Slout Players Show Coming Here

Monday, September 7th, marks this year's arrival of "Toby, Ora & Bill Slout Players Show"—the company will arrive on Sunday and start showing Monday night Sept. 7. Bringing the biggest and strongest show in years, Toby & Ora will have a big and outstanding show and vaudeville each night of the week. The opening play will be the hilarious comedy, "When Dreams Come True"—other plays to be presented on the week include "Why Husbands Worry?", "Little Brown Church in the Vale," "He Married the

Devil," "West of Amarillo" and "What's Your Daughter Doing?"

The vaudeville, which is very strong and plentiful this week, includes Jimmie Reynolds, dancer; Duke Montague, Magician; Gen and Audrey in songs and dances; Monte Montross in comedy numbers; the Hollywood Puppets; "Myrnelia" the mystery lady; Klink and his Orange and that dippy, dizzy duo Toby & Ora. Bill Slout has returned from New York to appear with the show this summer.

Season tickets may be secured Monday at the Box Office.

The box office opens nightly at 7:15 p. m. and the show starts at 8:00 promptly.

Charles Brown Honored On Birthday

At the close of the service at the Sharon E. U. B. Church on last Sunday morning was a recognition of the eighty-fifth birthday of one of the members, Mr. Charles Brown. He was called to the front of the church and received the congratulations of the people present. In the afternoon, open house was held in his honor at the home of his son, Mr. Harold Brown on Pleasant Lake Road. Mr. Brown holds seven attendance pins from the church in recognition of seven years of continuous attendance at church without missing a Sunday. However, this past year, because of ill health, Mr. Brown was unable to keep up the perfect attendance this past year.

Steer Club Exhibit and Sale At Fair

The Manchester Steer Club, which is sponsored by the local Exchange Club, is concluding their fourth year of activity with the exhibit and sale at the Community Fair.

The Exchange Club Committee in charge of this program is under the direction of Robert Hamilton, as chairman, Ed Galloway, Earl Koebe, and Thomas Walton. This committee has worked with a group of fathers of the Steer Club members which include Erwin Buss, Roland Guenther and Amos Curtis.

The 1953 group of steers came from Billings, Montana, and were purchased by the fathers committee. Upon their arrival in Manchester, the steers were tagged, weighed and assigned to each Steer Club member as their number was drawn by lot. Each member signed a note for the initial cost of their steer with the notes endorsed by the Exchange Club sponsors and handled by the Manchester Banks.

All profit on the individual steers goes to the Steer Club member. The program is sponsored by the Exchange Club to aid our local High School Agricultural Department in training students in proper record keeping and beef raising methods.

During the winter the Exchange Club enjoyed a tour by bus to the

School Calendar For Coming Season

Manchester School year Calendar has been outlined as follows by Supt. Fred Atkinson with the cooperation of the Manchester school board.

Classes will begin here on September 8th with one-half day classes. On September 17, 18, 19, there will be half-day classes in the mornings. This arrangement has been arrived at because of the Manchester Community Fair falling on these dates.

There will be no classes at the Manchester schools on October 8 and 9 because of the Michigan Education Association Conference at Ann Arbor. Teachers here will attend this conference.

Christmas vacation will be December 21 through January 1st for the entire school system. On January 29th there will be no classes as this date will mark the end of the First Semester.

February 1 will mark the start of the second semester of the current school year. The tentative date of the County Institute has been set for March 26. There will be no classes while the county institute is in progress.

Spring vacation will be April 12 to 16th. Graduation will take place on June 9, and there will be no classes on June 10. June 11 will mark the end of the school year with class picnics.

Many From Here At Farm Bureau Picnic

The Washtenaw County Farm Bureau picnic was held at the Huron-Dexter Park on Saturday and was well attended. Those from this area at the affair were Mr. and Mrs. Leslie Chavez and Grant and Gary, Mr. and Mrs. Alvin Beugler, Mr. and Mrs. Lowell Parr, Mr. and Mrs. Clayton Parr, Mr. and Mrs. Floyd Parr and family, Mr. and Mrs. Reno Feldkamp and family, Mr. and Mrs. Don Mackintosh and his brother, Bill, and Hiram Martin, Mrs. Roland Kothe and children, Mr. and Mrs. Marvin Kirk and family, Mr. and Mrs. Theodore Kuhl, Mr. and Mrs. Ray Johnson, Mr. and Mrs. William Tibb, Mr. and Mrs. Marvin Breitenwischer.

The potluck dinner at noon was accompanied by free pop and ice cream.

Sharon Farm Bureau

The Sharon Farm Bureau held a special meeting last Friday evening at the home of the president, Arton Feldkamp, with 18 present. In the absence of the discussion leader, Clyde Gieske, Laurel Bratenwischer led the discussion. The next meeting will be September 11 with the place to be named later.

Coming Events

The Women's Society of the Macon, Manchester, Milan, Napoleon, Salem Grove, North Lake, and Saline are invited to meet with the Methodist women in Clinton on Friday, October 2. Miss Edith Parks, a missionary from Africa, will speak at 7:30 p. m. At 6:30 p. m. all women will gather for a pot luck supper. Women who cannot attend the supper are urged to be present for Miss Park's message on missions, according to a report from Miss Hazel M. Way.

The North Sharon Extension club will hold its September meeting on Tuesday, September 15, at 1:30 p. m. at the home of Mrs. C. P. Alford. Members are asked to bring baked goods to the meeting to be auctioned at the meeting.

The annual meeting of the Band Boosters Club, featuring a pot luck supper has been postponed from September 14 to October 5, according to the president of the group, Richard A. Spafard.

The Young People's League of Emanuel Church will meet Thursday, September 10th, at 8:00 p. m. The election of officers will take place at the September meeting.

Registration for the kindergarten children will be held September 8th from 9:00 to 11:30 a. m. The parents have been urged to accompany the children to the school for their first enrollment. Kindergarten classes will start on Wednesday morning according to kindergarten teacher, Mrs. Susan Peters.

The O. E. S. will resume their meeting on Friday, September 4, at 8 p. m. All officers are urged to be present and attend the drill practice following the meeting.

The Royal Arch Masons will meet on Thursday, September 3, at 7:30 p. m. at the Masonic Hall for their meeting.

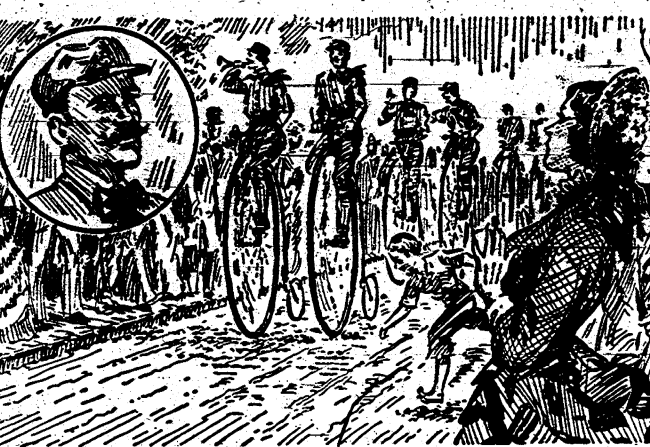

The Rowes Corners Extension will resume their year's activities on Wednesday evening, September 9, at 8 p. m., with the election of officers at the home of Mrs. Harold Steinaway. The refreshment committee includes Mrs. Marie Scheurer, Mrs. Glen Feldkamp, and Mrs. LeRoy Breitenwischer.

Judy Nichols Given Farewell Party

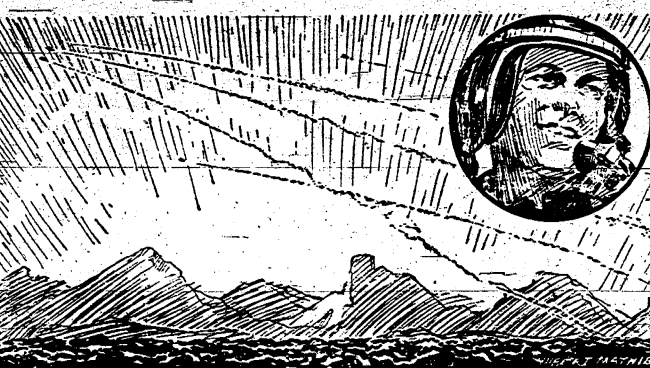

The junior department of the Methodist Sunday School held a farewell party on the church lawn Wednesday evening, August 26, for Judy Nichols, who, with her parents, Mr. and Mrs. George Nichols, have moved to Tecumseh. Mrs. Leslie Chavez, superintendent of the department and the teachers of the Sunday School had charge of the games and refreshments.

Judy was presented with a lovely gift in memory of the occasion.

OUR DEMOCRACY—by Mat

NOT TOO LONG AGO, WE MARVELLED AT THE DARING OF THE MEN WHO RISKED LIFE AND LIMB, PERCHED ON THE SADDLE OF A HIGH WHEELER. HERE WAS CONVINCING PROOF OF MAN'S MASTERY OF THE MACHINE.

TODAY, WE MARVEL AT THE DARING OF AMERICAN YOUTH FLYING JET AIRPLANES MILES ABOVE THE GROUND AT SPEEDS EXCEEDING THAT OF SOUND. SO HAVE MACHINES AND MAN'S MASTERY OF THEM PROGRESSED—ALL IN A LIFETIME.

A Thought for Labor Day

High productivity—which means high unit output per manhour—has made America the real workers' Paradise, and that's a Labor Day thought.

Productivity is the result of many factors. Among them are invention, capital investment, better machines, competition, good management, and of course the skill and cooperation of the labor force.

Productivity has tripled the actual buying power of a man's work since 1900. Economists say new machines, better buying methods and the loyal cooperation of employees will bring further increases.

That means more goods and lower prices—the same as an increase in wages. If all of us do what we can to speed the march of productivity, we can all have that wage increase—in real rewards.

Local News Briefly Told

Mr. and Mrs. R. C. Sortor and daughter, Mary Ellen, spent last week at Harrisville, Michigan, on Lake Huron. They were accompanied by his parents, Mr. and Mrs. R. G. Sortor of Stockbridge. The R. G. Sortors were former residents of Harrisville and this year the residents of that town are celebrating their centennial.

Mr. and Mrs. Burle Austin of Ypsilanti were guests of her father, the Carl Toburens.

Mr. and Mrs. Loren Troitz and Mr. and Mrs. Norman Fielder spent last week in Upper Michigan going as far as Munising where they saw the pictured rocks, the Taquamenon Falls. They called on the Douglas Vogels at Traverse City where Mr. Vogel has been stationed with the State Police Post for the past two years.

A note of interest is that Mr. Vogel is being moved from Traverse City to the Clinton Police Post.

Sunday guests of Mr. and Mrs. Frank S. Spafard and son were Mr. and Mrs. James Lattin of Toledo, Ohio, Mrs. C. V. Skinner and Mrs. Marion Lattin and son Francis of Toledo Beach, LaSalle, Michigan.

Mr. and Mrs. Elmer Paul and sons Richard and Robert, have returned home after several days vacation. They went by way of Port Huron, Blue Water Bridge, Niagara Falls and Buffalo, At Erie, Pennsylvania, they stopped to see the grape vineyards and the peach orchards, driving 760 miles before returning home.

Mr. and Mrs. Ira Kaupp and daughters were Sunday guests of Mrs. John Schneider and daughters.

Mrs. J. C. Cathey and Joyce and Owen and Miss Iva Nortley visited J. D. Lamb at the Tecumseh hospital on Friday evening, the occasion being Mr. Lamb's 76th birthday.

Mr. and Mrs. Harold Townsend and LeRoy, Ruth and Eileen returned home Sunday from a trip through Upper Michigan. While in the north the Townsends stayed with Mr. and Mrs. George Liptow at Indian Lake and from there visited many points of interest in Upper Michigan. They went to Big Springs, visited the locks at Sault Ste. Marie, and the upper and lower falls of the Tahquamenon river, and other points.

Mr. and Mrs. J. C. Hendley left Sunday for Mackinaw Island, where Mr. Hendley will attend the meetings of the county road commission. The last of the week Mr. and Mrs. Joseph Schwab will also be at the island with the Hendleys, attending the Municipal League convention.

Mr. and Mrs. Laurin Leeson and family left Tuesday for Hardwood Lake where they will spend through Labor Day at the F. Leeson cabin.

