 for polio emergency purposes since the first of the year. This was about \$1,750,000 more than was spent in 1952 during the same period."

American Legion State Convention

The City of Detroit is preparing for its largest convention of the year. From every corner of the State of Michigan, by plane, train, car, bus and 40 of 8 box cars an estimated ten-thousand American Legionnaires, Auxiliaries, their families and friends will join fifteen thousand Detroit Legionnaires in the Motor City Thursday, July 20, for the 35th Annual State American Legion Convention which officially gets underway at 8:30 in the morning.

During the four-day convention, more than 30 resolutions are scheduled to come up before the 1,999 delegates for an official expression of opinions covering everything from the Michigan Veterans Trust Fund to allowing private industry to acquire and use atomic energy plants and equipment.

Inside The Capitol . . .

By John B. Martin.
We have just completed an audit of the Sandusky School District which showed padding of child attendance records to the extent of nearly \$360,000. We have also uncovered shortages which totaled in excess of \$28,000. Various other irregularities were noted in the audit and numerous recommendations were made for the correction of this particular situation.

In the light of this audit and earlier disclosures at North Adams and Livonia, I have been working closely with the State Superintendent of Public Instruction in developing a program of auditing and auditing which should have all reasonable assurance that inclusion of this kind will not occur in the future. These steps were necessary among other reasons to restore complete confidence in the school system throughout the State and to remove any possible cloud from future operations since what happens in one district inevitably creates doubts in others.

The following measures have been taken:
1. A revision of child accounting procedure which brings the county school superintendent squarely into the picture to double check the figures obtained from local school districts. Meetings have been held with county school superintendents throughout the State to put this into operation. Representatives both from the Office of the Superintendent of Public Instruction and my office have been present at the meetings to review the new procedure.
2. A review of census taking procedures and a tightening of these to assure that child census taking, on the basis of which certain school monies are distributed, will be accurately performed.
3. The passage of an amendment to the School Aid Act requiring that periodic audits be made of the records of each school district in the State no less often than once every three years.

years. The larger school districts should, in my opinion, be audited annually as is the case in many of these districts today. I expect to work with the Superintendent of Public Instruction to help devise an audit program which will enable these audits to be comparable and which will be designed to fit the accounting structure in the various school districts.
I believe that these steps will constitute a real protection to school boards and to the tax-paying public and will result in better and more accurate school record-keeping than we have ever had in the past.

G. I. Loan Rates Can Be Higher

WASHINGTON — Veterans now may be charged higher interest for GI loans, but they are also eligible for more liberal arrangements on down payments and time of repayment.
The Veterans Administration today summed up the principal changes in regulations affecting the loans. It said that:
1. The maximum interest rate has been raised from 4 percent to 4 1/2 percent, effective May 5, 1953. Loans closed earlier continue to bear interest at the old rate.
2. Home loans now may be made without down payment and with repayment terms up to 30 years—if the lenders are willing. The VA cautioned veterans, however, that they will probably find many lenders requiring down payments.

The agency advised veterans considering seeking loans to apply in advance for certificates of eligibility, so as to save time. Recent legislation extending GI benefits to veterans of the Korean war makes it necessary for the VA to have more information than before from any veteran applying for loan guaranty.
Most World War II veterans have until July 25, 1957, in which to apply for GI loans under the original GI bill, but veterans with service since the outbreak of the Korean fighting have until 10 years from the end of the current emergency.

FARM NEWS

Paul Taylor's Ayrshire Completes Record

Squire's Lady Jess, a six-year-old registered Ayrshire in the herd of Paul E. Taylor at Saline, has completed an actual production record of 14,614 pounds of milk and 538 pounds of butterfat in 365 days on a strictly twice-a-day milking schedule.

According to Chester C. Putney, Executive Secretary of the Ayrshire Breeders' Association, this record is equal to 14,614 pounds of milk and 538 pounds of butterfat when figured to a Mayne Equivalent basis. The record was made in accordance with the rule of the Ayrshire Herd Test Book.

The Ayrshire Breeders' Association Herd Test Program is recognized and used by Ayrshire dairymen from coast to coast. Monthly production tests are made and supervised in cooperation with the Extension Services of the State Agricultural Colleges.

