MHS Crisis Team Responds To Student Needs

In the aftermath of a painful week following the deaths of two Manchester students, High School Principal Russ LeBlanc commented on the value of the Crisis Response Team to the High School student body.

"Our Crisis Response Team has been in place for several years, but it was helpful that we had met only a few weeks before, to review our model step-by-step, and incorporate models from Dexter and Jackson High Schools.' These models, which Mr. LeBlanc had received at a recent MASSP (Michigan Association of Secondary School Principals) meeting, were tailored to fit situations at Manchester High School.

The members of the Crisis Response Team were immediately available to students. Three ministers from the area, Rev. Paige, Rev. Woolley, and Rev. Riske were members of the Team; two counselors from Chelsea High School who had experience in grief counseling; and Manchester staff Dick Parson, guidance counselor, Char Henderson, Special Education Teacher Consultant, and Donna Clark, Family Life Skills Educator, were also included.

"It was rewarding to see that although we had many professionals to talk with our students, that they still felt most comfortable with our own people," commented Mr. LeBlanc. "Some of them gravitated to their own pastors, and that was great, too." The overwhelming response of the community, neighboring school districts, and social work-

"This community is very fortunate in having so many people willing to help out in an extremely difficult situation."

Compared to the Middle School, the High School students' the teachers were accepting of this. Others wanted to simply be with friends, and many ended up going to classes with one or two other friends instead of to their own classes. Some students went home with parental permission.

- by Marsha Johnson Chartrand

By Wednesday afternoon, most students were back on their normal schedules, and the need had diminished greatly by Friday. However, with the funerals on Friday and Saturday, the District Crisis Team was prepared on Monday to again deal with the students as needed.

In the High School, the students closest to Jason needed time and someone to talk to, and they had that opportunity. Mr. LeBlanc said the staff didn't always wait for some students to ask for help, but instead they (the staff) sought those students out and talked to them. Those who seemed to warrant concern by the Crisis Team or staff members were observed and approached.

"In a situation like this, you don't know what might surface," stated Mr. LeBlanc. "We are treading carefully, realizing that this might revive difficult memories for some students. We want to make sure that every student who needs help will re-

If you or someone you know needs assistance in dealing with tragedy, or with a difficult situation in life, there are many local resources available to help. Students may still consult members

the deaths during class time, and of the Crisis Response Team at the schools. Others may seek out assistance at the Interfaith Counseling Service through Community Resource Center (428-7722) A meeting for parents will also be held on Thursday, March 11 (see sidebar), at the high school No questions were asked, and no library. judgements were made about

The outpouring of genuine concern by the Manchester community for the families of Jason Briggs and Greta Hakken shows that there are many people "out there" who care. The many parents, community members and Manchester educators who assisted our students during this critical time are to be gratefully acknowledged.

Parents recently should have received a letter from Superintendent Niedzwiecki regarding a program on "Children and Adolescent's Response to Grief and Loss". Other topics will include helping children deal with their strong emo-

The meeting is scheduled for Thursday, March 11, 1993 at 8:00 p.m. in the high school

Mr. Michael Murphy and Mr. Dan Dermyer will be present to discuss these issues. Mr. Murphy is Director of Consultation, Education and Prevention for the Washtenaw County Community Mental Health Division of the Human Services Department. Mr. Dermyer is a Psychologist at the Huron Valley Child Guidance Clinic.

This should be a helpful program to parents wishing to talk with their children and adolescents about this delicate subject.

Second Front Page: "Why I Am Important To America": Award Winning Essays

First Place by Jason Miner

I think everyone is important to America, each in his own way. Some people don't feel they are important. Others feel they are very important. A person who is in a wheelcair because of an accident, is important because that person sets an example of hope, determination and confidence. Sports figures are important because children look up to them.

I am important because I care about America. America is definitely the best place in the world to live. I believe in what it stands for, justice for people, freedom, and all men and women are equal.

There are more opportunities in America than in other countries. In some countries you are not allowed to voice your own opinion, but in America you can. I stand up for what I believe in. If I see something that's not right, I speak up.

I am important to America because I also am important to my family, friends and tothe team I play for. When I am of age to drink alcoholic beverages I will use good judgement and not drink and drive, smoke, do illegal drugs or any other illegal substances. I want to make something of my life. I am not going to be the kind of person who does the things I just listed

I am important to America because I try to be the best person I can be. I help people by not picking on them and by taking into consideration their feelings. I don't vandalize, steal, or pollute. I recycle. I finish the jobs I start. I believe in working hard to earn the things I want.

