EIGHTY-SEVENTH YEAR

NUMBER 9

MANCHESTER, WASHTENAW COUNTY, MICHIGAN

THURSDAY, NOV. 5, 1953

FIVE CENTS PER COPY \$2.50 PER YEAR IN ADVANCE

## Two Local Boys Are Take-it-easy Champs

Kenneth Kemner and Gary Dresselhouse, both of Manchester, are the 1953 take-it-easy car-driving champions in the first Raisin Valley Economy Run, which took place on a 97-mile course last Sunday afternoon, November 1.

The high school drivers of four towns took part in the take-it-easy race, the object of which is to cover a course with the lowest possible consumption of gasoline. The towns were Manchester, Brooklyn, Clinton, and Tecumseh. In all, 55 entrants, both boys and girls, took part.

Kenneth Kemner, with Toss Knorpp as observer, drove a 1953 Plymouth with Walter Vogt as observer, made 30.18 miles per gallon, but since his car was lighter than the Cadillac his ton mileage was only 54.28, as compared to 61.12, and it is on ton-miles that the prizes are awarded.

Gary Dresselhouse, driving a 1953 Plymouth with Walter Vogt as observer, made 30.18 miles per gallon, but since his car was lighter than the Cadillac his ton mileage was only 54.28, as compared to 61.12, and it is on ton-miles that the prizes are awarded.

These two contestants will be awarded sweepstakes trophies at the Manchester Exchange Club dinner Monday, November 9th. The trophies are provided by Farm Journal Magazine, which published the first experimental race run at Manchester in November, 1952. As a result of his first article, some 400 requests for information were received and more than fifty communities in all parts of the country have all held take-it-easy races modeled after the Manchester pattern. Other winners will also receive trophies at the dinner.

The three towns cooperating with Manchester did far better in their first year than Manchester did a year ago. Clinton's winner in the standard class was Jack Hill, who drove a 1953 Chevrolet and made 26.26 miles per gallon, or 50.27 ton-miles. Gene Whitman, who drove a 1952 Ford in the overdrive class to 24.63 miles per gallon or 46.06 ton-miles.

In Tecumseh, Bette Drifill got 18.74 miles per gallon and 44.16 ton-miles out of a Buick with automatic transmission for first place in the standard class. Peter Rhein in a Ford 6 won the overdrive with 27.96 miles per gallon or 50.33 ton-miles, a surprising first year record.

Brooklyn had no entrants in the overdrive class, but in the standard, Charles Bernyre in a 1953 Chevrolet made 23.76 miles per gallon or 46.64 ton-miles.

Other Manchester winners are as follows: Overdrive, second place, John Cargo, 1952 Studebaker, 28.81 miles, 51.43 ton-miles; third, Jack Furgason, 1953 DeSoto, 22.91 miles, 50.26 ton-miles. Standard class, second, Gail Koebbe, 1952 Cadillac with hydromatic, 21.80 miles, 53.32 ton-miles; third, John Weinhardt, 1948 Kaiser, 25.08 miles, 51.65 ton-miles.

Mrs. F. M. Reck attended the Michigan Library annual conference at Grand Rapids from Thursday through Saturday.

## Manchester Defeats Stone School 36-18

A return football game with the Stone School caused the local sixth grade team to leave their classes a half hour early on Monday afternoon and journey to the Carpenter school where the game was played.

Mr. Sheldon Chambers, a University of Michigan Physical Education student, acted as referee. Stone school won the toss-up and elected to receive. Buddy England kicked off.

Stone school made the first touch-down and England came back with two touch-downs in the first quarter.

In the second quarter Stone school scored again, but Manchester couldn't be out-done as

#### March in Parade

It was estimated that between three and four hundred children took part in the Halloween parade at Manchester on Friday evening. The parade formed in front of the Manchester township library and marched up town to the E. G. Mann mill where the judging took place.

In the rural school division first prize went to the Rowes Corner school where costumes represented the United Nations, and a hunting theme was carried out by the Spaford school which placed second. Judges for the affair were Rev. J. A. Beardsley, Mrs. Ray Kerr, and Marian Farrell. Judging was based on significance to a particular theme or event, the conduct of the students involved, and the costumes.

Judges for the grades as a unit were Mrs. Raynor Haessler and Mrs. George Morrison. First place went to Mrs. Birdella Flood's first grade that was dressed to represent a zoo; the kindergarten was in second place and was directed by the teacher, Mrs. Susan Peters. In third place was Mrs. Mabel Pardee's second grade.

