Chicken Broil Tickets On Sale

Advance tickets for Manchester's 27th Annual Chicken Broil are now available for purchase from any of the more than 550 volunteers, and in Manchester, at Gill's Gambles Store, A & B IGA store, Ann Arbor Bank and Trust Co., Back Door Party Store, Bauernstube Restaurant, Great Lakes Federal Savings, Krauss Pharmacy, Manchester Enterprise, Mann's Feed Mill, Michigan Livestock Exchange, Union Savings Bank and the Village Tap.

Advance tickets are also available in Ann Arbor, Bridgewater, Brighton, Brooklyn, Chelsea, Clinton, Dexter, Napoleon, Pleasant Lake, Saline, Tecumseh and Ypsilanti.

The price of Broil tickets purchased in advance is \$3.25. Tickets purchased at the gate on the day of the Broil, Thursday, July 17, will be \$3.75.

Gene Bentschneider, General Chairman, says plans are well underway for this forthcoming big day. He expects that more than 12,000 guests will be served on the athletic field and through take outs from four P.M. on. That's more than fifty a minute.

Mayor Schaffer has proclaimed this year's Chicken Broil day, July 17, as "BUD GUEST DAY". Bud was heard for some thirty six years throughout the midwest over W.J.R. His program "On The Sunnyside Of The Street" brightened the days of untold thousands of listeners. He is now active as ever spreading laughter among banquet audiences across the country. Bud and Betty have adopted Manchester as their home away from home and sing the praises of our famous Chicken Broil wherever they are.

Bud and Betty, along with other radio and TV personalities, will again be with us on Chicken Broil day.

Again this year free transportation will be available to visiting guests who park their cars at the high school parking lot. There will be no buses, just good old fashioned horse and pony drawn vehicles. Wendell Reinhart has arranged the transportation. Wendell will be driving a sixteen seat wagon. Lloyd Hughes will furnish two vehicles, a covered wagon and a hay rack wagon. George Macomber will be driving his old fashioned farm wagon and McCalla Feeds of Chelsea is making available a covered wagon. Andy Poet will be with us with his ponies and wagon. Jim Hone is furnishing a flat farm wagon and Jake Hague will have a covered wagon.

This colorful shuttle service from the

parking lot to the athletic field and back has become very popular and entertaining for the young and old.

ALL ROADS LEAD TO MANCHESTER ON JULY 17.

Township Library - A Happy Riddle

Which came first, the chicken or the egg? If you know the answer, you can tell us whether patrons of our Library spurred circulation to increase over 35% in the past year, or whether new Library procedures, acquisitions and services lured more users into the building. Whatever the cause, it's the kind of double-digit inflation we can all be proud of!

Here are a few impressive statistics: Over 27,000 items were circulated during the past year - from books to records and films - to over 2700 area card-holders. Nearly 100 books were acquired for short-term loan circulation. There has been a marked increase in our use of the inter-library loan system. The Library applied for and received two grants, one to buy a microfiche viewer and the other to update our collection of law, medical, self-help, agriculture and Michigan books. A Savin 755 machine, bought with money borrowed from the Franklin Reck Memorial Fund, has produced an average of 80 copies a week since its installation in late April. And finally, well over \$200 in gifts and memorials, plus numerous donations of books, have enhanced our collection.

The Library has also served various local groups. Four classes from the Manchester Nursery School visited the Library as a learning experience, and many are now regular users. A senior citizens group from Saline toured the Library and was greeted by Board President, Elizabeth Grossman. We were honored by a visit from our guest Mayor and officials on Mayors Exchange Day. The building was used for meetings by the Manchester United Way Committee and the Manchester Family Service. And special reading programs for youngsters, one during the summer and a new holiday program during the fall, were skillfully planned and supervised by Barbara Korth and Margaret Goodrich.

During National Library Week, the staff selected three Patrons of the Year: Harvey Gregerson, Lenore Steele and Heidi

HIT OR MISS by farley

'Tis said, that the sport of kings is horse racing. Maybe so, but there's a lot of other people in the world besides kings and I have, after considerable research, come to believe that the sport of the common woman, and man too, is Garage Sales.

They are a phenomenon that has become popular in comparatively recent years and have developed into a national pastime, at least in the densely settled parts of the country and I'll bet that the disease has spread to all parts of the country. A friend of mine tells me that he was driving through a sparsely settled part of the midwest when he drove some miles without passing a house. And when he did pass one, there nailed to a tree at the driveway entrance was a familiar sign "Garage Sale".

The universal appeal of the Garage Sale seems to be that somewhere therein, among one man's junk there may lurk another man's fortune. It's just like buying a lottery ticket. You never win anything but you often hear wild tales of those who do, so you keep on trying.

