Open House Planned For Bethel Church Parsonage Sunday

There will be open house at the Bethel church parsonage at 10425 Bethel Church Rd. on Sun. Oct. 11 beginning at 2 p.m. This will mark the first public inspection of the 100-year-old home which in the past seven months has undergone some drastic improvements. Rev. Theophil Menzel, pastor at the church, realizing the necessity of either repairing the structure which was literally falling apart or tearing it down decided that it would be better to try and preserve the qualities of the old and at the same time to acquire a sound, modern home complete with all of today's comforts.

This Rev. Menzel and his wife accomplished with the aid of the congregation and the entire house was torn apart, leaving only the front and two sides. Partitions were moved to allow the creation of a modern ten-room home. The long hall extending from the front door to nearly the rear of the house was removed to make for "open planning." Walls were replastered, as were the ceilings. New hard oak floors were laid and materials for these were cut from parishners woods nearby and worked into flooring. The windows downstairs were completely altered. Now they are Thermopane picture windows, where they were once the old type narrow openings with conventional glass.

The heating system is up-to-date with hot air perimeter system. Most of the work has been contributed by parishners who did the type of work for which they were best qualified.

The old has been preserved in the exterior. The white frame walls; partially carved with designs and the roof with its metal

trim along the peaks is just as it was 100 years ago when it was built.

When the congregation was sold on the idea of remodeling when the heating system failed, the members went into action, according to Rev. Menzel. To start, they donated all the lumber for floors, doors and trim. It is the best grade of oak and all came from Freedom Township. The Bridgewater Lumber Co. did the general contracting but most of the labor was contributed by the church members. The entire job took seven months, during which Rev. and Mrs. Menzel lived in Bridge-water.

One unusual feature of the home is found tucked away in an upstairs closet. Here the five large shelves are of natural whitewood. Rev. Menzel said that this wood had become virtually extinct in the surrounding region. He added that while it is soft wood it is tough, being impervious to the weather. Years ago it was used extensively for the exteriors of frame homes.

While some 25 feet of the living area has been taken off the home during the remodeling there are many large rooms left. Downstairs there are the living room, study, bath and one bedroom. Upstairs are three bedrooms, bath and an abundance of storage space.

Rev. Menzel, who has been pastor since 1948 at the church says that the first improvements of which there are any records were made in 1893 and a few were made in 1903.

The living room of the 100-year-old parsonage of the Bethel Evangelical and Reformed Church at 10425 Bethel Church Rd., Freedom Township, is seen above through the arch from the dining room. The interior is modern in every sense of the word. The exterior shows the old features. Note the metal "gingerbread" on the roof. The home is occupied by the Rev. and Mrs. Theophil W. Menzel.

According to Rev. Menzel, Reuben Finkbeiner, foreman of the Bridgewater Lumber Co. did a remarkable job in engineering the work of remodeling. The heating plant was installed by Herman Kuebler of Manchester.

Five Properties Annex To Manchester School District

Solicitors Named For Community Chest

GEORGE JOHNSTON
RESIGNS AS PRESIDENT

Manchester area Community Chest solicitors will gather at Rows Corners Church at 6:30 Thursday night, October 8, to get final information and supplies for the local Red Feather Drive. Approximately sixty volunteers will solicit aid for forty different agencies in a campaign scheduled for two weeks, Oct. 12 to 24.

The kick-off plans include supper at 6:30 sharp with the program and instruction relative to the drive at 7:10. The major part of the meeting will be over by 8:00 in time for people having other meetings to attend.

The Special Gifts Committee which solicits the business districts with Don Sutton as chairman and L. P. Wurster, co-chairman includes Ben Robt. Robert Huber, Harold Alexander, Ray Tirb, Willard Mann, Harold Burch and Toss Knorrpp. Rev. Bunney is in charge of organization.

The factory committee with Lawrence DeVerna, includes Ed Galloway, Mrs. James W. Cannon, Mrs. James Baker and Mrs. Irvin Gill.

Mrs. Allen Schaffer is chairman of the house-to-house division for the Village with four captains and their teams. Mrs. Alvin Clark's team is Mrs. Fred Atkinson, Mrs. Jacob Layer, Mrs. Robert Armentrout, Mrs. George Knouse, Mrs. Herman Kuebler, Mrs. Allen Benedict, Mrs. Paul Ernst, Mrs. Lowell Parr and Mrs. Earl Knickerbocker.

Mrs. Harold Alexander is captain for Mrs. Richard Britten, Mrs. Tom Lockridge, Mrs. Lawrence Scheid, Mrs. Norman MacLeod and Mrs. Webster Schill.

Mrs. Don Sutton's team includes Mrs. Elwood Pniowski, Mrs. Paul Marshall, Mrs. Carl Schaible, Mrs. Harry Sutton and Mrs. Fred Alber.

Mrs. Earl Koebbe is captain for Mrs. Dan Boutell, Mrs. H. B. Altenbernt, Mrs. Ray Tirb, Mrs. John Bunney and Mrs. Ray Gonyer.

Sixteen rural districts are divided into three teams with Mrs. William Palmer as chairman for the division and captain of the team for McMahon, Mrs. Joe Walkowke, Spafford, Mrs. Lawrence Kemmer, Zimmerman, Mrs. Matcomb Billings, Matson, Mrs. Loren Trolz, and Pierce, Mrs. Wm Dresselhouse.