Judges for characterizations were William Kramer, Mrs. Donna Moehn and Mr. and Mrs. Ray Tibb. The characterizations were as follows:

Oldest appearing person, Tommy Unhaus; youngest appearing person, Karen Knickerbocker; fattest appearing male was Bonnie Heckaman and the fattest appearing female was Bruce Oates. Vickie Widmayer was given the prize for being the best dressed male and Alice Mae Maurer for being the best dressed female. Christie Allen was the worst dressed male and Alice Maurer was the worst dressed female. The tallest appearing person was DeLores Senkewetz dressed as a rabbit, and the tiniest appearing person was Valery Widmayer.

Prize for the worst dressed couple went to Martha Boutell and Deloris Budnik and prize for the most unique couple was awarded to Mrs. Harold Haarer and son Harley; most frightful witch was Lorraine Schable, most ghostly ghost was Buddy England.

Prizes for the most unique costumes went to: the three Romehardt boys, Ronnie, Larry and Michael, who were dressed as rabbits; in second place was Arthur Feldkamp as Micky Mouse and third place winner was Judy Kirk dressed as a Dutch girl.

Tre-prize for the worst dressed female is at the Enterprise office and may be collected at any time by the winner.

### Gas Station Changes

#### Owners

Virginia Esch of Pleasant Lake and Madelon Johnson of Ypsilanti took possession of the Standard Service & Gas Station at Pleasant Lake on November 1 which they purchased from Frank Weiss who had owned the business for the past fifteen years.

Bridgewater Tavern takes on fall and hunting atmosphere. Many residents of Bridgewater contributed various hunting and fall harvest items to Glen Barnes, proprietor of the Bridgewater Tavern and local barber who then used his talent to make a very nice display on the wall of the tavern. Along with many harvest items he has a pheasant, bear, etc. all in a setting of natural fall colors which adds up to something worth seeing. So while in Bridgewater, stop in and see Glen's display.

## Main Street

It is not the custom of the Enterprise to eulogize at the passing of any of its citizens as we believe that our lives speak for themselves—but we do write a Main Street column and traffic through our village was unusually heavy Monday morning as people from far and near arrived at the Jenter Funeral Home and later at St. Mary's Catholic church to pay their last respects to Mrs. John Bauer.

A frail, sweet, retiring, little old lady, she would have been the last to have wanted anyone to sing her praises. The mother of 14 children, she was named National Catholic mother-of-the-year in 1950 and also the outstanding Michigan Catholic mother of the same year.

She seemed to have two aims in life, that of serving her God and of serving her family. Among her many noteworthy

works she directed the choir at St. Mary's church for many years where she was the organist. At one time she had a choir of youngsters and it was not uncommon for her to serve the choir breakfast following the early morning mass before the children went off to school.

Devout and steadfast in her belief, she never failed to enjoy the sunny things of life.

And so it was that this kind, little woman won so many hearts and that her death caused many to leave their work and journey here. When some fifty priests, twenty-five nuns and six monsignori from many parts of the country attend a solemn requiem mass for one of the laity, then you can see how inadequate and empty any words of praise must sound—and we believe too that her life speaks for itself.

## Mother of 14 Dies At 84

### Won National Honor in 1950

Mrs. Anna Rosalie Bauer, national Catholic mother-of-the-year in 1950, died Friday, Oct. 30, 1953 at her home here, 118 North Washington Street, at the age of 84 years.

She was the mother of fourteen children, eight of whom are members of religious orders. Two are priests, two are brothers and four are nuns. Another daughter who was a nun, Sister Mary Joseph, died in 1916.

Mrs. Bauer was also named the outstanding Michigan Catholic mother the same year by the archdiocese of Detroit. She was a member of St. Mary's Catholic church of Manchester and of the Ladies' Altar Society.

A native of North Ridge, Ohio, she was a daughter of Albert and Mary Lenhart Frank. On September 16, 1890 she was married to John F. Bauer also of North Ridge, and they remained there until they moved to Michigan in 1908 and settled in Norvell township where Mr. Bauer engaged in

### Manchester Chalks Up \$4,130 In Community Fund Drive

The Manchester Area Community Fund Drive now stands at \$4,130.00. Only organizations and out-of-town business solicitations are not quite complete. The school children of the area went over the top this week by bringing in \$74.93. This brings the Special Gifts total to \$1,249.93.

