EIGHTY-SIXTH YEAR

NUMBER 48

MANCHESTER, WASHTENAW COUNTY, MICHIGAN

THURSDAY, AUGUST 6, 1953 FIVE CENTS PER COPY \$2.50 PER YEAR IN ADVANCE

Blind Cowboy At Oklahoma Ranch Rodeo

A real TV star and big time rodeo attraction will be the feature attraction at the coming Oklahoma Ranch Western Horse Show and Rodeo on Sunday, August 16.

"Bud" Jones, billed as the world's only blind cowboy, will do amazing feats of skill on horseback. This remarkable young man has been totally blind since he was four and one half years old. He breaks and trains the horses that he uses in his different acts.

He has appeared at many of the big time rodeo and horse shows, in Florida, Missouri, Iowa, Illinois, Indiana, Ohio and at the recent Block and Bridle Show sponsored by the Michigan State College at East Lansing. He also recently appeared on TV "You Asked For It" sponsored by the Skippy Peanut Butter Show.

He will appear twice during the afternoon show.

Mrs. Caroline Bruns Observes Birthday

Manchester's oldest citizen, Mrs. Caroline Bruns, marked another milestone on Monday, Aug. 3, which was her 93rd birthday.

Mrs. Bruns has for the past several years enjoyed Miss Amanda Lehman's Sunday school class, stopping in to wish her well on her birthday. The children again planned this year to go and visit their elderly friend but as Mrs. Bruns is confined to her bed because of illness the teacher thought it advisable for the children to forgo this little trip until Mrs. Bruns feels better.

However, one of the pupils in the class, Lee Below had baked a heart-shaped cake and decorated it for Mrs. Bruns so he and his teacher presented the birthday cake to her on Sunday morning.

Local Man Wed In Saline Church

Barbara J. Marion, daughter of Mr. and Mrs. Reuben Marion of Saline, became the bride of Albert Clarence Ahrens, son of Mrs. Clarence Ahrens and the late Mr. Ahrens on Saturday, July 25. The double ring ceremony was performed by the Rev. H. L. Engel at the Trinity Lutheran Church at Saline. The candlelight service was held at 8 p. m.

The bridal gown was fashioned of white lace over nylon net with a short train. Her fingertip veil was held by a crown of pearls and she carried a bouquet of white roses.

Dorothy Marion of Saline, cousin of the bride, was the maid of honor. She wore a pink nylon net gown over taffeta with a bolero jacket. She carried blue carnations and her headpiece was of blue carnations and pink net.

Bridesmaids were Nancy Wenk of Waters Road and Janet Marion of Saline, cousins of the bride, and Betty Lou Ahrens of Manchester, sister of the bridegroom.

Their gowns were styled like that of the honor maid, with Miss Wenk in aqua, Miss Marion in yellow, and Miss Ahrens in orchid. Bonnie Mae Heckaman of Manchester, niece of the bridegroom, was the flower girl, in powder blue net over taffeta. She carried a basket of assorted flowers. James Marion, cousin of the bride, was the ring bearer.

Pvt. David Marion, the bride's brother, served as best man. Ushers were Lawrence Luckhardt of Saline, Francis Heckaman of Manchester, and Robert Ahrens of Manchester, cousin of the bridegroom.

After the ceremony a reception was held in the church parlors, with Mrs. Francis Heckaman cutting the wedding cake assisted by Mrs. Carl Marion of Saline and Mrs. Earl Troitz of Clinton.

After a trip through the east including Niagara Falls, Maryland and Washington, D. C., the couple will make their home in Saline.

For traveling, the bride chose a powder blue linen suit with white accessories and a corsage of white roses. For her daughter's wedding, Mrs. Marion chose tan with pink accessories and a corsage of pink roses. Mrs. Ahrens wore navy with white accessories.

Too many sharp business men believe in democracy and fair play everywhere except in the field of economies.

Band Boosters Send Two To Interlochen

Two Manchester Band students, Kenneth Kemner and Paul Wahr, Jr., are enjoying a two week trip to Interlochen made possible by the Band Boosters' Club of Manchester and the cooperation of the parents of the pupils.

Band instructor, R. C. Sortor, was named by the Band Boosters Club to name the two most eligible to go for the two weeks training.

These two weeks have been set aside by Interlochen teachers as "All State Band Weeks."

In a card written by Paul Wahr to Mr. Sortor he told his teacher that there are about 200 pieces in the band and that band practice takes four hours a day. Paul has been taking band for four years and Kenneth has been taking band in the local school for the past five years.

Junior Playground

The boys as well as the girls had a part in the special event held at junior playground last Thursday. Dolls, teddy bears, and stuffed animals were all eligible to enter the Doll and Teddy Bear Show. Judges for this event were Mrs. Frank Tomko, Mrs. Nelson Short, and Mrs. Wilbert Buss.

Prizes for the largest doll went to Brenda Eames, Patty Binkowski, and Janean Swank. Mary Jo Huber, Cindy Alexander and Bruce Oates won awards for the smallest dolls. Mary Frances Fielder won first prize for the oldest doll with a doll that was 30 years old, still dressed in its original clothes.

Mrs. Buss entered a doll that was 20 years old, and Ronnie Alexander entered a doll that was 9 years old. Prizes for the doll with the prettiest hair went to Carol Miller, Judy Lockridge, and Carol Alexander. Charlene Clark won first prize for the most real looking doll followed by Janice Kaupp and Sally Schaible. Richard Pniowski, Barbara Below, and Mike Lowery brought the most lovable teddy bears. Kathy Mann won first prize for the largest collection with 27 dolls, followed by Bonnie Heinrich, who brought 17 dolls and Barbara Kappler with 9 dolls. Larry Alber, Jimmy Mann, and Louise Pippenger won awards of the cutest stuffed animal.

A special class for the dolls or animals with special talents brought awards to Barbara Tomko with her walking doll, Joyce Kaupp with her walking doll, and Tommy Uphaus with his dog that takes a bone.

Clarence W. Beuerle

Funeral services were held Friday at the Muehl Funeral Chapel at Ann Arbor for Clarence W. Beuerle, 59, a maintenance supervisor for the Detroit Edison Co., and a former Freedom township resident. He died suddenly at his home at Monroe Tuesday, where he had lived for the past four years, after moving from Ann Arbor.

Mr. Beuerle was born in Freedom Township. He was the son of William and Elizabeth Beuerle, and married Amanda Graue of Freedom township, on May 14, 1918. She survives.

Besides his wife, he is survived by one brother, LeRoy Beuerle of Dearborn.

