Manchester Area Historical Society

A very successful "Flea Market" was reported by the Committee of the Manchester Area Historical Society. Special "Thank you's" are offered to the many persons in the community who

contributed articles as well as the interested buyers. The proceeds will be added to the

Building Fund of the Society. This sale was in conjunction with the Merchants Sidewalk Sales and the Art Fair held Saturday, August 8th.

Equestrian 4-H Club Does Well

The Flying Equestrian 4-H Club results at the County Show are as follows:

Dawn England qualified for the finals in fitting and showing. Lisa Buono, Jenny State University showed that the water-England and Sue Shear qualified for the bath processing times were not adequate finals in Western Equitation. Lisa Buono for steam canning. Up to 19 additional was Grand Champion in Junior Western minutes were required when processing Equitation and will represent our county at tomato juice and applesauce in a steam the State 4-H show in Lansing. Steam Canners Not Recommended

Extension Home Economist

Several brands of steam canners have appeared on the market and are being promoted as substitutes for water-bath canners. They consist of three pieces-a shallow pan which is filled with about two quarts of water, a perforated rack on which the jars stand, and a large dome cover. During processing, steam wafts around the jars.

Until processing times are determined specifically for steam canners, they should

Manufacturers of steam canners are recommending that acid foods, such as tomatoes and fruits, may be processed in 6:30-9:30* steam canners using the time-tables established for processing acid foods in boiling water-bath canners.

Lest we bore you with these details let's just skip over a few other ads your own eyes better and quicker than an oculist, a dozen or so typewriters from \$25,00 up and at least that number of can fruits and tomatoes, contact the corset ads. Such was life at the beginning Cooperative Extension Service office at of the twentieth century. Maybe we had less in those days but on the other hand I'm not sure but that we had more time to enjoy what we did have and we were not crowded and pushed along at breakneck speeds in all of our endeavors.

School Events Calendar Is Back

A school events calendar has been absent in Manchester for a number of years now. 1981-82 marks the return of the calendar. The Manchester Education Association has designed a school events calendar to remind you of all those important school related events - athletic activities, conferences, concerts, vacation, board meetings...

The calendar will be available at the Community Fair starting August 18th. Welcome back calendar!

Dear Editor,

I am a Junior at Manchester High. Last year I purchased a class ring (costing me \$100.00 roughly). On one side of my ring I had the wrestling emblem put on. I bought that ring because I wanted to remember my school days. Mainly my wrestling career here. Whether it be good or bad. I guess that what I'm trying to say is that I wish that some of you people, no, the majority of you people, could or would realize how much you are depriving us kids not just now, but twenty, thirty years from

Think about it. Do you have memories, something you can tell your kids? Because I probably won't have very many.

Oh, one more thing, when you taxpayers see us kids hanging around on the streets because there is nothing to do, don't complain. You put us there, remember!!! Jim Burch

Bike-A-Thon the Sandborn Rd. property Re: Drainfield on Sportsman Club. Supervisor to consult

Mrs. Charles Glidden has agreed to the chairmanship of the St. Jude Children's Research Hospital Bike-A-Thon in Manchester, to raise funds to support the hospital, according to Mr. William J. Kirwen, Director of Development at the internationally recognized hospital.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which affect our children. St. Jude's is non-sectarian, non-discriminatory and completely free of charge to all

At St. Jude, scientists and physicians are working side by side seeking not only better means of treatment, but also the cause, cure, and prevention of these terrible killers.

All findings and information gained at St. Jude's are shared freely with doctors and hospitals the world over. Thanks to St. Jude Children's Research Hospital. children who have leukemia, hodgkins disease, sickle cell anemia, and other child killing diseases now have a better chance

The funds raised in the Bike-A-Thons this fall will assure the continuation of the life giving work at the hospital.

The concern which Mrs. Glidden has for the work being performed at St. Jude is greatly appreciated, and the children hope that the citizens of Manchester will support the upcoming Bike-A-Thon whole-

Obituaries

Mrs. Edna E. Buss 553 Vernon St.

