## 4-H Arts Troupe Opens Membership

Washtenaw County young people with transportation to and from workshops, higan 4-H Performing Arts froupe and travel throughout the state entertaining Michigan residents.

Membership in the troupe is open to any young person, 14-19 years of age. Applicants don't have to be current 4-H members but must agree to enroll in a 4-H arts project in their county upon

Becoming a member of the statewide School June 1979 and is now attending performing arts troupe is a great opportunity for young people to use their creative and artistic skills and meet new friends from across the state. Previous extensive training in the performing arts is not mandatory.

Youth interested in joining the troupe just need to have a strong desire to become members, work hard and combine their talents with others.

Interested youths should also be willing to attend a series of intensive, monthly workshop/rehearsals which will be conducted on Saturdays in January through March of next year. Attendance at two weekend camps in April and May is also required. Final rehearsals will be held at Michigan State University in June, prior to the group's performance during 4-H Exploration Days.

There are no membership or application fees required to participate. However, be received by January 11, 1982. members are responsible for their own

On TV I watch the "News Break", "News Up-Date", "News Close Up", "News Wrap-Up", "News Highlights", "News Analysis" and "News Preview" and I find that on most of them the negative side of the news is emphasized.

We, as a people evidently like to grumble about things-the nice things that happen aren't news-just the miserable happenings of the day are the ones that are newsworthy. I guess we all just enjoy the other fellow's misfortunate happenings.

It is unusual for anyone to get excited about anything when we are pleased with it. We just get excited when we are irritated. We will grumble about most anything but take the good things of this world for granted.

Mass movements are always protests against something; not for 'em. Commentator Bill Nye said some time ago that he never saw a mob rushing across town to do a good deed. So, we respond only to the negative side. Evil seems to be allied with action while goodness is a part

Columnist Sid Harris says that many a wife can prepare a dozen delicious meals ifor her husband with hardly a grunt of approval, but just one below par and you will evoke a critical comment. Your children can bring home good grades for a whole semester without a pat on the back but one poor score on an exam brings down

In fact both boys received a good education and basic foundation while there. We came to one of the top school districts in Virginia and both boys could hold their own or better with one boy

being put in accelerated classes. While we lived in Manchester the scholastic aptitude test scores of students were not as high as I would have liked but we are proud to see these scores have improved tremendously. So it must say comething for the Manchester schools.

Now to my main point. Our boys, as ? said, were very active in extra curricular activities. This is important in my mind. While education is important it is also necessary to build a strong character. Being in sports, band, and other activities can make this happen. In sports one learns to win or lose gracefully as well as teamwork and concern for others. The same for hand - everyone playing together.

This desire to work and help others led me boy to join the Chesterfield County emsteer Firelighters as a junior member at the age of sixteen, he is now a well educated Professional firefighter. While in chool the county fire department and the school system had a working agreement that when the fire siren sounded these boys could leave their class and fight fires. CHILDREN'S MEARING LOSS

Children with undetected hearing loss have three strikes against them. Their vocabularies will be limited, because they learn to speak by listening. Their learning suffers, because they can't always hear the teachers in school. And their social growth will be slow, because it's difficult to oxumunicate with other children.

A number of conditions can cause hearing loss. Blockage of the Eustachian tube in the inner ear, or inflamation of, or fluid in the middle ear can affect hearing. A sharp blow to the ear, a loud noise close to the ear, or a skull fracture, can cause hearing loss. One common and sometimes temporary cause of hearing loss occurs Continued on page 13

# START COLLEGE IN TWO YEARS WITH MORE THAN \$15,000.

How many employers today can guarantee you work for two years, let alone offer you a bonus for college? Today's Army will do both.

In fact, if you join the Army for two years, you could accumulate more than \$15,000 for school.

Here's how: if you participate in the Veterans' Educational Assistance Program (VEAP), the government will match the earnings you save two-for-one for a maximum of \$7,200. Then, if you qualify, the Army will add on an \$8,000 educational bonus. That's \$15,200 in just two years.

