REGULAR JULY SCHOOL BOARD MEETING CONVENED IN AUGUST

Board Quorum Present. President Wayne Winzenz convened the meeting with board members Winzenz, Turk, Evans, Abbott, Knouase and Sahakian in attendance. Trustee Ochs was absent. Minutes of the Special and Regular Meeting of June 16, Organizational Meeting of July 2 and the Treasurer's Report were quickly approved. As of May 31 the cash balance was \$1,263,046.33; Bills payable as of 6/30/96, \$740,131.99. Correspondence was entered into the record. Trustee Marlyn Knouase questioned if letters presented to the board were being properly responded to in content and timeliness. President Winzenz and Superintendent Niedzwiecki, "...noted that a proper response or acknowledgement would be taken care of."

During "Visitor Input" Jim Sewell asked the board; "Why are we paying two places to have the buses worked on we have Poley on the payroll and we are sending the buses out is this some legal thing?" Superintendent Niedzwiecki; "Not much I can respond to because of the action taking place at this time. As a result of the litigation and the ongoing investigation process and procedures, I can't get into details at this time. We are getting the buses repaired

and maintained." Sewell, "...is this going on for another year?" Niedzwiecki, "...can't respond because of the litigation." President Winzenz offered, "the investigation is going slower than we would like, we would like a conclusion of the investigation."

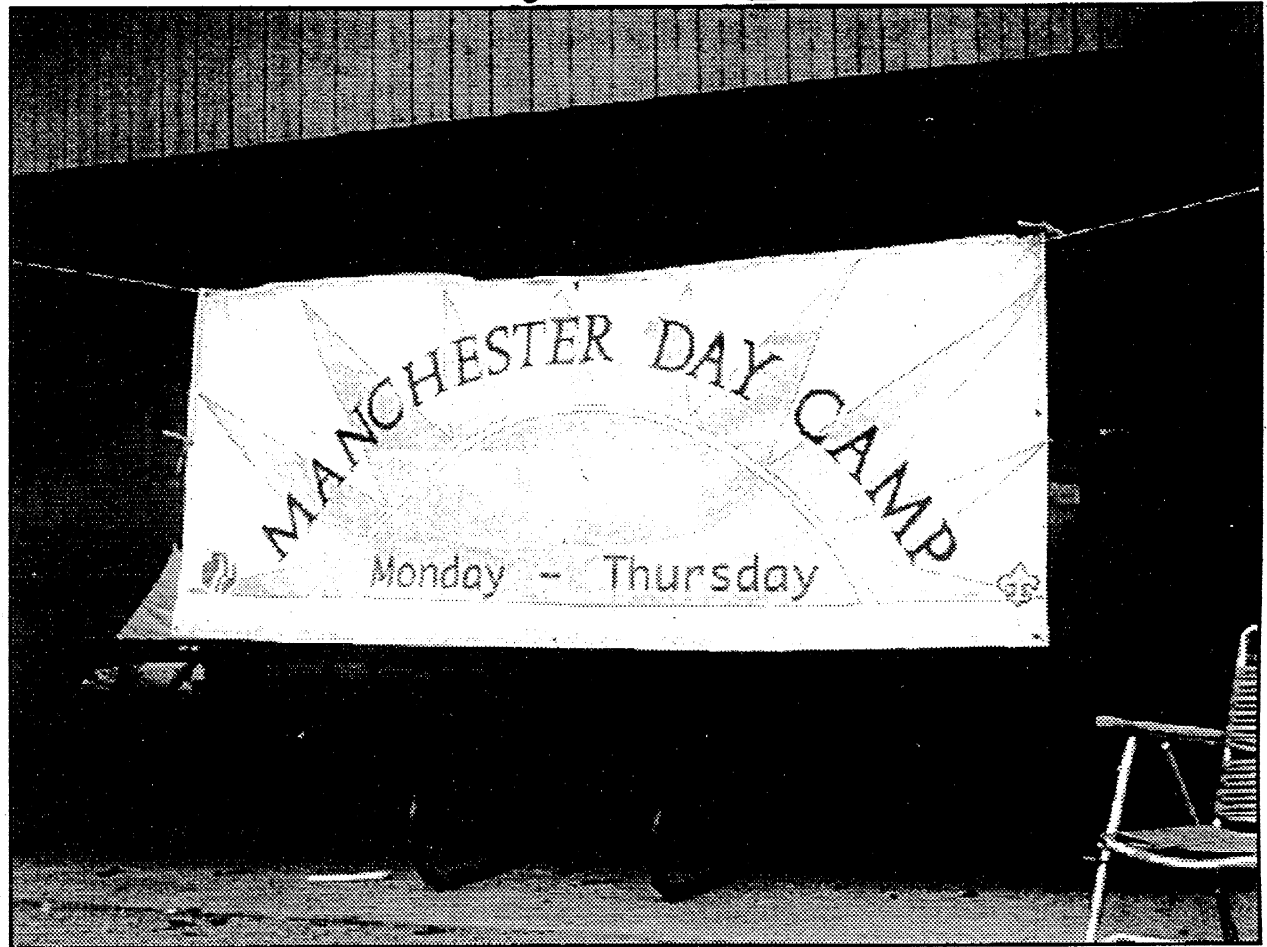

Edward Townsend, a Village DPW employee stated, "The buses are coming back from being repaired in worse shape than when they went over." Niedzwiecki responded, "I am not aware of your allegations but I can assure you the buses will be ready to go when school starts." A question was raised about the security of the high school band room and the status of the Middle School band room A.C. It is being worked on.

The Enterprise submitted eight questions to the Board about the Computer Bids. The bid list in the Board packet was very confusing. The questions were;

1) Eleven bidders were on the list to the board at the July 2 meeting and 10 bidders were on last week's list; why? Cynthia Sewell replied she made a mistake on the list as presented last week.