Funeral services were held at the Muehl Funeral Chapel with Rev. Lawrence K. Zank of Monroe and Dr. E. C. Stelhorn officiating. Burial was at Bethlehem Cemetery.

70 Attend Iron Creek Valley Picnic

The Iron Creek Valley picnic was held Sunday at the Iron Creek Church with about seventy present for the potluck dinner.

At the election of officers Lynn Burch was elected president and Mrs. William Palmer was re-elected vice president.

People came from Battle Creek, Brooklyn, Clinton, Ann Arbor, Tipton, Mason and Manchester to attend the picnic.

The oldest man present was William Walker of Tipton and the oldest lady was Mrs. Mertie Martin of Ann Arbor. The youngest was Rose Marian Aten, daughter of Mr. and Mrs. Avery Aten of Battle Creek. Mrs. Kitle Aten at the age of eighty-one years, came from Battle Creek to attend. Next year the reunion will be held the first Sunday in August.

Damage Here Light As Storm Hits State

Summer lightning storms raked Southern Michigan Saturday night but left Washtenaw county relatively unscathed. However a large barn on the Harold Jester farm, 11750 Austin Road, Napoleon, was set ablaze by a tremendous lightning bolt which rocked the area. One side of the barn was a mass of flames a moment after the bolt struck, members of the family said.

Napoleon and Brooklyn firemen were unable to overcome the barn blaze but saved the farm house, a smaller barn and other nearby buildings. Lost in the flames were 20 tons of hay, 600 bushels of wheat and some oats.

On Tuesday afternoon a very heavy rain fell in the Manchester area accompanied by some lightning and a little wind, but no serious damage resulted in the immediate area.

Mrs. Nellie McMahon

Mrs. Nellie M. McMahon, 87, widow of the late Charles D. McMahon, died Wednesday at the home of her daughter, Mrs. E. C. Springer of 1335 Geddes Avenue, Ann Arbor, after an illness of several months.

Mrs. McMahon was born on June 12, 1886, in Corunna, Michigan, a daughter of Dr. John and Miriam Faulkner Hewitt. She was married to Mr. McMahon on October 11, 1894, and the couple lived in Manchester many years before going to Ann Arbor 23 years ago. Mr. McMahon died on April 19, 1935.

She was a member of the First Methodist Church at Ann Arbor. Survivors are her daughter, Mrs. Stringer, and two grandchildren, Lyle and Ruth Stringer, all of Ann Arbor, and a sister, Mrs. Grace Hewes of Pontiac.

Funeral services were held at the Muehl Funeral Chapel at Ann Arbor with the Rev. Erlend J. Wandahl officiating. Burial was in Oak Grove Cemetery at Manchester.

Mrs. Anna Breuninger of Dexter is visiting her niece and family, the Willard Manns.

Coming Events

The regular meeting of the American Legion Auxiliary will be held on Tuesday, August 11th, at the cottage of Mrs. Frank Tirth at Wampers Lake. A potluck supper will be served at 6:30 p. m. All members please note change in meeting date.

The Wurster family reunion will be held at Carr Park on Sunday, August 9th at 12:30 p. m.

The Gieske reunion will be held Sunday, August 9th, at the home of Mr. and Mrs. L. P. Breitenwischer.

On Sunday, August 9, Monroe Wayne and Washtenaw counties will have a Grange picnic for members and friends at the Milan Community Hall on the river. At one o'clock dinner will be served.

On Tuesday, August 11, the Grange will furnish food and ice cream. The speaker will be Owen J. C. Secretary of state.

The Women's Society of World Service and the Ladies Aid of the Sharon Evangelical United Brethren church will hold their annual picnic at Carr Park on Thursday, August 13 with Mrs. Ruth Sott the devotional leader. The topic "We Share the Good News in New Ways." The hostesses are the Mesdames Reuben Sott, chairman, J. W. Dresselhouse, Laurel Breitenwischer, Emma Scheid. On the picnic committee are Mrs. Albert Feldkamp, chairman, Mrs. Laurence Bower and Mrs. Fred Lambricht.

This is a correction to the item which appeared in last week's paper. The Carr Park Association will hold an ice cream social at Carr Park on Wednesday, August 12, at 6 p. m.

The Sharon Farm Bureau will hold a picnic at one o'clock on Sunday, August 23, at Oklahoma Ranch with a potluck dinner.

A wise man knows his own ignorance; a fool thinks he knows everything.—Simmons.

Three Manchester Families Plan To Move In September

September will be a busy month for the Marx, the Oltersdorf and the Mangus families. The Waldo-Marxes, owners of the Marx and Marx Dry Goods Store, decided their house was too big for two people so they have been busy building a new brick house on North Union Street. But the large home which they are leaving at 206 West Main is just right for the Merlyn Mangus family—there are four children, and their home at 522 East Duncan was too small for four growing youngsters. So Mr. and Mrs. Mangus have purchased the house which will be vacated by Mr. and Mrs. Marx.

Mr. and Mrs. Earl Oltersdorf decided that they wanted a home of their own and the Merlyn Mangus home just fills their needs so they have purchased it.

Janet Kominek Speaks Vows

Given in marriage by her father, Steve Kominek, Janet Kominek repeated vows Saturday morning, August 1, with John F. Way of Manchester, in a ceremony at St. Matthew Church at Flint, the Rev. Luke Powers officiating.

For her wedding, Janet chose lace and satin, the fitted bodice of lace dipping to a point at the waist above a bouffant skirt. Panels of lace down the back formed a train. Her veil was held by a cloche trimmed with lilies of the valley, and she carried a prayer book topped with a white orchid and streamers of satin tied with tiny rosebuds.

The bridal attendants were Rosemary Kominek, honor maid for her sister, Geraldine Way, sister of the bridegroom, and Kathleen Geary, bridesmaids. They were gowned in identical delphinium-blue dresses, the bouffant skirts of tiered net topped by lace bodices. They carried colonial bouquets of carnations and roses.

John was attended by his four brothers, Thomas, who was best man, and Richard of Manchester, Dr. Kenneth Way of Marshall, Mich., and Robert of Dearborn.

A reception followed at Flint. Scotts House. Assisting were Irma Chenot, Lucille Collison, Noreen Callahan, from Chicago, and Ann Keough of Emmett, Mich.

When the couple departed for Eastern Canada, the bride was attired in a light blue wool suit trimmed in white, pique, her cloche trimmed in rhinestones and wearing navy accessories.

Mrs. Way is a graduate of Marygrove College and has been on the staff at Oak Street School. In September she will teach in Jackson where they will make their home. The bride is a member of Kappa Gamma Tau of Flint. Mr. Way attended the University of Western Ontario and spent two years in the Army, one year in Korea.

