Scott Hunt Appointed Iron Creek Reminiscences of the Past, and

Scott Allen Hunt, son of Bruce and Sharon Hunt of 327 Schaffer Court in Manchester has accepted an appointment to the United States Military Academy at West Point, New York. As a candidate of the class of 1988 he will report to West Point on July 2, 1984. Scott is the first Manchester High School graduate to accept an appointment to West Point.

A 1983 graduate of Manchester Community Schools, Scott was active in varsity choir, the school play, football, wrestling, and National Honor Society. In addition, he was president of the Computer Club, treasurer of the Student Council (10th grade), president of the Student Council (11th grade), vice-president of the Student Council (12th grade), and was selected as the Boys State representative his junior year. Scott was the Optimist Student of the Month during his senior year and was a National Merit Commended Scholar. Outside of school Scott achieved the rank of Eagle Scout and was a camp counselor at Bruin Lake Boy Scout Camp. As a member of the Sharon United Methodist Church he sang in the church choir and served as president of the church senior youth group.

Scott currently attends Michigan Technical University in Houghton, Michigan where he is majoring in Physics. He is a member of the Alpha Phi Omega fraternity and serves as a big brother to incoming pledges. He is also active in the ROTC program on campus.

in foreign land, So lone a lake, so sweet a strand." The scenery in the south part of

Manchester, through which this limpid stream winds its way, is varied and picturesque. Hills and bluffs rise everywhere; meadows clothed in living green, pleasant homes and tidy fields, attest the industry and enterprise of the people.

Squire Crane was the first settler in this locality. He was a man of some acquirements, rather eccentric in his habits, a skillful hunter and trapper, and seemed to enjoy his bachelor life. He set the first orchard and raised the first peaches in the township of Manchester.

Lawrence Cashman, William Baldwin, Esquire Michols, Mr. Nowland, and English family, made the earliest improvements. The writer of this, and Lawrence Cashman, in the autumn of 1834. opened the highway for travel, on the north side of the creek, on the route to Clinton, by cutting out the logs and underbrush. He met the stern summons in the pride of manhood, and was buried in the cemetery near the Clinton road; the cross of our Redeemer marks his headstone.

Mr. Nowland was one of the first pioneers of Clinton, and removed to Iron Creek in 1833. He was a student, and loved nature in all her moods; he was much attached to flowers and shrubbery, and spent time in raising and disseminating choice trees and fruits. He was a man of the strictest probity,—he sleeps in the valley of the Raisin, amid those scenes he loved so well.

The religious privileges and spiritual welfare of the community are well provided for. The Free Will Baptist society

have a neat and commodius church, an able pastor, and a full audience. A flourishing Sunday School and Bible class is connected with the church, under the superintendence of Mr. John English and his wife—a lady of culture and refinement.

The Roman Catholic Church is well represented. That chruch, which up to the time of Luther (A.D. 1517), for fifteen centuries, handed down the christian faith and sent its missionaries forth to heathen lands, to plant the cross, and teach savage men the precepts of christianity; who through its convents and monasteries preserved the treasures of literature and of art. when the civilization of Rome was blotted out by the northern barbarians. Their place of worship is at Manchester.

One of the offices of the Justice of the Peace is located here: Esquire English holds the scales of justice. So far his decisions have never been questioned by learned councel, or reversed by the higher courts.

Let us hope, Mr. Editor, that

this rural region, like other places, remote from large towns and cities, will escape the extravagance and corruption that seems to pervade the land; that patriotism, integrity and honor will find a response in the hardy, freeborn race, reared in our country homes.

Combined Church To Be Heard Wednesday April 11

Wednesday evening, April 11, at 7:30, an ecumenical five congregation group of choirs will join in a Lenten Service. Gathering at St. Mary's Church on that evening will be the choirs of Bethel Church, Emanuel, Sharon, Manchester Methodist and St. Mary's. Everyone is invited to participate.

This gathering has been well received in past years and is surely in keeping with the beauty of the Lenten season and the glory of Easter.