Mr. and Mrs. Ernest Frantz Mr. and Mrs. Voight Wilcox of Sunfield, Michigan, Mr. and Mrs. Clyde Stambaugh of Charlotte, Michigan, were recent visitors at the Evangelical United Brethren parsonage. Mrs. Frantz and Mrs. Wilcox are sisters of Mrs. J. A. Beardsley. Mrs. Stambaugh is a sister of Mr. Beardsley.

Rev. J. A. Beardsley attended the State Conference Council of Administration of his denomination at Lansing, Michigan, Tuesday.

All-time High Enrollment Expected at Local School

First Annual Ladies Tourney Held

The first annual 18-hole tournament was held by the out-of-borders ladies golf league at the Clark's Lake course on August 24. The season was closed with a costume party and picnic supper held at the club house.

At the picnic, the tournament prizes were awarded to the following: trophies for low net score, first, Mrs. Charles Knorpp; second, Mrs. Eugene Bentschneider; third, Mrs. Ted Roberts, and fourth, Mrs. James Baker.

Trophies for low gross score: first, Mrs. John Dunny, Jr.; second, Mrs. Russell Hosmer; third, Mrs. William Romelhardt; and fourth, Mrs. Lyle Widmayer.

Awards for perfect attendance were presented to Mrs. Charles Knorpp, Mrs. Duane Roller, Mrs. Hugh Marx and Mrs. Tom Cushman.

President Roberts presented Mrs. Margeson with a gift for helping to make the season successful.

The officers of the league were presented with gifts from the group by Mrs. John Dunny, Jr.

In the spring the new officers will be elected and plans organized for the new season.

Cpl. Bowers Spends Leave Here

Cpl. Warren Bowers, son of Mr. and Mrs. Gordon Bowers, who has been home on a thirty day leave after spending fifteen months in Korea, left August 29th for Sheridan, Illinois, where he will be stationed for the present.

On Sunday, August 23, Warren was guest of honor at a dinner given by his aunt and uncle, Mr. and Mrs. Clifford Powers of Quincy, Michigan. Out of state guests were from Cleveland and Van Wert, Ohio. Michigan guests were from Manchester, Jackson, Norwell, Walden, Oshtemo and Quincy.

Mr. and Mrs. Lawrence Bowers and daughters, Carolyn and Joyce, returned home Sunday after spending a week with his cousin, James Bowers of Quincy.

Mary Zelinski of Cleveland returned home Tuesday after spending several days with her uncle and aunt, Mr. and Mrs. Gordon Powers.

Mrs. Sophia Blatt and son and Clarence Hildebrand of Toledo, spent Tuesday with Mrs. Blatt's sister, Mrs. George Wurster.

Mr. and Mrs. Donald Deaver and daughter, Linda, of Jackson spent Friday with her mother, Mrs. Georgia Rager.

Mr. and Mrs. Elmer Below and children and Mr. and Mrs. Ernest Horning of Chelsea have returned home after a six day trip through the south, going through the Smoky mountains, they stopped at points of interest in Ohio, Kentucky, Virginia, and North and South Carolina. In Abbeyville, South Carolina, they were guests of Mr. Below's cousin, Mrs. W. R. Suber, and family.

The Misses Joan Kirk and Anna Mae Palmer have returned home after a three weeks trip through the west. Some of the interesting places they visited included Lake Arrowhead, California, Catalina Island, William Rogers Ranch, Knott's Berry Farm, Farmers Market, Griffith Observatory, Hollywood Bowl, China Town. They spent ten days at Los Angeles where they visited Anna Mae's sister, Arleen Palmer. On their return they came through the Painted Desert of Arizona, visited a buffalo ranch at Atton, Oklahoma, went through the Meramec Caverns, hide-out of Jesse James, and before leaving California, enjoyed a Spanish Festival at Santa Barbara.

Mr. and Mrs. Robert Kirk and family spent several days last week vacationing in northern Michigan. Among some of the places visited were the locks at Sault Ste. Marie, Mackinaw Island, and Traverse City.

The Howard Kimble family of Jackson, Mr. and Mrs. Robert Weisner of Michigan Center were Saturday evening guests of their mother, Mrs. Ralph Kimble.

Mr. and Mrs. John Bevier and family of Brooklyn spent Sunday with her parents, Mr. and Mrs. Lowell Parr. Linda and Doris remained for a few days vacation with their grandparents.

According to Manchester High School Principal, Robert Mastin, there is an expected enrollment of one hundred-eighty students in the upper four grades. This will be an all-time high, but he says, that it is contemplated that there will be a considerable increase in the coming years. The school has been completely redecorated and some new equipment purchased.

Several new courses have been introduced into the curriculum; General Business will be offered to the freshmen and upperclassmen who lack credits. German will be available for all upper classmen. Advanced mathematics will be available for juniors and seniors who are following the Academic course. Ninth grade Social Studies is being required of all freshmen. This consists of one semester of Civics and one semester of Guidance and High School Orientation.

All high school teachers are returning and will teach the same subjects with the exception of American Government which will be taught by Mr. Charles Mills; General Science, by Mr. Larry Soldan, and Mr. Carson Bennett, a new teacher, has been added to teach half-days. He will teach Chemistry and General Mathematics. Mrs. Hulda Martin will spend extra time in birthing the library up to date. Mr. Mastin will teach Sociology and one section of fifth grade Social Studies. Robert Wiehr will teach German.

Official registration will take place Tuesday morning. The buses will run in the morning and return at noon. Classes will meet Wednesday. Any new high school student who wishes to register early, may come to the office on Thursday or Friday of this week. Book lists and class schedules are available at the school.

Flora F. Root

Funeral services were held last Friday for Flora F. Root, aged 66, who died at Wayne General hospital after a long illness.

She was born on July 25, 1887, in Manchester, the daughter of Edwin E. and Frances Chase Root. A graduate of Manchester High School in the Class of '07 and of Michigan State College, Ypsilanti, she taught school in Dowagiac, River Rouge and Pontiac.

Rev. Adolph Bergman officiated at the funeral at the Jenter Funeral Home at 2:30 last Friday and burial took place at Oak Grove Cemetery.

She is survived by one brother, Bennett C. Root, of Manchester.

Service Notes

Pvt. Richard L. Kiss, son of Mr. and Mrs. Tibor Kiss, of Chelsea, Michigan, recently arrived in Germany for duty with the 43rd Infantry Division.

Now in southern Germany, the 43rd Infantry Division is constantly undergoing intensive field training and maneuvers as part of the North Atlantic Treaty Organization (NATO) defense force for Western Europe. A former New England National Guard unit the division arrived in Germany in October 1951.

Private Kiss, a former student at Canfield High School entered the Army in January and is now serving as a rifleman in Company L of the division's 102d Regiment.

Owen Cathey spent the week end in western Michigan at South Haven, Holland and Zeeland. He attended church services at the Methodist church at South Haven.

Rev. Karl H. A. Rest left Sunday afternoon to attend the convention of the International Platform Association at Lakeside, Ohio.

Mrs. N. E. Suter and Mrs. C. R. Hall of Detroit visited their brother and wife, Mr. and Mrs. G. H. Breitenwischer, on Sunday.

Mr. and Mrs. John Navrock have purchased the Conser home on English Rd., and her parents, Mr. and Mrs. Fred Delolph, are making their home there.

How To Grill Whole Fish

Any small fish may be used. Clean and dress the fish and place them on a barbecue grill. Sprinkle them with garlic salt and pepper. Place half a square of butter on each fish. Cook for 10 minutes over glowing coals. The grill itself should be about 3 inches from the hot coals. At the same time the fish is being barbecued, grill large onion slices with a slice of tomato atop each. Sprinkle with salt and pepper. Fillets grill well, too.

Harvest Moon To Herald Autumn's Arrival

A full harvest moon will herald the arrival of autumn at 3:07 a.m. September 23.

Then the sun will cross the equator on its way south, thus entering the autumnal equinox, indicates Miss Hazel M. Losh, associate professor of astronomy at the University of Michigan.

That day the sun will rise and set at exactly the east and west points, and the day and the night will be approximately equal. Precise computation, according to Professor Losh, shows that the daylight hours will exceed the hours of darkness by as much as eight minutes, and that the equal lengths of day and night will not show up until September 26.

The harvest moon doesn't always appear just before the coming of autumn, the astronomer points out. This full moon during some years may occur as much as two weeks on either side of the date of the equinox.

The peculiarity of this moon as distinguished from other full moons, besides its romantic connections, is that it rises quite early for several nights near the autumnal equinox, making evenings of unusually bright moonlight.

A constellation of interest during September is the Great Square of Pegasus, which is well placed in the eastern sky just after dark, Professor Losh states. The square is marked by four stars at equal distances apart.

The star at the northeastern corner of the square really belongs to the figure of Andromeda,

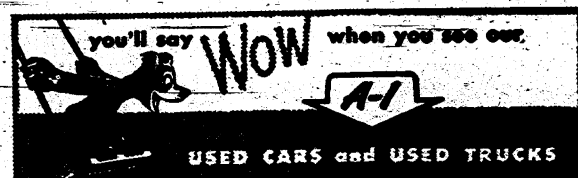

but conveniently occupies a position to complete the square. This star and three others in Andromeda form a line parallel to the eastern horizon as they rise.

Perhaps of most interest in Andromeda is the Great Nebula, which occurs above the third star in the row of Andromeda, the first being the star in the Pegasus Square.

Professor Losh says that photographs using huge telescopes give evidence that the Great Nebula is a universe similar to our own galaxy or Milky Way system and quite comparable in size, as a light filter—is said by its perhaps made-up of one hundred billion stars, interspersed with nebulous material and dust. It is the most distant object visible sharper.

Man-made fiber now accounts for more than one-fifth of all the fibers used in the United States, a newspaper survey reveals. At the same time, use of cotton has reached an all-time high, with 9,500,000 bales consumed in this country in 1952.

A new neutral tint television screen—neutral in color but acting as a light filter—is said by its manufacturer to improve the clarity of TV pictures, reduce the glare, and make the picture much sharper.

Mobile Blood Unit To Be Here September 15

HERE SEPT. 15

This is the first report to the people of Manchester Village and Manchester, Bridgewater, Freedom and Sharon Townships on the Manchester Red Cross Blood Bank. On February 2, 1953 the mobile blood unit drew 99 pints of blood from employees of the Ford Manchester Plant and Manchester residents. This blood was distributed as follows:

1. To the credit of the Manchester Blood Bank.....50 pints
2. To National Defense (Military).....20 pints
3. To Michigan Department of Health.....20 pints
4. For breakage, bad blood etc.....9 pints
- TOTAL.....99 pints

The Ford Manchester Plant Blood-Bank in turn had a credit with the Manchester Bank of 30 pints of blood.

During the period since the opening of the blood bank, blood has been supplied to Jacob Layer of Manchester at St. Joseph Hospital, Ann Arbor, 2 pints; Mary Dorr of Manchester at Mercy Hos-

pital, Jackson, 5 pints; Mildred Sager at Foote Hospital, Jackson, 3 pints; Emma Schied at Mercy Hospital, Jackson, 2 pints; Goldie Lamb at Mercy Hospital, Jackson, 3 pints; Lillian Ayres at Mercy Hospital, Jackson, 2 pints; Rodney Service at Mercy Hospital, Jackson, 2 pints; Mrs. Henry Stehway at St. Joseph Hospital, Ann Arbor, 1 pint; Leland Herman at University Hospital, Ann Arbor, 4 pints; and Emma Boomer at St. Joseph Hospital, Ann Arbor, 8 pints.

Eight pints of the blood used went to members of the Ford Bank so that at the present time the bank accounts are:

- Manchester Red Cross Blood Bank.....50 pints
- Ford Manchester Blood Bank (branch bank).....30 pints
- Blood used Feb. 2, 1953 to Aug. 25, 1953.....32 pints
- Blood on hand 8-25-53.....18 pints
- Ford Branch Bank blood credit.....22 pints

It is believed that the bank has filled a real need in our community. No longer is it necessary for families of the sick and wounded to frantically hunt out relatives and friends to replace the blood

used. The only charge to the people who received the blood was the small cost for shipping the blood from Detroit to Jackson and the charge made by the hospitals for administering it.

While there have been minor administrative difficulties encountered, by and large the bank operation has been simplicity itself. The patient's doctor or a relative who has ascertained the need, patient, hospital, and residence within the Village or Townships.

