# Completes Marathon

Community Fair as an affiliated school Sunday completed his first Marathon, group in policy 3515 dealing with school running the 26.3 miles in the Detroit Free facilities. This decision will come back to Press International Marathon. Miller the Board for action at a subsequent reports the race from Windsor to Belle Isle was replete with cheering on-lookers and After discussion it was moved by Little even a high school band. Although Miller to adopt policies 5100, 5100.1, 5111, 5114, placed 1933, he says that position out of 5114.1, 5115, 5115.1. These policies deal 5000 runners was respectable. Simply with student transfers, attendance areas, completing the race of that length makes a Why does Miller run? "I started a year

President Broucek suggested that and a half ago when a son and daughter bought a pair of cheap running shoes and . It was noted that the next policy gave it a try. Running also rekindled meeting would be on November 2, 1981. It thoughts of thirty years ago when I ran was also suggested that the Board plan to track and cross country in high school. meet with PACE at 7:30 of that evening. Without that and the inspiration provided by my kids, Manchester High School with Mr. Mann raised questions regarding its new track and recent excellent running enrollment in the band, and the purchase teams, I'm sure I would not be running and feeling so great about it.

"The evening meal often gets delayed or I It was moved by DuFresne to adjourn eat warmed-up food. But that's alright. I the meeting at 9:30 P.M. Supported by eat less and feel better for it. My main problem is a deep regret that present Respectfully Submitted: Manchester students may not have the Paul DuFresne, Secretary, motivation to take up the challenge of a Board of Education sport, because they may not have the high school experience. Running has done much

for me and I know all athletics have similar significance for many others who participated or who in some way were involved. I only hope the Manchester voters see it my way in the up-coming millage election.

## Fall Fun Festival

Klager school will be holding its fun festival on Friday, October 23 from 6:00-9:00 p.m. Here is your opportunity to find some good, inexpensive entertainment for you and your family, ages pre-school and up. All profits will be used for purchasing tape recorders, science films and shades for Klager school.

Ticket prices are 15c a piece or 8/\$1.00. Pre-sale tickets may be purchased at Klager during the afternoon recess periods on October 22 and October 23.

The events of the night include: cookie decorating, cake walks, spook house, bingo, balloon man (Mr. Fisk dresses as a clown and makes up balloon animals on request). lollipop tree, fish pond, duck pond, make up and head pieces, basketball throw, McDonald games, and a new event - the turtle race. The first five events are main items. Try one or try them all.

There will be a food concession with McDonalds drink 15c, apple cider 20c, doughnuts 25c, coffee 30c and ice cream bars 25c. School spirit items will be sold in the lobby by the PTO. These items include pennants \$1.25, "Go Dutch" buttons 50c. "Manchester Dutchman" frisbies \$1.50.

pom-poms \$1.00 and school pencils 15e. With all the help of Klager parents, teachers and children, our fun festival will be the best one yet. See you there!

#### Hit Or Miss

And then in reading a biography of William Howard Taft we noted a tale about that gentleman when he was asked to deliver the commencement address at a boys' school. He elected to speak on "How To Succeed."

As he entered the auditorium he noticed the word PUSH printed in bold letters on the door. Here was the theme for his talk. At the conclusion of his talk he said, "Boys, my advice to you can be summed up in one word. The word to which I refer is-"

Without turning around he pointed to the door. There was a moment of silence, then laughter from the graduates. Puzzled, Taft took another look at the door. Printed on the inside was the word PULL.

### **Meeting Scheduled** For 8th Grade Trip

There will be a meeting on October 14. at 7:30 p.m. at the Middle School Gym for the parents and students of the 8th grade class to start planning this years Toronto/Niagra Falls trip. .

If you cannot attend this meeting, get a brouchure from the office or Miss Williams explaining the trip. All forms must be turned in by October 21.

#### **Board of Education Schedules Meetings**

#### Township

All township officers and boards have been invited to a special information meeting regarding the November 9 school election. The meeting is intended to provide detailed information to township officers regarding the renovation project which will be on the bellot.

