Over 1,000 Miles Logged by Mill Runners

The Main Street starting line was a blur of motion

It was a beautiful day to run. Sunday, April 6, dawned sunny and warm in contrast to last year's cold and snowy Manchester Mill Run. It was a great spring day to take a onemile stroll through the village, or a five mile run through the countryside. Once the runners got going, however, they knew it wasn't going to be an easy day.

Strong winds started early in the day, picked up by the time of the starting gun at 11 AM, and gave some of the competitors a "run" for their money; but it didn't stop the course record from being shattered at 25:04, by Ian Forsyth. "That is a

world-class speed," commented race organizer Chris Brooks. Second place was claimed by John Brownfield at 27:01. John still won in his own his age group (30-34) with this highly respectable finish.

The overall female winner was Karen Harvey with a time of 29:11, an incredibly fast time for a woman.

High School and Middle School athletes were actively encouraged to participate in this year's Mill Run, since they would benefit from the proceeds.. Freshman Kyle Harris was the first High Schooler to cross the finish line, with a time of 32:06. Lin Harris, a senior, finished second in their division. Middle School Boys Tim Moore

(32:15) and Dan Fleck led their age group. Rachel Fleck (41:41) led the pack for the high School girls, followed by Megan Wilson in second place.

Well over 225 participants enjoyed a beautiful day, an opportunity to stretch muscles atrophied from a winter in front of the TV, and a great breakfast served by the MHS German Club. (Of course, the chance for prizes made it even more appealing.)

All proceeds from the Mill Run, will be donated to the Manchester Athletic Boosters in support of the weight facility. The German Club also raised a substantial sum towards their trip to Germany this summer.

- Marsha Johnson Chartrand

one-mile Mill Walk

National Library Week Events at the Manchester Township Library

Weekly story time at the Library begins on Wednesday, April 16 at 11:30 AM. Sessions will last for 30-45 minutes. No preregistration is required. As long as there are participants, the library intends to continue story time indefinitely.

Library Board Trustees, Charlotte Major, Gary Seguin, Laura Sutton, John Crispin, Linda Conzelmann and Ruth VanBogelen will all take a turn at the circulation desk the week of April 14-19, to better acquaint themselves with the day to day operations of the Library. They will also be available and eager to meet our customers and chat with them about library services. Bring your questions and concerns or just stop in to learn about the Library's plans for the future.

Call the Library at 428-8045 for a schedule of Trustee visits or for questions about story time.

Snikkers Mural Contest

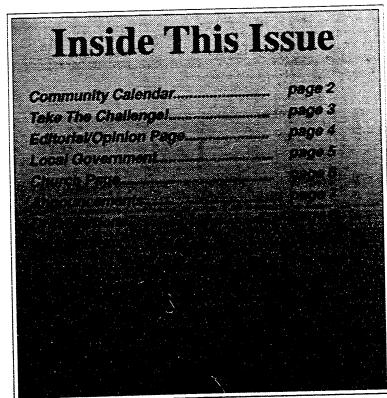

Kids, Don't Forget - Entries for the Snikkers Mural Contest will be accepted at the Manchester Enterprise through Friday, April 11. This is your chance to let your artistic talents shine! Many creative ideas have already emerged and we know plenty more of you have the talent and interest.

The latest update on Snikkers is that they plan to open on schedule!

Village Appoints New **Commissioners**

Council approved the appointment Monday night, of Marty Way to fill the vacancy created by the recent resignation of Bob Vought. Way will fill out the remainder of Vought's elected term, which began in March.

Vacancies on Planning Commission have been filled by Rick Finger, Jim Keller and Tom Kladzyk. Parks Commission's newest member is Mark Birgy, as announced by Mayor Larry Becktel and approved by Council.

The Second Front Page The 24 Hour Relay Challenge

Revised, Revitalized, and Ready to Run

Change can be a positive force. This year's 24 Hour Relay Challenge has faced change from almost every direction. Changes in leadership have led to changes in date and time of the relay, and changes in the individual planning committees has been a catalyst for new and exciting ideas to emerge from a few small meetings and individual conversations.

The 1997 24 Hour Relay

Challenge is ready to run! (Or walk, or crawl). It will be held from Friday, June 20 at 5:00 PM through Saturday, June 21 at 5:00 PM. The change in date, while still kicking off a summer full of activities, does not interfere with any holidays or other celebrations. There goes your first excuse for not participating!

We've decided to try a change in time to see if we can keep the momentum going through the night. Music, entertainment and activi-

ties will be planned to continue during the "dark hours," although on a more sedate note.

So get your teams ready! Gather up nine of your very closest friends and start arranging for your team's sponsors. This year the challenge is on to church groups, Boy Scout and Girl Scout troops, athletic teams, and all community oriented organizations. Come on out and support D.A.R.E.! In past years, the Relay has provided funds for the continuation and ex-

pansion of Manchester's highly successful D.A.R.E. program. This year will be no exception.