The director merely calls the County Red Cross at Ann Arbor. They, in turn, see that the blood is sent from the Detroit blood supply depot to the proper hospital to replace the blood already used from the hospital's supply. So remember if someone in your family needs blood call Stanton G. Roesch, Manchester District Red Cross Director.

Now our bank must be refilled. Our blood credit is becoming too small. Of course, we can borrow from the County Red Cross Blood Bank but it is better to have blood on deposit than to have to pay blood back after it is used. Just like our bank accounts, it is better not to borrow unless necessary. The mobile blood unit will be in Manchester September 15, 1953 at the Emmanuel Church Hall. The time will be announced in next week's paper. Remember when you are asked to donate blood on September 15, 1953, that someone close to you may be in need of blood sooner than you think.

By BILL PAULSON

"The government should take a lesson from us in budget balancing... Feed their Waldorf appetite in a lunch wagon!"

You Must Register To Make Wine

From the Office of E. C. Wright, Regional Commissioner Internal Revenue Service, Chicago, Ill. The grape season is at hand, and A. L. Durkin, Assistant Reg-

OUR DEMOCRACY — by Mat

A DAY FOR ALL AMERICANS

BECAUSE — WE HAVE FREEDOM OF CHOICE — THE OPPORTUNITY TO WORK AT A JOB OF OUR OWN CHOOSING, AND TO ADVANCE IN PROPORTION TO OUR OWN ABILITIES;

BECAUSE — WE LIVE IN A COUNTRY THAT ENCOURAGES THE WILL TO WORK AND TO ACHIEVE, THAT REGARDS AS VIRTUES SELF-RELIANCE, THRIFT, INITIATIVE AND INDEPENDENCE — AND SETS MUCH STORE ON INDIVIDUAL RESPONSIBILITY;

LABOR DAY SHOULD HAVE A SPECIAL SIGNIFICANCE FOR US — A FREE PEOPLE — WHOSE ACHIEVEMENTS, IN THE REALM OF THE SPIRIT, AS WELL AS IN MATERIAL GROWTH, REST SQUARELY ON RECOGNITION OF THE DIGNITY OF MAN.

ional Commissioner, Alcohol and Tobacco Tax, Chicago, warned prospective wine makers that although the head of a family is allowed to produce tax free as much as 200 gallons of wine per year for the use of his own family, he must first register on Form 1541 his intention to produce such wine with the Alcohol and Tobacco Tax, Internal Revenue Service.

Prospective wine makers residing in Michigan should secure Form 1541 from the Supervisor-in-Charge, Alcohol and Tobacco Tax,

Room 200 Buhl Building, Griswold and Congress Streets, Detroit 26, Michigan. Form 1541 must be made out in two copies and filed with the Supervisor-in-Charge five days before the production of wine is started. The Supervisor-in-Charge will assist applicants in preparing the required application on request. The authority granted by reason of filing Form 1541 is effective for one year only—July 1 to June 30—and a new form must be filed each year in which it is desired to produce

wine for family use.

Mr. Durkin stated that the exemption given under the Federal law for the production of tax-free wine is only for family use and does not apply to an unmarried person, unless he qualifies as the head of a family, or to a married man living apart from his family, or to the production of wine by corporations or partnerships for commercial purposes. Each year, Mr. Durkin pointed out, a number of persons who have made wine for family use are taxed at the regular rate, according to the alcoholic content, and face criminal prosecution for the reason that they fail to register their intention to produce wine for family use.

E. C. Wright, Regional Commissioner

a saving of \$8,400,000,000 in the current fiscal year.

Humphrey to Economize

Treasury officials admit that one month's operations are far from conclusive. However, Treasury Sec. Humphrey has said that he'll try to scrape by without running the national debt up to the legal limit of \$275,000,000,000 before next January. That means he'll have to trim Federal spending and probably will have to lower the government's cash balance below the level he'd like to maintain.

The amount of taxes the government receives in the July-September quarter will be of key importance in this fiscal set-up. The Treasury is said to expect around \$14,000,000,000 in those three months.

Revenue Level Factor

If the revenue falls below estimates, that will be a major factor in the Administration's decision on the question of calling a special session of Congress to consider raising the debt limit.

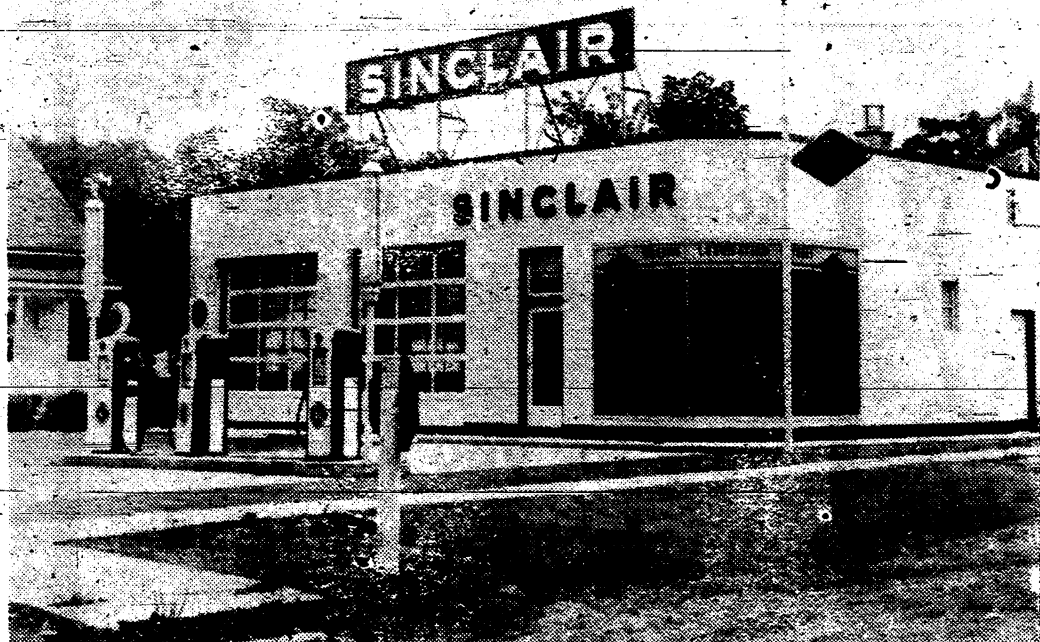

Those who have the time and money to be sinful can't afford to be caught at it.—Herald, Concrete, Washington.

HAVE YOU TRIED THIS BETTER BREAD

We Thank You

To all of the people of Manchester and surrounding area we extend our sincere appreciation and thanks for the fine response you have shown us and the warm welcome you have extended during our Grand Opening, Get Acquainted Days. We hope to continue our relationship and are here to serve you promptly, efficiently, and courteously.

LOCAL BRIEFS

Miss Anna Heimrodinger of Clinton visited Mr. and Mrs. Chris Heimrodinger on Wednesday afternoon.

Mr. and Mrs. Edward Dresselhouse have returned home after a delightful trip through lower Michigan. Some of the highlights included a boat trip from Mackinaw City, St. Ignace, on the new boat and visiting at Traverse City.

Mr. and Mrs. William Frey, jr. and Karen spent the week end touring lower Michigan. They called on Mrs. Clara Wagoner at a rest home near Pinconning, visited Mr. and Mrs. William Kennedy near Curran and the Oscar Shonshicks at Houghton Lake.

The Fay Evilsizers are vacationing in the northern part of the Lower and the Upper Peninsula this week.

Mr. and Mrs. Web Walworth spent last Wednesday at Napoleon where they visited her brother, Erwin Watts, and family.

Betty Ann Hughes, Eileen Kulenkamp and Pat Hewitt have returned from their vacation in New

York City. While there they visited friends at Bayonne Naval Base in New Jersey. They were present for the change of Captain's Ceremony which took place on Ship Bennington.

Born to Mr. and Mrs. Vern Kulenkamp a daughter, at the Tecumseh Hospital on Monday, August 24th.

Mrs. Velma Mayer, who has been visiting her son, Virgil Mayer and wife has returned to her home in Holgate, Ohio.

Mr. and Mrs. Addison Prout of Middle Belt Lake, came to attend the funeral of Elora Root and were accompanied home by Mrs. Prout's sister, Mrs. Martha DuBois, for a few days visit.

Peggy McKeever accompanied the Laurin Leeson family on a vacation in Northern Michigan.

Mr. and Mrs. Maynard Kidd drove to Owasco Monday morning where they attended the funeral of Mrs. John Wade, and also visited Mrs. Kidd's sister, Mrs. Will Wade, and husband. They returned home Tuesday by way of Dexter, where they called on Mr. and Mrs. A. F. Dettling.

Mrs. Mat Guinan of Whitmore Lake spent Monday afternoon with Mrs. Frank Riedel.

Mr. and Mrs. James Service and daughter, Sharon, who have been living in the Brady cottage at Pleasant Lake while attending summer school, have returned to their home in Bay City.

Mr. and Max Radke and Mrs. Gertrude Stockinger visited Mrs. Radke's aunt, Mrs. Jake Keck, in Ann Arbor on Monday.

Elmer Dettling of near Pleasant Lake, was taken to Howell Friday where he was entered as a patient in the Michigan State Sanatorium.

Second Lieutenant and Mrs. Douglas Price and infant son, Timothy, also Billy Price, returned Monday from a two weeks trip during which time they visited his parents, Mr. and Mrs. Jasper Price at Bay City, also his grandmother, Mrs. Nino McCourt at Alpena. They stopped at Mackinaw Island, crosses the Straits and continued through Upper Michigan, stopping to see the Soo Locks, Pictured Rocks, and other points of interest. Returning, they came through Wisconsin and

crossed to Ludington, returning to the Edgar Little home where they are visiting her parents, Mr. and Mrs. Edgar Little, pending Lt. Price's reassignment.

Mr. and Mrs. Erwin Kensler, jr. and family were week end guests of their parents, Mr. and Mrs. Erwin Kensler, sr. and Mr. and Mrs. Edward Steele, sr.

Seaman Dick Kensler of the USS Monterey returned to Pensacola, Florida, after spending a fifteen day visit with his parents, Mr. and Mrs. Erwin Kensler, sr.

Mrs. George Alber and Mrs. William Uphaus were dinner guests of Mr. and Mrs. George Knouse on Sunday.

Mrs. Elizabeth Guinan of Whitmore Lake, who has been visiting at the Godfred Jedele residence, returned to her home Tuesday.

Mrs. Amelia Bentschneider was a guest last week of her son and family, the L. P. Breitenwischers. Sandra Rose of Toledo, spent last week with Mr. and Mrs. Allen Schaffer and family at their cottage at Wampers Lake.

REXALL DRUGS

September Is Blue Cross Month

All Michigan residents under 65 will be able to enroll in Blue Cross-Blue Shield on an individual basis during September, it was announced today by Michigan Hospital Service (Blue Cross) and Michigan Medical Service (Blue Shield).

At the same time Governor G. Mennen Williams issued a proclamation designating September as "Michigan Blue Cross-Blue Shield Month" and urging all citizens and organizations to "join forces to provide themselves with prepaid hospital and medical services."

Enrollment during Michigan Blue Cross-Blue Shield Month will be by mail. All under 65 who are unable to join through employee or other groups are eligible to join on an individual basis under this special Non-Group program. No medical examination is necessary. Pre-existing conditions will be covered after a six-months waiting period.

However, those married will have to enroll spouse and all dependents under 19 years of age, but the spouse can be over 65.

The action by Governor Williams officially recognize the Blue Cross-Blue Shield Non-Group enrollment campaign as an important community event was hailed by Dr. R. J. Hubbell, president of the Michigan State Medical Society as "a milestone in the history of Blue Cross-Blue Shield."

The State's 5,200 doctors and 204 Blue Cross hospitals will serve as community centers of the September campaign.

Retired persons as well as those who are self-employed may enroll. Once enrolled, coverage will continue indefinitely so long as regular quarterly payments are made.

Surgical as well as hospital coverage will be available to all. Acute conditions will be covered at once, but there is a six-month waiting period for removal of children's tonsils and adenoids and the usual nine-month waiting period for maternity benefits.

Those who wish to enroll must first get a regular application card from Blue Cross-Blue Shield. Inquiry cards requesting this application may be procured from doctors' offices or from any hospital. Blue Cross-Blue Shield also will give coupons that can be used for the same purpose. Inquiry cards must be mailed to Blue Cross-Blue Shield, Detroit 26, no later than September 26.