Sharon United Methodist Church Vacation Bible School

This summer the Sharon United Methodist Church is "opening a theme park." Vacation Bible School will be in the form of a Wild Frontier Bible Theme Park. Each day kids will sing catchy songs, stop at the Midway to play teamwork-building games, nibble tasty treats from the Snack Bar, and explore hands-on Bible adventures at our Main Attraction.

Wild Frontier Bible Theme Park is a five-day examination of the life of Christ. At the end of each day there will be a festive Center Stage Show Time program that gets everyone involved in celebrating what they've learned. Family members and friends are encouraged to come for this special time.

Wild Frontier Bible Theme Park begins August 11 and continues through August 15. The theme park is located at the corner of Pleasant Lake Road and Manchester-Chelsea Road. The Main Gate opens each day at 6:30 PM and closes at 9:00 PM. All children age 3 through those entering the 6th grade are welcome. For more information or to register, call Marilyn Schulze, 428-8896.

Manchester Parks

Kirk Park - A Silk Purse from a Sow's Ear

- by Alyssa Chartrand

Tell your kids they have been playing in a dump. I don't mean their bedrooms, though, of course. Tell them that beneath the swing sets, baseball diamonds, tennis courts, basketball courts and jungle gyms of Kirk Park, lurks years' worth of Manchester's trash. Yes, the now-pleasant area bordered by Clinton, Territorial, and Adrian Streets was once, long ago, a dump.

The area was half-dump, half-swamp, and was owned by Ed Kirk until the village bought the land and started working in 1967 or 68. Alma Arnett remembers that the dump used to burn trash and create a lot of smoke, and that there were many rats in the area. "It's really changed from a dump into the park," she remarked. "I think it's one of the

finest places in town for kids to play."

The village received money from the Herrick Foundation to make the park, and proceeded to drain the swamp, cover and clean the dump area. Soon, the first baseball diamond was established on the north side of the park. Later a second baseball diamond was added, as well as the playground areas.

The north side of the park originally contained a merry-go-round, swing set and several bouncy animal toys, fronted by a gravel parking lot. Plans for tennis and basketball courts had been in effect since 1978, when a survey of the villagers had expressed a desire for tennis courts and outdoor basketball areas. Finally these plans were carried out in the

summer of 1991, when the playground area on the north side of the park was removed and replaced with the current basketball and tennis courts and paved parking lot. The new tennis and basketball courts were dedicated on August 11, 1991, approximately a month after their completion.

In the early 1980's a playground area, including merry-go-round, sandbox, and swings was created on the south side of the park. A jungle gym was later added and the merry-go-round and sandbox removed.

One hundred rose bushes were planted on the east side of the park for Mrs. Florence Kirk by her family in celebration of her one hundredth birthday and a plaque was put up to commemorate the occasion. The roses were beautifully

cared for by Mr. Ike Kappler until he was no longer able. Trees were also planted in the park throughout the years.

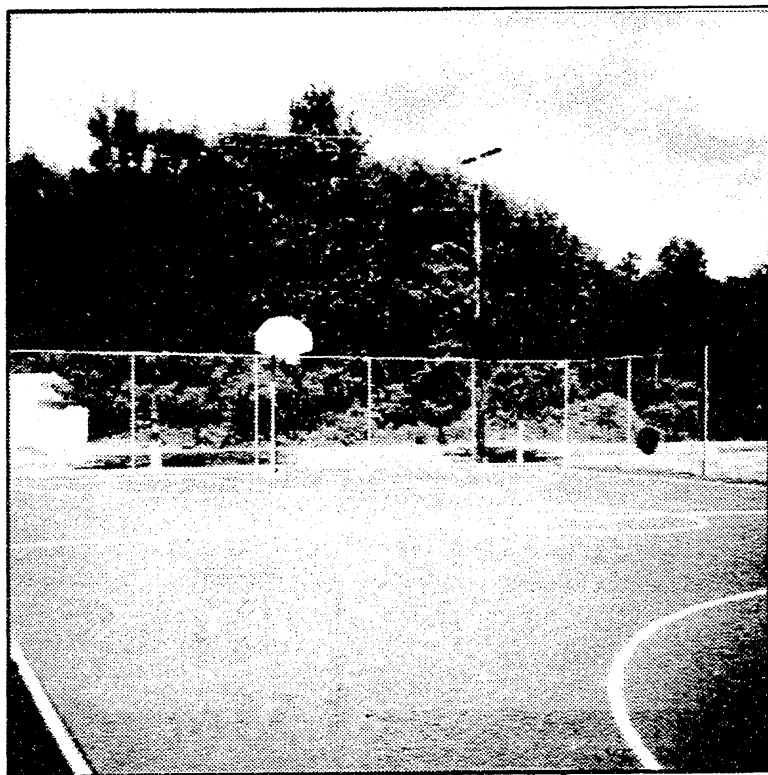

Kirk Park is now known as Manchester's "sports" park, since it is used more widely than any other park for sports, having tennis and basketball courts, and two baseball diamonds. The diamonds are used not only by Little League teams but by independently playing children and adults. The tennis and basketball courts are not used by official teams, but reserved for casual players, though competitive games often spring up between the kids playing.

In 1995 a pavilion was built by the Manchester Men's Club for use during picnics and Little League softball and baseball games. It has since been improved upon and was dedicated just this past spring. An

equipment locker has been placed in the park for the use of Little League. There are plans to create an equipment storage shed to further convenience the Little League and other programs which utilize Kirk Park's facilities.

Kirk Park is still in construction and planning stages, even today, nearly thirty years after the park was begun. Plans for the area include extending the park to the river for better boating and fishing access.