Age 71 years, died Saturday, August 15, 1981 at St. Joseph Mercy Hospital following an extended illness

She was born March 15, 1910 in Freedom Township, the daughter of Charles and Emma Dieterle Weidmaver. She was married to Erwin Buss on April

6, 1935. He preceded her in death on December 28, 1975. Mrs. Buss was a member of the Emanuel United Church of Christ, Women's Fellowship of the church and the King's

She is survived by four sons, Stanley of Montrose, Carl of Manchester, Russel of Aztec, New Mexico and Glenn of Chelsea; seven grandchildren; two stepgrandchildren: three brothers. Erwin and Alvin of Ann Arbor, Armin of Manchester;

> Manchester, Mrs. Helen Helber of Clinton; several nieces and nephews. She was preceded in death by one

> two sisters, Mrs. Ruth Kuebler of

brother, Elmer and one sister, Lenore. Funeral services were held Wednesday, August 19, 1981, 11 a.m. at Emanue Church. Rev. Robert Macfarlane officiated Burial followed in Oakwood Cemetery in

Elmer L. Blaisdell 10015 Kies Rd.

Age 89 years, died Sunday, August 19 1981 at his home.

He was born May 10, 1892 in Jackson County, the son of Alden and Caroline

He was married to Donna Lowery on March 13, 1913. She preceded him in death

on October 31, 1980.

Mr. Blaisdell was a life long Manchester area farmer. He was a member of the Manchester United Methodist Church and Life member of Manchester Lodge #148 F

He is survived by one son, Lewis of Manchester; one daughter, Mrs. Erwin (Thelma) Blumenauer of Manchester, six grandchildren; thirteen grandchildren; one brother, Lester Blaisdell of Albion; one sister, Ruth Leeke of Auburn. Indiana: several nieces and

Two sisters preceded him in death.

Funeral services were held Wednesday. August 19, 1981, 2 p.m. at the Jenter Funeral Home. Rev. Thomas Hart officiated. Burial followed in Oak Grove

Senior Citizens

The Senior Citizens next meeting will be potluck, held at Carr Park on Wednesday, August 26, at 12:30 p.m. Bring your own dishes, beverage and a dish to pass.

In case of bad weather it will be held at Emanuel Church.

Let's have a large attendance.

Donate A Filing Cabinet?

Yes, the Manchester Township Library is in need of a filing cabinet. If one can be donated, the business or individual providing the filing cabinet can take an extra tax deduction-and the library will have that much more money to spend on its most important equipment: books.

Anyone interested in donating a 4-drawer metal filing cabinet should call the librarian at 428-8045.

"Words have a longer life than deeds." Pindar

Notice Of Hearing

FREEDOM TOWNSHIP PLANNING COMMISSION

A public hearing will be held at the Freedom town hall on August 24th, 1981, at 8 p.m.

On the agenda will be the proposed zoning ordinance amendment for mobile homes outside licensed mobile home parks and an amendment that would require that all new single family dwellings erected in the township have a minimum square footage of 1000 feet. The language of these proposed amendments may be seen at the home of the undersigned at 14355 Bethel Church Road or at the home of David Meinhardt, 11361 Pleasant Shore Drive. Lynn Voegeding, Secretary

LEGAL NOTICE

Copy of the Annual Unit Fiscal report for July 1, 1980 thru June 30, 1981 for the Township of Manchester is available for public inspection at the Township Hall, 275 S. Macomb St. during business hours.

"Fiber Arts: Harris and Hinkley" has been postponed until October 22 -November 22.

TRIP TO ELLA SHARP

Persons in pested in watercolors will enjoy the Gull trip to the Ella Sharp Museum in Jackson, to view "The 35th Annual Michigan Watercolor Society Exhibition". Considered one of the strongest watercolor competitions in the United States, 40 works have been selected for display, from over 300 entries. Anyone interested should meet in the Emanuel Church parking lot on Thursday, August 27. The group will leave promptly at 10:00 a.m.; returning by 3:00 p.m. Bring a sack lunch and beverage (a cooler will be available). Admission and parking is free. For those interested, and if time allows, a trip through the schoolhouse is planned: admission is \$1.00.

GENERAL MEETING

Ann Arbor Artist David Jefferson will be the guest speaker: offering a Meeting, Monday, August 24, at 7:30 p.m. in the Manchester Art Gallery, located adjacent to the lobby of the Black Sheep Theater, 138 E. Main Street. David's **FALL BRAKE SPECIAL**

unique combination of ceramics and metal casting have been exhibited widely and purchased in this area by the Gandy Dancer Restaurant.