I have resisted manfully, until recently, going to garage sales for they seemed stupid to me—just a bunch of junk offered for sale by one person which is bought by another person and carried from one garage to another where it rests until there is no more room in that garage for anything but this accumulation of junk. Then it is piled up in the middle and a sign duly stuck up in front of the house, whereupon passers by stop and purchase most of the pile of junk and take it home to their garage and pile it up until there is no more room for the lawn mower and the car when they repeat the above

HIT OR MISS

We keep seeing stories of how eventually we are going to be overrun by and flounder in our solid wastes. When you stop to think about it the contents of the garages of this country must have gone far to postpone that day, if my garage is a sample.

So I admit that I have become an addict of garage sales and of their big brother Consignment Weekly Auctions. When I see a sign advertising one, my foot automatically hits the brake on the car and I automatically turn in to the proper driveway and when I see a sign "Ten Family Sale" or "Eight Family Sale", I automatically jump out of the car and begin to paw the accumulation hoping that therein I will find an overlooked treasure, a piece of furniture by Mr. Duncan Phyle or a lost painting by Reynolds or some other famous artisan. I never find anything really worth while nor really worth bringing home but it takes up time, is fun, is much cheaper than drinking and chasing women and doesn't use expensive gasoline

Library

Keezer. The staff also donated 100 book bags for use by patrons on rainy days.

Last summer, fresh paint beautified our building's exterior but interior maintenance costs were heavier than usual. Furnace, plumbing, electrical and other repairs increased and, sadly, student damage to the Periodical Room and bathroom was a distressing expense.

In the year ahead, the staff hopes to continue expanding both our collection and the services they provide to the community; to complete the review and cataloging of our materials with special attention to classifying the items in the Claire Reck Historical Room; and to find new ways to meet our patrons' special needs and cater to their particular interests.

In conclusion, we, the Board members, wish to thank everyone who has given so much time, interest and help to our Library. It is this outstanding effort from patrons and staff, special friends and contributors, plus the strong support of our Township that has turned a beautiful old building into a modern, vital community service which reflects the character, tastes, concerns and needs of its users.

**Program To Reduce
Domestic Violence**

Area Human Services Agencies are cooperating in a program to reduce the frequency of domestic violence in Washtenaw County. In the light of nationwide research which indicates that repeated domestic violence in the same household tends to result in increasingly severe injuries, or death, to citizens and the police, policymakers will attempt to place such households in contact with agencies that may be able to help.

Under the new program, special volunteer Washtenaw County Sheriff's

Deputies and Community Mental Health professionals will recontact victims of domestic violence within 72 hours of the original incident which initially required the Deputy's service. Victims will be advised of various agencies which might be of assistance with their particular problem, and they will be given phone numbers and people to contact at these agencies. Assistance can range from crisis counseling to emergency shelter, and from economic aid to legal advice and prosecution.

The Washtenaw County Sheriff Department is joined in this effort by Washtenaw County Mental Health, Safehouse, Department of Social Services, and the Victim-Witness Assistance program from the Prosecutor's Office.

TREE PLANTING DAY

Dave Wilson and Jim Schook used Dave's tractor to dig the holes for the trees.

Mary Elsom's third grade class arrives at the planting site for their tree.

Bob Gillow in getting the holes dug the night before. On Thursday, Dave Wilson and Jim and Kay Schook were on hand to help with the planting. Connie Schaffer coordinated the planning and donation procedures.

Each class planted a tree in a location chosen by the class. There were several extra trees which were planted in clusters at various locations on the grounds. At this writing the trees are doing well. In a few years their beauty will begin to enhance the environment at Klager.

On Thursday, May 15, the students of Klager and Pleasant Lake had a tree planting day to help beautify the grounds at Klager as well as get the students of the two schools together for a joint

activity. Local residents were very responsive to this project. Jim Mann and Dave Wilson donated the trees. Jim and Dave were joined by Gary Chavey, Bob Buono and

Margaret A. Yorks For County Drain Commissioner

we are to provide needed new housing. As County Drain Commissioner, I will exercise the responsibilities of the office in a manner assuring fair, considerate and efficient treatment to all who require permits or approvals from the Office.

The County Drain Commissioner has a significant public duty to assure citizens that the office will safeguard the environment in all phases of its countywide activities. A balance must be achieved to recognize environmental needs but with economic reality. This will be my guideline in carrying out the duties of the Office.