Mrs. Allen Alber is captain and solicitor for Rows Corners; Davidter, Mrs. Ernst Kemmer; Sharon Hill, Mrs. Paul Wahr; Dorra, Mrs. Ruben Hesel, Schwerdt, Kraft, Mrs. Arthur Strahle and Everett, Mrs. Elmer Below.

Mrs. Erwin Buss has contacted volunteers for Short, Mrs. Leonard Dayss; Oak Ridge, Mrs. Robert Kirk; Dewey, Mrs. Herman Wiedman; Paul, Mrs. Earl Mann and Mrs. Frank Ashton, and English, Mrs. Arthur Scherd.

Five properties in the English school District (Manchester District No. 7) totaling 478 acres were transferred to the Manchester Public Schools by joint action of the Washtenaw County and Manchester Public School Boards of Education.

Owners of the five properties petitioned to be taken into the village district. Earlier this year, five other properties had been transferred.

The individual petitions came after the district as a whole had turned down annexation to the larger Manchester Districts to the north. Manchester annexed 14 other primary rural districts last spring including Oakridge (Manchester District No. 6) standing between English and Manchester Village.

The properties transferred in this, last transaction belonged to Mr. and Mrs. Donald Uphaus of 14731 Brewery Rd., 114 acres Mr. and Mrs. Leon Green of 19990 Bowins Rd., four acres; Mr. and Mrs. Harold Van Etten of 20070 Bowins Rd., 180 acres; Mr. and Mrs. Orie Hand of 20171 Bowins Rd., 80 acres and Mr. and Mrs. Otto Trinkle of 20360 Bowins Rd., 100 acres. Until this transfer Orie Hand was director of the English school board.

The English school is operating now with four pupils. Only three pupils were involved in the transfer, two in high school and one eighth grader also attending Manchester.

Band Boosters Meet For First Meeting

The Band Boosters held a pot luck supper on Monday evening with 60 present. Kenneth Kemmer and Paul Wahr talked on their two weeks at Interlochen which was sponsored by the Manchester Band Booster's Club. The boys played several recordings of musical numbers in which they took part while at Interlochen.

Announcement was made of the officers for this year as follows: president, Richard Spafard; vice president, R. C. Sotorband; secretary, secretary treasurer, Mrs. Dan Boutell.

Committees for next year will be announced by president Spafard.

The 1953-54 budget includes the same number of national and local agencies as last year. There is the United Health and Welfare group with its thirty agencies for polio, blind, or disabled persons, the U.S.O., Travers Aid and the best of the nationally known welfare groups; the Salvation Army; Michigan Crippled Children, American Cancer Society Boy and Girl Scouts, Cubs and Brownies, High School Area Band, Student Council Educational Fund; Civic parties for Halloween and Christmas for all children in the area and the Manchester Recreation Program which also includes the entire school area.

Main Street

Here on Tuesday afternoon we are having a much needed rain—which according to the weather man, will end with much cooler weather and it is predicted that we'll be experiencing our first real frost of the season tonight. One of the things which invariably happen when we attempt to forecast the weather a day or two in advance is to find that two days later we have just the opposite—and in this case our feelings won't be hurt because we'll welcome some more of the nice warm weather we have been having—even if it makes us out a very poor weather prophet.

We were interested to learn that Mr. and Mrs. John Gauss had as guests on Sunday their son and wife, the Herman Gauss.

and their son and wife, Mr. and Mrs. Duane Gauss and their little son Gordon Dale all of Adrian, and Charlie Stringham of Manchester, which made four generations with two of Gordon's great-grandfathers present. We understand that several family pictures were taken during the afternoon.

Probably one of the happiest persons around Manchester is Rev. Adolph Bergman, pastor at the Methodist church here, who on Tuesday received a letter from his mother, Mrs. Olia Bergman, now in the British sector of West Berlin, saying that she plans to leave Berlin by plane on November 1 to come to the United States. Upon her arrival she plans to stop off at Stamford, Conn., to visit her son, Robert Tornet, before coming to Manchester where she plans to live with her son here. Mrs. Bergman will observe her 72nd birthday on October 24th.

Manchester is going to be short one doctor from October 12 to October 25 when Dr. A. P. Holstein, M. D., will be at the University of Illinois where he will take a post graduate course.

It is not uncommon to hear of a person being in the hospital for one reason or another. But when four children, all in one family troupe into the hospital and decide it's time to have their tonsils taken out, that's another story. But last Saturday, Ann, Lucille and Janice Buss and their younger brother Paul were ushered into the Saline General Hospital by their parents, Mr. and Mrs. Fred Buss—and the four had their tonsils removed. The doctor even arranged for them to have the same room. Mrs. Buss explained later that they thought it might be best to all go at once—then no one could discourage one of the others in having hers out. Here at the office we particularly miss Ann, who, for sometime has been helping run various errands around the office.

We have been asked to make clear that the Young Adult class of the Methodist church will meet at 7 p. m. Sunday for a potluck supper at the home of Mr. and Mrs. James Cathey and Art Cathey, formerly known as the Cora Waters home at 201 West Duncan Street.