He is the son of Mr. and Mrs. Orville Way of Manchester and she is the daughter of Mr. and Mrs. Steve Kominek of Flint.

OES Enjoys Picnic

Mrs. George Johnston was the general chairman for the Order of Eastern Star potluck dinner held at Carr Park last Tuesday. The affair was well attended.

Mrs. Jean Wheeler and Mrs. Willard Mann were in charge of the children's games.

A new light bulb designed for killing insects has recessed pockets to hold insecticide. The insecticide vaporizes when the bulb gets hot, and kills insects which fly around the light.

Playgrounds Tour Willow Run Airport

Patterson To Head Sportsman's Club

A Sportsman's Club has been organized at Manchester when interested persons met at the council rooms to elect officers. President of the group is Pat Patterson, who owns Pat's Sporting Goods Store here. Gaylord Knauss is vice president; Lawrence DeVerna, secretary; Harold Dresch, treasurer.

On the board of trustees are Roy Horner, Delbert Talman, Edwin Blumencauer, Roland Widmayer, Walter Troitz, all of Manchester, and Walter Kies of Norwell.

This is the first attempt to organize a sportsman's club in this area and the seventy-four members represent a very large area. One of the members is from Detroit. According to the officers, both men and women are welcome to join and interested persons need not be living in the immediate area to be eligible to join.

A picnic lunch was held at the Recreation Park in Ypsilanti on the way home to climax a full day of exciting experiences. Mrs. Peters and Mr. Soltan would like to thank Mrs. H. B. Altenbernt, Mrs. Eugene Huber, Mrs. Clarence Schaible, Mrs. George Swank, and Mrs. Alfred Strang for the fine job of assisting. The bus drivers were Mr. Russ Widmayer and Mr. Elwood Pniowski.

On Monday of this week 26 boys and girls from senior playground rode to Wampers Lake, and back on bikes. Broken chains, broken spokes, and other minor repairs did not dampen the spirits of the riders who I (Coach Soltan) am sure did not need much persuasion to go to sleep that night.

No personal injuries occurred luckily enough even though the trip covered over 25 miles of hills, gravel, detours around downed trees and hot asphalt highways—but not a broken spirit in the bunch although some were on the way to being badly bent as the heavy souls pedaled their way back into town at 5:30 p. m.

This is the last week of playground—which means of course, the last week of swimming as well. Swimming tests in both beginners and intermediate classes will be given Wednesday and Thursday of this week and those wanting their Red Cross certificates for their class should make every effort to be there to take their respective tests. Bon voyage!

The first mass will be celebrated at 10 a. m. Sunday, August 9, in the New St. Andrew's Catholic Mission Church now hearing completion. Formal dedication will be held this fall.

The Rev. Leon O. Kennedy, pastor of St. Francis Catholic church of Ann Arbor, is in charge of the mission development and will celebrate the first mass there.

The new building is located on a five-acre plot on Monroe Street, opposite Oakwood Cemetery.

Designed in contemporary style, it is constructed of cinder blocks with brick face. The auditorium will seat about 160 persons. The building also contains a vestibule and baby room on the main floor and a kitchen and social hall in the basement.

Interior trimming and landscaping are now being completed. Walter T. Amicks of Ann Arbor is the architect and Bridgewater Lumber Co. of Bridgewater, the contractor. Mission services have been held at the Valentine School. The final one will be held there at 10 a. m. tomorrow.

Betty Ernst Receives Award From Foote Hospital Alumni

Betty Ernst has received the highest award for achievement in theory and practice from the W. A. Foote Memorial Alumni Association. She received twenty-five dollars for the award.

Mr. and Mrs. Ernst took Betty and Donna Voorhes of Clayton to the Children's Hospital in Detroit for training in children's diseases. Ruth Wahr also entered the Children's Hospital at Detroit for the special training.

Duane Ernst, Seaman, returned to Philadelphia, Pa., Naval Yard after a ten-day furlough with his parents.

Doris E. V. natter, Ruth Wahr, and Betty Ernst attended graduation for the class of 1953 from Foote Hospital on Sunday.

"Stop praising a woman and she thinks you don't love her anymore; keep it up and she'll think she's too good for you."

Attend Birthday Party

Mr. and Mrs. Charles Walts and Mr. and Mrs. Paul Feldkamp attended a birthday party Sunday at the cottage of Willard Reser at Wampers Lake in honor of the 83rd birthday of William Alber of San Francisco. This was also a farewell for Mr. Alber as he left Wednesday after having spent three months in this vicinity, Albion, Jackson, and Detroit.

Other guests were present from Clinton, Ann Arbor, Jackson, Albion, Grosse Pointe Farms, Lodi township and Bridgewater.

The party also honored James Schillenger, who is serving with the United States Navy in Japan. He arrived by plane Thursday on a thirty-day furlough with his parents, Mr. and Mrs. Ermine Schillenger, in Ann Arbor.

Open House

At Pool's TV

Pool's Radio and T. V., 107 E. Michigan Avenue, Saline, will hold an open house Saturday, August 8, between 9 a. m. and 10 p. m. The company is holding the open house because it has just been appointed dealer in this vicinity for Norge Home appliances.

Pool's Radio and T. V. will now handle Norge refrigerators, freezers, washers, dryers, ranges and water heaters.

A factory representative will attend the open house to demonstrate the time automatic washer and dryer. Flowers for the ladies and favors for children will be presented.

Finance Program For Dairy Farmers

Michigan dairy farmers faced with the depressing surplus of dairy products and a mandate from the secretary of agriculture, Ezra Taft Benson, to "get our house in order," took action at the Board of Directors meeting of the American Dairy Association of Michigan at Kellogg Center, East Lansing, to approve the principle of the year-around set-aside to

finance the advertising, merchandising, research and public relations program for dairy products, secretary-manager.

The year-around set-aside of two cents per hundred pounds of milk or one-half cent per pound butterfat was recommended to the state units by the National Association at their annual meeting in Chicago in March of this year. At the present time seven states, Alabama, Colorado, Michigan, Minnesota, Washington, Wisconsin and Wyoming, representing

29.5 per cent of the total United States production, have endorsed, in principle, the year-around program. Colorado and Wyoming start the year-around set-aside program August 1, 1953. It was agreed that the expanded set-aside program become operative when 60 per cent of the milk by states or 25 state units endorse the program. A resolution passed by the Michigan Board provides that when producer and producer

organizations in Michigan go on record in adequate numbers so that the Board of Directors are convinced that enough Michigan dairy farmers are favorable to the program so that sufficient participation will be secured, then the year-around program will go into effect, provided, of course, there is approval in states handling 60 per cent of the national production.