I think America is the best place for independence and opportunities and without America I wouldn't be important.

Second Place by Colleen K. Gever I am important to America

because, in short, the world depends on me and my generation. be brighter if we all work to-

leaders who can take control with new minds to get us through these times and the times to

times it has ever seen.

operation Desert Storm. I helped by writing to some soldiers and telling them what was going on in America while they were

When I look around at the technology the world has produced, it makes me feel that so much more lies behind closed doors. There is so much that

Third Place by Michelle Schaible

I am important to America because America needs me to be my own person and to uphold the rights of my country. I can also prepare the way for future generations to come. Likewise, can set a good example and be a role model for my community. With me, the community will be a much better place to live.

I am important to America because I am one of the people in America that have a voice in what is done to our country. The adults can vote, but others, the young members of the United States also have a say in what is happening. Sometimes we are not recognized, but that does not doesn't acknowledge us. We are still important to America. We are the ones that can decide what we want to do to our country to

America, should be the ones that Young Americans should be are going to motivate all the clubs and groups that deal with cleaning up the environment and recycling because if we do not get started now, then the world will become an unhealthy place in which to live and work when

ambition to do this. America needs its people to make people realize that life is be more sociable. If we cannot do this as students than we have America needs to keep its no future as adults. We will be-

who has enough strength and

America can find out about the world around us. I am important because I can create new technology for my country. I am important to America

in many ways. I can vote when I'm eighteen, have a voice in government, protect the environment, be concerned about the well-being of others, but above all, I can be proud to be an American citizen.

the people that helps the community to become a lively and stable environment for people to talk and get to know each

I am also important to America because I am one of the people that want to advance American technology. I think that some people believe that technology is not important, but I believe that making our world a better place is very important.

America needs someone who can deal with reality. It needs someone to try to solve the problems of our world. Poverty, homelessness, and drugs are some of the difficulties we face in our nation today.

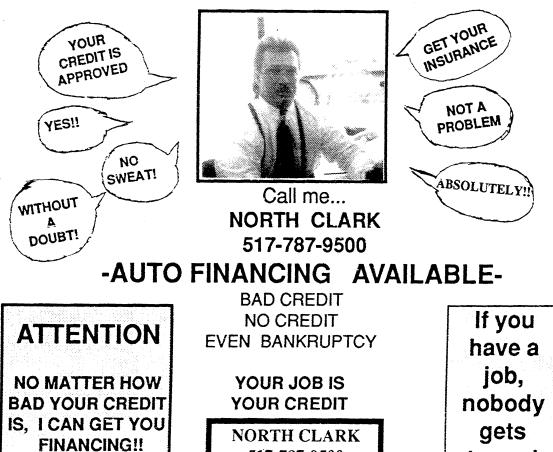

I am important to America because America needs me. It needs me to continue to be an American and to support America as long as I live!

America to Celebrate American Agriculture

Across the United States of America, the more than 20 million men and women who provide the food and fiber Americans depend on every day will be honored during the 20th Anniversary of National Agriculture Week (March 14-20, 1993.)

Without a national observance, it is too easy to forget the important role the American food and the agriculture industry plays in our daily lives. We tend to take for granted the very industry that puts food on our table, clothes on our backs and shelter over our heads each day.

National Agriculture Day provides an opportunity for all Americans to take a moment and reflect upon the many ways agriculture touches their lives.

National Agriculture Day and week coincide with the begining of spring, when thousands of farmers across the country are preparing their fields for planting. The annual observance is designed to direct at-

butions made by the food and agriculture industry. The food and agriculture

tention to the important contri-

industry represents nearly 16

percent of the Gross National Product and an estimated 21 million jobs (or 17 percent of the total national work force) Yet, approximately 90 percent of the industry's jobs are off the farm which means that Americans don't have to live on a farm to have their livelihood ties to agriculture. A large segment of the population depends on agriculture but have never been on a farm, from the assembly worker building farm machinery, people in processing, retailing, transportation, veterinarians, scientists and etc. Take time to "thank" and "think" of the agriculture of today.

—Dale and Sue Weidmayer Representing Washtenaw County Farm Bureau

Promotional and Educational Committee

Letter to the Editor:

Manchester may be a historical town, but it is not friendly! About 43 years ago, we moved to the city of Manchester and lived here for only 7 years. Recently, for about 4 months now, have been visiting here and once again, in unbelief, have been struck by your unfriendliness.