MMPA Tour July 24

Donald R. Johnson, Washtenaw County Agricultural Agent, is one of the guests invited by the Michigan Milk Producers Association for its annual Extension Service tour and meeting in Detroit on Friday, July 24. B. D. Kuhn, state leader of Agricultural Programs of the Extension Service of Michigan State College, has urged all agents to attend the tour of a city processing plant, luncheon and meeting with Association and other dairy leaders, dinner and to round out the day, the night ball game between the Detroit Tigers and New York Yankees.

For the Michigan Milk Producers Association, Norman L. Peterson, director of membership relations, will act as host and will be assisted by Dale Butz and George Parsons of the Dairy Department of M.S.C. Among those who will discuss dairy industry problems, especially from the farmer's standpoint, with the county agents are Howard F. Simmons, secretary-manager, and I. K. Maystead, president of the MMPA, and George Irvine, Administrator of the Federal Milk Marketing Order in Detroit. The tour starts at 10 a.m. at the east side plant of the cooperatively owned Twin Pines Dairy and the discussion group will meet following lunch in the auditorium of the MMPA in the Stephenson Building.

It is expected that nearly 100 county agents and other extension service personnel will attend this annual event which is designed to provide firsthand information regarding all phases of milk producing and marketing for the farmer active in the farm service field work of Michigan State College and the U.S. Department of Agriculture.

Farm News

Fertilizers

Right now is a good time to apply nitrogen fertilizer to corn, peas and rye, advises R. J. Lauer, Monroe county agricultural agent. He explains that next season's crop depends on food manufactured by the foliage growing this season. The nitrogen

gon fertilizer following harvest will boost it along.

J. W. Rose, Michigan State College extension horticulturist, says that harvest of asparagus should stop as soon as the spears begin to come up small and spindling. And, he adds, you should stop the rhubarb harvest when growth appears to be weakening. The harvest season of both crops usually ends in late June.

He recommends 300 pounds of ammonium nitrate per acre as a nitrogen fertilizer for asparagus. The cyanamide also is useful in controlling weeds.

For home garden use, he says, application of 400 pounds of ammonium nitrate per acre is the equivalent of about five pounds per 100 feet of row.

Cyanamide should not be used on rhubarb, he cautions. Ammonium nitrate at the rate of 190 to 500 pounds per acre is recommended for this crop.

Pig Feeding

If you are fattening pigs on pasture now, be sure you feed enough protein to push them forward an early market, advises the county agricultural agent. Harry F. Moxley, extension assistant husbandman at Michigan State College, says the pigs should eat a ration that has at least 14 per cent protein up to the time they weigh 100 pounds. After that you can cut the protein percentage gradually to 10 per cent of the ration.

In order to get the 14 per cent protein, he advises, feed a five to six per cent supplement. Each pig should have about six tenths of a pound of supplement a day. That means that every 100 pigs should be eating a little more than a half sack of supplement daily.

State Fair Entries

to Close August 21

Now is the time to get ready for the 104th Michigan Agricultural State Fair to be held in Detroit September 4 through September 13. James M. Hare, general manager, announced today that premium books listing \$115,000 in premiums are now being mailed. The closing date for farm entries will be August 21.

The premium total amounts to \$5,000 more than was paid out last year. All 1952 exhibitors have been added to the mailing list and anyone not on the mailing list during the past few years may write to the State Fair, Detroit 3, for a copy. Hare also announced that for the second consecutive year the Coliseum will be cleared for three complete days and evenings September 8, 9 and 10 for livestock judging and events will be uninterrupted.

The livestock auction will be held in the evening at 8:30 Wednesday, September 9, so that more buyers will have an opportunity to attend. There will be a nightly parade, featuring thousands of dollars worth of livestock, in the Coliseum. The six horse hitch will be shown inside the Coliseum this year as well as the mounted police drills. Junior livestock will be judged Monday morning, September 7, in the Coliseum.

Attention

Wheat Growers

On July 23rd, today, Thursday, at 10:30 a.m. at the Chelsea Municipal Bldg. a meeting will be held to inform all wheat growers about the wheat acreage situation.