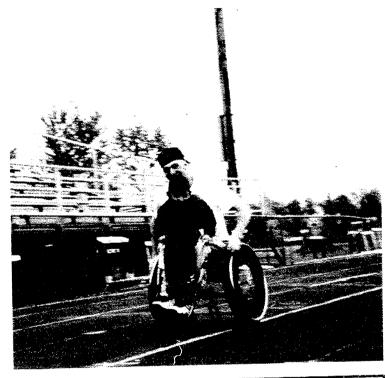

Last year's Relay attracted 13 teams - 130 motivated people who traversed the track for 24 hours straight. This year's committee hopes to bring out a wider range of both students and adults to create a drug-free community. Celebrate with your family and friends in a substance-free weekend. Find out how much fun it can be!

If you are interested in investing your energy and enthusiasm in the Planning Committee, forming or spon-

soring a team, or would like to be a volunteer the day of the event, please contact Bob Smith at the high school (428-7333) or Marsha Chartrand at 428-8173. If you have a specific idea that you believe would enhance the event even further, please let us know. We are interested in your input and we welcome your suggestions.

With your participation, the Relay will once again be a successful event - for the community, for those who join in, and for the D.A.R.E. program. We will be there! Will you?

Editorial/Opinion Page

Editorial - a statement of opinion in a newspaper, or on radio or TV by

an editor or publisher. Opinion - a belief not based on certainty but on what seems true or probable. What is thought on any matter or subject; judgement or belief resting on grounds insufficient to produce certainty.

This is an Editorial Opinion Page. Views expressed on this page are the opinions of the writer.

Teresa M. Benedict, Editor

Dear Teresa,

I learned a long time ago, that wasp nests are filled with nasty, ornery creatures whose little stingers pack quite a wallop. Most wasp nests I have come across have had gas poured on them quickly, followed by a lit match. May I suggest you do the same to the Enterprise's "WASP nest." While I respect Mr. Macomber's right to his opinion on drug users (MANCHESTER ENTER-PRISE, March 27, 1997), I offer you several reasons why I feel he is way off base.

First and foremost, just as most people agree that there is a difference between a person who knocks back a beer once a week and an alcoholic, there must be a distinction made between a recreational drug user and a drug addict. To put the occasional pot smoker and the heroin addict in the same category of "drug abuser" or "those who have a drug problem" is not correct.

Prohibition against liquor did not work in this country. People who wanted a drink found creative ways to have one. Gangsters such as Al Capone used any means necessary, Including murder, to control the liquor trade, and the federal government lost millions of dollars of tax revenue. Prohibition against certain "recreational drugs" also is not working in this country. People can still get high, the Crips and the Bloods have replaced Al Capone, and the government is spending billions patrolling our borders and locking up individuals convicted of possession longer than child killers and rapists.

A drug addict has serious psychological and physical problems. They steal to obtain money for their next fix. They trade sex for drugs. I.V. drug

users are now one of the leading transmission modes of HIV. What if drugs were made available to the truly addicted? The amount and purity of drug that they receive could be monitored by a physician. Instead of snatching purses to pay for drugs, the addicted individual could obtain his or her fix at the local pharmacy. Give the drug addict the opportunity to obtain clean needles. Crime would go down, there would be no market for the drug dealer, HIV, AIDS and other sexually transmitted disease rates would go down drastically. Millions of dollars would be saved in health care costs alone. When the individual is ready to admit he or she has a problem that needs to be addressed, rehab facilities must be made available to help that individual.

Mr. Macomber's ideal to place the names of arrested drug buyers in the newspaper is done in my new hometown of 35,000 people. The names are there right along with those individuals who got caught running a red light and for going 10 MPH over the speed limit. Some deterrent. Would a scarlet D on their chest be a better idea? Regular drug tests? Plenty of ways to beat that system, ask the Dallas Cowboys. Meetings with family members, bosses, and clergy? Why not just slap them on the wrist and get it over with. Work programs? Who is going to care for the infant child of a single mom in Manchester as she gets hauled off to the nearest national park as Mr. Macomber suggests to build a log bridge? There is some useful skill building for you. Plus, you would be taking a job away from a union member, in Michigan no less! Voters in two states, California and Arizona, recently approved the

uses. Where do the individuals who benefit medically from the use of marijuana fit into Mr.

As a health care provider in an inner city clinic in Memphis Tennessee, I see the ravages of drug abuse on a daily basis. Poor nutrition, poor housing, poor access to health, poor employment prospects, and unwanted children are just a few issues these individuals face on a daily basis. Do they need to accept responsibility for their actions? Yes! but these people need help, not humiliation as Mr. Macomber suggests.

Prevention programs such as DARE help show kids how to build self esteem and how to succeed in life without using drugs. Programs such as the Coalition for Action are essential in communities like Manchester. Rehabilitation programs are successful in getting people off of drugs who want to be off drugs. The "truth" is that while the occasional pot smoker and heroin addict may be part of the "problem" I feel that the real problem is the narrow minded and myopic view that a minority of individuals such as drug use in the United States.