#### Lambda Nu

Lambda Nu has had a productive fall so far! We would like to thank all those who have supported our projects so far - the Talent Auction held jointly with Xi Epsilon Iota, the Pumpkin Pie Sale, and our Wreath Sale. All were successful with the cooperation of all our girls and the patronage of the people of Manchester.

We are looking ahead to our Christmas Party which will be held on Friday the 11th at the home of Doug and Diana Parr. We hope there will be no incidents this year, right Shirley?

Speaking of Shirley Lowery, we are all happy that she is recovering so well from her recent surgery on her leg, and we hope her great progress continues!

We will be rushing beginning in January, and look forward to welcoming some new sisters by February. Rush is always an exciting time of making new friends and cementing old friendships. What better time to do this than the beginning of a new year? We wish everyone a wonderful holiday season.

### SAFTEY TIPS FROM THE **MANCHESTER DEPARTMENT**

#### **Maintaining and Using** Wood Stoves . . . The SAFE Way

Stove connector pipes and chimney should be inspected by competent flammable creosote.

Have stove and chimney cleaned regularly by professionals. . .at least

Select dry well-seasoned hardwood. . . reduces creosote build-up. Don't use artificial logs.

When starting a fire, be sure to open damper, build fire on shallow bed of sand or ashes and use small amount of crumpled paper and kindling to start fire. Provide sufficient fresh air for burning and breathing safety.

When conditions permit, use short hot fires rather than long smouldering ones - stoke fire once a day to burn hotter for short period. . .don't leave stove burning unattended overnight.

Do not store dry wood near or under stove and be careful of burning embers when tending fire.

Never use gasoline, kerosene, charcoal starter or other flammable liquids to

Equip your home with adequate hand fire extinguishers and smoke/heat

Don't burn trash in stove.

Cooking on woodburning stoves is not recommended.

The Xi Epsilon Iota chapter of Beta Sigma Phi held its regular meeting. Dolores Bunney. Our program for the evening was given by Elaine Creech. Through many pictures, she took us on a very enjoyable trip to Germany, France, and England.

We have been busy selling Christmas Wreaths. We thank those of you who purchased a wreath from us. Your support leips us to service more projects in our town. A most recent service project was the Thanksgiving Basket. Food is bought and given to a deserving family in the area. The Family Service Organization assists us in this most rewarding project. We will also be assisting Family Services with the Christmas Store.

Saturday, December 12, is our year! Christmas Party with our husbands. This year Doug and Cheryl Hamilton will be our nost and hostess. We all KNOW we will have a good time.

With the Christmas Season upon us, we wish to extend to each and everyone in Manchester, and especially to those of our sisters who have moved out of State - Pam Riley, Nancy Wolf, Carol Walter, and Kathy Groves; a very MERRY

hours noon to six, closed Monday.

One might think there is now a used book shop in Manchester. In a way there is. It's the Friends of the Library continuing used book sale, which has been set up in the basement of the library. People can look over the wide selection and make purchases any time during regular library hours. Donations of books are always welcome.

Among the books currently there are Dector Zhivage by Boris Pasternak. Lancelet by Walker Percy, and Good As Gold by Joseph Heller, just to name a few. A used book may be just the right gift for someone on your holiday shopping list.

Another gift idea is a gift of time. Volunteer to make a trip to the library every two weeks for a loved one who is home-bound and would love something to

## **Spotlight**

by Fourth Graders - Cara Cox and Mary

Mrs. Yvonne Henry teaches first grade at Klager School. This is her 6th year. The thing Mrs. Henry likes best about teaching is being with the children.

She has one son, two dogs, and two cats in her family. Her home is in Manchester. She likes to go for walks. She likes making popcorn and eating Chinese food.