I was born in Hamilton, Ohio, attended the University of Cincinnati and moved to Washtenaw County in 1966 for my former husband to attend the University of Michigan School of Engineering. We resided in Chelsea for ten (10) years while he was an engineer in the space program at the University. We moved to Ann Arbor in 1966 and have three sons ages 18, 16 and 12. I am a member of the First Baptist church, have taught Church School and am currently serving as Deacon. I am a member of the Huron Valley Toastmasters Club 1969. I was active in the Bach School PTO and served as their representative on the school-wide Sex Education Committee. I have been employed continuously for the past twelve (12) years.

\$5,000 Donation By Hospital Auxiliary

Saline Community Hospital Auxiliary has recently donated \$5,000 to the Hospital for the purchase of equipment.

My decision to become a candidate for the office of Washtenaw County Drain Commissioner is based upon my familiarity with the duties of that office and my years of experience in County government. I have been involved for the past eight (8) years in fiscal management in the County's Department of Public Works which is the agency now constructing over \$190,000,000 of new sewage treatment facilities for the City of Ann Arbor, Ypsilanti Area, Dexter and Northfield Townships and with the water and sewer projects also under construction for Pittsfield Township and the City of Milan. This program of the County is the largest environmental improvement effort ever undertaken by any County in Michigan. These are projects essential for the public health and welfare of this County.

The statutory duties of the Michigan County Drain Commissioner include regulation of new developments to insure drainage is provided to protect the public interest. It is important that this public interest be protected, but over-regulation and costly delays must also be avoided if

Equipment provided by these funds include: a Doppler Ultrasonic Flow Detector, a sensitive instrument which may be used to check for blocked or clogged arteries or to measure blood pressures not able to be measured with the usual blood pressure cuff; IVAC infusion pumps, instruments which precisely monitor the intravenous flow of special medications into the body; ultrasound and shortwave diathermy equipment which are heart modalities used in physical therapy for treating disorders such as low back pain, tendonitis and bursitis; and various surgical instruments. The Auxiliary's donation enables the Hospital to provide an increased range of quality services to the community.

CUTTING YOUR INCOME

What if someone suggested to you that your net income was going to be lowered 25 percent? You wouldn't think too well of it, naturally, but this is happening to a lot of people. Those who are being laid off from manufacturing and other plants will no doubt see their income lowered much more than 25 percent. Persons retiring will experience the same cutback, unless they have a mighty good retirement plan.

Probably the largest block of those to see their incomes cut by 25 percent this year will be farmers. At least the U.S. Department of Agriculture says it will be

cut this much, and it's through no fault of farmers that this is happening. There is little wonder about why they have gone to the fields this spring with a little less excitement than usual.

It troubles farmers, of course, that their incomes are being cut, and added to that is the attitude of government about this situation. Farmers are hit by skyrocketing costs of production that have been caused by inflation-inflation for which government must take the lion's share of responsibility. If the government had not been spending so much, and if it hadn't been regulating the productive life out of business, inflation would not be out of control.