Goodwill Truck To Be Here Tuesday

The fall campaign for the materials to maintain the record breaking employment of handicapped persons at Goodwill Industries is now underway.

Particularly needed are contributions of clothing, shoes, hats, furniture, toys, dishes and small appliances. These materials will enable Goodwill Industries to provide employment for many handicapped men and women now on their payroll.

This will be the second time that the Goodwill Industries have sent trucks to Manchester. The truck will be here on Tuesday, October 13.

The Girl Scouts of Manchester are going to have a house to house canvass and leave bags to be filled by the folks in town. Then persons will have three alternatives for collection:

1. They can give their name and address to the girl who gives them the Goodwill bag.
2. They can send a post card to Mrs. Francis Cargo who is the person in charge of the Manchester collection or drive.
3. They can stop and see Mrs. Cargo at the Hill-Top Orchard.

She makes one request. "No phone calls, please."

Mrs. Cargo reminds the local folks that Goodwill Industries of Jackson will collect almost everything except newspapers, magazines and large pieces of heavy furniture. These articles collected are taken to the Jackson workshop and are repaired and sold at their retail store.

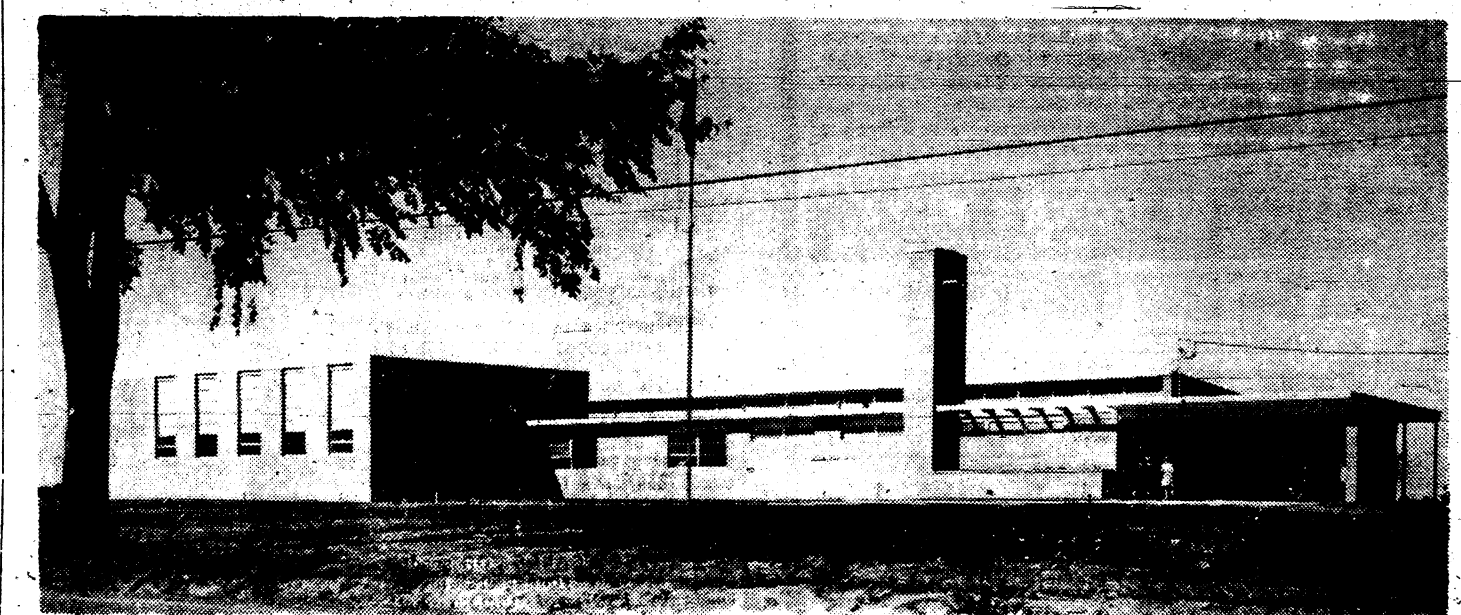

For people living in the rural area who wish to obtain a bag to fill for this drive, Mrs. Cargo says she will have some at the stand at the Hill-Top Orchard on M-11 for distribution to these people.

80th Birthday

On Sunday, September 27, a birthday party was held at the home of Mr. and Mrs. Gottlob Huber honoring Mr. Huber's 80th birthday and the birthday of Mrs. Gottlob Huber and several other family birthdays including those of Mrs. Louie Renz, Mr. and Mrs. John Huber and Mrs. Hannah Haab all of Ann Arbor.

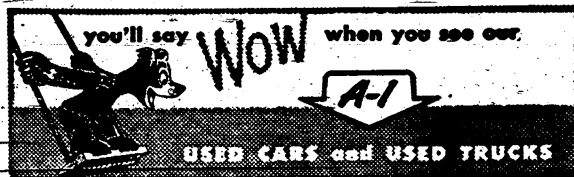

A chicken dinner was served at noon to 25 members of the family and friends on Monday which was the birthday of Mr. Huber, the family gave him a card shower at which time he received more than 80 cards.