Since Mrs. Henry's favorite color orange, she likes to cut stained glass with orange colors in it, her front door is orange, and she has an orange and white

Her first graders say this about her: Michelle Mann - "I like it when Mrs. Henry reads us stories."

Jason Weidmaver - "I like it when she helps us with our work."

Meghan Hakes - "She is nice and pretty. She likes us and knows we won't do anything bad. Tim Tracy - "She's real nice and not mean."

Natalie Stautz - "She plans lots of Christmas Centers for us." Jenni Schnearle - "She helps us on Math problems".

Principal, Janice Hammond says, "Mrs. Henry is a very enthusiastic teacher who is constantly planning something new to challenge and excite her students.'

## Shakespeare Reading Club

The Art of Buonoratti Michalangelo and Leonardo da Vinci was the topic to be studied by the Shakespeare Reading Club when they met on December first at the home of Mrs. James Hamilton.

The club historian, Mrs. Norman Bucholtz, read the minutes of the meeting held on October 18, 1897. The highlights of current events covered on that day eighty four years ago, was the death of Edward Langtry, husband of "Jersey Lily" Langtry, sometime actress and sometime mistress of the King of England, Edward VII; Victor Hugo's book "Les Miserables" was banned in Philadelphia's schools; in the same city of Philadelphia, a statue was being unveiled in honor of the American poet. Walt Whitman; the United States was making efforts to buy Greenland from Denmark and Spain was proposing utonomy to Cuba.

After the customary business meeting, Mrs. Howard Parr read William Shakespeare's fourth and fifth sonnets and discused their ambiance, similarities and

The quotation of the day was Balzac's "if we could but paint with the hand and see with the eye". The roll call followed and members were asked for a "favorite painter or sculptor". The question elicited a diverse list of famous artists as well as stories and anecdotes regarding the individual's choice. The group names included Norman Rockwell, the Dutch master Rembrandt van Ryn, the Roumanian sculptor. Constantin Brancusi, the American seascapist Homer Winslow the Japanese painter Earl Shimokawa and the American painter Andrew Wyeth.

Mrs. Hamilton then took up the main topic of "Michelangelo and Leonardo da Vinci" and commented that in the short period allotted it would only be possible to barely touch on the lives and accomplishments of these two titans of the art world. They were contemporary Florentines of the late fifteenth and sixteenth centuries, although Leonardo was the elder by twenty-two years. They raised their professions to the caliber of Fine Arts from the craft it had been up until their advent.

Leonardo is best known for his Milanese fresco "The Last Supper" and for what is possibly the world's most famous painting

#### School Group **Attends Conference**

On Wednesday, December 9, a conference about law-related education was held at Michigan State University. The purpose of the conference was to familiarize schools with the newest information available about citizenship education. Attending to represent the Manchester Community Schools were Mrs. Roger Hardenbergh, High School librarian, Mrs. Richard Fahey, parent representative on the district's Curriculum Committee, John Korican, High School social studies teacher, and James Kappler, High School Principal.

The conference was sponsored by the Michigan Department of Education, the Michigan State Board of Education, Michigan State University's School of Education and the School Justice Project of the Oakland Schools.

#### **Help For Students** In Job Hunting

How does a high school graduate find employment? Where are the jobs in today's economy? What are employers looking for in young workers? What skills are necessary to obtain, to perform and to keep a job? Where will Manchester High's graduates not going to college find employment?

The South and West Washtenaw Vocational Consortium, of which the Manchester Community Schools is a part, has a full-time job placement service available for Manchester High students. The Placement Coordinator visits all schools in the Consortium each week to assist students in a variety of ways. Assistance could include occupational information, employment counseling, labor law information, job search planning, job-seeking skill improvement, employer contacts, job referrals and preparation for interviews.