School district finances will be discussed in detail by members of the Board and administration.

Members of the Board have indicated a hope that all township officers will take advantage of this opportunity to obtain specific information regarding the issues.

The meeting will be held in the High School Library on Tuesday, October 27 at Methodist Church

#### Farm Bureau Groups

The Manchester Board of Education has scheduled a meeting on Tuesday, October 27, at 8:00 P.M. to meet with members of all area Farm Bureau Groups. The meeting of the United Methodist Church. Dr. Perez' will be held in the High School Auditorium at 8:00 P.M.

Since most groups have met for the month of October it was decided to invite the members of all groups to a special informational session regarding the coming the Dominican Republic. school election. The host group for this meeting will be the Road Runners Farm

Members of all Farm Bureau groups throughout the Manchester Community School District are invited to attend with

On Sunday, October 25th, the Manchester United Methodist Church will host a guest speaker, Dr. Joseph Perez. Dr. Perez has just returned from the area he is Executive Secretary for. He will be speaking on "What is God doing in Latin America?"

Dr. Perez will be with the congregation for Church School, Worship and Coffee Hour following Worship.

# Records Broken At Bloodmobile

Pictured: Henry Notten, Five-gallon donor and J.P. Rorabacker, Four-gallon donor at the Bloodmobile in Manchester, Monday, October 19. Both are employees of Manchester Tool and Die.

All records for Bloodmobiles in the thirty years of Manchester's history were broken on Monday, October 19, at Emanuel United Church of Christ, when 230 pints of blood were donated and only eleven would-be donors were deferred for medical reasons. The past record was 218. It was a fantastic day according to the professional staff that finds coming to Manchester is always most rewarding. Congratulations to all donors and the many volunteers who worked hours for this success.

The Gallon donors are becoming outstanding in the area and there were 23 this time in the following categories: 1 Five-railed deport Henry Notten and 1

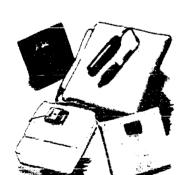

3 Three-gallon donors, Larry Becktel, William Punches and Edward P. Steele. The 3 Two-gallon donors were Tom Lounsbery, William Schwab and Larry Wright, all from Double A Products. Then, 15 One-gallon pins were given to Michael Berry, Walter Bird, Rick Brocht, Arthur Feldkamp, Susan Fielder, Douglas Flint, Dennis Hatt, Lester Janish, Dulce Kappler, Robert Novess, Virginia Novess, Donald Pitock, Merlin Reichert, Jeff Schaffer and Joseph Voytas.

All of the industries in the area and the Churches are to be congratulated for their recruiting efforts, and the four drop-boxes for donor cards were unusually effective. It was a great community o tur-relien river. J.P. Ermheder, born i elher i le de lener.

#### **Letters To** The Editor

program as benefit from the transportation program. This is why C.J. that I feel both are equally as important to any schools

You like to quote past presidents to validify your opinions. I challenge you to publish what you feel the presidents Eisenhower, Kennedy, Nixon, Ford, Carter and Reagans philosophy would be on how organized sports benefited them both in and after high school. I hardly believe that sports had a adverse effect on their careers. You suggest that sports only benefit the likes of Nick Krzyzaniak. You fail to know or neglect to mention that Nick was also a honor student scholastically. I'm sure if you would question Nick you would find he appreciated the opportunity to enjoy a full program at M.H.S. To say that those who are hurt by failure in sports is quite inaccurate. I have a son who was a classmate of Nicks and couldn't begin to compare with Nick athletically, but he appreciated having the opportunity to participate and be part of the team and the sports he didn't participate in he enjoyed the excitement involved being a part of a proud student body.

Lastly C.J. Auldhauser, to question the supposed peculiar christian practices of Mr. Broucek is as the young people would say GROSS. At least Mr. Broucek had the ambition to run for a difficult office and was elected by the tax payers of this community of which I doubt you belong. I question your validity as a property owning tax payer. Again I don't question your right to speak, only your supposed right to instill your opinions as facts to attack the opinions of others.

