GAME CANCELLED

The Onsted at Manchester basketball game for tonight has been cancelled and will be played Thurs., Feb. 25th.

The Varsity wresting match Hudson at Manchester will be at 5 p.m. on Thurs. and the Onsted game will follow immediately after with the JV game starting about 6:30. There will be one admission charged students and adults for all three events.

The Freshman basketball game between Hudson and Manchester has been cancelled.

DISTRICT TOURNAMENT NO. 15

District Tournament No. 15 Napoleon High School March 1-6, 1971 at 7 p.m. Prices Adults \$1.25; Students \$1.00. Tickets to be sold at gate only.

Manchester, white suits vs. Morenci, dark suits Tuesday, March 2.

ONSTED IS NINTH VICTIM

Manchester's wrestling team showed its power in downing Onsted 31 to 18 Tuesday. This gives the Dutch a 9 and 2 record. Winners on Tuesday were: Steve Gross, Bob Preston, Dave Roberts, Mike Johnson, Gene Kemeter, Chuck Benedict, Ken Tindall and Hugh Haeussler.

WRESTLERS TURN BACK MORENCI

On Thursday the wrestlers traveled to Morenci and made it ten straight as they downed the Bulldogs 48 to 8. The Dutch won ten of the twelve varsity meets on way to the vectory. Steve Gross and Bob Preston won by forfeit. Greg Bertke won by decision. Dave Roberts, Mike Johnson, Gene Kemeter, Mark Chapin, Chuck Bene dict, Ken Tindall and Hugh Haeussler all won by pins.

WRESTLERS "OH SO CLOSE"

The Dutchmen wrestling team put up a valiant effort Saturday in the League Tournament but fell 7 points shy of the league title. Clinton finished in first place with 95 points. Manchester had 88, Onsted 63, Addison 62, Hudson 61 and Morenci 14.

The second place in the tournament cinched Manchester 2nd place in the league this year. The best showing of any wrestling team to date.

Dave Roberts and Hugh Haeussler were conference champs. Dave beat a defending state champion 7-6 in the finals. Bob Preston, Mike Johnson, Bernie Rouic, Chank Benedict and Ken Tindall finished second in their respective weight classes.

The Dutch will meet Hudson in a match Thursday night in Manchester Gym. Then wrestle at Adrian Madison in the Regional Tournaments which will last all day Friday and Saturday. The first four place winners in each weight will advance to the state

paedics at the UM Kathy likes school and reading, her mother said, and enjoys games, stories and TV and her favorite foods include pancakes and hot dogs "and she's make them a daily diet if she could." her mother added. The teachers at the center encourage the children to help themselves as much as possible and strongly urge the parents to do so as well in such daily tasks as putting on and and taking off a coat and hat. Kathy is now able to perform some of these tasks and hopefully will gain with treatment, exercise and the patience and love of her family, teachers and doctors. Of the Do-

man Delacato Theory, Mrs. Bowers says,

accident or physical disability involving

"try it on anyone, whether a vound

home a pamphlet from school. We

the brain. We felt and knew we shouldn't stop when the doctors said "you can do nothing" and when we accidentally learned of this theory we had to try it too. It helped our daughter take that first step."

One year ago, David Heslip the 19year-old sone of Mr. and Mrs. James Heslip was critically injured in a one-car
accident while returning to MSU. Nineteen days in intensive care at Sparrow
Hospital in Lansing, David was then
transferred to St. Joseph Hospital in
Ann Arbor and remained in a coma
five more months. The college freshman suffered a broken pelvis and wrist
and severe brain damage.

and severe brain damage.

At 185 pounds when the accident occured David now weighed 116 pounds, was paralyzed on his right side, couldn't move his head on the pillow and his only movements were spastic. The doctors did not expect him to live and should he survive they added, he would never do anything again because of the extensive brain damage. They suggested he be moved to a nursing home "because they could no longer help him medically speaking," Mrs. Heslip recalls.

But the Heslips were determined and

against the doctors' recommendation, brought David home in July in a partial coma. Slowly his family brought life back into him. Gradually he became aware of people, his family, of summer outdoor sounds, of strangers who entered the Heslip home and slowly he began to move. In October he laughed out loud for the first time and by Christmas was able to feed himself. A miraculous feat happened just before Christmas when David was able to receive Holy Communion. A devout Cath olic family, David's eyes filled with tears as he received the blessed host...a boy the doctors had no hope for felt love once again.