Priority is given first to seniors who are about to look for full-time employment. Graduates may also use the placement services. Students who are interested in meeting with the Placement Coordinator can arrange an appointment with Mr. Parson, the High School counselor. Any parents or employers with questions are also encouraged to contact Mr. Parson or Robert Miller, The Placement Coordinator. Mr. Miller's office is at Dexter High School and his phone number is 426-4008.

#### School Board **Minutes**

November 2, 1981

The meeting was called to order by President William Broucek at 8:00 P.M. Members Present: Paul DuFresne, Earl

Horning, Kent Talcott, William Broucek, William Bunney, David Little. Members Absent: Ron Mann. Kent Talcott advised regarding the

activities of PACE in preparation of the November 9 election. The general efforts regarding the election were discussed. The general consensus was that the work was proceeding well.

Policies 5118 through 5300 were read and discussed for the first time. The topics of these policies are as follows: Admission of nonresident students, reporting of student progress, student records, transferring of student records, challenge of contents of records, graduation exercises, conditions for participation in extra curricular activities, field trips liability and insurance, dress code. administration of medication. immunization, accident records, corporal punishment. police questioning, interrogation of students, student and employee smoking, student presence in building, and tornado procedures.

Extensive discussion was held regarding proposed policy 5144 which would place limitations on the use of physical force when staff are working with students.

Noting that proposed policy 5160 is a major shift in practice which would create closed campus situations at all schools the Board asked the Superintendent to advertise the proposed policy as widely as possible requesting input from all segments of the community.

Noting that policy 5141.1 deals with immunization of students to communicable diseases the Board asked that the Superintendent seek a review of the proposed policy by the local public health

Here comes the winter and cold weather The Winter of 1981-82 will undoubtedly he as cold as previous Michigan winters. So when you think about winterixing your car Cartier, John Cousino, Julie Craft, Kim or adding insulation on your home, please also think about your pets' special winter Tricia Horning, Heidi Huber, Jeff Knasiak, Brendan Lenski, Jeff Mann, Heather

Dogs and cats that are outside for even a few hours each day during the cold months need up to 50% more food than during the summer. Keeping warm requires extra energy. Dog houses can be made warmer by putting them on cinder blocks to get them off the ground; putting a thick layer of straw inside, and hanging a piece of plastic or blanket over the door. You can pick up free straw from the Humane Society of Huron Valley at 3100 Cherry Hill Road (just off of plymouth Road in the Village of Dixboro). Also, make sure your dog knows or is shown how to get in and out of the dog house after you put the plastic or the blanket over the door.

Another winter danger to pets is antifreeze. Pets are attracted to the smell or anti-freeze and will lick up any they find. It poisonous, even in very small amounts. If cats walk through anti-freeze and then lick it off their paws they will suffer kidney failure or death. If an accident does occur be sure to get your pet to a veterinarian, or to our county's Emergency Veterinary

## A WOOD STOVE WARNING

comeback in Michigan. There are many of us who recall gathering around one, feeling the warmth, watching the cherryred glow of heated metal, entranced by the dancing glames within:

Those were simpler days, with simpler

Our modern generation seems all too willing, at times, to return to those days of yesteryear. In a day and age where people must think of nuclear proliferation. a burdensom tax structure or the allencompassing energy problems and the need for alternate energy sources - well, wood stoves can be very attractive.

The growing number of people using wood stoves these days may point up a simple truth, however. Those days had their problems, too, and frankly, wood stoves were one of them.

Wood stoves were either too hot or too cold with very little in-between adjustment. Your front side roasted and your back side froze. You had to keep them stoked and make sure a live coal didn't land on the wood floor or rug. They had to be kept clean, and that meant hauling ashes and keeping flues soot-free. They were a lot of work.

We've had a few generations to get accustomed to the convenience of automatic thermostats and fuels that didn't have to be chopped, hauled, and require the constant human attention and care required by those old-fashioned methods. We also have new ways to build housing, with air-tight construction, different building materials and building codes designed for a modern way of life, and

modern fuels.

We may have forgotten that wood stoves are fire hazards.