The solicitation totals to date are:

Special gifts	\$1,249.93
Rural	737.02
Village house-to-house	709.30
Double A	
manage. & emp.	400.00
Ford Motor Co.	200.00
Ford Motor	
Emp. & Manage.	833.75

The Manchester area can be proud of a splendid record. Detroit would be envious of the spirit of cooperation and service that has been shown by our community. Neighboring towns that do not have Community Chests are asking for advice on how to cut down the number of drives in their areas. It is hoped that if the people of our community are sincerely interested in making the Red Feather Drive all inclusive that we may be able to do so by next year.

The officers of the Community Chest take this opportunity to thank all solicitors and donors who have so ably carried out the 1953 drive.

### Turkey To Cost More This Year MSC Expert Says

That turkey you're planning to carve Thanksgiving Day is going to cost you more this year than you paid for holiday turkeys last year, a Michigan State College farm economist predicted.

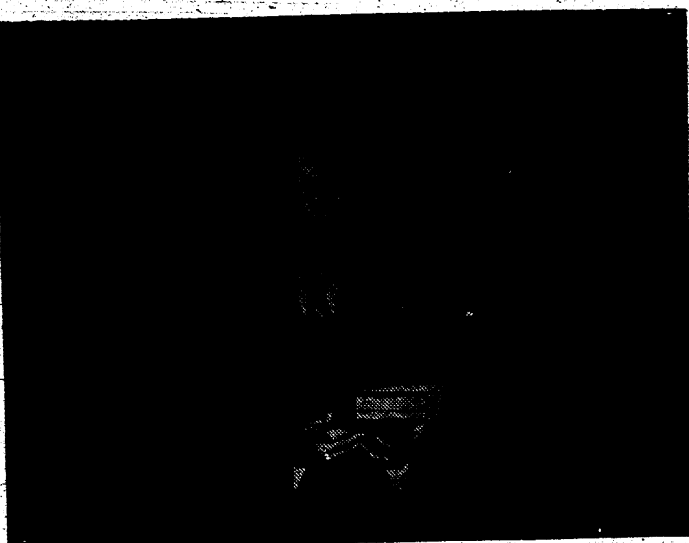

"Holiday turkey prices for 1953 are expected to be slightly higher than a year ago," H. E. Lrzeler said in an article in the November "Michigan Farm Economics." Lrzeler said three factors will cause turkey prices to be slightly higher than a year ago. They are: Consumer incomes are at an all-time high, frozen turkeys can be displayed for a longer time than in previous years when few frozen birds were sold, and prices of beef, pork, and lamb are expected to be as high or slightly higher than a year ago.

Lrzeler said the price of red meat will influence demand for turkeys.

### Fall Achievement Day

The Annual Monroe County 4-H Fall Achievement Day will be held Saturday evening at 8:00 p. m., Nov. 7, at the Monroe High School Auditorium. This will be the climax to the summer program for more than 500 Monroe County 4-H boys and girls.

Mrs. Norma Wellnau, President of the Monroe County 4-H Council, will act as chairman of the event. Over 50 special awards will be presented to outstanding members and clubs by various local Monroe County business men and civic minded leaders. 4-H pins, achievement certificates and fair premium checks will also be given out.

WASHINGTON—Earl O. Shreve (right) is sworn in as National Director of the United States Savings Bonds Division of the Treasury Department by Chief Justice Warren. Holding the Bible for the ceremony is Secretary of the Treasury George M. Humphrey.

Introducing the Chief Justice at the Treasury, Secretary Humphrey said: "Chief Justice Warren's taking part in this ceremony is indicative of the support of the Savings Bonds program at the very highest levels of the Government. More than 40 million individuals own \$50 billion in these Bonds. The continued and expanding investment in America by Americans through these bond purchases helps to spread the ownership of the public debt and so contributes to our goal of sound money. It also develops the virtues of thrift and savings—virtues which have made America great."

Mr. Shreve, of Fort Lauderdale, Florida, formerly vice-president of the General Electric Company in charge of sales and of customer relations, came out of retirement to serve the Nation in the promotion of thrift through the sale of Savings Bonds. Among his many public services were two terms as president of the United States Chamber of Commerce.