I also agree that the tax burden falls to heavily on property owners, but to make selfish. I respectively urge the passage of all the proposals and that all registered and when the trouble is taken to

PLEASE VOTE YES

oters get out and vote. Lets earn their respect by showing ours.

To The Editor:

C.J. Auldhauser states (his or her) confusion on Proposals II and III, the presentation on the November 9, 1981

considerable effort in contacting C.J. Auldhauser directly, but could not find such a person in the phone books for: Manchester, Chelsea, Ann Arbor, Dexter, Saline, Clinton, Brooklyn, and Grass Lake. This person does not seem to be on the tax roll in the school district, and not on the voter registration list.

I must assume that C.J. Auldhauser is not a part of our school district, or that (he or she) is using an alias because of the lack of courage in standing up for his or her do not share Nick's ability do not benefit or convictions and disparaging character remarks about the Board of Education including Bill Broucek's religious convictions. I do not believe myself or my fellow board members to be individually or collectively stupid, and Mr. Broucek's membership and attendance to St. Marv's Catholic Church only peculiar if C.J. Auldhauser does not believe in or attend church. We as board members do share a common desire for a good quality, full service school system at a reasonable price, and are willing to devote effort, time, and subject ourselves to a lot of abuse to achieve that end.

Further, as a board member and member of the tax paying community, I have never been able to determine for sure why a particular millage request might fail. I would only say that the people I have talked to who have voted no, did not vote against athletics, maintenance or transportation, but rather "no" to paying additional millage period. Everyone that I our young people pay for the have come in contact with wants a full ineffectiveness of our government is service school system (sports & transportation) as we have had in the past, understand the district's needs indicated

their support. There are three separate very valid reasons.

Proposal I - is to renovate, repair and add to our existing school buildings, which have an estimated replacement value of ten million dollars. This proposal if granted will protect our tax payers past investments in school facilities and give them a new 25 to 80 year service expectancy. This proposal was not put together lightly, but started a year and a half ago, with the formation of a citizen advisory group, which did a complete in depth assessment of our schools. This group's report is for the most part responsible for proposal I, and we as a board in no way wanted to jeopardize the need the district has for repairing and updating our buildings.

Proposal II - is for the completion of our athletic complex on the Klager School site. The athletic field has already had substantial effort and money from many sources, and if completed the facility could be used to its full potential. In addition this proposal includes land acquisition so that the High School and Klager sights would be connected by a right of way - for safety and control reasons. The thought of connecting these two school sites has been on going since 1968. This proposal is not a great deal of money to individual tax payers and when something is needed, we as a board, I believe, are acting responsibly by putting it before the voters.

Proposal III - is to restore door to door bus pick-up, athletics and even a small amount of maintenance. These items have things in common. First they have been on the ballot previously and were defeated. Secondly, it is possible to run the school without these items, as we are doing it now. Third, they are a good value to our district if people wish to pay for them.

In conclusion, I would say to C.J. Auldhauser (whoever you are), that we as

a board are not blackmailing the voters into supporting any particular item. We bringing needed issues before the

electorate, and asking them to support the biggest business in our community (the educaton of our children). We want, what you want, a good, sound, up to date school. Offering everything we can for our children, without excessive waste or outrageous taxes. We as a board are dedicated to this course of action and ask you for your support.

David L. Little Treasurer

Manchester Board of Education

This letter is in response to C.J.

I would rather discuss these issues with you in person, C.J. Auldhauser. except that I have no idea who or where you are! I disagree with you on a couple of key

I believe transportation and athletics are related in that both are important parts of a total education package. I have seen children walking much too far to catch a bus. I have also seen Manchester athletes watching Clinton games. Both of these thinks disturb me.