Free Cancer Test

Many people are more concerned with preventive care of their automobiles than they are of their bodies. There are basically three types of people. The majority of people care about their health, however, they have to be reminded and encouraged to do something about it. A minority of people are very concerned about their health and actively participate in disease prevention. The third category of people believe in fate and do not care. about disease prevention.

Each year approximately 60,000 Americans die of colon-rectal cancer. The American Cancer Society is actively concentrating on decreasing this number. It is believed that early detection of colon-rectal cancer will prevent death. Most people fear colostomies. Very few people require permanent colostomies if the disease is detected early.

Ninety-eight percent of colonrectal cancer occurs in people 40 and older. In fact, 93.7% occur over the age of 50. The most common symptoms of colon-rectal cancer are: blood in the stool, change in bowel habits, and/or cramping or gnawing abdominal pain. Most early cancer is without symptoms. It is believed that people who have colonic polyps (growth in the large intestine) are at a higher risk for developing cancer. These polyps can usually be removed without hospitalization or interruption of more than

one day's usual activities.

The American Cancer Society recommends yearly screening for stool blood. There are easy and cheap tests available capable of detecting a small amount of blood in the stool which cannot be seen by the naked eye. In fact, one teaspoon of blood traveling the entire bowel length (approximately 20 feet) can be detected by these techniques. Remember blood in the stool may be an early warning sign of colon-rectal cancer of polyps.

My office and David K. Perkins, RPh, in association with Ames Laboratories, Chelsea Pharmacy, Stockbridge Pharmacy, Dexter Pharmacy, Krauss Rexall Pharmacy, and Braun's Pharmacy are pleased to offer free stool tests for blood. The envelopes necessary for this simple test are available from April 2-9 at the pharmacies. above instructions are included with the envelope. My office will contact all people by mail who have sent in stool samples before April 30, 1984. The kit will be passed out to all people over the age of 40 who do not have an active peptic ulcer, Crohn's disease, ulcerative colitis or active hemorrhoids. All participants must avoid red beef, horseradish and turnips for two days prior to collecting the stool samples. All aspirin, vitamin C and arthritis medications must be

At the recent primary election in a small Massachusetts town there are twelve registered electors eligible to vote in that precinct in the hills of northern Massachusetts. On election day they all got up early and hastened to the polls to cast their ballots but the state laws state that in all voting precincts an election staff of six must be maintained and the polls must remain open for eleven hours that day. I guess that that action guarantees everyone in that precinct the unalienable right of franchise doesn't it?

We elected new officers, and they are: President, Jean Davis: Vice-President, Peggy Friday; Secretary, Dee Burby; Treasurer. Leslie Johnson. We have made a few changes, hopefully for the better, and they are a change in the performance classes, such as fitting and showing, a combined (English and Western) pleasure class, open English equitation. and many "Special Classes." We will be giving out fifteen trophies

We also changed the entry fees to have a "Membership Family Plan." The first person, of a family will pay \$10.00 entry fee. and the rest of the family just has to pay half each. To non-members the entry fee will be \$15.00 or \$2.00 per class. Our membership fees are still unchanged, and will be \$3.00 each or \$10.00 per family, whichever is the least.

Anyone interested can contact either Dee Burby, at 313-428-7369 or Jean Davis at 313-428-8490. We would like to have a nice turnout for all our shows, and the very first one will be May 20 at Whites Arena on Esch Road in Manchester. Starting time is school and possible college 11:00 a.m. Our special classes for the first show will be "Western Riding" and "Egg-and-Spoon" with REAL EGGS.

In addition, sponsored by the National I'm very pleased that this Association of Secondary School Principals. One of only 200 high schools in the United States and six in the state of Michigan. Manchester High will exchange students with Heldesheim High School located in Germany. Eleven German students will be arriving on Wednesday, April 11. 1984, and stay during the next three weeks with Manchester families. The other half of the exchange will take place at the end of June when seven students from Manchester High School will visit Heldesheim High School in Germany, again for three weeks.