The meeting will be an exciting and important one because discussion will center on planning activities for the 1982 calendar year. Refreshments will be

Members and non-members, artists and non-artists alike, are invited to attend this end-of-the-summer meeting-as well as all Guild activities!

Manchester Village Planning Commission

Regular Meeting - July 14, 1981

The regular meeting of the Manchester Village Planning Commission was called to therefore require another variance. order at 7:32 p.m. by Chairman Hinkley. Members present: Hinkley, Kallewaard, Krauss, Tracy, Grossman, Alber, Walton. Members absent: Leeson, Smith. A quorum was present.

The minutes of the regular meeting of June 9 were read, and approved without be changed to 6 ft. or less; that the change on a motion by Krauss, seconded by Grossman.

at the Main Street office and the drive-up facility presently occupied by the Union Savings Bank. On the Main Street Regulations. building, the bank proposes to place a vertical sign covering a second-story window. On the exterior clock, the bank proposes to replace two panels showing the displaying the NBJ logotype. In connection with the drive-up facility; the bank proposes to erect a freestanding sign at the the proposed signs. corner of Adrian Street and the alley.

Gallagher and Zaborowski also stated that the bank would probably make future application to place two signs on the drive-up facility. They noted that placement of the freestanding sign would require a variance for zero setback, and

permission from the Village to place the sign on Village property. They also requested an opinion from the Planning Commission as to whether or not the placement of a sign on the face of the building, plus new panels in the clock, would constitute more than one sign and

After discussion, all members of the Planning Commission present agreed to the following points concerning the bank's proposed signage: that the 17 ft. height of the proposed freestanding sign would be inappropriate for Manchester and should proposed vertical sign on the Main Street building, involving the elimination of a Tom Gallagher and Jack Zaborowski of window, would be less preferable than a National Bank of Jackson were present to horizontal sign or placement of individual submit a letter (attached) outlining the letters; and that if both a building sign and bank's plans for new and replacement signs the clock panels were to be installed, this would constitute two signs and therefore not be in compliance with the Village Sign

Hinkley stated that since the bank had not yet filed an application for a sign permit, the Planning Commission could not act on any of the bank's proposals. Union Savings Bank name with new panels Gallagher and Zaborowski agreed to convey to bank management the Commission's informal opinions regarding

> Mrs. White was present to advise the Planning Commission of her intent to replace a mobile home at 236 Grove Street with a newer, larger mobile home. She stated that the new unit would, in her opinion, be an improvement to the neighborhood, when compared with the

unit presently situated on the property. Chairman Hinkley advised Mrs. White that the Planning Commission was in the process of considering a proposed new section of the Village Zoning Ordinance relating to mobile homes. The Commission requested that Mrs. White postpone her application until after adoption of this new section by Village Council. Mrs. White agreed to postpone her application for an indefinite length of time.

Gene Smith of Pinnacle Engineering was present to elaborate on his proposal to build an enclosed storage area at the rear of the Pinnacle building on City Road. Hinkley asked if Smith had filed a permit application or was merely providing the Planning Commission with an informal outline of his plans. Smith stated that no application had yet been filed. He also stated that the proposed addition would be built of brick, one story in height, approximately 20 ft. by 50 ft. in area, with windows that would probably match the glass block windows of the rest of the building. He presented the Commission with a petition in support of his building plans, signed by 65 individuals residing in the general area of Pinnacle Engineering's property, and stated that approximately 35 of these-people lived within actual sight of the building. Hinkley read to the Commission a letter (copy attached, and hereby incorporated by reference) received from an attorney consulted by one neighborhood resident in opposition to the proposed addition. Hinkley stated that the Commission

could not act on Pinnacle's proposal, since Continued on page 16

no application had been submitted. It was noted that the ordinance requires that a detailed site plan including landscaping, an exact floor plan, exterior elevations to scale, and details of the type of construction proposed, must all be submitted along with the application. The Commission requested that these materials be available for inspection at least three days prior to the Planning Commission meeting at which Smith intends to submit

Hinkley informed the Commission that the Village has agreed to park the bus, now located on Tom Roberts' property on According to the terms of the Agreement between the Village and Roberts (copy attached, and hereby incorporated by reference), the vehicle will be parked at the Village Public Works yard on North

'Hinkley reported that he, Grossman and Alber met on June 23 to discuss issues relating to the proposed Industrial Park. It was suggested that two meetings be held each month to establish groundwork for an Industrial Park in the Village. It was agreed, however, to postpone special meetings on this subject until the fall of volunteered to research background information on developers who have had