As far as the Board of Education is concerned, I certainly agree we should shun the conclusion that the Board is "as a

body stupid". I have been to many school board meetings recently and have observed these men at work. I do not always agree with their decisions, but I do believe everyone of them to be intelligent and honorable Futhermore, I believe any public official has not only the right, but the obligation. to keep trying to accomplish what he believes to be right in spite of setbacks.

every voter to vote his conscience. I respect your right to be for or against any issue, but I hope your decision on November 9 will be based on the merits of the proposals presented and not on personalities.

The Bible says in Ecclesiastes 3:3 there is "a time to break down, and a time to hurry to drop off their children. Kids build up." I feel very strongly that we have seen enough breaking down. I believe that new is the time to build up.

I appeal to you and all of the voters of this school district to vote as you feel you should, but please put the welfare of our young people above any personal

Editor:

Currently there is much controversary concerning transportation issues in the Manchester Schools. Perhaps as a nondistrict resident, I have no right to "butt in." Since, I am a driver for the district, I feel a need to inform people of the role bus drivers play in children's lives. I should also add - my letter is not intended to help drivers obtain higher wages. That would be great, but, that is not the issue of my

As a driver my work day starts at 7:40 a.m. when I pick up my safety equipment (fire extinguisher and container of fuses) and keys at the bus garage. I load them in their proper place, test my air brakes, then start my engine. I then take about ten (10) minutes to do my pre-trip inspection. 2. The driver is responsible for making all Checking doors, lights (head, emergency flashers, turn signals, warning lights), wipers, defrosters, heaters, seats both front and back, and mirrors. Any problems unless major ones are repaired before I leave the school. If not repairable on the spot, I warm up another bus and do another complete pre-trip inspection. I 3. Think about what happens when your might add, a pre-trip inspection is done prior to leaving the bus garage each time. Each driver must do one no matter when it was just done. I, as a driver, am quick maneuver they could get hurt very responsible for the operating condition of

I leave the bus garage at 7:55 a.m. to 4. In school, I was trained to stop bleeding make my pickups. Here is where I put on give mouth to mouth resistiation, and many hats. I become a disciplinarian, help a checking victum. What happens confidant, safety expert, heat provider, another type of medical emergency arises

mother and yes father, a good listener, someone to encourage youngsters to not worry about the incorrect homework ("Go to school and learn to do it right."). The biggest responsibility is with safety; making sure no one gets hurt either on the bus or when loading or unloading. In the less than an hour I have 57 youngsters, so much could happen if I did not pay attention for just a second.

Dropping young people off at the various schools is next in my day. How many people are aware of the hazzards drivers face at the different schools? Parents in a forgetting to watch where they walk. Students hurrying to get wherever they are going. As a driver, I have to be prepared for the errors in judgement someone else might make.

During this hours time, I have to follow

State of Michigan laws, Department of

Education regulations, and Manchester's

tracks. Perhaps, it is time for these

policies, laws, and regulations to be

down the road? 5. Did you know gasoline is more dense than air? I do. So, I know in the event of gasoline related problems to take my passengers to higher ground well away from the bus.

These are just a few of the things I face twice a day. Sure, I can always quit and choose to not accept the responsibilities. But, I have chosen to accept them. My job as a driver would be a whole lot easier if parents, students, and myself could all work together to make the bus ride a safer experience. Thank you.

Sincerely Janice Nali, Bus #6

During the last few months there has been a great deal of concern about the School Board having provided the superintendent with an automobile and credit cards. The Board felt that it should clear up lots of the rumors concerning this matter. Following are the facts:

School District \$25.00 each month for

personal use of the automobile.

4. Three gasoline credit cards have been obtained in the name of the School District and are carried by the superintendent for the sole purpose of purchasing gasoline and oil for this automobile. The credit cards are Shell, Standard and Gulf, and by the District having the cards in its name it is saving the gasoline and sales tax which is the equivalent of 19c per gallon.

5. The superintendent was given no salary increase for the current fiscal year which runs from July 1, 1981 to June 30, 1982. Manchester's superintendent is the lowest paid superintendent in Washtenaw

In summary we provide our superintendent with an automobile in lieu of a raise in salary.