The Michigan State Firemen's Association tells us that 18 died in home fires during last year's heating season in Michigan -- fires caused simply by the

proper installation or use of wood stoves That compares to seven, in 1978 from the same causes and none in 1977. So far this season, and it's just begun really, four people have already died in wood stove

The firemen are concerned, and rightly so, that folks today may not remember, or even know, some of the basic rules of fire safety that must be observed in using wood stoves. Certainly those grim statistics make an impressive point.

Installing and using a wood stove shouldn't be a snap decision, nor one made just to keep abreast of fashionable trends. t requires concern and care, and some serious safety considerations. Choose one wisely, install and use it properly and give it all the attention it needs.

If you do all that, it will be one less care to burden your mind as you sit back, feel the warmth, watch the cherry-red glow and try to see those "carefree" days of yesteryear within the dancing flames of your wood stove.

Holiday entertaining is a family affair. I thought of this the other day when I read a Women". Neither my husband nor my four appreciate that headline.

We like to share our special recipes which are particularly suitable for feeding crowds during the holidays. We look for dish meals or hors d'oeuvres.

I found one of these during the recent national convention of the American Agri-Women in Grand Rapids. Gloria Bellairs of If you prefer, you can use the pineapple

served Lamb Bites, and shared her recipe. This should serve 100 people, but that depends on appetites.

Combine three pounds of lean ground lamb, 1 cup fine dry bread crumbs, 2 eggs, 1/2 cup bouillon or water, 1 teaspoon salt, 1/4 teaspoon pepper and 2 5-ounce cans of food column entitled, "Specially for water chestnuts, drained and minced. Shape into three-quarter inch balls, then sons, all of whom are creative cooks, would bake on cookie sheets about 15 minutes at 250 degrees.

In a large saucepan, combine 4 tablespoons cornstarch, 2 cups bouillon, 1 cup vinegar, 2 tablespoons sov sauce, and 2 items that can be prepared ahead, that will cups firmly packed brown sugar. Cook and hold up well on a buffet table, and are stir over medium heat until thickened. Add versatile enough to be adapted for main one 16-ounce can of crushed pineapple, well drained, and two-thirds cup of chopped green pepper. Gently stir in the meat balls. keep hot for serving.

#### CAROLING WITH THE JOYCE MEADE STRING QUARTET

Everyone is invited to join The Jovce Meade String Quartet in a family sing-along Sunday, December 13. This will be the third in a series of four consecutive Sunday activities organized free of charge by the Manchester Art Guild for participation by the whole family.

An hour of caroling will begin at 2:30 p.m. in the lobby of the Black Sheep Repertory Theater, 138 E. Main Street, Manchester. Participants will be given the lyrics of all traditional favorite Christmas carols to insure a hearty chorus of song.

Get into the Christmas spirit with the whole family - whether or not you can carry a tune - by treating yourselves to the beautiful sound of The Joyce Meade String

Another activity just for the kids is around the corner. Children's Day in the Manchester Art Gallery has become a tradition and is scheduled for Saturday, December 12 from 9:30 a.m.-5:30 p.m. Specially made, low cost items will be available on that day when it's "kids only" in the Gallery. Guild helpers will be out in full force to help children choose gifts to fit their budgets and to assist in free gift wrapping. The Manchester Art Gallery is located off the Black Sheep Theater lobby.

#### Cooperatively Speaking

Cooperatively Speaking will hold their December meeting on Sunday, December begin at 3:00 and our ordering meeting will begin at 4:00. Any new or old members are welcome to attend and bring their families. Here is a good opportunity to learn about cooking with foods available from our co-op, and also to get to know your fellow members a little better. Please bring your own table service.

Distribution will be held as usual on the Thursday following the ordering meeting, this week it will be the 17th.

