Bloodmobile 20 Percent Plan Report

The Manchester Red Cross Blood Club automatically provides needed blood without charge (upon request to the releasing committee) to any resident of the Manchester School District. This service has been available to the community for the past twenty years because of the generosity of the hundreds of blood donors in the area and the Red Cross Blood Program.

This year an extra service has been added for the groups and industries that met their "20 percent plan" contracts. This extra service means that the blood needs are covered for every employee. his family, his parents and grand parents, his parents-in-law and his grandparents-in-law no matter where they live in the United States or many parts of Canada (wherever Red Cross blood is accepted at hospitals). This additional coverage is also available to all member-families of the churches that made their contracts or do so before the end of this year.

Manchester Blood Club records for the June 7th clinic show that the following groups met their "20 percent" contracts so far for this year: . Manchester Tool and Die & Stamping

Corporation Iron Creek Church Souble A Products St. Mary's Catholic Church 20% North Sharon Community Bible 20% Church Manchester United Methodist Manchester Plastics

Two Bloodmobiles have been held in Manchester since January 1, 1971, to make the 1971 percentages for the participating groups. People who have given blood this year from the area and are not members of these groups are covered by the extra service automatically, through the Family Plan.

In order to have blood released, the individual or his family contacts the blood chairman of the group or industry to which he belongs or directly to the Releasing Committee - Mrs. Franklin Reck, Mrs. Rolland Grossman or Mrs. Millard Uphaus.

The Manchester Methodist Church needs five more donors to meet its quota and Manchester Plastics only needs two

Anyone wishing to add to these quotas and make the groups eligible for the extra services for their entire group may do so at any Open Clinic operated by the Red Cross. Make an appointment with the Red Cross at 971-5300 for any clinic in Washtenaw County and when donating design ite the pint of blood for the Manchester Blood Club and the group in which you are participating. The information will be returned to the Manchester Releasing committee and credited to the proper account.

Scheduled Open Clinics in the area in July are at: Monday, July 19, Second Baptist Church 216 Beakes Street, Ann Arbor, 2 to 8p.m. Tuesday, July 20, Towsley Center, E. Hospital Drive, Ann Arbor, 2 to 8 p.m. Monday, July 26, Ypsilanti State Hospital, Occupational Therapy Bldg., Ypsilanti, 9:30 to 3:30 p.m.

HONOR AMERICA DAY

June 28 through July 4 Independence Day

* July 4, 1971 * * * * * * * * * * * * * * A DAY TO HONOR AMERICA

The 4th of July weekend offers time for a taste of recreation, a bit of fun popping off fireworks, maybe a thought or two about-that old-

fashioned virtue patriotism, and innovative ways to HONOR AMERICA.

Pondering over patriotism—real patriotism -we inevitably reach the conclusion that this country just didn't happen to flourish. Much of the toil and struggle that helped make the United States strong and free represented someone's contribution in self-sacrifice, either in

Carrying this train of thought a bit further. many of us can't ignore the indications that America didn't wax robust from material sources alone. The idea of reverence for a Supreme Being is intertwined with the nation's development since the day the country was founded

On this comfortable, lazy weekend, the churches and synagogues will have their doors open as usual on the Sabbath. If we juggled the family schedule a bit, and perhaps arranged the family picnic or golf date or trip to the beach an hour later, we could slip into our chosen church or temple and listen to the men in the pulpits reading the Scriptures and discussing the truths that weathered the test of time for centuries before 1776.

Obviously, most of us are aware — often, we're not allowed to forget—that separation of Church and State is a fundamental principle in the United States. This premise in an official sense, and undoubtedly has steered the nation away from some grave pitfalls.

But individually, throughout the country's history most leaders have been influenced by the Judaeo-Christian ethics, the source of the Ten Commandments. Anyone familiar with American tradition will observe the concept of divine guidance was seldom far from the minds of those who played significant roles in shaping United States' destiny.

Here are a smattering of instances in which reverence for Sacred Providence was indicated. The list could be much more extensive.

On the day of this country's birth, the Founding Fathers wrote into the preamble to the Declaration of Independence "... and to assume among the powers of the earth that separate and equal station to which the laws of Nature and of Nature's God entitle them ..."

As school children or adults, when we pledged allegiance to the flag we recited the words "I pledge allegiance to the United States of America and to the republic for which it stands, one nation under God . . ."

Since then we've seen the motto "In God We Trust" on our money so frequently, we've virtually forgotten it exists.

On the Tomb of the Unknown Soldier in Arlington National Cemetery is carved the inscription "Here rests in honored glory an American soldier known but to God."

So the idea of a religious observance on this Independence Day weekend assumes validity. Both Church and State today are confronted with new perplexities that the Founding Fathers never dreamed of. Consequently, religious bodies are assuming increasingly

The questions leap out at us. What can we do about peace in Vietnam and the world? Threats to the environment? Drug addiction and disillusioned youth? Disadvantaged minorities? Unemployment? Poor housing? Hunger?