'You all' need to come south - our adopted section of this great country - to see what friendly is! Our daughter, visiting here from California, noticed the same attitude.

Take heart, Manchester, all of you, smile and speak a friendly word, in Love, Love, Love,

I want a new, tightly worded

ordinance which accomplishes

some or all of these goals. This

industry cannot be allowed to

What worked badly 10 years

alternate road improvements.

As other townships do, a tax

not in closed sessions.

For those of you in and rewrite our Gravel Extrac-Manchester, Freedom, Lodi and Scio Twps. who were unable to attend recent meetings, but would like a voice in when and how many gravel trucks use Pleasant Lake Road-Saline Ann Arbor Road every day, please

The Freedom Township Planning Commission has been asked to approve yet another permit to extract gravel from Freedom Township. If approved it will mean, at the least, an additional 100 trucks on Pleasant Lake Road and Saline-Ann Arbor Rd to I-94 between the hours of 6:00 a.m. and 6:00 p.m This is in addition to the four hundred plus other gravel trucks which already use the road and are owned or operated by the existing pit operators.

How much is too much? I have already reached my maximum stress level on Pleasant Lake Rd.

As a first and immediate run rough shod over the citistep, before operations begin in the Spring and before new permits are issued and old ones ago with one gravel company is reviewed, I propose that the not working at all today with Freedom Township Planning two, and will only get worse Commission either amend our with more. The Planning Compresent ordinances, or alter the mission is looking closely at the conditions of gravel permits to gravel pit issues at this time and read that: no gravel trucks will needs to know that more than a be allowed to enter Freedom few citizens are interested in Townhip and the pits until 9:00 what they do. The gravel ina.m., and that the trucks will be dustry is not going to go away out of the township and off the for the next 20 years. What they roads by 3:30 p.m.(until school do is going to affect the lives of is out in June) and by 4:30 p.m. every person in Freedom during summer. Township.

This would allow citizens in Manchester, Freedom, Lodi, Scio and Ann Arbor who use the haul route to have safe, gravel truck-free road access to and from their jobs during morning and afternoon rush hours. And school buses, which pickup and deliver children on Pleasant Lake Rd. can do so in a safe

This change alone would alleviate many of the grievances which motorists and residents on the haul route harbor. It is a fair and reasonable solution to the traffic and noise problems.

Secondly, as the gravel hauling business continues to grow and to expand to even greater numbers of pits, (the possibilility of 6 exists, with several more on Bethel Church Rd.), it threatens to engulf our beautiful, peaceful, rural Township. Our very quality of life is at stake as well as that of the people in surrounding townships who live on or use the haul

The time has come for the | 135 E. Main St. Freedom Townhip Planning Commission to totally rethink

COMMUNITY NEWS

HISTORICAL SOCIETY William F. Cody, famous the world over as Buffalo Bill, will be the speaker at the Tues-

day, March 16 meeting of the Manchester Area Historical Society to be held at 7:30 p.m. at the Blacksmith Shop located at 324 East Main Street.

Buffalo Bill and his wife Louisa (portrayed by Charles and Lori Stackman) will be speaking about the incredible events and times of his life including his days as a Pony Express rider, a scout for the Army, a buffalo hunter for the railroad. and his Wild West Show.

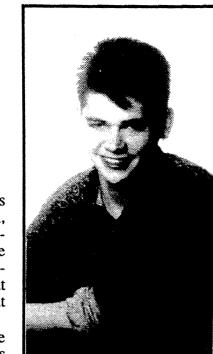

This will prove to be a truly unique opportunity to listen to our American history as told by one of its more famous and colorful characters.

Everyone is welcome to attend this and every meeting of the Manchester Area Historical Society held the third Tuesday of each month.

TED MICKA

Specializing in Older Homes & Barns

Licensed & Insured (517) 536-4371

Brooklyn, MI 49230

I'm glad T.V. and Del are in the Southland; last time I wrote for her it was a different story. I hope the new crop of tomatoes down there is ready for them to enjoy; I imagine they will not be able to come back by any way other than Vidalia, Georgia, where the special onions are. Not too many, T.V., half a bushel of those goes a long way and I like small to medium sizes best.

