LACK OF MANAGERS COULD CRIPPLE LITTLE LEAGUE

This years Little League and Farm League programs are in serious trouble unless several managing posts are filled immediately. If there is a father of a Little League or Farm League player or anyone who could help us out of this dilemma, please contact Mr. Brian Schick at 428-2301. Arrangements can be made to have one's son on the same team the father manages.

Mayor Little's Proclamation for Michigan Week

Mayor David Little today proclaimed the week of May 15 through May 22, 1971 as Michigan Week.

His proclamation reads: "This will be the 18th annual observance of Michigan week.

"Michigan Week is important to Michigan people, because it reminds them over and over to take an interest in their state, to be aware of what is happening in Michigan, to take an active, intelligent part in the life of the Michigan community.

"Michigan -- Land of Hospitality" is the theme of Michigan Week 1971. Each of us should take individual responsibility for making that theme an effective one.

"We want to make Michigan recognized in our country and abroad for its attributes and hospitality. We can do this, first by learning as much as possible about our own state, and then, by showing our friendliness and hospitality during the eight days of Michigan Weekand all through the year.

"In recognition of Michigan Week, we will observe Saturday, May 15, as Community Pride Day; Sunday, May 16, Spiritual Foundations Day; Monday, May 17, Our Government Day; Tuesday, May 18, Our Heritage Day; Wednesday, May 19, Our Livelihood Day; Thursday, May 20, Education Day, Friday, May 21, Hospitality Day, and Saturday, May 22, Our Youth Day.

"As citizens of Michigan, we have great deal to be proud about. It is important that we show our pride in our home state and join together in tribute to 'Michigan-Land of Hospitality'.

"Therefore, I David Little, Mayor of Manchester, do hereby proclaim the week of May 15 through May 22, 1971. as Michigan Week, and urge everyone to take part in suitable celebration

State police say they have no clues to the source of the explosion which tore an eight-foot hole in the dam at Iron Creek Mill Pond. The explosion appar ently was the latest round in a long bout of property disputes. The present dispute centers on two things, Mr. Whiteman said. First, a fence was erected which resulted in many property owners losing their lake frontage. Second A request was tabled for 30 days con-

cerning a trailer park on the lake. The little water which did escape flooded several roads and fields, but did not damage any homes, police said. The Sharon Hollow Road bridge over the dam was slightly damaged.

the industry, church or organization that one out of five of their employees or members or in case of churches one out of five families will donate blood during the coming year. If an industry allows time out to an employee to give blood, the donor is, of course, counted in the industry's quota rather than to a local church to which he may belong. These details will be worked out as people sign up to give.... the important thing is to sign up.

MANCHESTER SPEEDWAY May 13, 1971 by Nancy Martin

It was Spring Championship Races here tonight, beginning the tenth year of racing for Manchester Speedway. As the winner of each event picked up the checkered flag, he was presented with a beautiful trophy. The first to receive them were the fastest qualifiers, Bill Heeney for Sportsman Modified, and Bill Paxton for the Super Stock class.

In the Sportsman division, the first heat saw the boys a little rusty after the long winter and several spun out on the first lap, calling for a complete restart. Louie Jay Stemen had it pretty well wrapped up when Don Macey slipped past him at the inish line, to take the win by a front tire. Louie settled for second followed by Bill Kopka, and Jim Drumhiller. The second heat was a three way battle for a while with Jim Martin, Gordon Shultz, and Butch Moull, battleing it out. Martin picked up the win over Moull, Shultz, and Gary Rhodes. The yellow flag was out in the third heat, when three cars spun on the number three turn. When the green came out again, "Crazy" Dave (it says on his car) Uescelivs jumped into the lead and held it all the way to the checker. frailing him across the line were Floyd Dillion, Gary Riser, and Danny Grit-

The pursuit win went to Ken Liedel, who started on the pole as an alternate. econd place went to Mouli, third, ouie Jay, and fourth, Larry Shellen-

In the thirty lap feature the yellow flag was out several times for spin-outs etc! Louie Jay took the lead on the fifteenth lap and was never headed as he took an easy win over, Kopka, Drumhiller, Jr. Gary, and Shellenber-

In the Super Stock Class, the first heat went to Dick Slade, with Red Heath coming up fast, but a little short for second place over Dutch Taylor and Dale Brenner. The second heat saw Pete Sozonchuk take the lead on the second lap and hang on for the checker followed by Ed LaRoe, Phil Chapin, and Dick Dalton.

All three remaining cars in the pursuit collided just short of the finish line on the last lap, and with no one able to finish, it reverted back to the ninth lap and LaRoe picked up the win over Slade and Heath. Fourth place went to Don Dunn.

The feature was pretty hairy at first, but had a very exciting finishthat saw Dutch Taylor beat out Heath by a "hair" at the finish line. Third place went to Dunn followed by Bren-

ner and Bob Purvis. This looks like a record year with lots of cars and a good crowd on hand for an opening night. Welcome to the new flagman, Joe Collins. See you

at the races!!!