Manchester High School German teacher, Susan Davis is the coordinator of the program and has put together a calendar of activities for our visiting students. These activities include a welcoming dinner, a pizza party, a trip to the Tiger baseball game, a tour of the State Capitol, the Detroit Free Press, and the Manchester Community. In addition, the Manchester High School Student Council will hold a dance to honor the German students. Mrs. Davis commented, "I have taken students to Germany before, but this program is so much better. The participating students from both countries live with families for three full weeks and participate in school activities. It's a much better experience for students than simply touring the country." "The support from the

community has overwhelming," added Mrs. Davis. "Up to this point, I've had many people volunteer to help. It's really been wonderful." Mrs. Davis continued by stating, "If any church or organization is interested in meeting with these students, they should contact her at the high school. The telephone number is 428-7333."

High School Principal Bill Bushaw added, "Mrs. Davis has spent many extra hours organizing this program. I'm very thankful that we have dedicated teachers like her at Manchester

Manchester United Methodist Church, a very talented group of Pot Luck Dinner; 8:00 p.m.: youth from the Northville U.M.C. will present the musical, "Celebrate the Life." This musical is about celebrating the life of Christ and the lives of Christians past and present. Under the direction of Gary and Stacey Becker, 55 to 60 Junior and Senior High youth (7th to 12th grades) Youth Fellowship meet at the will perform in this contemporary musical. The program incorporates singing, dancing, narration, and accompaniment by trumpet. flutes, guitar, synthesizer, organ, piano, and percussion. We look forward to this performance by young people. These youth were scheduled to present the musical. "Believer" last April 17th, but due to a heavy snowstorm early that morning were unable to make it to Manchester - surely this couldn't happen again!! Please join us for this special worship service and invite a friend. We're all sure to be blessed by this presentation. Be sure to mark this date on your calendar! SUNDAY, APRIL 8th, 10:30 a.m.

Obituary

Lawrence J. Gauss 316 West Michigan Clinton

Age 91 years, a retired Manchester area farmer, died Thursday, March 29, 1984, at Herrick Memorial Hospital in Tecumseh.

He was born July 30, 1892 in Bridgewater Township.

He was married to Ruth Bowins. She preceded him in death on June 3, 1975.

Mr. Gauss was an army veteran of World War I.

He is survived by nieces and nephews and special friends Mr. and Mrs. Paul Wetherhold of Clinton.

Funeral services were held Saturday, March 31, 1984, at the Jenter Funeral Home. Rev. Robert B. Macfarlane officiated and burial followed in Oak Grove Cemetery.

avoided prior to the stool collections. The participants do not have to be my patients and in fact to not have to be under a doctor's care.

This is the first such screening project in Washtenaw County. The program had different sponsors in the Detroit Metro area and was very successful. If a single person's death is prevented by this screening project, then the expense and donated time was worthwhile.

Please participate in this free screening project so that we can help prevent needless tragedy from this deadly killer.

Chelsea Community Hospital will once again participate in Project Health-O-Rama in Washtenaw County. Health-O-Rama is a seven county wide program of health tests and health information sponsored in

Agriculture In Action

GASOLINE RATION COUPONS

Among the things the Reagon administration inherited from its predecessor are 4.8 billion gasoline rationing coupons that were never used and will not likely ever be used. It was also discovered that the coupons could be duplicated and were far from being fraud-proof.

The Department of Energy has estimated that the paper used in the coupons is worth \$100,000 for recycled paper. However, they are neatly bundled in three million plastic wrappers which have to be removed before the recycling can be done. The cost of removing the wrappers is estimated to be between a half million and a full million bucks!

To solve the problem, the Department of Energy has agreed to pay the Army \$145,000 to take the coupons off their hands. The Army hasn't said what it plans to do with them, but there are lots of rumors about a new secret weapon that even the Russian bureaucracy won't be able to match.

There's one thing that's certain. When the federal bureaucracy decides to do something, they don't go halfway. Anyone for higher taxes?

southeastern Michigan by United Health Organizations, WXYZ-TV Channel 7, and Blue Cross/Blue Shield of Michigan. Project Health-O-Rama is sponsored in Washtenaw County by Washtenaw United Way in cooperation with hospitals, health educators and health related agencies.