Plans are under way, stated Mr. Stone, to organize district and

county units in the state so that dairy farmers can become more familiar with the advertising, merchandising, research, publicity and public relations program for dairy products.

By expanding our self-help program, stated Mr. Stone, and by establishing communication lines from the industry to the consumer, we hope to keep dairy consumption increasing. This will make the industry less dependent on the price support program and should take a big bite out of the government store of dairy products.

Panel At MSC Probes Rural School Problem

Among the major problems faced by rural school districts in Michigan today are those of finances, "equalizing" rural school programs and opportunities with those of urban schools, and the issue of annexation.

The school matters were discussed by a panel of school authorities during the annual Forum on State and Local Government held at Michigan State College.

"Some of the best education programs and some of the poorest" are to be found in Michigan, according to Frank Killian of the department of psychology and education at Central Michigan College of Education. "Financial needs are only a part of the picture," he said.

Killian described as a major problem the "equalizing" of rural and city education programs. "The children (in rural areas)," he said, "are definitely handicapped in matching the quality of work done in urban schools."

In discussing whether annexation and consolidation of schools would be an answer to the problem, Clyde M. Campbell, head of the M. S. C. department of educational administration and supervision, said it is difficult to have rural areas give up any schools. "They want to hold on to them and they say it would hurt their communities in many ways if their schools were closed," he said.

Two officials of the department of public instruction revealed there are 928 closed school districts within the state which have 2,984 school board members who have no duties to perform because the districts which they represent are not in operation.

C. L. Taylor, state superintendent of public instruction, said the board members in the closed districts are receiving a total of approximately \$75,000 a year, but have no duties to perform. He described this as "unnecessary" and added: "We must look for changes. If a school is closed, we don't want people to have the feeling they are giving up a school, but that they are becoming a part of something better."

Roland Strolle, chief of school facilities and area studies in the state department of public instruction, added that people in rural areas also are reluctant to lose operation of a school "because they feel they would lose control of a local unit of their government."

On the subject of finances, Taylor said some districts in Michigan are receiving as much as 95 per cent of operating funds from the state. "Some areas have

a very low assessed valuation, but they have students. They are children of Michigan and state law provides that regardless of location, they are entitled to an education," he said.

C. E. McDonald, superintendent of East Lansing schools, said he favors "the bringing up of assessments to meet the demands" of

schools. "Some districts are already up to their mill limit because of low assessed valuations," he said.

Strolle warned against schools becoming too large. "When the student and teachers lose the 'family' feeling and no longer have a feeling of unity, the school has become too large," he said.

POLIO PRECAUTIONS

Gamma Globulin—obtained from human blood—gives protection for a few weeks. However, it is in VERY SHORT SUPPLY.

A vaccine is not ready for 1953. But there is hope for the future.

Meanwhile—when polio is around—follow these PRECAUTIONS.

DON'T mix with new groups

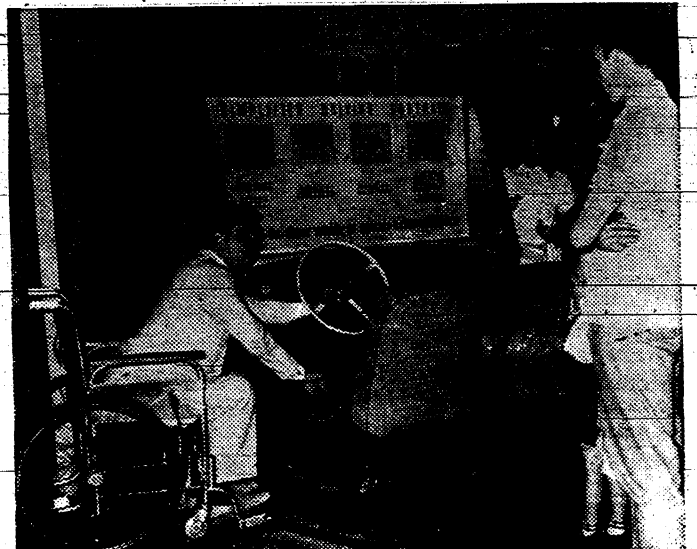

DON'T get overtired

DON'T get chilled

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

DRIVING MADE EASY FOR HANDICAPPED

Meet a star sales engineer with Chrysler Corporation's "New Worlds in Motion" styling and engineering show. He is R. F. Fournier of Omaha, Nebraska, who was struck down by polio in 1952. A year later he took a daily four-hour turn as a demonstrator explaining to large audiences how Plymouth's simplified driving controls for handicapped people actually operate. The Plymouth device is available at all Chrysler, Dodge, De Soto and Plymouth dealerships. It is easily installed and enables handicapped persons to drive safely with manual controls. Fournier joined the show when it played Omaha recently. The temporary job marked a big step forward in his rehabilitation, while the driving kit he demonstrated holds hope for many handicapped persons.

chairman. Mrs. J. W. Dieckelhouse, Mrs. Laurel Breitenwischer and Mrs. Emma Scheid.
Picnic Committee: Mrs. Albert Feldkamp, chairman, Mrs. Laurence Bower, Mrs. Fred Lambright.

MYF Holds Picnic

The Methodist Youth Fellowship held a picnic at the home of Mr. and Mrs. James Cathey at Pleasant Lake on Sunday afternoon. Counselors of the group are Mrs. John Pippenger and Mr. and Mrs. J. C. Cathey. After swimming and some water games they enjoyed hot dogs and pop. Before leaving the lake, Rev. Bergman led the group in outdoor devotions.
Another picnic is planned to be held at the Judson Collins Camp is owned by the Methodist church Detroit Conference.

Adventists Hold Camp Meeting

The 85th annual Michigan Campmeeting sponsored by the Seventh-day-Adventist Church is scheduled to be held August 6-15 at the Michigan Camp site, near Jackson, Mich. The 157 Adventist congregations will be represented and it is expected that week end attendance will approach 12,000.
The commencing historic method of religious convention, holds special significance to Michigan Adventists for it was near Coopersville that the first such meet was conducted in the history of the church in the year 1868.
Dr. G. E. Hutches of Lansing, president of the Michigan Conference of Seventh-Day Adventists, is in charge of the Camp Program and superintendent for the construction and care of the camp is Rev. A. R. Mohr of Escanaba.

Men Find Peace When They Find Father

A FATHER says to his child: "If ever you are in trouble, come to me." Each of us has the same invitation from God: "Cry to Me and I will hear you" (Jeremias 33:3). He, the great God, will pay attention whenever we speak to Him.