The Village of Manchester and the Parks Commission have put a lot of time and money into the park and it shows. One would certainly never know that Kirk Park was ever anything other than a beautiful play area. Children and parents both enjoy the benefits of the park, and we all hope it will be around for a long time.

Editorial/Opinion Page

To the editor;

Once again, your former editor/school reporter has presented a twisted and biased front page report on the Schools. I will address the issue of the computer bids, where you reported the recommendation was to purchase from "Fourth place bidder Woodbrook Enterprises Inc. who was some \$6,539.20 (10.9%) above the low bidder, Phoenix Systems".

If you look at the request for bids and the responses received, you would see that Phoenix Systems was not supplying the entire package. All documents are public records, and before you present a front page report, it would be appropriate for you to research the subject.

The bid document stated the district "Prefers BRAND NAME Computers". The district requested "Computer Units with three to five year warranties" and "Bundled Software packages". (Emphasis in the original document).

Phoenix Systems proposed to deliver their "house" systems, not a brand name. This is a very important issue when dealing with computers: Brand Name systems are backed by the manufacturer in addition to the dealer. In general, they are also of higher quality. I can illustrate the difference by relating some comments made to the School Board at the July 2 meeting by another bidder (Your "expert", EWG, did not attend that meeting). This bidder also offered "house" systems and was very proud of the fact that last year his company spent \$20,000 to create a static-free environment to assemble the computers. He also said his company spent \$5,000 on training for the Quality Control, Service, and Assembly personnel. The Name Brand manufacturers would not dream of assembling systems in anything but a static-free environment. A minor static discharge in the assembly operation can cause defects that might not show up for several months. One must wonder what this bidder's company did before last year. Also, adequate training is very important for all people involved in Quality Control, Service, and Assembly. \$5,000 would not go very far towards training even one person in these areas.

The warranty from Phoenix Systems was 1 year on-site, 3 year carry in. The warranty from Woodbrook was 5 years for the CPU and RAM, 3 year for all other components - all

on-site and including all parts and labor. The extra 2 years of on-site warranty service would be very important, as the schools cannot ship a computer to Phoenix for repair. Our class schedules do not include waiting for a repair. Other vendors have quoted on-site labor at \$75 to \$80 per hour. In the past, Woodbrook has provided 5 minute response to critical problems (often not related to the hardware). Woodbrook has never billed the schools an hourly charge, even when the problems are not due to faulty equipment supplied by Woodbrook.

The bid documents stated that 24 of the systems were to be supplied with "Microsoft Office 95 Professional Edition". This was not included in the bid from Phoenix Systems. Microsoft Office 95 Professional Edition carries a suggested retail price of \$699.00, with a street price of \$550.00. This would add \$13,200.00 to their bid, resulting in a bid that is \$6,620.80 higher than your hometown dealer (and taxpayer), Woodbrook Enterprises Inc. Phoenix Systems offered no bundled software packages. The Woodbrook bid also included several software titles used by the schools, but not specifically requested in the bid documents.

Although I hesitate to bring up negative facts about a competitor, Phoenix Systems did not even supply the Technology Committee with a business address. They could not provide a unit for evaluation. They do not offer software with their computers. The person submitting the bid appears to work out of his house and is generally unavailable. No other contacts are provided. They certainly appear to fit the mold of "fly-by-night computers".

In the past, the Enterprise has attacked me for defending the kindergarten program because I do business with the schools and might have a vested interest in maintaining a good relationship. Your real problem, however, is that I do not share your vendetta against our Superintendent. Let me state that my business dealings are primarily with the Technology Committee of the schools. I have never talked to any members of this committee about the kindergarten program. I expect the Technology Committee and the rest of the school system to do what is best for the people of the school district, regardless of the viewpoints of the owners of various

businesses. You will not intimidate me with the "power of the press". I stand by my computer bid, and know it is the best value of all 11 bids when all factors are included as specified in the bid documents. My margins are very tiny on the school bid, while my service is far superior than that offered by any competitor. I also offer the same pricing to anyone in the community for a personal computer purchase, if they would like to take advantage of the volume discounts offered to the schools.

James C. Achtenberg,
President Woodbrook Enterprises Inc.

Editorial Note: The two sentences to which Mr. Achtenberg refers in last week's paper, read, "On hand were members of the Technology Committee to present background information on technology and computer bids. Their recommendation for computer purchase was to fourth place bidder, Woodbrook Enterprises Inc. who was some \$6,539.20, (10.9%) above the low bidder, Phoenix Systems." We reported the facts as presented in the Board packet.

Bridgewater Township Zoning Board of Appeals

July 21, 1997
Summary Minutes

David and Donna Jedele presented information to satisfy the conditions of their request for a variance from minimum lot size requirements for their property located on the corner of Kies and Austin roads. The variance was tentatively approved at the May 14, 1997 meeting subject to specified conditions. The Board found that the applicants have not yet met all of the conditions specified.

The next regularly scheduled meeting is October 20, 1997 at 7:30 PM.

UNAPPROVED PROCEEDINGS MANCHESTER VILLAGE COUNCIL

JULY 21, 1997

The regular meeting of the Manchester Village Council was called to order with the Pledge of Allegiance to the Flag by President Becktel at 7:00 PM. Council members present: Ames, Becktel, Brooks, Conaway, Mahony, Marshall, Way (7:03). Also present: Clerk Tucker, Manager Wallace, Mr. & Mrs. Larry Byrne, Sgt. Haensler-WCSD, Kathy Kueffner-Manchester Chronicle, Don Limpert, Deputy Kirby.