Tracy proposed that Commission mobile home ordinances prior to the Commission's consideration of a new

The Reagan proposal is inequitable because most of its benefits go to the wealthy. It also will intensify inflation, increase the deficit and drive up

By design, the tax cut offers disproportionately greater relief to people earning more than \$50,000 a year. The Administration wanted to give bigger breaks to those who earn more on the supply side theory that those are the people who will save more and supply the financial fuel to revitalize

In keeping faith with these supply side theories, however, the Administration broke faith with the vast majority of American taxpayers because they get what amounts to a phantom tax cut.

In broad terms, for example, taxpayers earning less than \$20,000 will pay \$4.7 billion more in taxes in 1984 than they did in 1980. And those earning more than \$50,000 will pay \$10.1 billion less. That means that for 62 percent of the taxpayers, this tax cut really leaves them paying more in

And that means the bill just isn't fair. When the President said that his bill is "the first real tax cut for everyone in almost 20 years." he was wrong. It is a real tax cut for some, but for others it offers no relief at all. This inequity is what made the bill so unjust and so unacceptable to me.

There's more than simply a change in income tax rates that hurts middle income people. As an example of the philosophy that pervades the bill, consider the fact that small savers - those with less than \$13,000 will pay more taxes on the interest they earn than they do today. That isn't

Behind the facts and figures designed to tell us who wins and who loses there is an economic intent which we seem to have lost of. As initially presented, the tax bill was not solely or primarily designed to give tax relief to individuals. It was designed to give economic vitality to our country. A large part of the evaluation of the bill ought to be based on how one believes the economy as a whole will respond.

In my view, the prospects in this area are as depressing as they are in the area of equity. The financial community appears to be giving the President's plan a failing grade even before it is in effect. Interest rates remain high investment continues at a low level, the stock market is mixed and business analysts continue to predict high inflation, high unemployment high interest and a sluggish growth rate for everything but the deficit under the President's plan.

The Reagan bill will cost the Treasury about \$784 billion - a staggering sum. That means there is no way to reduce the deficit. With that deficit comes a continuation of the high interest rates which have already crippled the auto industry, paralyzed the construction industry and dealt a mortal blow to hundreds of thousands of small businesses.

There are some good elements in the plan. I voted for its provision to index tax rates and thereby provide meaningful protection for taxpayers against inflation. I also supported the general thrust of the business tax cuts it contains, though I would have preferred that they were better targeted. I am pleased with the child care provisions, the support for adoption and the energy tax credits.

But as a Senator from Michigan I had to balance these positive elements against the objectionable special interest features of the bill such as the billions in tax reductions for oil companies who already are experiencing profits in the billions.

I could not in good conscience support a bill which gives, that much money to the oil companies at the same time money is taken from senior citizens' Social Security benefits, from loans for college students and from economic development programs designed to help Michigan's urban and

We could have used the money that was given to the oil companies to provide real tax reductions for those earning less than \$50,000. We could have done this without compromising the goals of promoting productivity, stimulating saving and encouraging investment. We could have done

As a result, the contrasts in the legislation are too stark; the inequities are too strong; the bill just too unfair.

I began by saving that I thought a tax cut was desirable. My vote against the Reagan bill was a protest against its unfairness and a vote for tax reductions that are fair to all income groups and are economically

I voted for a number of amendments and alternative approaches during Senate consideration of the bill which would have achieved the goals of fairness and effectiveness.

The American people deserve a real tax cut. They deserve -- and need -- better than what has been approved

LIBERALIZED FISHING LAWS

The state Natural Resources Commission has banned liberalized fishing (snagging, foul hooking, or otherwise hooking a fish other than in the mouth) in three Michigan rivers -- the Grand River. the Kalamazoo River, and the St. Joseph

When Michigan's rivers became the sight of spawning for thousands of salmon from Lake Michigan, fishermen discovered that it was easier to catch the sport fish by simply dragging hooks across rivers and streams as the salmon swam upstream to lay eggs. This has continued every fall since 1967.

While illegal under state fishing laws, the DNR allowed the practice to continue at the request of anglers who claimed it was the only way to fish for salmon, because traditional methods, a baited hook or artificial lure, were not effective.