Other meetings to be held also on Thursday, July 23 are as follows: 1:30 p.m. at the Auditorium of the Lincoln Consolidated School, Whitaker and Willis Rds. and at 8:30 p.m. at the Pittsfield Grange Hall on the Ann Arbor Saline Rd.

Giristown Site

Top Question

"Where is Giristown to be located?"

That was the top question facing the Giristown Board of Directors meeting on July 15 at Hidden Valley, Gaylord.

Sites in Wayne, Oakland, Washtenaw, Ingham and Otsego

Counties have been surveyed and are being considered. The Giristown Board on Wednesday visited the Otsego County Home to determine its fitness as a location for the proposed home for errant young girls.

Present plans envisage the establishment of units in several areas of the state according to Miss Helen Harris, Muskegon, newly elected president of Giristown.

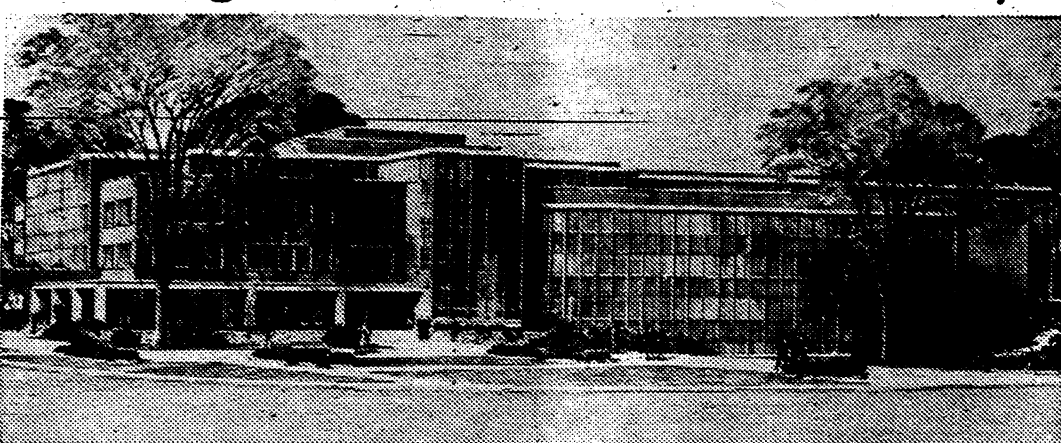

"We intend to make haste slowly," said Miss Harris. "Our first Giristown must be established on a sound financial basis and operated in a highly competent educational and socially scientific manner. We need additional funds and are ready to accept gifts of money."

town, estimated that operating expenses would range between \$1,600 and \$2,000 annually per girl cared for in Giristown. A minimum of 10 girls will be housed in the first unit.

The board received offers of support from the Lions Clubs of Michigan. The Otsego County Board of Supervisors offered the Otsego County Home to Giristown free, if used for one of the Giristown units. The Gaylord Study Club presented a memorial gift in memory of Mrs. Nehah Ford.

Giristown presently is chiefly sponsored by funds raised by the Michigan Federation of Women's Clubs through the sale of subscriptions to the magazine Inside Michigan and by individual gifts from its member clubs.

Michigan State to Build New Library

A new design in library construction, which permits thousands of students to be served at all times without standing in line at main desks, will be a feature of Michigan State College's new library building, shown in this architect's drawing. An initial appropriation of \$1 million has been earmarked for the library by the Michigan Legislature, with construction to begin when the money is officially made available. The library will be the largest in America yet built on the "divisional reading room" principle, according to M.S.C. Librarian Jackson Towne. This means the breaking up

of the "conventional" library into large subject reading rooms with thousands of volumes on open shelves. Under this plan, 15,000 M.S.C. students can be served without the "bottleneck" problem in present library facilities. M.S.C.'s present library was built in 1925 when enrollment was 2,500. The new \$4 million building is to contain space for one million volumes, more than 100 faculty rooms for research, 200 cubicles for graduate students and a specially-equipped reading room for blind students. Containing four floors and a basement, the structure will be constructed of steel and concrete with a red brick veneer.