This issue of the ENTERcitement In Manchester. Keep up the good work.

Bradley Taylor, O.D., M.P.H.

Macomber's plan? How about those who take more aspirin than they need or use eight drops of Visine a day as opposed to the recommended four. They too are "abusing drugs." Do we hang 'em high like the heroin addict?

Mr. Macomber have concerning PRISE was quite interesting. Articles on drugs, sexual harassment and dandelions And less than one page of sports. The ENTERPRISE is getting to be just like the NEW YORK TIMES. I truly miss all the ex-

Sincerely

March 31,1997

Dear Editor:

April 17,1997 is the date for The Soap and Detergent Association's Satellite Video Conference on CLEANING PROD-UCTS — IN OUR HOMES AND 1N OUR ENVIROMENT.

This is an important and interesting subject for all of us, and the program is sponsored by the USDA Cooperative State Research, Education and Extension Service and the University of Maryland Cooperative Extension Service. The broadcast will go to some 500 downlink locations across the country and Canada.

Terry Jones, our Washtenaw County Extension Home Economist says, "If you are interested in the proper use and disposal of household cleaning products this conference will bring you the latest developments in product information and packaging use and disposal, as well as highlight communities that have developed innovative environmental education programs."

The Washtenaw County Association for Family and Community Education will be hosting the local downlink site at the Washtenaw County Extension Office at 4133 Washtenaw Avenue, Ann Arbor (In the Washtenaw County Service Center). Space is limited so please register by April 15,1997—calling 971-0079.

Elvira Vogel, Pres.,

UNAPPROVED PROCEEDINGS MANCHESTER VILLAGE **COUNCIL MARCH 17, 1997**

Manchester Village Council was called to order at 7:00 PM. Council members present: Ames, Brooks, Conaway, Marshall. Absent: Becktel, Mahony. Resigned: Vought. Also present: Clerk Tucker, Manager Wallace, Sgt. Haensler - WCSD, Karen Romund, Rebecca Harrison, Janis Bobrin-Washtenaw County Drain Commissioner, Ron Mann - Washtenaw County Drain Commission, Kathy Kueffner - Manchester Chronicle, Susan Gleason-Parks Commission, Jim Dzengeleski -Parks Commission, Don Limpert.

The minutes of the March 3, 1997 regular meeting were approved as presented on a motion by Marshall, support by Ames. Vote: Ayes-all.

The proceedings of the March 3, 1997 regular meeting were approved as presented on a motion by Conaway, support by Ames. Vote: Ayes-all.

The agenda was approved as amended on a motion by Marshall, support by Brooks. Vote: Ayes-all.

PUBLIC PARTICIPATION Karen Romund was present to inform Council of the proposed opening of a game/candy store where the video store was on Main Street. It will be open from after school to 1/2 hour before curfew, seven days per week. There will always be an adult present and it will be a smoke-free environment. They plan to open April 14th.

WASHTENAW COUNTY DRAIN COMMISSION - Janis Bobrin and Ron Mann of the Drain Commission were present to have an informal discussion with Council and explain what they do and to hear of any problems the Village might have.

7:42 P.M. PUBLIC HEAR-

The regular meeting of the ING ON THE 1996 PARKS MAS-TER PLAN

Jim Dzengeleski and Sue Gleason of the Parks Commission were present to answer any questions that Council or the public had on the 1996 Parks Master Plan.

The Parks Commission plans to focus on improvements to Chi Bro Park in 1997 to encourage use of the park. The volleyball courts will be completed, trail maintenance, horseshoe pits installed, possibility of ice rink on volleyball court, and benches are on the list of planned improvements.

The Public Hearing was closed at 7:58 PM.

Motion by Ames, support by Marshall to approve the Parks Master Plan as presented. Vote: Ayes-all. Council appreciated the fine and thorough job that Parks has done on the Master Plan.

POWER OUTAGE/ICE STORM - Council applauded the fine job that Consumers Power did getting the Village back on-line. Wallace will write a letter to Larry Gardner district supervisor, thanking him for coordinating the work crews and getting the job done. Wallace also thanked Mahony, DPW and office staff for helping on Friday. PROBLEMS WITH TOWER AUTOMOTIVE AND PILOT - Wallace has again been receiving complaints from neighbors of the two manufacturing plants. He will set up meeting with Tower and suggest to Pilot Industries, that meeting be set up with their neighbors to discuss the trucks, excessive noise and debris coming from their plant.

Motion by Brooks, support by Marshall to adjourn at 9:02 PM. Vote: Ayes-all.

Karen Tucker, Village Clerk

Extensions Provide More Time to Spring Blood Drive Results On March 3rd, Emanuel United Church of Christ, hosted Manchester's Spring Blood Drive There were 83 neonle who came

Last year over 150,000 Michigan taxpayers requested an extension of time to file their 1995 federal income tax returns.

