ART DRAWING ACCEPTED

Mr. and Mrs. Floyd Schiel have received word that their granddaughter Amy Hainstock has had one of her drawings picked to be sent to Saline's sister City in Wales on an Art Exchange Program. Amy is one of eleven in the Saline School System to have her drawing picked. Wales will then send eleven drawings by their Art Students to Saline, Michigan.

Amy is the daughter of Mr. and Mrs. William Hainstock and a student in the 3rd Grade at Houghton Elementary School

Amy is a former student of Klager Elementary School in Manchester.

14th District Judge Candidate

SPEEDY TRIALS are necessary to insure that a defendant will be prosecuted within 90 days of his arrest. The criminal knows that if his trial is delayed the odds are in his favor: people' memories fade, they relocate in different regional areas, evidence may be lost of destroyed, or witnesses may expire through natural causes.

CERTAINTY OF PUNISHMENT necessary to prevent the criminal shopping for the lenient judges. If the criminal is aware that all judges will give the same term of years for the same type of crime, he will no longer be assured a sanctuary of probation but instead the prospect of jail.

SEVERITY OF PUNISHMENT signal be met on the basis that PUNISHMENT SHOULD FIT THE CRIME AND NO THE PERSON. Thus, if the crimina commits the crime of armed robbery, he should receive a term of years commensurate with the crime and not on the basis that he is a victim of drags, economics, or social deprevation, When the criminal becomes aware that upon the conviction of an armed robbery he will receive 25 years in the greatest walled prison in the world-Jackson, then his moral sussion may convince him to seek fund from honest employment.

Last, but not least important, is PLB-LIC AWARENESS by the criminal that erime will not be tolerated. News medias can disseminate the trials, results of trials, and punishment for the crime committed. With this foundation, the trend will reverse itself from the vast majority' fear of being a victim of a crime to placing the fear within the criminal, so that he will reflect prior to committing a crime that JUSTICE is SWIFT, CER TAIN, SEVERE, AND PUBLIC.

Summer Recreation Starts June 19th

The Manchester Summer Recreation will begin its programs on Monday, June 19, and run for six weeks until Friday. July 28. There will be no activities scheduled during the Chicken Broil, July 20th. These are the activities which are offered. Note that some of the program: have already begun.

LITTLE LEAGUE AND T-BALL-Manchester can be proud of the participation in this baseball program for both the young boys and girls. This year we have 7 Little League teams and 6 T-Ball teams which totals about 195 boys and girls.

JUNIOR LEAGUE AND GIRLS SOFT-BALL-Junior League baseball is for all interested boys between the ages of 13-15. These young men compete in a league against Chelsea and Dexter. Softball is for all girls who are completing the 6th, 7th, and 8th grade. These girls compete against Tecumseh and Britton.

JUNIOR PLAYGROUND-This program is for all children who will be at least 5 by December 1, 1978. It is held at the Nellie Ackerson Building in room 113. Everyday Monday through Friday from 9:30 a.m. to 11:30 a.m. the children will be participating in the arts and crafts well as indoor and outdoor games. This year we have a special treat. Teresa Freed from the Manchester Art Guild will be providing special art instruction twice a week. Some of the activities will include drawing and sketching, painting technique, and weaving and pottery. Also every Friday the Junior Playground has a picnic at Carr Park. We are hoping to add a Field Trip this year.

ROLLER SKATING--Each Thursday, starting June 22, we will be going roller skating at the Adrian Skateadium from 1:00 to 3:00. Anyone interested may attend

To Whom It May Concern:

I write this to console the mystery student from the class of "82" and perhaps enlighten the non-students who fail

to understand why we are frustrated. For the last five years I have been involved in a band program run by overloaded or incompetent teachers. The program fails to challenge any participant due to the lack of discipline and stimuli. Beginning wind players are taught by a string teacher with little wind experience. More than a few have dropped the class because they have learned only a few basics.

I have been in a Math class where flying checkers and clay balls were an every day occurence, a band class where after a year I was asked why I was there and shouldn't I go to my usual class. another class where the teacher threw the

contents of the shelves about the room because he couldn't find his paintbrushes and a Government class where the teacher was unaware that there were no airplanes until the turn of the century, unsure about the functions of the three branches of government and graded only the papers

she wanted when she had time. The things that are bad need to be changed. The teacher mentioned a few weeks ago has been in question many times, as far back as nine years. The "proper channels" were followed then and you can see the results. One begins to wonder what you have to go through to get things changed. Until the quality of education here improves, there will still be frustrated people writing letters to

I say all this not to promote bad public feelings toward the school system. There are many more good teachers and classes than bad. The problem is that the few bad things have existed for a long time with nothing done about them.

Mystery student from the class of "82" good for you. Society needs its "muck

I would hope that the people in Manchester would take a higher interest in their schools and give them their support. Respectfully yours, Tammy Rhoades

All citizens of Michigan who are concerned about unreasonable property tax assessment increases each year may help to lower their property taxes.