William Broucek, President William Bunney, Vice-President Paul DuFresne, Secretary David Little, Treasurer Earl Horning, Trustee Ronald Mann, Trustee Kent Talcott, Trustee

## Manchester Schools Forced To Increase

The Manchester Community Schools will raise the price of milk from 12c per half-pint to 15c per half pint, effective November 1, 1981. The special milk program has been discontinued and the listrict no longer receives reimbursement for milk sold separate from the hot lunch

Senior Citizen Meals

On Tuesday, October 27, the Manchester Area Senior Council's meal service menu will be: Baked Chicken, Potatoes, Vegetable, Fruit, Bread and Butter, Dessert, Coffee, Tea and Milk.

Thursday. October 29 they are serving: Boiled Dinner, Vegetable, Fruit, Bread and Butter, Dessert, Coffee, Tea and Milk.

In case there is anyone who does not know, these meals are held at the dining room of Emanuel United Church of Christ on Main Street at noon Tuesdays and Thursdays. Persons over 55 are eligible Gloria Jean's and the cost is based on the ability to pay with a suggested price of \$2.00. There are Mowry's cards following the meals on Tuesday and Country W crafts on Thursday afternoons. Come and get acquainted and enjoy a delicious meal

**Jaycettes Donate Puppet Tree To** Klager School

A Puppet Tree made by the Manchester Jaycettes has found a new home. It is now B. McMichael located in the kindergarten classes of Klager School. It stands approximately 7 ft. tall and has a diameter of about 3 ft. and is beige in color. It is decorated with a S. Smith pom-pom and fringe top with two large B. Walz eyes, a mouth and a poss-poss nose.

Different puppets, such as, as slephant, a koala bear, a mouse, a dog and a tucan can be found scattered around the trunk of the tree. There is plenty of room for more puppets so feel free to donate them to the Back Door Party Store tree. The is on wheels, therefore it can be wheeled easily from classroom to Double A Products classroom: It is hoped that the puppets can be used to help the children learn important concepts related to their education.

A building permit shall be required for family dwelling on a lot outside a mobile construction of the foundation wall, for home park, if the following standards and placement of the mobile home on the lot,

requirements are met. These standards and for any addition to the mobile home. A and requirements shall not apply to a building permit shall not be issued until a mobile home located in a licensed mobile health permit has been issued by the County Health Department, where 1. The lot shall be located in a zoning applicable and until a certificate of zoning district which permits single family compliance has been issued in accordance

with Article 20, herein, and is in effect. The mobile home shall not be occupied until a certificate of occupancy has been issued as provided in Article 20, herein and is in effect. Any addition to a mobile home shall meet all requirements of the Michigan State Construction Code if the addition is of conventional construction (stick built). If 2. The lot and mobile home shall comply the addition is constructed by the mobile home manufacturer, then it shall meet the standards in Subsection 3 above.

square feet, a minimum exterior width of minimum floor-to-ceiling height of 7.5 feet. Expando rooms are considered additions for the purpose of this ordinance.

10. Not more than one mobile home shall be used as a single-family dwelling on a lot, nor shall a mobile home be placed on any lot on which another single family dwelling is located. A mobile home shall not be used as an accessory building in any residential

11. A mobile home shall not be removed from a foundation until a permit therefore has been issued by the building official, in accordance with the Michigan State 12. Outdoor storage shall be prohibited.