## Business Men's Bowling League

The Manchester Businessmen's League bowlers enjoyed a night of fine scoring this week but Homer Kappler of Kappler's Contractors, had the most fun of all. Homer posted games of 217-212-203 for a 632 series in the season's top performance. His 632 series better his former 606 performance which was the season's top individual series. It was the

only time that the writer can remember that three 200 games or better were posted by an individual in one night in this league. With this big series by Kappler, Kappler's Contractors took 4 points from Jan & Jim's Grill along with a 511 series by Ed Galoway and Speck Kappler of the Contractors helping out. Don Toddie of the Grill team, threw a 527 series but didn't get enough help from his team mates. Klager's Hatcheries slipped in

and got 3 points away from Spike's Mobil Service as each team got a very close game. K & W Farm Supply continued their winning streak by grabbing 3 points from Carl M. Schaible's Ford team.

Jerry Bower of the Farm Suppliers had a 504 series and Duane Roller of the Ford team had a 529 series.

A B C Service swamped Double A Products when they got all 4 points. Again as last week, 4 of the A B C team had a 500 series or better: Clarence Fielder 561, Bob Clark 552, Dewey Hartbeck 529, LeRoy Marx 512.

Mary's Tavern tangled with Short's Electric Service and came away with 3 out of the 4 points. Frank Lowery, Jr., 502 series, and Fred Wurster 501 series for Mary's and Herb Bersuder 575 series for Short's were the high men in this match.

Widmayer's Sales & Service snowed Mann's Millers under by grabbing all 4 points as Larry Soldan had a 547 series, Mike Donney a 523 series and Lyle Widmayer a 502 series. Willard Mann for the Millers tried to keep his team in there with a 528 series.

A B C Service moved into first place by taking 4 points as Mary's Tavern, with whom they were tied last week, got only 3 points.

K & W Farm Supply team was camped in third place.

The only bowlers besides Homer Kappler who had three 200 or better games were Clarence Fielder 224 and Art Golas 204. The other leaders remained the same; individual series and game leads were held by Homer Kappler 632 and 252 respectively. Mary's Tavern had team high game—1002—and Kappler's Contractors have the high tea miseries—2727.

Oct. 27 was the first position night on the schedule for the Women's Bowling Association and it was also a preview of Halloween! The members of the Carl M. Schaible, Inc. team were all in costume and the Schaffer Lumber Co. gals wore little hats and masks!

The fancy hats were no help at all to the Schaffer five when they met Lannom's Variety. Lannom's took four points—thereby gaining undisputed possession of first place and dropping Schaffer's to second spot. Schaible's took 3 points from Manchester Drug and so settled the third and fifth places in the standings. Manchester Bakery took the fourth spot by giving Uphaus Drug a very rough time but the Drug Store crew managed to eek out one-half of one point to claim sixth place! Widmayer Hardware and Furniture took 3 points from the hapless Hamilton's Market team to determine the 7th and 8th places in the standings.

Six girls had games of 175 or better. Bakery's Birdella Flodo and Ann Pniewski rolled 190 and 175 respectively. Joyce Schaffer of the Lumber Co. team had a 185 and Lannom's Amanda Widmayer a 178. Widmayer's Mary Anne Schill rolled a 177 and Irene

Lamb of the Uphaus Drug team had a 176. Substitue bowler Ardis Schied accomplished the impossible by getting a triple score 125-125-124. Kuehmann's

## Remember C-Day!

Telephone Number Change Day

**Telephone NUMBERS**

**Will Change at Midnight**

**Saturday, Nov. 14**

**You'll Just Dial TWO LETTERS And Five Numerals**

All telephone numbers in Ann Arbor, Chelsea, Dexter, Manchester and Whitmore Lake will change at midnight Saturday, Nov. 14.

The new numbers will consist of central office names and five numerals.

The office names are:

**NO**rmandy for Ann Arbor.

**GR**eenwood for Chelsea.

**HA**ilton for Dexter.

**GA**rden for Manchester.

**HI**ckory for Whitmore Lake.

So after midnight Saturday, November 14, you'll just dial **TWO LETTERS and five numerals . . .** to call people in any of the places listed in the preceding column that are within your local calling area.

The number change is necessary because of telephone growth in this area and to fit the new numbers into an overall, nation-wide numbering pattern. Thus, in the years ahead, you will be able to dial more and more of your own out-of-town calls.

Continuing expansions and improvements make your own telephone service a bigger bargain than ever before—worth a lot more than it costs.