Michigan IRS District Director Arlene Kay said, "As the April 15 deadline approaches, I want to remind Michigan taxpayers who may not be able to complete their returns timely, to request an extension by filing Form 4868, Application for Extension of Time to File U.S. Individual Income Tax Return. The extension must be filed by midnight, April 15. A timely extension will allow taxpayers until August 15, 1997, to complete their return."

Taxpayers must estimate their total tax liability when requesting an extension and, if possible, pay it with the Form 4868.

If they are unable to pay the full amount, they will still receive the extension.

Interest will be charged on any tax not paid by April 15, 1997. There may also be a late payment penalty if the amount paid by April 15 is less than 90 percent of the total tax on the return.

Ms. Kay said, "If you have completed you tax return, but cannot pay the full amount owed, you can ask for an installment plan when you file. Complete Form 9465 and attach it to the front of the tax return. We will let you know within 30 days if the proposed plan is acceptable."

Both Form 4868 and Form 9465 are available in many post offices and libraries. The forms can also be downloaded from the

IRS World Wide Web page on the Internet.

The Internet address is http://www.irs.ustreas.gov. A similar service is available on the Internal Revenue Information System bulletin board, which is accessible directly via modem at (703) 321-8020 (not toll free).

In addition to computer access, taxpayers can have forms mailed by calling 800-829-3676 during normal business hours. Those with a fax machine can use the voice unit to call (703) 487-4160 and request forms by return fax. The cost for telephone time is about 15 cents per page. Faxed forms can be filed with the IRS if they are not on thermal paper. Taxpayers with a thermal paper fax machine should photocopy the forms before using them.

Tower Automotive Announces Acquisition Agreement

Tower Automotive, Inc. announced on Wednesday that it has signed a definitive purchase agreement to acquire Societa Industria Meccanica e Stampagio S.p.A (SIMES), headquartered in Turin, Italy. The agreement is subject to regulatory approval and other customary matters. Closing of the acquisition is expected to occur during the second quarter.

Tower Automotive President and CEO Dugald K. Campbell said, "The acquisition of SIMES is an important step in establishing our European base. SIMES is ahead of the competition in design skills and supply base management capabilities. Furthermore, SIMES has an excellent management team with which to grow our European business. The acquisition adds an important new customer relationship with Fiat and will enable us to deliver innovative engineering and quality products to our existing customers in Europe."

Tower Automotive, Inc., produces a broad range of stamped and welded assemblies for vehicle body structures and suspension systems. Products include body pillars, package trays, control arms, engine cradles and full frame assemblies. The company has its operating headquarters in Grand Rapids, and a manufacturing plant in Manchester.

On March 3rd, Emanuel United Church of Christ, hosted Manchester's Spring Blood Drive. There were 83 people who came to give their blood. From this group, 73 pints of blood was gotten. Three people were not able to give and 7 walked out. To all of you, Thank you for coming.

Announcements

Mile stones were attained by Christine Brown for giving her 48th pint of blood, that equals 6 gallons. Hilda Arnold and Jennifer Kunzelman gave their 32nd pint of blood. That equals 4 gallons each. Jim Nisbett gave his 24th pint, which equals 3 gallons.

Beginning their journey as NEW donors were James Janeczek, Catherine Merillat and Christine McHugh. Welcome to Manchester's blood donor family.

I would like to apologize to everyone for the delays that happened. I have no answers as to how to force the Red Cross staff to be on the JOB, instead of on a break when you are sitting there waiting to donate. I have on more than one occasion writte~ to those in charge at the office in Detroit. I have yet to receive any answers from the CEO. One man did phone me, but what he said and what really happened are not the same.

I am about to put another letter together and send it again to the CEO. It will at least let them know that WE here in Manchester are NOT HAPPY with the treatment that you the donors are receiving.

The next blood drive will be Monday, July 14, held at the American Legion Hall from 1pm until 7pm.

As long as you are marking your calendars for the future blood drive dates, I'll give you the last two for 1997. Monday, Oct. 13th, from 1pm until 7pm, the place will be St. Mary's Parish Center (formerly the K of C Hall) and then on Wednesday, Dec. 24th, 9am until noon, St. Mary's will host the Christmas drive in the church's basement.

See you all in July. Submitted By - -Marja Warner

Christmas in April -Manchester Chapter

What is Christmas in April? Christmas in April is an annual one-day blitz to repair and rehabilitate the homes of the poor, elderly and handicapped. This year, Christmas in April will occur on April 26th. It is a non-sectarian, non-profit, private organization. This is the fifth year for Christmas in April in Manchester.

Why is Christmas in April needed? For the poor, elderly and handicapped in the Manchester school district properly maintaining a home can be a impossible task. Many of our neighbors cannot provide themselves with even the basic necessities we take for granted.

What kind of repairs are done? Christmas in April does repairs in the following areas; carpentry, plumbing, electrical plastering, painting, glazing, weather-stripping and locksmithing. As well as yard cleanup and trash removal.