THE TOWNSHIP OF FREEDOM

An ordinance to Amend the Freedom Township Zoning Ordinance effective March 15, 1975, and to amend the definition of a dwelling unit and to provide for the inclusion of all dwelling units including single family conventional structures, multiple structures, modular, prefabricated, sectional, and mobile homes and to provide uniform regulations:

Section 1. The Freedom Township Zoning Ordinance be and the same is hereby amended by the deletion of the definition of "dwelling unit", Article 2, Definitions, Section 2.02, and the substitution in its place and stead of the

Section 2. Dwelling Unit, One room, or rooms, connected together, constituting a

separate housekeeping unit independent of any other living unit for human habitation, and physically separated from any other rooms or dwelling units which might be located within the same structure. A dwelling unit shall also contain independent kitchen, bathroom, sleeping and living facilities, shall be designed for and occupied by one (1) family only per dwelling unit, and shall contain at least 1,000 square feet of living area, exclusive of any breezeways, porches, entryways, garages, or other additions located outside of the permanently constructed walls of the dwelling unit. Dwelling units shall include single family detached or attached dwellings, multiple dwellings, mobile homes, modular, sectional and prefabricated housing.

Section 3. The Freedom Township Zoning Ordinance in all other respects and amendments thereto be and the same are hereby ratified and reaffirmed.

Section 4. This amendment shall be effective thirty (30) days after publication.

#### LEGAL NOTICE

The Freedom Township Board voted to accept the proposed amendment for mobile homes outside of licensed mobile home parks. The amendment was adopted at the regular meeting of the Board on Tuesday, October 13, 1981.

This amendment to the Freedom Township Zoning Ordinance No. 11 will become effective 30 days after publication or November 23, 1981. The amendment was adopted by unanimous vote by the Township Board. A Public Hearing was held by the Township Planning Commission on August 24, 1981 after which the proposed amendment was recommended by the County Planning Commission to be adopted by the

September 15, 1961 The Regular Meeting of the Manchester Village Planning Commission was called to order by Chairman Hinkley at 7:30 p.m. Members present: Hinkley, Kallewaard, Walton, Grossman, Tracy, Smith, Alber, Leeson. Krauss. Members absent: none. A quorum was present.

The minutes of the meeting of August 11 were read, and approved with one correction, on a motion by Smith, seconded by Krauss.

Mr. Luckhardt of the Emil Jacob Post. American Legion, was present to apply for a permit to erect a sign at the American Legion Hall on Duncan Street near Adrian. It would be a single-face sign, facing Duncan Street, mounted on a "monumentstyle" base constructed of fieldstone. (The same base would also contain two flagpoles and two spotlights directed upward at the sign and flagpoles.) The sign itself would be constructed of metal, with a silver finish. The size of the sign would be 26 square feet. The Legion proposed to erect the sign approximately 13 feet in from the curb, and 20 feet out from the side of the building, centered between two existing maple trees.

The Planning Commission noted that the sign should be placed 18 feet in from the curb, in order to allow for the standard Village right-of-way, should sidewalks be

portion of Duncan Street. It was also noted that zoning requirements for Village residential districts place a maximum limit of 18 square feet on such identification signs. Planning Commission members agreed, however, that the 26 square foot sign could be allowed, since the size was not inappropriate in relation to the building and it was contained in a relatively low, horizontal base.

It was moved by Tracy, and seconded by Krauss, that the American Legion Post receive the Planning Commission's recommendation to Village Council for approval of their application to erect a sign, as detailed on architectural drawings presented, but to be placed 18 feet in from the curb of Duncan Street. The motion was passed on a voice vote, with all members voting "aye".

In related discussion, the Legion representatives acknowledged that, due to error, the Legion Hall parking lot extends onto Village property in the area of approximately five parking places, and that areas were paved which were supposed to have been planted with grass. They stated the Legion's intentions to lay sidewalk along Adrian Street, and sod adjoining areas, after installation of curbing along Adrian by the Village. They also detailed long-term plans to expand the parking lot, and to develop a park area along the riverbank.