Chelsea Community Hospital will offer Project Health-O-Rama on Saturday, April 14, 1984, 9 am - 2 pm at Chelsea Community Hospital. A series of free health tests and health counseling for individuals 18 years of age or older will be offered. Free tests include screening for problems with blood pressure, vision, hearing, height, weight and glaucoma. An optional blood chemistry test will be offered for a fee of \$7.00. This test includes blood analysis for kidney disease, liver disease, cholesterol, diabetes, bone disease, anemia, gout and more. Eating should be avoided four hours before the blood chemistry test. Health professionals including nurses, pharmacists, dieticians, social workers and physicians will be on hand to provide health counseling and information. Staff members from the University of Michigan Family Practice Center will also be present to counsel and provide screenings. One to one and onehalf hours should be allowed for the screening. Busiest hours are from 9 am until noon. Participants should try to come later if possible.

Health-O-Rama attendants will also be able to obtain information on such community services as "Lifeline," the home emergency call system for older adults, "Vial-Of-Life," substance abuse programs, mental health "Parents programs and Anonymous." No appointment or registration is required for participation in Health-O-Rama which will be located just inside the main entrance of the Hospital. For further information, contact Ann Davis, RN at Chelsea Community Hospital, 475-1311, Ext. 262.

Saline Hospital Offers Free Health Tests

Saline Community Hospital will provide free health screening to area residents at Emanuel United Church of Christ (324 West Main) in Manchester on Tuesday, April 10, 1984 from 7:30 - 11:30 a.m.

Screening tests available will be: blood tests, blood pressure checks, height and weight measurements, eye tests and a health hazard appraisal. Participants are advised to have nothing to eat for four hours prior to the blood tests for most accurate results. Appointments are not necessary.

In addition to the free screening tests, a Hospital dietitian will be available from 9 to 11 a.m. to provide nutrition counseling.

Further information regarding the screening program may be obtained by calling the Hospital at 429-5435, ext. 331.

"Suprise" Benefits of Chiropractic

Ask most people what chiropractic is and what it can do and they'll probably say that it's a method of treating back problems. They're right, of course. Chiropractic does deal a lot with back strains and sprains. But that's only part of the story.

Every chiropractor can tell you many cases in which patients derived surprise benefits. A man comes in to seek help for an aching back and finds to his delight that not only the back feels much better but the chest pains he's endured are eased considerably. A woman whose back was adjusted happily reported that her migraine headaches went away, as well.

Such things are not at all surprising to the chiropractic practitioner. While his

DR. W. ATKINSON
DIRECTOR

intensive training seemingly equips him to apply his skills to back problems, he knows that the nerves that branch out from between the vertebrae either directly or indirectly serve bodily functions.

When one of these moveable vertebrae is out of position, it can dramatically affect the nerve and the organ. So when the chiropractor adjusts the spine - moves the vertebra back to where it belongs - a lot more than the back itself can benefit. And that, really, is the whole basis of chiropractic.

Manchester High School students participated in the Cascades Conference Academic Games for the first time on Friday, March 23. The games are composed of three rounds: preliminary, semifinal, and final

round with first, second, and third place finishers being determined in the final round of competition.

Contests were held in math, science, English and social studies with Manchester contending in math, English, and social studies.

Manchester's math team won in the preliminary round against Grass Lake by a score of 32-29, losing in the semifinals (30-15) to Columbia Central, the eventual winners of the math games. The Manchester English team after a seesaw battle, in which the lead changed hands several times. dropped a squeaker in the preliminary round (18-17) to Central. Manchester Social Studies team enjoyed reverse fortunes edging

Napoleon in the preliminaries (18-17) but saw that fortune fade in the semifinal round when after enjoying a strong lead in the early going they saw that lead dissolve as they fell to Hanover-Horton (24-15). Team coaches were John Korican, social studies; Janet Garrity, math; and Buzz Hastings, English.

Psychologist To Make Presentation

A Manchester psychologist will be a major presenter at the UPDATE '84 meeting of Wolverine State psychologists on April 6. Jean Apperson, Ph.D., will update psychologists and other attendees at the conference on women's issues in the 1980s. Title of Dr. Apperson's presentation is "Why Does A Woman Want A Man-So Much?" A presenter at the 1983 UPDATE conference, Dr. Apperson is returning in 1984 both because of the timeliness of her topic and because of response to her earlier presentation. She is chair of the Women's Issues Committee of the Michigan Psychological Association.