Pleasant Lake School To Be Dedicated Oct. 25

The entire Pleasant Lake community will join in on October 25 in a special dedicatory program to celebrate completion of its new \$125,000 consolidated elementary school. Children from the former Silver Lake, Irish, Dresselhouse, St. Thomas, Pleasant Lake and Kuebler school districts, which were consolidated in February, 1952 are already attending the new school. Funds for its erection were voted in a special election held in June of that year. There are accommodations for a maximum of 175 pupils. Architect Walter Anicks of Ann Arbor designed the building.

A reserve of precious water can mean the difference between a bountiful harvest and just an ordinary crop.

The Allis-Chalmers CA Tractor with subsoiler penetrates to a depth of 18 inches and shatters hardpan. This permits more water to accumulate in the subsoil and allows plant roots to penetrate deeper in search of water and plant food.

Low-cost subsoiling with your own equipment is another advantage of owning an Allis-Chalmers CA, WD or WD-45 Tractor. Automatic Traction Booster and low, forward, single hitchpoint give necessary traction for real subsoiling with a wheel tractor.

State Studying Scout Bid for Added Bruin Lake Land

The Michigan Conservation Commission today is studying a compromise request of the Portage Trails Boy Scout Council (composed of Washtenaw and Livingston counties) to lease 42 more acres of land for the council's Bruin Lake Camp.

The commission leased 37 acres near Bruin Lake in Lyndon township to the council a year ago. The council says it needs a total of 100 acres to adequately serve present and future needs.

After a two-day meeting with Scout spokesmen ending yesterday at Haven Hill Lodge near Milford, the commission tabbed action on the compromise amount of 42 acres and visited the site in question.

The commission's next meeting will be Oct. 15 and 16.

Representing the council were Rep. Lewis G. Christman of Ann Arbor and Rep. Joseph E. Warner of Ypsilanti, George W. Langford of Ann Arbor and Arthur F. Nissly of Ypsilanti, members of the council's new camp site committee, and Joe A. Juncker, Scout council executive.

Christman told the commission the original lease has proved too small for the needs of the 3,000 Scouts and 1,000 leaders in the council.

Christman originally proposed a one-year lease of the 42 additional acres until the council could purchase other lands to trade with the commission for the Bruin Lake land. That plan was dropped by the council during the discussion.

The council originally asked for a scenic bluff overlooking the lake for the site of the main camp lodge. Conservation Director G. E. Eddy said he could not agree to removing "one of the most beautiful sites in the area" from general public use.

The commission resisted pressure from Scout spokesmen to approve the lease on the spot.

Newly appointed commissioner Shirley W. Allen of Ann Arbor said he was "disturbed at the constant nibbling away of public recreation land for restricted use."

Langford said national Scouting officials recommended at least an acre per camper and on that basis at least a 100 acres are needed to handle expected needs. Last summer as many as 85 campers were crowded in at a time.

The camp was in use for eight weeks last summer, he added, and with the expected increase would be in use all summer.

"Lost Stars" Main Sky Attraction During October

The mystery of the "lost Pleiad" will occupy star gazers during the month of October.

Miss Hazel M. Losh, University of Michigan associate professor of astronomy, explains that soon after dark this month the northeast heavens will feature the Pleiades cluster of stars. The unaided eye can catch six stars in this constellation, formed like a small dipper, the professor says.

"There is little doubt that a seventh star, now faint, was originally brighter and visible to the naked eye," she continues. In fact, sometimes as many as nine or ten stars can be detected in the formation, but they have a way of blinking and slipping from view, Miss Losh states.

Jupiter will make his appearance in the skies around 10 p. m., a few degrees to the north of the east point, the professor points out. On the evening of October 25, the gibbous (between quarter and full) moon will pass only three degrees above Jupiter, aiding in the identification of this bright planet.

Venus, a morning planet, which is about three or four times as bright as Jupiter, will rise about two hours before the sun, Professor Losh states. The last object visible, other than the moon,

usually are observed on a clear night. "However, they will be due to stragglers from two scanty showers scheduled for the month," she concludes.

Two other bright stars will be seen in the October skies, the astronomer says. The yellow Capella (The Goat) is a corner of Auriga (The Charioteer), a large five-sided constellation.

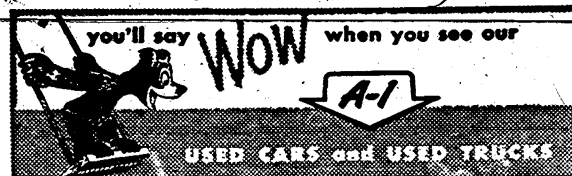

Professor Losh points out that "the early Arabs called Capella 'The Driver' because its brightness caused it to be observed earlier in the twilight than the other stars."

Just below Capella are three faint stars that form a small triangle known as "The Kids." Slightly north of east is a large "V" shaped figure of stars, lying on its side as it rises. Miss Losh explains that these stars (The Hyades), invariably were associated with rainy and inclement weather by the ancients.

Also called Taurus (The Bull), this group has at the lower end of the "V" the orange star Aldebaran, called the fiery eye of the Bull or "The Follower," because it follows the Pleiades.

Moonlight for this month will be plentiful, according to the professor, with a full Hunter's Moon appearing October 22. It rises at approximately the same hour for several nights in succession, which is a great boon for the hunting season, hence its name.