Since Christmas David has made the most progress his family said. He can now shave, wash his face, brush his teeth and practically dress alone and stowly move from his bed to his wheel-chair unaided. He is gradually learning to walk with a leg brace and next week is expected to be fitted with a poliotype-arm-cane. And David has learned to wink, a feat he is obviously proud of and takes advantage of whenever possible. His speech is slow and difficult but words are formed little by little.

Slowly his memory returns. But for David Heslip over a year of his life is gone. He believes he is still in high school. He recalls many incidents, friends pictures, loves to play eucine and tries to keep score, can tell time, and can put blocks of the alphabet from A to I in order. A right-handed youth. David must not only learn from the beginning but must learn to write, eat and care for himself with his left hand. He works painfully and slowly on simple dot to dot books and can now follow the numbers correctly to form a picture, loves to answer the telephone, open doors and ride in the family car. "And we

can't fill him up anymore," Mrs. Heslip added, "especially with apples." His weight is now between 140 and 150 pounds.

David is described as a young man who "extended happiness to others" and his social worker from St. Joseph Hospital said, "His sense of humor has been a saving factor." His doctors soon learned of the great family love and affection for each other and upon their determination to bring David nome even against all odds said, "Because of the love you have for him...this is why I'll let you take him home." Now the doctors see their wisdom. Just how much more David will improve no one dare say anymore. Perhaps by David's 20th birthday on June 10, his recovery will be even more complete. "Polock Pete" his father affectionately calls him and his sisters Jennifer 18 Michelle 8 and brothers Charles 16 and Daniel 11 have each in their own way drawn Day id back to the living.

His mother best describes David's miraculous recovery when she said, "Love, neighbors' helping hands and prayer can bring a boy from darkness into light." This perhaps, describes the thoughts of the Bowers and Rays as well. I have often heard the expression, exceptional child, in describing an emotionally or physically handicapped child but it seems that would best describe the parents of these children.

ECOLOGY CLUB

Manchester High School's Ecology Club has been busy collecting glass for re-circulation. Thanks to the cooperation of the community and the hard work of a dedicated group of students, each month has brought more success to the project.

Last Saturday the club collected over 2,000 pounds of glass which was taken to recycling centers in Ann Arbor. The glass is collected on the last Saturday of each month, at which time people can call the school from 9:30 a.m. to 3:00 p.m and the students pick up glass from them.

If you are interested, the next collection day will be March 27th, and then again each month after that. Preference will be given to earlier calls.

The club appreciates your help for this worthwhile ecology venture!

Students working on the project are: Jon Barber, Mike Brady; President, Jan Huber, Tom Huber, Karen Kastanis; Vice President, Patty Kastanis, Dave Keezer, Dennis Keezer, Leeann Mahone, Mary Ann McCalla, Leonard Minor, Meg Munson, Wanda Powers, Mary Simmons, Nancy Simmons, Laura Sutton; Secretary, Martha Sutton and Susan Westfall and Mrs. Smiley, advisor

MANCHESTER CITIZEN'S

MEETING

There will be another meeting on March 23 conducted by the students from the U of M who are working with Council and the Planning Commission on a master plan for the Village. It will start at 8 p.m.

Manchester PTO Meeting Wed., March 3 at the high school auditorium. The program is a question and answer period with the School Board.

PERMITS

Effective March 1 - ali permits can be picked up at the Public Works office. All inspections will be made by a call at the Public Works office. The Superintendent of Public Works then will notify our inspector as to which jobs are ready. All construction over done over a cost of \$200.00 require a permit. If the exterior of the house is disturbed a permit is required regardless of cost. Floor covering doesn't require a permit.

EMANUAL CHURCH HALL

COUNCIL MINUTES

Council met in regular session with the meeting called to torder by Pres. Little at 7:17 p.m. Trustees present were Curley, Fitzgerald, Reinhart and Scully; absent were Mahoney and Walton. The minutes from the February 1, 1971 meeting were read. Moved by Fitzgerald, supported by Scully that the minutes be approved. All yeas, carried. Enter Mahoney at 7:20 and Walton at 7:35.

Becktel asked about miscellaneous insurance coverage and was advised that items should be listed since a floater policy costs more than listing items of certain value on a regular policy. Items below a certain value are not worth insuring. Scully provided the council with details concerning the Policeman's Ball on

Reinhart reported that there will be a meeting about the Main St. Bridge and Storm Sewer Project Feb. 19 with Andy Kost and John Holland. He asked as many Council members as possible to attend.