The sender of the inquiry card or coupon will get back from Blue Cross-Blue Shield the proper application card with explanatory literature about Non-Group benefits. No money is to be sent when the application card is returned to Blue Cross-Blue Shield. Subscribers who have returned their application cards will be billed at the proper time when they will receive the certificates and the identification cards indicating they are entitled to Blue Cross-Blue Shield benefits.

In proclaiming September "Michigan Blue Cross-Blue Shield Month" Governor Williams describes Blue Cross-Blue Shield as

"the expression of a co-operative effort by the medical profession, hospitals, organized labor, management, farm organizations and the public in general to make possible adequate medical and hospital care for the people of this State."

"The Governor's proclamation should certainly make it clear to all of the people that Blue Cross and Blue Shield are community services."

PROCLAMATION Michigan Blue Cross-Blue Shield Month

Michigan's jointly operated Blue Cross and Blue Shield plans observe during the month of September the enrollment of their three-millionth member.

It is fitting on this occasion to give recognition to the fact that Blue Cross and Blue Shield are the expression of a cooperative effort by the medical profession, hospitals, organized labor, management, farm organizations, and the public in general to make possible adequate medical and hospital care for the people of this State.

The importance of this cooperative effort to the people of Michigan is emphasized by the decision of Blue Cross and Blue Shield to re-open enrollment during the month of September, on an individual basis, to all residents of the state under sixty-five years of age who are unable to enroll in groups. This decision will give additional opportunity to the people of Michigan to provide for themselves through their own cooperative efforts the medical and hospital care upon which higher standards of public health can be built.

Therefore, I, G. Mennen Williams, Governor of the State of Michigan, do hereby proclaim the month of September as

MICHIGAN BLUE CROSS-BLUE SHIELD MONTH and urge all citizens and organizations of the people to give attention to the and other instrumentalities through which individuals can join forces to provide themselves with prepaid hospital and medical services.

Given under my hand and the Great Seal of the State of Michigan, this Twelfth Day of August, in the Year of Our Lord, One Thousand Nine Hundred Fifty-Three and of the Commonwealth the One Hundred-Seventeenth.

(SEAL) Mennen Williams
GOVERNOR

By the Governor:
Owen J. Cleary
SECRETARY OF STATE

20,000,000 Taking Weeklies

The paid circulation of weekly newspapers in the United States topped 20,000,000 in 1952 for the second straight year, says the latest directory of newspapers and periodicals.

There are 9,782 weekly newspapers in the country, according to N. W. Ayer & Sons, publisher of the directory. The circulation figures are based for the most part on affidavits supplied by the publishers to local post offices.

BACKYARD BARBECUE — Line forms to, right! Pick up a plate and help yourself to creamy potato salad, toasted buns, grilled hamburgers, your choice of fresh, crisp relishes, and mugs of cooling, refreshing beer.

Future Farmers Of America Hold Camp

The fourth annual Future Farmers of America Regional Leadership Training Camp got underway Monday, August 17, and continued through August 18-19 at the Boy Scouts Camp on Wolf Lake.

The regional Camp Officers who are in charge of conducting the business of this year's camp are:

President, Roger Missimer,

Reading, vice president, Lloyd Grau, Chelsea; secretary, Gene Stalens, Morenci; reporter, Arnold Girbach, Saline; sentinel, Norman Stoll, Dexter; Adviser, John Comstock, Reading.

Every year the officers of the individual F. F. A. chapters spend three days at the leadership training camp for the purpose of learning new ways and means of helping the members of their chapters carry out their many activities through the coming year. They

are taught to be better leaders in their school's and communities. All of the boys are given full schedules of activities, which include officer training, group leadership, special activities and recreation.

Some of the recreational activities were soft ball, volley ball, track, and swimming contests. Tournaments were held in each to decide the champions. All of the boys seemed to be learning many new ways of doing things and had

fun doing it.

The total enrollment at camp is 142 F. F. A. officers and advisers representing high schools from Monroe, Washtenaw, Lenawee, Hillsdale, and Jackson counties. The chapters who were represented were as follows: Saline, Napoleon, Farms, Chelsea, Springport, Britton, Monroe, Onstead, Airport, Dexter, Hanover, Blissfield, Milan, Litchfield, North Adams, Morenci, Manchester, Tecumseh, Hillsdale, Reading, Ida, Parma, Summerfield, Jonesville, Camden, Grass Lake.

This year the boys had the pleasure of meeting and talking with John Pickthall, British Exchange Youth, who talked to the boys about the farm life of his country.

At the end of the camp, officers were elected. The officers for next year are:

President, Carl Cornstubble, Parma; vice president, Bruce Zorman, Jonesville; secretary, Dean Shippy, Camden; treasurer, Dale Hesselschwerdt, Napoleon; report-

er, Walt Carlson, Summerfield; sentinel, Anthony Korigan, Milan; adviser, Clifford Walsh, Parma. These are the boys who will assist in the directing of camp next year.

Members from the Saline chapter of Future Farmers of America who attended the camp were as follows: Gene Austin, Ed Dall, George Burns, Arnold Girbach, Donald Thompson, Ron Finch and their adviser, Marvin Rorick.

Thus Bees Be

Doth indeed the busy bee improve each shining hour. When, instead of working, he passes up a flower. And, with something in his tail, sharper than a steeple, detours from the honey trail to go 'round stinging people?

Diplomats are clever people who get us out of scrapes that we wouldn't get into if we didn't have diplomats—Mirror, Clear Lake, Ia.

OUR CARPET CUSTOMERS ARE SATISFIED

We don't just "sell" CARPET here at CARMAN'S. We cut, fit, sew, lay and pad carpet of your choice . . . and no job is complete until you're happy.

That's why, through the years, more and more folks visit

CARMAN'S

. . . "Carpet Headquarters" in Jackson.

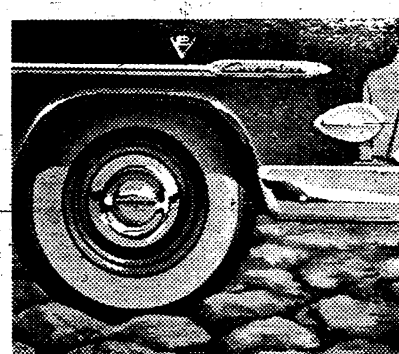

Look what your FORD dollar buys !

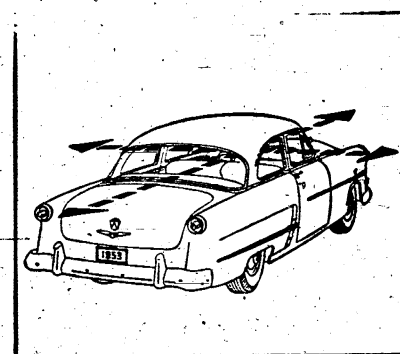

Check the features below against any car in the low-price field and you'll see why Ford's worth more when you buy it...worth more when you sell it.

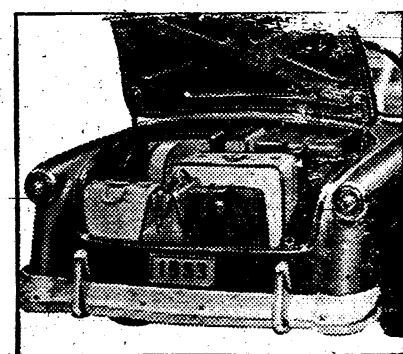

V-8 POWER is yours in Ford—but not in other low-priced cars. It's the product of Ford's experience in building over 13,000,000 V-8's! Ford's high-compression, low-friction Mileage-Maker Six with Overdrive, is the Economy Sweepstakes winner.

ROAD-LEVELING RIDE reduces front end road shock alone up to 80%. Wide front tread, diagonally-mounted shock absorbers take tilt out of turns. You'll discover in the '53 Ford that a car need not be excessively heavy to ride smooth as silk.

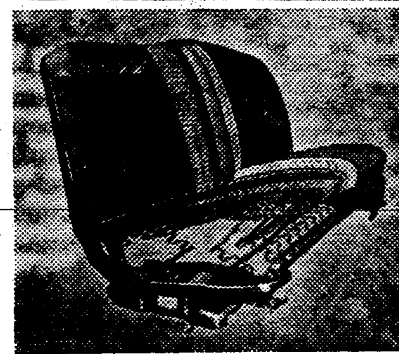

FULL-CIRCLE VISIBILITY is yours in Ford. With huge, curved, one-piece windshield, car-wide rear window and "picture windows" all-around, Ford has more "look out" area than any car in the low-price field. I-REST tinted glass also available.

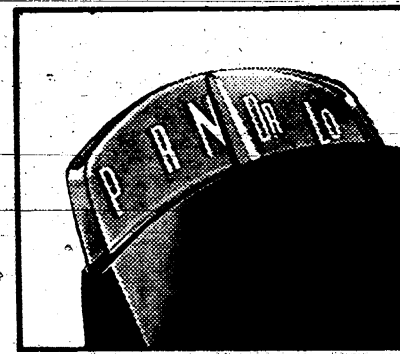

ROOMY TRUNK is one suitcase bigger . . . bigger than any other luggage compartment in Ford's field . . . bigger than you'll find in many of the expensive cars. With Ford's Center-Fill Fueling, there's no long gas-fill pipe to eat up your trunk space.

SUSPENDED PEDALS make braking and clutching easier . . . allow more clear floor space . . . eliminate dusty, drafty floor holes. This feature, exclusive to Ford in its field, permits dash-mounting of brake master cylinder for easy accessibility.

FOAM-RUBBER CUSHIONS over non-sag springs in Ford's sofa-wide seats make even long trips a treat. And you'll find that only Ford in the low-price field offers this fine-car feature as standard equipment on both front and rear seats in all models.

FORDOMATIC DRIVE—an optional extra—is really two automatic drives in one. It has a fluid torque converter for smooth, steady power flow. It has automatic gears for greater "get-up-and-go." Ford also offers you Overdrive and Conventional Drive.

MASTER-GUIDE POWER STEERING—an optional extra on V-8 models—gives you the natural "feel" of steering on the straight-away yet takes the work out of turning. Absorbs road shocks before they reach the steering wheel—adds to safety.

STATE OF MICHIGAN No. 40499 THE PROBATE COURT FOR THE COUNTY OF

WASHINGTON
At a session of said Court, held at the Probate Office in the City of Ann Arbor in said County, on the 19th day of August A. D. 1953.

Present, Honorable JAY H. PAYNE, Judge of Probate.
In the Matter of the Estate of Mayne Holt-Eaton, Deceased.
It appearing to the Court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court; and that the legal heirs of said deceased entitled to inherit the estate of which said deceased died seized should be adjudicated and determined.

It is Ordered, That all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court, at said Probate Office, and to serve a copy thereof either by registered mail or by personal service upon Bennett C. Root, the fiduciary of said estate whose address is 316 E. Main Street, Manchester, Michigan, on or before the 26th day of October A. D. 1953, at 10:00 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased, and for the adjudication and determination of the heirs at law of said deceased at the time of his death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Manchester Enterprise a newspaper printed and circulated in said County.

New Director of U-M Institute

Richard G. Folsom, New Director of the Engineering Research Institute at the University of Michigan is Richard G. Folsom. He came to the campus from Berkeley, Calif., where he was chairman of the Division of Mechanical Engineering at the University of California. Albert E. White, director of research unit since it was established in 1920, has retired after 42 years on the Michigan faculty.

Start of an Era
The first all-talking picture, was shown in New York in 1928.

Mixture of Water and Grain Time Saver

If your cows take too much time to eat while they're being milked, you can do something about the situation, say dairymen at Michigan State College. The high producers that eat more grain are usually the big offenders in taking their time. M.S.C. dairymen report that you may be able to solve the problem by adding water to the grain mixture. That is what is being done experimentally with a Brown Swiss herd at the College. It works well. The cows have a lusty appetite for the grain—drinking it instead of lapping it up with the tongue.

Cows ate, (or "drank") the wet mixture in less than half the time they consumed the dry feed. And they let their milk down faster. As a result the Brown Swiss cows went through the milking parlor in much less time than formerly.

C. F. Huffman, N. P. Ralston and H. L. Dalton, who conducted the tests and timed the eating and drinking, report the cows that ate the wet mixture seemed more relaxed than others. As a consequence the animals let down their milk a fourth faster than cows eating dry grain. The faster the cows ate grain, the faster they milked out.

The dairymen tried various rates of water per pound of concentrate and found that the cows consumed the grain most rapidly when 1.5 pounds of water was added to the concentrate.