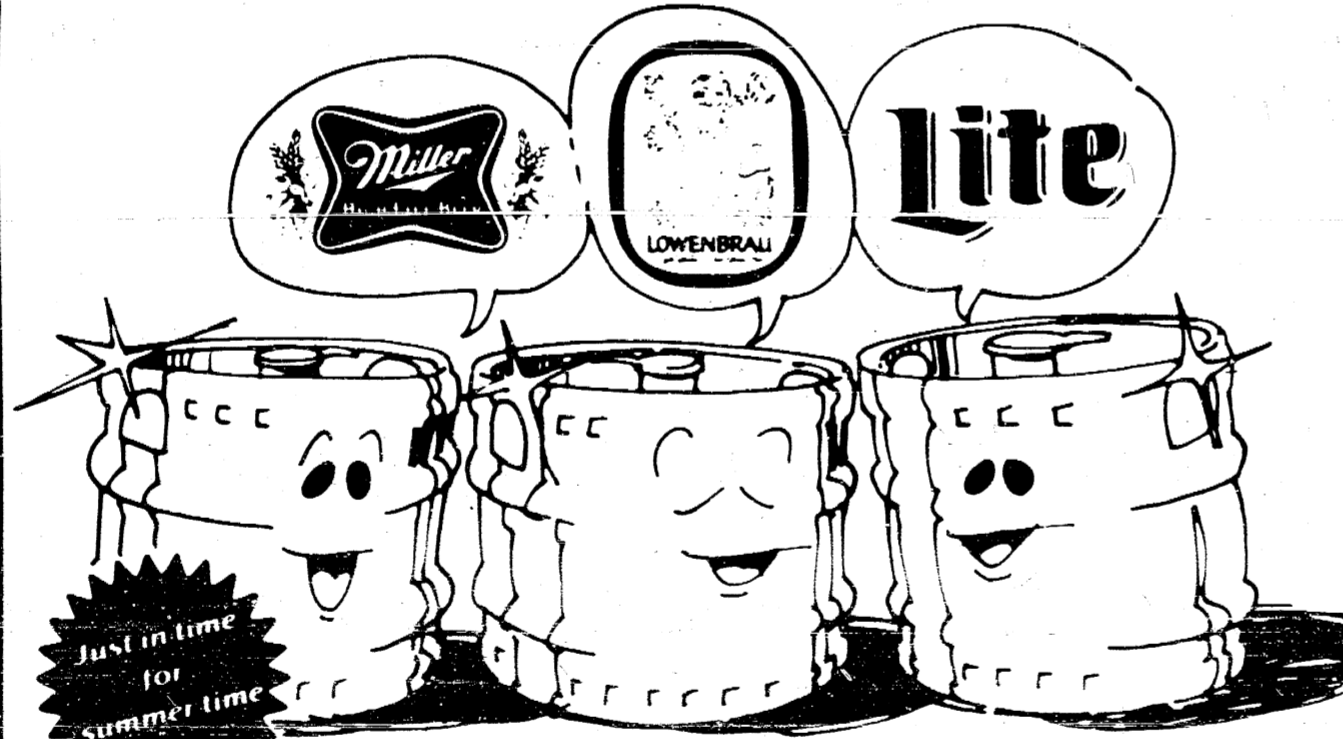

On the price end, farmers are faced with low market prices for their crops, and the decision by the president to embargo grain sales to the Soviet Union is the main cause of that. Mr. Carter wiped out a market that farmers had counted on when they planted last spring.

Recently, Secretary of Agriculture Bob Bergland was critical of those farmers who were blaming their troubles on the president. He implied that many of the problems were caused by poor management on the part of the farmer. That's kind of like somebody sticking their foot out to trip you, and then accusing you of not walking right.

Actually, all farmers need is for the government to take its foot out of the way...

LETTERS TO THE EDITOR

On June 19th, Ms. Barbara Lund stopped at the Harold Settles resident to visit me. She suggested that if I felt up to a short drive the next evening, I should stop at her mill in Norvell. She was having an "end of the year party".

June 20th was a beautiful day, and my sister from Ohio, Gerry Lincome, her son Dan, Patricia and Harold Settles, and my son Edward and I went to Norvell.

It was a beautiful drive and I enjoyed it after spending time in the hospital. In fact it was one of the first relaxed drives I had

had since March. It was great to see and talk to so many people. Ms. Lund's mill was a great setting for an outdoor party.

The band arrived and began playing. The music was good and the sun setting over the pond was beautiful. When the band took an intermission, a group of people came over to "chit-chat" with me.

Then Ms. Lund told me that this was not only an end of the year party, but also a Community Benefit for me. Those of you who know me, are aware I am not usually at a loss for words. However, at that moment, I was speechless.

During my prolonged illness and operations, I have received many nice cards, flowers, calls and visits from people in the community.

The Middle School Students and Staff had a dance and from those proceeds purchased a beautiful tape recorder for me. The Middle School Student Council sent me beautiful flowers.

Between my operations, Mr. and Mrs. Harold Settles and family, allowed me to use their home for my convalescence. They were second parents to my son Edward during this trying time.

I wish to thank all of you for your prayers, kind thoughts and deeds during my illness. God willing, I will be back at my desk in the fall working with you and your children.

THANK YOU MANCHESTER!

4TH OF JULY PARADE PICNIC FIREWORKS

Friday is our fifth annual 4th of July celebration. The parade starts at the Athletic Field at 2:30 P.M. Anyone interested in bringing their old car, horse, bicycle, or whatever, is welcome. The bigger the parade the better. If you have any questions, please contact Ron Mann or Doug Farr. Entries should start lining up at 2:00 P.M.

There will be an old time picnic at Carr Park after the parade. Games for the kids are planned and water ball fights put on by the firemen. Get a team together and challenge the town. I'll bet you can not beat the firemen's team!!

At dark the fireworks will start. The Fire Department has been set for July 5th.

The 4th of July celebration was started during the Bicentennial of 1976, and has been kept going under the sponsorship of the Manchester Jaycees. Everyone has had such a good time in the past we want to keep it going, but it does take money. The cost this year will be over \$2,000. We have collected only about a quarter of this amount. We do need your help. If each family would donate even a dollar per person we would be over the top. Canisters are placed around town and a board for a dollar per square is in the Union Savings Bank. Some of the civic groups have run projects for the celebration, we appreciate their help and ask all the clubs, businesses, and all of us in the community to chip in for this event.