The minutes of the July 7, 1997 regular meeting were approved as amended adding Teresa Benedict-Manchester Enterprise to the list of people present, on a motion by Marshall, support by Ames. Vote: Ayes-all. Abstain: Mahony.

The proceedings of the July 7, 1997 regular meeting were approved as amended by adding Teresa Benedict-Manchester Enterprise to the list of people present, on a motion by Conaway, support by Marshall. Vote: Ayes-all. Abstain: Mahony.

Council acknowledged the following correspondence:

- Letter from Manchester Township informing Council that they have no objections to the proposed annexation on E. Main St.

- Letter from Larry Byrne, asking to purchase approximately .56 acres of land that the Village owns, that would benefit his property and proposed development. Council will discuss at the next meeting.

Motion by Ames, support by Way to approved the Agenda as amended. Vote: Ayes-all.

Motion by Mahony, support by Conaway to accept the Sheriff Report for June, 1997 as presented. Vote: Ayes-all.

Motion by Becktel, support by Marshall to adjourn as Council and convene as Zoning Board of Appeals at 7:30 PM. Vote: Ayes-all.

PUBLIC HEARING - GARRETT VARIANCE REQUEST 7:30 PM Three comments on the variance request were received prior to the hearing, none were negative. No one was present to comment on the variance. The public hearing was closed.

Motion by Brooks, support by Ames to adopt the resolution approving the dimensional variance request from Mr. and Mrs. Randall Garrett of 400 Riverside Dr. without conditions, citing that a special condition exists due to the residents handicap and that no special privileges are being granted by approving

this request. Vote: Ayes-all. Abstain: Mahony (adjacent property owner).

PUBLIC HEARING - SCHMALBACH LUBECA VARIANCE REQUEST 7:45 PM No written or verbal comments were received prior to this public hearing. Don Limpert would like Council to get a statement from Schmalbach-Lubeca that this will be all they will ever need for parking. He reminded Council that they cannot grant a variance using "convenience" as a reason and wanted the record to note that Council may be setting a precedent if they grant this request. The public hearing was closed.

Motion by Becktel, support by Marshall to adjourn as Zoning Board of Appeals and reconvene as Council at 7:45 PM. Vote: Ayes-all.

1997 STREET WORK BIDS - Wallace updated Council on changes to the list of streets that had been put out for bid. Gary and he recommend that Council delete Clarkson and Lafayette from the list of streets. Clarkson is a problem because it is not wide enough for paving and Lafayette may be opened up if the development and water extension go through. Motion by Becktel, support by Conaway to accept the bid from Thompson-McCully in the amount of \$68,813.58, with \$2.00 per square foot for Kent County Curb for a total cost of \$70,813.58, as indicated in the Village Manager's Report. Roll Call Vote: Ayes-all. The streets included in this are: sections of Adrian, Clinton, Vernon and W. Main. Mahony asked about the priority for paving Adrian Street from Furnace to the village limits. Wallace added that this street needs to be done because there is no drainage and it needs ditching. It should be the #1 priority for 1998 street work, and may be the only street that we will be able to do. Motion by Becktel, support by Marshall to accept the bid from Thompson-McCully for approximately 600 sq. ft. of patch work at \$3.00/sq. ft. Roll Call Vote: Ayes-all. The changes to the streets listed for repair will require adjustment to the budget. More major street work will be done this year. Motion by Becktel, support by Ames to amend the budget for local street from \$40,320 to \$8,000 and major street from \$37,120 to \$69,440. Vote: Ayes-all.

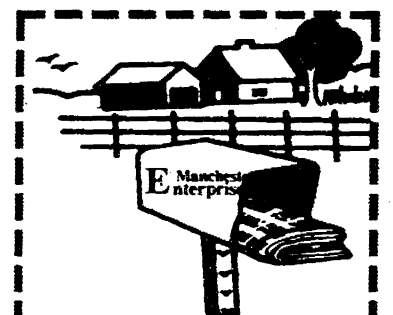

1997 SIDEWALK WORK - Motion by Ames, support by Way to approve the sidewalk list for spring of 1998, in the amount of 16,194 square feet. Roll Call

Vote: Ayes-all.

ANNEXATION REQUEST/PETITION AND RESOLUTION - The Village had received a request from the property owner on E. Main Street to annex 2.7 acres of land that is presently in Manchester Township. Becktel, Wallace and Brooks attended a Township meeting to inform them of the annexation request and the township responded with a letter of no objections to the annexation. Motion by Mahony, support by Way to adopt the resolution to petition the Washtenaw County Board of Commissioners to annex into the Village the land as described in the resolution. Vote: Ayes-all. Motion by Mahony, support by Way to adopt the petition asking the County to set a date for a public hearing and annex the described land into the village and allowing the Village President and Village Clerk to sign and forward on to the County. Vote: Ayes-all.

Motion by Becktel, support by Way to adjourn at 8:35 PM. Vote: Ayes-all.

Guests are welcome and registration can be done prior to August 11 by calling 475-6902 or you can register on August 11 at the church. Come join the fun!

Obituaries

Willard F. Kuebler

Willard F. Kuebler, 78 of Freedom Township, Manchester passed away on July 28, 1997. Willard was born on the Family farm on July 29, 1918 the son of William & Lydia (Alber) Kuebler. On March 27, 1941 he was married to Ruth Weidmayer at her home in ann Arbor. Willard was a member of Bethel United Church of Christ and served on the church board. He was also an active member of the adult fellowship. Willard retired from Malloy Lithographing after many years of dedicated service. After his retirement he worked for S-K Sales in Manchester.

Willard was a life long farmer. Besides his Wife Ruth, Willard is also survived by sons, Duane (Darlene) Kuebler and Steven (Diane) Kuebler; daughters Judy (Ronald) Mann and Lois (John) Vitale all of Manchester; 10 Grandchildren; 9 Great Grandchildren; sisters Florence (Walter) Lindemann, Erma Egeler, and Doris Hough as well as many Nieces, Nephews, and Cousins.