Meteors will take a modest role in astronomical displays this month, Professor Losh says, with a few more showing up than us-

LEFT-HANDEDNESS

by Science Features

The problem of a left-handed child in a right-handed world is one which has occupied psychologists — and parents — for a good many years. Should the child be forced to change? Should he be left alone?

Dr. Gertrude Hildreth, a university psychologist who has made an exhaustive study of left-handedness, believes that children are not born left-handed. At a fairly early age a child may show a preference for the right or left hand — but it is only a preference.

For this reason, Dr. Hildreth believes that it is important to begin training a child to use his right hand while he is in the crib-and-high-chair stage, before the preference becomes a deeply engrained habit, if you wish to train him at all. Here are a few ways this can be done:

Always place toys or silverware near his right hand — but never take them out of his left hand once he has them there. Hanging rattles and other toys on the right side of the crib or carriage may encourage the baby to use his right hand. A toy watch or bracelet on the right wrist may draw attention to the right hand.

However, if the child persists in using the left hand he should be allowed to do so. Constant criticism may make him feel he is "different" and can lead to personality problems such as stuttering when he starts school.

Jerry Fennel is attending Jackson Junior College and William Aiken and Joyce Hughes have enrolled at Jackson-Business College. Marjorie Fisk is studying to be a nurse at Ford Hospital at Detroit.

New Choir To Be Formed At Emanuel

A Junior Choir is being organized by the Emanuel Evangelical and Reformed Church of this community. A group of children of Junior Choir age sang for the service recently and their efforts were very well received. Children's voices have a freshness and flute-like quality that is very pleasing, and it is believed that such a Choir will be of benefit to the Church both to sing in the service when called upon and as training for the regular choir.

The first rehearsal of this choir will be held on Thursday afternoon, Oct. 15, at 4:30 in the Parish Hall. All children of the Sunday School of the Congregation who are of Junior or intermediate age are eligible to attend. (This would take in all children who have started in the upstairs division of the Sunday School through the confirmation age, or from the fourth through the eighth grade in school.)

Mr. R. C. Sortor, organist and music director of Emanuel Church will direct the group. He will be assisted by several choir mothers: Mrs. Dan Boutell, Mrs. Paul Ernst and Mrs. Frank Lowery, jr.

Mr. and Mrs. Albert Stokes of Lincoln Park were also guests of the Kirks. Ice cream and cake were served and Susie received many lovely gifts.

F. B. I. Chief Indicts Broken Homes

By J. Edgar Hoover, Director, Federal Bureau of Investigation

ONE WINTER EVENING while idly chatting, Allen, age 17, confided in his 18-year old friend, Bill, that he was "broke" and would like to make some money. Burglary, they decided, would answer their problem.

They entered an electric service company by forcing the rear door. The boys broke in to the safe and removed several rolls of money. Before leaving, they set fire to the building. Police picked up the youths before they had gone a block. Both boys were armed.

Mr. Hoover

BILL WAS TURNED over to juvenile authorities. Because of his record, he was sent to the State Training School. Allen was indicted by the grand jury on two charges of burglary and one charge of arson, and was sentenced to two years probation on each charge.

Allen was the product of a broken home. His parents had been divorced several years and his mother had remarried. Allen left home to live with his brother because his father drank excessively and was abusive. At different times Allen lived with his brother, his father, and at various rooming houses. Although his mother asked him to live with her, he was living in a shabby rooming house at the time of his arrest.

Allen admitted participating in four burglaries with Bill and stealing a gun.

BILL'S FATHER had remarried and both parents had children by previous marriages to support. Bill's school records show that his grades were poor and that he was often tardy or absent. He was sullen and had the habit of lying and stealing and frequently fought with his brothers and sisters.

This case shows the evils of broken homes. To remedy the problem of youthful crime, we must strengthen the spiritual structure of our homes. Parents, as the child's first teachers, must dispense along with love and affection, an over-flowing measure of moral and ethical teaching. The future of America demands that we show every child the necessity of placing family and national interests above his own.

IN TRAINING their children, many parents discount or eliminate the teachings of God. In their eagerness to prepare their children for the material things of the world, they miss the most important thing—religion. Their failure to instill in youngsters the necessity to follow established moral and ethical teachings places their security and ours in jeopardy.

Max Spike Exhibits At International Dairy Show

Max Spike, of Saline, a well known Washtenaw county Jersey cattle exhibitor, has listed entries for the competitions of his breed at the first International Dairy

Show to be held in Chicago October 10 to 17.

The big dairy show which is attracting exhibition herds from the continent's top breeders, will be held in the recently air-conditioned International Amphitheatre, site of last year's political conventions, and home of the 53-year-old International Live Stock Exposition, under whose management the Dairy Show will be held.

More than 27,000,000 Americans moved to new homes during 1952, according to a commercial survey. Family's Taxes Averaged \$1,723

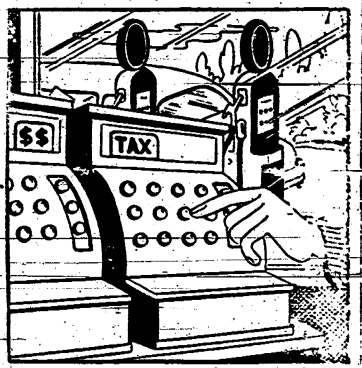

(No. 12 of a series)

Who Builds and maintains practically our entire road system?