Ford Ranch Wagon

It's a 6-passenger sedan that "doubles" as a hefty hauler, too. Available with either Ford's high-compression Six or V-8.

Look again

There are 6 cars on this page!

Each of Ford's 3 great station wagons is actually 2 cars in 1!

No matter which Ford station wagon you choose, you get a roomy passenger car that converts to a cargo carrier in a jiffy! Take Ford's 2-door Ranch Wagon, for instance. There's room plenty for six big people inside its huiltight Crestmark body. Or, by merely folding the "stowaway" seat into the floor, you have

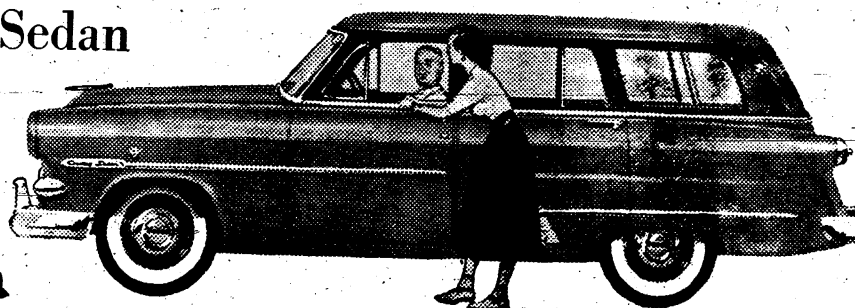

over 6½ feet of level load area. Ford offers two 8-passenger "quick change artists", too. And no matter which of the three you choose, you get foam rubber cushions and new spring and shock absorber action, easier-working

suspended pedals, a choice of Fordomatic, Overdrive or Conventional and a host of other "Worth More" features that make Ford worth more when you buy it, worth more when you sell it. Drop in today and let us point them out for you.

Ford Country Sedan

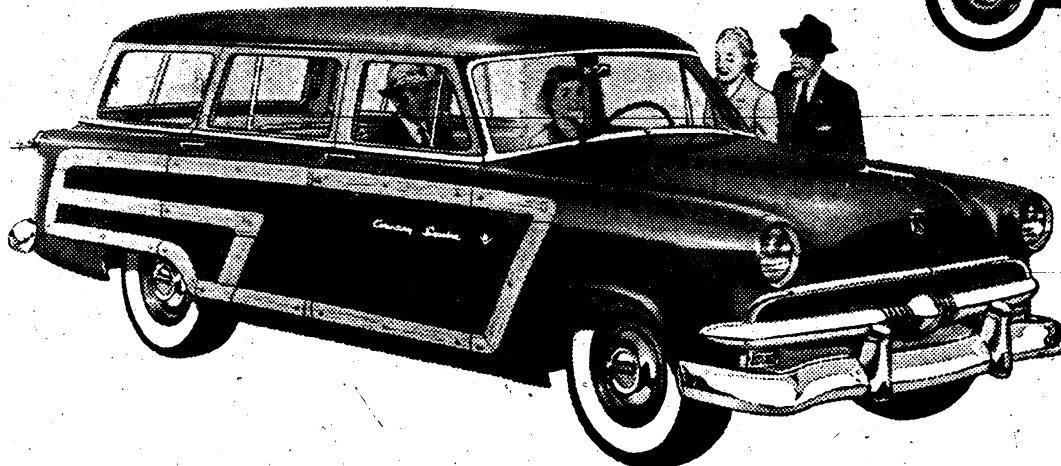

This all-metal counterpart of the Country Squire is equally at home on the farm or 'sion the town'. It's 8-passenger big, has nearly 8½ feet of load space.

Ford Country Squire

This double-duty beauty has room for eight or a half-ton of freight. Handsomely-trimmed with Genuine Maple or Birch.

See them... Value Check them... Test Drive them!

America's largest selling station wagons...

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today . . . for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, *it's the lowest-priced truck line of all!* Come in and talk it over with us.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Fair Board To Meet

There will be a meeting of the Manchester Fair Board at the Peoples Bank on Friday evening of this week at 8:30 p. m. Next week there will be a story in the paper concerning the various committees which have been named to work in the various divisions for the fair which has been scheduled for September.