Who is eligible for Christmas in April services? Low-income, elderly and handicapped homeowners who are not able to do the work themselves are eligible for Christmas in April services, as are non profit shelters. There are no complicated eligibility forms to fill out.

How are Christmas in April homes selected? Various churches, community organizations and services groups from the Manchester area refer homes to Christmas in April. A work scope visit is made by skilled tradespeople. Then a committee of the board ultimately makes the difficult determination as to weather the house meets the eligibility criteria, and it's needs are within the purview. Individual homeowners may request our services by phone or by letter.

What are the responsibilities of the homeowners who are being helped? Home owners who are able-bodied are expected to work alongside volunteers on Christmas in April day. While that is not always possible, homeowners have found other special ways to make the volunteers feel welcome; by providing a beverage or word of encouragement.

Who can volunteer for Christmas in April in Manchester? Anyone fourteen and older can be a Christmas in April volunteer. Volunteers do not need to be skilled, just willing to help. Any skills will be well-utilized.

Where do the skilled tradespeople come from? Numerous community minded skilled individuals and companies donate skilled help, as well as trucks and tools. Without such skilled workers, many of the repairs cannot be undertaken.

Who pays for the Christmas in April repairs? All repairs are paid by sponsors of Christmas in April. Homeowners do not pay for any services provided.

Organizations

Programs at Chelsea Community Hospital

April is Alcohol Awareness Month. During the week of April 13, Chelsea Arbor Treatment Center and the Older Adult Recovery Center are offering a FREE Confidential screening and referral for those who may have a problem with alcohol or other drugs. By appointment only, call 930-0201 or 1-800-828-8020. CATC and the OARC are a joint program of Chelsea Community Hospital and the University of Michigan Medical Center.

Chelsea Community Hospital Family Education Series presents "Identifying and Confronting Suicidal Behavior" Thursday, April 17, from 7: 15-8:30 PM at Chelsea Partial Hospital. This second program in the series features Peter Kleinman, M.D., a Psychiatrist on the Chelsea Community Hospital Medical Staff. Chelsea Partial Hospital is located at 995 W. Eisenhower Circle, Suite H., Ann Arbor. Please call (313) 475-6051 or 1-800-328-6261 for more information about this FREE lecture series.

Chelsea Community Hospital Diabetes Sharing Group will discuss "Navigating a Restaurant Menu" Wednesday, April 9, from 3:30-5 PM at the Hospital Woodand Rooms.

"Healthy Weight Can Be Yours." Chelsea Community Hospital experts show you how to get your weight under control, without fads or fasting. This class meets Thursdays, April 17-July 3, Noon-1 PM. Please call (313) 475-4103 for more information.

Manchesier Area Historical Societ

BLUE JEAN NIGHT II

Last April many dedicated Historical Society members and friends came out on the third Tuesday to assist in the organization, identification, and labeling of various possessions owned by the Manchester Area Historical Society. If you were in attendance, then you probably remember the great evening we all had! It was very informal, in fact, we were all in our grubbies! This year we'd like to make another attempt at creating the Blacksmith Shop into a showplace for our treasures and acquisitions. Don't think you lack the knowledge or skill to assist Howard Parr can find a job for everyone! Our thanks to Howard for agreeing to spearhead this program. The general public is welcome. This month's date is the 15th of April at 7:30 PM in the Blacksmith Shop. Come and enjoy dessert with us!

Manchester Area Chamber Of Commerce

A FEW THOUGHTS APRIL

I am now going into my fourth month as president of the Manchester Area Chamber of Commerce and I am still in awe of the education it brings. As I do my research into ideas and programs that are useful to the Chamber members, I keep finding a seemingly endless bounty of benefits that are available. Besides the regular benefits that are offered with our membership (listed on the back of the calendar in the April newsletter) there are many other opportunities that you can take advantage of.

One of the biggest sources of opportunities is the SBA (Small Business Administration). Through them you have SCORE (Service Corps of Retired Executives), which holds regular workshops for a fee of \$5 to \$35, or will give one-on-one consulting at no charge. Another source is the SBA financial resource center. The SBA holds regular seminars at a minimum fee, and will assist you in all your business financing needs. Washtenaw Community College has a small business development center, with a location in Saline, that also holds low fee seminars and can assist you in your business needs.

The programs offered by each one of the organizations could be a full page article in itself. I can have their representatives come to Manchester and address the membership to explain all that they have to offer, but I need to know what areas the members have an interest in. To find out more about these hidden benefits, attend the monthly Chamber meeting, contact the organizations themselves, or call me at 428-9259.

Bike Safety

Avoid common bicycle accidents, AAA says

There's nothing quite as enjoyable for children as a ride on their bikes in the spring. And, for safety's sake, parents should remind their children of the rules of the road and make sure a bicycle helmet is standard equipment, AAA Michigan advises.

Most bicyclist deaths result from bicycle-motor vehicle collisions. In Michigan, children under 16 years of age represented about 50 percent of the 28 bicycle deaths involving motor vehicles in 1995. Additionally, 1,400 bicyclists 15 and under suffered injuries from motor vehicle collisions. Nationally, more than 500,000 children annually go to hospital emergency rooms or doctors offices with bicycle injuries.