The statewide Tisch Petition drive to put an amendment on the election ballot in November to CUT property taxes is endorsed by the "Coalition for Property Tax Reform in Michigan," a statewide, non-profit, non-partisan group, and is picking up steam across Michigan, Howard Jarvis, the successful leader of the California Property Tax Revolt, says that the Tisch Petition is the only proposition he supports for Michigan.

The Tisch petition will: (1) CUT PRO-PERTY TAX assessments IN HALF next year. (2) LIMIT tax value INCREASES to 2 1/2% a YEAR. (3) State INCOME

Township of Manchester **Board Minutes**

May 8, 1978

The regular meeting of the Manchester Township Board was held at the Village Hall at 8:00 p.m. on Monday, May 8, 1978. Members of the Board present were: Widmayer, Burch, Lentz, Macomber and Fielder. Also present were: Constable Lyle Moore.

The clerk read the minutes of the last regular meeting of April 10, 1978. They were approved as read. Also the minutes of a special meeting held April 25, 1978 Re: Work out details with F.D. representatives and architects for new fire hall were approved as submitted by a motion by Widmayer and supported by Macomber, All yeas, carried.

The treasurer reported there \$3541.43 in the General Fund. The clerk presented the following bills

to be paid:

1. Atwell Hicks--\$1895.12. 2. American Legion Post-8270.00.

3. Wilma Lentz. Clerk--89.32.

4. Michigan Bell--\$130.15. 5. Michigan Bell--\$23.29. 6. Grossman-Huber--\$56.52

7. Auto Parts Co., Inc. -- \$9.35. 8. Manchester Enterprise--\$127.35.

Total -- \$2521.10.

It was moved by Burch and supported by Widmayer to pay the bills and to pay \$600.00 out of the F.R.S. toward the survey and \$1295.12 out of the Special housing savings account for the Atwell-Hicks bill. Roll Call vote: Burch, yea; Fielder, yea; Lentz, yea; Macomber, yea; Widmayer, yea; Carried.

Fielder will discuss the grave markers with the other townships at the next meeting with them for the fire contracts. A thank-you note was read from Yvonne Huber.

Lyle Widmayer was appointed to the Manchester Township Planning Comm. for one year from the Board.

The resignation was read from John

DAIRY MONTH

June has special meaning for dairy farmers throughout the nation: It's Dairy Month, a time when dairy industry groups traditionally increase efforts to promote better understanding of their industry and their products.

That's particularly significant in Michigan where dairying holds the Number One spot in the state's second-ranking industry, agriculture.

Thousands of people here have jobs producing, transporting, processing, distributing or selling milk and other dairy products

The equivalent of some 500 million gallons of milk was produced last year on the 7.000 dairy farms in Michigan. About 265 million gallens of that were processed and sold as fluid milk; the remainder was used to manufacture various dairy byproducts.

Observance of Dairy Month will include efforts by leaders of dairy farmer groups to remind consumers of the importance of milk and other dairy products, and of the importance of dairying to the state's

Council met in regular session with the meeting called to order by President Schaffer at 7:00 p.m. Present were Daniels, DuRussel, Fitzgerald, Duncan, Koebbe, Rigg and Zsenyuk; absent Althouse. Minutes from the May 1, 1978 regular meeting were read and approved in a motion by Duncan, supported by DuRussel, All yeas, carried. Enter Althouse at 7:03 p.m.

Gary Wiedmayer was present to inquire about water being extended to the two undeveloped lots on Schaffer Court. The Village policy is that the owner extends water mains. After an explanation of the possible alternatives. Mr. Wiedmayer left. Keith Reed inquired about what is to be

done with the building next to his barber. shop which has been condemned. He was advised that the owner is in litigation with the insurance company. Any demolition would have to be done at the owner's expense; however, just because the building has been condemned does not mean that it has to be torn down. It must be properly secured though. The primary concern is the securing of the building. which the Police Dept. will direct Alexander to do.

Mr. and Mrs. Robert Dorr were present with a respect to build a garage on their property located at 500 E. Main within the required eight (8) foot sideyard setback. The variance bearing was scheduled for June 5 at 8:15 p.m.

The clerk advised Council of a conditional use permit request which had been received from Alma Arnett, and which had been reviewed by the Planning Commission. The hearing has been scheduled for 8:00 p.m. June 5, 1978.

Mike Bruff asked about Village assistance in River Cleanup Day scheduled for May 20, 1978, Council indicated that some of our people could be available using Village equipment. Mike was to contact Bruce Daniels later in the week regarding

recently discovered that his property on the East side of the Village on Duncan Street is being used as a dump. It was suggested that he post the area, which he assured the Council he was going to do. He wanted the Village to be aware that he had not been using the property

Limpert questioned Council on Roesch's opinion regarding Washington, Clinton and Macomb Streets. He had not been present at the last meeting when Roesch was, but said he understood that Roesch has reserved his opinion on the streets affecting the Mill Pond Village property. Limpert said he cannot proceed with the project until the matter is settled; there are too implications. Schaffer said that Council also cannot proceed with a decision until the matter is settled by our attorney. Fitzgerald stated that the previous council had brought up the matter of the street closings when a subject of a possible river crossing was raised by Limpert. At that time Limpert's tax description also came un. Duncan indicated that since Roesch has estimated that he will have an answer within a month, this is the time frame that we must work within. Limpert answered that he would like it resolved as quickly and equitably as possible. Schaffer indicated that he was to meet with Roesch on May 17, and would contact Limpert regarding any revised time frame.