The researchers figure that a lot of time could be saved if a practical method of adding water to the grain can be found. They're trying several ideas.

DEMOCRACY

Democracy is the line that forms on the right. It is the dent in the high hat. It is the recurrent suspicion that more than half of the people are right more than half of the time. Democracy is a letter to the editor. It is the score at the beginning of the ninth.—E. B. White.

Research workers have developed a new agricultural chemical said to kill weeds as they begin to sprout and before they emerge from the ground. Manufacturers say it can be used safely on many truck garden crops, thus reducing the costly and tedious work of hand weeding and crop cultivation.

Two U. S. Army doctors have advanced the theory that the ancient Buddhist practice of shaving the heads of new-born babies contributed largely to the spread of leprosy. The Army scientists believe the germs entered the babies' bodies through occasional nicks caused by the razor.

Governor Williams joins Blue Cross-Blue Shield and receives his membership card from executive vice president Wm. S. McNary. The Governor has proclaimed September "Michigan Blue Cross-Blue Shield Month". During September, enrollment is open on an individual basis to all residents under 65 who cannot join through a group. Present when the Governor was handed his card were (left to right): Gordon Goodrich, assistant director, Blue Shield; Dr. E. L. Novy, Blue Shield president; and Dr. Kenneth Babcock, president of Blue Cross.

FISHING PREVUE FOR '54

In Chicago a few days ago fishing tackle distributors from all over the nation gathered for the annual prevue of fishing gadgets to be put on the market for the 1954 season. The ingenuity of manufacturers in this business almost defies one's imagination! A Florida real estate man decided to re-ire a few months ago. While lolling about the house he picked up a few of his wife's plastic hair-curlers, attached a couple of fish-hooks, tied on a line and found out they "swam" thru the water with a tantalizing action, hooking many fish. He introduced the lure at the tackle show, got orders for more than a million. Now he can't retire. He's too busy!

Lady's Special

Lots of ladies like to fish. To them it is most unfortunate that fish go for night crawlers. The slippery, wiggly worms take all the joy out of fishing when it comes time to put the bait on the hook. Next year it'll be different. Timid lady fishermen will be supplied with small tweezers tipped with non-skid rubber which will offer a firm grip on the crawler allowing it to be impaled on the hook untouched by human hands! This is definitely a step forward! Science on the march!

Spinning Advances

Rod manufacturers have long deplored the excessive weight of the average spinning reel. It made long, adjustable handles necessary to effect some sort of balance for easy casting. Next year's reels will be lightweight. One manufacturer is coming out with a 5-ounce model which may revolutionize spinning rod design—and take a lot of effort out of the sport. True, the reel will only carry 400 yards of 6-pound test line, but that's more than enough for all but salt water fishing.

Glass Rods Improve

The perfection of the hollow glass rods for 1954 will put about down the future of the bamboo rod industry, according to the experts.

Perfectly balanced fly-rods weighing less than 3 ounces will be available with astonishingly fine fly-casting action—rods that cost less than the finest bamboo models ever built yet will last a lifetime with no danger of the action ever changing.

Hunting arrows will be made of the same material, beautifully balanced and capable of truer flight than their wooden predecessors. From this peek into the near future we can safely say 1954 looks like a bigger and better year for the sportsman in Michigan outdoors!

WJIM-TV LANSING
CHANNEL 6
10:30-11:00 P.M.

You're "sitting pretty" behind the wheel

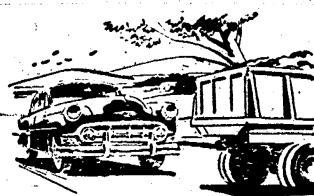

Take this Bel-Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrill-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

LOCAL NEWS

Mrs. Sarah Allen of Orlando, Fla., spent Tuesday and Wednesday at the Beardsley home.

On Sunday, August 30, the Beardsleys were hosts to a group of former parishioners from St. Mark's Church, Detroit. They attended the morning service at the Sharon E. U. B. Church and then the entire party of fifteen went to Carr Park for a picnic dinner.

The visitors were Mr. and Mrs. Ernest McEwan, Mr. and Mrs. Frank McClinton, Mrs. Dorothy Long, Robert Long, William Long, Deanna Long, Margaret Robinson, Mr. Donald Mullens and children, Bobbie Lou and David. The Beardsley family made up the number to fifteen.

Anglers' Disputes Solved By Book

Anglers, do you ever get into arguments about the identity of fish, what their normal size is, what they like to eat, or how they should be caught?

Well, the current edition of "Fishes of the Great Lakes Region," by Prof. Karl F. Lagler, chairman of the University of Michigan Department of Fisheries, and Dr. Carl L. Hubbs of the Scripps Institution of Oceanography, La Jolla, Calif., will answer those questions and many more.

The book identifies and describes every one of the 232 fish in the Great Lakes area, has 26 color illustrations, 201 identification photographs and 89 other illustrations, and contains notes on angling methods for game fish.

It may be obtained from the Cranbrook Institute of Science, Bloomfield Hills, Mich., for \$3.00 postpaid.

20,000,000 Taking Weeklies

The paid circulation of weekly second straight year, says the latest directory of newspapers and periodicals.

There are 9,782 weekly newspapers in the country, according to N. W. Ayer & Sons, publisher of the directory. The circulation figures are based for the most part on affidavits supplied by the publishers to local post offices.

Diplomats are clever people who newspapers in the United States have diplomats—Mirror. Clear get us out of scrapes that we wouldn't get into if we didn't topped 20,000,000 in 1952 for the

FAIR WEEK

Local Man Recovering After Heart Attack

Carl Toburen, who suffered a heart attack at 41 on day, is reported as progressing satisfactorily at his home here. The Toburen's daughter, Mrs. James O. Veale of New York City, has arrived to be with the Toburens. Harry L. Johnston, Mrs. Toburen's brother, and his wife from Dundee, are also spending a few days at the Toburen home.

Community Fair To Be Sept. 17-18-19th

The Manchester Community Fair preparations are progressing according to schedule. Fair dates are September 17, 18 and 19th, and the fair will be held again on the athletic field and the exhibits in the high school itself. Final arrangements are not complete at this time.

Officers of the Fair Board are: president, William Kulenkamp; vice president, Robert Masten;

secretary, Robert Crandall; and treasurer, Harold Burch. The following committee heads have been appointed by president. Kulenkamp: Mrs. Robert Crandall, Home Economics; Mrs. Alvin Beuerle, Flowers; Mrs. C. W. Knauss, Antiques; Mrs. Earl Albers, Hobbies; Fred Lambright, Garden Produce; Luther Klager, Poultry; Willard Mann, Publicity; Robert Merithew, Horse Show; Lowell Parr, Sheep and Swine; Jesse Walker, Dairy Cattle; Robert Kothe, Tractor Pulling Contest; Clayton Parr, Grains; Marie Schneider and Owen Cathey, Premium Book co-chairmen; Mrs. Claud Gage, Space in Merchants Tent; Herbert Jacob, Concessions; Robert Masten and Willard Mann, Grounds; Ray Tibb Tents; Densel Fuller and Kenneth Kouba, Implementations.

THE UPPER ROOM

We know that all things work together for good to them that love God. (Romans 8:28.) Read Romans 8:26-28.

At the beginning of the nineteenth century, the African continent was unconsciously witnessing a great event. Colonists were weaving their way across hundreds of miles of uncharted land. Among them was Paul Kruger, a boy of ten, a future president of the Transvaal Republic. The moving cavalcade clashed with a native tribe. A native slave boy, Magata, escaped and fled southward.

He became influenced by a pioneer Christian missionary. Soundly converted, he desired to return to the Transvaal in order to preach the Gospel. Arriving there, he was bound to a wagon, flogged, and expelled from the province.

In his wanderings, he heard of the President of the Republic. Paul Kruger, who at the age of ten had been one of the colonists in the Great Trek. Magata wrote to him. The president granted him sanctuary in the Transvaal. Joyfully, Magata returned to establish the first Society, from which small beginning great things have been done there for God.

PRAYER
Limited though my gifts may be, O God, I offer myself to be witness for Thee. Grant me fruit for Thee through labor. So teach me new joys in the adventure of living for Thee. Through Christ, my Saviour, Amen.

THOUGHT FOR THE DAY

No Christian's labors for God are in vain.
M. H. Eddy, (South Africa).

Temperature Falls Milk Test Rises

"Why does my cows' milk vary in butterfat test from month to month?"

That's a question many dairy farmers ask Michigan State College dairymen. The dairy scientists say the variation usually is normal. They cite these examples: Two weeks after freshening, milk from cows in good condition may test high. This is temporary and generally milk will test least during the first few months of a cow's lactation. Then the test increases. It's usually highest near the end of the lactation period.

Milk usually tests highest during the coldest winter months, then decreases with warmer weather. The test is lowest during June or July or during spells of hot, humid weather. It rises again later until the peak is reached in January or February.

The shorter the time between milkings, the richer the milk. And the completeness of milking affects the test because foremilk often is thin, while strippings may be very rich.

The fat content of milk from different quarters of the same cow is not constant. Certain breeds give higher fat content milk than others.

Underfeeding tends to increase the test of milk, but it decreases the milk yield to a greater extent.

Night milk is usually higher in test than morning's milk.

The milk of a fairly large herd is reasonably constant in its fat content because it is a mixture of many samples of milk.

88th Annual Session Of Medical Society

Four representatives from Washtenaw County will serve as members of the House of Delegates when Michigan doctors of medicine meet in Grand Rapids September 21-25 for the 88th Annual Session of the Michigan State Medical Society.

They are Paul S. Barker, M. D., Harold F. Falls, M. D., Otto K. Engelke, M. D., and R. Wallace Teed, M. D., all of Ann Arbor. The House of Delegates, legis-

lative and policy-making body of the State Medical Society made up of M. D.s representing various geographic areas, will conduct its annual business during the first two days of the session. The final three days will be devoted to intensive study of the latest medical advances.

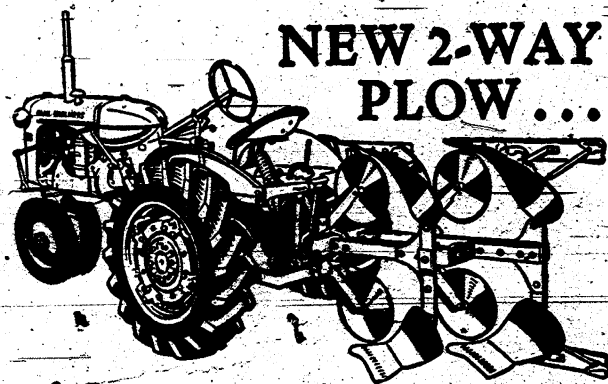

High in the House of Delegates agenda will be the selection of Michigan's Formost Family Physician for 1953 from a list of 22 candidates nominated from counties throughout the state.

Twenty-six outstanding medical lecturers from every section of the nation will conduct some 40 scientific meetings dealing with recent developments in the many fields of medicine. Among these will be the first annual Beaumont Lecture, presented in honor of William Beaumont, M. D., pioneer Michigan physician who observed the digestive process through a "window" in the stomach of a young fur-trader wounded on Mackinac Island.

The memorial lecture is another

tribute to Dr. Beaumont from Michigan's doctors of medicine, who will dedicate a Beaumont Memorial on Mackinac Island in July 1954. The Mackinac shrine is a reconstruction of the building where an accidental gunshot in 1822 started Dr. Beaumont on his monumental research project.

Those who claim to be leading the fight against Communism should not support authoritarian groups' movements or governments.

NEW 2-WAY PLOW...

for the CA — champion tractor of the two-plow class

Now Allis-Chalmers offers 2-way plowing... two 12- or 14-inch bottoms... for the CA Tractor.

This spinner-type, close-coupled, 2-way plow eliminates dead furrows. On flat land the field is plowed level from side to side — so essential for irrigation and good surface drainage. On hillsides and rolling land... all furrows are turned uphill to resist downward creeping of the soil and to reduce runoff.

Priced only slightly higher than a one-way moldboard plow, the new 2-way plow is hydraulically lifted and uses CA Traction Booster to put extra weight on drive wheels.

Let us demonstrate.

2-way Spinner-type Plows are available for both WD and CA Tractors

Senior Choir rehearsal Wednesday at 8 p.m., Arthur J. Cathey, director.

The W.C.S.S. of the Methodist Church will have its Annual Birthday Party Wednesday September 16th at 1:00 p.m. at the church. A luncheon will be served by Mrs. John Pratt. The young children of members will be cared for by Mrs. Lesley Chavey.