Parents can play a crucial safety role by reviewing safety tips and pointing out potentially dangerous situations," said Jerry Basch, AAA Michigan Community Safety Services manager.

By reviewing safe biking practices such as wearing a helmet, all family members benefit and help prepare for a safe summer," he added.

Basch said that children given permission to ride bikes in the street must be able to handle vehicle-bike situations, and that youngsters under the age of nine usually are not able to identify and adjust to many dangerous traffic situations.

The Auto Club makes the following recommendations for avoiding common bicycle and motor vehicle crashes and protecting against serious injuries:

WEAR A BICYCLE HELMET

Most serious bicycle inju-

ries are head injuries. Up to eighty five percent of such injuries could be eliminated or reduced significantly with helmet

MIDBLOCK RIDEOUT

This is the most frequent accident type for young riders and occurs as the bicyclist enters the road from a driveway, alley or curb without slowing down, stopping or looking for traffic. The bicyclist's sudden entry leaves the motorist too little time to avoid the collision.

Suggestion: Stop and look left-right-left for traffic before entering the road.

WRONG WAY RIDING

Motorists do not expect traffic to be approaching from the wrong way. It is the exception to the rule that creates the condition for an accident; this is the main reason why it is unlawful to ride facing traffic.

Suggestion: Go with the flow! Ride on the right-hand side - with traffic just like cars do.

MOTORIST OVERTAKING CYCLIST

This accident occurs because the motorist fails to see and react to the bicyclist until it's too late. This accident type is more frequent at night, on narrow rural roads, usually involves driver inattention, and sometimes involves drunk driv-

Suggestion: Avoid riding at night, on narrow roads and where highway speeds are over 35 mph. Always use lights and reflectors if you must ride at night. See and be seen.

BICYCLIST LEFT TURN OR SUDDEN **SWERVE**

The bicyclist swerves to the left without checking traffic, without signaling and moves into the path of an overtaking motor vehicle. The motorist does not have enough time to avoid the collision.

Suggestion: Be predictable. Always ride in a straight line. When preparing to change your lane position, look behind you and yield to overtaking traffic. For making a left turn, give the left-hand signal and when it's safe, move left to the left lane. Give the left-hand signal again and then make your turn when it is safe to do so..

STOP SIGN RIDEOUT

This accident occurs when the bicyclist enters an intersection that is controlled by a sign and collides with a motor vehicle approaching from an uncontrolled lane. The bicyclist fails to stop/slow down and look for traffic before entering the intersection. This improper action leaves the motorist too little time to avoid a collision.

Suggestion: When riding your bike, obey all traffic signs and signals. At busy intersections, get off your bike and walk across the road as you do when you are a pedestrian.

EMANUEL UNITED CHURCH OF CHRIST SAUERKRAUT SUPPER

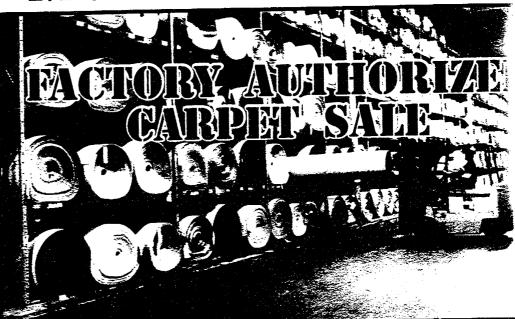

Thursday, April 17, 1997 Serving will begin at 5:00 p.m.

Washtenaw County young farmers participate in leadership conference

Pictured above, from front left: Lewis Gilbert, Darrin Buss, Keith Weidmayer, Jeff Horning, James Heydlauff Jr. Back row, from left: Tricia Heydlauff, Brenda Buss, Jeannie Gilbert, Renee Weidmayer, Wendy Bristle and Lynda Horning.

Lewis Gilbert, Darrin Buss, Keith Weidmayer, James Jeff Horning, Heydlauff Jr., Tricia Heydlauff, Brenda Buss, Jeannie Gilbert, Renee Weidmayer, Wendy Bristle and Lynda Horning, of the Washtenaw County Farm Bureau, were among 200 participants in Michigan Farm Bureau's annual Young Farmer Leaders' Conference. Held March 6 - 8 in Lansing, the three-day conference helped attendees develop their agri-business leadership and management skills.

The conference gave young farmers a greater understanding of the Farm Bureau organization, while also providing guidance for professional and personal

growth. They took part in workshops covering such topics as agriculture education, legislative issues, congressional insight, farm management and marketing, and communication in the farm family. Amidst the seminars, young farmers had the opportunity to interact with others from across the state who share similar interests and challenges.

"We're fortunate to have many talented young farmers in this state," said Ernie Birchmeier, manager of Michigan Farm Bureau's Young Farmer Department. "The conference gave them a chance learn how they can successfully manage their farms and make a difference for agriculture."