Visitation was held on Wednesday at the Jenter-Braun Funeral Home, Manchester. Funeral services were on Thursday at 11 AM from Bethel United Church of Christ with Rev. Richard E. Hardy officiating. Interment in Bethel Church Cemetery. Expressions of sympathy may be made to Bethel United Church of Christ or Individualized Home Nursing Care.

Jean Wright

Emogene Eunice "Jean" Wright, age 59 of Adrian, died Saturday, August 2, 1997 at Bixby Medical Center. She was born April 12, 1938 in Norwalk Ohio to Deltis V. and Elizabeth (Garvin) Noon.

Her survivors include her loving companion of 22 years, Don Roback; two sons, Dennis Schill of Dresser, WI and Cliff Schill of Lake Elmo, MN; one step-son, Rob Roback of Hudson, MI; one daughter, Vickie Raburn (Wright) of Adrian; two step-daughters, Deb Stahl of Rives Junction and Beth Hunter of Alabama; two sisters, Mary Houle of Harrison, MI and Florine Whited of Mt. Vernon, Ohio; brothers and sisters of Don Roback, Richard Roback of Morenci, Gordon Roback of Onsted, Carl Roback of Jasper, Roger Roback of Adrian, Jean Walker of Morenci, Wayne Roback of Adrian, and Dorothy Waltz of Adrian; and thirteen grandchildren. She was preceded in death by her parents, one son, Bobby, and one sister.

Memorial services were held on Tuesday, August 5 at 1:00 PM From the Anderson Funeral Home, with the Rev. Lawrence Cox officiating. Burial of cremains will be in Oak Grove Cemetery, Manchester. Memorial contributions may be made to the American Cancer Society. Envelopes are available at the Anderson Funeral Home, Adrian.

DOUBLE A REUNION ~ SATURDAY

Saturday, August 9 - RAIN OR SHINE - former employees of Double A Products Co. will meet at Carr Park for their ninth annual reunion. Any persons employed by the former Manchester company from 1937 through 1987 are invited and urged to attend. Husbands and wives of deceased employees are also invited and welcome. Bring your families.

Registration and address update will begin at 12 noon, and a potluck picnic dinner will be served at 1 PM.

Those attending are asked to bring a dish of food to share, their own table service and beverages. There are limited grills available for cooking meats. Charcoal will be furnished.

This year's Reunion coincides with the Manchester Summer Festival, SO - come out to the Park, enjoy lunch, reminisce with old friends and take a trip to Main Street to visit Ken Moull's Kool Kruisers Car Show and the other activities offered in the area. HAVE A GREAT DAY IN MANCHESTER.

A Harmonious Evening at the Gazebo this Thursday

A night of Barbershop Harmony is coming your way this week at the Gazebo.

Carole, Amy, Gayl and Karen, of "Musical Moments," have a total of over 25-years experience singing women's four-part harmony as members of Sweet Adelines International. All of the members live and work in the Ann Arbor area. Musical Moments performs an entertaining and harmonizing selection of turn-of-the-century standards, Broadway and pop hits, religious classics and comedy tunes to delight your audience. Put A Song In Your Heart.

The "County Connection Chorus" of Sweet Adelines International recently shot for the stars...and reached them! They recently attended the Sweet Adelines Region 17 Annual Con in Cleveland, and earned the coveted Most Improved Chorus Award and achieved Second Place Small Chorus Award. The chorus performs Barbershop arrangements of contemporary songs as well as show tunes and traditional Barbershop standards, with many numbers cleverly choreographed.

Barbershop music is one of only four forms of music native to United States. Come and hear this truly American art form live and in person, at the Gazebo on Main Street, this Thursday at 7:30 PM.

Summer Bloodmobile Results

Three and a half weeks ago, we were the guests of the American Legion Auxiliary. They were the sponsoring group, hosting the blood drive on July 14. As always, a great job was done by all the volunteer. Their jobs are not hard, but are time consuming and absolutely necessary for a successful blood drive.

My apologies to those of you who had to wait an extended amount of time. It is difficult to understand WHY more than one nurse takes a break at a time when they can see you are waiting. On more than one occasion I written to Detroit and complained. As you can see, it does little good. But at least they hear about our displeasure.

We again had some donors reach some milestones in their donating careers. Robert PUNCHES received a pin for his 112th pint of blood. His new pin has the number 14 on it, for 14 gallons of blood donated. Unbelievable Bob. Liz Gonyer received her 9 gallon pin, George Dikeman received his 5 gallon pin and Carol Palms and Rex Pratt each received their 3 gallon pins. We also had a FIRST TIMER, Michael Barnard, Congratulations to all of you.

We had a total of 78 people stay and go through the process. Of this group, 73 were able to donate their blood, with 5 having to be deferred for various reasons. You know with the blood shortage that each and every pint of blood collected that day was used.

I hope you all enjoyed the cake. It was furnished by the Red Cross in honor of Manchester's receiving the AWARD OF MERIT from the American Association of Blood Banks. There are hundreds of groups (our category) submitted. So it is really a great honor for us of Manchester. In October, Marja Warner and her husband Jim, will go to Denver to receive the award on behalf of all of those who have ever donated blood here in Manchester.

Our next blood drive will be on October 13th and will be held at St. Mary's Parish Center (formally K of C Hall). Hope to see you all there.

The Natural Alternative Winter Problems in the Summertime?