#### HIT OR MISS by farley

Two or three weeks ago I wrote a very ametional article about Teddy Bears and twice during it I noted the fact that I never had one when I was a youngster. Now I have one and I want to thank from the bottom of my heart, the person who so kindly has filled that void. The other day I received one just the right size so that he can sit on my desk beside my typewriter and be of an inspiration to me. Now I have a mess of other wants. Do you suppose that if I mentioned them here that anyone would fill the void? I don't think however, that I shall push my luck any farther right now. Anyway thanks for the Teddy.

There is a new book out which relates a great many of President Reagan's numorous remarks on various occasions. The ones by past Presidents have been best sellers and this one threatens to be. As for a couple of samples. One day a discussion was being held about alleged voting irregularities in Chicago and President Reagan finally spoke up and said that he once had an uncle in Chicago who was given an award for voting at every election for 15 years and added that he had been dead for 14.

One morning he noted as he was driven out of the White House and down the street, quite a number of pickets parading up and down the sidewalk. He looked at them and their signs which said "Make Love Not War," and after a moment or two remarked "I don't think that they could do

We went on a trip not so long ago and got down into central Indiana and kinda lost our way. We stopped and bought gas and asked the attendant if he had an Indiana road map. I knew they were a vanished species except for those in vending machines but I thought that he might have one lying around yet but no luck. He didn't even have a dispenser for

However I still have quite a number of road maps at home in a drawer, but did you ever try to go anywhere with an eight or ten year old road map. On them you find the town that you are going to and you then try to find the road marked State Route 98 on your highway, but to no avail, there ain't no such road no more. It seems that all the roads have been moved about and the numbers changed. Sometimes I think it is a game between the Highway Department and the motorist, and to date the Highway Department has won.

If you are on a new dual-lane highway you aren't supposed to drive slow enough to read the signs which tell you at what turn-off you leave the road you are on to find the town you are looking for. If you do slow down to do so the fellow behind you blasts you one with his horn and by the time you check to see just where he is you have passed the sign telling you where to turn off and so you go on down the road for another half dozen miles and by then you are so far past the right turnoff the name Volunteers Needed of the town you're looking for is never mentioned again. It's tricky business being caught on a limited access highway without

I do wish that the oil companies would dip into their vast profits and start handing out road maps again. Nothing I know of would do more for their image. My feelings toward any major oil company would be much different if they would do

#### **Live Nativity** Performs Again At Emanuel

Manchester's Emanuel Church again presents its special "LIVE NATIVITY SCENE" on Monday, Tuesday and Wednesday, December 21-23 from 7 to 9 p.m. outdoors in front of the Sanctuary.

Christmas is coming, and that means again, that the costumes and beards are brought out of mothballs, donkey and sheep are gathered from the farms. the men and boys re-build the manger scene, and the flood lights are turned on.

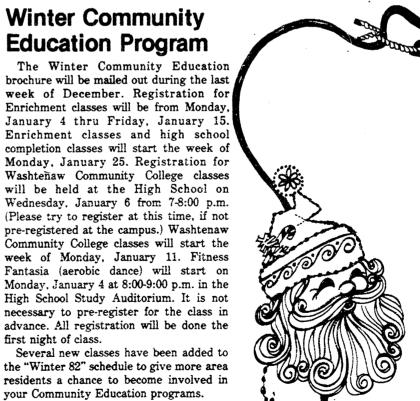

The steeple chimes will ring, and the community is invited to gather to witness one of the unique Christmas displays Washtenaw County has to offer. Save one of the evenings for you and your family to drive by Emanuel United Church of Christ, 324 West Main Street, Manchester.

On Tuesday evening at 7 p.m., Choirs from the various Manchester churches are welcome to gather, along with families, for the singing of Christmas Carols around the Manger scene. This is a new addition to the festivities, and everyone's welcome.

Culminating the Christmas Season at Emanuel Church, will be two Christmas Eve Services of Worship, with Carols, Candles and Communion. A family service is at 7 p.m., and a second service is at 11