Other presenters at the conference include Senator R. Robert Geake, of Northville, who will address the entire conference on "Mental Health Appropriations in the State of Michigan." Vice-Chair of the Michigan Senate's Appropriations Committee and Chair of the Mental Health Subcommittee of that committee, Senator Geake also is the holder of a doctorate in psychology.

The 1984 UPDATE includes not only presentations on clinical issues but also offerings by academic psychologists. Among the latter is a paper on Type A behavior as a function of race, income level, age, and gender by Duane E. Dede, of Hope College, and a presentation by Stanley Seashore, Ph.D., University of Michigan, Ann Arbor, on plans for Michigan's industrial technology institute.

Open to the members of the public as well as psychologists, the conference will be held at the Holiday Inn, West-Livonia, on Six Mile Road near I-275. Fee and registration information may be obtained from the Michigan Psychological Association at 313/525-0460.

THE RAVEN THE LIFE OF SAM HOUSTON

By Marquis James

Because Marquis James is also the author of perhaps the best biography we have of Andrew Jackson and because Sam Houston and Jackson were friends and political allies, a comparison of the two men is almost

They both identified their own destinies with America and both saw America as the West, the frontier, and they both distrusted the East. The lives of both men were also profoundly shaped by women. The lengths to which Jackson would go to defend his wife, Rachel (he once killed a man for slandering her "sacred name") are fairly well-known. What is not so well-known is that Houston would never have been connected with Texas except that his first marriage to Eliza Allen, the daughter of a patrician Tennessee when Eliza Allen had left him. Here in town senior citizens will be going to Chelsea on Thursday, April 19. There they will join others for a chartered bus trip to Blissfield, leaving Chelsea at 10:30 a.m. and returning about 5:00 p.m. Cost of the day's outing is \$16. While in Blissfield they will lunch at the Hathaway House where they will be treated to an all-vou-can-eat buffet.

The restaurant is owned by the Chef and the food is super. After the lunch there will be time to visit some of the shops alongside Hathaway House, which at one time was a lovely old home.

On returning to Manchester the group will visit the Blacksmith Shop on East Main Street, and stop at the Old Mill and the Antique Mall to complete their trip before returning to Chelsea.

The annual Lenten Friendship Breakfast is planned in Manchester for Wednesday, April 18 at the Knights of Columbus Hall next to the post office at 9:30 a.m. This year the event is hosted by St. Mary's Catholic Church. Over the years the Friendship Breakfast has become a very special event during the Lenten Season with each of the churches taking a turn. For those who haven't attended one of the breakfasts this year would be an Birds build their nests from year excellent time to start.

Reservations are necessary and should be made at Emanuel United Church of Christ, St. Mary's or the United Methodist Church, if possible, the week before the breakfast. Two hundred are expected.

Another note of interest is that Phyllis Pawson, who graduated from Chicago Theological Seminary in March, is currently serving at St. John's United Church of Christ at Rogers Corners, between Manchester and Chelsea, while she studies her options in the ministry. She is particularily interested in the studies of spirituality and spiritual life. She would like to lead some workshops on the subject. She is considering taking a year of internship in Clinical Pastoral Education and entering the pastoral field as a full-time pastor of a small church.

4-H Spring Program The Washtenaw County 4-H

Youth Program in conjunction with Saline Area Schools is proud to announce the annual Spring Achievement Program, to be held on Saturday, April 7th at Saline High School. 4-H members will exhibit their projects and be judged in the areas of clothing, knitting, crocheting, leathercraft, woodcraft, and demonstrations. Exhibits will be on display in the School Cafetorium from 10:00 a.m. to 9:00 p.m. There will be two style shows, one from 2:00 - 4:00 p.m., and the evening program from 7:30 - 9:30 p.m. 4-H members will be modeling their clothing projects in these shows, and the 4-H award winners will be announced at the evening show. 'All Terrain Vehicles'

Secretary of State Richard H. Austin reminded owners of threewheeled motorcycles known as "All Terrain Vehicles", that such vehicles must be registered and the operator licensed with a motorcycle endorsement to operate on public highways.