- from Nancy's Herb Pantry in the Mill

Something is happening as times change. It used to be that we had colds and congested respiratory problems in the winter and for the most part only a bad sunburn, bee sting or some poison ivy in the summer. But not any more. Poor diets, poor growing conditions, polluted air, water and foods, along with an immune weakened society due to stress and medical drugs that have literally saturated mankind. Folks are simply sick all the time. This is what we call modern technology and scientific achievements. It is not surprising that people by the thousands are considering grandma's ideas again and they are looking for herbs and old fashioned recipes to use in their search for a healthier and cleaner life.

Speaking of common herbs just to mention a couple, consider bayberry and gin-

ger. Here are two very old culinary or good herbs that were used by our great great grandfolks and also are recorded used during the Thomsonian period of medicine for a variety of ailments and problems.

Bayberry, ginger, white pine, cloves, and capsicum have long been sought after to cleanse and relieve colds, flu and irritated throats marked by a combination of respiratory tract congestions and digestive system inflammation and fever. These herbs when put together go to work to produce sweating. They expel mucous, soothe mucous membranes, relieve diarrhea and fevers. This means they are excellent to treat flu, common colds, gastric disorders, nausea, stomach ache, diarrhea and even hemorrhoids.

This kind of herbal concoction could well be used with Vitamin C, Vitamin A

and zinc along with other immune building herbs such as licorice root and echinacea. Bayberry contains astringent compounds that reduce secretion of fluids, reduce pain and shrink inflamed tissues.

These properties also promote sweating increase blood circulation which helps reduce fever and sinus congestion. It is certainly true that whenever you use an herb or combination of herbs containing bayberry, you will enjoy some relief from sinus problems.

Ginger root is considered first an aromatic herb as you well know it smells very nice and it increases digestive fluids and enzymes, lower blood pressure and has also been known to lower blood sugar and cholesterol. This herb also contains some bitter compounds that help reduce muscle spasms and is high in magnesium and manganese

which makes it a fine herb to relieve nausea, gastric problems and indigestion.

White pine bark is aromatic and thins out mucous fluids, soothes the membranes in the throat and bronchial and also acts as an antiseptic. It will relax muscle spasms and therefore relieves pain. Pine bark has been used to treat colds, coughs, sinus congestion, croup, rheumatism, bronchitis and tonsillitis.

Capsicum or red pepper is also very good to carry other nutrients through the system and stimulate better blood flow. These herbs together give you nature's very best to possibly beat your summer problems. Come into the store and try combinations of these single herbs too.

P.S. For those of you who are interested in an iridology appointment, I now have my camera.

- Nancy

Day Camp Earth, Wind and Fire

This week, while the rest of us sit at home or at work, 81 children and 32 teens and adults are playing outdoors, learning, and having fun at summer day camp in Carr Park. This annual event seems to get better every year, and 1997's day camp is no exception. The theme is "Earth, Wind, and Fire" and it is a celebration of nature arts, activities, and crafts.

Each separate day of the day camp has its own theme; Monday's theme is Earth. The children make rock animals, go on a "dinosaur dig" (miniature dinosaurs hidden in the sand of the volleyball court) or a "dinosaur egg hunt" (a scavenger hunt for a watermelon which is later shared as a snack), and sponge paint special pots for plants. On Monday, they also be-

gin nature journals, which tell about the adventures they have during the week.

Tuesday's theme is Wind, and the day campers make windsocks, parachute skyriders, and "weather rocks", which are read as follows: If the rock is moving, it is windy. If the rock is white, it is snowing. If the rock is wet, it's raining. And so on. The kids also enjoy some old favorite day camp activities, such as blowing bubbles and playing with a huge parachute.

On Wednesday, the theme is Fire. The kids learn about fire safety and first aid and make first aid kits. They also experience the joys of camp cooking, and get to prepare sloppy joes for their meal as they learn about safety. To top off the day, they play with

water balloons and go home wet but happy.

The last day, Thursday, has a Native American theme. Day campers prepare trail mix for their snack, and create sand art, beaded jewelry and Native American-style drums and rattles, to the music of which they dance. They are also treated with a story-teller, Thom Davenport. At the end of the day, they present awards and hold a closing flag ceremony.

The kids move from each station on a pavilion to the next for various activities, and each day the entire camp gathers under a big tree to sing. As if the children need incentives to have fun, for each activity they finish, they are given a bead to put on a

necklace that will be worn on the last day of camp.

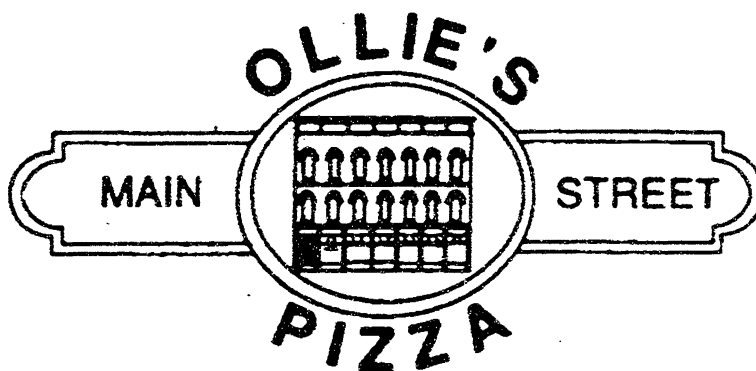

The kids are separated into groups by grades and each group creates a beautiful teepee and paints it with Native American designs and symbols, or their own artwork. Some teepees were given real Indian names and some were christened with the name of the group to which they belonged. These teepees are used as a "home base" for each group.

Manchester's children are in for a wonderful treat this week, as evidenced by the smiles on their faces and the fun of the activities in which they are participating.