With 16 years of banking and 30+ years of retail experience behind him, Mark is well equipped to help residents with their real estate needs.

A member of the Manchester United Way, Manchester Optimist Club, Manchester Sportsman Club and Bullseye Hunt Club, VanBogelen also serves on the Washtenaw Intermediate School District Board of Education.

Michigan Farm Bureau is

the state's largest general

farm organization with more

than 150,000 member fami-

lies. Young Farmer activities

are geared toward members

ages 18 to 35.

College News

Nine Alma College students plan to travel to London as part of a historical research seminar during Spring Term 1997. During the course designed by Patrick Furlong, associate professor of history, the students conduct archival research in the British Public Records Office in London on topics related to the Second World War.

Becoming comfortable in this library-type setting, students particularly enjoy the diaries, memoirs, letters and other archival materials which include some newly released materials under the 50-year rule.

More than 275 Alma College students are taking advantage of the many options available during Spring Term for travel and study overseas and in the United States. The month-long term provides a time when students can study a single subject intensely.

Manchester graduate Charles McKibben is among those registered for the London Research Seminar.

- by TV Ludwick

Hale-Bopp! Wouldn't it be worth the trip to the nearest planetarium to view this special comet in all its glory? We've spent several minutes each night with binoculars turned to the northwest sky. Northwest may be hard to find as there isn't much straight north and south in town (we look over the roof of the funeral home). The news tells us a comet such as this one comes around once in 200 years and is travelling 27 miles per second! It's as if God is holding a flashlight with the rays pointing down (what an imagination, huh?).

Newscaster the other evening told about a lady viewer calling in and asking "What do you mean, no Easter?" "I think you've misunderstood, ma'am, weatherman was speaking of a nor' easter." Friends would say that sounds like yours truly.

Thursday, April 10: Back to yoga class we go, all who are 65 years of age or older. The stretching and bending begins at 9:30 at the Manchester United Methodist Church and it is good for us plus being fun with all the chatter. Come join us, bring a mat or blanket and a rolled up towel. On to the Emanuel UCC Dining room for old fashioned chuck roast at noon and this is tender! Come join us at senior meals for all

who are 55 or older by first calling either Sharman at 428-8359 (ahead), or Jan at 428-7630 (before 10:30 AM on meal days) to get your reservation in. Off to the Center for bingo at 12:30.

Friday, April 11: Senior bus will leave the Center at 7:30 AM for seniors to take advantage of Health-O-Rama at Saline Hospital. These screenings and mostly free, same are lowcost and are available to anyone 18 years or older. Note: A four-hour fast is required for the blood panel. This means if you eat breakfast as 7 AM, you can have your blood test at 11 AM. For information, call (313) 429-1632. At 6 PM today, the senior bus returns to Saline to take seniors to the Saline Seniors Card Party. Call Marion Ahrens to place your name on the list to go (428-7865).

Tuesday, April 15: Come to Emanuel early (11:15) for the clergy presentation by Pastor Davenport. These are very well received, won't you join in on these interesting programs? Today, at noon lunch, we once again give Jan and crew license to serve us whatever. And those whatever meals are good and it keeps us all guessing. Could have dandelion greens.

At our table, topics of conversation are endless and fun. Lee Allan asked us if we knew what bisque was. Answers

Happy Birthday, Seniors!

Senior citizens celebrating April birthdays at last week's luncheon were: Russell Wolff, Celestia Ingraham, Lillian Uphaus, Gladys Fillyaw, and Lee Allan

ranged from soup to (nuts?). Dictionary states it is a rich, thick soup made of cooked shellfish or, sometimes, of birds, rabbits, etc., or, a smooth, creamy soup, made of strained tomatoes, asparagus, etc., or, ice cream containing powdered macaroons or crushed nuts. You have my permission to look it up. ha.

Thursday, April 17: Come join us at yoga class at 9:30, Methodist Church. There will be no senior meal today as Emanuel's members will be using it to ready the hall for their sauerkraut supper. Bingo will probably be played at the Center at 12:30..check with Rubena at 428-8655.

Isn't the grass getting green? Whee!

Manchester track & field program - 1997

The 1997 track & field season is upon us at last. The flying Dutch runners, throwers, and jumpers are revved up and ready to go. We open our season up with the Addison Relays on Saturday, April 12th, and then charge into the Cascades Conference season on Thursday, April 17th. It should be an exciting year with many new faces to blend in with the returning letter winners.

The women's team is led by a talented group of seniors who are determined to close out their careers with an outstanding year. Seven young ladies have put in plenty of time and effort over the past four years and hope to translate this work into state meet qualifying marks. Heading up the list is Pamela Preston, who finished 12th in the state meet in the 3200 meter run. Her time of 11:59 is a school record. Pamela also holds the school's 1600 meter run record.

Sarah Ahrens and Karen Goodell will head up the sprinting crew. Sarah is a relay veteran and Karen also is an excellent long jumper. Joanna Dettling will handle the hurdling duties for the girls. Stacy Mann is active member of various relay teams and will also lead a solid core of women's high jumpers.