However, as salmon fishing became more popular in the open waters of Lake Michigan and adjacent lakes, the number of salmon using western Michigan rivers for spawning was reducing, allowing more fishermen to catch the spawning salmon by traditional methods.

The chief of the DNR Fisheries Division fishermen. Completion of a series of fish inform anglers of the new changes.

ladders this fall at dams on the Grand LEGISLATURE SHOULD INDEX

River will allow fishermen to enjoy salmon fishing as far inland as Lansing. Some 60 miles of the Grand River and about 20 miles of the St. Joseph River will provide ample opportunities for anglers to catch fish without snagging them.

Sports fishing groups, who requested the ban on snagging, maintain that fishing will continue in the areas where the ban is in effect once anglers realize that salmon can be caught using the traditional fishing equipments and techniques. Representatives of the Michigan Steelhead and Salmon Fishermen's Association and Trout Unlimited say their groups will conduct fishing clinics this fall in those

areas just closed to help anglers make the Michigan United Conservation Clubs maintain that the sale of salmon eggs by persons holding sport-fishing licenses has led to wide-spread snagging abuses. The eggs are purchased by commercial buyers for conversion to caviar or bait. This is in violation of a number of laws contained in the Michigan Sportsmen Fishing Law. First, "it is unlawful for any person to

manner in any lake, stream, pond, or in the Great Lakes for the purpose of removing its eggs." The Micnigan Sportsmen Fishing Law also prohibits the selling of fish taken on a sports fishing license. During the fall months, Michigan

catch any game or nongame fish in any

fishermen should be aware of the more strict regulations and enforcement procedures the DNR will be using. While some of the newly banned snagging sites explained that the ban will provide more are listed as snagging areas in this year's recreation for a greater number of fishing digest lists, signs will be posted to

PERSONAL EXEMPTION Now that the U.S. Congress has approved the indexing of federal income tax exemptions, Republicans in the House will renew the campaign to index the state ncome tax exemptions.

For the first time, Congress has recognized a fact of life: that inflation causes people to be pushed into higher and higher tax brackets.

Unless exemptions are indexed or keyed to inflation, the amount of tax an individual and families pay automatically goes up through "bracket creep." This amounts to huge, unvoted and arbitrary increases over which the taxpayer has literally no control.

The last income tax personal exemption was set at \$1500 in 1975, and the Legislature has not acted to raise it since then, despite spiraling inflation.

For that \$1500 exemption of 1973 to have the same meaning today, it would at least have to be \$2640 and probably more.

With indexing, the deduction would go up when the Detroit consumer price index went up. Tax examptions would keep pace with inflation and citizens would not, without their consent, be automatically forced to pay higher taxes.

Indexing legislation was introduced in 1979, but the Legislature never acted on it. Without indexing, it is difficult to see how any of the reform proposals floating around the Capitol Building will keep their "reform" aspect for long.

News Of Good Things Growing

by Margaret G. McCall

Michigan leads the nation in production of cucumbers for pickling, and last year harvested 210 million pounds for that purpose from 19,000 acres. Additionally, fresh market cucumbers totalled almost 15 million pounds, and together these good things growing in Michigan were worth almost \$15 million dollars.

I've decided, based almost entirely on personal experience, that everybody loves

mostly by adults. I don't know why that is: it might be a good topic for research. So

this is a column for adults this week. While the pickle packers are busy packing pickles, let's consider some of the uses for fresh cucumbers. First and simplest is the old familiar favorite -- sliced cucumbers and onions in a vinegar solution, diluted with a little water and seasoned simply with salt and pepper.

Take that recipe one step further, and you have cucumbers in sour cream. Marinate cuct mbers and onions in a fairly strong vinega: solution, add a little garlic if you like. Then, just before serving, drain and gently fold in sour cream. The result is a refreshing summer salad, and easy to prepare ahead of time.

Cucumbers make great containers for all sorts of salads. Select cucumbers of uniform size; scrub and slice in half lengthwise. Remove the seeds and as much of the center pulp as you wish - a melon baller is ideal for this task. Sprinkle lightly with salt and place, cut side down, in a shallow dish to drain for about half an hour. Fill with any desired salad - chicken. ham or shrimp is good - and serve. Makes an especially nice luncheon dish.