Local Briefs

Mr. and Mrs. Charles Brunt of Petersburg, spent Sunday and Monday with their daughter and her husband, Mr. and Mrs. Alfred Strang.

Mrs. Edward Steele, sr., was taken to Detroit to the Osteopathic Hospital on Monday.

Mr. and Mrs. Alfred Strang and daughters were Friday evening guests of Mr. and Mrs. Burton Murray of Dexter, at a rehearsal dinner prior to the wedding of Lorraine Lienaux to James Graf of Dexter. The wedding took place at St. Joseph's Catholic Church at Dexter on Saturday morning and the Strangs' daughters, Nina and Melva, were flower girls.

Mr. and Mrs. John Ekin have returned home after a four day trip to Dayton, Ohio, where they visited his aunt, Mrs. Anna Elmore, and other relatives. Mrs. Mary Calhoun stayed with the Ekins' daughters during their absence.

Mr. John Ekin received word Tuesday of the death of his brother, L. H. Ekin, at Marville, Alberta, Canada.

Mr. and Mrs. Robert Trent entertained at a birthday party for their son Bobby, at the home of Mr. and Mrs. Edward Steele, sr. Guests were Mr. and Mrs. William Richardson and family, Mr. and Mrs. Erwin Kensler, jr. and family of Charlotte, Mr. and Mrs. Charles Steele and Mr. and Mrs. Edward Steele, jr.

Raymond Reno and family of Battle Creek spent Labor Day with Mr. and Mrs. Paul Schwab. Mr. and Mrs. Paul Schwab and family also visited her brother, Pvt. John Curtiss, who was at the home of his parents, Mr. and Mrs. John Curtiss, sr. at Tecumseh, on a week end pass from Ft. Knox, Ky.

Marriage Demands Give And Take

MARRIAGE IS A merger of two different personalities. It is a hard enough job to throw up a bridge between two opposite shores, but it is a still harder job to build a permanent bridge of understanding and harmony between two opposite temperaments, two utterly different dispositions.

After all, by the time you marry, your partner is pretty well set in his traits and his character. The concrete has hardened; and frankly, there is little you can do about it. As the school-girl wrote, "We get our parents at so late an age that it is impossible to change their habits."

The same applies to husbands and wives. You do not marry something like a bouquet that you can take apart and rearrange as you would like to see it. You marry someone who is more like a book, already bound and the pages numbered. Often the best you can do is to thank God for the good qualities there, and to pray to Him about the bad ones.

HOWEVER, HERE IS one suggestion from the Department of Agriculture. The Department had suggested to an inquirer many ways to get rid of dandelions. None worked, so finally the Department told him, "We suggest you learn to love them." If it is asking too much to learn to love your partner's faults, at least learn to overlook them. Perhaps you have a few dandelions of your own, perhaps some cactus. There you can surely make headway, because correcting faults is like tying a necktie; we can always do it easier on ourselves than on anybody else.

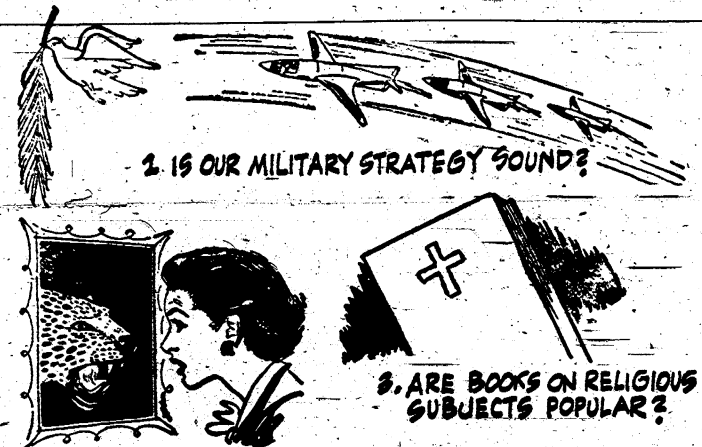

Every one of us should now and then own up to the fact that we, and not the other party were at fault. The hardest words in English to pronounce are: "I was wrong," because you have to say them not with the tongue and teeth, but with the conscience and the heart. That is why, when one of the parties in a marriage flies off the handle like an axe-head, the other, whether right or wrong, should bury the hatchet—and not in the other party's skull. For, if we do not take the first step toward reconciliation, what are we but ersatz Christians or church-going pagans!

SURELY, IF ONLY one party is determined that there will be no quarrel, then there can be no quarrel. It takes two to fight. Naturally there will be times when one party's nerves are jangled and out of tune and off-key, but that is precisely the time when the other party has to hold the melody, sweet and sure, so that the other can get back on key.

The soft answer is still the best defense against wrath. The softest answer is that whispered to God in prayer. With His powerful help and our own humble self-control, friction can be reduced to a fraction. (Rev. Joseph Mantion.)

Knowledge is Power

2. IS OUR MILITARY STRATEGY SOUND?

2. ARE BOOKS ON RELIGIOUS SUBJECTS POPULAR?

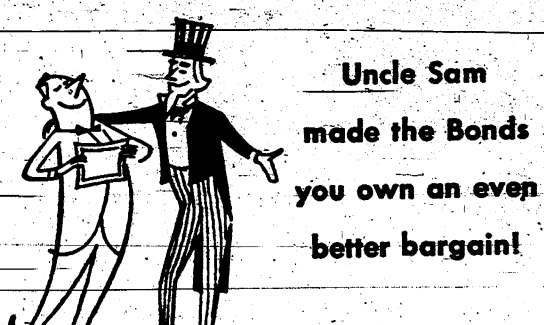

2. WHAT ARE THE TWO MAGIC QUESTIONS?

(1) Brigadier General Bonner Fellers, U. S. Army, Retired, doesn't think so. In his book, "Wings for Peace," he states that "We do not have the men to handle even the satellite wars in Indo-China and Korea." He urges that we discard our old concept of war "in which our armed masses meet enemy armed masses. Under the conditions we now face, mass combat will destroy us."

The best defense of Paris and Chicago is our ability instantly to destroy Moscow. It is this certain retaliation in the form of total destruction which is the true war deterrent, one the Russians can understand. If America does achieve air supremacy, there will be no war. We do not now have an adequate strategic air force. We have not even decided to build it. And it will take three to five years to build it after we have made the decision. Building such a force must have first priority.

(2) A California psychologist discovered two questions which reveal much about a person's personality. (a) If you were an animal, what animal would you choose to be? (b) Why? The reply to the second question reveals what the person is really like. Take the man who wished to be a dog, because "Dogs are usually well fed, sheltered, and all their needs are taken care of." This fellow lacks confidence in himself and tends to lean on others. John E. Gibson describes the question technique in "This Week" magazine.

(3) Books on religious subjects have been among the 10 best sellers of fiction as well as nonfiction since 1949, according to Eugene Exman, head of the religion department of Harper & Brothers, book publishers. In 1949, four of every five nonfiction best sellers had religious titles. The volume of religious books published in this country in 1947 was nearly three and a half times that of 1937.

Uncle Sam
made the Bonds
you own an even
better bargain!

Now Your Maturing Series E Bonds Can Earn Interest 10 Years More at 3%!

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually when held to maturity.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as \$1.25 a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45!

So join the Payroll Savings Plan where you work today. Or start the Bond-A-Month Plan where you bank.

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank, annual limit \$20,000.

For Meal-Time With Frozen Vegetables

Peas in Cream With Potatoes
An old fashioned farmhouse favorite is the dish of peas in cream with potatoes. Easy to prepare with quick-frozen peas, packed at the peak of perfection.

Be sure the peas are extra fancy to get the best in that real June flavor. Hearty eating for hearty appetites on early fall days.

1 cup diced potatoes
1 package extra fancy quick-frozen peas
1/2 teaspoon chopped onion
1/2 cup heavy cream heated (or 3/4 cup white sauce)

1 teaspoon sugar
1/2 teaspoon salt
Add salt and sugar to 1/2 cup water, bring to boil. Drop in solidly frozen peas, cook for 3 minutes from second boil. Drain. In another pan, cook potatoes and onions in a little water until tender, drain, combine with peas, dress with cream or white sauce. Season with salt and pepper. Serves 5 to 6.

AS OTHERS SEE IT:
If you snarl, misfortune may grin at you—grin and perhaps your misfortunes will unsmile. Capital is condensed labor. It is nothing until Labor sets free the condensed labor and makes it assume some form of utility or beauty. Capital and Labor are one and they will draw nearer to each other as the world advances.—David Swing.

Better Eating

BY JEAN ALLEN

BREAKFAST SKIPPER?

Shocking, indeed, is the idea of going eighteen hours without food. But that's just what happens when we skip breakfast.

NO FOOD IN 18 HOURS!
Tain't right. Breakfast is an important meal. Maybe a light breakfast suits your needs best. This is a quickly-fixed, no-cooking meal.

Fresh Sliced Peaches
Cornflakes with Milk
Buttered Toast
Coffee

Here is a breakfast that will be just right if you get up hungry and are usually famished by lunch time.

Orange Juice
Bacon
Jelly
Milk
Coffee

For a fairly fancy breakfast, enjoyed most when you have time to linger over a third cup of coffee, try this coffee cake served warm from the oven.

Peach Coffee Cake
No. 2 1/4 can sliced peaches
1 egg
1 cup sugar
1 cup sifted flour
1 teaspoon baking powder
1/4 teaspoon salt
1/4 cup milk
3 tablespoons melted shortening
1/4 teaspoon lemon extract
1/4 teaspoon vanilla extract
1/4 teaspoon cinnamon

Drain peaches. Beat egg; add 1/2 cup sugar gradually, beat well. Sift together dry ingredients. Combine milk, melted shortening, extracts; add alternately with dry ingredients to egg mixture. Spreading greased eight-inch square pan.

Arrange peaches on top of batter. Mix remaining sugar and cinnamon; sprinkle over peaches. Bake in moderate oven (350° F.) forty minutes.

Yield: Six servings. Faithfully

Jean Allen
KROGER FOOD FOUNDATION, CINCINNATI, OH.

Blood Needed For Civilian Use

The need for blood for civilian use today is as urgent as ever, the Michigan Department of Health emphasized in announcing its return on September 1 to the 1951 quotas that are in effect before it stepped up collections of blood to help meet defense needs.

The Michigan Department of Health will revert to its former program in the 64 counties in which it operates its bloodmobile. All blood collected in these counties will be used to supply the blood products so vitally needed for civilian use.

There is an ever-increasing demand for blood and blood products for the saving of lives and each community must be responsible for supplying enough of this precious fluid to meet the needs of its residents, Department officials said.

Under the state health department's program, blood collected in each of the participating counties is processed in the department laboratories and plasma and other derivatives are returned to the communities in proportion to the number of pints of blood collected.

In order to assure adequate supplies of these products to meet the emergencies that arise almost daily in every community all eligible donors are urged to volunteer to give blood whenever the bloodmobile is in their area.

Products made from the whole blood which are available to the communities in proportion to the amount donated include: irradiated liquid plasma, used widely in preventing shock from accidents, childbirth, burns and surgery, and also to sustain a patient until whole blood can be given; antihemophilic globulin,

Mich. Legion Leader First To Congratulate New Commander

Billy R. Wickens, Midland, state commander of the Michigan American Legion (left), was in the vanguard of well-wishers when he shook hands with his new "boss," Art Connell, Connecticut, who was elected 1953-54 national commander of The American Legion Thursday afternoon, September 3, by more than 3,300 delegates at the 35th annual national convention in St. Louis, Missouri. Connell, a World War I Navy veteran and Connecticut businessman,

succeeds Lewis K. Gough of California, and becomes the first Legionnaire from the small New England state elected to the Legion's highest office in 35 years of Legion history. Commander Wickens, who headed 83 delegates representing 75,000 Legionnaires living in the "Water Wonderland" state, joined forces in the mid-western metropolis with delegates from 58 national and international American Legion departments to conduct official business of global interest for 3 million Legionnaires across organization. Scene of next comprising the world's largest veteran's national convention will be the nation's capital, Washington, D. C.

Sandwiches for a crowd don't have to be a day-long job. Just use mass production, assembly-line techniques. Makes six almost as easy as one!

used to control bleeding in persons suffering from hemophilia, often called "bleeders' disease," and to help control hemorrhage associated with childbirth and surgery; normal serum albumin, used in the treatment of liver and kidney disease and for use as an emergency plasma substitute.