We have one of the nicest parks of any around, lets all turn out and reminisce and have fun. When is the last time you were at Carr Park?

Send your donations to Manchester Jaycees, Manchester, Michigan. SEE YOU THERE!!!

Manchester Day Camp

Registration for the Manchester Day Camp is still open. The Day Camp is scheduled for Tuesday, July 8th thru the 11th at Carr Park. The day camp is sponsored by the Manchester Area Girl Scouts and open to all girls ages 6 to 10 years of age, especially for those girls who might be interested in joining a Girl Scout troop in the fall. The camp day begins at 9:00 and closes at 3:00 except on Friday when a potluck dinner is planned for the campers and their parents. Hiking, games, songs, cooking and crafts can be enjoyed at day camp. The registration fee is \$2.00 a day which includes lunch on Wednesday, Thursday and Friday.

For a registration form and more information contact Dianne Schwab, 428-8976, Pam Post, 428-8669 or Pat Faulhaber, 428-5007.

Manchester Area Historical Society

The History of the Sharon Mills was given by the present owner Mrs. Lillian Martin at the regular meeting of the Manchester Area Historical Society. This meeting was Monday evening, June 23rd at the Tom Walton home.

Mrs. Martin also spoke briefly of the Antique Shop now at the Mill and how to gather and sell "Collectibles". The Organization plans such a "Collectible Sale" on August 9th at the old Methodist Church. This will be in conjunction with a "Walking Tour", Sidewalk Sales & Art Fair.

Watch this paper for further update on these events.

HIT OR MISS by farley

I got to thinking the other day about the forthcoming political conventions and my thoughts wandered back to some of the more amusing and entertaining ones held in past years and of some of the participants therein and so of course one of the first ones that popped into our mind was the one and only Will Rogers who made the dullest convention a first class show.

To begin with he always said that all politicians worked hard-to get elected and re-elected and that between times they rested. How true this still is, as true as in 1935. Roger's humor was always terse and to the point and he said he got his best jokes from reading the Congressional Record.

His jokes were always timely. At the 1924 convention in New York he was appearing in the Ziegfeld Follies at the same time the convention was taking place and he insisted that Ann Pennington's knees were much better looking than William Jennings Bryan's and that the delegates were overdressed in badges compared to the chorus girls. On that we had Will to live up the two forthcoming fracas.

Back in 1924 he opined that the Republicans took credit for radio, telephones, baths, automobiles, savings accounts, and living wages for Senators. The Democrats were to blame for wars, pestilence, debts, floods, famine and tooth decay. He never became a stuffed shirt. One stuffy New England lady once asked him if his ancestors came over on the Mayflower and Will soberly replied, "No, but we met the boat". He was a quarter blood Cherokee Indian, and many of his tribe were among the famous and infamous characters of the early days in Oklahoma.

And right now it looks as though we could use another Will Rogers to put some life and hope into the forthcoming national conventions.

A nameless friend told me this the other night. He said "I have an understanding wife-she's very thoughtful. No matter how late I come home at night she always has my slippers and robe laid out for me. And she sees that I have plenty of hot water. She knows how I hate to do dishes in cold water."

If food prices go much higher there'll be more man bites dog stories.

Story Hour

This week's story hour will be a little special. We will be reading a few books concerning the fourth of July celebration. (One will be a riddle book, for all our young riddle lovers). A good time is always had by all participants, young patrons and old. Come Thursday, July 3, 1988 from 1:30 - 2:30 and enjoy.

Athletic Field Project Completed

The Manchester Chicken Broil, Inc. project of moving and rebuilding the softball diamond on the Athletic Field, located at Vernon St. has been completed. The storage and concession building was completed in 1979. It required a lot of work and time to accomplish the job and it was through the cooperation of many individuals and companies, with their equipment, which was donated, that held the cost to a minimum and made it possible to be completed.

We would like to take this opportunity to thank everyone and print a list of the contributors: Union Construction Co., Emery Garlick Co., Clyde James and Assoc., Superior Land Developers, Jim Hansen, Alber Farms, Jean Wheeler, Dave Bunn, Rafalski and Son, Silkworth Tree, Manchester Public Works Dept., Mann's Mill and a number of community minded people.

The committee appreciated your cooperation and please excuse the oversight, if anyone was left off this list, because it was not intentional.

Help Wanted

Any boys, 12 years or older, that would like to work on butter detail, at the Chicken Broil, July 17, 1988, please contact Mike Hughes, 428-7884 or Ted Stautz, 428-8126.