## CHURCH NEWS

Though our outward man perishes, yet the inward man is renewed day by day. (II Corinthians 4:16.) Read II Corinthians 4:17 through 5:1.

"A friend asked John Quincy Adams how he felt on his 60th birthday. 'I thank you,' was the ex-President's reply. 'John Quincy Adams is well but the house in which he lives at present is dilapidated. Time and seasons have nearly destroyed it. I think John Quincy Adams will have to move out soon. But he, himself is quite well, quite well.'"

God has set time limits in our bodies but He has set eternity in our souls. If we live after the flesh, we share the imitations that are inseparable from these human natures of ours. But if our true life is in God, in spiritual companionship with Christ, we are secure no matter what happens. The wear and tear of life do not defeat us because His grace builds us up in strength every day. Verily He restoreth our souls.

## Prayer

"Our Father, help us this day to live as children of God and not as children of this world. Thou knowest that we love life, but teach us to love Thee much more. Through Thy grace continue to restore our souls. In Jesus' name. Amen."

## Thought for the Day

"Of what use is eternity to a man who does not know how to use half an hour?"—R. W. Emerson. Paul B. Kern (North Carolina)

## God's Aid to Be Invoked at European Movement Sessions

THE HAGUE, Netherlands—Statesmen in whose hands rests responsibility for achieving a politically and economically united Europe will officially seek Divine guidance in their future deliberations.

The recent Congress of the European Movement here overwhelmingly approved a resolution "to put under the protection of God our joint efforts for the union of nations whose representatives we are." France, Italy, West Germany, Belgium, the Netherlands and Luxembourg are members of the Movement.

The resolution to ask Divine Help was made by a Dutch Protestant delegate, J. Schmal. It reads as follows:

"Deeply moved by the previous trials mankind has to suffer and convinced that the lot of the nations lies in the hands of the living God and that all governments and nations, especially in this decisive hour, are responsible to Him."

Waiting for the moment when the whole of Europe will bow before the Redeemer...

"We beseech our Father in Heaven most fervently to send His blessings on the work we jointly want to undertake for the benefit of peace, justice and goodwill and we invite all who are able to do so, to join us, in a spirit of self-denial, in our prayer for the salvation of the world."

## N. Y. COLLEGE HEAD FAVORS RELIGION IN PUBLIC SCHOOLS

The chairman of the Board of Higher Education in New York has advocated the teaching of religious values on a non-dogmatic basis in the public school system.

Dr. Joseph B. Cavallaro, head of the board that controls the College of the City of New York and Brooklyn, Hunter and Queens Colleges, also urged the compulsory teaching of American history in all city schools and colleges supported by taxes.

Dr. Cavallaro declared that "the failure to inculcate in our youth a sense of spiritual values to teach them what they are, their purpose, their place as individuals, the meaning of life and death, has brought a decline in ideals, loyalties... Religion is an inseparable part of our culture and of our American heritage..."

## God's True Image Found In Christ

By Reverend John A. O'Brien

"THE BEST PICTURE of God is that afforded by the person of Jesus Christ, the untarnished mirror of the Most High."

"No one has at any time seen God," St. John declares. "The only-begotten Son, who is in the bosom of the Father, he has revealed him." John (1:18)

Uniting in Himself the nature of man and the nature of God, Christ gives us a better and a truer picture of God than can be found in the writings of all the philosophers, theologians, prophets, and mystics since time began.

GOD STANDS revealed to us in the character of Him who cleanses the lepers, heals the sick, Rev. J. O'Brien restores sight to the blind, forgives the woman taken in adultery, washes the feet of His disciples, and sheds His blood for the redemption of mankind.

See Him as He walks over the dusty roadsides of Judea and Galilee and says to His disciples: "Learn of me, for I am meek and humble of heart." It was His ministry of mercy and love that inspired His disciples, St. John, to give the noblest definition of God ever

uttered, when he said simply: "God is love."

GOD IS INFINITE Beauty, Truth, Goodness, Mercy, Love. It is this vision of God which has inspired the noblest enterprises of Christianity, built hospitals, orphanages, homes for the friendless, and has prompted man to find in the service of the poor and the lowly his title to nobility.

Rufus Jones tells of a little child who was being put to bed by his mother. After she turned out the light, she started for the door. Suddenly the little child realized the loneliness and the darkness which he would be enduring.

"Am I to be left all alone, and in the dark, too?" he asked anxiously.