You Do. Yes, you do. The public—you—the taxpaying you. The using public, in "use" taxes, has paid for the roads, and for much more. For millions of dollars have been diverted—spent for other things.

These Other Things may be fine and necessary, but the hard fact is that our highway system is not yet good enough to meet all the needs of the public. Until it is that good, you can't justify spending highway revenue for anything but building and maintaining roads.

In More Than 20 states it is now unconstitutional to divert road-tax

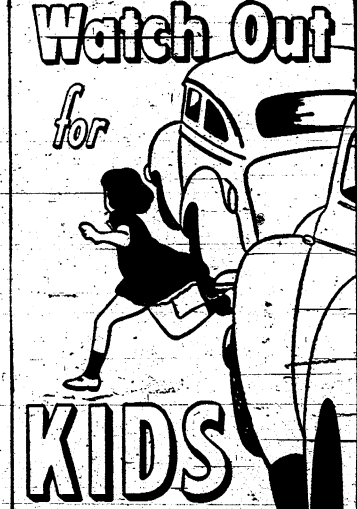

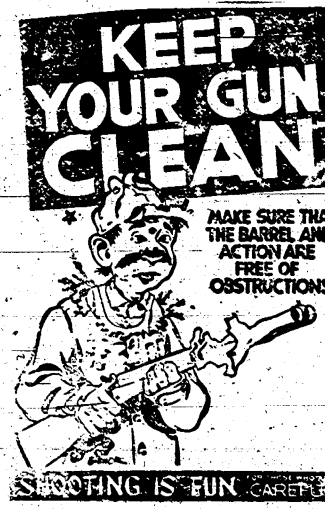

money. It should be so in all the states.

When you buy a car, a truck, license plates, or a gallon of gasoline, you pay taxes that should buy you an ever-improving road system. Commercial users of the roads pay even more than the general public. Although less than a fifth of all the vehicles are owned by motor transport interests, their users pay nearly a third of the total use taxes.

Remember this, too. There are many other beneficiaries of good streets and highways beside the people who drive on them. The land owner profits when his land is more accessible. Highways are essential in transacting public business, in war, in providing police and fire protection and access to schools.

Two Facts, then, are self-evident. One is that motor transport already pays its full share for the use and maintenance of roads, and the other is that America's highway system would be vastly better if millions in "use" taxes had not been diverted.

Manchester Community Fund Annual Meeting

Millard Uphaus, new president of the Manchester Area Community Chest, announces that \$3,800 will be required by the Chest for 1953-54 according to present requests and estimates. Forty different agencies are scheduled for assistance from the Fund again this year. All but two of the major national agencies will participate the same as last year.

The financial report for 1952-53 made at the annual meeting, September 30 is as follows:

Balance on hand Sept. 1952 \$1081.16
Receipts for 1952-53 Fund Drive \$5102.46

Disbursements for 1952-53
Administrative expenses \$177.15
Civic Santa Claus party 150.00
Manchester Area Band 400.00
Student Council 155.00
Girl Scouts 376.00
Manchester Area Recreation Dept. 500.00
Cub Scouts 100.00
Boy Scouts (Portage Trail Council) 400.00
Salvation Army 250.00
United Health & Welfare 806.12
Michigan Crippled Children 175.00
Refund to Red Cross from Argus Co. 15.60
American Cancer Society 300.00

Balance on hand Sept. 1953 \$1297.59

An analysis of the Fund's disbursements shows 4.4% for administration of the fund, \$2081 for the benefit of local agencies and \$1546.72 for thirty-four state and national agencies.

The quota for this year's drive has been set by the board at \$3500. The campaign opens Oct. 12, with the solicitors getting their supplies October 8. It is hoped that the area will be completely solicited by Oct. 24.

At the annual meeting of the Chest, George E. Johnston resigned from the board after 8 years as president of the organization. Under Mr. Johnston's guidance the Community Chest grew from a small civic committee to an incorporated branch of the national Community Chest.

New officers for 1953-54 are Millard Uphaus, president; Rev. Karl H. A. Rest, vice president; Lawrence DeVerna, treasurer; Mrs. Phillip Kern, secretary.

Board members elected for three-year terms were Herbert Jacobs, Rev. Bunney, Mrs. Ray Tibb and Mrs. Franklin Reck. Marvin Oates was elected to the two-year term made vacant by Johnston's resignation.

Again the Community Chest announces that the Red Feather Drive is an effort to combine

Farm Fire Loss Blamed on Neglect of Easy Rules

(National Safety Council Photo)

Last year fires like this cost American farmers 133 million dollars. Most could have been prevented or kept small. To prevent this kind of disaster on your farm, carry out these simple rules now: 1. When building or remodeling, use non-combustible materials. All-steel structures, such as Quonsets, minimize spread of fire. 2. Protect all your buildings (including those of steel) with well-distributed, properly grounded, tightly-connected lightning rods.