In reference to the proposed Industrial Park, Alber reported on a meeting installed at some future date along that developer Carl Brauer. Some ideas

**ALL SAVERS** 

generated at the meeting include: possible development of cul-de-sacs as a means of cutting development costs; the asking price of the proposed property might be too high to interest an independent developer; costs of installing utilities to sites should now be estimated at \$16,000 per acre; 15% commissions could be possible to a private developer for consultation and sales; Manchester definitely offers advantages to industrial concerns. The Planning Commission will continue to investigate development of an Industrial Park. Hinkley will try to arrange a meeting with McNamee, Porter Seeley to determine a realistic cost for

The six amendments to the Village Zoning Ordinance, proposed in order to bring the Ordinance into compliance with Michigan Public Act 207, were tabled until the next regular Planning Commission meeting, in order to give members additional time for study of the proposed language.

installation of sewer and water to the

Leeson reported on the review of Village street names, and the proposed extension of South Washington Street to the south of Territorial Street. Smith reported on the updating of the Village Zoning Map. It was agreed to place all three of these items on the agenda for the next regular meeting.

The meeting was adjourned at 8:53 p.m. on a motion by Krauss, seconded by Mary Kallewaard, Secretary

Kid's Halloween

The Manchester Jaycettes along with the help of the Police Department will sponsor a Kid's Halloween Party. October 30th. The party is to be held at the Middle School Gym after trick or treating which will be signaled by the ringing of the church bells of the community. (Trick or Treating is scheduled between 5-7 p.m.. therefore the party will commerce after this time.) Doughnuts donated by Baker's Dozen and cider donated by Alber's Apple Orchards will be served. Prizes will be awarded for different categories. Have a Safe and Happy Halloween!

115TH YEAR VOLUME NO. 1

teacher was regarded generally as a somewhat superior species of humanity, one to be looked up to by the average person. They had better than average educations and lived an example filled life, they didn't smoke nor, of course, drink and they in most instances, carried their teaching lives over to include usually the teaching of a Sunday School class in their church.

Of course in those days there were many less categories in which women were permitted to become engaged. This too must have had some effect on the individuals who engaged in teaching as a profession. Those who found jobs as teachers cheerfully signed their contracts for the year and if you had asked them if they were going to strike they would have looked at you with astonishment, probably not understanding what you meant. For that matter, workers in most other fields too would have had trouble understanding what you meant either.

But times have certainly changed in the teaching profession as well as in most others and today's teachers are, in most cases, a far different breed than those of my youth. There are, of course, many dedicated teachers today but the majorities attitude is different than it formerly was.

The attitude of the parents and the public too has changed. The teacher has been criticized, unjustly it seems to me, for obeying rules and policies set forth by supervision and demanded by the public.

We've spent a lot of time sueing the past few years, finding fault with our shabby education standards, particularly in the upper class levels where high school graduates received diplomas when they could neither read nor write on a grammar school level and now we find criticisms rampant about some other facets of our educational shortcomings, but I'm airaid that the average teacher is not all to blame for these shortcomings.

For example we observe that children in American schools are being shortchanged in their daily classroom instruction by according to John Goodlad, dean of the UCLA school of education who found that some schools spend as little at 18½ hours a much as 27½ hours.

was 221/2 hours or 41/2 hours a day.

recently, that he recommended 25 hours as ballot issues. a standard. He said that the schools that With about one and a half weeks left hours. "They get down to business" he said 'a 15-minute recess lasts 15 minutes and plans, as well as the phoning effort. lunch is 30 minutes not an hour. They don't

up -- they can do it in 5 or 6 minutes." writing (90 minutes) and on math (55 are distributing bumper stickers. minutes) they found. But the school that wasted time had only 23 minutes for social studies and 13 minutes for science but the efficient school had an hour for both social

#### Halloween Safety

by Jon Hardenbergh

On Monday, October 26, the Ypsilanti AAA Office sent some of their employees to area schools to inform kids of Halloween Safety. Some of the points they stressed were: children should wear bright clothing -easy to spot, carry a flashlight, walk with an older brother, sister or parent, always look carefully both ways at a street and have your parents check your candy before

These AAA employees made their costumes (Big Bird, Cookie Monster, Raggedy Ann to name a few) and this added the special touch as they conveyed their message.

Bryan is in his senior year at Ferris Pictured here is former Manchester resident Mary Kidd dressed as Big Bird. with the photo being taken by ner sister