When a man looks at his child he sees a reflection of himself. He loves his child and wants his child to love him; he watches over his child, and takes care of his child. According to Jesus, our Heavenly Father does all this for each one of us. "If you then being evil, know how to give good gifts to your children: how much more will your Father, who is in Heaven, give good things to them that ask Him?" When God looks at us, His children, He sees a reflection of the Divine Image in which He made each of us. He hungers for each of us to love Him.

WHEN ONE of us suffers, God is moved. More than any earthly father, He is grieved when we depart from Him; He is full of joy and tenderness when we return to Him; and He can do anything that we ask of Him.
In trouble, therefore, turn to God. There is no peace in life or death except the peace that is in Him alone. That peace renders us equal to the greatest trials of mind or body; that peace brings joy into our hearts. But there is only one

way His peace may be obtained. That way is by praying for it.

THE SCIENTIST, Dr. Camel, says of prayer that it "fits men above the mental stature which belongs to them by their heredity and their education."

This contact with God impregnates men with peace. Peace radiates from them; they carry peace wherever they go.

"Ask, and it shall be given to you; seek, and you shall find; knock, and it shall be opened to you." For God became Man at Bethlehem, and His face was not vengeful, but full of kindness.
It was to rescue sinners, not to condemn them, that Jesus lived and died. To rescue sinners He suffered a violent death on the Cross. In His death He revealed His boundless love for men: "Father, forgive them; for they know not what they do."

God loves us, and asks for our love in return. He holds out His hand to us and says, "Come to Me, all you that labor and are burdened, and I will refresh you."

THEN WHO, wanting God, should hesitate to approach Him? Speak to Him; pray to Him. He will listen! He will reassure you as He did the disciples in Galilee: "It is I; be not afraid."—(By Rev. Patrick Peyton.)

† Paulist Picture Service, Washington 17, D. C.

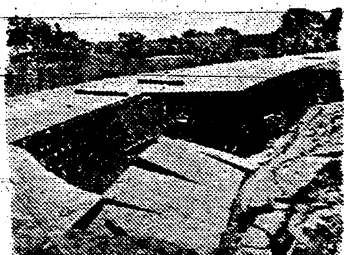

(No. 10 of a series)

You Judge a road by its smoothness, its appearance, its safety. That's natural, because you can't get down underneath it and study the foundation, which is the really important part of any highway.

If You Could study the foundation, you'd be more aware of the fact that the surface is only a small part of a highway. Like the roof over a house, the surface of the road must be supported by a strong foundation. If that is properly built, the surface needs only occasional repairs to remain always new.

Freezing and Thawing... rain, snow, the blazing sun... these wear away the solid rock of mountains. The highways built by man will, in the same way, be affected by time and weather. How well they will resist depends on how well they are constructed and protected.

It is Not Uncommon, like in the picture above, for a newly constructed road to crack up, buckle or heave or, in some cases, to collapse entirely before it has even been opened to traffic! This is because of faulty construction, of course.

One Thing we know about roads is this: Boulevard pavements that never feel the tire of a truck wear out at just about the same rate as paving on streets and highways handling the heaviest traffic.

A Reasonable life expectancy for a well-made, well-drained and well-graded highway is about 20 years. But you only get that when you maintain an efficient program of inspection and repairing.

So Don't blame traffic when you see a road break up or break down. A highway that cannot stand steady usage by not only a normal stream of passenger cars, but of heavy trucks and trailers as well, is not correctly built in the first place.

Boy operators manned the switchboard when Michigan's first telephone exchange was opened 75-years ago this month. There were no telephone numbers then. The boy "Centrals" had to memorize the names of subscribers and the location of their lines on the first crude switchboard.

LOCAL BRIEFS

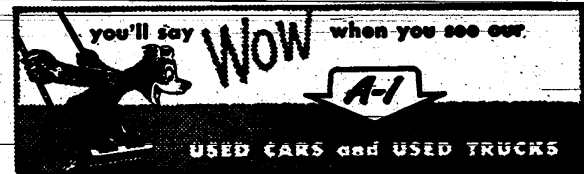

Friends here will be interested to learn that Mary Jo Seckinger, daughter of Mr. and Mrs. Joe Seckinger of Clark's Lake, formerly of Manchester, graduated from Mercy School of Nursing at Jackson on Sunday.

Mr. and Mrs. John Lindbert of Jackson entertained Mr. and Mrs. Clarence Lindbert at dinner Tuesday evening in honor of their son Mike and their daughter Diana, whose birthdays occurred July 28 and July 29 respectively.

Mr. and Mrs. Edward Steele, jr., attended the American Legion Convention in Detroit last week. Mrs. Steele was a delegate from the Legion Auxiliary.

Mr. and Mrs. Ray Carrol of Schenectady, N. Y., who have been spending a week with her sister and husband, Mr. and Mrs. R. C. Kerr, left for home on Monday.

A family gathering and potluck dinner was held Sunday at the home of Mrs. John Schneider and daughters. Guests were from Lincoln Park, Jackson, Ferndale, Seline, Clinton and Rogers Corners.

Michigan Bell Celebrates Diamond Jubilee

Seventy-five years ago this month Michigan's first telephone exchange was opened for business with 53 subscribers in Detroit.

Now, three-quarters of a century later, the Michigan Bell Telephone Company is marking its Diamond Jubilee, serving over 2,000,000 in its territory throughout the state.

According to N. J. Prakken, manager here for the company, Manchester's first exchange was installed in 1884 in the Blosser Printing Shop with ten subscribers.

Service was crude compared with that of today. At first, wires were strung from most any convenient spot above ground. Roofs of buildings and tall trees were made use of, instead of poles. There were frequent interruptions in service and it was almost as easy to open the window and shout to your party as it was to attempt to talk to him over the telephone.

The telephone continued to grow with the community and to have a part in the growth of Manchester. Since the time of the first local exchange, the system has, of course, been completely rebuilt and more facilities added from time to time.

Dial telephone service came to Manchester in 1940.

Eighth Annual Gladiolus Show at A.A.

With the cooperation of the Erwin Prieskorn Post No. 46 of Ann Arbor, the Michigan Gladiolus Society will hold their Eighth Annual Regional Show at the American Legion auditorium, 1025 South Main Street, Sunday and Monday, August 9th and 10th.

One of the features of the show is the artistic arrangement section. Gladiolus of various sizes and colors will be available, free, for most of the arrangement classes. While gladiolus must predominate in all arrangements, other flowers, foliage and accessories are permitted, and along with the container, must be furnished by the one making the arrangement.

Class 1—Arrangement of gladiolus in metal container. Height 30 inches or less.