Strangs Home After Trip

Mr. and Mrs. Alfred Strang and family have returned home after a ten day trip including Montreal, Canada, the New England States, New York City, where they spent a day, and Washington, D. C. At Plymouth Rock Mr. Strang and his son, Frankie, had a real thrill as they tried their luck at deep sea fishing and were mighty pleased to land some big ones. They also watched the commercial boats as they engaged in

big time deep sea fishing. Another note of interest was a boat cruise of the Thousand Islands.

Ewe and Month Old Lamb Wanted For State Fair

Wanted, a ewe with a suckling lamb under one month of age at State Fair time.

In fact, the Sheep Department of the Michigan State Fair would like a pair of mothers and baby lambs to exhibit to children. Furthermore, the exhibit of each ewe and lamb will bring the owner \$50.

So, anyone able to provide the combination should contact Wilma Lundberg, secretary to the Director of Agricultural Exhibits, Michigan State Fair, Detroit 3, Michigan.

Incidentally, George Merriman, State Fair Board member in charge of the sheep department, has announced that entries for this year's State Fair

will close when available pen space in the Sheep Building is allotted.

Merriman warns that there will be no temporary tents this year to take care of late comers.

The deadline for sheep entries has been announced as August 21, but Merriman says it will be first come first served this year and urges that all

sheep farmers make their entries at the earliest possible time.

Victims in Head-On Collision Improving

DeLisle Bross, son of Mr. and Mrs. Lawrence Bross, returned home last Tuesday from University hospital where he had been

a patient following injuries sustained in an automobile accident two weeks ago.

Larry Wright, who was also hospitalized following the same accident, returned from University hospital Monday.

Hertler Reunion

Sixty-three members of the Hertler family gathered at the home of Mr. and Mrs. Robert Roose on Platt Road, Ypsilanti, for their annual reunion. A business meeting followed the potluck dinner at which time Willard Hertler was elected president and his wife named secretary, treasurer. Miss Mary and Miss Dora Hertler of Clinton will have charge of entertainment. Next year the reunion will be with the Clarence Hertlers the third Sunday of July.

For High School Grads

The department of the Air Force recently announced that high school graduates now have the opportunity to apply for Aircraft Observer training and become flying officers skilled in navigation, bombardment, radar operation, aircraft performance engineering and related technical flying specialties.

For the first time since World War II, a young man with a high school diploma can apply directly from civilian life for flying training.

In addition to being a high school graduate, an applicant must be between the ages of 19 and 26, single and in good physical and mental health. Minimum vision requirement is 20/50 if corrected with glasses to 20/20.

An individual is placed under no obligation by submitting an application for training. He will not enter the Air Force until he is found fully qualified for Observer training and desires to enter the program.

The Aircraft Observer course is divided into three phases: Pre-Flight, Primary and Basic.

The three month Pre-Flight phase consists of intensive officer-type training that includes drills, customs and courtesies, physical training, etc.

After completing the Primary phase, the Aircraft Observer cadet attends one of several Basic courses that train him for a specific aircraft position on a bombardment, interceptor, reconnaissance or transport type aircraft.

Upon completion of Pre-Flight, Aircraft Observer cadets receive 30 weeks of Primary training which covers the fundamental skills and techniques common to all Aircraft Observer duties.

After approximately a year of training, the cadet will be commissioned a second lieutenant in the Air Force Reserve.

Full information concerning Aircraft Observer training can be obtained by visiting or writing the Aviation Cadet Selection Team No. 404, Selfridge Air Force Base, Michigan.

AS OTHERS SEE IT . . . One evidence of maturity is the failure of an individual to blame someone else for his troubles.

When a man is as eager to work as he is to leave the office, it is a sure sign that he owns the business.

"We hope at some future date, to eliminate probable and possible from forecasts," Gordon E. Dunn, Chief, Chicago Weather Bureau.

Service Notes

Service Men's Names that were Omitted in the List Compiled by the Moms Club: Mrs. Clark Bertke, chairman of the committee keeping data on service men wishes to make the following additions to her original list, which she was unable to check in time for the complete listing:

Sgt. First Class Wilbert Saffell, 1500 Victoria Street, North Chicago, Ill.