You can make attractive appetisers with the same recipe. Just use whole cucumbers, score the outside with the tines of a fork, then cut into three-quarter inch slices. Scoop out part of the center with your handy melon baller, and fill with finely chopped salad mixture. Garnish with a sprinkling of paprika or minced parsley. These can be prepared early in the day. wrapped well and refrigerated until serving time.

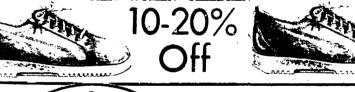

You'll probably enjoy fresh cucumbers even more if you keep in mind they are 95 percent water, very low in calories, and still contain small amounts of minerals and

Manchester Village Planning Commission

section of the Village Zoning Ordinance at a Special Meeting to be held before July 31. He also requested that the Village Attorney furnish to the Commission a copy of the Michigan Supreme Court ruling affecting the Village's present mobile home

The meeting was adjourned at 9:40 p.m. Mary Kallewaared, Acting Secretary

Special Meeting - July 21, 1981

A Special Meeting of the Mancheste Village Planning Commission was called to order at 7:34 p.m. by Chairman Hinkley. Members present: Hinkley, Kallewaard, Alber, Grossman, Leeson, Tracy, Walton, Smith. Member absent: Krauss. A quorum

Tom Gallagher and Jack Zaborowski of National Bank of Jackson were present to submit the bank's application to place a 26" x 27" sign on the bank's drive-up facility, and to replace the Union Savings Bank name with the NBJ name on the 26" x 27" portions of the bank's exterior clock.

Gallagher and Zaborowski stated that the sign on the drive-up facility would be a wall-mounted sign, fixed on the north elevation between the door and the northwest corner of the building. It would display an oval "NBJ" logo in green and the words "National Bank of Jackson" in black on a white background. It would very likely be a non-illuminated sign; but if lighted, the source and placement of illumination would be in accordance with the Village Sign Regulations. They further stated that sign panels identical to the one on the drive-up facility would be placed in the exterior clock. They agreed that the bank will not modify the frame of the clock, nor alter any elements of the clock other than the panels formerly containing the Union Savings Bank name. They noted that the clock presently contains interior lighting and that this would be continued.

It was moved by Walton, and seconded by Leeson, that the Planning Commission recommend to Village Council that approval be given to the application of National Bank of Jackson to place a 26" x 27" wall-mounted sign on the bank's drive-up facility, and to replace the 26" x

new panels displaying the National Bank of

Jackson name, as described in these minutes. The motion was passed on a roll-call vote, with members voting as follows: Alber, yes; Grossman, abstain; Kallewaard, yes; Leeson, yes; Smith, yes;

Tracy, yes; Walton, yes. Members next considered the recommended revision of Article 25 of the Village Zoning Ordinance, relating to the placement of mobile homes within the Village. Kallewaard noted that the Planning Commission now has on file the full opinion of the Michigan Supreme Court in the case of Robinson Township v Knoll, which created the necessity of adopting a new mobile home ordinance.

Tracy requested that copies of the National Mobile Home Construction and Safety Standards Act of 1974, which may be referred to in the new mobile home ordinance, be obtained for the Planning Commission and the Building Inspector.

Members reviewed and discussed a La Leche Meeting proposed mobile home ordinance mended by the Washtenaw County Metropolitan Planning Commission, and also a proposed mobile home ordinance recommended by the Michigan Mobile Home Commission. After discussion, it was moved by Smith, and seconded by Walton, to request the Village Attorney to prepare a new Article 25 of the Village Zoning Ordinance to be recommended for adoption by Village Council; the Article to include

27" panels of the bank's exterior clock with proposed ordinance, plus one paragraph, relating to motor homes and similar vehicles, contained in the Mobile Home Commission's proposed ordinance. The motion was passed unanimously on a voice

Leeson stated that he wished to submit his resignation as Secretary of the Village Planning Commission, due to the recommendations of his doctor. His resignation was accepted with regret by Chairman Hinkley. It was moved by Tracy. and seconded by Grossman, that Mary Kallewaard be appointed Secretary. The motion was unanimously approved on a voice vote. It was moved by Tracy, and seconded by Smith, that Laurin Leeson be appointed Archivist of the Village Planning Commission. The motion was unanimously approved on a voice vote.

The meeting was adjourned at 9 p.m.

The La Leche group will meet August 26, 7:30 p.m. at Hostess: Sally Pobojewski's, 18101 Sharon Valley Rd., Manchester. Phone: 428-8032.