Mahoney reported on the mosting with Hansens regarding the Land Fill. The main points were concerned about were 1) that they wanted evergreen plantings put in abandoned areas, 2) additional compensation for trees, 3) that they suggested putting dirt on as hole is filled, and 4) they would like to be compensated for taxes levied on the area used for the dump. It was suggested that the lease be drawn up providing a total of 16 hrs. a week use with no day specified.

8:00 p.m. Budget Hearing

Union Savings Bank

Moved by Fitzgerald, supported by Reinhart after reviewing presented budget items that the budget be tabled for revisions. All yeas, carried. Mahoney requested that the clerk obtain a payment schedule from the National Bank and Trust of Ann Arbor on the Village of Manchester 1970 Bridge Bond and Interest Redemption

Fitzgerald reported a permit to Bea Clark for kitchen repair \$400.00. He advised the Council that the Chamber of Commerce wishes a copy of the present sign ordinance; the clerk was asked to provide this.

Moved by Mahoney, supported by Scully that the Council meet in Special Session at 7:55 February 22 to approve vouchers for February so that the books can be closed out for the Fiscal Year. All yeas, carried

Little reported on the Planning Commission meeting. Sang Nam was over from the Washtenaw County Planning Commission with a written report. Moved by Mahoney, supported by Scully that the supplied information be published subject to cost approval by the Council. All yeas, carried.

The election inspectors names were brought before the Council for approval. Moved by Manoney, supported by Walton that Joyce Schaffer, Margery Bentschneider, Katherine Roesch and Florence Burch be approved as election inspectors for the March 8, 1971 Village election. All yeas, carried.

A letter from Mrs. H.F. Mahoney was read asking that the gravel hill adjacent to Washtenaw County Road Commission not be leveled as it provides a natural buffer. According to the Public Works Committee they won't be on this side of the hill for 2-3 years.

Curley reported that Jan Huber has started a project of having movies. He wants to obtain old films and at present has several sources of films. Moved by Scully, supported by Curley to adjourn. Adjournment: 9:45.

Mary Wheeler, Clerk

Council met in special session with the meeting called to order by Pres. Little at 8:35. Present were trustees Fitzgerald, Mahoney, Reinhart, Scully and Walton;

Moved by Mahoney, supported by Scully that vouchers 1559-1597, 2 invoices from Union Construction Co., and 2 invoices from Sutton Agency be accepted for payment from the proper accounts. All yeas, carried. General Fund

Anyone having any recommendations or comments should contact the Chamber of Commerce, which has a meeting March 11. No action will be taken until the Council receives the recommendation of the Chamber of Commerce.

Bruce advised the Council of the status of the sewer permit for Higgins. It was suggested that periodic inspections should be made by a Village man. Council requested that tile be sized in accord with existing tile. Moved by Mahoney, supported by Fitzgerald to accept the basic plan of regrading around Tom Marshall Ford with the details left to the discretion of the Public Works Comm.

Moved by Scully, supported by Walton to adjourn. Adjournment 9:25. Many Wheeler, Clerk

SPONSORED BY THE MANCHESTER JAYCEES

THE ENTERPRISE SHOULD NOT BE BURIED!

a personal comment

Last week most of this community's residents were shocked by the announcement that the Manchester Enterprise, after 103 years of continuous service, would suspend publication in one week's time.

The news should not have come as a surprise. The signs have been evident for some time-but then, we have seen these signs many times in the past. Each time that seemed the Enterprise would breathe its last, someone would come along, in the form of a new owner-publisher to revive the ailing newspaper and put it back on its feet. This time it is different.

Under present economic conditions it is nearly impossible for an individual to make a successful living by publishing a weekly newspaper. More and more "weeklies" are going out of business.

When a small town newspaper ceases publication, a community looses its voice and a community without a voice soon oses its character, its pride its identity

Can we afford to allow Manchester to suffer this kind of loss?

During the past week I have been asking this question of nearly averyone I have met. Every individual I have consulted firmly pelieves that the Manchester Enterprise should not and must not die! All of these people agreed that Manchester needs the

MONDAY, MARCH 8, 1971 And on the following day if necessary; also on

TUESDAY, MARCH 9, 1971

At which place, and on each of said days, said Board of Review will be in session at least six hours, beginning at 8 o'clock in the forenoon of each day, and upon request of any person who is assessed on said roll, or of his agent, and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgement make the valuation thereof relatively just and equal. After said Board shall complete the review of said roll, a majority of said Board shall endorse thereon, and sign a statement to the effect that the same is the assessment roll of said Township for the year in which it has been prepared and approved by the

CLARENCE FIELDER, Supervisor

page eight MEMORIAL

This is a memorial of Mrs. Marie Bowins Ahrens' parents on their 75th wedding anniversary if they were alive.