Laurin Leeson questioned a portion of the Council minutes of April 3 regarding compensation of Planning Commission members. The resolution was fashioned after the Village Ordinance governing payment of Council president and trustees and contains a clause about reimbursement which could be in conflict with the manner in which members are appointed. The clerk agreed to check into that with Roesch. The term president is incorrect in referring to the Planning Commission

Chairman and should be changed to chairman. This can be done at the same time any amendment to change section 4 is woted upon. Leeson also questioned the legality of the official zoning map since changes have not been kept current. The original map is located with the Washtenax Planning Commission, Leeson agreed to work with DuRussel and the clerk, as well as Sang Nam on an update of the Zoning Map.

Duncan reviewed Planning Commission actions. Dorr's request for avariance was approved to allow construction of a garage with allowances of four feet of rearyard setback and four feet of side yard setback. Cox's request for a variance to allow construction of a carport with allowance for only five feet to side yard setback with the structure ten feet from the nearest building on adjacent property was approved. Arnett's request for a conditional use permit to establish a "one chair" beauty shop in the basement of her home was approved if provision is made for adequate off-street parking for all vehicles as per Zoning Ordinance. The above applicants were referred to Village Council for proper hearing and formal action. Limpert was present at Planning Commission to apply for a change in zoning on that property described as "Thomas Morgan Addition-Lots 8,9, 10, 11. 12" on the southwest corner of Duncan and Morgan Streets, from the present zoned use of R-1B (Single-Family Urban Residential District) to I-3 (Urban Industrial District). He also is requesting the vacating of the plotted alley on the west side of these properties; the alley is between and parallel to Division and Morgan Streets.

According to the unapproved minutes of the Planning Commission meeting of May 8, 1978 the following recommendation was to be forward to Council: that favorable consideration be given to Mr. Limpert's application for rezoning of the properties described as "Thomas Morgan Addition-Lots 8,9,10,11,12", from R-1B to I-3, provided that Mr. Limpert simultaneously apply for rezoning of the

properties facing on Duncan Street, and extending to the Village Limit, currently zoned I-2 (General Industrial District such that the parcel generally name a Duncan Street be rezoned R-1B, and the parcel generally south of Duncan Street be rezoned R-3 (Medium Density Multi-Family Residential District). Further than Mr. Limpert's request to vacate the alleg between Division and Morgan Streets shall be denied. The motion was approved with Chapin and Broucek voting no. The request for simultaneous requests of zoning changes was at suggestion of Planning Commission and not an inducement by Limpert, according to Limpert and Dancan. After some discussion it was decided that Mr. Limpert should apply to have his property rezoned. The Public Hearing will be set when Limpert has the legal des-

cription and request turned into the clark Zsenyuk reported that the amount of malicious destruction of property at Carr Park has increased. Enforcement of ordinances has increased and a warrant has been secured on the malicious destruction.

Zsenyuk attended the Manchester Association meeting and suggested that Council review the proposed plans summitted on the parking situation, both the north and south sides of Main Street. Fitzgerald agreed to attend a meeting about the parking on May 16, 1978. Limpert has estimated that the total cost for the proposed parking lot renovation would be less than \$20,000 In checking into the availability of HUD

There are things you can do to control the cost of your phone bill.

We are constantly searching for ways to help you economize on your phone service, but here are just a few ideas on how you can help yourself: Call when it's least expensive. For example, when you're calling long distance, dial direct and plan your calls for times when the rates are lowest. Budget Service that's really low budget! Look into the availability of Budget Service if you don't make a lot of phone calls every month. It's the least expensive one-or-two party phone service we offer

Plan to have all your service installed in one visit. For instance, if you move, plan carefully so the installer doesn't have to make extra trips. for which you may have to pay additional charges. And while you're planning for new service, make sure it's going to be the kind most suited to your needs.

Receives Doctor Of Ministry Degree

Rev. Michael Peterlin, Pastor of the First United Methodist Church of Manistique has received the Doctor of Ministry degree in recent ceremonies held at the Methodist Theological School in Ohio. Work on the degree has spanned much of the last three years.

The subject of the work toward the degree was loss and grief. The dissertation was entitled "Ministering to Those Suffering Loss: A Plan for Training "Loss in the Family: Equipping a Local Congregation to Respond, A Model for Training Small Groups." This is a subject of vital concern in our society which is lacking in roots and security and in which people are afraid to commit themselves to any true form of permanence.

Rev. Peterlin served as the Pastor of the Sharon United Methodist Church from 1970 - 1976 and began his work on the doctoral program while here.

MANCHESTER AREA HISTORICAL SOCIETY