Gamma globulin, used to prevent paralytic polio and for the modification or prevention of measles and infectious hepatitis, is made by the health department laboratories and is distributed according to a plan outlined by the Office of Defense Mobilization.

Those who spend most of their time talking about other people don't have enough variety in life. One of the missing elements usually works.

It is usually hard to buck the majority, but it often pays in the long run, especially when the majority is wrong.

Making a fool of yourself isn't such a bad mistake if you have sense enough to know who did it. Life is just an everlasting struggle to keep money coming in and teeth and hair and vital organs from coming out.

The chaplain of congress takes a look at that body—and then prays for the country.

People, Spots In The News

HITTING the grit: Billy Martin (1) of Yankees is out at second on diving tag by Nellie Fox of Chicago White Sox.

NOT SILVER trumpets these, but funnels for milk container filling machines, being polished by skilled machinists in American Can Company shop. It's expected a record 9 1/2 billion paper milk containers will be produced this year.

MAKING himself at home in master's hat is pet parakeet of Gordon Wolfe of Orlando, Fla., who seems to take a fairly dim view of it.

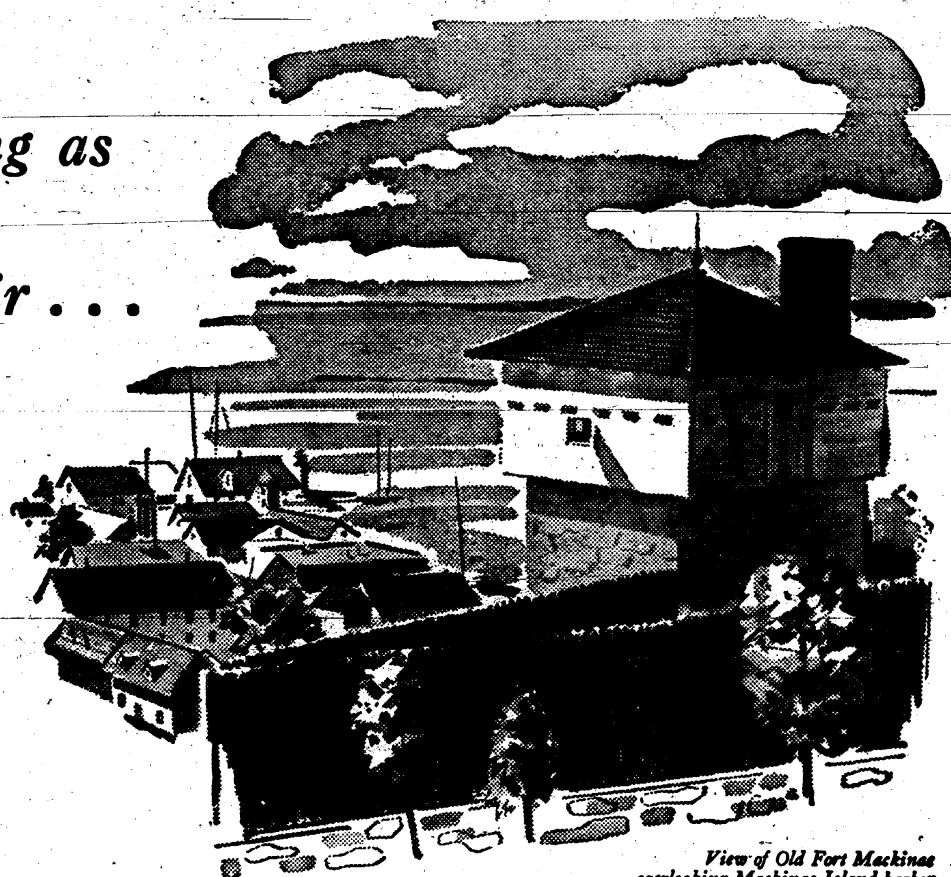

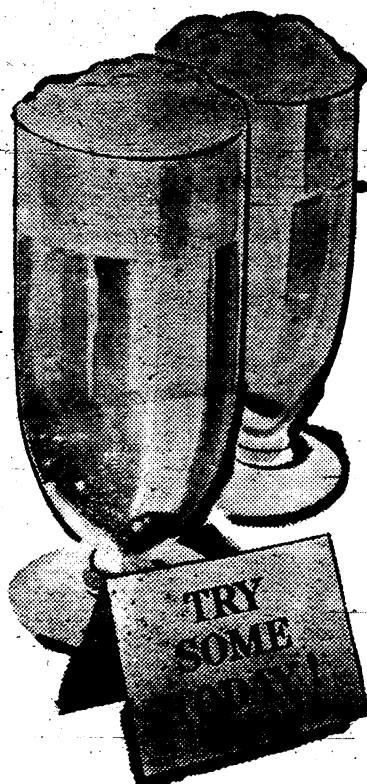

STOP and look, says screen hero Jeff Chandler, at the eight "Miss Universe" girls signed by one Hollywood studio. The gals are from Norway, Panama, South Africa, France, Illinois, Japan, Australia and Uruguay.

Giving Technical Testimony Will Be U-M Session Topic

How to give technical testimony involving medical and health problems in court cases will be the topic for a conference at the University of Michigan October 21.

Sponsors will be the Institute of Industrial Health and the School of Public Health.

Anybody who might be concerned with this type of expert testimony is welcome to attend. The registration fee will be \$5, with an additional \$2.50 if the registrant desires a printed copy of the proceedings.

Morning and afternoon sessions at the School of Public Health building will be devoted to discussions by lawyers, doctors and industrial health experts on the subject of preparing and giving expert medical and technical testimony. An evening session at the Michigan Union will be devoted to a dramatization of good and bad technical witnesses based upon a compensation claim in a simulated case of silicosis, a lung condition due to inhalation of dust containing silicon dioxide.

Applications for enrollment may be obtained from H. E. Miller at the School of Public Health.

Check Stored Wheat Now

All 1953 harvested wheat should be checked now for insects. Reports from farmers in different sections of the county indicate that insects have been found in the 1953 wheat crop that was stored in grain bins. To prevent insect damage, it is advisable to fumigate 6 weeks after the grain is harvested. Do the following:

1—Be sure the lower part of the granary is air-tight before using a fumigant to prevent insect damage to stored grain. This means that the floor and sidewalls should be equally tight to prevent the fumigant escaping.

2—The grain should be level, and piled not more than 6 inches from the top of the boards on the bins.

3—Use a mixture of 3 parts ethylene dichloride and 1 part carbon tetrachloride as follows:

(a) 5 gallons to each 1,000 bushels for grain stored in deep bins.

(b) 1 gallon to each 150 bushels for lots less than 1,000 bushels.

(c) 8 gallons to each 1,000 bushels for grain stored in shallow bins.

Pour the mixture over the top of the bins of grain. Grain stored more than about 4 feet in depth may need special means of applying the mixture. Get special instructions for such cases. (Note: It is best to put the ethylene dichloride-carbon tetrachloride mixture on the grain from outside of the granary). Do not breathe the fumes of the MIXTURE for any extended period. Do not spill it on the hands or skin.

4—Other fumigants than ethylene dichloride-carbon tetrachloride mixture can be bought to treat grain. They should be used according to manufacturer's directions.

When granary insects are found infesting stored grain, the only thing that will control them is fumigation. Follow the instructions as given for the use of fumigants to prevent insect damage.

After fumigating, it is best to leave the grain undisturbed for 6 days to obtain best results.

Shorts Entertain Primary Staff

On Sunday, August 29th, the primary staff of the Emanuel Church Sunday School and their helpers met their families after church and drove to Wampless Lake, where they gathered at the pleasant cottage of Mr. and Mrs. Nelson Short.

It was an ideal place to be on such a warm day. The tables were set in the cottage basement for 49 parents and children who made away with a bountiful pot luck dinner. Everyone enjoyed the pleasant surroundings with the children being particularly impressed with the beach and a good swim.

The entire group was grateful

to Mr. and Mrs. Short for their fine hospitality. Mrs. Short is the cradle roll teacher of the department.

Mr. Voegeding Talks With Son Overseas

Mr. and Mrs. Wilbur Maurer and Mrs. Anna Maurer entertained at dinner Sunday in honor of Mrs. Wilbur Maurer's father, Mr. Clarence Voegeding's birthday.

Among those present were Mr. and Mrs. Clarence Voegeding, Mr. and Mrs. Willis Uphaus and children.

Mr. Voegeding was particularly pleased after the dinner to receive a telephone call from his son, P. Lynn Voegeding, from Leghorn, Italy, who called to wish his

father much happiness on his birthday.

Robert Defenderfers Entertain On Birthday

Mr. and Mrs. Robert Defenderfers entertained at a family dinner at their home Sunday honoring the birthdays of her parents, Mr. and Mrs. Otto Trinkle, and her sister, Mrs. Elmer Kopa.

Other guests were Elmer Kopa and little son Leslie of Tecumseh, Alfred and Harold Lutz, George Waltz, and Martha Hiding, all of Ann Arbor. Mrs. Defenderfers mentioned that her own birthday had also occurred during the past week, making four family birthdays in the same week on August 25, 26, 27 and 29th.

25th Anniversary

The Virgil Mayers were feted a second time in honor of their 25th wedding anniversary, when thirty more relatives and friends from Defiance, Liberty Center, Delta, Holgate, Gerald and Napoleon, Ohio, arrived last Sunday with well-filled baskets and gifts and journeyed to the Meyers farm home where a picnic dinner and general good time was enjoyed.

... and I Quote

"The best place to find out what shape the country's in is at the beach."—D. S. Halacy, Jr.

"Our excise system is a mass of discriminations and inequities."—Charles R. Sligh, Jr., president of NAM.

Here's what's behind the big swing to FORD

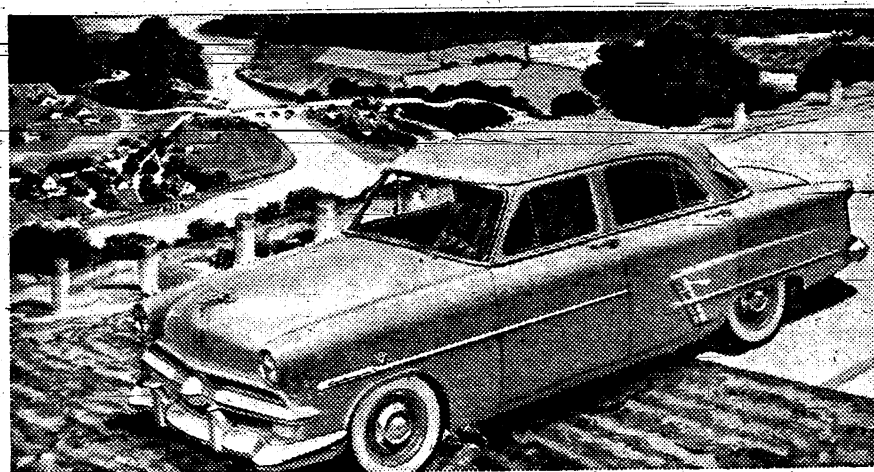

FORD GIVES YOU EVERYTHING YOU WANT AND NEED AT A PRICE YOU WANT TO PAY!

AMERICA'S COSTLIEST CARS ARE SWINGING TO V-8 ENGINES, but Ford's had one for years. (Ford's built more V-8's than all other makers combined!)

IF ITS A SIX YOU WANT, Ford has the most modern in the industry. Ford's Mileage Maker Six with Overdrive beat all other cars in the recent Mobilgas Economy Run!

DOES ANY OTHER CAR offer you a choice of V-8 or Six engine—or a choice of three great drives? How about foam-rubber in all seats in all models, extra trunk space, smooth ride—does any other car measure up to Ford feature for feature? You know the answer—that some cars do offer most of these features. But the only ones that do are costlier cars! Not a single one of them is in Ford's price field! And Ford offers you these "fine car" features, at half the fine car cost! No wonder the swing's to Ford!