Pfc. Lloyd C. Randall (1346412) MAD, N. ATTC Brks S-19, Memphis, Tenn.

A 3-c Glen E. Cummings, 93rd Motor Vehicle Sqdn, Castle AFB, Merced, California.

LOCAL BRIEFS

Mr. and Mrs. Evan Leddy and children have moved into the Angie Klose home on City Road.

Rev. Adolph Bormia took Mrs. Millie Wallace to Carleton to visit her sister, Mrs. Jennie Baker, on Sunday afternoon. Mrs. Wallace, widow of Rev. Wallace, makes her home at the Meadville home-at Chelsea.

Mr. and Mrs. Fred Stockinger, Jr., and family of Cleveland are spending two weeks at Shro's Cottage at Wamples Lake.

Mrs. Armin Grossman and son Ronnie and Kenny of Detroit, spent the week end with her mother, Mrs. Paul Engels.

Mr. and Mrs. Fred Stockinger, Sr., of Detroit are at their summer home near Iron Creek.

Mr. and Mrs. Max Klimpert and daughter, Shirley, of Detroit were Sunday visitors at the Lawrence Bross home.

Mr. and Mrs. Emmett Nogg, Jr., and her mother, Mrs. Alvin Broz, attended the Smith-Leutheiser reunion at the farm home of Henry Leutheiser near Sable Sunday.

Mrs. Helen Lonier and niece of Detroit and Mrs. Joseph Benz and sons of Detroit called on Mrs. George Wurster last week.

Mr. and Mrs. Clarence Walter

and daughter Beverly of Detroit visited her mother, Mrs. Georgia Rager, on Monday.

Chrysler's Lady Engine Doctor Diagnoses Patient

Lucille Pieti, woman engineer with Chrysler Corporation's "New Worlds in Motion" automotive show, proves she understands the practical side of her profession. As judge of an old-car contest, staged in connection with the traveling styling and engineering show when it played in Milwaukee recently, Miss Pieti expertly analyzed the motor of the winning car with the latest scientific equipment. The contest was designed to discover the oldest Chrysler-built car still operating in Milwaukee. The winner was a 1928 Chrysler with 63,000 miles on its odometer. Miss Pieti found the 25-year-old car "mechanically sound." The engineering exhibit is scheduled for Omaha, Minneapolis and Dayton in the next three months.

Meet Your Michigan

HISTORICAL MARKER: LAST BRITISH FLAG TO FLY OVER THE UNITED STATES WAS AT SALT STE. MARIE, A BRONZE TABLET AT THE FOOT OF BRUNSON AVE. MARKS THE SPOT WHERE GENERAL LEWIS CLARK REMOVED THE FLAG ON JUNE 16, 1820. THIS ESTABLISHED THE SOVEREIGNTY OF THE UNITED STATES OVER THE NORTHWEST TERRITORY.

STRICTLY FOR THE BIRDS: THE 100-ACRE WILKESBORO BIRD SANCTUARY ON WINTERGREEN LAKE NEAR RICHLAND, MICHIGAN, IS AN OUTSTANDING TOURIST ATTRACTION. OVER 160 DIFFERENT SPECIES OF BIRD AND GAME BIRDS HAVE BEEN OBSERVED AT THE REFUGE AND MORE THAN 60 VARIETIES HAVE NESTED HERE.

MOTORLESS RESORT: EXCEPT FOR A FIRE ENGINE, AMBULANCE, AND EMERGENCY CAR, AUTOMOBILES ARE BANNED FROM HISTORIC MACKINAC ISLAND. HUNDREDS OF BICYCLES, 400 HORSES AND 500 CARRIAGES PROVIDE THE ONLY TRANSPORTATION AT THIS POPULAR VACATION PARADISE.