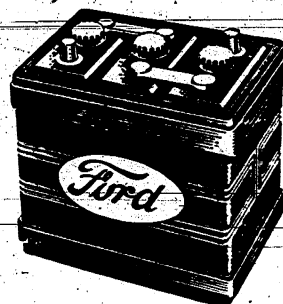

3. Make sure electrical wiring is in A-I shape. 4. Put heating equipment and chimneys in good condition. Make sure that every person who turns on or regulates heating equipment knows how to do it. 5. Take or mow. Check temperature of hay for six weeks. 6. Put fire-fighting equipment in every building and make sure that everybody on the farm knows where it is and how to use it.

as many worth while agencies and projects as possible in one big campaign. The public attitude toward other solicitations for funds is the only way groups can become part of the Fund family. Applications for participation in the Fund should come to Millard Uphaus for board consideration. There were no new projects submitted at the annual meeting.

Frank Brown L. V. Kirk, Nelson Short and Earl Alber left Thursday for ... and where they plan to spend a couple of days leaving the G. E. Company's experimental laboratories.

Mrs. John Dunny, Jr., entertained fifteen little friends in honor of her son Greg's third birthday. Games were played and ice cream and cake served. Greg received many nice gifts.

Atlas Milling Co.

Expands Operations

Atlas Milling Company has been established as the agent for Honegger feeds in this area, according to an announcement made by Sam R. Honegger, Chairman of the Board of the firm which operates feed mills at Fairbury and Forrest, Ill., Mansfield, Ohio, and Athens, Georgia.

Paul Hoyt, of Atlas Milling, points out that the completeness of Honegger livestock and poultry programs, backed up by continuous experimental work and farm testing, has met favorable farm reaction wherever the company's products have been introduced. Honegger's have a wide variety of feeding programs, that are built around 74 different kinds and types of feeds, supplements, and concentrates, according to Hoyt.

Commenting on the new development, Hoyt said, "we feel that we have been very fortunate in securing the local dealership for Honeggers, inasmuch as they are considered the nation's outstanding feed manufacturers. Honegger's products are distributed by some 300 feed stores in 14 Midwest, Eastern, and Southern States."

In addition to the various feeds, Hoyt announces that his firm will also offer Honegger Leghorn chicks as well as pre-fabricated poultry houses, hog houses, range shelters, and other livestock equipment which completes the Honegger line.

Mr. and Mrs. Frank Ashton and Sally and Mr. and Mrs. Charles Brady of Toledo attended the game at Ann Arbor on Saturday and the Bradys were dinner guests of the Ashtons.

each of their unknown heirs,
devises, legatees and assigns,
Defendants

At a session of said Court,
held at the Court House in the
City of Ann Arbor on the 22nd
day of September, 1953.

Present: Honorable Philip J.
Glennie, Circuit Judge

On reading and filing the bill
of complaint in said cause, and
the affidavit of Stanton G.
Roesch attached thereto, from
which it satisfactorily appears
to the Court that the Defen-
dants above named, or their
unknown heirs, devisees, legat-
ees and assigns, are proper and
necessary parties defendant in
the above entitled cause; and

It further appearing that af-
ter diligent search and inquiry
it cannot be ascertained, and
it is not known whether or not
said Defendants are living or
dead, or where any of them may
reside if living, and, if dead,
whether they have personal
representatives or heirs living,
or where they or some of them
may reside, and further that
the present whereabouts of
said Defendants are unknown,
and that the names of the per-
sons who are included therein
without being named, but who
are embraced therein under the
title of unknown heirs, devisees,
legatees and assigns, cannot be
ascertained after diligent search
and inquiry;

On motion of Stanton G.
Roesch, attorney for Plaintiff,
it is ordered that said defen-
dants and their unknown heirs,
devisees, legatees and assigns
cause their appearance to be
entered in this cause within
three months from the date of
this Order, and in default there-
of that said bill of complaint
be taken as confessed by said
Defendants, their unknown heirs
devisees, legatees and assigns.

It is further ordered that
within forty days Plaintiff
cause a copy of this Order to
be published in the Manchester
Enterprise, a newspaper printed,
published and circulated in
said County, said publication to
be continued therein once in
each week for six weeks in suc-
cession.

Bowling News

By Rolly Grossman

The bowlers found the alleys and pins more to their liking this week at the Chelsea Bowling Alleys in the Manchester Businessmen's League.

Especially so were the fellows on the A.B.C. Service team as they swamped Klagers Hatcheries by taking all 4 points. Dewey Hartbeck (507 series), Roy Marx (506 series) and Bob Clark (577 series) were the chief offenders for the Service men.

Also, especially "hot" was the kappler Contractor team as they took 3 out of 4 points from Widmayer Sales and Service. The high spot in this match was provided by Homer Kappler as he got the first 600 series of the season which was 606. His series was the high for the night as well as his 252 game which is high game for the season. Bill Warner had a 540 series and Speck Kappler a 520 series for the Contractors, while Lyle Widmayer threw a 516 series for the Sales and Service team. The Kappler team had a 924 game that is high single team game for the season.

Short's Electric Service grabbed 3 points from Jan & Jim's Grill team with Ralph Wurster (507 series) for the Electric team being the high bowler in this match. Mann's Miller's were lucky to get by Double A Products by taking 3 close points. Most of the bowlers got their averages in this match; but there weren't any 500 series showing at the end.