The Iron Creek Church had the appearance of "School Days" as foe nearly 100 friends and members met for the angual Mother-Daughter Banquet on last Friday evening. The theme was "The School of last in the book of Froverbe", with all the decorations and program centering about this idea. The tables each had a centerpiece which depicted a greene from a phase of life from the cradle down to the rocking chair age, with an appropriate Scripture "Proverb" attached.

Domes and some of mysteries. Some of them filled with dead bodies, other with lovely and desirable women, the the tray of all are those with just one slick crime, some judiciously sprinkled offmer leading the reader down the garden path and a fast, surprising ending.

Some of the old stand byes like Agatha Christie, and Mary Roberts Rinehart, are still being read regularly, while some of the newer writers have fresh ways of describing purples. The British writem, have for the most part a better sense of himor and a lighter touch with the bloody details, while the American writen tend to mill quantities of corpses in unlikely places and use lots of fast action on the part of a super detective to solve the crimes.

If you are not a mystery fan, then at least dip into a few and see whether you might become one. For English Mines I wome recommend Dorothy Savers, or Catherine Aird, while for American writers Ross MacDonald, Doris Miles Disney, or John Ball. There are so many you may have other favorites. Come in and see.

The most notable differences are in the Manufacturing and Education-Professional groups. The State, in 1960, had a much larger proportion of its employment in manufacturing than the County (38.0 versus 9.2, respectively), while the County had a considerably higher proportion in Education-Professional (27.2 versus 9.2, respectively). These figures well reflect the basic differences in character between the two areas. The County's chief employers are its universities, particularly the University of Michigan and Eastern Michigan University. Victoria Conzales, a Foreign Exchange Student, Hving with the Jim Lyons family, homored by the Optimist Cimb at its May 10th meeting.

Victoria Comales lives on a farm near the small town of Dominue, Crite. Dominue is about the same size in population as Manchester and not far from Samiago, the capitol of Chile.

Victoria's father is a farmer who grows oranges, potatoes and peaches mainly. He owns one farm and Is an administrator of another where his fam-

Victoria arrenda a national boarding school in Santiago. When she arrived in Manchester, around the middle of Jamery, to start our second semester. she was starting what would have been her summer vacation in Chile. So she has missed the start of her senior year, end of March, and must make this work up when she gets back home in June. She resides at the boarding school all

week and goes home on weekends. Mm. Lyons finds it difficult to get Victoria to wear anything except bluefezis because in Santiago at school six must wear a pequiped uniform. Victoria relates that "Lee Blue Jeans" are mod

in Santiago. Victoria is unaccustomed to the fast pace of the people. She is surprised that so many kids work. In her country they look down on kids that work. Victoria is surprised that Mrs. Lyons does all the work herself. In her country she would have help.

The winter bothered Victoria at first but the got weed to it. The first purchase made by the Lyons were boots and overcoat.

Victoria has learned to ice state here and was very thrilled with the two sisting leggons she had at the Irish Hills. She enjoyed the bowling program at school. She likes to nice horses and has beaten everybody she has played in

American costs and jackets really fascinate her - they are the micest and cheaper than at home. She has already purchased 15-sackets for her brothers and sisters and for herself and a camera which is much cheaper here. A tape recorder would be very desirable if she

can get it through customs. Her travels have included the Ice Capades, Dearborn Inn, Hudsons in Demoit, University of Michigan Campus, F.H.A. State Convention in Kalamazoo, Washing to D.C. (Senior trip). Canada and Greenfield Village are still to be

In talking to Victoria, she makes the following statements: I like it here, people are very nice; I like the town; I like to stay; having very good time; am very happy; I like the school and all the classes; like bowling; like to play ping pong at school and at Beth Merriman's; Senior trip I liked it lot was fim; teachers and students very nice I like skiing; there is very little snow at home; I would like to go home, bring my parents with me and live here.

Tere Andraca, a foreign exchange emdent living with the John Roger Hardembergh family, honored by the Optimist Chib at its May 10 meeting.

Tere Andraca lives in Valparaiso, Chile, a Pacific Ocean seaport. Ne. Andraca is a manufacturer of lothing and has retail stores for clothing. In the winter time the family lives in Valparaiso and in the summer time they go to the mountains where Tere

enjoys riding horses. Tere has an older brother and sister and twins (boy and girl) younger than she. She misses home but feels very comfortable here.

Tere's understanding and grasp of the English language has improved tremendously since her stay here. She had limited practice in speaking English before arriving in America. Tere has just turned sixteen, and to be a senior at that age and have the intellectual capacity that she has indicates a great future. In October she will take the university entrance examination. She hopes someday to be a dentist. At our school Tere is enrolled in Government, U.S. History, Algebra II, Advanced Biology and Senior English. She says