These problems cry out for innovative approaches and hard work. Perhaps, as has been said about New York's vast, interrelated difficulties, they can't really be solved, but must be managed. On the other hand, maybe you hold the magic key to certain solutions.

There is an ironic footnote to current religious activism. Karl Marx contended that organized religions - particularly Christianity - diverted man's attention from the problems at hand by insisting that suffering was mankind's lot on earth and salvation could be found only in the hereafter.

But events in recent years have shown that religion is abandoning this ostrich posture and is trying to cope with temporal affairs. There is room for you to share in these programs.

Theologian Paul Tillich observed that in weighing the price of space exploration, with its effect upon social priorities, a tendency toward cynicism often follows. "These spiritual factors, however," he continued, "should never lead to a decision to give up either the production of technical tools or attempts to penetrate into outer-terrestial spaces . . . For danger is not a reason to prevent life from actualizing its po-

And in this matter of priorities, let's make a list of our own. Putting first things first, the allotting of some time for religious contemplation this holiday weekend should be tops on the THE STAFF

It is hereby resolved that: The Washtenaw County Association of ownship Supervisors opposes the concept of the planned park in Freedom and Lima Townships by the Huron Clinton Park Authority. We feel that in addition to taking 4000 acres of prime farm land out of production it will disturb and destroy the present ecological balance and increase pollution by inviting thousands of people from out of Washtenaw County to the park thus increasing traffic and requiring that more roads be built. run an extension cord from his cottage to a dock on the lake to drill a hole in a metal pipe which was driven into the

In the sportsman modified class. Louie Jay was again fastest qualifier at 18:88. The first heat saw the cars closeby himched with Harold Reynolds beating out Louis for the win. They were followed by Ken Liedel and Don Macey. The caution flag was thrown in the secand heat on lap #5 when Jim Martin and Larry Shellenberger locked wheels on the front stretch and had to be untangled. Butch Moull picked up the checkered flag over Jim Stemen, John Limbercker and Jr. Gary. Bill Kopka took the lead on the ninth lap of the third heat as he bested Paul Whitaker, Fred Worden and Jim Beisel.

The action was hot and heavy in the Semi with only 5 cars finishing. Bill Cattell picked this one off followed by Limbarcker, But Living, L.J. Bumpus and Gary Riser.

It looked like the feature would go straight thru with no trouble, but on lap #15, Macy stalled on the back stretch in a dangerous spot, hailing the yellow. Louie came from the back to take the lead on lap #12, and was never headed as he picked up his minth straight feature win. Right on his tail was Reynolds for second place over Slade, Ray Joinston and Mouil.

In the stockers class Harold Reynold was quickest with a time of 19:83. He also took the checker in the dash by a large lead trailed by Don Dunn and Bill Paxton. The heat race was stopped on

Charles Gauss Retires From Road Commission

Charles Gauss of 429 Macomb St., Manchester, retired May 28 of this year after 44 years with the Washtenaw Co. Road Commission.

Born April 3, 1906, on what is presently the Ambrose Lentz farm on Grossman Road, Mr. Gauss attended the Zimmerman district one room school and then Union High School where he graduated in 1925.

After graduation he and two friends. Lynn Albertson and Harold Dresselhouse, took their Model T Ford, "a fine car even if she was without fenders", painted "Michigan or Bust" on her and headed for Saskatchewan, Canada to visit his uncle and work in the harvest fields. They made it to Central Butte, a little town in the center of the endless prairie, and made it home again as well.

For several years he worked in Leslie on Highway work, in Lansing pouring concrete for roads and then for 45¢ an hour for 3 years, he worked out of the Ann Arbor yards. When the County began taking care of township roads he began to work closer to home, and at 50¢ per hour he had good steady work during hard depression years.

On the day of his retirement, he asked each of his fellow employees to sign an autograph book, an old-fashioned custom. They complied, reaching a total of more than 120 names and

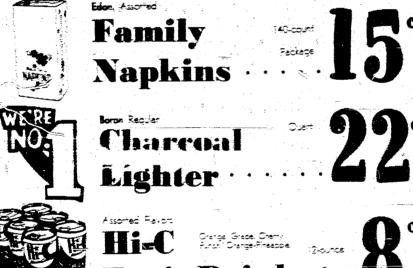

using 2 books. Having married Laura I. Reiser during these years, and having one son, Lucas, with grandson, Allen, the family has lived in their present home their entire married life, more than 44 years.

Owning a cottage on the South Branch of the AuSable River, Mr. Gauss intends to pursue his hobbies of gardening, fishing, canoeing, and most of all

A member of the Methodist Church, Mr. Gauss is interested in many subjects but Philosophy most of all. He expresses his interest in the Golden Rule, Brotherhood, Nature, while stating that education is important and communication is essential. The younger generation is confused but truly seeking and he has

much hope for them. The years have been good ones and charles Gauss says he has no regrets. The had a good job, and he enjoyed the work. Now he plans to enjoy retirement.