Class 2—Arrangement of gladiolus tips.

Class 3—Arrangement for dinner or tea table.

Class 4—Corsages of gladiolus.

Class 5—Arrangement of miniature and/or small gladiolus.

Class 6—Arrangement of gladiolus with fruit, or vegetables on a tray or low container.

Class 7—Arrangement of gladiolus featuring driftwood, stump or branches.

Class 8—Arrangement for buffet table.

Class 9—Arrangement to represent any month of the year. Card to indicate month to be attached to entry.

Class 10—Arrangement for a church altar.

Class 11—Basket or container arrangement of gladiolus not to exceed 25 spikes of one variety or mixed gladi.

All exhibits must be in place by 11:00 a. m., August 9th.

The committee, consisting of Mrs. Russell Everhart, Mrs. N. O. Fairchild, Mrs. Kendall B. May, Mrs. A. I. Rush, and Mrs. M. O. Maynard, all of Ann Arbor, urge those interested in making arrangements to enter one or all of the classes. The committee will be on hand Sunday morning, August 9th, to answer your questions. Mrs. John Wallace Jr.

GLADIOLUS SHOW

(Continued from page 4)
First, second and third prizes will be awarded in the various classes where the arrangement show adequate merit.

Further, any grower of gladiolus is urged to bring his name variety spikes of various sizes and colors for entry in the several classes:

One spike open class.
Three spike open class.
Recent Introduction Class.
Seedlings.
First, second and third prizes will be awarded in the various size and color classes when they merit the award.

Further information may be had by writing or phoning any one of the following:

Russell Everhart, 1515 N. Territorial Rd.; George Needham, Saline; Zech Holmes, Plymouth; or Mrs. Steven Kuchta, Belleville. They also will be on hand the morning of the show to help you.

The show is open to the public Sunday 2:30 p. m.—9 p. m., and Monday, 11:30 a. m.—8:30 p. m., and no admission charge will be made.

All flower lovers are invited to enter Ford arrangements, or their gladiolus, at the show.

Vet's Insurance

Every man who runs with GI insurance in force will be able to apply to Veterans Administration for renewal of their policy for another 5-year term before their old policy expires.

VA said it will do this for them automatically if their old policy is not lapsed at the expiration of the term period. This means the policy must be in force at the end of the term period with the final premium having been timely paid.

The new procedure went into effect July 23, 1953, when the President signed Public Law 148. It will save at least \$600,000 a year in administrative costs. The new law covers only those term policies that expire on or after July 23, 1953. VA said it cannot be applied retroactively to term policies which expired before that date.

Although the law also provides automatic renewal for the more recent post-Korea term policies, none of these is scheduled to expire during fiscal year 1954 because they have not been in force long enough.

Great revolutions are the work of armies rather than bayonets, and are achieved first in the moral, and afterwards in the material sphere.—Mazzini

FLOOR COVERINGS

Ford brings you fine-car Power Steering at a new low price!

Now you can have America's newest, most improved power steering—Ford Master-Guide—for '40 less than any other power steering in the low-price field.

Yes, you're reading right! Ford has added a brand new "Worth More" to its long list of fine-car features . . . Ford Master-Guide—the newest and finest in power steering . . . a system exclusive in Ford's field!

You're going to love this new kind of steering! A finger turns the wheel even when the

car's standing still. Imagine how helpful this can be whenever you're tightly parked! Yet on the road Ford Master-Guide, unlike some systems, gives you the same natural "feel" you'd have without power steering. Master-Guide is safer, too. It takes hold only when needed. Try Ford Master-Guide today!

Handling and parking's a pushover! With the car standing still, you can "dial" the steering wheel with one finger . . . Master-Guide supplies the "muscle" for you! Of course, Fords have always been easy to handle, steer and park. But with Master-Guide "muscling in" when you need it, you use up to 75% less effort!

See it . . . Value Check it . . . Test Drive it today!

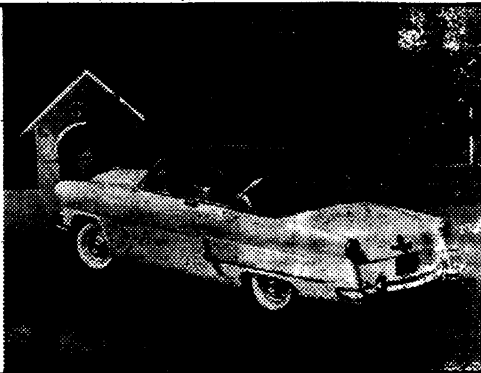

NO RADICAL CHANGE IN DRIVING HABITS

You get the same kind of "feel" you get with ordinary steering systems, so there's no need to learn how to drive all over again with Ford Master-Guide. This natural feel comes mainly from having the force applied close to the front wheels. Steering ratio doesn't change; you always have complete control!

SO SIMPLE . . .

Master-Guide lets you turn with ease, steer as you're used to! Driving on "shoulders" and rutted roads is even safer. And should the hydraulic system ever lose its power (which is highly unlikely due to Ford's simple design), the conventional steering system remains operative as in cars without power steering.

LEGAL NOTICE

STATE OF MICHIGAN

No. 40
THE PROBATE COURT
FOR THE COUNTY OF
WASHTENAW

At a session of said Court, held at the Probate Office in the City of Ann Arbor in said County, on the 24th day of July A. D. 1953 Present, Honorable JAY H. PAYNE, Judge of Probate.

In the Matter of the Estate of Barbere Farris, Deceased.
It appearing to the Court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court; and that the legal heirs of said deceased entitled to inherit the estate of which said deceased died seized should be adjudicated and determined.

It is Ordered, that all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court at said Probate Office, and to serve a copy hereof either by registered mail or by personal service upon James C. Hendley, the fiduciary of said estate whose address is 104 Adrian Street, Manchester, Street, Manchester, Michigan, on or before the 30th day of September A. D. 1953, at 10:00 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased and for the adjudication and determination of the heirs at law of said deceased at the time of his death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Manchester Enterprise a newspaper printed and circulated in said County.

JAY H. PAYNE
Judge of Probate

A true copy.
WILLIAM R. STAGG,
Register of Probate.
8-13

RESOLUTION

Moved by Commissioner Frisinger, supported by Commissioner Hendley that the following resolution be passed.