- by T.V. Ludwick

I heard the singing of a locust on the last day of July. Let's see, if the old saying proves itself true frost is due on September 11 or thereabouts. Hasn't it felt like fall all week? A friend gave me an empty locust shell. I had said I hadn't seen one since we were kids and took them off the trees. They have either shrunk or I've gotten bigger. Isn't that the way most childhood memories get to be over time? Isn't it fun to watch children chasing lightning bugs? They are so easy to catch for these little folks. I told them to punch holes in the container so the bugs could breathe and helped them do this, hoping the moms would release them after bedtime. Is it because it's so dry we don't have as many as usual?

What a week to paint something with the dry and cool weather. Hubby and I have "orange shellacked" the back porch and front door. Of course, because he has those three billion more brain cells than I, he knows

more about everything than I, ha! I wonder how this scientist managed to count the male brain cells (with a computer, no doubt). No wonder we gals are the ones to have babies and assorted other things. Now, those guys will never consider paying women on the man's wage scale for the same job. We must arise and be counted! Dream on, huh?

Thursday, August 7: You may check with Marion Ahrens at 428-7865 to see about going along to the Mann House in Concord. The bus leaves the Center at 10:30.

Friday, August 8: There is a starting time for bus pickup of 6 PM to go to the Saline Senior Citizens Card Party. To go along, call Marion.

On the **9th and 10th of August**, Manchester will hold its Summer Festival downtown in our beautiful village with many bargains and added attractions. Come one and all!

Tuesday, August 12:

There will be no council meeting. Work on the September-October calendar begins at 9:30. Come and bring your ideas of places to go and things to do.

Wednesday, August 13: A trip is planned to the Ella Sharp Museum in Jackson with a \$2.00 per person admission charge. Call Marion to be placed on the list to go.

I love to work jigsaw puzzles, but feel quite guilty to sit and fit just one more piece when I really should be doing something else. Just finished an old one I've had which has horoscopes written all around the edge. For you Leo's out there it states: "Your impulsiveness is exceeded by your good luck. You are a great Leo with a happy destiny." In case you don't know when Leos reign.. from July 23 through August 22. Will try to include yours each month, too.

One more kids saying: "Children often go barefoot in summer, thus preserving the shoes that won't fit come fall!"

School

MHS Band Already at Work

Have you been past the high school this week? Perhaps you've heard the sound of drums or trumpets. Manchester High School Band Camp is well underway.

Over 65 students are sharpening their skills in preparation for a great year. Through funds generated by the Band Boosters, eight talented counselors have been lined up to assist Mr. Throneberry. Our director, (a.k.a. Mr. T.), students and counselors are spending time in group work, then putting it all together in marching formation.

This year's fall theme is music from the hit musical, "Grease." Practices each day are from 9 AM to 5 PM. After hours the band is enjoying some fun activities like pool parties, campfires and a dance.

On Saturday, at the close of camp the band will perform at 5:00 PM at the Athletic Field Complex. Following the show there will be a potluck picnic for all band members and their families. Middle School band families are encouraged to attend, to see what's in their future! The public is also invited to come enjoy this spectacular presentation.

Manchester Band is a growing program by which many of our youth are enriched while having fun. It is exciting to see such enthusiasm among the students.

The Band Boosters have been busy all summer developing new ways to support the band's growth. Saturday's performance will provide an opportunity for the public to give donations while enjoying the music.

Please come to the Athletic Field on Saturday, August 9 at 5 PM. Make this part of your day at the Manchester Summer Festival!

School Board Meeting

continued from front page

2) Bidders were not listed in any numerical order from lowest bid to highest bid, why? Winzenz said he did not know why, that in the past they were listed lowest to highest.

3) Some bidders submitted bid prices which were changed (lower) on the July 28 list than they were on the July 2 list, why? Winzenz stated, "After taking into account all the submitted alternates, add ons and deducts the bid prices were different. It is hard to compare apples to oranges."

4) Did all bidders have the same specifications for their bids. Winzenz and Niedzwiecki, "the bidders did not all bid the same way and different alternates were added or deleted."

5) Did all the bids as submitted, conform to the requested bid documents? Was a non responsive declaration made for bidders who deviated from the requested bid? "That was what was so difficult for the technology committee to sort out."

6) Why are we accepting bids on equipment whose speed (120, 133, 166 Mhz) is different than the requested 133 Mhz? "Different equipment has different speeds and the bidders just submitted them that way."

7) What constitutes a "Brand Name?" (as in the Board request) Were acceptable "brand names" made available to the bidders? "There was no list made available, as we wanted identifiable manufacturers, not equipment built in someone's garage"

8) When public funds are involved, for open competitive bids, can we legally accept other than the lowest bidder? Winzenz, "We haven't accepted the lowest bid on the previous equipment we have purchased. We have accepted the Technology Committee's recommendation."

John McGuire presented the Technology Committee background information on the computer bids. They proposed the addition of 44 computers which would place a total of 245 instructional computers in grades 1 through 12. John said, "We envision the day when every classroom will be technology oriented; when every student will be using technology; when every teacher will be technology trained and utilizing technology in the learning process."

Sheryl Purol, from the High School stated, "We do not have a Networking Administrator on the staff in the district to network or set up the computers. Jim has been doing that for us. I have been working every night till midnight because we have no one on the staff." With this purchase the 245 computers will be another step toward the 400 instructional computer units the Tech Committee wants and which was initially proposed.

Board member Sahakian reminded the board of the budget problems the school system has and the need for additional staff persons. Winzenz acknowledged that dollars are tight and the "Fund Equity," (money reserves) will be affected. He went on to state that, "Achtenberg had

contacted him and some other board members that his prices could come down." It was moved, "to have the Technology Committee and the Superintendent work with the vendor on a total dollar authorization, adjusting the prices downward." The motion passed with Winzenz, Turk, Abbott, Evans, Knouase favoring and Sahakian not favoring because of budget constraints.