Austin's reminder follows scattered reports of young drivers operating ATV's on highways without a license, registration or motorcycle endorsement.

An ATV operated on public or private land must carry a special off-road vehicle registration, unless operated exclusively or land owned by the operator. Individuals 12 to 16 years of age may operate such vehicles on public or private land under supervision of an adult or with a safety certificate from the Michigan Department of Natural Resources.

Michigan law defines a threewheel ATV as a motorcycle and requires operators to wear helmets on public highways. Austin also advised individuals operating on private lands to wear helmets and follow safe driving procedures.

FISHERMEN CAN EXPECT **GOOD STEELHEAD SEASON**

Michigan anglers can expect one of the most productive steelhead seasons in nearly a decade, reports the Automobile Club of Michigan.

More than 1.5 million steelhead averaging 7 to 8 pounds are expected to return to the 40 streams listed on the Auto Club's

SAVE

1984 guide.

Sportsmen should prepare for peak runs in early to mid-April in West Michigan, mid-April to mid-May in East Michigan, early to late April in Southeast Michigan and mid-April to mid-May in the Upper Peninsula.

There are indications that this could be the best steelhead season since 1975," said James Drury, Auto Club's Travel Operations

SAVE

manager. "Last fall when salmon were being taken from weirs, excellent numbers of steelhead were counted, a very good omen for this spring.'

In addition, the Michigan Department of Natural Resources (DNR) planted 655,000 yearlings and 896,000 fall fingerlings in 1982, a 41 percent increase over 1981.

Michigan Best West steelheading should be on the St. . Joseph River up to Buchanan and in the Grand River system as far as Lansing's Moore's Park Dam. Other good steelhead producers in West Michigan will be the Muskegon and Manistee rivers.

East Michigan top spots will include the East Branch of the Au Gres River near Au Gres and the Au Sable near Oscoda.

In Southeast Michigan, the best steelhead fishing should be on the St. Clair River for trollers and on the Huron River for shore and wading fishermen.

U.P. anglers should find good action on the Carp River along Lake Huron, the Choclay and Two-Hearted rivers along Lake Superior and on the Big Cedar and Black rivers along Lake Michigan.

The Auto Club adivses steelheaders to check specific rules for individual rivers in the DNR's Michigan Fishing Guide. Some rivers are open yearlong while others open April 1 or April 28, the start of the general trout season. The guide is free to anglers purchasing license passbooks.

High Schools Seek Help From Graduates

Area high schools are asking last year's graduates for thier opinions and other information through a phone and/or mail survey to be conducted during April.

The annual survey conducted in cooperation with the Michigan Department of Education, asks the former students what they are doing and how well the schools' programs served their

needs. Identity of the survey respondents is kept confidential. The information is used only for planning and to improve programs, services, curriculum offerings.

Washtenaw Intermediate School District is helping to coordinate

the survey in this area. Ken Handwerger, WISD Consultant, urged students to respond to the survey so that as many opinions as possible will be represented. Parents, guardians, and relatives. can help by forwarding the survey or providing the students' phone numbers or addresses if they are away from home when contacted.

Community Honor Scholarships Offered.

Washtenaw Community College is offering several Community Honor Scholarships to local students, announces Guy Hower of the College's Financial Aids Office. Designed to recognize student contributions to the community, the scholarships provide tuition plus \$100.00 per semester for books and supplies. Each scholarship extends for one academic year (Fall and Winter semesters only).

Community involvement as well as grades and vocational goals will be the evaluating criteria, Hower reports. Applicants should be able to furnish recommendations from community organizations and groups, he adds. Applications plus high school and college transcripts should be submitted before May 15. The scholarship panel will choose winners by June 15.

Interested students may pick up applications at the College's Financial Aids Office, second floor of the Student Center Building. Monday through Friday from 8:00 a.m. until 5:00 p.m., or write to Financial Aids Office, Washtenaw Community College, P.O. Box D-1, Ann Arbor, Michigan 48106.