Mary's Tavern got 3 very close points from Carl M. Schaible Inc. The Tavern bowlers got the 3rd game by 4 pins and total pins by 14 pins. Duane Roller for the Schaible team threw a 531 series but it wasn't quite enough. K & W Farm Supply swept all 4 points away from Spike's Mobil Service although the second game was won by one pin. Jim Sloat had a 512 series for the Mobile team.

The fellows who had a 200 game or better were: Homer Kappler, 252; Bob Clark, 245; Ed Galloway, 212; LeRoy Marx 207, and Lyle Widmayer, 200.

Kappler's Contractors team has the season's high team series (2622) and Kapplers Contractors have the high team game (324) Homer Kappler got his high individual game of 252 and the high individual series (606).

Manchester Women's Bowling Association

Tuesday night, September 9 was a rather quiet one for the women bowlers with one exception. Schaffer Lumber Co. soared to the top of the league standings by taking 3 points from Widmayer Hardware & Furniture. Widmayer's had one thought, to console them as they dropped deeper into the cellar—they still hold the high team single game with 765. It's no wonder that Schaffers took over the top spot. When checking the figures we find that three members of their team had series over 450. Joyce Schaffer turned in a 487; Ica Schaffer a 462 and Betty Schaible rolled a 452. Heen Welsh of Hamilton's Market had a 456 series.

Carl M. Schaible, Inc. may have dropped from 1st to 3rd place in the standings but no one has been able to better their high team three game total of 2144 nor has anyone been able to break Edna Knauss' hold on that high individual single game score of 199.

Five girls had games over the 165 mark this week. They were: Ica Schaffer, 189; T. V. Ludwick 176; Heen Welsh, 175; Betty Schaible, 174 and Joyce Schaffer 168.

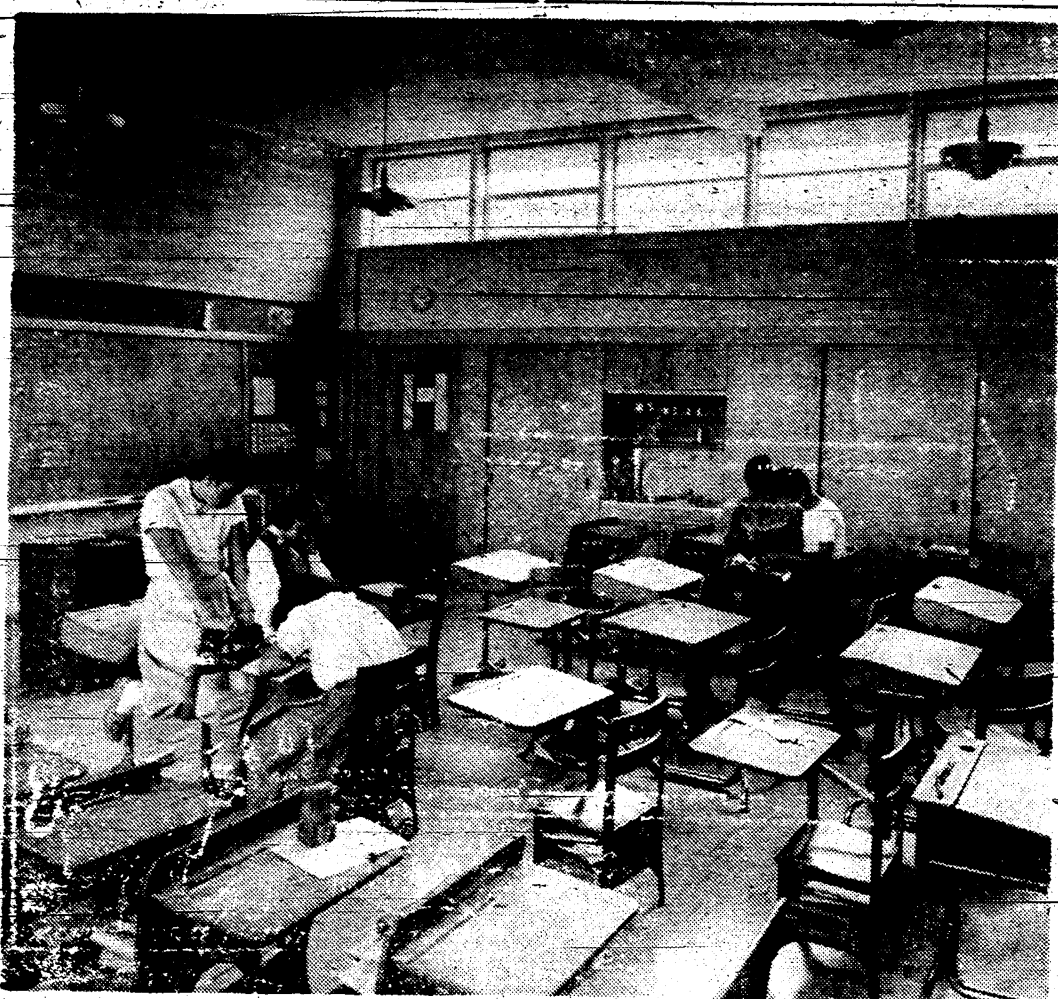

Maybe next week somebody will break 200?