"Yes, my dear," replied the mother, "but you know you have God with you all the time."

"Yes, I know God is here," said the child, "but I want someone with a face."

SUCH TOO IS the anxious, wistful cry of all humanity. We know in the abstract that God is near us, but we want a more vivid sense of His reality and His presence in our world. Above all, we want to see Him and to discover Him as a real Person with an actual life and character. It is this that Christ does for us. It is in Him that the Face is seen and the personal character is revealed.

Every one of us must daily, in the depth of his soul, realize how weak and helpless we are on our mortal own—and how confident and strong we can be through God's strength: ours for the asking, through His mercy. #### Norvell Boy New Typhoid Case

The second case of typhoid fever in less than a year has been reported to county health officials.

The victim is a 3-year-old Norvell township boy who is confined to the isolation ward at University hospital, Ann Arbor. His condition, listed as serious during the week end, was reported as "a little improved" by hospital attendants Monday. Mrs. Faye M. Hively, county health nurse, is working with Norvell officials in an attempt to determine the source of the boy's disease.

A 3-year-old Hanover township boy was stricken with the disease last December. The last case prior to that was in October, 1949, when a Tompkins township resident was affected.

There have been no typhoid fever cases listed by the Jackson city health department since 1943.

Sanitary precautions and inoculations have all but eliminated the typhoid infection, once considered a common disease.

#### Deer Hunters Can Register to Receive Messages

Michigan State Police and the State Conservation department again will offer a free registration service for deer hunters who desire to be notified in event an emergency occurs at home.

A hunter desiring to avail himself of the service should register at the State Police Post or Conservation headquarters nearest his camp. Before leaving home he should inform his

family or office at which station he will register.

Should there be an emergency, those at home need only call their nearest State Police post or Conservation headquarters and give the name of the station at which the hunter is registered. The message will then be radioed and delivered by either a State Police or conservation officer.

The service also operates in reverse. Should a hunter become lost or suffer an accident, his home or office can promptly be notified.

The service covers genuine emergencies only and is not offered where regular communication facilities can be used without delay.

### Wash. Co. Farm Lumber Show Nov. 10

Dear Mr. Farmer: Being a farmer you undoubtedly own a portion of Washtenaw County's approximate 40,000 acres of woodland. If you have purchased any lumber recently, and what farmer hasn't, you know it does not come cheap.

Your woodlot, in most cases, is or could be, more valuable than you believe. Many farmers have received big dividends from their woodlots.

At Walter Breuninger's farm, Tarker Road, one-half mile north of U. S. 12, seven miles west of Ann Arbor, on Nov. 10 we hope to pass along to you some very helpful suggestions on getting the most value from your woodlot. The meeting will start at 10:00 a. m. The features of the day are:

1. Sawing logs into lumber—Johnson portable saw mill.
2. Building trussed and laminated rafters—Art Bell, Michigan State College Specialist.
3. How to know when a tree is ready to cut.

What to expect from the farm woodlot.

5. Stacking lumber—Ray Pfeiffer, District Farm Forester and Les Bell, Extension Forester, Michigan State College.

Tree age guessing contest will be a special feature. Prizes include an electric drill and an axe.

If you have a woodlot, I sincerely believe you will find this demonstration both interesting and informative.

Sincerely,  
Donald R. Johnson,  
County Agricultural Agent.

### Frank Costello Leaves Milan Prison

Gambler Frank Costello became a free man Thursday, Oct. 29th, when he was released from the Milan Federal Correctional Institution after serving out a federal prison term for contempt of the U. S. Government.

The 59-year-old New York racket operator, convicted for defying Senate crime investigation, left

the prison here at 8:06 a. m. (EST) upon completing approximately a year of the 18 month sentence.

With his wife Loretta and an unidentified male companion, Costello sped from the prison in a chauffeur-driven Cadillac. Less than an hour later, after a high-speed attempt to dodge pursuing news-men in a highway chase, Costello was lost in the early morning Detroit-area traffic rush.

Warden David Heritage said Costello planned to leave Michigan by plane, but would give no further details. Warden Heritage declined to go into much detail on Costello's stay. "He did his job,"

Heritage said. This could have meant any of the menial tasks given inmates, including window washing and lawnmowing. Milan's policy, in its position as a "correctional" institution, is to try to rehabilitate its inmates.