In last week's column T.V. talked about modern technology and medical things, and that got me started. While we were sitting around and using medical and hospital offices this past week, I had a brainstorm. Don't tell Hillary, but I think I may have stumbled on something she could use. I intend to copyright my idea, though, so I'll receive something if it takes off and becomes famous and profitable. Why not? Someone has to pay real taxes to keep this system

I'll admit that to make my scheme work you have to talk the current language of the White House and Washington. Taxes aren't taxes, they are "contributions". It doesn't "cost" anything to send every willing person to college and give them the option of paying for it with community service—this is an

investment. Sure, the college plan may "temporarily" add 7.5 billion to the deficit, but it is a long term "investment" that will "save" us lots-some day. And anything that is health related, like shots for kids, though it adds 2.1 billion to the deficit is in a different category because it relates to people and health.

Well, so does mine.

Senior Citizens News

As I looked around me in the several waiting rooms last week, I saw a lot of other people, sitting like us. I calculate that if we would allow everyone the minimum wage for the time they sit in medical offices, that "contribution" would go a long way toward reducing our medical costs, if not the deficit. I won't even get into the matter of time and a half for weekends and double time for Sundays and holidays—that can be a later "improvement" for congress to "give" us.

I figure that if my doctor charged \$50.00 for last Tuesday's office visit it should work out this way. Medicare should pay for about half of it, so that doesn't "cost" anything. My Blue Cross will cover most of the rest of it after the deductible has been taken care of. Lenora and I spent 2 hours each waiting

and at \$5.50 per hour (hey, they can raise the minimum wage anytime, it will only help my system), we "contributed" \$22.00. I suspect with governfinancing I could easily produce a "surplus" with these figures the deficit.

English language can be of such lems in government? If I had done this two presidents ago, maybe Perot wouldn't have beter of the Universe.

GREAT LAKES BANCORP

Our Adjustable Rate Mortgage allows you to enjoy this excellent mortgage rate for the first year of the loan. After the first year, your interest rate

can only increase by 2% a year or by 6% over the life of the loan. And you have the option to convert to a fixed rate mortgage under certain conditions.

Typical APR (annual percentage rate) includes interest on loan and other fees, and is based on a \$100,000 loan with an 80% loan-to-value ratio. The APR may increase after closing. Loan must be for construction or acquisition of borrower's single family owner-occupied primary residence. Interest rates and terms are subject to change at any time without notice. *Based on a 30-year loan. For 15-year loan, APR would be 6.359%.

VARSITY VOLLEYBALL WINS DISTRICTS

Clinton High School was the scene of some of the very best volleyball of the season! The Manchester varsity volleyball team made their mark in the school record books by winning the Lower Peninsula District 71 Championship.

Coach Stein said, "I was very proud the entire team. A few of the girls were on the bench most of the day, but they never let up supporting their teammates. They stayed up beat all day and were a very important part of this District Championship."

Five Girls Make All-Region Volleyball Wallace Named To "Dream Team"

Their hard work is paying off in a big way, as five Dutch volleyball players were named to the All Region team Saturday night, in a coaches' meeting held in Monroe.

Honored are; Sarah Riske, Adrienne Wallace, Tracy and the stats of the nominees. LaRue, Olivia DeLongchamp and Kathleen Baran. These five girls have worked on their volleyball skills almost year round for the past four years. Besides regular season play for Manchester, they played AAU volleyball in the summer. Much time, effort and sacrifice went into winning this recognition.

In addition to All Region, career.

NOTICE OF PUBLIC HEARING VILLAGE OF MANCHESTER

There will be a public hearing on Monday, March 15, 1993 at 7:30 p.m. at the Village Hall, 120 S. Clinton Street, Manchester, Michigan for the purpose of hearing comments regarding a grant application for financial assistance on Phase II of Chi Bro Park, from State Recreation Bond Program and/or Natural Resources Trust Fund.

Copies are available for inspection at the Manchester Village Hall during regular business hours. Written comments may be directed to the Village Clerk, Karen Tucker.

> Karen Tucker Village Clerk

-Patrice Faulhaber She went on to say, "Defensively we played the best ever.

Momentum was on our side." The crowd was in the game every minute and most the fans left as exhilarated and exhausted

as the players. An avid volleyball fan, Mr. Bud Scherdt said, "We definitely got our three dollars worth!"

In the first match Manchester met Michigan Center, winning in three games 15-7, 7-15, 15-12.