Albert Edward Bowins from Cayuga Antaus came over to Michigan to visit his sister Jennie Sutton, Harry Sutton's mother who was maried to the prother of Lottie Sutton who Mr. Bowins later married March 4th, 1896. They were married by Lottie's brother, Ben Sutton who was an ordained minister.

their married life on the farm home of Richard Green. They worked for Mr. Green for a few years and later purchased . a farm from their Aunt Susia Payne near the Iron Creek Mill bond.

Mr. Bowins was thrutty and tept the buildings painted and purchased two boats and society and at that time many socials which were rented to the many fishermen were held in the homes of the members

somemen came from Ohio. Ed and Lottie later purchased another farm that adjoined their farm. This farm was on the main road that circled the Iron Creek Mill pond. Mr. and Mrs. Bowins were active in the activities of the Iron Creek Baptist Church. Mr. Bowens was a deacon and also Sunday School Superintendent for years. He became a naturalized citizen of Michigan and acted as director of their country school namely the Iron Creek District The school has been closed

for some years and used as a home. A Edward and new wife Lottle commenced daughter Marie was born Feb. 18, 1897 when the couple still were living on the Richard Green farm. She attended the From Creek school for 8 years and then entered the Manchester High School.

Mrs. Bowins was active in the Church activities acting as president of the missionand his wife now live.

to raise funds for the church. She also taught Sunflay School at times and later became a member of the Kings Daughters club in Manchester and was an oficer in that organization.

The Bowins were very charitable and gave a 9 year old boy from an orphanage in Detroit a home for years and sent him to the country school where Ray Blinn graduated from the 8th grade and then laft the farm and went to Detroit and lived with his father and worked and later joined the navy in World War 1. Ray turned out to be a wonderful young man and after the war came back to Detroit and joined the fire dept, where he remained and retired as a captain. Ray married and raised a son who is now a Detroit policeman and the daughter Betty married and lives in St. CLaire where Ray

Mr. and Mrs. Bowins later sold their

farm and purchased a home in Manchester where they lived for some years. Mr. Bowins missed the farm life and was always happiest when he worked for Fred Tracy and his brother George Bowins. He passed away October 9, 1935. Mrs. Bowings was a widow for over 20 years and carried on very faithfully keeping busy. She had some roomers at times and kept interested in the Methodist Church activities and King's daughters. She made many r friends who have all passed away such as Mrs. Dan Gage, Mrs. Anthony (Marjorie) Haeussler and many other active ladies in Manchester. Mr. and Mrs. Bowins were always active in worth while activities in the Iron Creek Church area and while living in the Village of Manchester and their useful lives will always be a lovely memory in the minds of the people who knew them. Mrs. Bowins passed away Mrs. Marie Ahrens in May, 1956.

MEMORANDUM

Mr. Gale Koebbe, Chairman Manchester Willage Planning Commission

Sang V, Kam, Senior Planner FROM:

February 11, 1971

A STATEMENT OF SCALS AND OBSECTIVES FOR MANCHESTER VILLAGE SUBJECT :

The following refined statement of possible development goals and objectives for Manchester Yillage is suggested again for your study, comment and review. This revised statement (a guideline to be used in the preparation of real goals and objectives for Marchaster Village.

After final review and revisions, it is recommended that a preliminary draft of the proposed Goals and Objectives be mailed to each Village property owner to obtain constructive views and proposals. Thus, the final goals statement, adopted by the Planning Commission after the necessary public hearing, would reflect broad exposure and citizen review.

A truly effective Comprehensive Development Plan for Manchester Village must correctly interpret the basic desires and objectives of the people who make up the Village and ther provide workable answers to the problems which must be overcome to achieve these goals. It, therefore, requires a careful analysis of the various fectors which characterize Manchester Village and of the specific problems to be faced. Though many problems are basic to all villages, each village is individual and unique in terms of appropriate solutions.

The general gools and guidelines must be translated into more specific terms or development objectives. These objectives must be carefully related to the various assets and liabilities of the village. If wisely chosen and consistently pursued, the achievement of these objectives will help mold both old and new development into the kind of community desired by the populace.