### Pomona Grange

The October meeting of the Washtenaw Co. Pomona Grange was held on the regular date at Pittsfield Grange Hall. There were more than 70 members in attendance.

The meeting opened in form with Worthy Master William Hayes presiding. Two new members, Mr. and Mrs. Nelson Veltquette of Stony Creek Grange, were accepted into the order.

Two resolutions were introduced and a lively discussion followed. It was resolved that Pomona go on record as opposing the building of toll roads. The other resolution was that county and state Grange oppose any change in the Township Boards and their authority. These resolutions are to be sent to State Grange for consideration.

The Master appointed Mrs. Aura Condit, Mrs. Isabel Taylor and Mrs. Mary Mahaffey to draft resolutions on the death of Mrs. Sperry, Ann Arbor Grange.

Bernard Richmond, chairman of the legislative committee read a letter from the State Grange Executive Board, suggesting that each Pomona invite their State Representatives to the State Grange banquet at Civic Auditorium in Grand Rapids on Oct. 28. The speaker will be U. S. Senator Aiken of Vermont, chairman of the U. S. Agriculture committee. Pomona voted to extend invitations to State Representative Joseph Warner and Louis G. Christman to be their guests at this banquet.

The meeting then closed in form and was turned over to Worthy Lecturer Mrs. Dorothy Frederick for the lecture hour.

After some amusing and hilarious pantomimes furnished by the Pittsfield Grange, the speaker of the evening, Howard Heath, farm commentator for Radio Station W. J. A. G., was introduced. Howard stressed interest in the occupa-

tion of farming and consideration for the "other fellow." As usual he talked with so much "pep" and zeal that everyone felt that he has a very real love for his own job.

The evening closed with a pot-luck lunch in the dining room with Mrs. Ruth McCalla and committee in charge. The next Pomona meeting will be held on Nov. 10 at Webster Community Hall.

State Grange will be held this week at Grand Rapids. Mr. and Mrs. William Rowan, Pittsfield Grange will be delegates from Pomona, Mr. and Mrs. William Lindeman are delegates from Pittsfield and Mr. and Mrs. Nelson Veltquette from Stony Creek.

## Duo Pianists To Appear In Ypsilanti

The old-world charm of their Austrian ancestry, added to the formidable equipment of thorough American training in the

know-how of encartizing, have combined to make the concerts of "The Teltschiks from Texas" the focus of an ever-growing and musically alert public. These brothers, Alfred and Herbert Teltschik, will appear in Ypsilanti at Pease Auditorium

on Thursday evening, November 5 at 8:30 o'clock. Now on their sixth sold-out tour of the country the success of the Teltschiks is best gauged by the unusual number of re-engagements they will play this season. An enormous technique, a sound background, imagination and taste, and above all their own innate musicianship are the essential reasons for their continuing welcome by enthusiastic audiences everywhere. And an important factor in the response the gifted brothers evoke from their recitals is the noteworthy talent they share for building programs of universal and sustained interest. Though unacknowledged, their programs blend the beloved and familiar with the new and enragating, a mixture as satisfying as it is provocative.

The Teltschik brothers had their earliest musical training under their father, an old-world musician, in Floresville, Texas, where they were born. When the family moved to Houston the boys continued their training under Aldridge Kidd, until they entered the Juilliard School of Music in New York City where they studied under Sascha Geronitzki and Mme. Olga Samaroff-Stowkowski. After graduation, they returned to Houston where each married and began to teach piano. During World War II the brothers were assigned to military orchestras, but because their special talents were at once recognized they gave numerous two-piano recitals for the Armed Forces gaining rich experience for the career they were to pursue. After returning to Houston and teaching they continued the two-piano recitals, their success was immediate and their popularity grew with it in every state in the Union and in Canada. Their perfect blending of tone, their highly developed technique and their unusual programs were but a few of the pianistic attributes that carried them to the top rank in their art.

They soon encountered the usual occupational hazard in their field, the problem of finding in out-of-the-way places two evenly matched pianos. They solved this difficulty neatly with what has become to be known

as "Operation Trailer" to their car is a trailer that is rigged for storing and transporting two pianos, thus achieving further logistic independence.

The Teltschiks are a young, brilliant American-trained team. Their solid musicianship, their sensitive shading of tone and their flawless technique and dynamics are considered by music-lovers and critics to be beyond reproach. "They have reached a perfection in duopiano work which it seems will be hard to surpass."