Match two was against Onsted. Onsted was ranked 8th in the state, in the final coaches poll by the Detroit News. They gave the Dutch a good fight, but Manchester had more stamina in the third game and won the match 14-16, 16-14, 15-4. It was a physically and mentally exhausting offers from Michigan colleges. match with many side-outs and She is looking forward to play- serve rotations. The girls had a ing at either Lake Superior State little trouble with composure in College in Saulte Saint Marie or game one, but they pulled together Sienna Heights in Adrian, where as a team and bailed themselves

Match three for the title was against Clinton. Manchester had beat Clinton in their tournament early this season and Clinton was looking for revenge. Clinton won the first game 13-15 and had control in game two. The Dutch never gave up defensively and fought their way back to win 17-15. The third game wa~ easy for Manchester, winning 15-4.

Adrienne and Sarah tied for kills with 35 each. Olivia had a good day with 23 and Sandra had her best tournament ever with 12.

Blocks went to Olivia and Sarah with 22 and 21 respectively Tracyhad 78 assists, followed by Adrienne with 22.

Kathleen was 47 of 49 serving with 25 points. Sarah was 39 of 40 with 21 points. Tracy was 37 of 37 with 18 points. The team was 91% serving making 207 of 226 serves.

Defensively, the girls were hot. They had 293 digs, averaging 32 digs per game. Kathleen had 78. She has been a superb back row player all year. Sandra had 54 digs followed by Sharon with 42.

The team advances to regional play Saturday at 10:00 a.m. in Sand Creek. They will meet Dundee in game one then play the winner of the Sand Creek Riverview Gabriel Richard game. The big winner of the day will play the following week in Kalamazoo for the Class C State Championship title.

Make every effort to see this tournament. The girls have been working very hard all year and deserve our support. You won't be sorry. It'll be the best three dollars you spend all week!

Dutchmen Roundballers Fall — by Jon

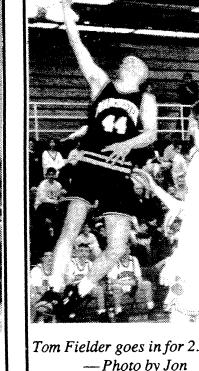

Friday marked the end of league play for the 1992-93 pasketball campaign. We visited the home of the Comets at Hanover-Horton and were downed in both contests.

I arrived at the game with only 3 minutes and 19 seconds left n our JV game and the Little Comets held the 41-49 advantage. We outscored them 6 points in the next 2 minutes to close within 2 points. Unfortunately, this was as close as we got.

In the varsity game, we hung tough for the first half, trailing by only 8 at intermission. The 3rd period started and Rob Davis was fouled on his shot so he sank 2 free throws cutting the lead to 6. This is when the roof fell in. The Comets pressed all over the court and in 2-1/2 minutes had outscored us 0-10. It just got worse and worse as they ran away from us, 62-88.

Tom Fielder led our scorers with 19 as Rob Davis contributed 14. Matt Wiethoff played well on offense as he scored 13 points.

CARD OF THANKS

Sincere and heartful thanks to all the good people who helped rescue me when my car spun into the ditch just west of Schneider Road during the snowstorm last Thursday evening, March 4.

-To the young couple who tried o hard to drive the car our.

-To the driver of the county salt truck who put out flares so other drivers would be aware of my plight.

-And especially to the two gentlemen in the large blue pick up truck who had a chain and pulled me onto the road again.

Your caring and consideration on such a bad night was truly appreciated! Bless You! Millie Grantham

Community **Awareness Meeting Provides Important** Information

- Kathy Kueffner Guest speakers, members of the Manchester community, and other communities, gathered Monday evening at the American Legion Hall to confront the issue of child abuse. Because this meeting took place past our "deadline", the following is only a brief and inadequate summary. We welcome your comments and opinions for our next edi-

The meeting was coordinated by Manchester resident Jayne Long who has organized S.A.V.E (Sex Abuse Victims Everywhere).

tion of The Enterprise.

Speakers included Brian Mackie, Prosecuting Attorney of Washtenaw County, Norman Maxwell of the Ypsilanti State Police Post, Jim Douglas, Saline Chief of Police, plus various mental health clinicians.

Mr. Mackie stated that a sex crime unit has been in force in the Washtenaw County's Prosecutor's office since January of this year, however, additional funding is needed to obtain important specialized training both for our law enforcement agencies and in the judicial system.