WORLD'S LARGEST FRESHWATER BEACH: ST. CLAIR METROPOLITAN BEACH NEAR MT. CLEMENS IS OVER 300 FEET WIDE, 6,000 FEET LONG, AND PROVIDES 55 ACRES OF CLEAN, SAFE, SANDY BEACH. WITHOUT CROWDING, AS MANY AS 60,000 PEOPLE DAILY MAY USE ITS MANY RECREATIONAL FACILITIES.

U-M Finds Way to "Explode" Sugar Beets

New hope for Michigan's sugar beet industry may come from University of Michigan research which has produced a way to "explode" the beets under high steam pressure. This provides a fast, cheap method of making the juice available for purification. Left to right with the pilot model of the "high pressure beet gun" are: Lloyd E. Brownell, professor of chemical and metallurgical engineering; and Ted Lee and S. A. Zieminski of the U-M Engineering Research Institute.

Tic-Tours of Europe

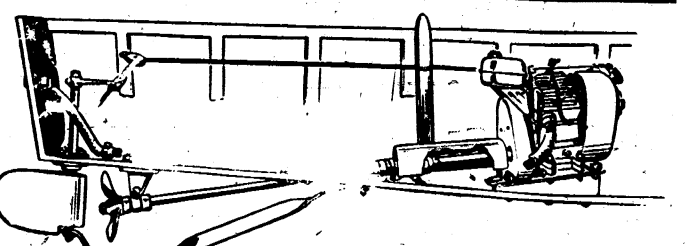

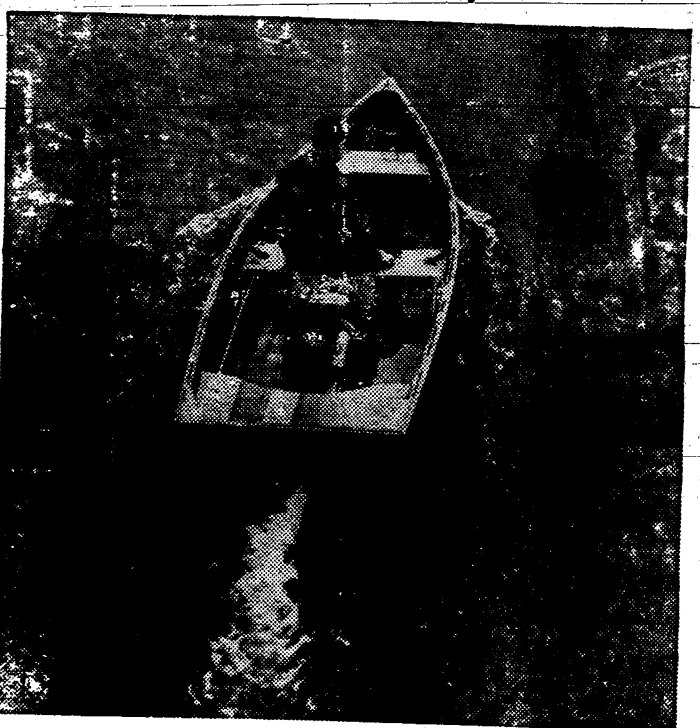

Le Puy-en-Velay occupies one of the most extraordinary sites in FRANCE. Atop volcanic peak at left is tiny 11th century church; at right statue of Notre Dame de France. In foreground, old man in regional costume plays the vielle.

To simplify travel in EUROPE, take advantage of all-expense tours, available through local travel agents, which eliminate the need for making individual hotel, rail, bus and airline reservations abroad.

Hot Springs are to be found over almost all of ICELAND. The Great Geysir, one of the most remarkable and interesting phenomena to be seen in any country, has given its name to hot springs all over the world.

Now You Can Throw Away Those Oars

A new inboard engine kit recently placed on the market makes possible to convert any rowboat up to 18 feet into a dandy troller for less than \$100. Made by Reo Motors, the "Trollabout" do-it-yourself kit can be installed in a few hours by anyone handy with ordinary household tools. Powered by a 1 1/2-hp, 4-cycle, air-cooled Reo engine using regular gas, your boat glides along at a brisk clip or throttles down to any easy trolling pace. Performance is claimed to equal that of a 3-hp outboard. The installation, shown in the drawing, uses a novel pulley and belt arrangement which provides for neutral, forward, and reverse drives.