Julieene Peters was employed as a Special Ed Teacher Consultant and Colleen Curley's resignation was accepted. The resolution setting the operating millage rate of 18 mills on non-homestead property and 1.9 mills for the 1995 bond issue was certified for 1997. The State Aid Resolution soliciting bids from area financial institutions for the purchase of \$900,000 in State Aid Notes was adopted.

The first reading of the new High School Attendance Policy was read by Principal Smith. Mr. George Patak, Manchester Coalition for Drug Free Youth and Principal Smith presented the revision of the Drug/Alcohol policy. Discussion followed about some prescription drugs and some over the counter medications.

Membership waivers were approved. The 97-98 Daily bus Schedule was presented to the Board. The new schedule provides for an earlier morning school start for high school students arriving at 8:35 a.m. The tentative school calendar was presented, with Monday, August 25, as the first day of school.

Trustee Knouase questioned why there were no footings or piers under the portables, just blocks. Superintendent Niedzwiecki said they were unable to dig in the rocky soil and the units needed to be tied down some way. Further investigation and a solution for tie downs will be forth coming.

The meeting was adjourned at about 10:00 p.m.

The Beautiful Garden Plaque continues to make the rounds of Manchester homes. Pictured above and right, the home of Lloyd and Jane Carey on East Austin Road.

Nominations to the Beautiful Garden contest can be made by sending them to A&J Travel on Main Street. You can also mail "Before and After" pictures of your own garden or one you'd like to nominate, to the Manchester Beautification Committee.

To further beautify our village, the Committee is selling spring flowering bulbs. Orders can be made at Whistle Stop, Comerica Bank, A&J Travel or Woodbrook. Funds raised will benefit the Beautification Committee.

Beautifying Our Community, One Home At A Time

And More Local Beauty...

LOCAL FARM REPORT

Local farmers report that most of the wheat crop has been combined and the yield appears good; nearly 80 bushels to the acre. A small oat crop is now being harvested. The first cutting of hay was good but without rain the prospects for the second cutting does not look favorable.

Dry land corn crop is getting mixed reviews. Early planted corn looks promising if a decent rainfall comes soon. Later planted corn germinated, but has suffered significantly from lack of moisture. Soy beans appear about like corn with lack of moisture creating concern for a reasonable harvest.

Irrigated corn is doing fair but the lack of rain will still adversely affect the yield. Rainfall this past weekend around Manchester was insignificant, while Chelsea area and points east and south-east received some rain.

Mark Your Calendar For Chelsea State Bank's BIG PARTY

Saturday, August 16, 1-4

Please join us for what is going to be the area's biggest "CELEBRATION OF A CENTURY,"

our 100th Anniversary party. We're actually throwing you, our customers and Chelsea area residents, this party as our way of saying thanks. This family oriented event has something fun to do for everyone. We will take a walk back in time to bring you an old-fashioned carnival and ice cream social, the way it was in those "good old days," and it's all FREE! Your day is filled with entertainment, games & activities including:

- Horse & buggy taxi service to the carnival entrance
- Games for kids and adults with prizes and giveaways
- A hot dog lunch
- Birthday cake and ice cream
- Clowns and face painters
- Jugglers and stilt walkers
- Psychics and carnival characters
- A giant tent for dining and relaxation
- Hot air balloon rides
- An old-fashioned calliope
- Door prize drawings for gifts
- Musical entertainment
- A salute to past executives of the Bank
- Antique artifacts on display

Remember that we will only be open for drive thru service at our main office on that day from 8:30-Moon. Call if you need to schedule an appointment with a loan officer.

Ok, don't forget to write it down. Saturday, August 16, 1-4. Our main office. Big Party, Big Fun, No Cost! See you there!!

Prayer to St. Jude

St. Jude, may the Sacred Heart of Jesus be adored, glorified, loved, and preserved throughout the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude, helper of the hopeless, pray for us. Amen. Say the prayer nine times a day. By the eighth day, your prayer will be answered. It has never been known to fail. Publication must be promised. JD

Thank You

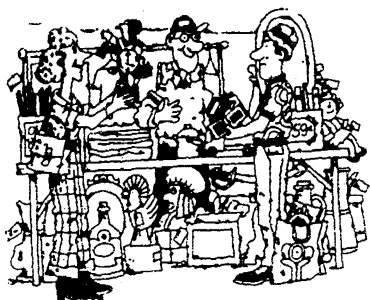

Manchester Band Boosters wish to thank K&W Equipment Inc. for use of their truck and flat bed for the Manchester Community Fair Parade. We couldn't have done it without them. Also, thanks to driver, Todd Hasselschwerdt for a safe ride in curious weather. We certainly appreciate the support of such generous and responsible community members.

Thank You

Thank you to the individuals, businesses, and corporations who generously donated to Ladies Day at the Manchester Community Fair. It was a wonderful morning with 175 women in attendance. A special thank you to Shannon Green, Ellen Supers, and Emily Tucker (class representatives for Fair Queen) and the 1997 Fair Queen, Jennette Branch, who helped with various activities on that day. We couldn't do this program without the help of all those who donated, participated, and helped with this year's Ladies Day. THANK YOU from the coordinators of Ladies Day: Darlene Alber, Jennifer DuRussel, Mary Lowery, Bev Schook, Marilyn Schulze, and Diane Wiedmayer!!

able offer refused. Easy financing,
call today. 1-800-222-6335. 8/6

Construction underway at the American Legion Club Room. A new roof has replaced the old leaking one. The new roof extends out over the entry and it is anticipated this area will be screened to provide additional seating when weather permits. Rough electric wiring has been completed and insulation is on hand.