Jim Douglas recounted the child sexual abuse case in Saline approximately 15 years ago where 100 or so youngsters in a Boy Scout troop were victimized. He stated that a community has two main lines of defense: First, prevention. The vigilance of parents cannot be over emphasized. In one of the handouts provided at the meeting, there were some important suggestions, among them - pay careful attention to who is around our children, take a second look at signals of potential danger, remind children that even "nice" people sometimes do mean things, prepare children to deal with bribes and threats, as well as possible physical force...

And, second, changing the existing laws. Judges should be better, and they should be more liberal in accepting the testimony of children.

As a community we can help by supporting neighborhood programs that protect our children and encourage schools to provide information about sexual assualt as a problem of health and safety.

A spokesperson for the Governor's Task Force on Children's Justice made available an informative summary on their recommendations for improving response to child abuse and neglect. For more information, contact Jayne Long, P.O. Box 558, Manchester, MI 48158

DUTCH SPIKERS GO TO STATE PLAYOFFS

— Patrice Faulhaber

The Lady Dutch Are Region Champs!

Regional Championship match 2. in Sand Creek, Saturday, beating Dundee and Riverview Gabriel Richard.

125th Year -- No 21

Coach Barb Stein and assistant Wendy Towne were very proud and very excited about the way the girls took control in the final match. They beat Richard 15-11 and 15-2.

Barb said, "They came to play today. I am so proud! This is back on their seat. the farthest a team has ever gone in Manchester."

Coach felt blocking was their biggest asset and most of the fans would agree. Every player was working the net. Sarah Riske and Olivia DeLongchamp had eight and six consecutively. Kathleen Baran, Adrienne Wallace and Sandra Wiitala had 3-2-2, in that

In game one against Dundee, the team was having a little trouble hitting. Momentum picked up when Adrienne con-

For the first time in the his-nected with a couple of kills tory of Manchester High School, They won 15-13. By game two the girls volleyball team has a the team was moving en-sync shot at the title! They won the and they rolled over Dundee 15-

Adrienne and Sarah tallied up 14 kills each in just four games.

Sarah Riske has been a strong, all-around player this year and Saturday was no exception. Sarah's effort to improve her back row play and serving have been a big asset. She has blocked consistently all year and she has a right hook that sets her opponent

For the day, Sharon Fielder was 15 of 15 serving with 8 points. Tracy LaRue's serve has been strong all year and she had 19 of 20 with 14 points (3 aces). Kathleen Baran was 14 of 14 with 6 points (3 aces), followed by Sandra Wiitala, 12 of 14 with 8 points.

Kathleen and Sandra each had 14 digs. Sarah, Tracy and Sharon had 12-11-11 in that order. Tracy had 32 assists.

They will advance to play in Kalamazoo Friday at Kalamazoo

Manchester Middle School Student Chosen for **People to People Program** -Kathy Kueffner

Hal DeLongchamp Going To Australia

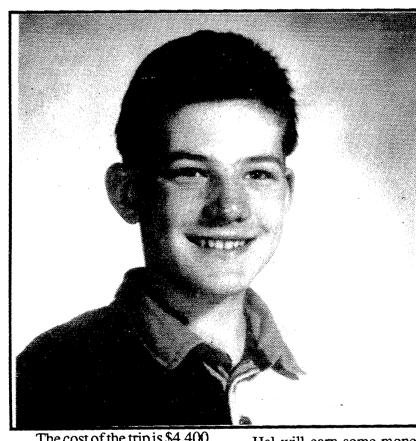

Wanted: Student Ambassa-

Reason: To promote goodwill and world peace.

After World War II, President Eisenhower envisioned a world where private citizens could be brought together in an exchange program to promote world peace. With this in mind. an international project was started in the late 1950's. The Student Ambassador program began in 1963.

Hal DeLongchamp, a seventh grader at Nellie Ackerson Middle School, was nominated along with 500 other students from the Washtenaw County area. After written correspon-College, 5:30 p.m. in the quarter dence and interviews with various committees, Hal was chosen to be one of 30 students to go to Australia. Their trip is scheduled for the first three weeks of July, 1993.

Activities will vary depending on scheduling, however, they may visit the Great Barrier Reef, the Gold Coast north of Sydney, go into the outback area, meet Several parents have re- with Aboriginals to view their culture, visit the Sydney Opera

The cost of the trip is \$4,400 and covers everything from meals to transportation. Hal is accepting offers of part-time jobs to help finance his trip. Donations are also appreciated.

Hal will earn some money toward his trip by reporting for The Enterprise about events he witnesses and experiences in Australia. Hal can be reached at 428-9079.