## Michigan Bell Inaugurates New Plan

The Michigan Bell Telephone Company, on November 20, will inaugurate a plan at Birmingham which will make it possible for telephone users in the community to dial their own long-distance calls to many points all over the country.

Under the plan, Birmingham customers will be able to dial direct to more than 13,000,000 telephones in the metropolitan areas of New York, Boston, Philadelphia, Pittsburgh, Cleveland, Chicago, Baltimore, San Francisco, Milwaukee, New Haven, Newark, Washington, D. C., Sacramento and Oakland. A revolutionary method of speeding long-distance service, customer toll dialing was first inaugurated in Englewood, New Jersey two years ago.

Birmingham was chosen as the second community in the nation to come under the plan because it is served by a particular type of central office equipment which is readily adaptable to long-distance dialing. Further, Birmingham customers, the company said, place a high percentage of toll calls per capita—and to a wider range of cities throughout the country than do subscribers in many exchanges. Automatic accounting equipment will register each step of a customer dials long-distance call for billing purposes.

Key to the long-distance dialing plan is what telephone engineers call a "4A Toll Crossbar Machine." One of three huge—almost human mechanical brains—has been installed in Michigan Bell's headquarters building in Detroit. When a call is dialed into it, it automatically searches out an available circuit and rings any telephone in most of the nation's major cities in a matter of seconds.

In addition to making it possible for Birmingham customers to dial long-distance, the 4A machine permits Michigan Bell operators to dial more toll calls directly through to the called telephone without the assistance of an intermediate operator. It also guides calls originated by operators all over the country to the proper telephone in Detroit, Lansing, Saginaw, Flint, Ann Arbor, Jackson, Grand Rapids, Pontiac, Petoskey, Kalamazoo, and other outstate exchanges.

### THE RETURN FROM THE HARVEST

EVEN WHILE THE CORN HARVEST IS UNDER WAY, THE FARMER IS PLANNING HOW TO GET THE BEST RETURN FROM HIS CROP—HOW MUCH TO SELL FOR CASH, HOW MUCH TO FEED, HOW MUCH TO STORE.

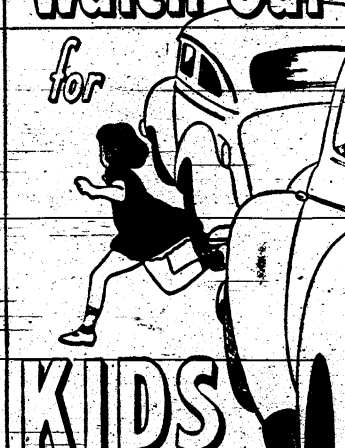

JUST SO THE AMERICAN FAMILY, WHICH WANTS TO GET THE MOST OUT OF THE MONEY IT HAS TO LIVE ON, WILL PLAN ITS USE—HOW MUCH TO SET ASIDE REGULARLY IN LIFE INSURANCE AND SAVINGS AND HOW MUCH TO ALLOT TO ALL THE ELEMENTS THAT ARE EMBRACED IN ITS DAY-TO-DAY LIVING.

## Completes Record

Taylorcraft Carolyn Sue, a 3-year-old registered Ayrshire in the herd of Paul E. Taylor at Saline, has completed an actual production record of 11,292 pounds of 3.7% milk and 411 pounds of butterfat in 305 days on a strictly twice-a-day milking schedule.

According to Chester C. Putney, Executive Secretary of the Ayrshire Breeders' Association, this record is equal to 12,895 pounds of milk and 469 pounds of butterfat when figured to a Mature Equivalent basis. The record was made in accordance with the rules of the Ayrshire Herd Test Plan.

## Smokey Says:

NO PERSON IN HIS RIGHT MIND WOULD INTENTIONALLY DESTROY THOUSANDS OF ACRES OF GOOD TIMBERLAND—YOU KNOW THAT!!

Human thoughtlessness!

Whenever you spot a vacant lot with youngsters practicing football, look out. Get your foot on your brakes and prepare for an emergency stop.

The future football star who dashes into the street to retrieve that long punt or pass may be too preoccupied to worry about traffic.

If he suddenly backs in front of you it may be too late for a warning blast of your horn. Parked cars could limit your dodging. Whether you hit him or not may depend entirely on how quickly you stop.

Unless you have slowed down to under 20 you may be in real trouble. Even then you will go 22 feet while you react to the situation and slide another 30 feet before you stop.