MANCHESTER VILLAGE

Broad Planning Goals

The general land use development plan should be directed toward the following, social, economic, physical, aesthetic development goals of the Village which are:

- 1. To protect and promote the health, safety, comfort, convenience and general welfare of the Willage's populace.
- 2. To retain the qualities that have attracted people to settle in the Village.
- To consider the character of the Village and its suitability for marticular uses judged in terms of present and probably future trends in land development
- 4. To facilitate provisions for a system of transportation, sewage disposi, safe and adequate water supply, open space, recreation and public improvements.
- 5. Encourage the use of natural resources in accordance with their character and
- 6. To preserve and enhance the scenic and aesthetic features of the Village.
- 7. To encourage and program the orderly growth of a sound, physical environment for living and working in the Village, and sustain the traditional long-lasting. image, values and heritage of the Village.
- 8. To provide for regulatory measures to safeguard the Village and regional population from pollution of water and air.
- 9. To undertake the correction of environmental deficiencies or inadequacies.
- 10. To coordinate the growth and development of the Village with the four (4) adjoining townships and the County as a whole.

Development Goals

Land Utilization

The objective is to make in the public more healthful, safe, pleasant and satisfying place for living and working to a good housing standards for all families and more viding adequate open spaces and appropriate facilities.

- A. Residentia?
- It is essential to provide decent, safe and sanitary housing so that families may build, buy or rent suitable living quarters. The residential goals are:
- Provide effective zoning of residential areas to preclude conflicting uses such as industrial and commercial enterprises.
- Require suitable and adequate transition areas or buffers to be established between residential, commercial and industrial areas to maintain property values and physical attractiveness.

- 3. Protect single-family residential areas from through traffic.
- 4. Provide curb and gutter to enhance the appearance of the residential areas.
- 5. Provide a full range of housing types within the Village to meet the demands and living desires of all age groups.
- 6. Permit multiple-family development with proper controls of site planning,
- 7. Pursue, through public and private renewal, a vigorous program of Villagewide conservation, rehabilitation and redevelopment to eliminate sub-standard housing and environmental nuisances, and maintain the sound condition of the remainder of dwelling units.

B. Commercia?

The basic goal is to provide a wide range of goods and services at convenient locations for residents of the Village and surrounding areas. These goals are:

- 1. Screngthen the function of the Central Business District using the "turn of the century motif" recently adopted for Manchester.
- 2. Introduce to Manchester's Central Business District features which have brought a great degree of success to new commercial centers; thereby the Central Business District in Manchester will remain competitive through building, renovating, improved merchandising techniques and adequate off-street parking and loading.
- 3. Discourage random shopping strip development scattered throughout the Village and its environs.
- 4. Utilize the River Raisin shoreline to provide an attractive shopping area with walkways and resting benches along the river.
- 5. Improve the transportation system in areas where through and local traffic conflict so as not to hinder commercial growth.

Industrial

The basic industrial goals are to further broaden the range and valuation of industrial activities, and employment opportunities within the Village. These

- 1 Preserve adequate and strategically located areas of land suitable for industrial development
- 2. Require industrial uses to provide greenbelts or buffers between the industrial and residential uses.
- 3. Concentrate future industrial use of the Village in specific areas planned to accommodate industry.
- 4. Provide more industries, more employment and eventually increase the tax base.

Transportation

A well planned effective transportation and circulation network is important for the safety of the residents and the functioning of the community. Transportation

- 1. Provide an overall plan of thoroughfares to effectively allow the safe movement of vehicles to any area within the Village in the minimum time.
- 2. Minimize the conflict between local traffic and through traffic by designing roads especially for these varying types of traffic; particular emphasis on improving the M-52 route through the Village which currently generates much conflict between residential and through traffic.
- 3. Provide the separation of vehicular and pedestrian traffic, especially in the Central Business District.
- 4. Provide adequate and attractive off-street parking areas within the Central Business District.
- 5. Eliminate or improve hazardous curves and intersections through better road design and roadway safety measures.

The provision of adequate facilities, open space and recreational area for the future population is essential to the well being of the Village. The community

- 1. Indicate the quantity and location of community facilities and services such as recreation areas, resource-conservation areas and educational and governmental facilities.
- Enccurage joint use of facilities and school grounds and buildings so that the optimum recreational program may be achieved.
- Encourage subdividers to provide recreational areas within any new residential developments.
- 4. Provide adequate storm water drainage measures in the existing residential
- 5. Require developers to provide adequate drainage of storm water run-off in

6. Provide decent community facilities including a wide variety of recreational

facilities ranging from tot-lots and playgrounds to a Village park for

7. Provide indoor recreation and sports facilities for the youth; movie house and bowling alley, etc.