Some underclassmen to watch for include juniors Jennette Branch in the middle distance events and Tracy Staples in the sprints and sprint relay events. Sophomores who should contribute are Mary Barrett in the shot put, high jump, and middle distances, Julie Porter in the shot put and discus, and Emily Tucker in the middle distance and middle distance relay events. Rachel Fleck is coming off a strong freshman campaign in crosscountry and will run anything from a 400 to the 3200. The girls have a solid nucleus returning and are looking forward to the challenge of their competition.

than doubled their members over

the past two seasons and go into the season with 34 guys running, jumping, and throwing for the maroon and gold. While we have 18 talented freshmen and sophomores on our roster, our returning letter winners will lead the way for our team.

The four senior captains are also the four young men participating in their fourth year of track & field. Landon Burkhardt is our team leader and will charge into the season as one of the best shot put and discus throwers (2nd in Jackson area last year) in the area. Jason Miner returns in the discus also and will also be an integral part of our sprint relays this season. Nick Weidmayer is the leader of our distance crew who finished 20th at the state meet in November and will run anything from a 400 to the 3200 meter run. Brad Kemner is the fourth elected captain and will fill in the distance relays while running the distance events too. Other seniors who will contribute to the Dutchmen's success will be Ryan Fielder in the throws and 400 meter relay, and Lin Harris in the distance events.

A number of juniors will be asked to perform at the top levels of competition. Nick Davis finished second in the 400 meter dash at the state meet last year, and also tied for 3rd in the 100 meter dash. He is one of the top runners in the state in any class

We're "Up Town"

and should have an outstanding junior season. Terry Coleman will run the sprint events and fill in the sprint relays with his eyes on the state meet in Comstock

Newcomer Jeremy Smith is a middle distance runner who should pay immediate dividends for our team. Matt Laskowski will throw the shot and discus again while competing in the 1600 meter run also. Sophomores Ben Grenier, Kreg Norgaard, Eli Bragg, and Mike Heskett return after solid freshman years. Thirteen freshmen will fill out our roster and they will be asked to contribute immediately. Our team success in part will depend on how these talented young men develop over the season. Watch out for these young men over the next four years. They have unbelievable potential and will be a force to

The boys and girls teams would like to thank all those who have supported our program over the years. We ask for your help at our home meets and especially the 19th annual Manchester Metric Relays on Saturday, May 10th. Again, thank you and we hope to see you at our meets this season. Look for articles in the Manchester Enterprise weekly to see how we are doing.

Sports

What Happens After State?

Freshman Jeremiah Tobias set a local record by taking first place at the State Wrestling finals in March; our first state champion in 25 years. Many may ask, what comes next?

On April 5, Jeremiah competed in Muskegon in a Freestyle program, "Team Michigan, Cadet National Team." After nine hours and twelve matches (only 18 minutes and 46 seconds of actual mat time), Jeremiah brought home two gold medals - one in Greco-Roman and one in Freestyle.

This was his first time wrestling Greco-Roman, with nine wrestlers competing for the gold medal. After six matches, Jeremiah had four pins, one decision, one loss, and emerged with a gold medal.

Twenty minutes later, he was called for his first of six freestyle matches. When he was finished, he had six more pins under his belt, and another gold medal.

This competition has qualified Jeremiah for the "Cadet National Team." He will be participating in a one week training camp in July, and then will compete in USA Wrestling's Cadet National Championships in Fargo, North Dakota later in the summer. If he places there, he will be eligible for the national team, and can enter the Big Brother program which prepares him for the Olympics.

Jeremiah would like to thank everyone for their support and encouragement. He is looking forward to his adventure in Fargo and welcomes any support anyone would like to offer. This is his first step toward a goal of competing in the 2000 Olympics.

"My banker helped me find \$34,000 in my attic."

"That's a first."

You'd be suprised at the money we find in people's attics. Just ask us about a Home Equity Loan and we'd be happy to show you what might be in yours.

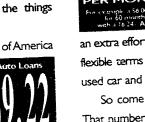

Because when it comes to loans, we've gone the extra step to make sure you get the things you've been dreaming about, fast.

For a start, we've made it easy to apply. Simply stop by a First of America Bank office. (With over 600 branches, there's sure to be one near you.)

Or apply by phone.

Call I-800-347-LOAN. (See, even the telephone number is easy to remember.)

And when you apply by phone, chances are we

can give you an answer in 15 minutes or less. While you're still on the line.

Then it gets even better. We can get you your check by the next business day.*

That's right. Just one day.

And as if that isn't making

an extra effort, we also offer low, competitive rates and flexible terms to suit your individual needs. Even on used car and boat loans.

So come into First of America Bank. Or phone. That number again is 1-800-347-LOAN.

Whether it's a car, boat or personal loan, this is the bank that can give it to you in just a day. That's a first.

I-800-347-LOAN