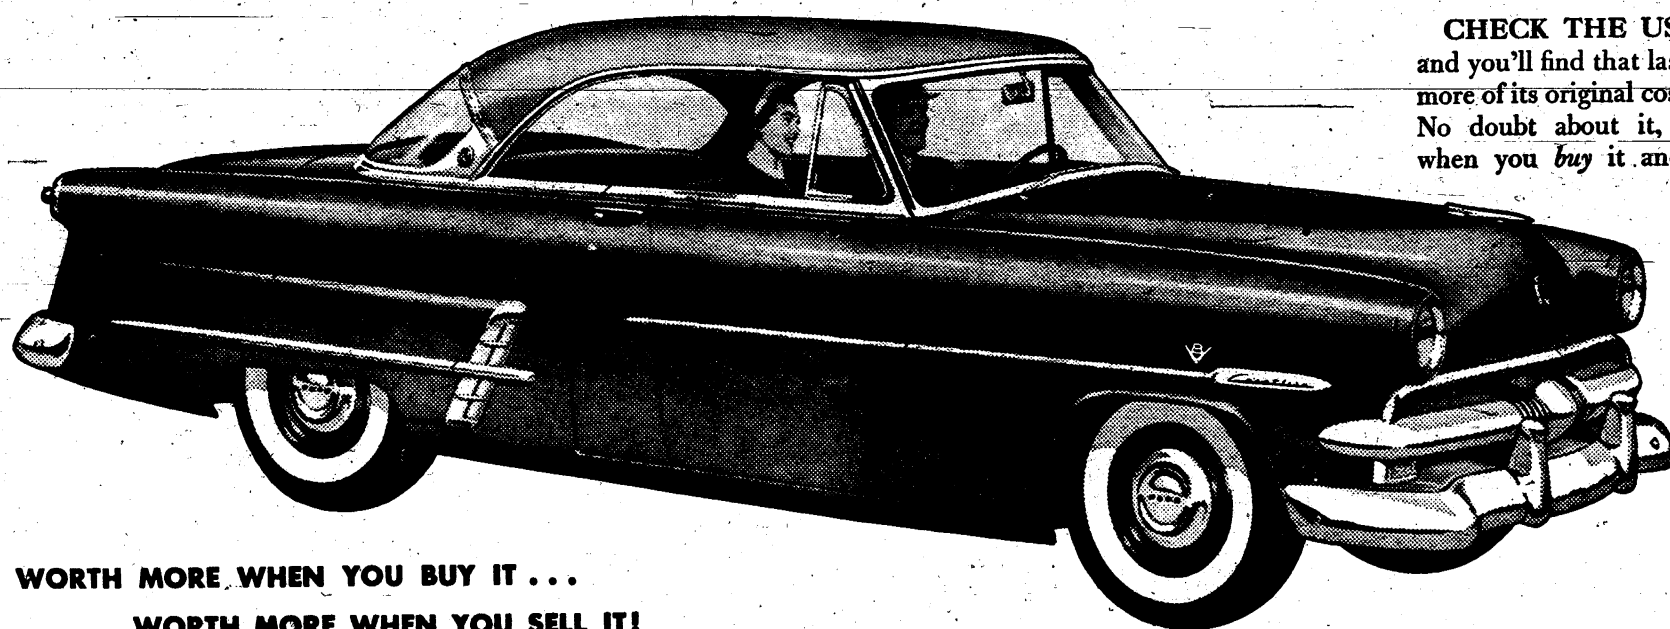

YOU DON'T NEED A HEAVY LIMOUSINE FOR A SMOOTH RIDE. Ford's new rubber compression bumpers and more responsive spring and shock absorber action reduce front end road shock alone up to 80%. Takes you over bumps and ruts smooth as silk. Try a Test Drive!

FORDOMATIC DOES MORE THINGS FOR YOU AUTOMATICALLY—over a wider range—than any drive in the low-price field. It does all the shifting for you—better than you can do it! And Fordomatic combines smooth power flow with lots of "get-up-and-go!"

NO WORRY ABOUT "BLIND SPOTS" IN FORD! With a huge one-piece windshield... car-wide rear window, Ford has more "look out" area than any car in its field! It's truly Full-Circle Visibility. Fords are built with your safety—and your family's safety—in mind.

FORD'S MASTER-GUIDE POWER STEERING is the newest and finest in America—and it's the lowest-priced power steering in Ford's field! Unlike many systems, Ford Master-Guide gives help only when you need it... retains the natural "feel" of the wheel on straightaways.

CHECK THE USED CAR LOTS and you'll find that last year's Ford returns more of its original cost than any other car! No doubt about it, Ford's worth more when you buy it and when you sell it!

WORTH MORE WHEN YOU BUY IT...
WORTH MORE WHEN YOU SELL IT!

LEGALS

STATE OF MICHIGAN

THE PROBATE COURT FOR THE COUNTY OF WASHTENAW

At a session of said Court, held
at the Probate Office in the
City of Ann Arbor in said County,
on the 19th day of August A. D.
1953.

Present, Honorable JAY H.
PAYNE, Judge of Probate.

In the Matter of the Estate of
Mayme Holt Eaton, Deceased.

It appearing to the Court that
the time for presentation of
claims against said estate should
be limited, and that a time and
place be appointed to receive, ex-
amine and adjust all claims and
demands against said deceased by
and before said Court; and that
the legal heirs of said deceased
entitled to inherit the estate of
which said deceased died seized
should be adjudicated and deter-
mined.

It is Ordered, That all of the
creditors of said deceased are re-
quired to present their claims in
writing and under oath as provid-
ed by statute, to said Court at
said Probate Office, and to serve
a copy thereof either by regis-
tered mail or by personal service
upon Bennett C. Root, the fiduci-
ary of said estate whose address
is 316 E. Main Street, Manches-
ter, Michigan, on or before the
28th day of October A. D. 1953,
at 10:00 o'clock in the forenoon,
said time and place being hereby
appointed for the examination
and adjustment of all claims and
demands against said deceased,
and for the adjudication and de-
termination of the heir at law of
said deceased at the time of his
death entitled to inherit the es-
tate of which the deceased died
seized.

It is Further Ordered, That
public notice thereof be given by
publication of a copy of this order
once each week for three success-
ive weeks previous to said day of
hearing, in the Manchester En-
terprise a newspaper printed and
circulated in said County.

0.50 acres."

6. School District Number 8,
of the Township of Freedom, and
known as the Irish School, de-
scribed as follows:

"Beginning at the northeast
corner of the east fractional
half of the northwest frac-
tional quarter; said 0.60 acres
being 8 rods east and west and
12 rods north and south, sec-
tion 31, town three south,
range four east;

Sealed bids will be accepted
by the School Board, or its sec-
retary, at the Pleasant Lake
Consolidated School, District
Number One, or at the home of
the secretary, both located on
Pleasant Lake Road, Freedom
Township, R.F.D. 1, Manchester,
until eight o'clock p.m. on Fri-
day, September 18, 1953, for
the sale of the aforementioned
properties or the school dis-
trict's interest therein to the
bidder or bidders acceptable to
said School Board for cash.

All bids received will be opened
at a meeting of the School Board
of said District at eight o'clock
p.m. on Friday, September 18,
1953, at the Pleasant Lake Con-
solidated School, District Num-
ber One. The interest of the
School District in the aforemen-
tioned properties will be conveyed
to the acceptable bidder, or
bidders, by quit-claim convey-
ance covering whatever interest
said district may have in said
property.

All bids must be accompan-

ied by deposit of a sum of mon-
ey equal to ten percent (10%)
of the amount of such bid, or
accompanied by certified check,
bank draft, or money order
made payable to the Board of
Education, and the acceptable
bidder shall within fifteen (15)
days thereafter, pay to said
Board of Education the remain-
ing balance due.

The Board of Education re-
serves the right to reject any
or all bids in whole or in part,
and to waive any informalities
therein. For further information
concerning the location of the
sites, and the interest of the
school district therein, contact
James C. Hendley, Union Sav-
ings Bank Building, Manches-
ter, Michigan, phone number
3-221.

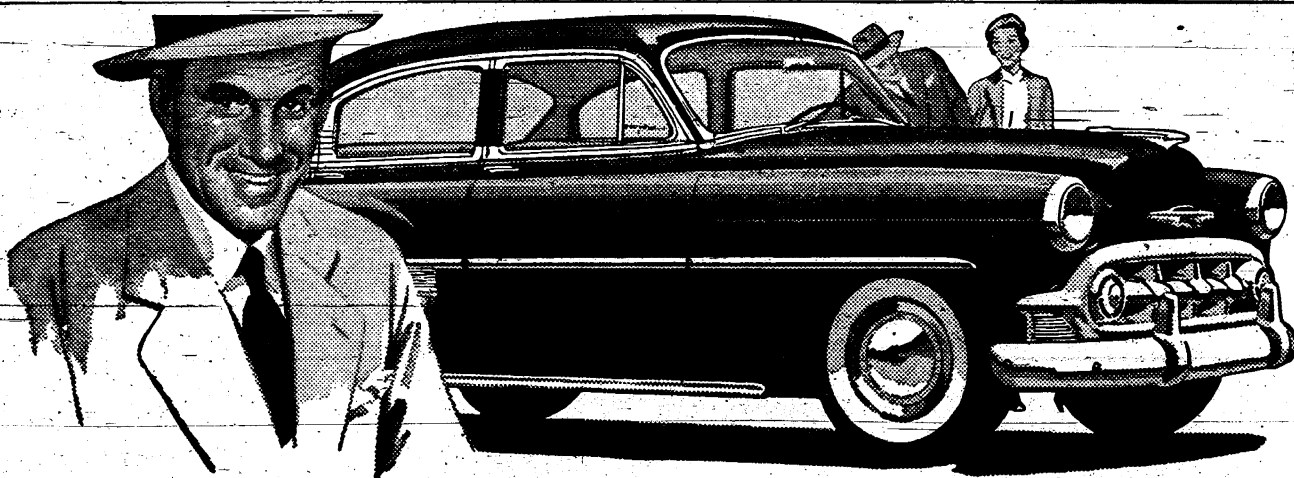

Dated: August 28, 1953.
Alton Hanning, Secretary
11834 Pleasant Lake Road
Manchester, Michigan

LOCAL BRIEFS

Mrs. Harold Wilson of Saline
and Miss Emma Schneider were
hostesses at a shower Friday eve-
ning at the Schneider home in
Manchester for Miss Lorene Bray
of Ann Arbor, who is soon to be-
come the bride of Duane Westphal
of Saline.

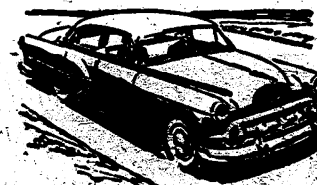

Guests were present from Allen
Park, Ann Arbor, Dexter, Saline
and Ypsilanti. The guest of honor
was the recipient of many lovely
gifts. Games were played and re-
freshments served by the hostess.

#1
FOR FLAVOR • TOAST
SANDWICHES • NUTRITION
FRESHNESS • QUALITY

This demonstration was worth
many hundreds of dollars to me!

I thought only a higher-priced car would
suit me. But then I found out how much
more Chevrolet offered for how much less!

rolet. One reason is that, model
for model, Chevrolet will weigh
up to 200 pounds more than
the other low-priced cars.

You get greater getaway
with the new Powerglide.*

A lot finer performance on a
lot less gas. That's what you
get with the new Powerglide
automatic transmission. There's
no more advanced automatic
transmission at any price.

And it's the
lowest-priced line

A demonstration will show you
that Chevrolet offers just about
everything you could want. Yet
it's the lowest-priced line in the
low-price field.

*Combination of Powerglide auto-
matic transmission and 115-h.p.
"Blue-Flame" engine optional on
"Two-Ten" and Bel Air models at
extra cost.

You're "sitting pretty"
behind the wheel

Take this Bel Air model. First
thing you'll notice is the qual-
ity of the interior. Rich-looking
appointments. Roomy seats
with foam rubber cushions.
Turn the key to start the engine
and you're ready to go.

You can see all around

You look out and down
through a wide, curved, one-
piece windshield. The pano-
ramic rear window and big
side windows provide a clear
view in all directions.

You get more power
on less gas

That's because Chevrolet's two
great valve-in-head engines are
high-compression engines. In
Powerglide* models, you get
the most-powerful engine in

Chevrolet's field — the new
115-h.p. "Blue-Flame." Gear-
shift models offer the advanced
108-h.p. "Thrifty-King" engine.

Biggest brakes for
smoother, easier stops

An easy nudge on the pedal
brings smooth, positive response

—right now! Chevrolet's im-
proved brakes are the largest
in the low-price field.

It's heavier for
better roadability

You're in for a pleasant sur-
prise at the smooth, steady,
big-car ride of this new Chev-

Let us demonstrate
all the advantages
of buying a Chevrolet now!