Whereas, this Board has received a petition from seven or more freeholders of the Township of Manchester for the absolute abandonment and discontinuance of a public highway running north through the center of Section 16 Manchester Township Washtenaw County, and

Whereas, pursuant to said petition and in accordance with the provisions of Section 18, Chapter 4 of Act 283 of the Public Acts of the State of Michigan for the year 1909 and amendments thereto, this Board did resolve that a hearing be held on said petition on the 3rd day of July A. D. 1953 at 10:00 o'clock a. m. at their office, 415 W. Washington St., Ann Arbor, Michigan to determine the necessity or advisability of abandonment and discontinuance of the above stated road, and

Whereas, pursuant to the above mentioned statute this Board did, as appears by affidavits on file, cause a notice of said hearing to be served upon all owners of land adjoining said road, and posted in three public places in said township, and published in a newspaper having circulation in this area, and

Whereas, said hearing was held at the time and place appointed by said Resolution and at said meeting full opportunity was given to all persons interested, to be heard with reference to the complete abandoning and discontinuance of said road, and

Whereas, it appears from said hearing and view of the premises that it is in the best interest of the public that said road be absolutely abandoned and discontinued.

Now Therefore Be it Resolved, that the aforesaid road running north from the North Right of Way line of Marble road to the South Right of Way line of the Herman road, through the center of Section 16 Manchester Township Washtenaw County Michigan, be and same is hereby absolutely abandoned and discontinued as a public highway, and

Be It Further Resolved, that Notice of this Determination be given by the clerk to the proper highway authority of the Township in which the above road is located; to the State Highway Commissioner; The Auditor General of Michigan and that such Notice shall be published in the Manchester Enterprise, a newspaper published and circulating in said county of Washtenaw, once each week for three successive weeks.

Yeas: Commissioners Frisinger and Hendley.

Nays: None.

Absent: Commissioner Koch.

Clerk: H. G. Minier.

A true copy.

Dated July 17, 1953.

Michigan Bell Asks Pay Hike

The Michigan Bell Telephone Company rate case before the Public Service Commission is in indefinite recess after week-long hearings highlighted by the company's appeal for recognition of its "real costs" of doing business.

Michigan Bell seeks a general rate increase averaging 3 cents a day per telephone with residence users asked to pay only 2½ cents daily per telephone on the average.

Company witnesses hammered home the contention that regulation should take into account that the dollar of today is worth only half that of pre-inflation times and the effect of this change on costs of doing business.

Clifton W. Phalen, Michigan Bell president, keynoted the company's case with testimony that

"the only reason we are here is to make sure we can continue to give good service and meet expanding needs."

"There can be no other reason. We don't pay bonuses. We don't get any melons. Our dividend policy has been conservative. We have no reason to ask for excessive earnings."

"Like it or not, the general price level of today is here to stay, Dr. Paul W. McCracken, professor of business conditions at the University of Michigan, testified.

In support of his contention, he said expansion in the money supply is largely permanent, wages will rise at least as fast as productivity, and public policy will not tolerate the unemployment that deflation would bring about. To reduce prices to their pre-war level, he said, would put 30 million people out of work.

Dr. William A. Paton, professor of accounting and economics at the University of Michigan, said Michigan Bell's "real costs" are understated and its "real earnings" are overstated because standard accounting procedures do not give proper recognition to the cheapened value of today's dollar.

Paton said he recognized "the validity of standard accounting records used by and prescribed for the company," but emphasized that they needed interpretation for regulatory purposes. He recommended supplementary statements to reflect "real costs" in line with the current value of the dollar.

Company witnesses said that rate increases have not depressed the demand for telephone service, citing the waiting list for new and higher grades of service.

Ferry B. Allen, assistant comptroller, said the cost of money to the Bell System is at least 7½ per cent and urged a return for Michigan Bell somewhat higher.

Several motions to rule out company testimony by counsel representing four intervenors were denied by the Commission.

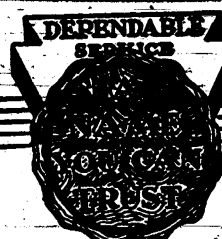

The Commission will set the date later for resumption of hearings. Michigan Bell suggested mid-September but intervenors asked for 60 to 90 days time.

The happiest person in this community is probably the one who has helped the most people, in one way or another.

Have your cow barn sprayed with carbola — The disinfecting white paint. It will control flies and spiders.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrill-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate
all the advantages
of buying a Chevrolet now!

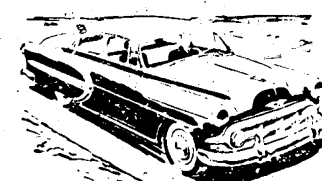

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

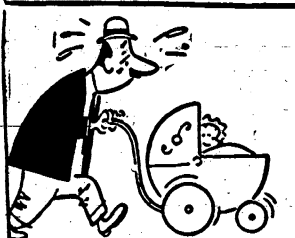

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response —right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

Overseas Postage

Skyrockets From 1950 to Aug. 1952

Carl Wuerthner has made a three-month tour of Europe in the fall of 1949 at which time he spent 34 days in Germany and found conditions appalling and the people in want. Displaced persons were in various parts he visited. Two wars and the issuing of new currency in the ten year period caused many to lose all they had, causing many hardships.

Upon his return to America he was inspired to assist in some way and appealed for cast-off clothing, shoes, etc. This he did by giving talks in various parts of the state. In churches, service clubs and fraternal societies.

He gathered and sent without financial help 192 parcels from February 1, 1950. Each parcel averaged twenty pounds and they were sent to orphanages, schools and private homes in Germany. The postage in 1950 was seven cents a pound. Then in 1951 it advanced to 14 cents a pound and on August 1, 1952, the price jumped to 45 cents for the first pound and 20 cents a pound thereafter, up to 44 pounds a package.

Last week Mr. Wuerthner says the last parcels will accept no further shipments unless part of the postage is advanced. Very little money was donated for postage of 27 that was sent.

Lamb Feeders Meet

Scheduled

According to a report from Dr. Johnson there will be a meeting of the Lamb Feeders at Michigan State College at the Livestock pavilion at 10 a. m. Tuesday, August 11. Lamb growers of this area are urged to attend. Special speakers at the affair will be four out-of-state men well versed in lamb marketing.

Cold Drinks Don't Cool You Off

You can't count on "cold" beverages to cool you off during the hot August days—they may have the opposite effect.

Nutritionists of the Michigan Department of Health advise that cold drinks such as lemonade, sodas, malted milks and so on may make you feel cooler temporarily but they ultimately increase metabolism and make you feel warmer than before you drank them.

The nutritionists also emphasize that a good diet is just as essential during the hot weather as it is in winter, and that often our caloric needs increase rather than decrease during a hot spell.

Don't let the zooming thermometer dictate your food intake. It's the energy you expend and not the temperature which determines the foods you need. Children, who usually become more active in summer and persons who go for outdoor sports may need more rather than fewer calories when the mercury climbs. Protein requirements remain fairly constant regardless of outside temperature.

Cool milk can be just as refreshing as other cool drinks and at the same time will supply valuable nutrients. Good hot weather meals should include at least a quart of milk daily for the youngsters and a pint for the grown-ups.

Hot weather meals should also include at least one serving of meat, fish or poultry daily, as well as an egg. Meals can be hot or cold as long as they include the needed nutrients, but planning for one hot dish may result in better planning for the rest of the meal. Plenty of fruits and vegetables, whole grain or enriched bread or cereal and butter or fortified margarine should be included daily in the hot-weather diet.

Favorite Recipes

From the land of the midnight sun comes the smorgasbord with all the Swedish delicacies that have made this lavish buffet-style of dining so popular with Americans. Smorgasbord had its origin in Viking feast days when guests came long distances and brought food with them. . . game from the forests, fish from the sea, cheeses and greens from the farms.

It is the most convenient of ways to serve a large party, and you can have a smorgasbord of your own with appetizers, salads and an important main dish. From the famous Stockholm Restaurant in Detroit comes an easy-to-prepare recipe for main-dish Swedish Meatballs. Sigga Sjogren, Detroit's international hostess, tells us this is "an original" she brought with her from her native Stockholm, Sweden.

Swedish Meatballs

1 1/2 Lb. Beef, ground
1 1/2 Lb. Veal, ground
1 Lb. Pork, ground
or 1 1/2 Lb. Beef, ground
1 1/2 Lb. Pork, ground
1 Cup Bread crumbs
1 Egg
2 tablespoons Onion, chopped
1 tablespoon Butter

1 1/2 teaspoons Salt
1/2 teaspoon White Pepper
To fry: 2-3 tablespoons butter
Gravy: pan juice
1 tablespoon Flour
1/4 cup Cream or Milk
Salt, White Pepper
Melt butter in skillet and sauté onion till golden. Soak bread crumbs in cream and water. Add meat, egg, onion, salt, pepper. Mix thoroughly till smooth. Shape into balls, using 2 tablespoons dipped in cold water. Fry in butter till evenly brown, shaking pan constantly. Remove each batch to saucepan and clear skillet with a little water, before starting next, saving pan juice. When all meatballs are fried, mix flour and cream, add to pan juice, stirring constantly. Simmer 10 minutes. Add more milk or cream if too thick. Season. Place meatballs in hot serving dish and pour gravy over.

Your family and friends will love this typically Swedish dessert as the grand finale to your smorgasbord dinner.

Swedish Applecake with Vanilla Sauce
1 1/2 cup, apple sauce
2 cups brown sugar
1/2 cup Sw. lard
4 tablespoons butter
1 cup apple sauce
Mix butter, skillet, add bread

crumbs and stir until evenly brown. Butter-baking dish well and arrange crumbs. Bake in moderate oven (375 degrees) 25-35 minutes. Cool before unmolding and serve with Vanilla Sauce, see below.

Vanilla Sauce

1 cup cream
3 egg yolks
2 tablespoons sugar
2 teaspoons vanilla extract
1/2 cup whipped cream
Beat egg yolks and sugar in top of double boiler. Add heated cream and cook until thick, stirring constantly. Remove from heat, add vanilla and cool, beating occasionally. When cold, fold in whipped cream carefully and serve.

SLEEPERS AWAKE by Science Features

According to an old joke, there was a man who snored so loudly that he kept himself awake at night. Actually, of course, snoring is no joke—at least to the person who must listen to it.

Snoring, some scientists think, is a matter of the vocal tract. In the past 25 years less than half a dozen scientific papers have been written on the subject, despite the fact that an estimated 19 million Americans shatter the silence of the night with their nocturnal wood-sawing.

How loud can a snorer snore? Professor Donald A. Laird, a College University psychologist, took audiometer readings of well-tuned snorers going at full blast and found that they registered a volume of sound equivalent to a noisy business office or a busy street. Other investigators have said that his findings were conservative. Generally speaking, snorers can be divided into two groups—those who snore because of an actual disturbance of the nose or throat, and those who snore . . . simply because they snore. Those of the first group can sometimes be successfully treated with minor surgery, antibiotics, or antihistamines, but the others are often beyond medical aid.

As for the person who suffers the most from this malady—he who must listen to the snorer snore—the best remedy is often a pair of ear plugs.

Mr. and Mrs. Vernon Dresselhouse and Joyce and his mother, Mrs. Sarah Dresselhouse, and Mrs. Arwin Beuerle visited Mr. and Mrs. Alvin Stokes at Mt. Vernon, Ohio, last week. Mrs. Sarah Dresselhouse and Mrs. Vernon Dresselhouse remained to spend the rest of the week.

Michigan Wool Grower's Picnic

The Michigan Wool Growers and Michigan Cooperative Wool Marketing association held their annual picnic at Big Portage Lake with a picnic dinner of which barbecued lamb was one of the main features. This was prepared under the direction of George Merriman, Paul F. Finnegan of Jackson who has been manager for the past eleven years, is leaving for Cheyenne, Wyoming. Selden Harvey of Milwaukee, Wisconsin will take Mr. Finnegan's place. Members were present from Ohio, Indiana, and a number of places in Michigan.

Rev. Adolph Bergman had for his Sunday dinner guests Arthur J. Cathey, director of the senior choir, and his brother, Owen Cathey, church school superintendent.

My Neighbors

Sportsmen in Caldwell, Idaho hope their conservation officer doesn't live up to his name—Les Trout.

A coast-to-coast salute to this state as one of America's most popular vacation areas is featured in the Fram Corporation's television show, "Vacationland America". The TV show stars John Cameron Swayze and his family (left to right) John Jr., Swayze, Mrs. Swayze and Suzanne. The show will be televised over one of the largest NBC-TV hookups in the U. S. and Canada, promoting the resort and tourist attractions of this area to millions of prospective visitors.

New 'Drive-In' Corn Picker

Corn picking takes on new convenience with the new Case "Drive-In" Corn Picker. Mounting or dismounting requires only a few minutes. The tractor is quickly freed for plowing, combining, beans, or other fall jobs.

The operator simply drives the tractor into the picker. As he does so, he engages the hydraulic lift arms and guides the picker drive shafts into sockets that connect with the power take-off drive. He does it without leaving the tractor seat.

Both the one-row and two-row models have this "drive-in" mounting. The two-row size has twin elevators with changeable driving sprockets to provide speeds that will drop ears in both front and rear of the wagon box for even loading. Handy controls give the driver complete command of picker and tractor, good visibility ahead and behind.
